

Dragon Husband Chapter Chapter 1885

Chapter 1885 Faithful old dog licking

When William said these words, he was righteous, and his tone was a little warm and caring.

I don't want to demolish Cang Yantai, if you ask me not to demolish Cang Yantai, I am not very sensible and give you face for the old man?

Praise me now.

And the truth is...

The mortal idiot senior just helplessly felt that the fire of his soul slowly escaped his control and fell into the claws of the devil.

He was so powerless.

Can't say, can't do.

Tears flowed in my heart.

Those soul fires are the most proud masterpieces of the mortal idiots in this life.

Now, leaving him little by little is like a group of children who have been brought up with hardships and hardships, leaving him one by one, throwing themselves into the arms of others and calling them fathers.

This feeling is worse than killing him.

It happened that he was in the trial, and according to the rules, he could not stop it.

What makes seniors even more disgusting is that their daughters and sons were shamelessly kidnapped, and this despicable and filthy person even asked himself if he was moved?

I would really appreciate it!

There is always a very vivid metaphor for the head of the idiot senior in the world.

It seems that he was originally a big happy family, with children and grandchildren around their knees, very happy.

Then came the man.

I told him not to destroy my home.

Well, this guy kidnapped all his disciples and grandchildren without saying a word, and he dropped a sentence that I didn't destroy your house, don't you feel moved...

You stole all the children who stepped on the horse and smashed them. What's the use of this broken house!

Just like now, the fire of the soul has been robbed by this kid, what use do I want this Cang Yantai!

Do you know that Cang Yantai is called Cangyantai because of the fire of my soul on it!

Instead of those few stones called Cang Yantai!

The mortal idiot was so heartbroken that he couldn't breathe.

He could no longer look directly at this kid Wiliam.

Seeing this kid swaying in front of his eyes, the idiot in the world has a kind of hatred that he can't wait to kill him.

In order to curb this murderous intent, the mortal idiots just waved his hand.

Wiliam only felt that a flower in front of him was teleported out like before.

And this time, Wiliam's head still didn't react, and there was a noise and applause in his ears.

It's like a vegetable market.

For a while, Wiliam wondered if the mortal idiot was too moved and misplaced himself.

But after a closer look, Wiliam was convinced that the idiot senior was not so moved, and there was nothing wrong with the transmission.

In front of Wiliam's eyes, three people are standing.

They were Su Emei with a surprised face, Xu Rushuang with a smile on her aunt's face, and a foolish face. Han Xiao's Dongfeng Elder.

The three Wiliam were not surprised.

Surprisingly, there were several people standing behind the three people.

The noisy sound just now came from their mouths.

“F*ck! Elder Dongfeng didn’t lie to us! There are really gods!”

“William just made a blockbuster at the Immortal Doctor Seeking Truth Conference, and he didn’t expect to turn his head and make a fortune in the martial arts, cow!”

“Having a child should be like a little William! William, I think your bones are very strange, so be my son!”

There are eight people in this group, all with gray beards and gray hair, and some with no hair.

The age of the eight people adds up to six or seven hundred years old.

But now, these few people who should be mature and prudent are shocked like mentally retarded children, their eyes are full of question marks.

Seeing William coming out, Elder Dongfeng laughed and stepped forward, hugged William, patted William on the shoulder, and shouted loudly, “William, I knew you could do it! I expected it! It’s less than ten minutes! Hahahaha, the back waves of the Yangtze River push the front waves, I’m getting old after all, and I’m very pleased to see you have made such great progress!”

A group of people listened and listened, and it felt more and more wrong.

There’s nothing wrong with William being awesome.

But you have a woolly relationship with Elder Dongfeng!

After you finish your few sentences, it seems that William is your son or your apprentice, and you are more and more relieved, and you don’t want to face?

“The eighty-year-old Lai Lai Lai Dongfeng is a hooligan in the street, everyone come and see!”

“Lai Dongfeng, your behavior, you finally don’t shame your surname, it’s a rogue!”

“Surprise! Why is the eighty-year-old man grinning at a strong young man!”

“What’s this for? All of you are arguing, calm down for me! You’ve lost all the face of Yu Shi’s control!” Xu Rushuang frowned and shouted sharply.

Sad for its unfortunate anger for its indisputable ah!

Everyone is so old, but they are like mental retardation, haven’t they seen the world!

As soon as these words came out, the old people at the scene were instantly quiet as chickens, daring to say a word.

Su Emei looked at Xu Rushuang with a black line.

As everyone knows, Sect Master, you just stepped into the quagmire of shame and couldn't extricate yourself.

"Sect Master Xu, who are they?" Wiliam asked suspiciously, with a vague conjecture in his heart.

"Hahaha, Wiliam, you're welcome, come and come, let me introduce you. These are the elders of our sect." Elder Dongfeng pulled Wiliam's hand and introduced them one by one. The son of the champion was toasting the vanity and arrogance of the past.

Wiliam didn't remember who was who at all, just nodded towards the old people.

Sure enough, they were all elders in the sect, otherwise they would not have been so rude to Elder Dongfeng just now.

"Why are you here?" Wiliam asked curiously.

"Hahaha, let me tell you! Leave me alone!" Elder Dongfeng was obviously not ready to hand over the words to Xu Rushuang, and angered his presence in front of Wiliam.

"After you went in, I thought about it, I'm afraid you are a genius who has never been seen before and has never come before. You only passed the miracle that day. If you miss it, you have to shoot your thighs and regret it, just like you were seeking truth from the fairy doctor before. When I heard the performance of Fengshen at the meeting, my heart was full of rage, and I only hated that I was not there at the time and felt Wiliam's great achievements. So in order to avoid this kind of regret in the future, I put a few old immortals. Calling over together can be regarded as an eye-opener for them, and let this group of immortals know what it means to be out of the world, and what it means to be a wave is more than a wave!" Elder Dongfeng finished speaking in one breath, and then smiled Looking at Wiliam, "You really didn't disappoint us! You came out in ten minutes, amazing, amazing!"

Wiliam heard a black line, this Elder Dongfeng is too flattering, is it a bit like a senior old man?

What conferred gods, what great achievements, are ashamed to hear, let alone say them out of your mouth.

"Then what were you yelling about just now?" Wiliam quickly changed the subject, not wanting to let the old man of Dongfeng continue to talk like a lotus flower.

Hearing this, the blue veins on Su Emei's forehead jumped up, and he said embarrassingly, "You may not believe it when you say it. They are opening the market, betting you will come out in a few minutes..."

“Well, your loyal old dog, Elder Dongfeng, I bet you will break through in one minute, don’t look at him laughing, you’ve lost all your crotch.”
