

CEO's Escaping Ex-wife

Chapter 8 - She Was the Stepdaughter -

C8 She Was the Stepdaughter

Yao Chunhua's words were like a sharp blade, fiercely stabbing into her heart.

Yes, in their eyes, she was just a mistress who snatched away her younger sister's man.

Following which, Lin Wanyan sneered, "Aunt, no matter who he wants to marry, the person called Mrs Ling now is me. Whether I am the nominal Mrs Ling or not, I am stronger than you. "

"Lin Wanyan! You are really becoming more and more undisciplined. Today I must teach you a lesson!" Yao Chunhua was angered by Lin Wanyan!

Just as Yao Chunhua raised her right hand and was about to hit, Lin Wanyan coldly glanced at her. Lin Wanyan took a step back. She wanted to use this to dodge but just as she turned around, She heard a clear sound of a slap behind her. She turned around in surprise. She found that it was her mother who blocked in front of her and received a slap.

"Mom, what happened to you?" Lin Wanyan was shocked and quickly went forward to push Yao Chunhua away. Wang Chunlee's face instantly became red and swollen. It could be seen how ruthless Yao Chunhua's attack was.

Lin Wanyan was also burning with anger and could not help but feel a sharp pain in her heart. She could not help but scold, "Aunt, don't go too far. What right do you have to hit my mother?"

Just as Lin Wanyan was about to retaliate, Wang Chunlee blocked in front of her and gently consoled her. "Little Wan, I'm fine. She is your big aunt, you cannot be so rude. "

Yao Chunhua saw Wang Chunlee's delicate appearance and became even more pleased with herself. It would be better if Wang Chunlee took the beating for Lin Wanyan.

Lin Wanyan was right. It did not matter if she was just Mrs Ling in name or not. She was now Mrs Ling. The Ling Family had a high status and Yao Chunhua did not dare to offend her.

Anyway, Yao Chunhua hitting Lin Wanyan's mother would make Lin Wanyan feel even worse.

Yao Chunhua gave them a contemptuous look and pretended to be kind as she said, "Sorry. I was too careless. Sister-in-law, are you alright? We'll leave today and come back tomorrow. Sister-in-law, I advise you to think it through carefully. Hubby, let's go. "

After Yao Chunhua finished speaking, she pulled Lin Zheng and left. Lin Wanyan clenched her fists tightly. She kept staring in the direction of the door, afraid that they would come back again. After Lin Wanyan confirmed that they had left, She then relaxed and looked at Wang Chunlee whose face was red and swollen. She said angrily, "Mom. How can you let them bully you like this? How about it? Is your face painful? I'll go and get some medicine for you. "

Lin Wanyan was very anxious but Wang Chunlee held her back with tears in her eyes. There was a trace of blame and anxiety in her eyes," Little Wan. Just now it was you who was in the wrong. How can you talk to your big aunt like that? Your father's medical expenses and Little Hua's tuition fees still depend on them. If you anger them now, they really won't care about us anymore in the future. What should we do?"

When Wang Chunlee said this, Lin Wanyan became even angrier. That money originally belonged to her step-father, but now it was all taken away by Yao Chunhua and the rest. On the contrary, they had to compromise and endure the grievances but when she saw her mother's appearance, she could not bear to speak anymore.

"Alright. Mom, it's my fault. Don't cry. "

"Lin Yunxi, my good daughter. It's all dad's fault. . . " Suddenly, a weak voice came from the bed.

Lin Wanyan and Wang Chunlee were shocked when they heard Lin Yan's voice. They immediately went to the bed to check on his condition. Lin Wanyan sat beside him and bent down. She wanted to hear what he needed, but she heard a sentence that made her heart feel like it was being cut by a knife.

"Lin Yunxi. You should have let your sister go to jail. Why would you go to jail? My good daughter. . . "

Lin Wanyan's entire body instantly stiffened and her face also turned pale. It turned out that her father had always had this thought in his heart.

That's right. Lin Yunxi was his biological daughter. And she was only his stepdaughter. He should be nicer to Lin Yunxi. But after she came to the Lin Family, she was very obedient and modestly gave way to Lin Yunxi. All the good things belonged to Lin Yunxi and she had never competed with Lin Yunxi for anything. Her mother had put in a lot of effort in order to become a good stepmother.

Her mother was also much better to Lin Yunxi than her, but why did she still get such an outcome?

Wang Chunlee hurriedly pulled Lin Wanyan's hand to the side and even patted her hand. She consoled, "Little Wan, don't think too much. You know. Ever since I married your father, your father has always felt sorry for Yun's mother and Yun. So he had always wanted to compensate Yun. Don't mind it too much, not to mention a year ago. Indeed, Yun went to jail because of you. Your father is very depressed in his heart. "

After that, she looked at Lin Wanyan hesitantly before speaking to her in an extremely soft voice. " If you have nothing to do in a few days, then go and see her. She should be quite lonely inside by herself. After all, it's because of you. . . "

Although Wang Chunlee could not continue speaking halfway, Lin Wanyan understood what she meant.

Lin Wanyan also knew that her mother and step-father were blaming her. They both felt that she had snatched Lin Yunxi's life away and the position of Mrs Ling, who originally belonged to Lin Yunxi, and everything that belonged to Lin Yunxi.

That's right. The person who should be in jail should be her.

Why would she be outside?

Who cared about her life that had been more painful than death for the past year?

Lin Wanyan sighed helplessly and finally nodded her head, "Okay, I understand. I will go this afternoon. "

In this year, the thing she was most afraid of was seeing Lin Yunxi.

However, she also knew that she would have to face Lin Yunxi sooner or later.
