

Chapter 339

"There are too many people, aren't there?"
Yasmine could not help but ask.

Her head hurt.

What the f*ck, the invitation of Liu Tigger had already caused her birthday banquet to go through a bit of a mess.

"Invite Liu Tigger's men again?"

This really became a gathering of heroes in the underworld.

Would they still be able to continue for a long time?

Compared to these underground heroes, the other members of the Medicine Association were really a small matter.

However, William said seriously, "You may not know Liu Tigger. He is very arrogant. He shouted and shouted at others when he went out. You only invited him. He must think that you are not brave enough and will look down upon you from the bottom of his heart."

Yasmine's face turned pale. After thinking for a long time, she said with hesitation, "But our Bai family doesn't have that much money. It'll cost hundreds of thousands of yuan, won't it?"

William smiled slightly. "How can you pay for your birthday banquet yourself? Since Felicity promised to hold the banquet, Felicity will naturally pay for it."

After hearing what he said, Yasmine's face softened a little. She said awkwardly, "All right."

Beside them, Xena felt that the stars were about to appear in his eyes.

Yasmine's 80th birthday banquet was going to be held as a chivalrous party for Lu and Ye.

"You can only blame it on Yasmine for not knowing what's good for her. She wants to make things difficult for my sister."

"He deserves it!"

"Okay, that's all, is there anything else?" William asked again.

Yasmine didn't dare to say anything right now. These people were enough to cause a sensation in Qena City for the Bai family.

From Qena City's two heroes to the king of the underground, the people from both the underworld and the underworld were all here.

Was there anyone more terrifying than this formation?

"I'm afraid that's not it."

"It's gone, it's gone, let's stop here for now," Yasmine said hurriedly.

William nodded and pulled up Felicity. "Then we'll do it first."

The two of them walked out of Yasmine's house. Felicity was surprised outside. "William, you're making too much trouble, aren't you?"

William said with a smile, "Isn't her old woman concerned about saving face? I will give her enough face."

Felicity's heart was still fluttering with fear. "But I am afraid that her psychological endurance is limited and she will faint from fear."

A touch of coldness flashed in William's eyes. "How bold she is and how much she can produce. Since she wants to make a stir in Qena City, she must be mentally prepared. Let's go."

Felicity nodded in confusion and followed William home.

After William went home, she called Hugo He, Harper, Frandick, and Liu Tigger.

Who would not give face to William?

Although they had some doubts in their hearts, William's relationship with the Bai family's Yasmine was not very good. Why did she invite them to attend the birthday banquet this time?

However, since it was said by William, they naturally patted their chests and promised to support them one by one. They also said that they

would prepare good gifts.

In a blink of an eye, two days passed.

Today was the date of Yasmine's birthday banquet. The dinner was scheduled to start at twelve o'clock at noon.

However, at nine o'clock in the morning, Yasmine held a family meeting again.

This time, she did not ask Felicity and William to come.

Not even Xena had been informed.

She stood in front of the table, a grave expression on her face.

Zhang Rebecca asked in a low voice, "Mom, it's your birthday today. Why do you still look unhappy?"

Yasmine sighed and said, "I always feel like I've been fooled by Felicity and William! I'm not at ease. Think about it. Now it's all big shots who have been invited. They're all giving me face on the surface, but what will it be like in the venue?"

Steven's thoughts were active and he immediately understood Yasmine's worries. He said, "I'm afraid that when the time comes, everyone will go after Felicity. At that time, everyone will become friends with Felicity. Grandma will definitely be left out."

Everyone's face was stiff!

That was indeed the case!

If everyone wanted to go after Felicity, then Yasmine must have lost face on the spot!

Moreover, it was her birthday. No one wanted to go to her, but to Felicity.

This humiliation was going to make things worse!

It was no wonder that Yasmine felt so wronged.

Bai Ming slapped the table and said angrily, "I knew it. How could those two people be so kind to invite those big shots over for us? It turns out that they are waiting here! They still look down on our Bai family from the bottom of their hearts. They want to humiliate our Bai family again in public. They are worse than beasts!"

Yasmine's face was livid, and she said, "Two days ago, why didn't we think that these two people were up to no good! Alas!"

"Mom, now tell those people not to come over at the last minute." Bai Junzi said in a deep voice.

But Yasmine's face became serious. "Nonsense! Now that the banquet has been announced, it will be open at noon. Don't let them come over at the last minute? That's Liu Tigger, Harper, Hugo, and Frandick. How can our Bai family afford to offend any of them? It's a done deal!"

Everyone suddenly fell into silence.

Everyone could already imagine the scene of the birthday party at noon.

However, no one could think of a better way to stop the humiliation in front of them.

Yasmine had no choice but to look at Steven. "Steven, do you have any good ideas?"

In Yasmine's heart, Steven's voice was still intelligent.

It was just that his ambition was too big and he couldn't be put in an important position.

But now the fire was burning in her eyebrows, and she had no time to suppress Steven.

Steven was delighted to see that Yasmine finally took the initiative to ask him.

It was possible that he could take this opportunity to regain the old fool's trust.

He pondered for a moment, suddenly patted his head, and jumped up from the table in excitement. "I've thought of it, I've thought of a brilliant idea!"

"Hurry up and say it!" Yasmine's face lit up with joy. As expected, it was Steven's turn to talk about consular in such a situation!

Steven suddenly said insidiously, "Think about it, what we are worried about is that everyone will rush to Felicity after the birthday

party starts. Since we can't stop those bigwigs now, then let's change our way of thinking. Can't we stop Felicity from coming?"

Everyone was quiet for two seconds, and then suddenly their eyes lit up!

"Good! Steven! Good job! You've thought of such a wonderful plan! It's because our brains are too rigid! Crap! Fantastic!" Yasmine was no longer stingy with Steven's appreciation.

The compliments from the crowd made Steven sound like he was returning to the peak again.

A few minutes later, everyone calmed down. Yasmine asked again, "Felicity organized the party and invited her to the party. What reason do we have to stop her from going to the party?"

Everyone nodded. "Yes, and our goal before was to let Felicity participate in this birthday party, wasn't it? Now that she is not going, she will definitely be unhappy. We can't afford to offend her for the time being."

A trace of viciousness flashed in Steven's eyes, and he said, "Of course, it won't work if it's open, but what about it if it's dark? Hey hey hey hey."

Chapter 340

"It's dark?" Everyone's heart skipped a beat, and a sense of uneasiness suddenly emerged in their hearts.

Everyone was looking at Steven.

Steven didn't say anything, but first explained, "Think about it. Why did we let Felicity come to our birthday party before? Isn't it to tell Qena City that Felicity is going back to our Bai family? But now, our purpose has been achieved in advance."

Everyone was stunned. They looked at each other.

Yasmine clapped her hands and said excitedly, "Yes, we have reached this goal! When Felicity informed the group of bigwigs to attend the meeting, Qena City already knew that Felicity returned to our Bai family. Therefore, whether she appeared or not will not affect the overall situation."

Steven, for the first time, refuted Yasmine's words. "That's not right. The current situation has changed. Her appearance will affect the overall situation. The biggest filial piety to Grandma's birthday banquet is to not show up. Today, the whole event must have one person to focus on. That is Grandma! Grandma must win everyone's

attention."

Yasmine was retorted, but she was not angry. Instead, she nodded in appreciation and said, "Well said. Then tell me, how are you going to cover it up?"

Steven first looked around and carefully said, "This matter must be kept a secret. We are all on the same side. We must make a promise first. No one can say it out! After all, if outsiders know it, our Bai family's reputation will be damaged."

Everyone raised their hands and swore that they would not leak it out.

Steven just said, "It's not easy to stop Felicity from attending the birthday party. Just let her sleep for a whole day."

"Sleep the whole day? Are you saying..." Yasmine's heart missed a beat!

"Let's find someone to go to her house and pretend to confirm the person's name, then put some sleeping pills in the water she drank," Steven said coldly.

The crowd started to hesitate.

Detoxify him.

It was too despicable of him to do so.

Steven sighed when he saw that everyone was hesitating. He said, "So, this matter cannot be leaked out, whether you do it or not. I'm only

responsible for coming up with my own ideas. As for whether you want to do it or not, please make a decision."

Everyone's gaze turned towards Yasmine.

Yasmine's heart was in a quandary.

If he were to use such a method, it would certainly cause people to feel ill at ease.

But if she didn't do it, Felicity and Snow would definitely humiliate her today.

"Let's go all out!"

If he did it, he and the entire Bai family would be rich and prosperous in the future.

And Felicity Maize didn't necessarily know that the Bai family had done something to it.

Anyway, she had been in poor health these days, and it was normal for her to sleep a little longer.

"Good! Just do it! If we don't go to her place, William is too shrewd. I'm afraid it's not easy to deal with her!" Yasmine said.

"Don't worry about that. That guy has a rule. He goes out to buy some food at around 10 o'clock every morning. As long as we make a time difference, we can completely avoid that guy." Steven's sound was indeed sinister to the bone. Even William's living rules were clear.

"Very good! Suppress the sound. Who do you

think is more suitable to go?" Yasmine pounded the table and said angrily.

Steven's voice echoed in the room, and everyone lowered their heads.

No one dared to upset Felicity and snow.

In the end, Steven said, "Felicity and the rest of us will definitely be on our guard. Mom, it looks like it's time for you to make a trip."

Steven's mother, Helen, suddenly raised her head, looking nervous. "I can't. I'm timid."

Yasmine looked at Helen, who was ignorant and incompetent, and slapped the table. "Okay, it's settled. Suppress the noise, go prepare the medicine. Huiqin, you go to Felicity's house immediately. At this time, that bastard should be going out. Let's pack up and prepare to go to the birthday party."

Helen wanted to cry but had no tears on her face. However, due to Yasmine's dignity, she had no choice but to go.

When Helen was about to leave, she saw William walking out of the door. It was a good time-consuming hit.

Felicity didn't expect that Helen would come in person. She didn't have much opinion about Helen.

After all, in Felicity's eyes, she was a

housewife. She knew nothing, and she was a typical middle-aged woman.

Although Felicity still felt uncomfortable, he got up and poured two cups of hot water for himself and Helen.

Helen pretended to let Felicity help to confirm the list of names for the party. Then, she went to pick up Bai Fengyun's materials.

Then she quickly took out the sleeping pills that she had prepared and poured them into Felicity's cup.

But at this time, she was stunned.

She suddenly realized that she had forgotten to ask Steven how many pills she should place.

She did not have any theoretical knowledge at all, so she did not know how to analyze it at all.

But she thought casually, "Anyway, it's sleeping pills. According to Yasmine, she needs to sleep for the whole day."

"In that case, I'll just put a few more pills."

So she poured seven or eight sleeping pills into Felicity's hot water cup.

Then he quickly stirred the spoon in the cup until all the white sleeping pills melted.

At this time, Felicity just took the materials out of the room, which made Helen break out in a cold sweat.

"It's so dangerous."

Helen pretended to be on the list and then looked at Felicity holding a cup of hot water to drink.

It was not until Felicity drank a little of the water in the cup that Helen claimed that she had finished checking. She thanked Felicity and left Felicity's home quickly.

Felicity had never been wary of Helen at all.

Because Helen didn't know how to be scheming or to be outspoken at first glance.

After Helen left, Felicity and snow wanted to get up and go back to their room to rest.

But at this time, she felt a great sense of tiredness and drowsiness.

She wanted to hold on to the sofa, but found that she had no strength in her hands and feet.

With a sound of "plop", Felicity's body was exhausted and he fell directly to the ground unconscious.

At 10:30, William bought some ingredients and came back. He saw Felicity lying on the ground at a glance.

His heart trembled. He rushed over quickly and helped Felicity up. He asked nervously, "Feng Feng, Feng Feng, what's wrong with you?"

William's heart was shaking wildly!

In the past few days, because of Felicity's period and cold poison, he was very weak, and now he was directly in a coma!

Could it be that the cold toxins's tug-and-frost fight and counter-attacks had begun recently?

There was still half a year left, and this time, the cold poison's counter-attack would be very powerful.

He was about to help Felicity and snow back to their room to have a good rest.

But at this moment, Felicity's face suddenly flushed red, and beads of sweat began to pour out of his big bean-sized body.

In a moment of unconsciousness, Felicity suddenly opened his mouth and spat out a mouthful of blood on the ground!

Then, her body began to convulse wildly!

Chapter 341

"The snow storm!" William, who had always been calm, suddenly vomited blood when he saw the snow storm. He was so nervous that he broke out in a cold sweat.

He had never imagined that Felicity would suffer such a serious illness.

All of them were vomiting blood!

He first pressed Felicity's body, then picked her up and put her on the sofa.

Felicity's eyes were tightly closed, and his body was constantly twitching. From time to time, he would vomit blood.

Seeing her like this, William couldn't help frowning.

This symptom did not seem to be the effect of the cold poison.

If the cold poison worked, her face would have been pale and her body would have been cold all over.

But now, the snow storm's face was flushed, and even the sweat was hot.

Thinking of this, he grabbed Felicity's wrist and felt her pulse.

In the first place, William's face was even

more terrible.

The blood in Felicity's body circulated extremely fast and was in disorder.

This was the reason why she vomited blood.

However, Felicity knew that with his illness, he would definitely not eat anything that would accelerate his blood circulation.

Where did the problem lie?

William accidentally saw the cup on the table.

He grabbed the cup of water and saw that there was still a little unfinished water at the bottom of the cup.

He got close to it and carefully smelled it.

Upon hearing this, William's face changed greatly!

The smell of sleeping pills!

And it was miniscule!

Why did Felicity take sleeping pills?

"Or is there someone who secretly put sleeping pills in my cup?"

William was very anxious, but he had found out the cause of the Felicity. He immediately took out a silver needle and plunged it into Felicity's body.

His speed was faster than ever.

Like lightning, the silver needle sealed some

vital acupoints on Felicity's body.

William used more than fifty silver needles to stop Felicity's body from trembling.

Subsequently, he pushed the SMies out with a silver needle.

Felicity spat more than a dozen mouthfuls on the ground under the effect of the silver needles.

In the end, she spat out all the acid in her stomach as she was unconscious.

Seeing that Felicity were so uncomfortable, William's heart was suffering.

William had always doted on her and loved her. How could she bear to let her endure such pain!

Fortunately, she came back earlier today. What if she came back later?

The consequences were unimaginable!

Who was it that wanted to put Feng Feng and Feng Feng to death?

At this moment, William's heart was full of killing intent!

Felicity was still in a coma. It was not until nearly 12 o'clock that he reluctantly opened his eyes.

She saw William, whose face was as cold as frost at a glance.

When William saw her wake up, he quickly came over to hold the snow and asked with concern, "How are you feeling now, snow and wind?"

Felicity was already weak. After vomiting and torturing like this, he became even more haggard.

She asked with difficulty, "William, what's wrong with me?"

William gently said, "You were in a coma just now. Fortunately, I came back in time."

Felicity had a puzzled look on his face. "Why... why am I in a coma?"

At this time, William looked at the glass of water and asked, "Did someone come over when I left?"

Felicity nodded and said, "Well, Helen came over and said that she wanted to check the names of the people attending today's birthday party. She was strange for a while, and then said that she was all right, so she left."

Hearing this, William's eyes burst out murderous intent. "Helen! The Bai Family!"

"William, what's going on?" Felicity asked in confusion.

William calmed down and said, "Helen just put a lot of sleeping pills in your cup. Your period plus cold poison these days, under the effect of

this large dose of sleeping pills, your body circulation is chaotic, so you vomit blood."

After hearing that, Felicity and Yang Feng had a lingering fear on their faces.

Could it be that he had just been walking through the gates of hell?

"But why did Helen do this to me? I didn't offend her?" Felicity asked gloomily.

William took a deep breath and sorted out what had happened in the past few days. Suddenly, she had a guess.

William said in a deep voice, "It should be the Bai family! What can Helen know? She must have been instructed by the Bai family to do this. The purpose is to prevent you from attending Yasmine's birthday banquet."

"But it was the Bai family who proposed to let me attend the birthday banquet. Why did they go back on their word again?" Felicity was still puzzled.

"Because, you don't have any use for it for the time being. If you go there, you'll only steal the limelight of those people, so they want to stop you from going there first," said William.

Hearing this, Felicity roughly understood what was going on and bitterly said, "They don't want me to participate, so I won't go. Just tell me, I want to go. Why do you have to do this?"

Even though Felicity was kind and soft-hearted and had managed to escape from death, he was still furious.

"Bai's Family!" William suddenly stood up and spat out these two words.

The Bai family had done their own evil many times before, but William didn't care about them for the sake of Felicity.

"I didn't expect that the Bai family didn't know to be grateful, but now they actually became even more serious."

How dare he poison Felicity!

This, had completely touched William's bottom line!

The Bai family was destroyed!

It was hard to get rid of this hatred!

Thinking of this, William took out his mobile phone and called Xena first. "Xena, where are you? Come and help me take care of your sister now. She is not feeling well."

At this moment, Xena was already at the scene of the birthday party, but when she heard William's serious words, she immediately agreed and said on the phone that she would come soon.

William first carried Felicity to the bathroom, helped her clean up the filthy things on her body, and then helped her settle down on the bed.

Felicity looked at William at the moment, and somehow, he had some awe in his heart.

At this moment, William was like a volcano that was about to erupt.

It was difficult for people to get close to it!

However, it just so happened that the volcano was only gentle to Felicity alone.

When Felicity saw that William was going to leave, he suddenly grabbed William's hand and nervously asked, "William, where are you going?"

Felicity's heart was in his mouth.

She had only seen William like this once.

At that time, at Fernando's home, William thought that she had been disfigured by Fernando and his son, so she was also like this at that time.

Now, it was like this again.

The Bai family would probably face a disaster.

However, Felicity didn't care about the Bai family's life and death.

What she cared about was William. For her, William could do anything crazy.

What kind of big noise would be made this time?

William turned around. At the moment when he looked at the snow storm, his eyes became

gentle. He carefully withdrew the snow storm's hand into the quilt, then touched the snow storm's forehead and whispered, "Baby, wait at home. I'm going out to do something. It won't take long."

After finishing her words, William walked outside.

Felicity could not help but ask, "What are you going to do?"

William's back was against Felicity, and her eyes were full of resentment!

"It's Yasmine's birthday. We haven't prepared a gift yet."

"I'll prepare three lavish gifts for the wealthy Bai family!"

Chapter 342

When Felicity heard William's ruthless words, his heart was about to jump out of his throat.

She hurriedly said, "William, there are many people there today. Don't be impulsive, and don't kill people."

William gently closed the door. Outside the door came his cold voice. "Don't worry, I have a sense of propriety."

Felicity was in the room, and his heart was full of gratitude for William.

The common man's anger caused Qena City to shake.

Ten minutes ago, in the wealthy hall of Hilton Hotel.

A group of people from the Bai family stood at the door of the box, greeting the distinguished guests.

There were fifty tables here today, which could be said to be Yasmine's most large-scale and highest-scaled birthday in the past few decades.

The group of people were dressed neatly, with smiles all over their faces.

Those business bosses, who usually worked

with the Bai family, came relatively early.

Usually, Yasmine was also obsequious to them, for fear that she wouldn't be considerate enough to serve them well.

But at this moment, Yasmine's mentality was completely different.

In Yasmine's mind, what was the point of waiting for these people today?

What would happen in the future?

Most of those bosses were richer than the Bai family.

Usually, the Bai family asked them to do things.

But today, they found that the Bai family's attitude was different.

Although there was a smile on her face, this kind of smile was just perfunctory and polite.

When they saw their assigned positions, they became even more dissatisfied.

They were, after all, the big boss of the enterprise in Qena City, but on the birthday party of the Bai family's Yasmine, it was okay if they didn't arrange for them to sit at the main table.

Instead, it was arranged at the last few tables.

This made those bosses hold their breaths in their hearts.

Several bosses pulled their faces and wanted to leave on the spot.

But at this moment, Steven proudly said, "You guys aren't in a rush to leave. I'm sorry, but today's seating is truly limited. It's not enough to satisfy everyone. I'm truly sorry."

There was not a single hint of apology in his words.

Those people looked at this group of people of the Bai Family with fake smiles and said, "Hey, the Bai Family is so arrogant now. Even we look down upon them. It seems that we should consider our cooperation with your Bai Family carefully in the future."

Steven wasn't afraid at all. He smiled and said, "I'm fine, I'm fine."

At this moment, Yasmine's eyes lit up. She pushed the crowd aside and walked toward the elevator.

She bent over and bent her knees, a flattering look on her face.

"Mr. Hoo, it's a great honor to have you here!" Yasmine saw Frandick walk over with a group of people from the Qena City Drug Association.

Frandick despised the Bai family in his heart, but for William's sake, he also squeezed out a smile at the moment and cupped his hands, saying, "Elder Chen's 80th birthday is the blessing

of our Qena City. Of course, I will take the people of the Qena City Medicine Association to ask for a cup of birthday wine."

"Mr. Hoo, you must be joking. Please come in quickly." Yasmine was overjoyed when she saw Frandick's humble attitude.

At ordinary times, the Bai family would not have fallen into the eyes of a big shot like Frandick.

Now, things were really different from the past.

As for those bosses who were about to leave, when they saw Frandick coming, they all stared at him with their eyes wide open.

"He's really a big shot!"

"F*ck, why did he come here?"

But on second thought, they all thought of Felicity's transcendent position in Qena City.

Frandick must have come here for Felicity's sake.

No wonder the Bai family now didn't even care about them. It turned out that the rumors were true that Felicity had returned to the Bai family.

If Felicity and the others went back to the Bai family, their status would not be as high as Felicity and the others!

Steven looked at the changing faces of these people and proudly said, "Guys, aren't you guys going to leave? Let me confirm it again so that I can temporarily adjust the seats, right?"

Those people looked at Steven's arrogant look and wanted to kill him in their hearts.

But at this moment, they could only force a smile and said with an embarrassed smile, "No, no, I was just kidding. It's Old Mrs. Chen's 80th birthday. How can we leave at will? Of course, we should go together to have a grand celebration."

Steven nodded haughtily and said, "Okay, please come in. I'm sorry. As you can see, there are too many big shots coming to celebrate my grandmother's birthday today. I'm sorry for wronging you."

The crowd was stunned. There were too many big shots?

Frاندick was one of them.

"Could it be that other big shots will come here too?"

At the thought of this, the way they looked at Steven sound changed.

They cupped their hands and silently returned to the seats at the end of the line.

Yasmine arranged a table for Frاندick, the Medicine Association's group, and once again

returned to the door of the private room.

Seeing those bosses who had just lost their faces obediently returned to their seats, she burst out laughing in her heart as if she had vented her anger.

"Grandma, you're prophetic. Look, if Felicity doesn't show up, everyone's eyes will be on you. You're the well-deserved hero today." Bai Zhencheng immediately flattered her.

"Hahaha, keep quiet. It's your work. After the birthday party, I'll give you a lot of rewards." Yasmine laughed so hard that her face looked like orange peels.

She was enjoying the gaze that was thrown at her from the audience.

She hadn't experienced the feeling of being the strongest person in the universe in a long time.

Today was a very good start.

At this time, Liu Tigger also came with his men.

There were a group of more than a dozen of them. All of them were dressed in black suits, giving people a sense of sternness.

When Yasmine saw them, her scalp turned numb.

It was as if he had seen a group of Gods of

Massacre coming over.

However, she could only bite the bullet and walk over. "Brother Tigger, nice to meet you. You're finally here."

Liu Tigger glanced at Yasmine indifferently and cupped his hands, saying, "Congratulations."

It was such a simple word, but Liu Tigger refused to listen to any more unnecessary words.

The atmosphere at the scene was frozen for a second.

But Yasmine had to enter the door respectfully toward Liu Tigger.

When the people in the venue saw that Liu Tigger had also come, their jaws almost dropped.

It was impossible that no one knew Liu Tigger's big move recently.

The Bai family could even have a relationship with Liu Tigger!

"Is the Bai family going to show us their relationship between black and white?"

At the thought of this, the looks on everyone's faces were no longer so good-looking.

The Bai family was going to send a signal to Qena City through today's birthday party.

The Bai family lived above Qena City!

After Liu Tigger came in and took his seat,

everyone thought that the Bai family would follow him in and then sit down.

However, to their surprise, the Bai family still stood respectfully at the door, as if they were waiting for something.

The more time went by, the more the people of the Bai family straightened their bodies.

It was as if there was a dragon or tiger that was about to attack.

At the sight of this scene, everyone was puzzled and said, "What are the Bai family waiting for? Liu Tigger and Frandick are all here. Is there any big shot?"

As they were talking about it, Yasmine's exaggerated compliments came from the door.

"Old Master Li! Senior Wang! It's a great honor! Come on in!"

Chapter 343

Old Master Li? Senior Wang?

While everyone was stunned, they saw two old men, who were surrounded by a group of people from the Bai family, walking toward the venue.

As soon as they saw what was happening, the scene was suddenly filled with noise!

Each and every one of them had looks of excitement on their faces!

Hugo river!

Harper!

Although everyone present was a boss of a company, the only people who could live together with the Bai family were only some small businessmen.

How lucky they were to have the chance to meet the two heroes of Qena City?

Now, both of them had arrived!

If Qena City could get the two of them to show up together, it was estimated that the number of people who could be counted on one hand could be counted.

Now, the Bai family actually managed to invite these two Immortal figures to come!

The Bai family was so powerful!

The Bai family was so powerful!

"Is it for the sake of Felicity again?"

Upon hearing that, everyone began to understand what had happened.

They had to re-evaluate the Bai's.

Especially the several companies that had been negotiating business with the Bai family these days. All of them made up their minds that on this birthday party, they must reach a cooperation agreement with the Bai family no matter what!

Even if it was a loss, he would do it at any cost!

The people standing behind the Bai family were the highest in Qena City!

At first, everyone's attention was focused on Hugo, Harper, Frandick, and Liu Tigger, the four Heavenly Kings.

But in the end, they looked back at Yasmine.

Yasmine felt herself being the center of attention. Her heart was about to burst into laughter.

Sure enough, Felicity didn't come at the right time.

Just now, there were also some people who asked why Felicity didn't come.

But the Bai family only told him that Feng and Feng were not feeling well, and they would probably come a little later.

In this way, the people at the scene could no longer say anything.

There were only five minutes left before the birthday party began.

After the people of the Bai family settled all the big shots, they stood together.

Their hearts were filled with incomparable excitement!

This was definitely the most luxurious birthday party since the Bai family was founded!

All the superpowers at the peak of Qena City, just one medical assistant, were all here.

Yasmine stood in front of the window of the private room, overlooking the entire Qena City.

There were many tall buildings in Qena City, and the scenery was picturesque.

Especially in their place, it was very close to Yasmine's home, where you could see the home from the window.

Yasmine looked at her own home and looked at the colorful world outside. All of a sudden, she was full of pride.

She pointed at her own home and said to the Bai family, "See? That's our home. I promise that

within a year, our home will definitely be the focus of the whole city's attention! The glory of the Bai family's wealthy family reappears!"

Everyone was also excited when they heard Yasmine's words, as if they had seen the beautiful scene of the Bai family leaping to become a wealthy family in Qena City.

All of this started with the magnificence of the day!

Time was up.

The birthday party began.

The Bai family had made great efforts to prepare for today's birthday party. The first segment was to thank Yasmine for her gifts.

Yasmine was holding a microphone and talking powerfully on the stage. She had white hair and a child's face.

After she finished speaking, all the people on the scene burst into warm applause.

Even Hugo, Hugo, and others were applauding for him.

After leaving the stage, Yasmine was so happy that her mouth was almost twisted.

And the second part was the most eye-catching part of the audience.

Children and grandchildren presented birthday gifts to the guests.

Starting from the Bai auditorium, they respectfully handed the birthday gifts they had prepared to Yasmine.

It made Yasmine feel like she had been enthroned.

What made Yasmine more excited was that after the Bai family's relatives sent the gifts, Li Muyun also stood up.

However, he did not bring the gifts with him personally.

One of his subordinates handed over a carefully packaged gift and sang loudly, "Old Master Li, here is a pine tree and an Explosive Jade! Old Madam Chen, please extend your life!"

Yasmine accepted the gift respectfully, her hands trembling.

"This is the birthday gift personally given by Hugo in the case of being the focus of the whole city!"

Putting aside the fact that its value was precious, the meaning behind it was self-evident!

As expected, there was a burst of enthusiastic applause and an uproar at the scene!

What did the Bai family do to make such a figure like Hugo present gifts twice?

The first time was Felicity and the last time was Yasmine.

Which aristocratic family in Qena City would have such honor!

Yasmine took the gift and bowed to Hugo in the direction of Hugo. Her waist had been completed for 90 degrees.

Hugo nodded slightly and sat down.

Then, Harper stood up. As he walked, he sang, "Old Wang, gift flowers to a pair of embroidered bracelets! I wish that Old Man Chen will live as long as the East Sea is as long as the southern mountains!"

Yasmine almost couldn't stand still.

Surprise, it was definitely the biggest surprise today!

She had thought that such a big shot would be the greatest honor to the Bai family.

They didn't expect that the two big bosses would prepare gifts in person!

"I'm so lucky to have you!"

As Harper sat down, Frandick's men came out and said, "Mr. Hoo, give me one Golden Wind and Jade Dew, and wish old Mrs. Chen a long life!"

Liu Tigger's subordinate came out and said, "Our Brother Tigger will give you the thousand-year-old turtle, to wish the old lady happiness and Kang Ning a happy life!"

As the four people presented the gifts, the

atmosphere at the scene reached a peak!

The people behind him were almost busy with presenting birthday gifts to Yasmine.

For a while, the birthday gifts piled up at the side were several meters high!

The value of these birthday gifts alone was worth several million!

Yasmine was so happy that she smiled and said loudly, "Thank you for your kindness. I, Yasmine, am very grateful to you. I will do my best to repay you for your love in the future! Let's start the banquet!"

As she gave the order, the audience burst into a round of warm applause.

But at this time, Liu Tigger suddenly received a phone call.

William.

He picked up the phone. After listening for a minute, his face suddenly turned livid!

He looked at the happy Yasmine on the stage, and there was a strong killing intent in his eyes!

However, he forcefully suppressed a wave of killing intent, immediately ordering his men to go out and carry out errands!

His subordinates left together, which made Yasmine even happier.

Yasmine hoped that the earlier they left these

God of Massacres, the better it was for them.

They knew how to behave, but why didn't Liu Tigger leave? Why did he stay?

She slowly sat down and began to ask the waiter. "Hurry up and serve the dishes. Hurry up. I still want to propose a toast to everyone."

The waiters immediately went out to urge the food and drink.

However, five minutes later, Yasmine suddenly realized that something was wrong.

The food served in the hotel was way too slow.

Until now, not a single dish had been served.

Not to mention the dishes, there was no wine, not even any drinks.

The people present couldn't help but mutter, "What's going on with the Bai family? Do they get carried away by their arrogance? Those big shots are here, but they don't even have a drink."

Hearing this, Yasmine was very anxious!

Everything went smoothly just now, but it would be better if he didn't make any mistakes on this trivial matter.

She immediately whispered to Steven, "You go out and see what's going on?"

Steven nodded and immediately walked out of the room.

However, as soon as he opened the door, he saw the outside waiters bring out the dishes one by one.

A waiter sang loudly, "The first dish at the Ghost Gate Banquet!"

"Frost Crows Returning to the Ghosts!"

Chapter 344

The voice of the waiter was so loud that everyone who was at the scene could hear it clearly!

Ghost Gate Banquet!

"Hall of the Cold Crows?"

There was a puzzled look on everyone's faces.

Then, the waiters filed into the room one by one.

Everyone turned their eyes to the dishes in the waiter's hands.

At this time, everyone's faces changed.

What kind of dish was this?

The whole dish was black, cut into pieces, giving off a faint fragrance.

When they thought of the ghost banquet that the waiter just mentioned, some people broke out in a cold sweat!

Wasn't it Yasmine's 80th birthday today?

On such a festive day, what kind of ghost's banquet would be served!

Wasn't he cursing himself?!

No, even the people at the scene cursed

together!

Yasmine was so scared that her face turned pale. She stood up directly and asked the waiter, "What's wrong with your hotel! I'm here for the birthday party. What kind of dishes are you having now? I'm going to sue your hotel!"

But the waiter said innocently, "Yes, we are on the menu."

Everyone at the scene looked at the black and crestfallen dish in front of them. Some of them suddenly flew into a rage and questioned Yasmine, "Mrs. Chen, we came here with good intentions to celebrate your birthday, and you invited us to dinner at the Ghost Gate banquet! What do you mean?"

Even Harper and Hugo's faces became ugly.

Yasmine saw that their two elders looked bad, so she quickly explained in a low voice, "Old Master Li, Mr. Wang, there must be some misunderstanding here! Someone in the hotel must have made a mistake. I'll go and ask them now. Please wait a moment."

At this moment, the door of the private room was pushed open again.

A cold man walked in slowly.

"There's no need. These dishes were arranged by me just now." The man said indifferently.

Seeing the person who came, Yasmine's eyes

widened!

William!

It turned out to be William!

"This piece of trash dared to arrange a ghost gate banquet at the time of my 80th birthday!"

He was too arrogant!

Yasmine rushed to William and asked in a low voice, "You bastard! Do you want to curse me to die?"

William looked at Yasmine, and her heart was burning with anger!

"You broke the banquet just for your sake! How dare you nearly kill my Chong Feng!"

However, when Harper, Hugo, and others saw William coming over, their faces changed again.

They could all feel that William was giving off the anger that no one could come near at this moment.

How did the Bai family offend William!

It seemed that William was going to make a big scene today, and the Bai family might not be able to get away with it!

"You know very well what you did to Felicity!" William said coldly.

Yasmine's face froze.

Several members of the Bai family behind

him also rushed over.

When they heard William's words, all of them suddenly lowered their heads.

No one dared to look at William.

After Yasmine calmed down, she put on a cold face and said aggressively, "Felicity is not dead, just let her sleep for a while. What are you doing here! There are so many people here today, what do you want to do!"

When William heard Yasmine's words, the anger in her heart grew even stronger!

What a Bai family!

He almost killed the snow storm.

But now, there was no regret at all!

Then don't blame me.

William suddenly walked slowly to the stage. Seeing a pile of gifts piled up on the side of the stage, she suddenly smiled.

He looked around and said lightly, "Today is Yasmine's 80th birthday. I haven't given her a gift yet. How can the banquet begin?"

The people at the scene were stunned.

Yasmine's face was filled with disbelief.

"Will this young man come here to give me a present?"

"It's so strange."

But looking at William's solemn look, Yasmine was also uncertain about what the kid was going to do.

At this time, Bai auditorium smiled in a sinister way.

He said to Yasmine in a low voice, "It seems that this guy is clever. He knows that with so many big shots present today, he doesn't dare to be presumptuous. He should really come here to deliver gifts."

Yasmine thought that it made sense.

Today, there was a gathering of celebrities in Qena City.

He didn't dare to make a scene on the spot.

If they made a big scene on the scene, it would be a slap on the faces of these big bosses.

This kid was not afraid of the Bai family, but he had to fear the anger of the entire Qena City.

Thinking of this, Yasmine raised her head and walked onto the stage, standing face to face with William.

The others also hurried to follow him.

Yasmine proudly said to William, "What do you want to give me? Hurry up! Can't you see that everyone is still waiting for the opening ceremony? If you are done, get out of here."

William looked at Yasmine's sarcastic

expression and could not help but shake her head.

Suddenly, he extended a finger and pointed it out of the window.

The Bai family was stunned. "This guy came here empty-handed. He didn't seem to be here to give me a present."

"What's he doing outside?"

Many curious people also stood up and looked out of the window.

At this moment, it was broad daylight. The sun was shining brightly and the whole Qena City looked very prosperous.

"You kid, you're making fun of us! You're looking for death!" The Bai auditorium roared angrily at William.

But at this time, everyone could only hear a loud roar!

Everyone's eyes couldn't help but look out of the window.

As soon as they saw it, all the people exclaimed in disbelief.

In a place outside the window, there was a violent explosion happening!

There was a series of explosions!

Then, the fire burst into the sky, as if there was a fire-red candle in the center of the Qena City land!

After the deafening sound, the Bai family looked again at the place where the fire was lit.

At this moment, Yasmine's mind went blank!

This was the place!

Bai Sheng finally realized what was going on.

The location of the fire was actually Yasmine's home!

She could see Yasmine's family from the window of the hotel.

Just now, when Yasmine was sitting at the table full of friends, she swore to the rest of the Bai family that the Bai family would be restored soon. Her family would definitely become the focus of the whole Qena City in the next year!

How many minutes had passed!

The future focus of Qena City had turned into ashes in the blink of an eye!

"What on earth happened here?"

Yasmine's heart was about to shatter!

This was the home she had lived in for decades!

This was a place where she relied on to become the focus of attention in Qena City!

Now, the home was completely gone.

It was as if Yasmine's heart had been stabbed by a knife.

The blazing fire and thick smoke seemed to be mocking Yasmine's ignorance.

She seemed to be telling her that if she wanted to become the focus of Qena City, she had to become the ruins of Qena City first!

The scene was in a mess. No one knew why there was such a sudden change.

Only Hugo, Harper, and Frandick's eyes fell on the stone-faced William.

Sure enough, William's finger outside the window retracted.

His indifferent voice sent a chill down everyone's spines!

"The first gift, Felicity and I will give you..."

"My home is ruined and I'm dead!"
