

Chapter 358

Sun Richard wanted to kill William? She wanted to possess his woman?

"Do you know how many strokes there are in death?"

They wanted to speak up and clear up this matter.

However, they looked at each other. None of them dared to stand out and speak first.

After all, the pressure William gave them was too much.

Zhang Ruolong was really a dead man. Just one word from him and Zhang Ruolong would be gone.

"Who dares to take the initiative?"

After all, they were just gangsters, and they were completely frightened at the moment.

Xena felt even more wronged by Sun Richard's laughter. She could not stop her tears from falling down.

William just wanted to make a joke like frost, but she did not expect that she was really afraid. So William quickly comforted her, "Well, okay, don't cry. I was joking just now. How can brother-in-law be willing to give you up? Don't cry, or your

sister will punish me when we go back."

Xena was stunned and looked at William with suspicion. "Are you really joking? You won't hand me over? Is it because you are reluctant to part with me?"

William sweated.

What kind of thinking went through this little goblin's mind.

How did he manage to grab hold of the words 'don't want to leave'?

However, William still nodded.

Xena was delighted and immediately smiled through tears. "I know my brother-in-law treats me the best."

After that, regardless of the crowd on the spot, she kissed William's face and then quickly hid behind him.

Feeling the residual heat on her face, William looked helpless. He could not let Feng and Feng know about this matter.

Otherwise, she would go ballistic.

And Sun Richard saw that the two were about to meet a disaster and still dared to flirt with each other. Anger filled her whole body.

"It seems that you refuse a toast only to drink a forfeit! That's fine too! When the time comes, I'll tie this kid up and let him have a good look at the

scene of this little beauty accompanying us!" Sun Richard said as he shouted, "Brothers, attack! Let's break the kid's limbs first!"

However, the scene was dead silent.

Sun Richard stared fiercely at William and roared again, "Be quick! There's no need to be merciful!"

The scene didn't move again.

Even Xena was at a loss.

Those people earlier were all fierce and vicious. They regarded Sun Richard's lackey as the glory of their lives.

Why were they not listening to Sun Richard's words at this moment?

"Is there going to be an internal strife?"

Sun Richard was so angry that she cursed in her heart. "You're really a country bumpkin! Don't you understand my orders?"

He turned around and looked behind him. The few people were all glaring at by Sun Richard's aggressive appearance and retreated two steps in succession.

Sun Richard took a step forward and scolded in a low voice, "What's wrong with you guys! Why don't you do anything even if you have taken my money! If you make me lose face, I promise that you won't be able to survive in the early morning!"

The few people looked at each other in speechless despair.

If they couldn't survive in Qena City, they wouldn't be able to threaten them.

If we offend you, we will not be able to survive in Qena City.

And if we offend the big devil on the opposite side, we will not be able to survive in the human world.

"Come on, all of you!" Sun Richard could not help but push the person in front of them.

Not only did that person not resist, he even directly shrank to the end.

This scene made Xena speechless. She whispered to William, "Brother-in-law, they were so fierce just now, why are they all frightened now?"

William did not answer directly, but said with a smile, "You just watch the show."

Xena blankly looked at William and thought, "Is there any story behind it?"

In the end, one of them mustered up the courage to say to Sun Richard, "Brother Sun, when you asked us to beat people, you just said it was a small Luo. You didn't say that the other party was William."

Sun Richard did not realize that something was wrong. She said angrily, "Nonsense! Isn't this

kid just a kid!"

The several gangsters were dumbfounded when they heard this.

"F*ck, in Qena City, Liu Tigger is just a nobody in Sun Richard's eyes, even though he respects me a little."

Was Sun Richard really stupid? Or could it be that the few of us could not see the situation clearly?

Sun Richard came to his senses and asked again, "Do you know this kid? Is he your friend?"

The few people shook their heads in unison.

Someone said, "We aren't his friends."

"Enemies?" Sun Richard asked again.

For a moment, they didn't know how to answer. They hesitated and said, "I do have some grudges..."

Sun Richard's voice grew louder when she heard that. "Isn't that just right? Revenge for hatred! You have to thank me for giving you a chance to seek revenge!"

"Do you still want to take revenge? If you don't, we'll leave first." William shook his head and asked.

Sun Richard was so angry that her face turned pale. "What the hell? How dare this kid act so arrogantly in front of me!"

"Go, can you go now?"

But when the few people heard William's words, their bodies trembled and they quickly waved their hands. "No revenge, no revenge."

"Damn it!" Sun Richard was so upset that she wanted to beat him up.

He was so cowardly that he had gone to this place!

"I'll add 10,000 on my own! This is all right, isn't it?" Sun Richard finally said angrily.

According to his observation, they had been so excited when he gave each of them 10,000 yuan.

Now that he added 10,000 more, it would be enough for them to become desperados.

However, unexpectedly, these people waved their hands repeatedly. "No, no, no. Brother Sun, let me tell you the truth. Even if you give us ten million yuan each, we won't accept it."

"Why! Do you all have the guts of a man?" Sun Richard grabbed a person's neck directly.

The person said in a trembling voice, "Because we are afraid that we will not be able to spend our lives if we have money!"

Then, the other people suddenly stood in front of William and knelt down in front of him.

Seeing this, Xena was stunned and she was

stunned by Sun Richard.

"Mr. Lu, I'm really sorry. We didn't know it was you who offended you today. Please be magnanimous and spare our lives, OK? Let's promise that we will go back to the countryside immediately and never step half a step into Qena City again. Is that okay with you?" The few people kept kowtowing to William.

"Damn! What's going on here?" Xena couldn't suppress her curiosity and couldn't help asking. Seeing that there was no danger anymore, she couldn't help but ask.

William said with a smile, "I have met them before. Oh, they are Zhang Ruolong's friends."

Xena heard that. "Uncle? Yes, where is my uncle? Why hasn't he heard anything in the past few days? Did he go back to his hometown?"

When those people heard this, their bodies trembled.

Was returning to the countryside that simple?

It's going back to the netherworld!

"Since you know that you are wrong, I don't want to haggle over with you. Get out of here." William said lightly.

Those people felt like they had been granted amnesty. They kowtowed profusely. "Thank you, Mr. Lu, for your great kindness. We'll never forget it in this life! When we return to the countryside,

we'll worship you and worship you every day!"

After that, they stood up, turned around, and went downstairs.

However, when they were halfway down the stairs, they stopped and looked at Sun Richard, who was so angry she was speechless. Then, they turned to ask William.

"Master Lu, this Sun Richard, do you need us to do it? Just say a word!"

@vamp20w0111

Chapter 359

Sun Richard, who was standing by the side, was already very angry when she saw these people admitting defeat to William.

Just what kind of ability did this William have!

Unexpectedly, these ruffians were so scared that they didn't even dare to make a move, so they directly knelt down and gave in.

This was good. He had expected these people to teach William a lesson for him, but now it turned out to be a shame in front of William again.

Fortunately, Wu Xudong still had some tricks up his sleeve, and his people were coming soon.

At this time, Sun Richard, who was depressed, heard the words those gangsters said to William again. She almost had a brain full of blood!

"What kind of people are they?"

"I spent money to hire them, so it's okay that they don't help."

"You still want to beat me now!"

"How dare you!" Sun Richard scolded them viciously.

But those people did not pay attention to Sun

Richard's words at all. Instead, they looked at William with expectation.

These words and this busy task. They all wanted to atone for their sins.

Upon hearing this, Xena's mind was buzzing.

"The reverse of this matter is simply unfathomable."

What on earth did William do to them that made them turn against each other even though they didn't care about the righteousness of Jianghu?

However, his brother-in-law was really powerful. He didn't even have to fight with these random people. With a shake of his body, these people fell directly to the ground.

"Brother-in-law, screw him up." Xena didn't think it was a big deal, so she encouraged William to say.

After all, Sun Richard had said something disgusting to Xena earlier. She had been so angry that she had cried.

He would definitely avenge his father's death.

Everyone at the scene immediately turned to look at William.

Sun Richard's heart skipped a beat. She suddenly had a bad feeling.

"What the f*ck? Could it be that I really invited

someone to beat me?"

She felt so wronged by what she had said!

William wouldn't dare to do that. After all, they were in Wu Xudong's territory, so he was weak.

Just as he was thinking about it, he heard William smiling.

William saw Sun Richard's embarrassed expression. He smiled slightly and said to Xena, "Forget it, I promise your sister that I won't be bloody this week."

Upon hearing this, Bai Rubing's head was about to pop out of her head. "What kind of godly sister-in-law is this?"

Of course, in the face of a formidable enemy, he would fight to the death!

"What a f**king vegetarian!"

Can eating vegetables help you give birth to babies?

"Brother-in-law!" Xena couldn't help but act like a spoiled child. "You just heard what this guy said to me too much! You don't even want to help me."

William shook his head. "Forget it. If you want to forgive others this week, you'd better forgive them when necessary."

In William's heart, an unpresentable person like Sun Richard did not even have the right to be

his opponent.

Don't mention that it made William angry.

He didn't deserve it.

Hearing William's words, the few hooligans looked at each other in speechless despair.

"Damn it! Do the devil nowadays still choose the time to be a vegetarian?"

"He's too particular about it!"

But fortunately, he was a vegetarian this week. Otherwise, they might be killed by him again.

The hooligans quickly clasped their hands to William and said, "Since Master Lu said so, we'll go first."

After that, they ran downstairs like homeless dogs.

Wu Xudong, who was squatting downstairs, could not help but frown when he saw these people coming down. "Why did you come down so quickly? Is the upstairs finished?"

The gangsters looked at each other and nodded firmly. "Well, we're done."

Wu Xudong was happy. He didn't expect that William was so weak.

He was taken care of in just a few minutes?

From the looks of it, Brother Sun upstairs was

currently staring at that little beauty.

Wu Xudong was a very picky person. This little beauty was someone Sun Richard had made an appointment with. Naturally, she had to let Brother Sun have a taste first.

He looked at the time and decided to wait another dozen or twenty minutes to give Brother Sun enough time to play with.

He asked someone to open the door. After sending these gangsters out, he locked the door again, and even let the staff go straight back from work.

After all, it was really spring in Spring Villa tonight.

At the thought of this, Wu Xudong felt an itch in his heart. He couldn't wait any longer.

The little beauty's appearance was simply too attractive.

Upstairs, Sun Richard saw that William did not dare to hit her. She heaved a sigh of relief.

He looked at William fiercely. "Well, I didn't expect you to have this skill. However, today's things will not end like this."

"What else do you want? I'll beat you up if you don't believe me!" Xena was full of confidence now that she had William as her backing. She gestured angrily at Sun Richard with her fists.

Sun Richard stared at William and said, "Don't think that I'm the one who called these good-for-nothing guys. Haha, my people are still behind us. Don't go if you have the guts!"

As soon as Xena landed on the ground, she was going to go down. "Humph, who cares about you, you stupid fool."

But instead of moving, William said to Sun Richard, "I'm not here to make trouble for you. I just want to tell you that you should keep a low profile when you're in Qena City. No matter who you are, my wife or my sister-in-law, they're not in your mind. I hope you can engrave these words into your bones."

William had come over to give Sun Richard a warning.

However, Sun Richard laughed out loud when she heard that. "What a joke! I'm afraid of anyone in Qena City! Are you trying to threaten me?"

William nodded. "Sort of."

"What if I don't listen?" Sun Richard asked teasingly.

"If you don't listen to me, then you'll have to pray." After saying that, William walked downstairs.

But Sun Richard stood in front of William and said with a ferocious face, "You want to leave? It's not so easy! Don't say that you threatened me."

Even today, if you can get out of this door, I will write upside down!"

Just as she finished her sentence, she heard a hubbub outside the door.

Sun Richard was overjoyed when she heard that!

It must be Wu Xudong's men.

Wu Xudong's men were no match for Wu Xudong's minions.

After all, they were real Jianghu men.

Wu Xudong was the only one in the room.

"Now, let's see if this kid is scared or not!"

"Hahaha, my brother's men have arrived. Brat, just wait and die!" Wu Xudong roared ferociously.

Outside the door, there came the sound of someone knocking on the door. "Open the door!"

"Did you hear that? They are about to come up! I will give you another chance to apologize! If you miss it, you will regret it for the rest of your life!" Sun Richard laughed loudly.

The sound downstairs was getting louder and louder, and the sound of knocking on the door was getting louder and louder.

Hearing this, Xena's heart was in her mouth again.

"According to the sound downstairs, there are

at least dozens of people!"

What the f**k!

"It's a miscalculation!"

Sun Richard's kid had indeed done everything he could!

However, William did not change her expression and shook her head. "It's boring people. You always look for a way to get short-sighted."

Just as she finished speaking, a domineering voice came from outside the door downstairs!

"Open the store for me!"

@vamp20w0111

Chapter 360

Upon hearing this overbearing voice, Xena could not react in time. She could only feel her heart thumping violently!

How did Sun Richard get such a helper? How could he be so vicious!

He was going to tear down his shop at the slightest disagreement!

This move was really fierce!

Sun Richard was also stunned.

"What's going on downstairs?"

"Didn't Wu Xudong's men come here?"

"Could it be that Wu Xudong is not downstairs, so his men can't come in?"

"Should I go down and open the door?"

Just as he was hesitating, he saw the corner of William's mouth curve upwards, revealing a cruel smile.

This overbearing voice couldn't be heard by others.

Would William not be able to hear it?

Although she didn't know why, it was true. Brother Tigger came in person.

Thinking of this, William glanced at Xena who

was next to her.

At this moment, the sound of knocking on the door came from downstairs!

Even the whole wooden building trembled slightly!

There seemed to be thousands of troops and horses downstairs, surrounding the entire building.

They began to attack this building from all directions.

Sun Richard's scalp felt a little numb.

Shit, how many people did Wu Xudong call to help me?

"Why did they demolish the building just because they didn't agree with each other?"

Just as he was thinking about it, he heard the sound of hurried footsteps coming from downstairs.

After a while, Wu Xudong appeared in front of Sun Richard.

Wu Xudong's face looked terrible to the extreme at this moment!

He had originally wanted to go downstairs and fantasize about the next beautiful scene, but he heard the sound outside the door.

Then, before he had time to react, the people outside began to cut down the whole wooden

building, as if they were going to tear down the whole building.

From the looks of the situation, there were at least a hundred people outside the door!

Wu Xudong was just a little rich second generation. He usually relied on his father's reputation and played with women everywhere. He had never seen such a shocking scene.

He was also sure that although he was very idle, he did not get into any big trouble and send people to tear down the building directly.

Wu Xudong thought about it. Could it be that Sun Richard had gotten into some big trouble, which was why she was acting like this?

He didn't dare to open the door at all, so he had to rush upstairs to find Sun Richard.

However, when he saw William and Xena standing right in front of Sun Richard, Wu Xudong was stunned.

How could the two of them be alright?

"The male is not beaten, and the female is not humiliated?"

"What's going on?"

"Brother Sun, what's wrong with them?" Wu Xudong asked with a face of confusion.

Sun Richard was even more confused than Wu Xudong. She asked in return, "Xudong, where

did you get the help? How did you ruin your shop?"

Wu Xudong came to his senses as soon as he heard this. He wanted to cry but had no tears.

He said to Sun Richard with a grievance, "Brother Sun! What kind of great person did you offend outside? Now they come to us!"

Sun Richard's face turned pale when she heard that. "What! You said the crowd outside isn't your subordinate!"

Wu Xudong nodded quickly and said, "That's nonsense! I called three or four people. They just called me and said that they were stopped by a big tree and couldn't come in. They are coming in. It will take at least ten minutes."

"Then, based on what you're saying, who are these people outside?" Sun Richard had a bad feeling in her heart.

"Then I have to ask you! Brother Sun! I only want this shop. I am still counting on this shop to retire. If my shop is destroyed, what will I do in the future?" Wu Xudong said, almost crying.

Sun Richard quickly walked out of the window and lowered her head.

At the sight of this, I leaned back on the spot and turned my head back!

His whole face became extremely pale!

"Brother Sun, what's wrong?" Wu Xudong

asked with concern.

Sun Richard was so frightened that she could not even say a word.

Wu Xudong walked to the window by himself as soon as he saw it.

"Look at it, look at it, look at it, look at it!"

Then the two of them were so scared that they squatted down on the ground and huddled up.

What did they just see?

They saw that there seemed to be tens of thousands of troops and horses downstairs, as if there were iron hooves stamping on them!

The first floor was surrounded by people!

Just now, the estimated number of people was less than two hundred!

There were at least four or five hundred people!

They surrounded the Chunyi Villa so tightly that even a drop of water couldn't leak out!

In their hands, there was a knife and a stick!

The knife was shining with cold light!

As the saying goes, "You're commanding!"

They hit the building like crazy. After a while, the whole building began to tremble violently.

It seemed that he was in great danger.

It seemed that there was the danger of collapse at any time.

"Brother Sun! You've brought trouble upon yourself! Think carefully, have you offended someone you can't afford to offend recently?" Wu Xudong's heart ached for his shop and he suddenly regretted befriending Sun Richard.

Looking at the group of people downstairs who were unwilling to give up until one of them died, he would suffer a great loss if he was involved in this matter.

Sun Richard's expression was uglier than if she was crying. "How would I know who I've offended! If there's someone important that I can't provoke, how can I not know? Besides, I don't know the people downstairs at all. I don't have any deep hatred with them!"

Seeing the two of them shivering, Xena asked William with a lingering fear, "Brother-in-law, what's going on downstairs! Did they really offend someone they shouldn't? We won't get into trouble, will we? Should we run first?"

William looked at the nervous face of Xena with amusement, and suddenly whispered inexplicably, "People, aren't you the one who called? What are you running for?"

Xena's eyes were blank. "What did you say? Brother-in-law, what are you talking about? Are we

talking about the same thing?"

William smiled without saying anything.

Xena laughed so hard that it made her hair stand on end. Suddenly, she patted her head and couldn't help but shout, "Don't tell me!"

She remembered that on the way here, she had sent a message to her sister, Felicity, asking her to ask for help.

Could it be that the group of vicious people downstairs were called by Felicity to help?

"But it shouldn't be like this. My sister is pure in nature and has a simple communication with others. How can she know such a group of masters?"

"Who exactly are they?" Xena asked curiously.

Looking at the two trembling people, William smiled and said, "You will know when you come in."

At this time, there was a loud noise downstairs!

The thick wooden door collapsed with a loud bang!

Sun Richard and Wu Xudong shook and their faces turned pale!

The people below were coming up!

"Thump! Thump! Thump!" A series of rhythmic footsteps could be heard coming from

the wooden staircase.

The voice seemed to step on the hearts of those two people. They stared at the direction of the stairs with a cold face.

Who the hell would it be!?

A person slowly appeared on the stairs!

It was getting clearer and clearer!

When they saw the man's face clearly, Sun Richard and Wu Xudong were both stunned and sat down on the ground together!

The King of Grounds in Qena City, Liu Tigger!

A personal visit!

@vamp20w0111

Chapter 361

Sun Richard was so frightened that she was shaking all over.

There was only one thought in his mind.

"Why would Liu Tigger come here?"

"Hasn't he been very busy recently?"

When he was busy recovering the underground of Qena City, he actually had time to come to this remote place.

In fact, he even had so many subordinates with him!

When Sun Richard saw Liu Tigger coming over, she finally understood some of his questions.

Who else could have such charisma and courage in Qena City?

He could gather hundreds of people in an instant to attack the building in a dignified way!

At present, there was only Liu Tigger in Qena City!

He was fearless!

However, what was his purpose in coming here?

Sun Richard instinctively wanted to say

whether she had come to save William.

But on second thought, it was impossible.

William was just Liu Tigger's subordinate.

There were more than a thousand of his subordinates!

What's more, Liu Tigger's identity was no longer the same as before.

How could he gather so many men to attack the building just for one of his men?

William's face was too big, wasn't it?

"It's impossible!"

Sun Richard quickly rejected this thought. She could not help but feel angry.

William was so lucky!

"I can't believe I can run into Brother Tigger here!"

"It seems that I can't do anything to him today."

At this time, Liu Tigger had completely stood in the box. Behind him, all his men were aggressive.

When Xena saw this scene, she suddenly had a feeling of going back to the past.

When he first joined the Lin family, it was Liu Tigger who was as vicious as him!

However, how could his sister know people

like Liu Tigger? It was strange that she could ask him to help her.

What was even stranger was that his brother-in-law did not seem surprised at all. In fact, he was not even angry at all.

If at ordinary times, Felicity's brother-in-law was a jealous man, and he would not submit to anyone who dared to treat Felicity a little better.

Now her sister invited another man to help for her brother-in-law. Wouldn't her brother-in-law feel uncomfortable?

For a moment, Xena added a strange family ethics drama...

"Brother Tigger, what brings you here? I'm here to pay my respects to you." Sun Richard and Wu Xudong walked to Liu Tigger, shivering.

They didn't dare to ask why Liu Tigger made such a big fuss.

If he asked no wrong, he would be wrong.

Liu Tigger frowned when he saw Sun Richard. "Haha, it's you!"

Her words made Sun Richard's heart skip a beat!

He looked at Liu Tigger's fierce eyes, and suddenly his heart skipped a beat!

"It's over!"

Sun Richard suddenly thought of something!

When Liu Tigger was plotted against by Sirius and lost consciousness in bed, he had found someone to use as an excuse to replace William and almost caused Liu Tigger's death.

"Is Liu Tigger here to take revenge on me today?"

Only this kind of life-and-death hatred could make Liu Tigger do such a big fight.

What the f**k!

"I am so self-respectful that I have bothered Brother Tigger to come here."

Thinking of this, Sun Richard forced himself to say hurriedly, "Brother Tigger, you don't want me to ask someone to save you. I know I'm wrong. I was just in a hurry, but the person I invited..."

"Since I didn't mention it again, it means that I won't pursue the matter." Liu Tigger interrupted Sun Richard's words directly.

Sun Richard was happy. Haha, Brother Tigger was not going to pursue this enmity between life and death!

He was finally able to escape this calamity.

Thinking of this, Sun Richard winked at Wu Xudong, indicating that there was nothing to do with him. It must be you who had provoked Brother Tigger.

Wu Xudong's smile was so ugly that it was worse than crying!

With his status, how could he be on par with Brother Tigger?

Not to mention provoking him.

Sun Richard saw that Wu Xudong did not dare to speak and was afraid that Brother Tigger would take the initiative to look into the matter. She asked, "Brother Tigger, did my brother offend you? Please tell me..."

Wu Xudong was so scared that he didn't even dare to raise his head.

But Liu Tigger said with a faint smile, "I don't know him."

Hearing this, Sun Richard patted Wu Xudong's shoulder and whispered, "Brother Tigger said he didn't know you. It seems that we are all right today."

"Since we are all right, why did Brother Tigger come to my store?" Wu Xudong asked in a low voice.

Sun Richard suddenly turned to look at William.

Haha, this kid's personality was arrogant. At first glance, it was obvious that he was making trouble outside.

"Could it be that Brother Tigger came here for

this boy?"

"It must be this guy who provoked Brother Tigger and let Brother Tigger pursue us for thousands of miles!"

Sun Richard told Wu Xudong about his thoughts.

Wu Xudong nodded with a blank face.

When Liu Tigger saw the two talking to each other, he suddenly sneered and said, "I don't know him, but he knows you, so he committed the same crime as you!"

These words were meant for Sun Richard to hear.

Hearing this, the two of them got goose bumps.

What did that mean?

Wu Xudong was scared out of his wits.

Oh no, in the end, could it be that Sun Richard had offended Brother Tigger!

"Now, I'm going to be the sinner with him!"

What the f**k!

Sun Richard looked as if she wanted to cry but did not. She asked, "Brother Tigger, aren't you not going to pursue what happened to me earlier? You are a bigwig and you should keep to your promises."

Liu Tigger smiled indifferently. "I'm a man of my word. I won't punish you for what you did before, but I'll punish you for what you did today!"

"Today? What's up today?" Sun Richard could not react in time.

At this time, Liu Tigger came to William.

He was about to bow down and say hello to William.

But at this time, William gave him a look, indicating that there were subordinates behind Liu Tigger.

If his subordinates saw that Liu Tigger was so respectful to a young man, it would inevitably cause a stir in their heart.

Now it was Liu Tigger who had just integrated Qena City. The reason why everyone surrendered to Liu Tigger was because of Liu Tigger's prestige in Qena City for decades.

If everyone knew that Liu Tigger had someone else backing him up, they were afraid that unnecessary disputes would arise at this juncture.

Liu Tigger also thought about all this in an instant and nodded to William.

Since he served William as his master, he had already made up his mind to spread William's prestige across the entire Qena City under the

scrutiny of tens of thousands of people.

He was also looking forward to the picture of everyone kneeling down on one knee to show their respect to William.

However, that was not the case now.

It seemed that they had to wait a little longer.

"Do you know why I'm here?" Liu Tigger asked faintly.

"You don't know?" Sun Richard and Wu Xudong said dully.

Liu Tigger's face suddenly darkened. "Because, you deserve to die! You even dare to offend my family!"

Family?

The two of them were even more puzzled.

"Where is Liu Tigger's family on the scene?"

But at this time, Liu Tigger pointed at Sun Richard!

"He's going to Wu Xudong!"

Even more than that, he said to his brothers behind him, "Xena is my daughter that I just recognized a few days ago!"

"You two b*stards! What do you want to do to my daughter?"

Chapter 362

Liu Tigger's words were like a clap of thunder, blowing everyone on the spot hard to breathe!

Sun Richard and Wu Xudong looked at each other. Their eyes were filled with fear!

Xena was Liu Tigger's goddaughter!

It was no wonder that Liu Tigger would make a big fuss tonight and almost tear down the store!

"It's over!"

The two of them thought that they were both thinking about Xena just now, and their hearts were wildly pounding.

This was especially true for Sun Richard. He had flirted with Bai Ruoxi more than once earlier.

He thought that although William was frightened, he did not dare to do anything.

But what was Liu Tigger afraid of?

No fear, no fear, no fear!

Furthermore, Sun Richard knew that Liu Tigger was a complete slave girl!

He had been in a lot of pain because of Sharon's help.

And now he had adopted a goddaughter!

In the future, who would dare provoke Xena in

Qena City!

"What should I do now?"

At the same time, Xena's face was also burnt black from the explosion.

"When did I become Liu Tigger's goddaughter?"

He and she had nothing to do with each other.

However, Liu Tigger's words were spread out in this way.

When all of his subordinates had spoken up, they would not be able to catch up!

Xena looked at William helplessly and asked in a low voice, "Brother-in-law, what's going on?"

William shook his head and smiled bitterly.

"What a good Liu Tigger. I suggested that he don't have any relationship with me, but he is directly related to Xena."

"He's really an old-fashioned clever.

However, William was not dissatisfied with Liu Tigger's words.

"Xena has drawn a clear distinction with the Bai family now. If she doesn't stay with me in the future, she will inevitably be wronged."

Now Liu Tigger's words were released, which meant that he added an amulet to Xena as she

walked in Qena City.

No one dared to bully her anymore.

"You just follow his words." William also whispered to Xena.

Xena's face was full of grievances. She had an extra dad out of nowhere...

"Brother Tigger, I didn't mean it. I was wrong. I really didn't know she was your goddaughter before. I really didn't do anything to her. I swear to God!" Sun Richard was so scared that she fell to her knees and shivered.

Liu Tigger, however, snorted. "Haha, if I hadn't arrived in time, you would have sworn to God that you wouldn't do anything to hurt my daughter?"

"This..." Sun Richard was stunned. However, he wanted to prove his evil intentions to everyone.

"Xena, what do you think they will do? Just say it!" Liu Tigger said to Xena.

Xena feared Liu Tigger.

She unconsciously hid behind William. Then, an idea struck her and she said, "I'll leave this matter to my brother-in-law to decide."

William smiled a little. "This little goblin who can hurt others knows how to play football."

Sun Richard saw that the right to speak had fallen on William again. She immediately turned around and kowtowed continuously to William.

"Big Mr. Lu, I was wrong before. Please let me off. I will be your slave in the future to repay you!"

William didn't intend to do anything to him, so she said, "You were lucky to make trouble during my vegetarian time. Brother Tigger, let's forget it. Anyway, you just need to give me some advice."

Liu Tigger, of course, was obedient. He said, "Thank them, quickly!"

Sun Richard hurriedly thanked her.

"Let's go down first. How many people do you have, Brother Tigger? This large box can't accommodate any people." William looked at the sea of people behind Liu Tigger. For a moment, his head was a little big.

Liu Tigger looked back and his head was bigger than William's. "Let's go down and talk about it outside."

The group of people returned to the empty space outside Chun Yi Villa.

Only then did Wu Xudong and the others see that the buildings outside the building had been smashed beyond recognition, and there were broken pieces of wood everywhere.

The whole building was really in jeopardy.

Just as Wu Xudong's heart ached, Sun Richard suddenly shouted out again.

After he shouted, he quickly covered his

mouth, but his eyes were full of horror!

Even when William saw the scene in front of him, he was also speechless!

F*ck, how many people did Liu Tigger call?

Just now, a group of people came down from the upper floor, and there were hundreds of them.

She didn't expect that there were so many people standing outside.

There were at least 600 or 700 people!

He was going on an expedition!

A while ago, Liu Tigger defeated the underground of Qena City with great fanfare, but there was no such a big scene.

Today, they had actually come in full force.

Sun Richard and Wu Xudong, who were in the crowd, seemed particularly lonely.

If they were to really fight, the other party wouldn't even be able to take his life, even if he had thousands or hundreds of lives!

Liu Tigger was really a fucking slave girl. He just called Xena out, but before he could do anything, he had sent so many people to come over.

"A scare can scare a person to death!"

William said to Liu Tigger with a helpless face, "Brother Tigger, your formation is too big."

Liu Tigger looked at the black people and felt a little embarrassed for a while.

Wasn't this a whole plot of the matter?

When Liu Tigger received the call from Felicity, he thought that William was really in danger.

It must be very difficult for William to encounter dangers, so he called so many people and wanted to launch a sea of tactics.

But he didn't expect that there would be only two dogs and jerks at the scene.

From the looks of it, it was indeed a little bit worth it to start a large-scale operation.

But Liu Tigger himself also felt wronged.

"It's all because of your good wife, William."

It was estimated that she had not figured it out. She only heard that William was in trouble, so she told the news. That was why there was such a misunderstanding.

"Well, people are a bit Doha. I'll be careful next time." Liu Tigger scratched his head a little embarrassedly.

By her side, Xena was completely shocked.

Oh, my gosh, sister, you really think we are in a dangerous place.

This scene was too frightening!

Just when everyone was speechless, a man with no sleeves squeezed in and said loudly to Liu Tigger, "Brother Tigger, how is it going? I am afraid that there are not enough people, so I temporarily sent more than 200 people to come here. Now we are on the way here!"

Hearing this, Sun Richard and Wu Xudong's legs went soft and they kneeled directly on the ground.

"Why do you want to call for help?"

"Can't you stop talking about this?"

"I can't let him live."

When William saw who this person was, he suddenly smiled.

This man was the man who had been punished with a broken arm by Brother Tigger because he had offended him.

"It's fate."

Hearing Xiao Dao's words, Liu Tigger was even more embarrassed. He quickly waved his hand and said, "Stop yelling, let them disperse and go back!"

When people came again, Qena City thought that Liu Tigger was going to rebel.

Dumbfounded, Xiao Dao said, "But Brother Tigger, didn't you say that the more people there are, the better?"

"Well, the matter has been settled." Liu Tigger was a little embarrassed in the face of his men.

At this time, Knife suddenly saw William beside Liu Tigger.

This time, he was so scared that he stepped back one or two paces!

Chapter 363

Seeing that William was here, Knife suddenly understood why Liu Tigger would bring so many people here tonight, with a worried look on his face.

It turned out that this Master Lu was here!

At the scene, except for Liu Tigger who knew William's identity, he was the only one left.

Xiaodao still remembered that Liu Tigger admitted that William was his boss in front of those hooligans that day!

There was a strong force on the knife. Above the force was Liu Tigger and above Liu Tigger was William.

There were several levels of status in it.

In the Small Knife's mind, this was not William, but the ancestor of Lu!

Thinking of this, Xiao Dao suddenly knelt down in front of William and bowed. "Hello, Master Lu! I'm here to greet you."

Upon kneeling down, everyone was stunned!

Everyone looked at Xiao Dao with a puzzled look.

The knife came over and just made a bow to Liu Tigger!

But for this William, she actually knelt down directly!

Could it be that William's identity would be more horrible than Liu Tigger's?

Otherwise, Xiao Dao would be Liu Tigger's subordinate.

If his hand knelt down on others, wouldn't that be a slap on Liu Tigger's face?

Liu Tigger should have been furious.

However, Liu Tigger's expression did not change. It was as if this scene was only right for him!

The mystery in this matter was worth pondering!

Sun Richard was so frightened that her face turned pale!

What the hell was going on!?

"Who's the king of tonight's feast!"

Why did it seem that William was calmer and more relaxed than Liu Tigger? He looked like a king!

William looked helpless, coughed, and looked at Liu Tigger.

Liu Tigger pretended to be angry and said, "Knife, get up quickly! Shame on you! You can just do the bet on kneeling in private."

Everyone suddenly realized that Xiao Dao and William knew each other and lost the bet to William, so he knelt down and called him grandpa?

Looking at the serious look on Liu Tigger's face, Knife got up with a dull look.

What's wrong with Brother Tigger?

"Did I kneel down in the wrong place?"

Just as he was in a dilemma, Brother Tigger suddenly gave him an affirming look, indicating that he was doing a good job.

This made Knife even more confused.

"What on earth happened just now?"

He had only arrived a short while later, but he had already sensed that the world had already changed.

William just saw Liu Tigger's secretly rubbing eyes and sighed.

He also knew the good intention of Brother Tigger forsaking Little Sabre's kneeling.

She was trying to pave the way for her to rule Qena City in the future.

He would rise to the top of Shangqing City sooner or later under the watchful eyes of the public. This was nothing more than a prelude.

"Brother Tigger, is this the target we are going

to deal with tonight? Why are there only two people? Is there an ambush?" Xiao Dao suddenly looked at the trembling Sun Richard and Wu Xudong.

Before Brother Tigger could say anything, Xiaodao had already ordered, "Go and check around and see if there are any ambushes."

She looked as if she was saying, "Better to be careful than to sail on a boat."

The group dispersed in all directions in a flash.

Just as William wanted to say "no need", someone suddenly shouted in front of them, "Brother Xiao Dao, you're so clever. There's an ambush! We caught them!"

Everyone was stunned and they both gave Sun Richard and Wu Xudong a butcher's knife!

Sun Richard was so scared that she almost wet her pants on the spot. She quickly waved her hand and said, "No! We really didn't send anyone here! I swear to God!"

"I swear to God too!" Wu Xudong quickly followed.

At this time, she had been brought over.

There were only four people in total.

These four people had been hiding behind a tree just now. When they saw such a murderous

group of people, they had already been scared silly.

Therefore, he didn't even have the strength to escape.

Wu Xudong's mind went blank at the sight of these four people.

"He's really one of my people!"

Wu Xudong had told Sun Richard that he had a backup plan and called a few brothers to support him.

Now, their brothers had arrived.

It was like a sheep entering the tiger's mouth.

And he was caught right on the spot.

The four men's legs were so weak that they couldn't even stand still. They collapsed into Sun Richard's and the others' hands.

"Who are you! What are you doing here! Tell me the truth! Otherwise, humph!" The knife fiercely said to the four people.

The four men hurriedly knelt on the ground and honestly said, "We are Brother Wu's men. He called us to support him and said that he would teach a little boy a lesson today. He also said that he had a woman to play with. We know so much."

This sentence was like a thunder from the sky. Wu Xudong's face turned pale and he almost fainted.

What he said touched Liu Tigger's bottom line!

Who was this little brat?

He had a woman to play with, but who was she playing with?

William and Xena were in Chun Yi Villa just now. Who else could it be?

Sure enough, Liu Tigger flew into a rage and kicked Wu Xudong fiercely. "How dare you call for help? Somebody! Tear him into pieces!"

Wu Xudong was so scared that he didn't even have the courage to explain. There was only one thought in his mind.

"I'm done. I'm really done here today."

One had to know that this would be such a terrifying ending. He should not have agreed to Sun Richard's request to come!

No!

She should not have known a jinx like Sun Richard since the beginning!

"I'm so good---die!"

He even dared to plot against Liu Tigger's daughter!

"I'm going to die right now!"

Just then, Xena suddenly said unexpectedly, "Forget it. My brother-in-law has been keeping his

hands clean these days. I just need to teach them a lesson."

Liu Tigger was stunned and looked at William.

William nodded faintly. "Despend it on Xena's side."

Liu Tigger looked at them and said, "Well, you can be spared from death, but you can't escape punishment! Beat him!"

A group of people immediately rushed up and began to beat and kick these people.

After the fight, they had to kneel down and kept kowtowing to Xena. "Thank you for not killing them. We will remember them forever!"

"What about now?" Liu Tigger asked William again.

William smiled and looked at the crowd. Suddenly, she said, "You beat them too hard. In this world, we'd better be kind to others and send them back."

Liu Tigger noticed William's gaze, but he focused on the countless people.

He understood and said to his men, "Come on, tear down Chunyi Villa for me!"

"Yes!" The hundreds of people answered in unison, their voices resounding in the sky!

Then these people moved together.

After a series of violent demolition, in an instant, a terrible creaking sound suddenly came from the already precarious Chun Yi Villa.

The crowd hurried to hide to one side.

He saw that the first storey of Spring Will Mountain Villa, which was so high, had been completely destroyed.

The whole building suddenly shook and then collapsed in front of everyone's eyes!

The crowd was stunned by the sight of this.

This was the first time for them to work part-time for demolition when they were living in the complicated world.

Seeing his own building completely destroyed, Wu Xudong felt so distressed that he couldn't breathe.

At this time, Liu Tigger said again, "Then, we have more than 700 people to escort these people home personally!"

"We must let them go home safely and feel our warmth!"
