

Dragon Husband 1817

Chapter 1817 Meteor

Wiliam suddenly let out a painful cry.

The blood spurted out directly along the sharp horns that were pulled up.

When the people on the scene saw this scene, their eyes were completely split!

This monster is really too strong!

After so much damage, he can still become stronger!

There is no hope of victory at all!

Ye Qiongqi hated at this moment, and after throwing away the sharp corner, he stretched his hand to the sharp corner on the other side of Wiliam!

Pulled up again.

Wiliam doesn't have the power to fight back at all!

Li Chunfeng, who was slowly struggling on the ground, saw this scene and shed painful tears.

What else can I do...

Probably just that...

Fate.

In the end, we have to go there...

At this time, Su Hongxiu saw Li Chunfeng struggling on the ground.

The red lips were bloody and slowly squirmed, as if they had something to say.

Su Hongxiu thought about it, and quickly walked over to help Li Chunfeng up.

"Chunfeng, are you going to say something?" Su Hongxiu asked quickly.

Li Chunfeng's eyes were sad and sad.

There is no better choice.

This damn fate, won't I have a little luck in my heart?

She motioned Su Hongxiu to come over.

Su Hongxiu hurried over, but her eyes were fixed on Wiliam's direction.

Li Chunfeng whispered in Su Hongxiu's ear.

Su Hongxiu's eyes suddenly became round, and she couldn't help shaking her head.

"No! How can this work!"

Her first reaction was to refuse!

However, Li Chunfeng let out a wry smile.

"What else can I do now? It's my own choice, it has nothing to do with people."

"From the moment I incarnated as Wang Di, the roulette of fate has already begun to turn."

Li Chunfeng said in a low voice, as if he was talking to himself, but also to Su Hongxiu.

Su Hongxiu's tears were dripping down, but she shook her head resolutely.

After Ye Qiongqi pulled out Wiliam's two sharp horns, he beat Wiliam's heart again!

There was a crackling sound of lightning on his fist.

At this time, everyone saw a shocking scene!

I saw the blood on Wiliam's body, as if he was attracted by something, and it all gathered on his heart!

Then, these fresh blood climbed slowly along the monster's fist touching Wiliam's heart!

After a while, strands of blood had already climbed onto Ye Qiongqi's fist!

The crackling lightning was still jumping, and the blood seemed to be crawling on top of the lightning.

An even more painful look appeared on Wiliam's face.

The veins on his body burst out, and his body was slightly bent in the opposite direction!

It's like being pulled out by a cramp.

"Not good! This monster wants to remove Wiliam's bloodline!" Du Zhaixing was the first to shout.

Remove the blood vessels!

These four words slammed into everyone's heart!

Especially Wang Qingmian and others, they have seen this scene!

Back then, when Bai Fengxue was in the Medicine Knife Family, wasn't that the same kind of bliss that people had pulled out!

Now, Wiliam has reached this point.

What is this monster trying to do!

And Ye Qiongqi let out a happy laugh while frantically sucking Wiliam's blood.

This is what he wants!

Bloodline!

The bloodline of the ancestor of the ancient unicorn!

There are indeed infinite benefits.

Ye Qiongqi has thought about it.

First of all, remove the bloodline of this kid, and then use the secret method to transfer it to yourself!

Then, concentrate on dealing with the two mysterious remnants of Wiliam's body.

As long as he uses the ancient things on Wiliam's body for his own use, I believe that it will not be long before he can return to the peak.

It's a pity that Ye Qiongqi didn't dare to draw blood too quickly.

According to the secret method, he could only slowly drain all the blood on Wiliam's body.

Then the blood marrow can be pulled out.

It was too fast, he was really afraid that Wiliam would die on the spot.

Time, what he needs is time.

Ye Qiongqi also knew that when such a big movement was coaxed, there would be a powerful person coming to check the situation at any time.

Thinking of this, the lightning on Ye Qiongqi jumped even more, and Wiliam bowed again.

The people on the scene saw this scene, and their eyes were all red.

"Su Hongxiu..." Li Chunfeng called in a low voice, full of tears.

Su Hongxiu was already in tears, but she shook her head resolutely.

"No! I don't want it! I will become a sinner through the ages! Even if it succeeds, Wiliam will regard me as a lifelong enemy! I don't want it!" Su Hongxiu actually shouted, ignoring the surprised eyes of the people around him.

At this moment, she actually felt a strange sense of suffocation.

The reality made her breathless.

Why do you want to do this to yourself?

Why is the last choice me?

Is it really worth it to subvert the world just for one person?

Su Hongxiu never felt weak or incompetent.

But now, she's totally rocking.

"Su Hongxiu, I beg you..." Li Chunfeng didn't know where the strength came from, but he struggled and knelt down facing Su Hongxiu.

Su Hongxiudou's big tears fell, "Tell me why! Give me a reason! Is it really worth it!"

Li Chunfeng was full of tears, and his mouth moved, revealing a mournful smile.

"Why? Because this is also a relief for me..."

"I don't want to continue this kind of life for a second. I don't want to do anything, and I don't want to be so cold and ruthless..."

"I'm just me, I'm just a little woman named Li Chunfeng, I don't want to love you, let alone love the world..."

"I really hate who I am now. I always live in the condemnation of my conscience, and I always live in the guilt of shameless girlfriends. I really can't breathe..."

Li Chunfeng said slowly, and this gradually felt a sense of relief.

It was the first time she had opened up like this.

"It's worth it."

"Be nice to me, nice to her, nice to him."

"If there is an afterlife, um, I just hope that the next life will give me a promise..." Li Chunfeng said in a low voice, and suddenly burst into laughter.

"Are these reasons enough? If not, then add another one."

"William, he will die in a minute..."

"Please, bear this sin of loneliness..."

The voice fell, and William, who was in the air, let out a piercing scream!

This scream resounded in everyone's ears.

Su Hongxiu looked at Li Chunfeng in front of him, and then looked at William who was dying, and suddenly raised his head to the sky and burst into tears!

"what!"

With a bang in her head, she picked up Li Chunfeng with both hands, and she jumped straight into the air, heading towards the Cang Python Sky Moat, without hesitation.

People are in the sky above the Cang Python.

The two of them fell vertically towards the Cang Python Scratch!

Like two falling meteors!
