

Erotic RPG 82

Chapter 82

Elda felt his embrace and galloped at a full sprint. Power filled her body after her changes. She dodged the crowds and shot through the town as the fierce breeze felt amazing against her skin. Her hooves clacked against the ground with intense power as they cracked stones into the dust below her.

'I'm so happy! I finally found my lord. He accepted me before everyone!'

In her excitement. She shot from the city gates. The old guard shook his head and Brian gestured towards Lucian, who smiled.

— Grendel plains, Forest East Of Grendel

"Haa...Haa... So fun! My hair is a mess, aha!"

Elda leaned her hands against a large tree and panted. She checked for any enemies and found none within several miles. Lucian also checked to make sure and felt relaxed as his hand stroked her smooth, white fur.

'My lord's hand feels so good.... Oh~ I almost moaned!'

Lucian unwrapped his legs from her front and slid off her back. Her face was now just below his chin as she trotted towards him, leaning against his muscular chest. The image of his brilliant form with black feathered wings and golden eyes made her insides tingle in bliss.

'I wonder if he would want to mate with me?'

'Mother said that my father hated the feeling of being small whenever they did it.'

She glanced down at the bulge in Lucian's pants when he was on standby and swallowed a gulp of saliva. Her mind fantasised about that large meat pike skewering her from behind as he brutally inseminated her.

'Ahn... So lucky imagination's Elda!'

Lucian noticed her tail was rising often and her scent became stronger since they stopped in this small forest with countless tree's and small animals around them. Her body rubbed against him, almost pushing him away. He noticed her blushed face and pink neck.

'Is she in heat or something?'

Elda made a slight squeal as she nudged against him aggressively once more. He watched her face and saw she was in her own world, and investigated. Her rear was strange at first as it wasn't humanoid, but neither was most of Alice and one day she might ask him to use that hole too.

'Hoh, so this is a centaur's pussy, huh? I bet the men of this world would surely feel inadequate with centaur girls.'

His fingers traced her wet oval opening with small flaps. His fingers stroked her honey soaked hole as they made a squelch noise. Her hole puckered and oozed thick nectar that coated his fingers that slid inside her with ease. One entered rather easily, so he pressed three inside to enjoy her warm, fleshy walls that pressed against his fingers.

Squelch!

Her insides were warmer than any of the other girls. His fingers caressed her fleshy folds in a circle as he spread them out, reaching as deep as his knuckles to enjoy her sticky insides. He noticed at the bottom of her entrance was different in look as he massaged her inner walls and felt himself getting aroused.

'Ahn~ Now my imagination feels so real... My lord's fingers are teasing my dirty pussy!'

Elda shook her head then snapped back to her rear and saw Lucian with his hand inside her body. She couldn't move for a second as she felt the sensation of his fingers move around inside her. A yelp almost escaped from her mouth.

"Mnph!"

'No... Let's let him continue! I should be quiet.... Mmmn, this is so naughty!'

'Lord~!'

Elda placed her arms on the thick oak tree over three metres wide as her ass rose further to enjoy his touch. She felt the anticipation build inside her. All the women at home never seemed to enjoy mating with their lords and said the important thing was their love and passion.

'Ah...That...Thick....Hard thing against my leg is that his phallus!? It's too big!'

"It's incredi-ble..."

Lucian noticed her stop daydreaming. There was no complaint. Rather, she leaned forward and rose her hips for him. He didn't need to know what this meant as he dragged his fingers out, now coated in her sticky nectar. Her scent was thick like Alice's and tickled his desires when he smelt her.

Clink!

She heard his belt open with a jingle. Her heart thudding with anticipation. Will he show her a new world of pleasure? Or will it be like her mother who seemed disappointed each time she left father's room?

"Ooh!"

Elda felt something huge rub against her slit as if to paint her fluid on his brutal veiny club.

Squelch!

"Mmn~ Lord! Aah~ an!"

His meat pike forced her open inch by inch. His girth could fill her completely as she comfortably widened. A sense of delight and pressure filled her.

'Ah, he's entering me!? It's nothing like mother said... Mmmm, he's so thick. It hurts a little but! It's the pain of love!'

"Haa...Haa... Mmmph~ Ahh~ L-lord! M-more!"

Lucian held onto her ass with both hands and swayed his hips from side to side. He slowly advanced his cock inside her hot, viscous folds filled with white, syrupy nectar. He felt a tight and throbbing pleasure along his shaft and glans. The thick love juice added extra friction with each thrust.

'S-so deep! This mother, I want you to feel this delight! Ahn~ More! Fill my body more! Master, my beloved! Yes! it's coming inside even more! I'm almost filled entirely!'

Pah

Squish!

Her body swayed the opposite way from him as she felt his thick glans scrape close to her deepest parts. She begged for him to ram inside her, fill her and change her into his shape. As if filled with that sole desire, her ass slammed down, no longer raised, and with a loud slap and Squelch she took his cock entirely to his pelvis.

Pah

"Oooh~ M-my goddess!"

Squelch!

Elda had no time to be joyful as his long meat spear pounded into her cervix. She felt a deep ache inside her body. Pain and pleasure mixed in her mind as her hips floundered and bounced from his deep thrusts. Now he knew her long tunnel could take his entire length, unlike any other girl. It filled him with the desire to dominate her and breed her into his cute, obedient little steed.

"Mmmph~ My womb! You, I am honoured you enjoy my filthy centaur pussy so much! I can feel your cock pulsate in joy! Fufu... Haa.... Haa... Look at how wet my pussy is from your massive meaty cock! Lord, pound me harder!"

Lucian was in delight he loved her meaty plump pussy. Each time she twitched inside, it clamped onto him like a vise. Her cute human body, in his view, drooled as she leaned against the tree. The open forest as her nasty centaur pussy squelched and spurted its sticky honey onto the grass.

'Ah... Chaos was right... Horse girls are justice.... fuck!'

"Mm! MM! Haa...Haa...Haa....Aah!"

"You're insides feel amazing, Elda, you're a brilliant knight and the perfect mount! I want to mount you all day long!"

"Ahn~ You're w-words.... Haa.... Make...Me H-happy!"

"It's so hot... It's scorch-ing hot!" Lucian said as she pulled back his hips with a pleased face before he slid back inside with a loud squelch.

He stood with his cock fully penetrated to her womb as it pressed against her, changing the entrance to his shape.

"Hehe... My body temperature is higher than a.... Gaaaah!?"

"Hold on, wait! Please....!"

"Not so fast! So Rough! My... Haa... Insides are being gouged! Aah~,"

'His cock is too big! This is too different, mother! I love it! Fufu the way his thick meat rod drags my folds on his way out! The way he pounds my womb and crushes it to his shape!'

'I'm so glad mother was wrong!!!!'

Pah

"Sorry! It's too good... My hips are pounding you on their own..."

"I can't stop!"

Pah *Pah*

Squish!

Elda could feel her body close to climax, this feeling she felt when rubbing herself against items in her room after she reached adulthood. His thick sticky cock burned her insides as it pounded her. She was helpless as he gouged and explored her womb and tunnel. The jolts of shock became more frequent as her mind became blank.

"No...! Haa.... You're being so rough I...."

Pah

Squelch!

"I'll be the one to cum first... Aah~ Oh god! No! I'm...!!!"

Lucian only focused on the pleasant feeling of her insides. He could get such distinct pleasure from just altering how he thrust. Suddenly, her pussy clasped onto his tightly and wrung his cock like a wet cloth. Her thick sticky honey shot out from the gaps between his meat and her entrances as they stained his chest and thighs before flooding the ground.

"?!"

"Why is it so tight? It's even hotter... fuck!"

Pah *Pah*

"AAAHN!~"

Splurt!

Her body shuddered as her back legs kicked up. The impact caused him to slam deep inside her before he stepped back several steps. Lucian only avoided being shot metres away because her insides clamped

down on him too tight. She would not release his cock as her insides pulsated from the afterglow of her climax.

"Shit, it's so tight...!! Feels like you're going to rip my dick off!"

"S-sho-ry for cumming without you... Haa... Haa...Lord..."

Squelch

Pah

Elda rolled over onto her back with a thud. This was dangerous for a horse, but they created Centaurs with magic to be more durable. Her legs bent in the air as she felt his comfortable weight press down on her and reach her depths once more. The pressure forced more of their mixed honey to seep from her hole as she leaned up to hold him with her humanoid body.

"P-please use my body as you wish! My lord Mmmn~,"

'Ah.... Face to face with my beautiful master! Please kiss me! Make me feel that heavenly pleasure once more!'

"Always..."

Pah

Lucian swung his hips once more, her insides now flooded with viscous fluids that would leak whenever he pulled out of her. He really enjoyed her centaur pussy. The pleasant feel of climax builds up inside his body. The fact this started from the vampiric aphrodisiac effect was sudden.

But he felt this woman was a fine addition to his beloved brides.

Pah *Pah*

Splurt!

"Ngh..."

"Elda!"

"Waah~!"

"Thank you! I can only go all out with you. Nobody else could match you... Mph!?"

"Mmmnph! Ahhh~ I am so glad! It's me that should thank you! Mmm! Hmph!"

The pair kissed each other as they both enjoyed the pleasant sensation of his cock deep inside her. As it gouged and slide along her tunnel. Her folds clamped onto him with thick threads of viscous nectar. She felt another climax rise as her spine shuddered.

"Ahn~ Lord! Once again I'm going to cum! P-please! Finish inside me together! Mmmph!"

Splurt!

Pah

"Guh! Elda...!!"

Elda felt delight as he throbbed inside her as her own pleasure was at bursting point. She clamped down even tighter on his meaty cock as he plunged into her. She then thrust her hips back against him in the opposite direction. The slap of their bodies sounded in the quiet forest, a few white rabbits watching the strange act before they hopped into the shadow.

"Ah... Go ahead... Cum inside me...!"

"?!"

"I'm fine with it... I want your thick seed inside my womb! Mmmn~ Ahhhn~ Please!"

Pah *Pah* *Pah*

Lucian stopped holding down his orgasm as his entire body felt divine pleasure. His nerves relaxed as he slammed inside her as deep as possible and snapped his hips against her rear with each massive load of his thick sperm.

"Aah~ It's here! The warm seed! Haa... Master!... Lucian.... It's coming! Pour it into my womb!!"

"Naaaah~ Lucian!"

Her body shuddered before she fell into a series of spasm. The pair enjoyed a long, almost endless orgasm as her lower body and velvety folds squeezed and churned around his cock for several minutes. She felt her entire tunnel and womb filled with his large amount of seed.

"Haa...."

"Ha....Ha..."

The two lay side by side, Lucian on his back with his cock still inside her and Elda on her side close to him.

"Elda..."

"My Lord...!"

Both were tired from the sudden exercise after the Dhampir ceremony. Lucian was running on empty, but thanks to the sex with Elda he was now alright with a small amount of exhaustion.

"Mm~"

Lucian's eyes widened as Elda's gentle kiss on his lips surprised him. The pair cuddled in the forest in each other's embrace.

"Can we go again?" Elda asked in a shy voice.

"Haha! I will ride you all you like, but let's get home first? I don't want other men to see how cute you are after sex!"
