

Chapter 481.

William was shocked when he heard the tiger's body, and rushed out the door with interest.

The wife has many rewards, which can make it impossible!

Just a little bit!

See how I clean up this little fairy!

William thought, and he opened the door with a scream. He rolled up his sleeves and was about to pull Xena's ears, but he was stunned when he saw Xena outside the door.

Xena at the moment, her clothes neatly dressed, she looked like a good woman.

Behind her, there are three suitcases.

She is leaving?

William was taken aback for a moment, and couldn't help asking: "Ruoshuang, where are you going?"

Xena smiled boldly at William, and said, "My old lady can no longer bear the crowded out of your dog men and women every day. My old lady must stand on her own. Please hand over the key to your emperor flower. Where can I make trouble? Go, so I don't worry about you, and you also think I'm making a shit stick."

When she said this, her tone was very delicate, but deep in her eyes, there was a touch of indescribable sadness.

Felicity on the bed was also dumbfounded.

She had always thought that Xena was the kind of silly girl who was stubbornly cheating.

Wherever she can think of it, she will move out by herself at this time.

Felicity was indeed very angry just now, cursing Xena in circles in her heart.

But when Xena took the initiative to leave, Felicity's heart suddenly softened.

She also drew a clear line with the Bai family.

I also have a good husband with me, and she does.

After leaving this home, I was really helpless and alone.

Felicity immediately rushed to Xena's body and asked, "Are you really going to move out? No, no, you made things clear to me, why did you move out?"

Xena looked at her nervous sister, and her heart suddenly became warm.

This sister, although she usually likes to care about her.

But I really took care of her.

This heartfelt concern cannot be disguised.

Why are you leaving?

Xena had struggled for a long time just now.

After much deliberation, there is only one reason.

That is escape.

Escape from William, escape from that abnormal love for him.

To escape the Felicity, to escape the guilt towards her.

Only if you leave, the relationship between sister and brother-in-law will be better.

Thinking of this, she gave a lazy smile and said: "It's just that I'm a little bored living with you, my old lady..."

When the words were still not finished, Felicity knocked over with a hand knife, "Speak up! The girl's family, when you speak, you will see what the old mother and the old mother are like."

Xena was in pain, and put out her tongue playfully, and said, "Hey, people also need some personal space. If you have a sister, how can you find a boyfriend? Also, there is such an excellent brother-in-law. Men compare at this moment. The standards for finding boyfriends are infinitely higher. If you want to keep me, do you want to see me as a single dog forever?"

Xena spoke plausibly, William and Felicity glanced at each other.

They all know that Xena was insincere in leaving this time.

However, she will grow up after all and will leave sooner or later.

Now that she was determined to go, William sighed and returned to the room. He took the door key of the emperor flower and handed it to Xena, "You go live there first, we will visit you when we have time."

"That's right, I will help you take care of the emperor flower." Xena said with a smile.

William and Felicity spit out in their hearts, and they will take care of them before they see the ghost.

“William, you can drive her there.” Felicity said to William with a sense of enthusiasm.

Tonight, she was originally nostalgic for family, but now Ruoshuang’s departure is very uncomfortable for Felicity.

And William saw that tonight’s welfare was a waste of water, and he helped Xena go out with the suitcase.

On the way, he directly called Huang Zhengyin, explaining that his wife would replace him in the past to hand over the business.

After Huang Zhengyin promised on the phone, he immediately reported the matter to Frederick.

Frederick jumped into thunder when he heard it!

“Really, that kid didn’t dare to come to the door to hand over in person, so he actually sent a woman over? Do you think I won’t beat a woman?” Frederick said angrily.

Huang Zhengyin stared at him and shook his head, his father seemed to be lying to the end.

Since he didn’t have the power to persuade, he simply didn’t see it.

Huang Zhengyin quietly retreated, but at the door met the deputy owner of Lingyue Villa who came to look for Frederick.

This vice owner is Felicity’s biological father, Bai Lizheng!

As the deputy owner of Bai Lizheng, he also has a lot of connections.

He knew that the door of Qilinshi’s house was carved with blood unicorns, so he quickly found out the address of Harper.

Although it was only a few minutes of visiting, it was enough to make Bai Li’s heart surging.

That’s Qilinwei!

Beyond the existence of the unicorn slave and the unicorn messenger!

The elder Wang even received himself easily.

This is a great honor.

Although Bai Lizheng’s words meant to be effective, Mr. Wang did not agree.

However, the old sayings of Wang are also unstoppable, which gives Bai Li a glimmer of hope.

As long as he clings to this Qilinwei, he will be able to make progress in every possible way as long as he is the deputy owner of the village!

For a while, Lingyue Villa was also a little restless, the owner of the village was very old, and there were two deputy owners who looked at the position of the owner.

As long as he can catch the Kylin Guard, the position of the owner will definitely be his!

He is more determined, and is about to cling to the heart of the elder.

Bai Lizheng originally wanted to ask Frederick about some things about Mr. Wang, but when Frederick was furious there, he couldn't help asking: "Frederick, which drama is this again?"

Frederick saw that the deputy owner came personally, swept away his previous anger, and put on a flattering smile, "Oh, you are here, the deputy owner."

"Let's talk about it. Since I am here with you and can help you, I won't shirk it." Bai Lizheng said with an arrogant expression.

When Frederick heard this, he was immediately excited and said: "It wasn't the match with that bastard kid yesterday. I was calculated by that kid and lost the game. Now that kid is going to send someone over to take all of my Tianyi Martial Arts Hall. Take it away, you say madness is not arrogant!"

As soon as Bai Li heard it, his tone became heavy, "Hoho, doesn't he know that your Tianyi Martial Arts Hall is about to become a vassal of Lingyue Villa? It is clearly the idea of your Tianyi Martial Arts Hall. The villa is right!"

Frederick was overjoyed in his heart, thinking that the vice-owner would actually ignore the previous quarrels, and would dislike him, and would still accept it!

He immediately said excitedly: "Vice owner, you are so right! That's the reason! That kid, obviously you don't know how high the sky is!"

"I will come over tomorrow, right? Okay, I will meet them in person tomorrow. This time, I will not be soft." Bai Li was saying, with a long-term vision, "It's time to let the high-powered unicorn guard take a look. I'll be someone Boldness and courage."

Chapter 482.

Longtan Tiger Den...

Frederick's face was full of excitement, and he didn't think that the deputy owner would actually protect himself like this.

If he is there, then I am afraid of William!

Not to mention that William just called a woman over.

Thinking of this, Frederick knelt down to the deputy owner, and said tremblingly: "Deputy owner, you have a great kindness to our Tianyi Martial Arts Center, I Frederick is unforgettable, and I will definitely do my best in the future!"

Bai Li was looking at Frederick and said, "Forget it, you can call me when they come over tomorrow."

Frederick nodded and immediately ordered his subordinates: "Quick! Go and order a table of wine and food. I will respect the deputy owner."

Bai Lizheng did not refuse, and sat down on the chair.

In his heart, he simply didn't like this Tianyi Martial Arts Hall.

However, he needs an opportunity to show his strength.

If it is tomorrow, I force the audience, this kind of thing will definitely reach the ears of the king.

When the time comes, Mr. Wang will definitely look at himself with admiration.

After all these years of martial arts training, Bai Li is now a master of the later stage of Waijin. In such a small land, the master of the later stage of Waijin is enough to cover the sky with one hand.

What he is looking forward to now is that a few days later, the elder Wang invites himself to his mansion again, and then it will be the beautiful scenery of his golden day.

And at this moment, William didn't know what happened in Huang's house. He drove the car and sent Xena to the emperor flower.

Along the way, Xena changed his previous carefree style, but fell silent.

This is not like her style.

She sat in the co-pilot, propped her head with her hands, and opened the window.

The cold wind made her hair messy.

She wasn't aware of it at all, her eyes were a little dull, she looked at the busy city in front of her.

"Ruoshuang, are you on your mind?" William couldn't help asking.

Xena shook his head and said, "No, but I feel tired suddenly."

William nodded and said, "Well, I promised you that in ten days' time, I will take you out to play."

Xena's eyes lighted up, "What you said is true?"

"When did brother-in-law lie to you?" William asked back.

Xena showed a sweet smile, "I know my brother-in-law treats me best."

She looked at William, lost in thought again.

Just for a while, she suddenly asked inexplicably, "Brother-in-law, do you think that I am very sinister and vicious?"

William naturally knew that she was referring to the treatment of Zeng Dingyun.

He held the steering wheel in one hand and rubbed Xena's head in the other, but his eyes flashed a terrifying light, "Reward the good and punish the evil, kill the decisively, you do better than many women."

This sentence was like a ray of sunlight, completely dispelling the haze in Xena's heart just now, and she asked in surprise: "Do you really think so?"

William nodded, "Well, it is a woman's benevolence to show mercy to your enemies. At this point, I think you are better than your sister, and your sister is sometimes too kind."

Xena was happy, and finally one thing was better than her sister.

But she still muttered dissatisfiedly, "Huh, who knows what you men think, all of you like your sister's silly white sweetness."

"Well, but I like her not because she is silly and sweet, but because her name is Felicity." William said lightly.

Xena suddenly took a bit of dog food and his face turned black again.

She ignored William all the way and waited until the emperor flower, she twisted her waist and got out of the car. After William sent her luggage into the emperor flower, she kicked William out.

This frantic dazzling wife mad demon, let's go.

Felicity got up early the next morning. She was so nervous that she slept all night last night.

Since William told her to collect the property from Tianyi Martial Arts Center, she couldn't sleep.

After all, this was the first time she helped William to do things, and also the first time she understood William's secrets.

She was very afraid of messing things up, causing William to look down at herself.

William knew what was going on in her mind, but he didn't say anything but encouraged her.

After Felicity went out, William followed her silently.

He said rest assured, how could William feel relieved in his heart.

After all, his wife was so beautiful that she was afraid of being abducted in her pocket while walking on the road.

Felicity was not aware of it, and cheered for herself all the way, and came to the Tianyi Martial Arts Hall single-handedly.

Outside the gate of Tianyi Martial Arts Hall, she followed William's previous instructions to call Huang Zhengyin and asked him to come out to answer.

Huang Zhengyin seemed to be a bit chivalrous, but William was more at ease about this.

Huang Zhengyin saw Felicity coming by himself, and looked around unbelief.

After discovering that William really didn't come over, he suddenly sighed and shook his head, "Is your husband here?"

Felicity nodded, "Well, he said that I will come and handle it all by myself. Why, is there a problem?"

Huang Zhengyin didn't know what to say to Felicity.

I don't know if this big beauty is really stupid or fake.

It is not an exaggeration for my Tianyi Martial Arts Hall to say that it is Longtan Tiger Den.

Is your William so relieved to let you over?

Are you afraid of being eaten by us?

"Forget it, let's be honest with you. The Tianyi Martial Arts Hall is now different from what it used to be. Nowadays, there are experts to help out. Let alone you come, even if your husband comes, it is estimated that it will be difficult to take this property transfer letter. That's it." Huang Zhengyin said, showing a file folder.

In the file folder, there is a pile of paper materials, all of which are the property of Tianyi Martial Arts Hall, and they are all stamped.

As long as someone dares to take over, and has the ability to take over, these industries belong to whom.

“Superior? How tall is it?” Felicity couldn’t help being speechless, feeling a little headache.

Why do I always meet experts recently?

The former Li Nanfeng is, now there is an expert again.

“You go in with me first, my dad has been waiting for you.” Huang Zhengyin said.

Felicity nodded her head as if she didn’t understand, she felt that if she came here today, she might be going home.

Thinking of this, she felt very uncomfortable.

Nothing is accomplished is Felicity.

In the hall, Felicity saw Frederick.

Frederick felt astonished when he saw Felicity.

Is this person in front of him the pure white Felicity from Q City (Qena City)?

It looks like a beautiful country and a beautiful country.

However, when he saw that Felicity came here alone, he sneered directly, “Why, you are here alone? Where’s your husband?”

“He asked me to come over to collect the property of Tianyi Martial Arts Hall.” Felicity said coldly, a little dissatisfied with the eyes of the yellow crane fairy.

After hearing this, Frederick took a step closer to Felicity, “Dare you say one more thing?”

Chapter 483.

Father and Daughter Reunion

“Why don’t you dare? My husband said, let me take over the property of Tianyi Martial Arts Center. He said that you lost a bet with him, and many people can testify? As a master, do you want to break your promise and get fat?” Felicity He said clenuously.

Having been with Wiliam for so many years, she knew Wiliam’s temper.

Wiliam would not lie to her.

Moreover, in the past three months, she has also learned something from William.

Called mighty and unyielding.

Frederick really dared to say it again when he saw a little girl with yellow hair, but he was so angry that he laughed directly, "Hahaha, good! Courageous! But, your husband probably knows that there are noble guests in my Tianyi Martial Arts Hall today. , So I dare not come, but let you come here and be humiliated, your husband is far behind you."

"Hmph, my husband is a talented emperor, how can you be afraid of any distinguished guest? He said let me come, and I came, I have no doubts, and no grievances." Felicity said proudly.

These words made Frederick stunned for a moment, and he didn't think that this woman could actually say such arrogant words.

It's impressive.

However, it's just an incompetent woman.

Frederick raised his heart of molesting and said, "Hoho, okay, it is very simple to take away our Tianyi Martial Arts Hall property. Come over to the mistress of the Tianyi Martial Arts Hall. I lost my wife in my early years and have not married yet. Is it your blessing to be able to marry you? Don't you think about it? As long as you agree, let alone the Tianyi Martial Arts Center, I will pick it up for you."

Felicity blushed with anger at these words.

Unexpectedly, this person is also a person with a beastly heart.

In vain called a master!

"My husband's defeated man, what kind of prestige do you have in front of me?" Felicity replied coldly.

This sentence seemed to hurt Frederick's pain point.

His anger came up all at once.

His loss to William is the greatest shame in his life!

This reckless woman dare to bring up this matter!

Just looking for death!

With his hands raised high, he was about to fan the white Felicity.

Although Felicity was afraid in her heart, she still didn't move.

She knew that when she stepped back, she was ashamed of William.

Can't refund!

I can't retire if I die!

At this time, a cold and arrogant voice sounded at the door, "This woman has a bit of bone, not bad."

Frederick looked towards the door, and he was the deputy village owner wearing a unicorn mask.

he came!

Frederick's heart was agitated. He looked at Felicity's beautiful face, and suddenly he had a brilliant idea.

If you give this great beauty to the deputy owner.

Hehehe, it's the hardest to accept the grace of beauty.

This Felicity, which man doesn't care about it?

So, he strode towards the deputy villager, and said with a flattering expression: "The deputy villager, you are here, at just the right time. I told you that the one who came here today is the first beauty in Q City (Qena City). This beauty is beautiful. It's just a pity that I'm blind and marry a rubbish wife. Deputy owner, if you're interested, I'll be your master here so that she can take care of you for the rest of her life, okay?" ,

At this moment, Bai Lizheng only saw Felicity's back. He saw that the back was exquisite and elegant, but he exclaimed, "What a beauty in Q City (Qena City), courage and knowledge."

His words are full of praise, but without any evil thoughts.

I don't know why, looking at this figure, he felt a little bit of compassion.

As if there was a feeling of being connected to flesh and blood.

"Deputy owner, just take a look at her and say it, you will surely make you unforgettable in this life." Frederick did not give up and continued to persuade.

But at this time, Felicity suddenly turned his face.

Full of tears!

When she said the first sentence from the man behind her, tears burst into her eyes.

Miss every day, look forward to every night.

I hope my father can go home and take a look at his daughter.

Fellicity almost carved her father's voice into her bones.

Although the voice of the person behind it has become a bit vicissitudes of life and deepness compared to nine years ago.

However, Fellicity still heard it from the first syllable.

This man is his biological father!

Is he back?

Fellicity was shocked by this thought of her own, and her whole body trembled.

And she understood instantly, William asked her if she wanted to see her father's real purpose last night.

I understand more why William called her over.

If in normal times, William loves her and loves her, William will not let her take the risk if there is a little danger.

But William still let her come to Tianyi Martial Arts Hall.

In order to let her meet her father for the first time!

Thinking of this, Fellicity fully understood William's good intentions.

A deep touch filled my heart.

She turned around, but saw a man wearing a strange mask.

Although he couldn't see the face under the mask, Fellicity couldn't be more familiar with this figure.

Her steps moved.

Step by step, slowly walked towards the man.

With tears at a step, when he approached his father, he couldn't cry.

Everyone was confused by Fellicity's weird behavior.

Frederick was even more confused, and said to Feliicity: "Bold! Who made you come here! How could you, the deputy owner of Lingyue Villa, look so close! Why don't you step back! You now know that you are afraid to cry? Now? What did you do just now? If you know you, kneel down and beg the deputy owner to accept you so that you can serve you in the future!"

Bai Lizheng couldn't hear Frederick's words at all.

The moment Feliicity turned around, he had a dreamlike illusion.

The crying woman in front of him, every tear touched his heart.

And he felt that this woman's face was very familiar.

This is not to blame Bai Lizheng. Nine years ago, Feliicity was so green and green that it had not fully grown.

Now that the eighteenth woman has changed, it has become so overwhelming, how could Bai Lizheng think that the beauty in front of him would be his own daughter.

Feliicity also ignored Frederick's words and continued to approach Bai Lizheng.

"Why don't you hear what I say! Do you dare to come over again, I can't kill you!" Frederick was annoyed by Feliicity's rude behavior.

He stretched out his hand, wanting to slap Feliicity hard.

But his hand was suddenly caught by Bai Lizheng.

Bai Lizheng didn't know why, and wanted to stop Feliicity.

It stands to reason that for a mere woman in the world, he simply looks down on it.

Being close to him is indeed a sin.

However, he felt resentment towards Frederick.

Feliicity's eyes were red, watching her father grasp Frederick's hand, crying again.

She stretched out her hand slowly to Bai Lizheng, trying to remove his mask.

Bai Lizheng was surprised by such rude behavior.

This mask is a symbol of his status!

How can it be taken down by a woman at will.

He was about to retreat, but he heard Feliicity cry out in a choked voice: "Dad, you are finally back."

Chapter 484.

The Furious Bai Lizheng

dad?

This claim left everyone around him completely at a loss.

Is Felicity crazy?

Everyone is called Dad when I meet?

Is this a special hobby?

Frederick was just angrily and laughed, "Calling Dad? It's no use calling Dad! You still dare to take the mask of our deputy owner! It's inexcusable!"

But this dad made Bai Lizheng's eyes widen!

He looked at the woman in front of him in disbelief. For a while, time seemed to overlap.

Nine years ago, the young girl and the big beauty who leaned in front of her were completely fused together.

Who else can call him Dad?

What's more, this is Q City (Qena City)!

This is his hometown!

In his horror, Felicity's hand was already pressed on his mask.

As everyone exclaimed, Felicity slowly took off the mask.

Under the mask, there was a shocked face.

Felicity could see clearly that it was her father!

Although time flies, wrinkles are carved on his father's face, but he is his father!

Nothing is wrong.

"Little Felicity? You are Little Felicity!" Bai Lizheng also shouted out of voice.

When Feliicity heard her father call her childhood nickname, her tears fell again. She felt hard for herself and plunged into her father's arms.

"Dad! Dad! You are finally back! Did you know that my daughter missed you so much! I look forward to your coming back every day." Feliicity cried out in tears.

And Bai Lizheng finally believed that this woman was her own flesh and blood.

It's no wonder that when I look at my back, I feel pitiful.

Seeing others want to insult her, the heart becomes mad.

It's his own daughter, his own flesh and blood!

Only my own daughter will make myself feel sorry!

"Daughter, Dad, I'm sorry, Dad is back." Bai Li was a seven-foot man, his voice choked up.

People around were directly petrified.

What is this special, what plot?

Too bloody, right?

Feliicity, turned out to be the daughter of the deputy owner?

Frederick was so scared that his soul was about to fly.

by!

Before the deputy owner said that he would come back to find his family, his family turned out to be Feliicity!

What a coincidence!

"Deputy owner, she is yours..." Frederick asked coweringly.

Bai Li was gently letting go of the crying Feliicity, and suddenly looked at Frederick, his eyes suddenly became cold, "Xiao Feliicity, is my biological daughter."

His personal confirmation made Frederick's face pale with fright.

He suddenly thumped and knelt directly in front of Bai Lizheng, and said tremblingly: "Vice-owner, I deserve to die! I deserve to die! I didn't know that she was your daughter before, so that's why ..."

Speaking of this, Frederick suddenly slapped himself severely.

What kind of eyes do you have!

Feliicity turned out to be Bai Lizheng's biological daughter!

What did you do just now!

Not only molested Feliicity, but also in front of the deputy owner, let Feliicity marry the deputy owner to serve him!

Now think about it, this is a great humiliation to the deputy owner!
Frederick became very upset!

I'm so proud of myself!

I thought that Tianyi Martial Arts Hall had already lost.

But the support of the vice-owner made him come from a desperate situation.

This feeling of remaining after the catastrophe gave him an urge to release it happily.

That's why he went uncharacteristically to humiliate Feliicity.

But Feliicity is such a noble identity!

Then my own humiliation to her has become a kind of offense!

Deputy owner, can you forgive yourself?

Think about it, it's impossible!

Sure enough, Bai Lizheng said coldly: "Frederick, were you rude to me just now, rude to my daughter?"

"I dare not, I know I was wrong! Please punish the deputy owner!" Frederick didn't even dare to explain.

"Xiao Feliicity, look at how to deal with him, kill or pluck him, just say a word." Bai Lizheng said casually.

The words were so domineering, Feliicity was full of excitement.

Although she was arrogant, she was kind in her bones. She glanced at Frederick and said, "Dad, forget it, I don't want to ruin the joy of our parents' reunion because of him."

Frederick hit the snake with the stick, and immediately kept kowtow, "Thank you Miss Bai for not killing! It is hard for me to be a cow or a horse."

Feliicity interrupted Frederick's words, "I'll come here, just take the Tianyi Martial Arts Hall for my husband and get the materials."

He does not mean that.

Bai Lizheng was completely immersed in the joy of father and daughter reunion just now.

Being reminded by Feliicity, he suddenly reacted.

Xiaofengxue came to take the property of Tianyi Martial Arts Hall for her husband.

And yesterday, that arrogant kid was the final winner.

In other words, that kid, is Feliicity's husband?

"Feliicity, who is my son-in-law? Who is that young talent yesterday?" Bai Lizheng suddenly asked in a deep voice.

When asked this, he still felt a little joy in his heart.

Judging from yesterday, that young man looks like a talent. What's more commendable is that he is so young and has a high level of martial arts, so he is able to overcome Huanghexian.

Bai Li is naturally aware of Frederick's level.

That kid can be green and blue, the future is limitless!

If this kid becomes his son-in-law, it is equivalent to becoming his right-hand man.

Then he can add another sum for his own bargaining chip for the dealer.

Feliicity was surprised when asked by her father, and said, "It's her husband, of course, Wiliam. I have told you since I was a child that it is not Wiliam who does not marry."

"Wiliam!" These two words, like a heavy hammer, made Bai Li dizzy!

In his head, a trash figure appeared naturally.

It was an orphan, a little rubbish picked up by Feliicity from the rubbish dump.

Earlier, Bai Lizheng looked down on this little rubbish in his heart.

However, Xiao Feliicity was very obsessed with him, and Bai Li was thinking that this was just a child's playfulness. When he grows up, Feliicity will naturally alienate this little garbage.

After all, this little rubbish has no wealth and abilities, and will only be a moth in the Bai family.

When he left that year, it was only a temporary motive, telling William to take good care of Felicity.

According to his words, this is a servant's care for the mistress!

Unexpectedly, this shameless servant would get the moon first when he approached the water platform and marry his daughter!

Thinking of this, Bai Lizheng suddenly became angry and severely smashed a table in front of him!

This sudden change shocked everyone immediately.

Bai Li was looking at his daughter, with a beautiful face and a look like a fairy.

If you want to match her, it should be a dragon and a phoenix, not a rubbish!

"Is that William? Hoho, so brave! Where is he! Call him over immediately!" Bai Lizheng shouted to Felicity majestic!

Chapter 485: He Is Dead, I Don't Live Alone

Felicity was taken aback by his father's sudden change of attitude, and looked at Bai Lizheng in disbelief, "Dad, what's the matter with you?"

"What's wrong with me? I want to ask you, what's wrong with you? You are confused! What is the status of that trash? Where does he have the right to marry you! Are you trying to piss me off!" Bai Lizheng said angrily.

Felicity didn't think of meeting his father for the first time, and there would be a dispute over William's problem.

Her eyes were red again, and she defended: "Dad, William is not as incompetent as you thought, he is not the same..."

But at this time, Frederick on the side suddenly showed his eyes and saw a hint of opportunity.

He interrupted Felicity's words and said to Bai Lizheng, "Deputy owner, William, I have also investigated his background in the past two days, but guess what?"

Bai Li was staring at Frederick, with a lot of dissatisfaction in his heart.

This Frederick actually didn't tell him before that the young man who defeated him was his son-in-law!

When he asked him, he also said that William was just an unknown person.

Nothing happened. If you knew on the spot that the young man was William and dared to marry her daughter, Bai Li was saying that he would rectify this rubbish on the spot!

“Say something quickly! Do you want me to invite you to dinner?” Bai Li said unhappily.

Frederick was agitated, and quickly said, “That William is your daughter’s husband. Then you definitely don’t know. Three years ago, the Bai family made this William the son-in-law. From then on, your daughter has become one of Q City (Qena City)’s. A joke, everyone is laughing at your daughter and married a trash.”

“No! No! At that time, there were rumors, but now William has completely changed!” Felicity argued again.

Felicity had seen William’s changes over the past few months.

From a worm that didn’t know how to resist but only knew how to obey, it changed into a cloud-piercing dragon!

Her husband can’t be called a dragon and a phoenix among people, so who is qualified to call that?

However, Bai Li was unaware of the situation. Hearing Frederick’s words, his entire face turned into pig liver color!

My dearest daughter, because of marrying a trash, was laughed at by the people of Q City (Qena City) for three years!

Felicity can bear this kind of humiliation, can he bear it as a father!

All those guys dare to climb the dragon and attach the phoenix!

“Where is William! You ask him to come and see me right away! If you don’t teach him a lesson today, I will call him Bai Lizheng!” Bai Li was trembling with upright anger.

“William is not here, he is not here, I am the only one here today.” Felicity saw that her father was in anger, and felt pained, she could only say that.

Bai Li was giving out a sneer, “Ho ho, knowing that today I will encounter setbacks in the martial arts school, will this kid pretend to be a tortoise? Let you be a girl, is he still a man!”

Frederick was full of joy.

Unexpectedly, things will turn around like this.

That William actually directly angered the deputy owner.

This is the crime of losing your head.

“Dad! How can you talk like this? If you say this again, I really want to get angry. I ask you, do you know Wiliam? Do you know how he has been in the world? Do you know his talent? You don't know anything at all, so you go and blame Wiliam! Is this fair to Wiliam?” Feliicity's voice suddenly rose.

In her heart, her husband is a blessing that has been cultivated for several lifetimes.

She will not allow anyone to slander him.

Even his own father!

However, Bai Lizheng didn't think that his daughter would have taken the drug, so he was so angry that he would protect the waste.

He raised his hand and wanted to fan Feliicity.

Feliicity was so scared that she closed her eyes directly, but two lines of tears fell down her cheeks.

At this moment, a faint voice came from the door, “Father-in-law, Feliicity married me. It is mine. Even you are not qualified to beat her, right?”

Everyone followed the prestige, but saw one person standing at the door, not knowing when.

That person is not Wiliam.

When Feliicity saw Wiliam, his eyes flashed with infinite surprise.

How could Wiliam appear here?

For a while, her head thought a lot, and immediately figured out everything.

The reason why Wiliam didn't come here in person, but let himself come, was to give him a surprise of father and daughter reunion.

And how could he let himself take risks, even if there is only a slight danger.

So he has been following himself and protecting himself secretly.

Thinking of this, Feliicity's heart felt warm.

My husband has always been like this.

Although sometimes he doesn't talk much, but his words and deeds are all planning for himself.

How can I not love such a husband who hurts me so much.

Felicity staggered towards William, plunged into William's arms and burst into tears.

In the end, what about seeing his father? William is not the only one who can be his support.

When Bai Li saw that Felicity actually embraced William, he became even more angry.

"It turned out to be you! Good you William! I ask you! Why are you guarding yourself! What qualifications do you have to marry my little Felicity!" Bai Li was walking towards William in three steps and two steps.

And William embraced Felicity, while gently touching her hair to comfort her, while coldly looking at Bai Lizheng.

Sure enough, I haven't seen him in the past nine years, my father-in-law still looks down on me like this.

Ten years ago, when William was brought to Bai's house by Felicity, although the whole family opposed it, Felicity insisted on going his own way and just left William.

At that time, Bai Li was still not leaving, and he loved Felicity and pet Felicity again. Although there was no objection to William living in Bai's house, he was always cold to William, and he didn't even bother to say a word.

This is a meaning of looking down on William from the heart.

For ten years, Bai Lizheng still has this attitude.

If Felicity hadn't married William today, Bai Lizheng wouldn't have been so angry.

"I am in love with Felicity, why can't I marry her? Don't you, as a father, still behave like the old society, what do you believe in the words of the matchmaker?" William asked insultingly.

Bai Lizheng was so angry that he dared to refute himself directly at the thought of this rubbish, and he was violently beaten again, "It turned you back! For so many years, you have been eating my Bai family and sleeping with my Bai family, and now you still have my daughter's idea and don't repent! Today, let me see if I will kill you!"

As Bai Li was talking, his fists rushed towards William's forehead like thunder!

This pair of fists felt like a shock to the world. If they were beaten to explain, they would definitely die.

But at this time, Felicity was suddenly very firm, and stopped in front of William, "If you want to kill him, kill me first. He is dead, I will not live alone!"

Chapter 485.

He Is Dead, I Don't Live Alone.

Feliicity was taken aback by his father's sudden change of attitude, and looked at Bai Lizheng in disbelief, "Dad, what's the matter with you?"

"What's wrong with me? I want to ask you, what's wrong with you? You are confused! What is the status of that trash? Where does he have the right to marry you! Are you trying to piss me off!" Bai Lizheng said angrily.

Feliicity didn't think of meeting his father for the first time, and there would be a dispute over Wiliam's problem.

Her eyes were red again, and she defended: "Dad, Wiliam is not as incompetent as you thought, he is not the same..."

But at this time, Frederick on the side suddenly showed his eyes and saw a hint of opportunity.

He interrupted Feliicity's words and said to Bai Lizheng, "Deputy owner, Wiliam, I have also investigated his background in the past two days, but guess what?"

Bai Li was staring at Frederick, with a lot of dissatisfaction in his heart.

This Frederick actually didn't tell him before that the young man who defeated him was his son-in-law!

When he asked him, he also said that Wiliam was just an unknown person.

Nothing happened. If you knew on the spot that the young man was Wiliam and dared to marry her daughter, Bai Li was saying that he would rectify this rubbish on the spot!

"Say something quickly! Do you want me to invite you to dinner?" Bai Li said unhappily.

Frederick was agitated, and quickly said, "That Wiliam is your daughter's husband. Then you definitely don't know. Three years ago, the Bai family made this Wiliam the son-in-law. From then on, your daughter has become one of Q City (Qena City)'s. A joke, everyone is laughing at your daughter and married a trash."

“No! No! At that time, there were rumors, but now William has completely changed!” Felicity argued again.

Felicity had seen William’s changes over the past few months.

From a worm that didn’t know how to resist but only knew how to obey, it changed into a cloud-piercing dragon!

Her husband can’t be called a dragon and a phoenix among people, so who is qualified to call that?

However, Bai Li was unaware of the situation. Hearing Frederick’s words, his entire face turned into pig liver color!

My dearest daughter, because of marrying a trash, was laughed at by the people of Q City (Qena City) for three years!

Felicity can bear this kind of humiliation, can he bear it as a father!

All those guys dare to climb the dragon and attach the phoenix!

“Where is William! You ask him to come and see me right away! If you don’t teach him a lesson today, I will call him Bai Lizheng!” Bai Li was trembling with upright anger.

“William is not here, he is not here, I am the only one here today.” Felicity saw that her father was in anger, and felt pained, she could only say that.

Bai Li was giving out a sneer, “Ho ho, knowing that today I will encounter setbacks in the martial arts school, will this kid pretend to be a tortoise? Let you be a girl, is he still a man!”

Frederick was full of joy.

Unexpectedly, things will turn around like this.

That William actually directly angered the deputy owner.

This is the crime of losing your head.

“Dad! How can you talk like this? If you say this again, I really want to get angry. I ask you, do you know William? Do you know how he has been in the world? Do you know his talent? You don’t know anything at all, so you go and blame William! Is this fair to William?” Felicity’s voice suddenly rose.

In her heart, her husband is a blessing that has been cultivated for several lifetimes.

She will not allow anyone to slander him.

Even his own father!

However, Bai Lizheng didn't think that his daughter would have taken the drug, so he was so angry that he would protect the waste.

He raised his hand and wanted to fan Feliicity.

Feliicity was so scared that she closed her eyes directly, but two lines of tears fell down her cheeks.

At this moment, a faint voice came from the door, "Father-in-law, Feliicity married me. It is mine. Even you are not qualified to beat her, right?"

But at this time, Felicity was suddenly very firm, and stopped in front of William, "If you want to kill him, kill me first. He is dead, I will not live alone!"

Chapter 486.

The aggressive Ben Lei Fist was forcibly retracted in midair.

Bai Lizheng was almost mad at Felicity.

This rubbish, I don't know what kind of soup was poured into my daughter!

Let Felicity a woman save her life!

Inverted!

Everything is reversed!

In recent years, Bai Lizheng has been honored as the vice-owner, and he has become accustomed to the posture of responding to a hundred responses.

The expression he looked at William turned cold.

“Well, today I think it is my daughter’s face, to spare you not to die, but you leave my daughter immediately!” Bai Lizheng said fiercely.

William didn’t answer, but Felicity spoke first.

She told William.

She smiled at William first.

Tears in the laugh.

While wiping her tears, she said to William: “William, I know what you are going to say? I also know your temper and arrogance. I am sorry for this matter from the Bai family, and you also give it to you. Can I handle it well?”

William looked at the Felicity at the moment, with firm eyes shining in his eyes.

He nodded, “Yeah.”

He believed in Felicity’s determination.

He believes in Felicity’s loyal protection of this ups and downs of love.

It has not been easy to walk this decade.

When Felicity waited for William’s answer, she suddenly turned to Bai Lizheng and said, “Dad, since you have said that, I will put it here. I am not afraid to fight against my father. I am afraid that I will be separated from William. Therefore, if you object to my being with William, I will die here on the spot today!”

Felicity’s resolute words once again shocked Bai Lizheng.

The more Felicity said that, the more Bai Li looked down on William.

A rubbish who only hides behind a woman is not worthy of his own daughter.

This is simply the toad wants to eat swan meat.

Seeing that his father's eyes were still as angry as before, Feliicity suddenly knelt down to his father.

Bai Li was startled, but said forcefully: "It doesn't work for you to kneel down and beg for mercy! My will is decided!"

But Feliicity smiled miserably, and banged his head three times at his father Bang Bang Bang.

Then he said on the ground: "Dad, you are wrong. I knelt down, not to plead with you, but to thank you. Thank you for your kindness in nurturing when you were a child."

"My three ringings are not to plead with you, but to say goodbye. I would like to die with my ambition!"

After all, she suddenly picked up a fruit knife on the table and directly compared it to her neck!

A touch of blush suddenly appeared on Feliicity's white as snow neck.

Even Wiliam was taken aback by this sudden behavior.

Only two exclamations were heard, Wiliam and Bai Li shouted out together, "No!"

It was Wiliam's hand, and he rushed over, grabbing Feliicity's knife.

Feliicity was hit hard by this, and she had been stubbornly ill for many years. At this time, her face turned pale and she fainted.

At this moment, Bai Lizheng was no longer calm before.

He hurriedly shouted: "Quick! Go to the hospital!"

However, Wiliam turned a deaf ear to his ears, picked up Feliicity, and walked towards the inner hall, "Don't follow anyone!"

At this moment, Feliicity's body is cold!

It was actually colder than when the cold poison occurred!

Wiliam was deeply saddened.

The cold poison on her body could be eradicated in a few months.

Unexpectedly, the meeting with her father today caused the cold toxin to attack again, and the toxicity intensified!

Wiliam, who had always been confident, suddenly doubted himself at this moment. Is it right or wrong to let Feliicity come over today?

Seeing that William did not send Felicity to the hospital, but walked towards the inner hall, Bai Lizheng stopped William, "Do you want to die? Don't you go to the hospital soon! I will take your life to pay tribute to me when I am late. daughter!"

"You shut up!" William, who had been silent for a long time, suddenly yelled at Bai Li!

This roar was like a shattering stone, like piercing clouds and broken jade!

Bai Lizheng and Frederick behind him were directly roared silly.

Bai Li was looking at William in disbelief. He couldn't think of killing him. The rubbish that he had been accepting all the time would speak to him so loudly.

He was about to grab Felicity when he accidentally saw William's eyes.

At this glance, he felt like he was possessed, and his whole body froze.

What kind of eyes are they?

Like a behemoth, like a blood-bearing unicorn!

His eyes were filled with murderous intent and anger!

It seems that the next second will burn the sky and destroy the earth and slaughter the world!

Bai Lizheng is a unicorn slave, facing the unicorn statue day and night.

At this moment, he unexpectedly felt a strange feeling.

William's eyes looked like the mask he had been wearing.

Eye of the blood unicorn.

With such a dazed effort, William had already got into the inner hall with Felicity in his arms.

After a full five minutes, Bai Lizheng recovered from the panic.

This time, he was shocked to find that his back was wet with sweat.

Such a weird sight made Bai Lizheng even more clueless how to explain it.

That rubbish, how could there be such violent eyes.

Strange?

Could it be that he was facing the blood unicorn mask day and night, and just looked at it?

And Frederick behind him was already trembling on the side.

Although he couldn't understand William's eyes, he felt the aura that suddenly burst out of William.

This is a kind of strong suppression of the lower ones!

This kid is so amazing!

During these few minutes, he saw Bai Li was stunned, and he didn't dare to go forward and disturb him.

When Bai Li was awake, because he was really worried about his daughter, he would rush inside.

But at this time, when Huang Zhengyin heard the abnormal sound again, he suddenly stopped Bai Lizheng, "Vice-owner, stay and listen to me. This William's medical skills will surely be able to rescue your daughter. Besides, Lu Yechong Wife, but famous."

Bai Li was being said that, his footsteps stopped, but he showed a full face of disdain, "Is he still good at medicine? Where does he come from?"

Huang Zhengyin was about to tell the miracle that William had rescued 30 or 40 people in Tianyi Martial Arts Hall a few days ago, but Frederick stared back.

This is the stain of Tianyi Martial Arts Hall, how can Bai Li know it.

Frederick took the words and said, "My son has a certain point. I checked his information before. His college graduation thesis seems to be related to medicine. A while ago, this thesis caused a sensation in Q City (Qena City)."

He was referring to William's paper on Qiqing Hay.

But Bai Lizheng sneered, "Huh, this kind of superficial medical technique is also worthy of treating my daughter? If there is something wrong with my daughter, will he pay for it!"

After that, he rushed to a closed room and was about to break the door.

But at this time, his eyes glanced at the doorknob inadvertently, and he was suddenly shocked five steps back, and his whole body was directly limp on the ground!

He saw that on the doorknob, a simple ring was hanging!

Put on the ring, carved the unicorn!

Chapter 487.

The Symbol of the Kylin Lord.

Bai Lizheng felt as if he had been struck by thunder.

Kirin ring wear?

Why is there a unicorn ring on this door handle!

Could it be that there are people with unicorn power inside?

No, there are only William and his daughter in it. Where is the unicorn power?

He boldly walked towards the door again.

Only then did he see the unicorn ring clearly.

Upon seeing this clearly, he felt suspicious.

This unicorn pattern is something he has never seen before.

It's definitely not the unicorn pattern of unicorn power.

There are Qilin guards, Qilin messengers and Qilin slaves in the Kylin situation.

Among them, the lowest unicorn slave is Huang Qilin.

If the Kylin Envoy, it is the Golden Kylin.

He rarely saw Qilinwei, but he saw him in the residence of the prince.

It's Mo Qilin.

The unicorn ring in front of me is not a yellow unicorn or a golden unicorn, let alone a black unicorn.

But a blood-red unicorn.

What is this?

He looked puzzled, but at this time, he didn't dare to push the door rashly.

And this unicorn ring was the one that William's grandfather left for him.

Blood unicorn ring wear.

It is a symbol of the lord of unicorns.

How can Bai Lizheng, a lowly kylin slave, be qualified to see a blood kylin in his life?

William left the ring, because Felicity's life was in danger, and she was afraid that Bai Li was on the verge of anger and rushed in recklessly, causing something serious.

In the room, William put Felicity on the bed, and first signaled Felicity's veins.

He found that Felicity's pulse was disordered, and he was obviously emotional before, causing the cold toxin in his body to reappear.

He didn't hesitate anymore, took out the Long Live safflower, and put the needle on Felicity's body.

This injection took ten minutes to stop.

Following the low voice of Felicity, she opened her eyes slightly.

When she saw William, her eyes showed infinite guilt and anxiety, "William, did you save me again?"

Felicity lowered her head and saw dense silver needles stuck in her body.

William breathed a sigh of relief when she saw her waking up, and said with a smile: "It's fine if you wake up. I'll pull out the needle for you."

As he said, he stretched out his hand to pull out the Needles of Red Flower from Felicity.

And Felicity saw that her clothes had been removed, and the spring light was unobstructed, she blushed suddenly, and whispered: "Did you save my life with half-hearted medical skills?"

William was amused by his wife. In the eyes of his wife, his medical skills can only be regarded as a shame?

In the world, who would dare to call a genius doctor?

Thinking like this in his heart, he followed Felicity's mouth and said, "Well, half-heartedness can sometimes save an emergency."

Felicity lowered her head and didn't dare to look at William, "You, you can put on my clothes before talking."

Only then did William react. He was anxious in his life just now, and he didn't even care to appreciate this peerless spring.

Looking at it now, William was jealous and his heart jumped.

Unexpectedly, his wife's figure is actually the best in the world.

He swallowed hard.

This scene was watched by Felicity. Felicity looked at William amusedly, "What do you look at? Haven't you seen it?"

William was serious, "I didn't have a chance to watch it, let me take a look."

Felicity's blush was almost dripping with water, "Don't look at me like this, now is not the time to do this."

William was taken aback for a moment, yes, this is not the Bai family, it is not their sweet spot for lone men and women.

He quickly put on Felicity's clothes, but because of his clumsiness, Felicity's eyes were white again, "You deliberately ate my tofu? It's necrotic."

"Uh, uh, no experience, practice makes perfect in the future." William said with a black line.

Felicity was about to scold William when Frederick's voice came from the door, "Vice owner, is there still something inside? Nothing really happened, right?"

This question broke the sweetness between the couple.

Felicity thought of her father's tough attitude again, her eyes became aggrieved, "William, what should I do now?"

As William helped her get dressed, he said naturally, "Didn't you just say that this matter should be solved by you?"

Felicity was taken aback for a moment, and then asked: "I'm so coaxed, are you still willing to believe me?"

"You are my wife, I don't believe who should you believe?" William said casually.

Felicity's heart suddenly became warm.

In the world, there is really only William alone, who is very close to him.

Only he knows what he needs most.

Felicity smiled and nodded firmly, "Well! I will do it! Let my dad come in."

William took the order and went to open the door.

As soon as the door opened, Bai Li was seeing William, his face suddenly became stern, "I ask you! Is the thing on this doorknob yours!"

William looked at Bai Lizheng, and suddenly felt extremely disappointed.

Felicity almost died in front of his father just now.

This father kept talking about how it hurts the Felicity, but now, the first sentence of his opening is not to ask if there is something wrong with the Felicity, but to ask about the ring.

Ho ho, really is another person who has been inspired by power.

William put away the pendant and said, "Oh, the safety charms I bought on the street a while ago, hung here to pray for the Felicity to be safe and sound. It is very effective. Felicity fainted from the shock just now, and now I wake up. Yes, she told you to go in."

Bai Li was stunned for a moment, the safe charm bought on the street?

by!

I was so scared that I almost peed just now, but this ring was just a safety charm?

That's right. I have seen all three unicorn patterns of unicorns. How can there be such a scarlet unicorn?

In the folk, there is indeed a custom of Kylin to keep the peace.

Yeah, I was fooled by this kid again!

He said in a cold voice, "Huh! The broken stuff bought on the street is simply embarrassing!"

After all, he went straight into the house.

William also entered the room, and closed the door, preventing Frederick from entering.

And Bai Li was seeing the pale and haggard Felicity on the bed, and suddenly felt infinite pity in his heart.

Own daughter, are you stupid?

For a rubbish, can you prove it with your life!

It's really not in the female college!

Felicity looked at her father, her eyes suddenly became stubborn, and she whispered: "Dad, you have seen my determination. I can commit suicide once, and I can kill myself for the second time and the third time. You can guarantee that every time Stop me? So, what do

you think about the matter between me and William? Maybe, you don't need to look at it. I will follow him for the rest of my life."

Seeing Felicity going his own way, Bai Lizheng felt bitter and angry!

However, he really didn't want to see the situation just now again.

He suddenly glared at William and sighed, "My daughter has grown up, it's nothing more! I can agree if you want to be together, but you have to promise me one condition."

Felicity's eyes lighted up when she heard this, and there was a blush on her face, "What conditions?"

Bai Li was looking at William and slowly approached him, with a condescending tone that could not be refuted.

"My son-in-law, one person should be less than 10,000 people! I don't want to have a garbage son-in-law, otherwise, how can I stand outside? No matter, I will help you and give you a chance to fight against the Felicity. As long as you join me Lingyue Villa, I promised you to be together."

Chapter 488.

When he said this, Bai Li was proud of his face, as if he was saying to William, I am giving you alms.

Bai Li was looking at his daughter as if he had eaten the weight of the weight, and would not look back, so he was forced to be helpless and could only agree to this kid to be with his daughter.

But despite the promise, Bai Lizheng still had some calculations in his heart.

From the first time he saw William, he wanted to use William for himself.

Now, things are just going round and round, and it's back to the original point.

Moreover, he was not afraid that William would not agree. After all, joining Lingyue Villa was a dream that these ordinary people could hardly achieve in this life.

Old rivers and lakes like Frederick are all squeezed and want to join Lingyue Villa. How could William be unmoved?

But after hearing this, William didn't say anything, and Felicity's face became difficult to look at first.

She knew very much about William's character and knew that he was a person who would rather bend than bend.

Now his father actually forced her to agree to the conditions, how is this possible!

Doesn't this make the relationship between these two men more rigid?

Sure enough, in Bai Lizheng's proud eyes, William chuckled lightly and said, "My father-in-law, you are really an honorable person, how forgetful you are. When we met here that day, I seemed to answer that I was not interested. "

Bai Lizheng's face changed slightly.

He did not know that William was his son-in-law that day, and he did not even recognize William.

However, this time is different.

Now, he is his father-in-law!

He wanted to support him even more, so he denied his good intentions completely?

Simply stupid!

Thinking of this, Bai Lizheng said coldly: "Dare you say it again?"

William wanted to face him, and said coldly: "Don't say it once, say it a hundred times, it's possible again? Hoho, Lingyue Villa, in my opinion, Lingyue Villa is something!"

These words seemed to touch the dragon's inverse scales, and Bai Li was furious in an instant, "You are looking for death!"

Felicity forcibly resisted the weakness of her body and quickly said in the middle: "Okay, don't talk about it yet. If we have something to say, can we go back and talk about it. After all, this is someone else's home."

Bai Li was listening to Felicity's words, only then did he turn his sleeves and walk outside.

Humph, a newborn calf, doesn't even know how to write it.

You don't even know, where is Lingyue Villa?

William supported the weak Felicity and went out.

However, when he saw Frederick, William said faintly: "Why? Still reluctant to hand over your property?"

Frederick was stunned immediately, a little at a loss.

Now that William is the son-in-law of the deputy owner, Frederick doesn't know whom to listen to.

He hesitated for a moment, and was about to hand the portfolio in his hand to William.

But at this time, Bai Lizheng's eyes flashed fiercely.

He turned back, grabbed the bag in one hand, and tore it directly, actually tore the file bag in half and threw it into the air.

Without saying anything, continue to move forward.

His heart was extremely angry.

Does this dog who knows nothing about life and death still see the situation?

Frederick was covered by Lao Tzu, so he wanted to get Frederick's property again and again!

It's daring!

Okay, you have to take it!

Come to me if you have a seed!

I can't kill you!

The reason why Bai Lizheng didn't rush to William on the spot was because of Felicity's face.

This time he came back, it is estimated that he will stay for a long time, so he is not in a hurry.

There is a chance to clean up this little rubbish.

Behind Bai Lizheng, Felicity shook her head slightly towards William, apologetic.

William shrugged his shoulders, without saying anything.

Anyway, it was just a little bit of a small industry, which was dispensable for William.

When the three of them returned home, Bai Li just gave birth to an infinite emotion.

He left this home for nine years!

Now he is finally back.

He fumbled here and there in the hall, and said with emotion, "It still didn't change much when I left. Everything seems to be back to nine years ago."

This sentence made Felicity also moved.

For nine years, only William understood what she was holding on.

William is the only one who understands what she has paid for this persistence.

Now, Felicity doesn't know whether these efforts are worth it.

"By the way, where's your grandma? You still live at home, right? We hurried over to visit her old man. I left without saying goodbye. She was the one who felt most guilty. My son wanted to support but didn't want to wait. Now I am back, I She will definitely honor her old man." Bai Lizheng suddenly said to Felicity.

Felicity's face became stiff when she heard this.

grandmother.....

I'm afraid I'm not in Q City (Qena City) long ago.

Suddenly, there was a trace of fear in her heart.

She knew that her father was a very filial person and always obeyed her grandma.

If I let my father know about the hatred between Grandma and William, and even let him know that the grandma's family finally suffered from the consequences of calculating William, making the family ruined, and now it is even more evaporating.

When my father knew this, he might still treat William.

Thinking of this, Felicity's head is very big, it seems that this is an insoluble knot.

The two men I love the most, like fire and water, are difficult to reconcile.

When Bai Li saw Felicity's expression weird, his face sank, and he said coldly, "Felicity, let me ask you something!"

Felicity hesitated, dare not say anything at all.

William sighed and replied for Felicity, " Q City (Qena City) no longer has a Bai family."

"What do you mean? What does it mean that Q City (Qena City) has no Bai family? Do you look down on our Bai family?" Bai Li was angry when he heard William's words.

He approached William, plausibly, "When I left the Bai family, the Bai family was in Q City (Qena City), and it was also one of the best wealthy families. What are you? It is your turn to judge our Bai family?"

Felicity hurriedly said horizontally in the middle: "Dad, listen to me. There is a reason for this. There have been too many things in the recent period."

Felicity was afraid of his father's impulse, so she didn't dare to conceal anything anymore, and explained all the calculations the Bai family had previously made to William.

Finally, it was said that the Bai family nearly killed themselves because they wanted to show their faces in Q City (Qena City), which caused the Bai family to evaporate.

But she still concealed something. She didn't dare to say too much about William's role, otherwise her father's anger must have been directed at William.

At the end of Bai Li's hearing, the whole person trembled, "Our Bai family, is it really annihilated! Then where are they now! Are you all looking for it?"

Chapter 489.

The Bai Family Is Back.

Felicity was speechless.

She has completely broken with the Bai family. If it hadn't been for the face of her uncle, she would never have rebuilt with the Bai family.

Ever since the Bai family disappeared, Felicity has never wanted to find those white-eyed wolves.

Now when his father asked, Felicity suddenly felt a sense of guilt in her heart.

And Bai Li was looking at Felicity's expression, and he also understood something.

She looked at Felicity with an incontrovertible look, and cursed: "Look at yourself, it's black near the ink, what has become like now! No more home!"

Felicity didn't speak any more.

The reason for Xiazhong is too complicated, and it is not clear at all in a few words.

What's more, his father is still angry.

However, Bai Lizheng was able to become the vice-owner, after all, he had some strength.

He looked at William and said coldly, "Listening to what Felicity said just now, it seems that the Bai family has done a lot of things to sorry you. But don't be proud of you. Don't think I can't hear the stumbling behind the Bai family. For the sake of Felicity's affection for you, I warn you for the last time, from now on, your grudge with the Bai family will be wiped out! If anyone dares to pursue those things before, I will punish you!"

Felicity was a little pleased when she heard this, is her father going to make a conclusion of the previous things?

This is a good choice.

And then, Bai Lizheng said again: "I know the character of grandma, she is extremely homely, she will definitely not leave Q City (Qena City), I will arrange someone to find them immediately."

Having said that, Bai Lizheng hurried out.

Felicity couldn't even pull it back.

She looked at William helplessly and asked, "William, things seem to have become more and more complicated now. My head is a little bit insufficient. What should we do?"

William poured a glass of water for Felicity and said, "I have made people pay attention to the whereabouts of the Bai family in Q City (Qena City), but after all, there is no message. I am afraid that no matter how hard your dad works, he will not be able to find them."

William used all of Tigger 's power to stare at the movements of the Bai family. Tigger said that he hadn't found it, so he must have found it.

In the entire Q City (Qena City), I am afraid that there are no better eyes and ears than Tigger .

"Also, William, I don't seem to be able to do what you asked me to do today." Felicity said guiltily again.

She always feels that she has accomplished nothing and is a little rubbish.

But William rubbed her head and said softly, "Hoho, there are uncertainties, no one can handle it with one hand. Don't blame you. But well, I should be William's, not everyone takes it. Gotta go."

When he said this, William's eyes also flashed with an inexplicable light.

Felicity opened her mouth, but finally she didn't say anything.

Her head hurts. On the one hand, she hopes that her father can come back soon. On the other hand, she doesn't want to see the rest of the Bai family.

If his father really found the Bai family, how would he face them in the future?

In the end, Felicity went to rest first because of physical ties.

When William returned to Janett, she heard Janett ask in surprise: "William, is there a strange character in your Bai family? There is a person named Bai Lizheng who is using the whole city. Strength, offer a reward to find the Bai family."

William was taken aback, but he didn't care about it.

After all, Bai Li was looking at William for nothing, but the ants were nothing.

But in the eyes of the world, Bai Lizheng is an incredible figure.

He could use some tyrannical forces, which was all in William's expectation.

William just didn't believe that Bai Li was able to retrieve the Bai family.

Sure enough, in the afternoon, Bai Lizheng came back again.

Felicity cowered and asked, "Dad, did you find them?"

There was a trace of disappointment in Bai Lizheng's eyes, and he shook his head, "It's strange, I almost made people turn Q City (Qena City) upside down, but there is really no information at all."

After hearing this, Felicity was a little bit happy, but still said: "Maybe they are no longer in Q City (Qena City)."

"Well, I will continue to follow this matter. I have to see people dead or corpses. I won't stop if I find your grandma." Bai Lizheng said regretfully.

He and William never talked to each other again.

One night passed, and the next day, when William thought there would be no turning point, something happened that was difficult for William to understand.

Frederick came to the Bai's house early in the morning and said to Bai Lizheng excitedly: "Vice owner, the Bai family you wanted us to find, we finally found it!"

William, who was eating breakfast, also raised his head in surprise and looked at Frederick.

Liu Chenhu used so much power to find the Bai family, but now it's just a day in the past, the Bai family was actually found?

This time is very delicate.

Where are they hiding?

And Bai Li was excited when he heard this, and said, "Where? Take me over!"

"On the way here, I will come first and report this good news to you." Frederick said flatly.

"Hahaha, okay, Frederick, I really didn't misunderstand you, this matter, you did a beautiful job, I have many rewards!" Bai Li was saying happily.

Felicity and William looked at each other, obviously both in their hearts.

Less than five minutes later, there was a loud noise outside the door.

William and the others walked towards the door.

I saw a few people, surrounded by a group of people, walking towards this side swaggeringly.

These few people are Chen Shuyun and Rebeca!

Felicity's face suddenly became ugly.

It really appeared.

But Bai Lizheng rushed out in a healthy step, kneeled down to Chen Shuyun, crying!

"Mom! The unfilial son has come back, and he has not seen you for many years. You are wronged! I deserve to die!"

The voice was full of guilt for the mother.

But Chen Shuyun has not seen her for many days, describing it as a little thin.

But she seemed to be full of energy.

She looked at her son who was kneeling in front of her, and suddenly her tears fell.

In her life, the most important thing is the Bai family for generations to come.

But how can I think that the glory of a lifetime was completely destroyed in William's hands.

William made the Bai family ruined and cut off their children and grandchildren.

She thought that the incense of the Bai family would be completely cut off.

Unexpectedly, this son, who had been missing for nine years, appeared!

This is to add incense to the Bai family.

Thinking of this, Chen Shuyun also tremblingly lifted up Bai Lizheng, looked at him carefully, and said in a choked voice: "My son, it's good to come back, just come back!"

"Mom, you are suffering, come in quickly." Bai Li said to Chen Shuyun, looking at so many people on the scene.

However, just as Chen Shuyun lifted her foot, she suddenly retracted it, shook her head, and said in a weird manner: "This gate, I am afraid I am not qualified to step in."

Chapter 490.

"Mom, what are you talking about? This is our Bai family! You are not qualified to step in, so who is qualified?" Bai Lizheng suddenly became anxious, wondering what Chen Shuyun meant.

And Chen Shuyun's eyes floated on William's body if there was nothing.

In the end, Felicity bit her scalp and stood up and said: "Go in and talk, there are too many outsiders."

She was afraid that these Bai family members would quarrel with William in front of everyone when they came back.

The ugliness of the family should not be exposed.

When Chen Shuyun saw Felicity speaking, she reluctantly nodded and followed them into the door of Bai's house.

After everyone entered the house, they sat on the sofa.

Not knowing the subtlety of the atmosphere, Bai Li looked over one by one, saying hello one by one, "Mom! Brother! Sister-in-law! And my big nephew!"

He was talking about Chen Shuyun, Bailitang, Sun Huiqin and Bai Zhensheng.

The four of them all smiled and nodded to Bai Li.

When Bai Lizheng looked at Rebeca, his face suddenly showed a slight sorrow, but he still concealed the past and said, "Ruoyun, you have worked hard these years."

Rebeca was even more embarrassed and didn't know where to swing his hands, so she shook her head with a sneer.

Originally, this was a happy moment for the family reunion, and Bai Li was full of thoughts that there would be a scene where everyone would gather together and express their sincerity.

But the scene was surprisingly cold.

Bai Lizheng observed it slightly, and found that the eyes of the Bai family were hovering on William's body.

As if thinking of something, he suddenly stood up and said in a deep voice, "Mom, I'll set one thing here first, otherwise I see you all having trouble sleeping and eating."

He looked at William and continued: "I have heard about the things between you and William before. But now I am back. Felicity is my most beloved daughter. You are also my dearest family. I don't want to see it. When you are like this, I will put the words here. The grudge between you and William is a hook. From now on, you will never mention the past, let alone take the opportunity to retaliate about the past. Do you agree? "

Felicity's face became stiff.

She knew that everyone in the Bai family was a must-see.

Especially Chen Shuyun, a thousand-year-old stubborn, and Bai Zhensheng, a sinister villain.

How could they be relieved of William.

Just when she was about to complete the battle, Chen Shuyun suddenly spoke.

She smiled kindly, then sighed, and said, "I have thought a lot these days and understood a lot. Before, I was obsessed and confused. Why did I compete with a young man? I went back. Hey, Lizheng, what you said is very good. We are a family after all. I just want to enjoy the family happiness for the rest of the day and stop doing intrigue things. So, your proposal , I agree, I am willing to reconcile with William."

A gleam of light flashed in William's eyes.

Ho ho, Chen Shuyun actually agreed?

This is not like her style.

William thought more.

What she thought was, Chen Shuyun, an old stubborn, where did she go during this time?

Why did you come back and your temperament changed?

After much deliberation, there is only one possibility.

There is someone behind her who is helping her secretly.

She was taken in to prevent William from finding out.

Even the current attitude of reconciliation is secretly instructed by the person behind it.

Otherwise, with Chen Shuyun's character, she would never be so low-pitched.

After all, her impression of William was deeply ingrained.

Felicity also looked sluggish, not expecting such a thing to happen.

But the other Bai family members obviously knew Chen Shuyun's actions for a long time, and they all showed kind smiles and said: "We have always listened to grandma, and grandma is what she says."

"Hahaha! Good! This is the Bai family I imagined. It has a wealthy temperament and is casual. William, what do you think?"

When he asked William, his tone was obviously more dignified.

The tone was asking, rather than forcing William to submit.

Felicity's heart suddenly raised her throat, and she was afraid that William's temper would come up again.

However, William was holding Felicity's hand and squeezed, as if to say, don't worry.

"Since she has said so, what else can I say? Feel free to." William said lightly.

Comparing with a group of insects is not William's style.

"Hahaha! That's right! This is our Bai family!" Bai Li was proud to say.

But these words seemed to sting Chen Shuyun's heart. Chen Shuyun shook his head and said with infinite grief: "The Bai family has already lost its status in Q City (Qena City)."

Bai Li was stunned for a moment, "Grandma, why do you say that? Aren't you all still there?"

Chen Shuyun didn't go to accuse William, but said quietly: "Our Bai family is in Q City (Qena City). Not only is there no business now, but now we don't even have a decent home. What is the Bai family?"

When everyone heard this, they also showed melancholy.

This melancholy is not a pretense.

Bai Lizheng frowned, and said casually: "There is no family, we can't buy it again, and the industry is no longer. We just need to start a new company. Our Bai family's background is not comparable to those nouveau riche. ."

Chen Shuyun sighed and said, "Li Zheng, you just came back outside, and I don't want to ask where you have been in these years. But you, since you were young, you have lived very detached, unlike in the world. You don't care about firewood, rice, oil, and salt, but are all the people in the world like you? You just said buying a house and starting a company, all of which need real money, our Bai family, where can there be money..."

Speaking of this, Chen Shuyun's eyes were also red.

She has been used to the life of rich clothes and jade food, and now let her shrink her feet, how can she stand it.

Others obviously had similar ideas, and they were all depressed.

Bai Lizheng couldn't help asking: "Grandma, how much money do we have in the Bai family?"

Chen Shuyun laughed sadly, "How much? If it was a year ago, I could still give you a few million as pocket money, but now, we are afraid that we can't even get hundreds of thousands of them, buy a house, start a company, I'm afraid it is hard to expect in this life."

"Hundreds of thousands? Do you even have hundreds of thousands?" Bai Li asked rhetorically as if he could not hear Chen Shuyun's grief.

The atmosphere at the scene suddenly became embarrassing.

"Lizheng, don't let your grandma feel sad anymore. What do you know about money since childhood? Do you know how much money is hundreds of thousands?" Bai Lizheng said unhappily to Bai Lizheng.

But at this time, Bai Lizheng laughed loudly and said: "What? The problem that can be solved with money, in my opinion, has never been a problem. So, I will first put out 5 billion in the early stage, and you will buy a house first. The company, if it's not enough, ask me to get it. Grandma, do you think this works?"
