C11 Do You like Seducing Men so Much

Lin Wanyan rolled her eyes at him and said with slightly red eyes, "Are you out of your mind or are you suffering from amnesia? It was clearly you who scolded me. Did I scold you just now?"

"Sharp tongue!" Ling Owen looked at her with contempt and reached out his large palm towards her.

Lin Wanyan looked at it and could not help but be stunned. Was he going to help her up?

No way, was this still the Ling Owen she knew?

Ling Owen seemed to have seen through her thoughts. He said impatiently, "Don't dawdle. Get up quickly. If you are seen by others, it will only bring shame to Ling Family. You are really useless. You will fall when you walk!"

Although Ling Owen's mouth was still as venomous as usual, his hand did not withdraw. Lin Wanyan hesitated for a while and finally grabbed his hand and stood up with difficulty.

"You are here to find Lin Yunxi, right? Hurry up and go in. " When Lin Wanyan saw him appear here, she actually felt a little sad in her heart. Lin Wanyan was even a little jealous that he came to see her, but what right did she have to be jealous of her?

The woman he liked was originally Lin Yunxi and she was only the one temporarily replacing Lin Yunxi.

Mrs Ling's position would belong to Lin Yunxi sooner or later.

Perhaps it was just as they said, she was a third party. She was the one who took everything from her.

Ling Owen looked at the prison behind him, and his gloomy eyes suddenly surged with hidden emotions. His expressionless handsome face made it hard for others to detect his emotions.

"Go in quickly, don't worry about me. " Lin Wanyan patted the snow on her body and said with some sadness.

She thought that Ling Ouwen would not hesitate to leave her behind and leave. But she did not expect him to reach out his warm palm and tightly grabbed her cold little hand and dragged her away.

"Lin Wanyan, since when is it your turn to order me around. "

Lin Wanyan was shocked by his action because this was the first time he took the initiative to hold her hand. She could not help but be stunned on the spot.

She saw him pulling her towards his car and she could not help but feel uneasy. She was so nervous that she wanted to break free from his hand.

"Ling Ouwen, let me go. Don't do anything stupid. "

She didn't think he was being kind, because every time he touched her, she wouldn't have a good ending.

Besides, he would have sexual desires at any time.

Could it be that he wanted to play car games?

Ling Ouwen gave her a disdainful glance. He said in disdain, "Lin Wanyan, what nonsense are you thinking in your head? I'm not that abnormal. "

Ling Ouwen just ignored Lin Wanyan's resistance like this. He directly threw her to the front passenger seat in the trunk of the car. Then he quickly started the car and drove towards the city.

Lin Wanyan looked at the prison behind her and could not help but be stunned. Strange, why didn't he go in? What exactly did he want to do?

"Where are you going? Didn't you come specially to see Lin Yunxi?"

"What I want to do has something to do with you. And. . . I won't allow you to call Lin Yunxi by her name again. You are not worthy at all. " Ling Ouwen said mercilessly as he drove.

Lin Wanyan turned her head and pretended not to hear him. She was too lazy to argue with him. She looked at her clothes and found that her clothes were already drenched. She hurriedly took off her coat and took out a tissue from her bag to wipe it.

Ling Ouwen looked at it. Lin Wanyan was actually wearing a tight white sweater. After taking off her coat, her figure seemed even more exquisite. Her proud chest also slowly rose and fell.

When he thought of her naked body's charming appearance, Ling Ouwen actually felt a wave of heat.

This woman seemed to have an inexplicable fragrance on her body. She did not spray perfume, but there was clearly a very pleasant fragrance spreading in the car. Ling Ouwen glanced at her and his voice seemed to be low and charming.

"Lin Wanyan, if you dare to seduce me again, do you believe that I will directly sleep with you in the car?"

"Ling Ouwen! You are a pervert. What's going on in your head? You were just talking about me. " Lin Wanyan, who was focusing on wiping her clothes, realized that Ling Ouwen had been staring at her chest. She immediately threw down the tissue in her hand and put on her clothes, wrapping herself tightly.

This Ling Ouwen was indeed abnormal. She just took off her coat and he said she seduced him! He was really too horny!
