

CEO's Escaping Ex-wife Chapter 19

Ling Ouwen raised his eyebrows. There was no emotion in his gloomy eyes.

"This is the Ling Family. Is there a place that I can't go? Or is there a secret that you can't let me hear?"

"I don't have a secret. How long have you been standing behind me? What do you know?" Lin Wanyan bit her lower lip tightly and looked at him guiltily.

Could it be that he heard everything, including Auntie's words for her to beg him?

If that was the case, then she really wanted to hide and not see him again.

"If you ask someone, you must have the right attitude. Your attitude is not good. Do you want me to teach you how to ask someone? Is your lousy company qualified to accept the GI project?" Ling Ouwen looked at her with a look of disdain.

In front of her, he was always high and mighty, while Lin Wanyan was like an ant.

When Lin Wanyan heard Ling Ouwen's words, her expression changed drastically, and her entire body froze on the spot.

Ling Ouwen raised the corner of his lips and took a step forward. His tall and mighty body suddenly approached her. A powerful aura pressed down on her.

Lin Wanyan was startled and her face became cautious, "What do you want to do!"

"What do I want to do? It should be what you want to do. Why aren't you begging me? As long as you beg me, I might save that lousy company of yours. You're in such a hurry to get the GI project. I guess your company can't hold on any longer. "

Ling Ouwen casually said. His words revealed the current situation of Lin's Group.

That's right, if it wasn't for the GI project, he believed that her father's company would have been destroyed by those debts in less than two months, until it went bankrupt.

Lin Wanyan lowered her head, lowered her eyes, and probed, "If I beg you, will you give the project to Lin Family?"

"That depends on your sincerity. Your attitude is not good. Serve me well. Maybe when I am happy, I will give the other projects to Lin Family as well. " Ling Ouwen reached out his hand and held her chin tightly, forcing her to look at him.

His sharp and hot eyes kept looking at every part of her body, as if he was going to strip her naked at any time. This feeling made Lin Wanyan feel very insecure.

And his smile made her feel even more frightened.

Lin Wanyan forcefully turned her head over. She only felt that this posture made her feel extremely humiliated. She was like a puppet that was at his mercy.

"I'm not begging you, I'm going to beg Grandpa!" Lin Wanyan said disdainfully.

"Then go. You only know how to cause trouble for Grandpa. Your granddaughter-in-law really knows how to cause trouble. Do you really think you are Mrs Ling? You are really shameless. " Ling Ouwen mercilessly mocked.

Lin Wanyan heard his words and glared at him fiercely. She could not say anything.

Although she was angry, after thinking about it carefully, what he said was not unreasonable.

To be honest, she had looked for Grandpa many times in the past year, and Ling Zhenghao had also helped Lin Family a lot.

She really didn't want to trouble Ling Zhenghao anymore.

Ling Zhenghao was a good person, and she really didn't want to beg him anymore.

Besides, this time, the situation was very bad.

"Think about it. Go and beg him. He will naturally help you. After all, you are her granddaughter-in-law. But your lousy company is in a mess. Are you sure you can solve it this time? How many times do you plan to beg him? With my strength, I only need one night. I can make the Lin's Group disappear completely. Do you dare to bet?"

Ling Ouwen approached step by step, his eyes were filled with the fierceness and dominance of a strategic plan.

Lin Wanyan knew Lin Wanyan's means. She heard that no one in the business world could beat him.

Not to mention the Lin's Group.

Even if it was a company with ten similar companies, he would be able to handle it very well.

Lin Wanyan bit her lower lip tightly. She had been forced to the corner of the wall by him until she had nowhere to go.

Ling Ouwen was very close. She could even feel the breath that came out of his mouth on her face. His breath had a fresh and faint tobacco smell.

Lin Wanyan raised her eyes and met that pair of sharp eyes. She said with a trembling voice, "I beg you, don't deal with Lin's Group. That is the company that my father built with great effort. "

That was the painstaking effort of her father's entire life. She could not let it be destroyed just like that.

Even if the company was in her big uncle's hands now, she could not watch helplessly as it was destroyed.

"The fate of Lin's Group is in your hands now. Don't think that you can do whatever you want just because Grandpa likes you. The current president of the Ling's Group is me, Ling Ouwen. So you need Xin to be careful not to anger me. You know the consequences. " Ling Ouwen roughly reached out his hand and grabbed her chin. He forced her to raise her head.

His lips were very close, just a little bit more and he would kiss her.

They hid in a corner in this position. Those who didn't know would think that they were being intimate.

But only Lin Wanyan knew how strong his hand strength was, how painful her chin was, as if he was going to crush her bones.

This man, didn't he know how to be gentle to women?
