

Chapter 345

Ye Xuan's family was destroyed!

Quite a number of people broke out into a cold shiver!

What a ruthless gift!

There was actually such a cruel birthday gift under the sun!

This was no longer a birthday gift!

This was a curse!

What kind of deep grudge did William have with the Bai family?

How could he give such a heinous birthday gift in front of everyone on Yasmine's 80th birthday?

Only Hugo looked at Liu Tigger, whose eyes were closed.

"Tigger, this is your handiwork, isn't it?" Hugo asked calmly.

Liu Tigger opened his eyes, which seemed to be burning with anger.

He nodded and said, "Yes, it was I who asked someone to do it."

In the whole Qena City, it was afraid that only Liu Tigger had such a courage. In broad daylight,

he blew up a house and turned it into ashes!

He was still so calm.

In the whole Qena City, the only one who could command Liu Tigger was William.

"Elder Li, Elder Wang, Master Hoo, wait and see." As Liu Tigger spoke, he suddenly stood up.

She stood as straight as a pillar!

On the stage, when Yasmine saw her home blown up, she knew that it was done by William.

She looked at William with endless resentment in her eyes.

She sprinted over and tried to scratch William.

However, William kicked him to the ground.

Once again, the audience burst into an uproar.

Kicked Longevity Sage in public. This grandson-in-law of the Bai Family was also a terminal son-in-law!

"You bastard! How dare you blow up my house! I'll call the police! I'll make you stay in jail for the rest of your life!" Yasmine cursed loudly, her eyes red.

However, William laughed for the first time.

His words seemed to be understated. "Which eye of yours saw it was me who blew it up? Haha,

it's probably because your own home didn't shut down your gas."

Under the watchful eyes of the public, she was lying.

The crowd was completely speechless.

"What kind of hatred does our Bai family have for you! You're going to treat me like this!" Yasmine slammed the floor with one hand like a madman. It was as if she was going to be driven mad by William.

William's smile stopped abruptly, and suddenly her eyes burst out monstrous anger!

"What hatred? Your Bai family doesn't have a grudge against me, or I can't be bothered to argue with you at all. But you're challenging my bottom line again and again. Today, I'll show you how much you deserve to die for offending me!" William's voice also became louder.

The anger in his heart was completely aroused.

"The first is to kill your family! The second is to kill you!" While speaking, William suddenly looked at Liu Tigger!

"Son-for-nothing and child-less!"

As William's voice fell, Liu Tigger's pole-like body suddenly moved.

He slowly walked toward the stage.

The people present were so scared that they didn't even dare to breathe!

Liu Tigger was one of the people who dared not offend in Qena City.

Now, he was going to enter the arena as well.

However, why did Liu Tigger follow William's orders?

This was simply strange.

What kind of ability did William have to be capable of commanding an ambitious and ruthless person in Qena City like Liu Tigger?

Liu Tigger had already stood in front of the Bai family.

When the Bai family saw Liu Tigger's aggressive look, they all chickened out in an instant.

"Brother Tigger, what are you going to do? I know you have a bit of a relationship with William, but today is a public view. Don't do anything rash." Bai Sheng hall said to Liu Tigger in a deep voice.

But Liu Tigger laughed scornfully and suddenly kicked the Bai auditorium to the ground.

His body moved again.

He went to the White auditorium on the ground.

"How can Bai auditorium be Liu Tigger's

opponent?"

He was lifted up by Liu Tigger, who was pinching his neck.

Then, everyone saw Liu Tigger rip off the pants of the Bai school in front of everyone!

What was he doing!

Everyone at the scene was dumbfounded.

In the next scene, everyone was so scared that they let out earth-shaking screams!

In an instant, Liu Tigger stripped the pants of the Bai auditorium's private part of his body.

The Bai auditorium was ashamed and angry, and it was about to rebuke Liu Tigger for being so shameless.

Liu Tigger shook his sleeve, and a shining dagger appeared in his hand.

A hand raised and the saber fell!

"The stage is dyed with blood!"

The Blade Breaking of a Man!

Bai auditorium was directly cut!

He covered his lower body and roared like a pig being slaughtered!

But it was not over yet.

Under everyone's shocked eyes, Liu Tigger walked towards Steven sound.

Steven saw that his own father had been castrated in public. He was so scared that his scalp went numb.

Seeing Liu Tigger coming over, he already knew what Liu Tigger was going to do.

He kept moving backward, and his entire body was trembling.

No way!

I don't want to do this!

"Brother Tigger, I know I was wrong. I don't want to die. Can you spare my life?" Steven's voice trembled as he cried out.

As of this moment, his heart was filled with boundless regret and hatred!

How did she end up in such a situation!

Why did he want to go against William!

He had been targeting him time and time again.

He had clearly spared her several times before.

But he thought again and again that William didn't dare to really fight.

He challenged his bottom line again and again.

But now, it was difficult to get rid of him.

Liu Tigger's face showed a hint of fierceness.

He suddenly grabbed Steven's neck and whispered, "I'll spare your life. Have you ever thought about sparing my sister-in-law, Felicity's life?"

Sister-in-law Feng Shaoyu!

When Steven heard Liu Tigger's strange way of addressing him, he was taken aback instinctively.

Then, he was immediately woken up.

In the words of Sister-in-law Feng and Felicity, William was Liu Tigger's...

Big brother!

How powerful Liu Tigger was! How could he be William's underling!

"What's this?"

"How is this possible?"

Just as he was shocked, Liu Tigger did the same thing and castrated Steven in public!

In the blink of an eye, the Bai family's father and son all fell to the ground, wailing in pain.

In less than a minute, the Bai auditorium had passed out due to pain.

Steven was still suffering from the pain of the laceration. He looked at William on the ground, and his heart was about to shatter with regret.

"No, I shouldn't!"

"He shouldn't offend such a person!"

Now that she had come to such an end, she could not even be a man!

Regret should not have happened!

How remorseful he was!

The people present looked at the blood on the ground, and then at the father and son of the Bai Family. All of them were so shocked that they could not speak.

"What does William hate on earth?"

He had lost his child. He had lost his child in a single move!

The only men in the Bai family left were Bai Cup and Steven's voice.

Now that the two of them had been castrated in public, they would lose their children and have no children!

Yasmine's tears fell on the spot when she saw her son and grandson end up like this.

She rushed to the ground, held the unconscious Bai auditorium, and cried hysterically.

"William! You bastard! You're going to die a tragic death! You're going to make our Bai family extinct! How can you be so cruel!" Yasmine cursed William loudly on the ground.

After finishing this, Liu Tigger returned to the

side of Hugo, Hugo, and Hugo, and calmly looked at what was happening in front of him.

Chapter 346

William still looked indifferent, as if she was dismissive of the life and death in front of her.

Everyone looked at William and couldn't help but take a few steps back.

First, he blew up the Bai family house, and now he killed all the descendants of the Bai family!

They were going to wipe out the entire Bai family completely in Qena City!

This person was simply a devil!

Evildoings must be done to the extreme!

"And he is not afraid of ritual law!"

Yasmine, who was lying on the ground, was about to faint from tears. She said weakly, "Steven did all of this. You can punish him. My son is innocent at all. Why do you even punish someone who is innocent! You're going to hell!"

William sneered, "Un charged? Is that so? Then let me tell you, being in the Bai Family is his original sin!"

Once again, everyone shivered in fear.

What an unreasonable and overbearing speech!

It was clear that he was being unreasonable, but no one dared to refute him!

Anyway, today on the stage, William was the day, and he was the king!

Once a statement was made, life and death would be decided!

Yasmine was crying so hard that she didn't have the strength to speak, but the hatred in her eyes was still there.

William looked at her and suddenly said again, "Have you finished crying? I've been waiting for my last gift for a long time."

Everyone's heart skipped a beat.

His family had been destroyed and he had lost all his children!

It was already a god's hatred and ghost's hatred.

This William, he actually has a gift to give out!

This was the last gift!

That should be even more terrifying than the two gifts he had presented before!

Yasmine suddenly raised her head and looked at William with a hint of pleading in her eyes.

She was finally able to see it clearly.

This William, he came here today to kill all the Bai family!

Why didn't anyone dare to catch William on the spot?

Because those immortals and big shots all did not speak. They were just watching the fire from the other side of the lake.

If even they were so helpless, how could the Bai Family survive in front of this kid!

For the first time in her life, she wanted to admit defeat to William.

Damn it!

It was obvious that this guy was just a dog raised by the Bai family for ten years.

But why was she now able to stand on the Bai Family's head to judge the life and death of everyone in the Bai Family!

Just what kind of ability did he have!?

"If there is really a magical means, let's see it clearly, and we will be sincerely convinced by the loss!"

Why are you doing this to our Bai family!

The high joy that was about to rise from Qena City turned into despair that the Bai family was about to be destroyed at this moment.

She suddenly lowered her head and slowly knelt down in front of William.

The people present were shocked again when

they saw Yasmine, who had always refused to yield, kneeling down to her grandson-in-law.

This was a wonder temple in Qena City!

"William, I know I'm wrong. Can you let go of our Bai family?" Yasmine lay on the ground and said in a low voice.

But in the dead silence, everyone could hear it clearly.

In the face of Yasmine kneeling down before him for the first time, William was not moved at all.

The excessive soft-heartedness had already been squandered before.

Up to this point, the Bai family had brought this upon themselves!

Seeing that William was not willing to speak, Yasmine raised her head and sobbed, "William, I have knelt down to you, but you still refuse to stop? What do you want me to do!"

"What do I want from you? I want you to be doomed eternally." William was unmoved and suddenly looked at the tightly-shut door of the private room.

"Come in," he said flatly.

The door was opened.

A group of people entered one after another, walking towards the stage.

When Yasmine saw the people who were coming, her face turned pale in an instant.

Although the person who had come was not a big shot in Qena City.

However, he was the one who was holding the throat of the Bai Group!

Baxter!

Behind Baxter were seven or eight men in suits and leather shoes.

All of them recognized these people.

"Hey, aren't these the spokespersons of our Qena City's Fund sponsors? What are they doing here?"

Baxter arrived in front of William after a round of conversation.

He nodded at William.

The people behind him also nodded and bent toward William.

When everyone saw this scene, they once again inhaled a breath of cool air!

From the very beginning, William had displayed a monstrous power that he had never displayed before.

"To order Liu Tigger to commit murder, his name should be known in the nether world!"

Now, even Baxter and the others were so

respectful to William!

In the middle of both the underworld and the underworld, they were all killed!

"Why have I never heard that this William has such power!"

When everyone was shocked, William spoke again.

"This is your last present. I'll give you..."

"I'll bankrupt all my fortune!"

The breathing of the people on the scene was stagnant!

What the f**k!

He sold his entire family fortune!

What was he doing!

At this time, Baxter started to talk.

He walked to Yasmine and said lightly, "Yasmine, the ten million you borrowed from our company is coming. Please pay it within two days."

The people behind him also turned to Yasmine and said, "Yasmine, you owe our company five million yuan."

Everyone requested for Yasmine to return the money within two days. The scene blew up again.

It turned out that the Bai family owed so much money outside!

Yasmine seemed to have understood William's last move, and she completely collapsed to the ground.

The Bai family was indeed in imminent danger.

During this period of time, the Bai family had been pulling money to repair the east wall and the west wall.

However, the eastern wall didn't get the money, and now the western wall was pressing down on the Bai's in unison!

The pressure was so great that the Bai family was out of breath!

In the current situation of the Bai family, it was impossible to borrow money from the bank, so they all borrowed money from the fund.

Previously, Baxter lent the Bai family a sum of money for William's sake. Now, it was time to get the money back.

There were a total of more than 30 million in total!

Yasmine lay on the ground as if she had fallen into an icehouse.

More than thirty million. Two days.

Where could the Bai family raise money?

A sense of despair suddenly rose in Yasmine's heart.

She looked at William with difficulty and completely understood the intention of William.

"First, I'll deal with the Bai family. I'll destroy the Bai family and have no descendants!"

Now, he was dealing with the Bai Group again!

He was preparing to cut off all the retreats of the Bai family!

"There really is someone in the world who doesn't leave any room for leeway when doing things!"

She instinctively wanted to plead with Baxter and others.

However, when she saw them standing behind William one by one, she was about to say something, but she withdrew her words.

It was impossible for them to leave a way out for themselves.

All the roads were in William's hands.

The only thing he could do now was to beg William.

"William, what do you want to do? Our Bai family has nothing left. Are you satisfied? I only beg you to give our Bai family some face and let us leave with dignity..." Yasmine said miserably.

But at this time, William suddenly burst into laughter, and his voice was full of irony.

"Please do me a favor! For the sake of the Bai family and the rich and powerful families! Today, I'll say one thing in front of the entire Qena City!"

"Go to hell! Dream of being an aristocratic family!"

"I want you to be like homeless dogs in Qena City from now on! A rat crossing the street! Everyone loathes you!"

Speaking of this, William suddenly stared at Hugo He!

All of a sudden, there was wildness in his body!

"Harper! Hugo! Frandick! Do you have any opinions?"

Chapter 347

Everyone's eyes turned to the three bosses who were called by William.

"How dare this William to be so brave!"

How dare he call the names of these three old men in front of so many people!

It was too rude.

However, Hugo and the other two looked at the people of the Bai family with a serious look, without any intention of blaming William for being rude.

At this moment, Harper moved.

He made an eye contact with his men.

The subordinate understood tacitly and immediately walked out.

He walked towards the pile of birthday gifts.

He raised the birthday gift he had given to Yasmine in the air and shouted loudly, "Elder Wang of Qena City, take back the gift! Let's end our friendship with the Bai family forever!"

"Hua la!" Upon hearing this sentence, the scene erupted into an uproar!

"I've only heard of giving gifts, not taking back the birthday gifts!"

Moreover, he just took it back and even declared in front of so many people that he would break off the relationship with the Bai family forever!

Just what kind of people did the Bai Family offend!

Hugo and Frandick looked at each other and nodded.

Their subordinates also took back their gifts and announced on the spot that they would end the relationship with the Bai family forever.

The faces of the people present were as cold as frost.

Although these three Big Bosses did not directly answer William's questions, they all supported William with practical actions!

If William's previous three world-shocking gifts were only to cut off the foundation of the Bai family in Qena City.

The three Big Bosses' words meant that they would completely isolate the Bai family outside Qena City!

She was afraid that after today, no one in Qena City dared to make friends with the Bai family!

The guests, after a short moment of absent-mindedness, ran to the pile of congratulatory gifts

and took back the gifts they had sent before.

Although they didn't speak directly like the three big bosses, their actions also proved their determination.

In the blink of an eye, all the birthday gifts that had been piled up like a mountain had been collected in an instant.

Upon seeing this, Yasmine sat down on the ground.

Who else in this world could do such evil things as William!

He was the one who had personally buried the Bai family's Dream of a Hundred- Year Aristocratic Families!

There had been Baxter and other people from the Fund who had been forcing him to pay off his debts.

Behind them was the entire Qena City watching the fire across the riverbank.

The Bai family was really pushed to the end of their tether.

Baxter questioned again, asking the Bai family to pay back the money.

Yasmine said sadly, "The Bai family has no money to pay you back."

At this moment, her old appearance was completely revealed, a feeling of despair that

couldn't be brought back to the heavens filled her mind.

But at this time, Baxter showed a strange smile and said, "If you don't have money, you can use your company to pay for it."

Upon hearing these words, Yasmine's whole body shook.

It turned out that all of his techniques had ended up in this place.

They wanted to take over all the industries of the Bai family, leaving no fire for the Bai family.

No, it wasn't them.

Instead, it was!

Yasmine looked at William!

It was him!

Everything was planned by him!

But what was the point of thinking about it now?

From the moment the Bai family dealt with Felicity like this, they were destined to suffer such a crushing defeat.

Baxter had prepared for this, so he left behind a few transfer agreements with Yasmine.

Yasmine looked at William with a look of extreme hatred, and finally signed her name.

So far, the Bai family had no family or estate

in Qena City.

And it was impossible for them to continue the Bai family's incense.

Thinking of this, Yasmine felt sad. She trembled and turned into kneeling. She kowtowed heavily in front of everyone.

Seeing an old man kowtowing to everyone until the end, his head was broken, and everyone's heart was torn up.

Just like that, Yasmine kowtowed without saying a word.

No one had seen her lowering her head. Her eyes were filled with hatred and hatred.

Some people really couldn't stand it anymore. They couldn't help but say, "Old Chen, don't kowtow. If you keep kowtowing, you will lose your life."

Yasmine ignored him. All of a sudden, she kowtowed heavily, as if she wanted to get rid of the pity in everyone's hearts.

What's more, the injustice in everyone's hearts had to be taken out.

Sure enough, some people began to look at William, and their eyes became dissatisfied.

William's actions today had been utterly devoid of conscience.

The crowd saw that his background was not

ordinary, so they didn't dare to speak.

But he could only watch an old man who should have enjoyed his 80th birthday kowtow silently on the ground, with his head broken and his head bleeding. It was impossible for a person with conscience to stand by and watch.

"William, your moves are too cruel. After all, the Bai Family is your home. A vicious tiger will not eat its children!"

"Look at your grandmother. Even if she did something wrong, you don't have to push her to death, right? It's a bit too much."

"I know you have a strong background, but what you've done is simply bullying the young, and your means are ruthless. I really don't dare to compliment your character."

The crowd started to point at William in unison with each word.

Yasmine's heart was filled with joy when she heard these words.

At this moment, she was already at the end of her tether. What she had was this old life of hers.

"Then I'll use my old life to burn you, ungrateful wolf, and jade!"

William, on the other hand, did not move at all in the face of the crowd's criticism.

In his heart, these people were nothing.

One by one, the Dao of the Virtuous Sage Supremacy acted in a sanctimonious manner.

Not to mention what they said.

Seeing that William was like a dead pig who was not afraid of boiling water, the crowd became more and more angry.

But at this time, a cold voice came from the door.

"Do all of you know what happened before? Don't you know the truth, but pretend to be a good person here? I think you are just so-so."

Everyone looked in the direction of the voice.

A woman came in with a face full of anger.

It was Xena.

Xena stood directly in front of William, as if she would block all the rumors for him.

In her heart, she was really disappointed with the Bai family.

"The Bai family had harassed my sister and brother-in-law again and again, but now they are getting more and more excessive!"

He even dared to send his sister to her death!

Cold-heartedness!

Xena disgustedly looked at Yasmine who was kowtowing on the ground. She no longer had any illusions about her.

However, the crowd was filled with indignation. "Xena, right? You are a member of the Bai Family, after all. What? Do you also intend to get involved in the affairs of the outside world and be partial to this evil demon?"

"I think this little girl must have had an affair with William. Look, Felicity has not come out to speak for him. Since she comes out to speak, there must be something fishy going on."

"Yeah, where's Felicity? The Bai family has been destroyed, but why hasn't Felicity appeared yet?"

Xena sneered and said in a clear voice, "Look for my sister? My sister just came back from the gate of death. You say that my brother-in-law is a devil who has done bad things? Okay, then I'll let you see who is on the spot! Who is the devil!"

Chapter 348

Everyone was completely stunned by Xena's words.

They looked at William, who seemed to be impenitent even though she had done something bad, and there was no false look on her face.

As for Yasmine, she looked so pitiable, but she didn't pretend to be pitiful.

What on earth was going on in there?

At this time, Xena said, "Many of the people here are also engaged in the pharmaceutical industry. I ask you, if a woman takes a large number of sleeping pills during her period, what will the consequences be?"

Everyone's heart dropped, and they began to frown.

An old man stood up and said in a deep voice, "Many of the ingredients in this sleeping pill are genetic blood circulation. If you take a sleeping pill during your period, it will cause your body to become chaotic, not to mention taking a large amount of sleeping pills. The patient will spit out blood, and the patient might die on the spot!"

As soon as he said this, the faces of those outside the door changed.

Helen, who was standing beside them, was so frightened that she went limp.

Xena looked at Helen. "Do you know why my sister didn't come? It's because of the people of Bai family that my sister put a lot of sleeping pills in the water she drank, which almost killed her! If my brother-in-law hadn't come back in time, my sister would have died long ago."

His words made the people on the scene tremble with fear!

"He's so cruel!"

Just now, everyone was still saying that the Landeleaf Tiger would not eat its children. Now it seemed that it was the tiger who would not eat its children!

Xena continued, "There may be many people who know that my sister has always been in poor health, and she has been in her period these days. If the Bai family does this, where is their conscience?"

Everyone's eyes turned to the Bai family.

Yasmine, however, seemed numb. She continued to kowtow on the ground.

She wanted to make this unreasonable, to make this argument sound reasonable!

Xena was angry when she saw her pretending to be angry.

She spoke again, "Even if my sister hasn't been feeling well recently, do you know? This entire birthday banquet was personally organized by my sister. Which one of you has not received Felicity's personal invitation? Just these calls alone are enough to show that my sister is doing her best to hold this birthday banquet for the Bai family."

When the people present heard this, they all showed an expression of shame.

Especially the one who was criticizing William just now. He was so ashamed that he couldn't even raise his head.

Xena was telling the truth.

At the scene, in addition to Harper, Hugo, Frandick, and Liu Tigger, the four people were invited by William.

Other than that, Felicity and Snow Wind had all called to invite him one by one.

Felicity, as the vice president of the Qena City Medicine Association, was able to call these small bosses in person. When they received the call, all of them were flattered!

If it weren't for Felicity's face, why would so many people come today to support the Bai family?

"Haha, Bai family, my sister has tried her best. If you don't appreciate her, that's fine. You secretly

think that my sister will appear here today and take away the attention of your Bai family. So, for this little bit of vanity, you dare to drug my sister in her water! Are you still human?!" At the end of her words, Xena's eyes turned red.

In her snow-covered home, she had seen that pool of blood that had not yet been washed away.

He also saw that Felicity's face was pale, and he didn't look like a normal person at all.

What a beautiful flower of Qena City! It was almost killed by the vanity of the Bai family!

As the saying goes, repay kindness with ingratitude! They are the real ungrateful people!

Yasmine was still kowtowing, but none of the people present sympathized with her.

"You deserve it! I have never expected that the Bai family was so vicious!"

"From this point of view, William did this in a self-righteous manner to avenge his wife! He is a real man! His woman was almost killed by someone. If he still doesn't dare to make a sound, he will be a coward in his bones. Well done!"

"It seems that just now, we were right to break off the relationship with the Bai family! This kind of person is so vicious to his family, so for our cooperative companies, let alone play dirty tricks!"

"Yasmine! Stop acting there! We're sick of

watching this!"

Everyone was talking about gold. Yasmine slowly stopped kowtowing.

She slowly raised her head, and her face looked extremely ferocious.

She seemed to be crazy and hysterically shouted, "What did my Bai family do wrong! That bitch has been stealing the limelight of our Bai family, I have been fed up with her for a long time! Does she look a little like a good grandchild! I just let her sleep for a few hours, what's wrong with that!"

"Since she's in the Bai family, she should be ready to sacrifice herself for the Bai family!"

"What's more, she is not dead now! What are you talking about? It's our Bai family who has completely lost our descendants!"

Speaking of this, Yasmine's tears fell again.

The crowd could not help but shake their heads when they saw that she did not regret it at all even at this point.

What a terrifying old hag!

He was mentally warped to the point where he could not even imagine it!

Hugo also shook his head. It was the first time that he saw Yasmine was so terrible.

Harper was so angry that his face was

shaking!

This was the true face of the Bai family!

He was like a bunch of vipers!

The young master actually lived in such a family for ten years!

In the past ten years, if the young master was harmed by the Bai family, even if he had to die ten thousand times, he would not be able to absolve himself from the blame!

Thinking of this, Harper said coldly, "Bai family! I, Harper, swear that I will make sure that you will never be able to have a foothold in Qena City! Also, everyone present here has witnessed today's show, and I hope that all of you will rot in your hearts! Otherwise, don't blame me for being merciless!"

After that, Harper cupped his hands in front of William and left with a flick of his sleeve.

Everyone's heart skipped a beat, and they looked at William in awe.

"I'm sure he will make a name for himself in the Qena City one day!"

However, it seemed that they had to bury the incident that had happened today in their hearts.

Seeing Harper walking away, Hugo also hurried to follow him.

As soon as they saw the city's twin brothers

leave, they also left.

Baxter stayed at the end. In front of Yasmine, he handed over the agreement of the transfer of the company to William.

The meaning was self-evident.

Now the Bai Family was not surnamed Bai anymore, but surnamed Lu!

Xena had already decided to cut off the relationship with the Bai family, so she strode out of the scene with William.

On the road, William looked at Xena, who was still pouting angrily, and couldn't help laughing.

"Xena, I'm not so angry now. Why are you still so angry? Besides, your sister is fine now."

Xena puffed out her mouth and said angrily, "Hum, I still think that brother-in-law is not ruthless enough! You should slaughter him like you did in the Lin family at that time!"

William was speechless. When did this guy become so violent?

"Well, I'm sorry, let me see if I can compensate you with something?" William thought for a moment and casually showed the several pages of transfer agreement.

"Three companies, how many do you want? Brother-in-law will give it to you for free."

Chapter 349

Xena was so scared that she almost fell to the ground.

The value of three companies was at least 30 million.

His brother-in-law didn't even blink when he said this!

He was a little too rich.

"Could it be that brother-in-law is playing a trick on me?"

But looking at William's clear eyes, he didn't seem to be joking. It was only then that Xena believed that he was serious.

At this time, Xena frowned at once.

They were in three companies. If he asked all of them to come over, his brother-in-law would definitely agree.

However, did he need it?

A single company could completely destroy Xena, not to mention three companies.

At the thought of this, Xena's eyes suddenly turned dark. "Brother-in-law, don't you love me anymore?"

William sweated again. This sister-in-law,

what she said was totally wrong.

"Don't talk nonsense." William knocked on her head.

Xena covered her head and said with grievance, "You must want to use three companies to trip me, so that I don't have time to get close to you."

William looked helpless. "Why do you want to get close to me? Since you are so old, you should find a boyfriend to get married to, shouldn't you?"

Xena blushed and stuck her tongue out at William angrily. "I don't want it! Humph! Brother-in-law is bullying me! I'll tell my sister!"

William was simply speechless.

This Xena was indeed adorable, but when he was unruly, he was even more unreasonable than the Bai family.

The two of them returned home and headed straight to Felicity's room.

As soon as the door opened, he saw Felicity half lying on the bed. He asked nervously, "Why did you come back so quickly? What did you do to them?"

Xena was still angry.

But William walked over, took Felicity into his arms, and whispered, "The treasure is good. It's over. It's over."

"The end?" Felicity's expression stiffened. "What do you mean by the end? Shouldn't you give them all..."

Felicity knew William's methods too well.

But William smiled and said, "Didn't I promise you before I went out? Don't worry, none of them died, just..."

"Only what?" Felicity knocked on William's head, making him gasp.

"However, in the future, there will only be one white in Qena City, called Felicity." Between William's words, he couldn't help giving birth to a burst of heroism.

Just like what he said, just like this, deities and ghosts couldn't change things!

Hearing this, Felicity's little face turned red. He buried himself in William's arms and murmured, "Thank you. It's good to have you by my side."

Beside him, Xena suffered a fatal blow of ten million points.

F*ck, didn't I just come back to care about my sister?

Caught off guard, another ton of dog food was poured into his stomach!

Farewell!

Xena closed the door angrily. "You two are

tired of it! But let me tell you, my brother-in-law, that my sister is still weak. You can't do bad things to her."

Felicity and William looked at the tightly closed door and couldn't help but smile.

On the other side, after all the people left, Zhang Rebecca quickly asked the hotel staff to call an ambulance and sent Yasmine, Bai Sheng auditorium, and Steven to the hospital.

The doctor in the hospital gave the father and son of the Bai family an emergency operation, and finally saved their lives.

As for Yasmine, although she kowtowed so much that there was blood all over her head, she had only bandaged her wound a little. She was fine.

However, her heart felt as if it had been stabbed ten thousand times by a sharp sword, and she was completely lost.

The Bai family's dream of being a wealthy family had come to an end on her 80th birthday.

Not to mention the rich and powerful families, the Bai family was now even worse than an ordinary family.

Thinking of this, she couldn't stop her anger.

Damn William, damn Felicity!

The Bai family's people waited in the hospital

until it was more than ten o'clock in the evening, and then the Bai family's father and son woke up one after another.

They all passed out later and knew nothing about what happened afterward.

When they knew that the Bai family now really had nothing left, the two's faces suddenly looked like funerals.

Yasmine comforted them with a few words in a low voice and then went out with Rebecca and the others.

At this moment, the night was dark and it should have been time to go home.

However, the Bai family no longer had a home.

They used to live together in the Bai auditorium with Yasmine. Since Zhang Rebecca was driven out of his home by William, he had been living in Yasmine's house.

Now they were homeless.

Zhang Rebecca couldn't help but ask, "Mom, where are we going now?"

Yasmine looked at the stars in the sky and sighed. Where else could she go?

At this time, Helen said, "Mom's body is very weak now, and she can't stand the bumps at all. Although the Bai family is gone, I will always be

the noble master of the Bai family in our heart. We can't neglect it."

Upon hearing this, Yasmine finally felt a little relieved.

"I have a body of ten thousand gold, so I can't deal with it outside for a night. Let's go to find a five-star hotel and get a room for me, so that she can have a good rest for the night. We can discuss it tomorrow," Helen said.

Yasmine looked at Helen. For a moment, she was touched.

Yasmine usually looked down on Helen. After all, Helen was short-sighted and a typical housewife.

However, in times of danger, Helen was most concerned about Yasmine.

Yasmine's eyes turned red as she sobbed, "Huiqin, I treated you so well in the past. Not only did you not blame your mother, you even..."

Helen said sincerely, "Mom, I know I'm a little ignorant myself, but I'm completely different from that little bitch Felicity. I'm loyal, filial, and righteous. I'm loyal to the Bai family and to you. I won't forget this at all times."

Zhang Rebecca hesitated at the side and said, "But I don't have money on me. This is a five-star hotel..."

Helen suddenly showed a sly smile and said, "Hey hey, I'm not stupid, but I'm good at money. My parents usually give me pocket money to make up for the Spring Festival. I've kept it all. I have more than 300,000 in my bank account."

This made Yasmine happy. "Huiqin, you are really smart! I thought that our Bai family would not exist anymore! I didn't expect you to keep the Bai family's last hope! With this money, I don't believe that the Bai family can no longer rise again!"

Helen knew nothing about these companies. She said frankly, "Let's go. Mom, let's go to the hotel first and deal with them all night."

Because of Helen's money, the three people rekindled their hopes of cheering up. They took a taxi and found the nearest five-star hotel.

At the reception desk, the waitress said to the three of them very politely, "Hello, is there anything I can help you with?"

"Give me three rooms, an executive suite, and let my mother have a good rest. The two rooms are marked," Helen said.

"Please show me your ID cards. I'll help you check them in right away." The waiter said with a smile.

Yasmine and the other two took out their ID cards and handed them to the waiter.

Yasmine looked at the magnificent hotel and smiled for the first time tonight. "It's better to have money. Money makes the mare go. William wants us to get out of Qena City. Hehe, what does he think he is? It's a big Qena City. As long as he has money, how can it not be my Bai family..."

However, her words were suddenly interrupted by the waiter.

The waiter looked at the identity information on the computer, and his face suddenly became extremely ugly.

His former respectful attitude instantly became rude.

"I'm sorry! The three of you are not welcome at the hotel. Security, drive them out!"

Chapter 350

Yasmine's expression, which had been filled with excitement, instantly froze.

Zhang Rebecca was even angrier and shouted, "Don't talk like that! Do you think we don't have money? Do you know who we are? A small waitress dares to talk to us like this and ask your boss to come out!"

But the waiter sneered and said coldly, "I'm sorry, you've been blacklisted in our hotel. Please forgive me for not treating you!"

Helen's voice was already loud. She shouted loudly, "How dare you do this when you're doing business! I'll file a complaint against your hotel!"

Her voice attracted the attention of many people around her.

Helen felt that she had put a lot of pressure on the other party. She proudly looked at the waiter.

However, the waiter's expression did not change. He directly turned around and was too lazy to pay attention to them.

At this time, the security guard came and drove Yasmine and the other two to the outside without explanation!

Yasmine staggered and almost fell to the ground. She stood at the door of the hotel and began to curse.

However, the hotel waiter was still not moved.

Yasmine's mouth was about to dry from cursing. Zhang Rebecca quickly helped her to the side and rested for a while.

When Yasmine calmed down, Zhang Rebecca said, "Mom, it seems that this hotel is just an empty reputation. The service attitude is so bad. It is a shame for our Bai family to live in it. Let's move to another hotel."

Yasmine nodded her head in satisfaction.

The three of them came to another hotel, and the result was the same as the previous situation.

After reading their information on their identities, the waiter changed his face in an instant and forced them out again.

However, this time, when they were driven out, they heard a sentence.

The waiter said coldly, "The superior has his own orders. The Bai family is not receiving you. Don't talk about our hotel. As long as you can find a place to stay in Qena City, I will kneel down and kowtow to you."

This sentence was like a clap of thunder. It took the three of them a long time to recover from

the shock.

There was a hint of misery on the faces of the three of them.

In Yasmine's mind, she couldn't help but think of what William had said before.

"I want you to be like homeless dogs in Qena City from now on! A rat crossing the street! It's despised by everyone!"

Yasmine originally thought that William was making a big deal out of it.

It was because this was a large Qena City.

"Even if you have a wide network of people, how can you cover the sky with one hand?"

However, reality had given Yasmine a tight slap in the face!

It seemed to say that William's contacts were so wide!

He could cover the whole city with his own hands. It was more than enough!

Was there really no place for the Bai family in such a big Qena City?

Thinking of this, Yasmine's eyes suddenly turned red.

The path for the revival of the Bai family was much more bumpy than she had thought.

Zhang Rebecca, who was on the side,

scolded immediately, "It must be that bastard who leaked our identity information with the support of Mr. Li and Mr. Wang. Mr. Li is the boss who runs catering and accommodation. It's possible that he wants to kill us all."

Yasmine nodded, but she couldn't even say a word.

Helen wanted to say that she would not want to change to a few more people, but she swallowed back her words.

The only way for them to survive tonight was probably to deal with those inns for one night.

But with Yasmine's pride, how could she live in such a dirty place? It was a complete disgrace to her status.

"Otherwise, let's go back to the hospital first. At that time, we'll just say that we care about our family and we'll stay in the hospital for the night." Zhang Rebecca finally asked in a low voice.

Yasmine thought for a while and realized that this was the only way.

The three men touched the darkness and went back to the hospital. However, at a corner, a man suddenly walked out and stood in front of them.

Seeing this person, the faces of the three of them changed on the spot. "You, you..."

The man looked at the three people high up in the sky and said indifferently, "Do you want to stay in Qena City? Do you want to take revenge on William? Do you want to revive the Bai family?"

Yasmine and the others were dumbfounded by the question.

Of these three questions, which one was not Yasmine's long-cherished wish?

Every single one of them was more and more urgent!

The man sneered. "If you want to be loyal to me, I will give you all the riches you want."

Yasmine was stunned for a long time. In the end, the hatred and obsession in her heart made her nod.

"Although I don't know what you want to do, I'd like to!"

Upon hearing that, the man took out a key and threw it to Yasmine. "You can stay in my room now. I'll let you know if there's anything."

After that, the man disappeared into the night.

Watching the man leave, Yasmine suddenly felt that she couldn't wait to revenge!

"William! I swear I won't be a man if I don't skin you alive! Let's go!"

Zhang Rebecca's mouth dropped open, but in

the end, he was unable to say anything.

How could this person appear here!

Early the next morning, when William was sitting in meditation, she heard a burst of rustling around her.

He opened his eyes and saw that it turned out that Felicity had woken up and was currently putting on his clothes.

At this moment, Felicity finally brought some redness back to her face. She looked like a pink peach, and her skin could be broken easily by blowing.

William asked gently, "Are you feeling better?"

Seeing William wake up, Felicity stuck out his tongue wittily. "Well, I feel much better. I feel very relaxed to get on the bed with you today, as if I have thrown away the Five Pillars Mountain."

William smiled slightly. He had finally overcome this obstacle.

"I'm going to cook, and you rest for a while." For the first time, Felicity took the initiative to ask him to cook.

William nodded, but she also got up and went to wash.

When Felicity finished cooking, William looked at the menu and was dumbfounded.

Boiled cabbage, salty radish, and two bowls

of gruel.

"Felicity, are you trying to starve me to death?" William couldn't help but ask.

However, Felicity said seriously, "Bah, bah, don't talk nonsense. I survived this disaster. It must be Bodhisattva's blessing. I've decided to be vegetarian this month. Thank you Bodhisattva."

William was speechless. "It's me who saved you, isn't it?"

Felicity rolled his charming eyes and said, "So, you just need to eat vegetables for a week."

William's heart suddenly went to the sky.

Felicity and his sister-in-law were unreasonable, so it seemed that Felicity and sisters-in-law were not going easy on them.

Wasn't being unreasonable the good tradition of the Bai family?

"Also, during this week of vegetarian meals, you have to behave yourself and defend yourself. You can't fight and kill without moving, do you understand?" Felicity kept talking with his hips stuck out.

William forced a smile. "Okay."

Seeing William agree, Felicity said, "Let's eat."

William was about to eat when the doorbell rang.

He got up and opened the door.

However, the scene outside the door made William get goose bumps all over his body.

Xena stood in front of him, with a big pile of luggage behind her.

"Brother-in-law, I've come to find you to live with you. I'm asking for a sugar daddy."

Chapter 351

Xena's crisp voice made the white snow chopsticks in the room tremble.

William was even more annoyed.

The two sisters of the Bai family were f*cking god-like women.

There was no second strike in the early morning.

Sister-in-law, you're making trouble!

Before William had the time to ask Xena, Xena came in from under William's arms. She said confidently, "Brother-in-law, help me to bring in my stuff."

William had no choice but to move the luggage into the house.

When Xena entered the house and saw that the snow was eating, she was so happy and said, "Wow, let's have breakfast. Wow, I haven't eaten yet."

After that, she went to sit on William's chair familiarly, picked up William's bowl of porridge and drank it.

When she finished drinking, she saw the salted radish and frowned immediately. "Are you crazy for being poor? How can you eat vegetables

like this? Brother-in-law, did you pretend to be generous with me and send me to the company yesterday?"

William wanted to explain how weird your sister-in-law was, but when he thought that this sister-in-law was even more weird, he suddenly did not want to speak.

After Xena finished a bowl of porridge, Felicity faintly asked, "Xena, you bring so much luggage here this early in the morning. Are you going out for a trip?"

Xena's face turned serious. "What do you mean by travel? Sister, you pretend to be clever. Of course I'll move here and live with you."

This sentence made William and Felicity's scalps tingle.

The snow storm and William were fighting against each other, which finally drove Zhang Rebecca out of the field.

"It's only been a few days since this beautiful and warm world of the two. Bai Xena, this demoness, is going to move in?"

It should be noted that the destructive power of Xena was much stronger than that of Zhang Rebecca!

Most importantly, William could turn a blind eye to Zhang Rebecca's words.

But this little goblin couldn't do it.

He did not care about her because she could directly get into Lu Yexue's bed and make a scene.

William and Felicity looked at each other and saw a kind of determination in each other's eyes.

"I can't let this little goblin live here to ruin the peace."

Felicity's eyes were more determined.

This little coquettish girl was always thinking of eating William.

"Xena, why do you suddenly want to live here?" Felicity asked hypocritically.

Xena seemed to have known Felicity's mind for a long time.

Her eyes turned red as tears began to flow out. She said in a wronged tone, "It's all because of brother-in-law. Yesterday, I also fell out with the Bai Family. Now, I am homeless. This was provoked by brother-in-law, so brother-in-law must be responsible for me."

"Moreover, now that the Bai family is wandering like homeless dogs, you and I will be homeless. I am an unmarried woman. It is easy for me to attract the attention of bad men when I am alone outside."

The more she spoke, the more serious she became. Recently, she had burst into tears.

After all, Felicity was soft-hearted. Hearing what she said, he felt guilty. She didn't dare to look at William. She just said to Xena, "Well, you can stay here for a few days. We'll make plans after a while."

William's head thundered.

How many days can this goblin live for to solve this problem?

Why did she feel like she was sending away a Buddha and welcoming a vixen?

Hearing this, Xena smiled through tears instantly. He hugged Felicity and said coyly, "My sister treats me the best. I'll clean up the room first."

After that, she hopped up and brought her luggage to the guest room.

William and Felicity looked at each other. Felicity said in a weak voice, "Why didn't you say anything just now?"

William was stunned. "Good girl, you are talking nonsense."

"You are giving me a chance to speak, aren't you?"

"It's all your fault. I'll ignore you," Felicity said as he hurried back to his room, looking like he was fleeing for his life.

After a while, Xena came out of the room

again, looking youthful and lively.

"Brother-in-law, let's go shopping." Bai Xena said to William.

William did not expect that Xena would make trouble so quickly.

He didn't want to do so.

However, Xena immediately said pitifully, "I just brought two sets of underwear. Do you want me to wear them at home? It's not impossible."

"Don't you have a lot of luggage?" William was pissed off and couldn't help but ask.

"There are some gold, silver and jewelry in it. You know that I like these things the most." Xena said in a frank way.

For a moment, William didn't know what to say.

"I went to complain to my sister and said that you were bullying me and wanted to see what I'm wearing..." As she spoke, she walked towards Felicity's room.

William pulled her on the spot. "Okay, okay, okay. Can't I go?"

William believed that Xena could even say something more shameful.

It was only then that Xena smiled cunningly. She didn't push things too far. Instead, she went to ask Felicity whether he should go with her.

Felicity had just recovered from a serious illness. He didn't want to go out and walk around, so he asked William to accompany Xena.

After hearing this, William thought that Felicity were simple.

"Do you know that you are sending your husband into a tiger's den?"

William followed Xena all the way to the most bustling street in Qena City. Xena immediately entered the state and began to fight with all her might.

After a while, William's hands were filled with a few bags.

"Now, let's go to one of my favorite shops. Their clothes are really good-looking. I couldn't bear to buy them before," Xena said excitedly to William.

William's head was very big, so it seemed that he was coming to be a sucker.

The two of them walked into a brand store called "Tang and Song romantically". Xena acted as if she didn't care about money. She grabbed her clothes and threw them at William. She didn't even need to try on her outfit.

Just as William was depressed, a gloomy voice suddenly came from behind.

"Hey, aren't you William? It's really a rare

meeting in life."

William and Xena turned around to look.

A man and a woman were standing behind them.

The woman was dressed in an exquisite suit and uniform, which made her look quite pretty.

As for the man, he was Sun Richard, whom William had seen before.

This Sun Richard seemed to be a pursuer of Liu Tigger's daughter, Sharon.

Later, her hand was pierced by William's hand.

At this moment, he was still wearing bandages on his body.

Sun Richard looked at William. She hated the sight of her enemies!

For countless days and nights, he had been thinking of ripping this bastard to shreds!

"How dare you to stab my hand!"

Almost caused him to become disabled for life!

"If I meet him today, I'll make sure to get my dignity back!"

The woman frowned and asked, "The plum blossom forest, is this your friend?"

This woman's name was Chen Yingran. She

was the daughter-in-law of the emperor's family, whom Sun Richard had just hooked up with.

Sun Richard stared at William and said coldly, "Friend? Hehe, I can't afford to have such a friend! My hand is because of him!"

Hearing this, Chen Yingran's face changed. She called the clerk and asked, "Are they here to buy something in our store?"

The clerk nodded, not knowing what he was talking about.

Chen Yingran proudly looked at William and the overwhelmed Xena and said, "I'll count to three. Put down your clothes and get out of my store."
