### **Chapter 192 71: Violating Emura - Part 2 [R18]**

Emura moaned as he moved faster, pushing himself deeper into her tight, squishy cunt. The tip of his cock slid in and out of her, each time with a wet slurp, making her body tremble.

Lucifer began to pant in delight as her hot insides grasped him like wet, sticky hands. Although his hips were slamming into her ass that wobbled each time his cock reached into the depths of her body and crushed her womb, he still had a few inches left to fully penetrate his cute dragon, whose insides began to change as the flame within her womb grew with each thrush.

'Ah, I want to fuck his brains out, squeeze all his sperm into my womb and fertilise my eggs!'

Emura's arms trembled as she felt Lucifer's cock throbbing inside her, the heat from its base spreading through her entire body, and she knew that if he didn't stop soon, she would be cumming again.

"Master! Please!" Emura begged, but it was too late; her thighs squeezed together tightly around his hips; Lucifer groaned as he felt her pussy clench around his flesh rod tightly as her honey squirted from the gaps around his cock with a loud, dirty sound that caused the climaxing lizard a red face before she felt two sharp fangs piercing her throat as Lucifer began to suck her blood, and resume swaying his hips, a wet, sloshing sounded as her honey began to build up, constantly forming deep inside her, thanks to the red flames.

Lucifer was a long way from cumming, as his hand pulled on her red hair with a sadistic grin. "I'm not finished yet."

Emura nodded breathlessly. "Yes, master!"

She could feel the heat building in her belly, and her stomach began to convulse, making her hips buck wildly against his. Emura could feel a second bigger orgasm approaching, the previous only a light climax, she could feel the heat rising in her body, and she let out a low moan as she felt the fire within her belly begin to boil.

"Mmmnph...ahh..." Emura moaned as her head fell onto the table, her eyes closed as she tried to hold back the pleasure, but it was too much for her.

Lucifer smiled. "That's right, Emura. Cum for me."

Emura gasped as she felt Lucifer's cock throb inside her, and her inner walls tightened around him as her entire body began to tremble. 'Oh god,' she thought to herself as the orgasm rushed over her like a tidal wave. Her whole body tensed, and her legs stiffened, her arms and hands shaking as she began to squirt her honey in droves, a massive amount of it splattering onto the table.

"Ah...ahhh...ahh!" Emura screamed as her muscles tensed, her body shook and jerked, her legs and arms flailing about as she felt her juices spurt out from her pussy with a loud, sticky sound.

Lucifer chuckled. "Very good. You are so beautiful when you climax; ah, your tight little cunt is slurping on my cock; it's like your pussy is sucking me off!"

Emura's mind was in a haze, and she could feel the heat still rising in her belly, and she could feel his cock throbbing inside her. She wanted to continue, a desire to have him fill her insides, then ride on him until he made her belly swollen as if pregnant, but the urge to be drained of blood was too strong for her.

Lucifer smiled as he pulled out of her and spun her around. "There's something I want to do now."

Emura nodded. "Yes, master."

Lucifer lifted her, and with a soft kiss on her lips, he pressed his palm against her chest and pushed her down onto the table. Then, with a hard smack, he slapped her ass and said, "Do not move."

Emura moaned as she felt his hand leave her cheek and slide downwards, making her body tremble. Her hips buckled forwards, and her hands gripped the table's edge as she could feel the heat of his palm.

Then, she felt the tip of his finger push into her asshole; he used the hot, sticky honey from her pussy to lubricate himself as it slid inside her puckering, hot asshole.

"Agh! M-master!" Emura shouted as she felt him pushing deeper inside her.

Lucifer smirked. "Don't worry, Emura. This is also part of your training."

Emura felt his finger thrust deeper inside her ass, and she felt slight discomfort, but she soon forgot about that as he began to move his finger around, rubbing her sensitive asshole. Then, she felt a second finger push into her pussy, and she gasped as it stretched her open further than before.

Lucifer began to move his fingers, one in each hole, twisting them around. He didn't stop until he reached the third finger, and then, he pulled them out with a wet slurp.

Emura could feel her stomach quivering, and she knew that another orgasm was coming. She trembled as she felt her pussy begin to spasm, and her ass clenched tightly around his fingers.

"Ah...ahh..." Emura moaned as she felt the heat building in her belly. 'I'm cumming again,' she thought to herself, her eyes fluttering shut as she felt the heat rise within her, and with a loud cry, she climaxed, squirting her honey over the table.

Lucifer chuckled as he watched her, his fingers still inside her. "Very good, Emura. You are gorgeous when you climax."

Emura nodded breathlessly. "Yes, master."

Lucifer smiled at her.

Emura nodded and stood up, taking a deep breath as she did so. Lucifer's hand moved to her hair, and he began to pull on it.

"Oh, don't pull my hair," Emura said, reaching up and grabbing his wrist.

Lucifer smirked. "It's only part of your training."

Emura groaned as he pulled on her hair, and she turned her head to the side and felt him grab her ass and pull her towards him. He pushed her down onto the floor and spread her legs wide apart, and with a smirk, he pushed his cock between her thighs.

Emura moaned as she felt his cock begin to stroke her slit. 'That's right, my master! Fuck me like the whore I am!' She thought to herself as she felt the heat from his cock spreading through her body.

Lucifer began to thrust in and out of her, his hips slamming into her ass each time. Emura moaned as she felt his cock throbbing inside her and the heat from its base spreading through her entire body, making her tremble.

"Mmmph...ahh~!" Emura groaned loudly as she felt a second orgasm approaching; the first had been weak, but this one was much stronger. 'I can feel it was coming,' she thought as her body tensed and jerked.

Lucifer began to pant as he thrust into her, feeling her inner walls tighten around him. Although he could easily make her climax, he wanted to give her a few more before he filled her with his hot, creamy cum.

Emura's head fell back onto the floor, and she breathed heavily, her eyes closed as she felt the heat rising in her belly, and she knew that if he didn't stop soon, she would be cumming again.

"Mmmnph...ahh~!" Emura moaned as she felt the heat building in her belly. 'This is too much,' she thought to herself as her hips buckled forwards, and she could feel her pussy clench tightly around his cock.

With a loud cry, Emura squirted another load of nectar over the table. It splattered across the wood, covering everything within an inch of where it landed. The smell of sweet nectar reached Lucifer's nostrils, causing him to smile as he continued to fuck her.

'She has such a nice scent.' He thought happily.

He smirked at the sight of her dripping wet hole clenching tight on his cock every time he drove deep into her, knowing how good it must feel for her.

And yet even so...he couldn't hold off any longer. With a growl, he grabbed her hair with both hands and pulled her head upwards until she looked up at him, then he slammed into her hard enough to slam her against the ground. "You want my seed?"

Emura nodded breathlessly. "Yes, master."

Lucifer smiled and let go of her red locks, grabbing one hand behind his neck and pushing down, forcing himself deeper inside Emura's stretched-out cunt.

Her muscles clenched around him, squeezing out every drop they could squeeze from him, sending jolts of pleasure shooting through their bodies. She was almost there, trembling in ecstasy as she tried desperately not to scream.

Then he did something unexpected. He tightened his grip on her waist and pushed harder than ever before, slamming his dick into her until it began to pry open her womb; the burning flames inside her

began to melt into his massive cock that stirred her little cunt like a spoon, making Emura moan loudly, unable to contain herself.

Lucifer smirked as he saw tears forming in her eyes. 'Ahhh, I'm going to fill you with my seed!' He thought gleefully, pulling her closer towards him by her hips.

A moment later, when she had stopped shaking, he leaned forward and kissed her deeply, moaning into her mouth as he felt his balls begin to tighten, preparing for release. Then, without warning, he thrust deep into her, filling her insides with hot cum. His body tensed, and he held onto Emura tightly while letting out a long, satisfied groan.

"Mmm...ahh..." Emura moaned softly, shuddering as she came again after receiving only one shot of his thick cream.

And when the last of his cum exploded within her, Emura screamed louder still, screaming wordless cries as she felt her body tremble intensely once more, wracked by powerful spasms that made her ass shake violently with each one.

Finally, after what seemed like hours had passed, but only minutes, Emura began to collapse, weakly shaking her head from side to side while tears streamed down her cheeks.

"Oh god..." Emura said quietly as she opened her eyes; although weakened somewhat, she could tell immediately who he was without seeing him. And even though she'd just been fucked senseless, she wanted nothing other than to be fucked again. 'I love you,' she thought to herself.

Lucifer stood up, helping her stand back upright. Then, with another smirk, he turned around and left the room, leaving Emura alone.

"I love you, Emura; sorry, but I had to make you mine; you cannot escape me." His stern and profound words resounded into the room as she lay on her back, now covered in his suits jacket and a blood neck from his violent bite, only leaving a mark of endearment

Emura couldn't believe how great that had felt! The heat of his cock...the feeling, filled her so well, yet never went beyond pleasure. She knew now why every woman craved such an experience.

It wasn't long until she found herself leaning against a wall, panting heavily, wondering if she would survive. Her mind was hazy, and she didn't know whether or not she should continue training, knowing full well that she needed all the strength she could muster before facing his demonic cock again.

"I couldn't stop myself, although I can control my lust during the day. The second I'm alone with these cute women, nothing can stop me..." Lucifer whispered to himself, his eyes looking over a small lake as Lanza silently landed behind him, her thighs soaked from the fantastic sight she saw today.

Although she no longer wanted to be a cuckold all the time, seeing him ravish Emura in a fit of passion for her beautiful display in the area made Lanza masturbate like crazy in jealousy.

'Fufu, that poor girl, when I checked on her, she couldn't walk. It's a good thing I love that cute little dragon maid and took her to bed, or she might get sick... But that was a massive amount of semen, will there be more for me tonight?!
