

# Dragon Husband 1834

Chapter 1834 Thousands of Roads

"Not a normal human being!" Wiliam and Lin Jiang asked in confusion.

Liu Lang felt the gazes of the two people, and his expression became even more embarrassing, "Ahaha, don't get me wrong, I'm not scolding our grandfather for not being human. Oh, I don't understand either, don't ask me, aren't you two out of your mind? ? I can't think of it myself."

Liu Lang was really helpless.

Two smart people, why bother a mortal?

But the speaker has no intention, and the listener has intention.

Wiliam and Lin Jiang nodded in unison, looking thoughtful.

"I think I know some broken clues." Wiliam said with a frown.

Lin Jiang also touched his chin, "I also vaguely grabbed something, if this is true, then..."

"Second brother, you should think the same as me. At present, this is the most scientific and reasonable explanation." Wiliam nodded towards Lin Jiang.

Liu Lang on the side was completely stunned, "What the hell are you two talking about? Are you talking about humans? Are you two humans?"

He felt the suffocation of his IQ being pressed against the ground and rubbed against the ground.

It was obvious that they could understand every word they said.

But together, it is a series of nonsense!

Lu Lingfeng is human, you two are devils!

William and Lin Jiang looked at each other and smiled, and finally William explained:  
"Brother, thanks to your reminder, you have pointed out the key points to us very well."

Liu Lang was confused, "Am I that good?"

I feel like scum, but the whole world thinks I'm so powerful, this kind of illusion is very strange.

"Yes, you just said, if my grandfather is not human." William said lightly.

Liu Lang's forehead jumped, isn't this still hurting me?

"According to your idea, my second brother and I did think of a possibility. The four emperors of the Eight Desolations in our body are not human, and their souls have survived for thousands of years, right?" William said.

Liu Lang seemed to be beaten in the head, and vaguely caught something, "Go on! Go on!"

"So your statement is not impossible. I even thought of one thing!" William said with certainty.

"Back then, my second brother and I entered the Bone Burial Ground together, where I met the blood crystals of the bones of the senior Tianqing Qilin and learned something."  
Williamjiang said in the conversation with the senior Tianqing Qilin at that time. came out.

Back then, Tianqing Qilin said that William's grandfather had been here and won the bet with Tianqing Qilin.

However, Lu Lingfeng did not choose to inherit the blood of the sky blue unicorn.

Instead, he moved his hands and feet in the transformation of blood vessels.

He left his bloodline in the ground bone blood crystal of the sky blue unicorn, and then he alienated the gluttonous bloodline!

It was with Lu Lingfeng's hidden strength that Wiliam finally defeated Tianqing Qilin and won the bet.

This is the layout and tacit understanding of Grandpa and Wiliam traveling through time and space.

But thinking about it now, Grandpa's layout didn't stop there!

If it is a normal Qilin bloodline, grandpa is just a normal person.

But if the alienation becomes the bloodline of the ancient beast, the grandfather has the possibility to keep a few breaths before dying!

Wiliam couldn't help asking this guess in his heart, Senior Tianqing Qilin.

The answer was, "You grandsons are really scary. If you didn't say it, I would never have imagined that your grandfather has a choice, and there are thousands of ways."

The sky blue unicorn was indeed shocked.

At first, he thought that Wiliam's strategy was superior to Lu Lingfeng.

After all, Lu Lingfeng was the one who made the layout, and Wiliam was the one who broke the game.

Even if the layout is ingenious, the person who breaks the game must understand it.

Wiliam understood, and at the most suitable time, the best results were formed.

So Wiliam wins Lu Lingfeng.

But now, when Tianqing Qilin wanted to come, he felt that this Lu Lingfeng was also extremely terrifying.

Obviously just made a choice that didn't seem so weird at first.

A small choice.

There are several tricks in it!

It was as if a drop of water had just fallen on a calm lake.

The power of this droplet is enough to form a ripple force that spreads around.

It's like just planting a seed.

However, the seeds are scattered, and it is entirely possible to grow into a towering tree.

Lu Lingfeng originally proposed to transform his bloodline, but he secretly hid his bloodline in the blood crystals of the Earth Bone, and played a time-space cooperation with Wiliam.

Second, he successfully alienated the gluttonous bloodline, which can be regarded as a makeover, breaking away from the circle of ordinary people, and laying the foundation for leaving this breath in the future!

tsk tsk!

A pair of terrifying grandchildren.

After Wiliam said that, Liu Lang's jaw dropped to the ground.

"You mean, he had already figured it out very early, and he wanted to use the awakened ancient beast's bloodline to hang his last breath?" Liu Lang stared at Wiliam with wide eyes.

Wiliam sighed, "Other than that, I can't think of a better explanation."

"Crazy! This is too scary! I'm riding a horse!" Liu Lang cursed out swear words.

Tianqing Qilin doesn't know what happened to Lu Lingfeng and Wiliam before, can Liu Lang not know?

However, the more I know the inside story, the more terrifying I find Lu Lingfeng!

You know, Lu Lingfeng went to the burial place very early.

Then plant the seed.

Between this seed, we have to go through the battle of Lu Lingfeng and Wiliam!

I have to experience Lu Lingfeng's loss!

He also has to experience a series of things such as Wiliam's wandering through the land of the common people!

It is equivalent to saying that Lu Lingfeng wants to take Wiliam's path, every step is clear!

He's alive and well!

He was dead on a horse!

But you can still count so many steps in front of you!

How terrifying this must be!

At this point, Liu Lang finally confirmed one thing.

Lu Lingfeng is not human!

At least from the point of view of IQ, it is not human at all!

In fact, not only Liu Lang thought so, but Lin Jiang also thought so.

In the face of so many unknown factors and such a long period of time, Lin Jiang believes that he can't make the layout for more than ten years, and he is precise step by step.

Even if Lin Jiang knew, Lu Lingfeng may have the ability to foretell the prophets in "The Classic of Impermanence", and he may also have the ability to divination.

But even if these two abilities are given to Lin Jiang, Lin Jiang can't do it!

Because there are not only uncertain factors brought about by changes in time and space.

There are also various changes brought about by events and human feelings.

Can't handle it at all.

After an unknown amount of time, Wiliam heard his grandfather's call from inside, "Ye'er."

Wiliam's spirit was refreshed, and he hurriedly pushed the door and entered.

Entering the door, Wiliam saw that his grandfather was already sitting on the bed.

His eyes are kind, with a kind of warmth from the vicissitudes of life.

Lu Lingfeng beckoned to Wiliam, "Ye'er, come here and let Grandpa take a good look at you."
