Chapter 94

-- Carmilla's Room, 9:45 pm

His shirt became soaked from her tears and melted ice. He stood in silence for almost an hour as she clung to him. Lucifer looked down at her. His odd eyes watched as this little girl opened his tunic and she kissed his body with a gentle peck, filled with obsessive love.

'Mine, his wonderful skin that tastes of autumn fruits! Lucifer, I can feel your excited heart! Can you feel mine? Listen to how wet I am! Hehe!'

Carmilla placed her spare right hand down into her pants after she opened his shirt. Her red tongue, filled with drool, trailed along his muscles. She stroked along her slit with two fingers and fondled from near her ass towards her clit in short, rapid strokes. Then would circle her clitoris and tease it with the other. Her fingers slipped inside her pussy as she spread her sticky tunnel. She used the memory of his cock to judge the right width.

"Hmm~ Muph! Aah~ Lucifer! Deeper! Unh!"

Her hot sighs of lust blew against Lucifer's chest. He still watched as she made loud, wet noises from her crotch. It would be a lie if his cock wasn't rock hard at the moment. Lucifer still wondered how she got from a touching confession to finger herself.

'Hey lust?' (Pride)

'...!' (Phone Busy Noise)

'Chaos?'

'...!' (Internet Dial up noise)

'...!' (Pride)

"Carmilla!" Lucifer said in a sharp tone. His voice seemed to make her shudder. She looked up at him with her tongue still touching his lower stomach. He could swear her fingers moved even faster after she locked her gaze with him.

Lucifer could only hear the sounds of her delight when he used the ring at this moment. He wondered if he was crazy right now. His hand grasped her chin and yanked her neck upward to watch him close. Her tongue tried to lick his fingers as her legs seemed to quiver.

"Haa~ Mnnm~ Ahh! Oh~ Hmmmph~Aah!"

Squelch!

She still did not speak and only gazed at him in a trance. Only the wet noise from her crotch and hot sighs sounded in her room. Her mouth opened wide and showed her mouth filled with saliva and her twisting tongue.

"Mmnp! Blerrrh~ Mmmf Haa~ Hah~ Mmmn!"

He grabbed her tongue with his thumb and finger. She tried to pull it out, but only drooled from her lips. Her hips trembled as he pulled it out and spat inside her mouth. Carmilla's eyes widened as a gush of fluids squirted from her dirty hole.

'Ah! Abuse me, show your love passionate love! I can hear your heart race. You want to violate me? Choke me and drown me with sperm? Come! Anytime! Your Carmilla will do anything you ask!'

Splurt!

"Auhh~ Mmmfah! Bleerrh~ Shlrup!"

Her eyes became filled with joy as she swallowed his spit. She pulled her fingers out of her hole with a light shlick and held the sticky hands covered in honey to show him. He felt she was cute, like a dog, and patted her head. His fingers released her tongue that entwined him. Her lips clasped onto him and sucked him, her hot mouth and wild tongue caused his idle passion to stir further.

"Carmilla, kneel!"

Thud!

Carmilla stopped for less than a moment before she dropped onto her knees and looked at him with pleading eyes. Her face rubbed against his enlarged tent as she took deep breaths of his scent. Her underwear seemed to have slid off on the way down. The red carpet was now soaked with her dirty nectar.

Squelch!

"Take off my pants and satisfy me."

Jingle!

Her hands unfastened his belt at her fastest speed. She slithered her hands around his underwear as the tight pants fell down to the floor. Her eyes entrance with a brilliant glow. Carmilla now fixed her gaze on the tremendous weapon inside these black boxers. She pulled the waistband up then outwards so his masterpiece didn't get caught on the rubber band.

Flop!

"Haa~ Cock! Masters stinky fat cock! Hah~ Mmmmn!"

Slap!

His meat club flopped out and slapped her face as the behemoth was longer than her entire head. His tip covered her hair in pre-cum as she rubbed her face against the shaft. Her lips gave a gentle smooch, then licked along his cock like an ice cream. She made a loud slurp each time her mouth closed as they savoured the taste of his musk with a light sweat.

Snort!

"Haaan~ Mmmph~ Nngh~ Ahh! Hmmn!"

Slurp!

Her hands grasped his rod as she stroked his dirty scent all over her face. She kissed his tip and glans with deep passion, her lips fixed around them. Carmilla used her tongue to stroke and circle around his head with a dirty slurp and pop each time she released his glans from her mouth.

"Mmpa~ Mmn! Nngh~ Fwooh....oh...ooh..! MngH Hnn...! Fwah!"

"Haa, look at my mouth, pussy! It's made just for your perfect cock!"

Splutter!

'Hehe, let's take my dear's entire cock!'

Gag!

Lucifer felt her mouth slide along his cock. He loved how sticky and warm her mouth was. She bobbed her head and took him deeper with each downward movement. He loved the sound of her drool as she gagged for air and the splutter she made when it became hard for her tongue to move.

Slurp!

"Ugh...! Darling! I can take all of your enormous cock! Praise me, reward me! MngH...Hnn...! Fwooh...Oh...Oooh...!"

Glub!

Carmilla sped up the movement of her head as she sucked stronger when she moved past his glans and tip. Her drool dribbled down her chin as both her hands slid into her pussy as she warped her mouth to suck his tip with a fierce vacuum style blowjob.

"Hn! Mnf! Glub~ glub~ Ghhrp! Ogh...Ohhh! Mng! Hnn! Mnf!"

'This is the best! Darling is treating me like his sex toy! Fill me with your smelly sperm! Mark even my insides with the white cream!'

Lucifer felt amazing her devoted passion and flooded mouth to cause him to feel his limit. Her entire mouth was so hot and viscous his cock felt like it was melting. He grasped her head with a tight grip and fucked her face with fierce thrusts. Her eyes bulged in shock as he reached deep into her throat, causing her to nearly vomit with volatile gagging.

Smack!

"Ha...Haaa... Mng! Mnnnf! Ohhg....Oooogh! Hmm...Hmmm...Hmnph! Ooohg! Kaah! oooooah!"

'Ah! His cock is expanding! The hot milk is coming! Hehe!'

Shlorp!

Carmilla sucked harsher with her large amounts of drool as it filled the room with the wet, squishy noise of him fucking her face. Her loud gag noise and retches sounded as he pushed his cock deep into her oesophagus and released the thick milk deep inside her throat with a spurt.

Splutter!

'Ahn~ It's so hot! Master, I will swallow everything!'

"Mnh...uhng...Haaa...! Aha~ Oh....ooh?! Oohg! Mnggh! Gooh...!? Mngghg! Ihgiii!"

Gulp!

Lucifer enjoyed the sweet release as she swallowed his sperm and continued to slurp along his cock. Now more soft, her tongue and lips seemed to wish to drain all the cum inside his balls as they milked him for several moments. He finally finished the enjoyable orgasm and pulled his half erect meat stick from her mouth with a smack.

'I wanted this! His naughty juice is so much! It's pouring into my mouth~ Hehe!'

Shplut!

Now filled with a mix of her drool and his sperm, he wiped it on her cheeks and pressed against her nose. She looked like a pig in heat. He noticed she was still trying to swallow all of his milk, which amused him.

"Open your mouth, little pig."

"Oogh~ Ugeh....Gooh...! Mhg....Uhng.... Urp! Gerh! Mnggh!"

'So much milk! My belly cannot fit so much... Master! my nasty pussy feels so lonely! Please punish this filthy pig!'

Carmilla swallowed all of his milk finally and showed her empty mouth that now smelled of his thick sperm. Her face filled with a deep blush as she waited for his next order with a heart throbbing like a deer in panic.

"Slutty little Pig. Lay on your stomach and push your fat ass into the air and spread those useless cheeks. Show me your drooling cunt. I bet you've stained the floor. After I fuck you, suck your filthy juices from the carpet until it's spotless!"

"Hah!!"

She turned around and climbed onto the bed with a creak sound. Her elbows sank deep into the feathered mattress as she got comfortable. Carmilla then pushed her massive ass into the air. Then she waved it in his face before her hands pulled her cheeks apart. She felt air blow against her pussy and asshole and body shuddered from delight.

Splurt!

More honey dribbled down her thigh as she waited for his action. She could never know that he transformed into his new blood father form, which caused his member to grow an extra inch in both length and girth. This girl was too chaotic and needed to be grounded.

He would engrave this pleasure and submissive desire into her very soul as his tall body climbed onto the bed and stood with his meat spear slotted along her juicy slit covered with thick white nectar that continued to ooze from her excited honey pot.

'Lucifer! Are you going to fuck me? Will he be gentle and loving? My darling, my own! I won't let those whore's steal him! I....'

Spread!

His tip easily slipped into her warm entrance that throbbed and wrapped around him. She didn't have sex for quite some time and her fingers could never compete with his size. Since this was punishment. He gave no care for her body and leaned forward. His height allowed him to reach over her and press down her head with his hands.

Squish!

"Mmmn? Nghh?"

Pah!

"AH!"

Carmilla let out a squeal as his cock slammed straight into her deepest area. Her face in the quilt contorted and filled it with drool as she moaned into the bed. His vicious, hard flesh rod gouged her insides with each thrust as she felt him twist and change his angle between thrusts.

"Aaagh! Mmmph~ Oh....oooh?! Mngh! Oohg! Goooh...!? Mngh! Ihgiii!"

'No! too deep, ah... this is not what I remember!? I.....mashter... already!'

Pah! *Pah!*

He easily overwhelmed her cervix and ravaged her. She could only yelp without resistance into the pillow. Her own pussy betrayed her as it indulged in carnal pleasure, squirting her sticky honey to allow him easier entry. She shuddered in a deep orgasmic pleasure, only able to release intangible words.

Pah!

"Kyaa~ Haa~ Fwaah...! Haa... Ha! Aha! iigh! Aaah~ Master.... Aah! Aaah!"

Lucifer could feel her tight cunt squelch around his cock as she shivered from the delight and pain. His hands stopped her head from taking a full breath of air as she squeezed even tighter on his cock. Her flesh folds seemed to have a mind of their own as they happily writhed and wrapped around his shaft that brutally violated her pussy.

"OOooh~ Hya! haa~ Kaa.... Mmmph~ Nnnn! Oh! My....God...!"

Thrust!

"Who gave you permission to cum?"

Her pussy squirmed around his cock as she reached her own climax. His words caused her mind to feel fear, but her pussy continued to suck on his cock that slammed into her and explored every inch of her sticky cunt.

Pah!

His hand slapped her fat ass that wobbled and spurted her honey everywhere. She could feel the fluids squirt from her pussy. Her body was no longer under control as he spanked her ass. His red hand marks filled both her ass cheeks. Despite being a punishment, he only gave her body even more pleasure as she endured another light climax and squirted more of her dirty fluids onto the bedding and onto his body.

"Oogh~ Ahh....Gooh...! Mhg....Uhng.... Aah... Fuck...me...! Gerh! Mngh! iigh!? Hooooh...!"

*Pah!**Pah!*

"Mmmm, hey open your womb! I'm going to impregnate you!"

Shlurp!

Lucifer felt her pussy become tighter than ever as his cock expanded from the oncoming climax. He gave a slight grin as he leaned forward against her sticky back filled with sweat and licked her ear before whispering the sentence once again. The moment she tightened, he thrust his hips into her lifted hips with his 80 points of strength and penetrated her womb.

"Aghhhiii!?"

'What's this!? It hurts! I am going to die! He's killing me! My womb is going to break! Ahhh! something hot is flowing inside!? What no no no! I can't have babies! I have to become a queen.... Nhoo~ Master!?'

Splurt!

Pah! *Pah!*

His hips slammed into her even further despite her cervix gripped around his glans like a lock. The pleasant feeling of climax filled his body as the amount of sperm he shot into her womb was like he urinated inside her. She seemed to have lost consciousness at some point because of the heightened pleasure and lack of oxygen.

'Her pussy still clamps and sucks on my cock though... What a naturally born slut.'

Pah!

He slapped one last time, her ass now purple. His hips pulled back as his cock slowly slipped out with a loud pop. He didn't want to ruin his little toy and mishandle her. That was for the pleasure of the moment. Once his meat rod left, her hole shrank and squirted the excess semen from her pussy as it drool onto the bed and down her legs. She could not stop the squelching noise or the erotic sight of her gaping cunt.

Lucifer didn't just leave her filled with his semen, drool, and her own urine. He clicked his fingers and used a basic wind spell to move the air of sex away from them. Snapped his wrist to fill her insides and bed with a water type healing spell that would heal any irritation and wounds inside her from his forced entry.

Then his lips gently smooched her cheek, now clean of drool, as a warm fire spell warmed the room and dried off the bed and her skin. He gently scooped the cute little fat cat into his arms and rolled onto the sheets together with her.

'She will surely be worried and panic if I just leave her after sex. Let's just delay my training for a night and accept the punishment. If it's making this little girl more reassured and happy, then I'll do it this once.' (Pride)

'You mean, so she won't cut off your head when you sleep? Then sail across the sea to the other continents with your head in her arms?' (Lust)

[Master! I want this service! How many DP should I give you!?!]

Lucifer ignored the two and simply looked at the woman in his arms. She went from a mere tool to trick both the gods of this world, watching and the damn spirit remnant of Lucian Von Silver to someone he wanted to keep by his side.

"I'm sorry I pretended not to hear your voice for these past few weeks. Forgive me. Now I will always come to your aid when you need me."

Her face showed a faint smile as she could feel his heat wrap around her back like a protective hug. She desperately wished for his help since they came to Grendel and Lucifer hated those bastards watching because of the event with Velaria. He couldn't make himself known too soon. Once the events change from his memory. He will lose the slight advantage he had.

He knew that in the future he would have a fun fight against his little cute bride. Others will suffer and call her a psychopath or dictator. His only description of her would be his adorable little fat cat.
