

# Dragon Husband 1813

Chapter 1813 Fighting intent shakes the sky

Two handfuls of blood sputtered directly from Ye Qiongqi's ears!

The people at the scene were stunned!

This Ye Qiangqi is really a lunatic!

Can't get rid of Li Chunfeng's unintentional cry for a while, so crazy!

Poke the eardrum directly with your finger!

In the Eight Desolate Thunder Territory, there is no way to escape.

In the same way, there is no heart to cry blood, no ears to avoid!

Without eardrums, without hearing, without the heart to cry blood, it lost its foundation in an instant.

Li Chunfeng also suffered a backlash when Ye Qiongqi's eardrum burst.

She turned into the body of a cuckoo, fell from the sky with a bang, and hit the ground hard!

Then, the blood and tears cuckoo slowly shrank on the ground, and finally returned to Li Chunfeng's appearance.

At this moment, Li Chunfeng looked extremely miserable.

The white clothes seemed to be soaked in the blood pool, and there was no blood seeping anywhere on the body.

Forcibly using this trick was very traumatic to her.

Now she could only lie on the ground weakly, blood still flowing from her mouth.

Ye Qiongqi, who pierced his eardrum, was obviously very painful!

His eyes instantly turned red, and he screamed in the sky!

I have never suffered such humiliation in my life!

He was forced to do this by someone who was just building a mood!

today!

They are all going to die!

Especially that woman!

Wait until I refine you alive!

Thinking of this, Ye Qiongqi kicked his feet and rose into the air!

His huge fist smashed straight at Li Chunfeng who was on the ground!

Above the fist, the power of thunder and lightning is wrapped!

"Spring breeze!" The people at the scene shouted out when they saw this scene.

The crowd is furious!

Everyone could see that the monster was completely annoyed.

Such a fierce and domineering punch, if Li Chunfeng has no resistance, he is afraid that his body will be directly smashed through!

However, how can Li Chunfeng on the ground still have the ability to resist?

She barely opened her eyes and stared at the fist in the sky that was getting closer and closer.

As if feeling the coming of death.

Li Chunfeng could only shake his head bitterly.

"I can do more than that..."

"It's a pity, just a little bit..."

Tears flowed down Li Chunfeng's cheeks.

The fist is close at hand.

She slowly closed her eyes, with a thousand unwillingness in her heart.

Not so...

My own home is definitely not like this...

"boom!"

"what!"

With a strong roar, the scene exclaimed again!

Li Chunfeng, who was waiting for death to come, only felt his body warm for a while!

It's like being wrapped in something.

Then, the violent impact directly lifted her body and slammed her into the distance!

Excruciating pain!

Li Chunfeng reluctantly opened his eyes again, but saw a shocking scene!

In front of him, a man appeared!

William!

William didn't know when he left Su Yongcun's back!

At the critical moment, he appeared in front of Li Chunfeng!

William used his back to forcibly take the fatal blow from this monster!

Before Li Chunfeng could say anything, he saw William's mouth open.

A mouthful of blood was sprayed directly on Li Chunfeng's body.

"William!" Li Chunfeng's heart seemed to be stabbed by a needle, and he cried out.

A blood hole appeared on William's back!

This punch directly smashed into William's body, almost piercing William!

If it wasn't for the unicorn armor on William's body, if it wasn't for William's body to experience the quenching chains of resentment peach blossoms and earth bone blood crystals!

With this punch, William is afraid that he has already lost his life!

On the blood hole behind him, Yingying shrouded in green light.

It was the metaplasia in his body that was still stubbornly resisting, trying to repair William's body.

Tears fell from the people at the scene.

In particular, Su Hongxiu cried so much that it was raining.

She could see clearly.

At the moment when Li Chunfeng was about to die, Wiliam didn't know where the power came from, and instantly disappeared on Su Yongcun's back.

In the next instant, Wiliam caught the monster's powerful blow with his body!

The body was almost pierced!

Can you still live like this!

Wiliam!

Are you crazy!

Li Chunfeng looked at Wiliam in front of him, and tears fell again.

She opened her mouth, wanting to speak.

But he found that blood came out of his mouth before words.

She couldn't even say a word!

This lunatic!

"Damn it! You don't even die like this!" Ye Qiongqi, who was not far behind Wiliam, seemed to be shocked by this scene.

He was shocked by the strength of Wiliam's body!

Even more shocked by Wiliam's will to survive!

He was also shocked by Wiliam's life-threatening courage!

This kid obviously hasn't stepped into the wonderland yet!

He was able to block his own blow without dying!

Even when he hit his body just now, he seemed to feel the resistance of a kind of leather!

This is simply impossible for a person in the martial arts realm!

Damn it!

The antiquity on this kid works!

But the more so, the more Ye Qiongqi yearns for what Wiliam has on him!

At this time, Wiliam slowly opened his eyes.

He saw Li Chunfeng, whose eyes were covered in blood, with sad eyes.

Don't die, just...

Wiliam also understood Li Chunfeng's eyes at the moment.

He smiled bitterly, as if speaking to Li Chunfeng, but also speaking to himself.

"How dare you..."

"Long live Yaolian has left me and died for me, how can I let my relatives fall in front of me for me again..."

"Then struggle, let's see how much strength I can use..."

Strong unwillingness, strong anger, strong desire for power!

Strongly want to break through this damn shackles!

"boom!"

Wiliam's heart suddenly jumped fiercely!

Like something broke.

He closed his eyes, as if enlightened.

come yet?

Is it finally here?

This damn epiphany, this damn breakthrough!

"boom!"

William's body suddenly burst into a strong azure aura.

This azure air, entrained with the prehistoric and fighting spirit, went straight to the sky!

Fighting intent shakes the sky!

This world seems to be shaking the sky because of the fighting intent this time, and trembling!

Even Ye Qiongqi stared blankly at the sky, unbelievable for a while!

One person's breakthrough has such a mysterious vision!

This damn ancient bloodline is really enviable!

However, it's time for a quick fight.

This kid, this vision should attract the attention of many strong people.

Yes, before the end, William broke through in the face of unprecedented fighting spirit!

One foot, step into the wonderland!

Reach the realm of his dreams!

And just as Ye Qiongqi's killing intent was getting stronger, William's aura changed again!

On his head, a pair of pitch-black horns gradually grew!

"Lend my strength, and I offer you with my blood..."

"Soldier!"
