

Dragon Husband Chapter Chapter 1873

Chapter 1873 scandal

“You are courting death on a horse!” Rao is a calm person like a living ghost, and he couldn’t help but yell at this moment!

Is there a bottom line for thinking about Immortal Prison!

Dare to say anything outside!

Today’s incident was originally a beastly act made by Yi Nian Immortal Prison!

Good now!

To throw all the mess to Yu Shizhi, they hid behind to stay out of it!

“I’m just suggesting. As for how to decide, you can decide for yourself. But what I want to remind you is that you are very famous for your reputation. Hoho, then you all know the consequences after thinking about it...” Young Master Miaoshou said lightly.

After he finished speaking, he looked at Xinglin Bodhisattva.

Xinglin Bodhisattva cast an approving look at him.

All previous misunderstandings were dispelled by the unification of the front.

One-handed ghosts trembling with anger!

At this time, he was also scolding Yu Shishi in his heart!

Your own shitty sect!

So what do you pay attention to fame?

Since you did something wrong, you must bear the price of doing it wrong!

Why hide it again and again!

So far, it has become an unmanageable situation.

Su Emei was also gasping for breath on the side, as if she was going to explode at any time when she was out of breath.

William asked in a low voice, “What’s the matter?”

Su Emei opened her mouth and wanted to say it, but she finally held back.

She just said angrily: "It's hard to say anything, and it's a scandal about our sect's moral corruption, so it's hard to tell you. I'm so pissed off! If only Lin Jiang were here at this time, I would definitely teach these shameless people a lesson. guy!"

Ethical corruption...

When Wiliam heard these four words, he was thoughtful.

"How's it going? I'll give you three minutes to think about it. If you can't call the shots, please send someone who can call the shots. Don't waste your time here." Master Master said with a smile.

This remark made a living ghost angry.

Damn junior!

There is not even the most basic respect!

"You! You! This matter, I'm not done with you! If you want to die, you will die together! Who is afraid of who!" The living ghost shouted loudly.

However, Xinglin Bodhisattva and Young Master Miaoshou smiled at each other, as if they knew that the other did not dare to speak.

After the one-handed ghost said this sentence, he seemed to regret it, standing in the same place, not knowing what to do.

"Su Emei, go see if the Sect Master is awake." In the end, the one-handed ghost could only say helplessly.

Su Emei looked embarrassed, and finally walked out.

However, she came back soon and whispered: "The sect master is still awake, and the other deputy sect masters are not there."

One-handed ghosts sounded pale.

It was as if the pressure had come to him all at once.

"How is it? How are you thinking about it?" The master master put pressure again.

One-handed ghost sighed heavily, and said very aggrievedly: "Our suzerain and deputy suzerain are not here, can we wait for them to come back, and then we will make a decision?"

Young Master Miaoshou sneered: "We can wait, but can people outside wait? In my opinion, what's so difficult about this? Those people outside are just ants, as long as you come forward, do whatever you want. Press it, do they dare to say it? Why, such a big man who controls the world, doesn't even have this kind of majesty?"

"Also, think about it, putting pressure on this group of people will at most make them unhappy. But if we reveal your secrets, it's not that these people are unhappy. Maybe, the above six methods and three People in the sky will also know that at that time, you will not only face those ants outside."

Master Miaoshou continued to speak, and gradually the heart of the living ghost was shaken a little.

Really, do you want to do this?

Just do it!

How to live up to the conscience of this world!

How can I be worthy of the hundreds of people outside who were almost persecuted to death!

How to face your own medical conscience!

The one-handed ghost was finally short of breath.

Seeing that the live ghost was shaken, this ending is just a matter of time, and the master master suddenly had another idea in his heart.

Since this matter can be a big fuss, why not do more?

Thinking of this, he said again: "Oh, I forgot one thing, we need to add another condition, that is to return our treasure of the sect, this is also a small matter for you."

"What! Don't go too far!" Su Emei immediately exploded.

Young Master Miaoshou looked at Su Emei and said with a smile, "Little girl, don't talk anymore. Believe it or not, if you say a word more, I'll add another condition for you to marry me."

Su Emei was so angry that the veins on his forehead popped out, and he had nowhere to vent, so he grabbed Wiliam's arm and pinched it tightly!

This can pinch Wiliam so much that he grimaces in pain.

Seeing Wiliam like this, she suddenly softened and let go of Wiliam.

With tears in her eyes, she said aggrievedly to William, "I'm sorry, I didn't mean it. I'm so angry. If Lin Jiang was here..."

William finally spoke at this time, he smiled and said: "Lin Jiang is not here, naturally I am the younger brother to come forward. The second brother's business is my business, and your expectations for the second brother are your expectations for me. Why don't you just leave this to me."

Su Emei's eyes widened, "Leave it to you. This..."

To be honest, Su Emei was moved.

She told herself over and over again that the IQ of the man in front of her was definitely no less than that of Lin Jiang.

If this matter is handed over to William, it will definitely be resolved well.

However, Su Emei was hesitating.

"You don't know about this matter from the beginning to the end. And the sect master will never allow me to tell this matter to people outside the sect..."

The master master on the side suddenly laughed, "Oh, I forgot that there is an outsider. What? Do you want a hero to save the beauty? One-handed ghost, I will give you a minute to agree to the request I made just now, otherwise....."

"Crack!" A crisp slap suddenly sounded at the scene.

Everyone just felt their eyes dazzled.

Young Master Miaoshou flew out backwards, slammed into the wall fiercely, and slid down.

Looking back at the same place, William put away his hands and looked at Young Master Miaoshou jokingly.

Just now, it was William who shot and slapped this guy directly.

"Do you really think I don't exist?" William said lightly.

"You! You! You are courting death!" Master Miaoshou covered his swollen face and cursed angrily.

"A group of people, are you going around in circles with me? What secrets are there? Do you really think I can't guess any secrets?" William said lightly, and disappeared again.

In the blink of an eye, he appeared in front of Young Master Miaoshou.

With a random foot, he stepped on Young Master Miaoshou's face, "I really take care of this matter."

"It's mainly because you are upset."
