Chapter 1601: Body Immobilization Technique

Before his sentence was finished, two pairs of wings appeared behind the Dragon Phoenix True Body!

A pair of flames burned like the wings of a divine phoenix. Every single feather was like an arrow that was burned through with a crystalline luster.

His other pair of wings were even larger and shone with a blinding golden light, identical to the wings of the Golden Roc!

‘The Dragon Phoenix True Body vanished on the spot instantly!

A scarlet golden light flashed. When it reappeared, it was already in front of Matriarch Yue Luo!

It was too fast!

Even though Matriarch Yue Luo was long prepared, that speed had already surpassed her expectations!

“Since you don’t want to give up on the Green Lotus True Body, your eldest disciple will die because of you!”

Matriarch Yue Luo hollered and exerted strength in her palm, wanting to kill the white cat in her embrace!

“Immobilize!”

The moment the scarlet golden light descended, the voice of the Dragon Phoenix True Body sounded!

A strange divine power descended on Matriarch Yue Luo!

‘That divine power was merely a lesser divine power that was comprehended by the Dragon Phoenix True Body after he entered the Ancestor realm.

His inspiration came from the final stance of the Saber Emperor’s inheritance—Sea Calming!

The saber intent of Sea Calming contained a divine power.

‘When the Dragon Phoenix True Body had just advanced to the Ancestor realm, this was the most superficial divine power that was first comprehended, the Body Immobilization Technique.

“Mmm?”

Matriarch Yue Luo’s expression changed!

‘The power of the divine power could restrict her figure such that she could not move at all!

Of course, the power of that divine power was not strong.

She could break free from the influence of that divine power in the blink of an eye.

However, the problem was that the Dragon Phoenix True Body was extremely close!

Naturally, the Dragon Phoenix True Body did not expect that a perfected Mahayana like Matriarch Yue Luo would be restricted to the spot and rendered immobile.

What he wanted to do was for the Body Immobilization Technique to lock Matriarch Yue Luo for an instant!

In a fight between experts, an instant was all that mattered!

A single thought was equivalent to a single moment.

20 thoughts was equivalent to an instant!

For the Dragon Phoenix True Body, this instant could not only protect Beiming Xue's life, but also kill Matriarch Yue Luo!

'As someone able to cultivate to the perfected Mahayana realm, Matriarch Yue Luo was not someone easy to deal with and realized how terrifying this matter was right away.

She knew that she had made a mistake and lost the initiative.

If she killed Beiming Xue, she might not get the chance to leave alive!

Matriarch Yue Luo's reaction was extremely fast and she even abandoned her body. Her Essence Spirit left her body and transformed into a streak of light, escaping into the distance!

Bang!

The moment her Essence Spirit left her body, her body was smashed into pieces by the Dragon Phoenix True Body and fresh blood flowed!

If her Essence Spirit was a step slower, she might have been killed by the Dragon Phoenix True Body!

Matriarch Yue Luo's Essence Spirit fled far away and channeled her spirit consciousness. In the blink of an eye, she conjured her body once more with a terrible expression.

'The Dragon Phoenix True Body was in no hurry to kill her. Instead, he carried the white cat carefully.

'The moment the Dragon Phoenix True Body's spirit consciousness moved, the wounds on Beiming Xue healed at a visible speed.

However, he did not have the means to restore Beiming Xue to her human form.

Once released, the Beast Dao was irreversible.

There was no way to dispel it without the divine power of the Human Dao!

The Dragon Phoenix True Body held the white cat with both hands and felt a sense of guilt.

As though it could sense the guilt and self-blame in the Dragon Phoenix True Body's heart, the white cat lowered its head and rubbed against his palm.

"Everyone present, does anyone know the Human Dao greater divine power? I, Desolate Martial, will definitely remember this favor!"

'The Dragon Phoenix True Body surveyed the surroundings and asked loudly.

No one replied.

The six Dao divine powers were considered as divine powers of the Buddhist monasteries and were difficult to comprehend without the deep foundation of the Buddhist monasteries.

'The Dragon Phoenix True Body said softly, "Beiming, my capabilities are limited right now and I can't transform you back yet,"

"However, don't worry, I can help you vent your anger on whoever bullied you!"

With that said, the Dragon Phoenix True Body turned around and glared at Matriarch Yue Luo coldly in the distance. "B*tch, how dare you!"

Swoosh!

'The Dragon Phoenix True Body leaped and flapped his four wings, charging towards Matriarch Yue Luo!

"Fellow Daoists Fei Duan and Xu Jing, help me!"

Matriarch Yue Luo was alarmed and called for help immediately.

Patriarch Xu Jing's gaze flickered and he stood on the spot without advancing rashly.

On the other hand, Patriarch Fei Duan did not think too much about it and summoned his Destiny Dharmic Treasure, prepared to help.

Right then, the skies darkened and a terrifying might descended, enveloping the skies of Enigma Palace!

Patriarch Fei Duan looked over instinctively.

The Dragon Phoenix True Body had already vanished.

In his place was a massive variant demon beast with a dragon's head and phoenix's tail. Its body burned with scorching golden flames and its claws were sharp!

After the demon beast descended, the living beings of the ten thousand races felt an uncontrollable fear and shuddered!

'That aura was enough to stun all living beings of the ten thousand races!

Even Patriarch Shen Yu and the other four were silent with deep fear in their eyes!

Patriarch Fei Duan was about to charge forward when he saw that. His legs went limp and his voice trembled. "T-Taboo Dragon... Phoenix!"

'The Dragon Phoenix True Body was only at the early-stage Mahayana realm.

Given his combat strength, it was not impossible for him to fight the Dragon Phoenix True Body.

However, the fear towards taboos had long been embedded in his bones.

Even the Mahayana Patriarchs of the primordial races retreated in fear instinctively when they saw the primordial taboo, let alone him!

It was only at that moment that the living beings of the ten thousand races realized that Desolate Martial's true body was not the Dragon True Body, but the Dragon Phoenix True Body!

In this generation, two of the three primordial taboos had already been born.

Apart from a few people, the other living beings did not realize that all three primordial taboos were present at the Ten Thousand Race Meet!

Some cultivators with sharp eyes could see clearly that many scales on the back of the Taboo Dragon Phoenix had stood up, forming a circle to deflect the surrounding flames.

In the circle was a white cat—it was Desolate Martial's eldest disciple, Beiming Xue!

“Even if Beiming Xue has been turned into a beast, it's worth it!”

“That's right. Who in the world can ride on the back of a Taboo Dragon Phoenix?”

Many living beings lamented.

Patriarch Fei Duan recognized the origin of the Taboo Dragon Phoenix and retreated stealthily, afraid that he would attract the attention of the Dragon Phoenix True Body.

There was no one beside Matriarch Yue Luo on the battlefield!

At that moment, Matriarch Yue Luo's face was pale as well—she had not expected that she would provoke such a terrifying existence!

“Desolate Martial, there must be some misunderstanding here,”

Matriarch Yue Luo forced a smile and tried her best to explain. Her dominance and confidence from earlier on had vanished without a trace.

“You don't have to explain it to me,”

The Dragon Phoenix True Body said coldly. Suddenly, he opened his mouth and spewed out scarlet flames!

To be precise, those were no longer flames, but scarlet lava!

After the evolution of the innate divine power, the Dragon Phoenix Flame had already turned even more terrifying, turning into rumbling lava that poured down on Matriarch Yue Luo!

Chapter 1602: No Humiliation!

“Frost Barrier!”

Matriarch Yue Luo released a greater divine power right away and a chilling frost barrier was formed around her instantly!

The entire frost barrier was formed like a gigantic ice crystal with defined edges!

Shing!

'When the scarlet lava splashed onto the frost barrier, the two powers of ice and fire collided and green smoke billowed instantly with an ear-piercing sound!

The lava slid down the frost barrier and engulfed Matriarch Yue Luo completely.

The light of the frost barrier flickered as well.

The edges of the ice crystals had already been melted by the lava.

However, the scorching lava could not penetrate the ice crystals completely!

In this fight between two different powers, neither side yielded.

The Dragon Phoenix True Body had a cold expression and swooped down. He reached out with his gigantic, menacing Dragon Phoenix claws and dug into the gigantic ice crystals!

Crack! Crack! Crack!

Raging flames burned on the Dragon Phoenix claws as well. Like iron hooks that were burned red, the claws pierced the ice crystals instantly!

Matriarch Yue Luo's expression changed starkly when she saw that!

If the frost barrier had no openings, it could hold out for a long time.

But now that the barrier was pierced by the Dragon Phoenix True Body, cracks appeared on the ice crystals and scorching lava began to seep in!

She could not hold on for long.

"Roar!"

Right then, the Dragon Phoenix True Body roared into the skies and flapped his wings. Flames surged as the Dragon Phoenix claws tore towards both sides!

Once the Taboo Dragon Phoenix released his full strength, given the sharpness of the Dragon Phoenix claws, he could even rip the massive body of the Kun race into two!

Snap!

The Dragon Phoenix True Body did not give Matriarch Yue Luo any time at all. He tore the frost barrier apart and countless ice shards fell to the ground.

"Slash!"

Matriarch Yue Luo channeled the Astral Sword in her hands and stabbed towards the Dragon Phoenix True Body.

The Dragon Phoenix True Body did not dodge or avoid. He reached out with his Dragon Phoenix claw and ignored the sharpness of the Astral Sword, grabbing it in his palm!

The other Dragon Phoenix claw descended and arrived above Matriarch Yue Luo's head in the blink of an eye; the nails of the claw were sharp and cold.

As long as he exerted strength, he could pierce Matriarch Yue Luo's head!

Victory was decided.

Under the envelopment of the Dragon Phoenix claw, Matriarch Yue Luo could not even send her Essence Spirit out of her body—she did not dare to act rashly!

The Dragon Phoenix True Body reverted to his human form and carried the white cat Beiming Xue had transformed into with his left hand. He pushed down Matriarch Yue Luo's head with his right hand with a cold expression.

Having cultivated to this point, Matriarch Yue Luo did not wish to die.

Although the Dragon Phoenix True Body was decisive to kill, he did not kill her immediately—that gave her a sliver of hope.

“Desolate Martial, I was wrong in this matter,”

Matriarch Yue Luo gulped and forced a smile. “However, I only used a divine power on Beiming Xue but I did not kill her. Please show mercy and give me a chance.”

Many cultivators were emotional when they saw that.

That was a Mahayana Matriarch, a perfected one at that!

If Matriarch Yue Luo had not humiliated Beiming Xue and offended the Dragon Phoenix True Body, she might even have the chance to tide through the Tribulation Transcendence and ascend to the upper world!

However, at that moment, in order to survive, Matriarch Yue Luo couldn't care less about her dignity and begged in front of the Dragon Phoenix True Body.

“The Dragon Phoenix True Body was expressionless as he asked, “If I give you a chance, who is going to give Beiming a chance?”

“S-She can still recover!”

Matriarch Yue Luo said hurriedly, “As long as there's a Patriarch who comprehended the Human Dao greater divine power, he can transform her back! I know that there's an accomplished monk like that in the Buddhist monasteries!”

“Is that so?”

The Dragon Phoenix True Body let go gently and placed Beiming Xue on the ground. He looked at Matriarch Yue Luo. “Since you made a mistake, you have to be accountable.”

When she heard that, Matriarch Yue Luo felt uneasy.

“Kneel down and apologize to her!”

The Dragon Phoenix True Body pointed at the white cat on the ground and said coldly.

“What?!”

A furious look flashed through Matriarch Yue Luo's eyes.

She was a Mahayana Matriarch.

The fact that she had to plead humbly in front of everyone's watchful eyes was her bottom line.

But now, the Dragon Phoenix True Body wanted her to kneel down and apologize to a white cat, a beast!

"Desolate Martial!"

Matriarch Yue Luo frowned and said sternly with widened eyes, "As a Mahayana Matriarch, I have my dignity and pride. Even if I have to die here, I won't kneel to a beast!"

She could speak humbly and even swallow her pride to plead for mercy.

However, if she were to kneel and apologize to a beast, even if she could survive, she would definitely become the laughing stock of the cultivation world!

Her Dao Heart could even collapse on the spot!

"In my hands, you don't get to decide your own life and death!"

The Dragon Phoenix True Body sneered, "Even if you want to die, you have to kneel down!"

The Dragon Phoenix True Body extended his leg and tapped Matriarch Yue Luo on the knees gently, causing the sound of bones cracking to ring out!

Crack! Crack! Crack!

Matriarch Yue Luo's knee was shattered by the Dragon Phoenix True Body and not a single bone was intact!

"ah!"

Matriarch Yue Luo cried in pain with a pale expression.

The Dragon Phoenix True Body exerted strength in his palm and pushed Matriarch Yue Luo down!

Thump!

Matriarch Yue Luo knelt on the ground and faced the white cat Beiming Xue transformed into!

"You!"

Matriarch Yue Luo's face flushed red and she trembled in pain; she was grinding her teeth so badly they were about to shatter.

However, her Essence Spirit could not break free from the control of the Dragon Phoenix True Body!

"Since you refuse to apologize, I'll help you!"

Under countless gazes, the Dragon Phoenix True Body pushed down Matriarch Yue Luo's head and it landed heavily on the ground with a bang, kowtowing!

A Mahayana Matriarch was kneeling and kowtowing to a white cat!

“This Desolate Martial is truly savage. This is even more ruthless than killing Matriarch Yue Luo!”

“A scholar can be killed but not humiliated. Isn’t Desolate Martial’s actions a little overboard?”

“Overboard?”

A cultivator shook his head gently. “None of you can tell Desolate Martial’s intentions!”

“What?”

The surrounding cultivators asked.

“Even if Beiming Xue has a chance to become a human again in the future, her experience this time round will definitely leave an indestructible scar in her Dao Heart!”

The cultivator said, “No matter how strong she will be in the future, everyone will remember one thing—Beiming Xue was once reduced to a beast! There’s a high chance that this matter will become her mental demon.”

Many cultivators nodded.

The cultivator continued, “Right now, what Desolate Martial is doing is to erase the scar in Beiming Xue’s Dao Heart.”

“Furthermore, Desolate Martial wants everyone in the world to see that although Beiming Xue was once reduced to a beast, the Matriarch who dealt with her knelt and kowtowed in front of her!”

“Although Beiming Xue was once reduced to a beast, she sat on the back of a Taboo Dragon Phoenix and a Mahayana Matriarch knelt and kowtowed to her!”

“Who in the world has such an experience?”

“Not only will this not become Beiming Xue’s mental demon, it might even help her temper an even stronger Dao Heart!”

Many cultivators were in deep thought.

Another person said coldly, “That’s probably not Desolate Martial’s only intention,”

“Desolate Martial is also warning the living beings of the ten thousand races and all the experts of the world that his disciples can’t be bullied! Otherwise, that’s the outcome! Mahayana Patriarchs are no exception!”

Chapter 1603: Slaying the Goddess

Bang! Bang! Bang!

‘The Dragon Phoenix True Body pushed Matriarch Yue Luo’s head into three kowtows!

‘With every single sound, the living beings of the ten thousand races shuddered.

After three kowtows, Matriarch Yue Luo's forehead was already blood-red!

"Desolate Martial!"

Matriarch Yue Luo shrieked, "I'll fight you!"

She activated her secret skill and her Essence Spirit burned. An extremely domineering power burst forth from her body and she was almost about to break free from the control of the Dragon Phoenix True Body!

That was a suicidal secret skill.

She could obtain immense power in a short period of time by burning her Essence Spirit!

Poof!

Unfortunately, the Dragon Phoenix True Body did not give her the chance.

The moment Matriarch Yue Luo burned her Essence Spirit, the Dragon Phoenix True Body had already extended his fingernails and pierced her head, assassinating her Essence Spirit!

The 34th on the Divine Power Ranking, the perfected Mahayana of Heavenly Dipper Sect, Matriarch Yue Luo, died in Enigma Palace with endless resentment!

The Dragon Phoenix True Body stood up slowly and surveyed his surroundings.

None of the remaining dozens of Mahayana Patriarchs dared to meet his gaze!

Enigma Palace was silent!

All the living beings present were stunned by the powerful methods of the Dragon Phoenix True Body!

Patriarch Jin Yan's spirit consciousness moved and he sent a voice transmission, "As expected of a primordial taboo. His methods are way too ruthless!"

"Thankfully, we have these Patriarchs of the human race to take the blow for us. Otherwise, it won't be easy for the five of us to deal with it if we're suddenly faced with these attacks as well."

"Yes, let Long Mo kill these human Patriarchs! The more intense their fight is, the more advantageous it will be for us,"

Patriarch Wu Tian said coldly, "When Long Mo is almost done fighting with the remaining Mahayana Patriarchs, he probably won't have many trump cards left."

"At that time, the five of us can kill him together!"

"That's right,"

Patriarch Shen Yu smiled gently.

"Desolate Martial, there might have been some misunderstandings earlier on,"

Patriarch Fei Duan coughed gently and cupped his fists. "We're also here to facilitate the peace talks with the Primordial Six Races. We don't have any intention of targeting you, Fellow Daoist."

“That’s right, the ten thousand races are gathered for this Ten Thousand Race Meet. It’s better for everyone to sit down and discuss lest there’s another massacre,” Patriarch Xu Jing said with an embarrassed smile.

In the face of the Taboo Dragon Phoenix, even the two perfected Mahayana Patriarchs, Fei Dian and Xu Jing, had to bow down!

Although they had submitted to the Primordial Six Races, they were no fools.

If they continued fighting the Dragon Phoenix True Body, it would only result in an internecine outcome!

‘The reason why the three super sects chose to submit to the Primordial Six Races was because they wanted to protect their sect’s legacy and their lives.

But now, their three major sects had suffered immense losses before the Ten Thousand Race Meet even began!

Patriarch Shen Yu and the others glared at Patriarch Fei Duan and the others with sharp gazes.

However, the many Patriarchs either lowered their heads or avoided their gazes, pretending to be ignorant.

‘The gaze of the Dragon Phoenix True Body swept past Patriarch Fei Duan, Patriarch Xu Jing and the others. After a moment, he nodded. “Alright, since you guys want to sit and talk, behave yourselves and sit obediently.”

“Nobody is allowed to leave Enigma Palace without my orders!”

“That’s not a problem,”

The many Patriarchs heaved a sigh of relief and returned from afar. They wanted to see the final outcome of this Ten Thousand Race Meet as well.

Patriarch Fei Duan and the others finally relaxed.

If the Dragon Phoenix True Body wanted to continue with a massacre, they would have to escape from this place.

When they saw that, Patriarch Shen Yu and the others frowned.

Initially, they were waiting for the Patriarchs of the three super sects and the Dragon Phoenix True Body to continue fighting. It would be best if both parties were injured and they could reap the rewards.

To think that both parties would stop!

This caused the plans of Patriarch Shen Yu and the other four to be overturned instantly!

‘The moment the Dragon Phoenix True Body descended, he went on a massacre and suppressed the Patriarchs of Heavenly Dipper Sect and the other two super sects. His aim was to intimidate and establish his dominance!

He did not expect to make the three super sects submit singlehandedly.

However, at the very least, the three super sects would not become latent dangers for the human race at the Ten Thousand Race Meet!

Now that he had accomplished his goal, it was time for him to stop.

The Dragon Phoenix True Body knew very well that his true enemies and the true threat of the human race were the Primordial Six Races!

“Man Hu!”

Right then, Goddess Xiaoxiang stood out and asked in a deep voice, “Where’s the Firmament Sovereign? He went to the Barbarian race. Why didn’t he come with you?”

When the battle broke out earlier on, she scanned the crowd continuously but could not find any traces of the Firmament Sovereign.

Now that the battle was paused, she could not help but stand out.

“This...”

Man Hu scratched his head with an awkward expression.

“He’s dead,”

‘The Dragon Phoenix True Body carried Beiming Xue and handed her to Long Xi. When he heard Goddess Xiaoxiang’s question, he replied indifferently.

“W-What?”

Goddess Xiaoxiang was slightly stunned as she glared at the Dragon Phoenix True Body and grit her teeth. “Repeat yourself!”

‘The Dragon Phoenix True Body turned around and walked towards the side of the God race with a calm expression, saying slowly, “Didn’t you hear it clearly? I’ve already killed the Firmament Sovereign!”

Goddess Xiaoxiang shuddered as though she was struck by lightning.

Young Master Arcane Ghost and the others were secretly speechless as they looked at Goddess Xiaoxiang with a strange gaze.

Earlier on, she was still boasting about how the Firmament Sovereign shouldered the heavy responsibility of inviting the Barbarian race over.

From the looks of things now, it was uncertain whose side the Barbarian race was on!

“Long Mo!”

Goddess Xiaoxiang’s eyes were filled with endless hatred as she glared at the Dragon Phoenix True Body and said coldly, “Don’t be smug! One day, my cultivation will definitely surpass you. I’ll take revenge for the Firmament Sovereign personally and make you pay with blood!”

“Why wait till then?”

'The Dragon Phoenix True Body had a calm expression and did not stop walking. He was getting closer to Goddess Xiaoxiang and said indifferently, "Since you guys are so close, I'll send you on your way right now so that you can reunite!"

Before his sentence was finished, the Dragon Phoenix True Body swayed and strode forward!

Boom! Boom!

The ground shook and the mountains trembled!

'That single stride seemed to cross dozens of feet. In the blink of an eye, the Dragon Phoenix True Body had already arrived before Goddess Xiaoxiang and slapped down!

"Watch out!"

Patriarch Shen Yu sensed that something was amiss and reminded hurriedly.

However, it was too late.

Goddess Xiaoxiang was only a Half-Martial Ancestor.

Against the Mahayana realm Dragon Phoenix True Body right in front of her, she was completely helpless!

"You..."

Goddess Xiaoxiang only managed to utter a single word before the palm of the Dragon Phoenix True Body slapped her on the head!

Bang!

Her peerlessly beautiful face was shattered by a single slap of the Dragon Phoenix True Body, turning into a blood mist!

Goddess Xiaoxiang's Essence Spirit was dispersed by that power and turned into nothingness!

Goddess Xiaoxiang was dead!

It was only then that the living beings of the ten thousand races realized what was happening as a series of exclamations broke out from the crowd.

Many cultivators were shocked as well.

Nobody expected that the Dragon Phoenix True Body would suddenly turn to the God race and kill Goddess Xiaoxiang on the spot after a ceasefire with Heavenly Dipper Sect and the other two super sects!

From the moment the Dragon Phoenix True Body attacked till Goddess Xiaoxiang's death, it only took a single breath.

Even Patriarch Shen Yu and the others could not save her in time.

Before the Dragon Phoenix True Body descended, the Primordial Six Races were the ones in control of the situation and killed wantonly.

However, the arrival of the Dragon Phoenix True Body suppressed the flames of the Primordial Six Races completely!

Chapter 1604 Leave No One Alive!

“Desolate Martial!”

Patriarch Shen Yu had a cold expression as he glared at the Dragon Phoenix True Body and said coldly, “Both parties have already stopped and you’re still killing. I think you don’t want to negotiate peace with the

Primordial Six Races!”

“Of course we can negotiate,”

The Dragon Phoenix True Body glared at Patriarch Shen Yu and did not conceal the killing intent in his heart as he said slowly, “However, I’ll only talk to the Primordial Five Races, not the God race!”

“What do you mean by that?”

Patriarch Shen Yu’s heart skipped a beat.

“My meaning is simple. Sure, we can negotiate, but the prerequisite is that the God race has to be killed first!”

The moment the Dragon Phoenix True Body said that, he leaped up and charged towards Patriarch Shen Yu!

All the living beings of the ten thousand races were secretly alarmed when they saw that.

Prior to this, the Primordial Six Races had already revealed their supreme methods and were extremely powerful.

To think that after the Dragon Phoenix True Body descended, he was more than ten times stronger than the Primordial Six Races and was even more ferocious!

Swoosh!

The Dragon Phoenix True Body flashed and arrived before Patriarch Shen Yu instantly.

Bang! Bang!

Their blood qi burst forth and they reached the Tsunami Blood realm instantly.

However, the power of Patriarch Shen Yu’s blood qi was still rising. An ancient and mysterious pyramid appeared beneath him with millions of living beings kneeling and praying with reverence on their faces!

“Kill!”

Naturally, Patriarch Wu Tian, Patriarch Cang Ming, Patriarch Jin Yan and Patriarch Li Ying would not stand by idly. They hollered and released four innate divine powers!

“Innate Curse!”

“Eye of Storm!”

“Sun Essence Fire!”

“Hurricane Wings!”

A strange power descended in the consciousness of the Dragon Phoenix True Body and enveloped the scarlet-haired Essence Spirit rapidly.

The curse technique descended upon his consciousness out of nowhere and was impossible to defend against!

However, the Dragon Phoenix True Body ignored it.

His consciousness was like a massive world.

There was a vast land within with demon kings with terrifying auras. A wild bovine plowed the heavens and a divine elephant cried!

Outside the land, there was a black ocean with a dragon king overlooking it. A gigantic spirit turtle was faintly visible in the surging waves.

Even in the skies, there was a Golden Roc flapping its wings!

Before the power of the curse could approach the scarlet-haired Essence Spirit, it was shattered into nothingness by the roars of the demon kings!

Patriarch Cang Ming’s Heavenly Eye opened up and a violent storm was formed. There were electric arcs surging within, as though it could rip everything in the world into pieces!

It was hard to imagine that the power of this divine power was conjured by a single eye!

The Heavenly Eye opened and a storm descended!

At the same time, Patriarch Jin Yan reared his head and howled into the skies, spitting out a stream of scorching golden flames that resembled the sun!

Patriarch Li Ying released Hurricane Wings and his movement technique became even faster—he almost vanished from everyone’s line of sight!

Swoosh!

He wielded two sabers and slashed towards the head of the Dragon Phoenix True Body!

Even though the Dragon Phoenix True Body resolved the Innate Curse of Patriarch Wu Tian, there were still three divine powers that burst forth and were surging over.

The Dragon Phoenix True Body’s spirit consciousness moved and he waved his hands as the power of divine powers descended!

A gigantic stone shield appeared in front of the Dragon Phoenix True Body. Its surface was rough with complicated ravine patterns that were mysterious.

It was the first of the four divine powers in the Mystic Classic of the Twelve Demon Kings of the Great Wilderness, the Spirit Turtle Shield!

Buzz!

The Dragon Phoenix True Body condensed his spirit consciousness and the ravines on the stone shield lit up, emitting a resplendent glow!

“Scram!”

The Dragon Phoenix True Body covered his head with the stone shield and hollered!

Boom!

The storm, Sun Essence Fire and Patriarch Li Ying’s twin sabers struck the gigantic stone shield at almost the same time and let out a loud bang!

The storm surged and the flames raged on the stone shield, but they could not penetrate its defense!

Clang!

When Patriarch Li Ying’s sabers struck the stone shield, his body shuddered and he felt a terrifying recoil. He could not hold on to the two sabers with both hands and his palms were torn!

The two sabers flew out of his hands!

Patriarch Li Ying shrieked and retreated!

Under the stone shield, the figure of the Dragon Phoenix True Body had already vanished.

After he released the divine power, he did not stop at all and arrived before Patriarch Shen Yu. With a backhand slap, Tidal Might burst forth and his strength surged as he crushed down!

Boom! Boom! Boom!

Patriarch Shen Yu’s body shuddered and swayed!

The power released by the Dragon Phoenix True Body was way too strong. The pyramid beneath his feet shattered and cracks appeared—it was already collapsing!

“Heavenly God Descent!”

A power that came from the ancient era descended and golden lights burst forth from Patriarch Shen Yu’s body as his aura surged!

Behind him, the phantom of a gigantic Heavenly God appeared. It was indomitable and shone brightly as it looked down on the masses!

At that moment, Patriarch Shen Yu seemed like a true god!

“Hmph!”

The Dragon Phoenix True Body had a fearless expression as his blood qi surged. He reached out and a series of crackling sounds came from his body. Instantly, his arm expanded and became thicker!

One after another, his muscles bulged and knotted together like roots as a layer of scarlet scales grew on the surface of his skin!

The human's palm had already vanished and was replaced by an incomparably menacing Dragon Phoenix claw!

Pfft!

The moment the Heavenly God phantom descended, it was crushed by the menacing Dragon Phoenix claw and the phantom dissipated!

Immediately after, the Dragon Phoenix claw descended with the momentum and grabbed towards Patriarch Shen Yu!

Patriarch Shen Yu was scared out of his wits!

He channeled his blood qi and wanted to escape from this place. However, the Dragon Phoenix True Body was even faster and followed him like a shadow.

The Dragon Phoenix claw was like a gigantic cage that enveloped his head the entire time—he could not break free at all!

The next moment, Patriarch Shen Yu's eyes dimmed.

Pfft!

Under countless gazes, Patriarch Shen Yu's head was crushed by the Dragon Phoenix claw and blood splattered everywhere!

Before his Essence Spirit could escape, it was crushed by the Dragon Phoenix claw!

The living beings of the ten thousand races widened their mouths in shock!

The Mahayana Patriarch of the God race was killed by the Dragon Phoenix True Body just like that and was almost helpless!

Thump!

By the time Patriarch Wu Tian and the other three arrived, Patriarch Shen Yu's headless corpse had already fallen to the ground without any life.

The entire process happened too quickly.

He did not give Patriarch Wu Tian and the others a second chance to attack!

The Dragon Phoenix True Body turned around slowly and glared at Patriarch Wu Tian and the other three coldly.

The hearts of Patriarch Wu Tian and the other three turned cold. Unable to withstand the gaze of the Dragon Phoenix True Body, they took half a step back instinctively and their hearts nearly leaped out of their

chests!

The Dragon Phoenix True Body's tone was sinister as he said slowly, "If you guys dare to move, don't blame me for killing the four of you as well!"

It was a blatant threat!

His tone was filled with disdain, as though he was going to crush four ants!

Patriarch Wu Tian and the other three were stunned on the spot and did not dare to move!

Although the Primordial Six Races had joined forces, Patriarch Shen Yu was already dead. There was no need for them to risk their lives for a dead man.

"Desolate Martial!"

A Mighty Figure of the God race stood out and shouted, "You killed our sovereign, goddess and even Ancestor God! The God race will definitely tear you into pieces and make you pay with blood!"

"Is that so?"

The Dragon Phoenix True Body was expressionless as he waved his hand. "Dragon race, listen up! Kill these God race beings! Leave no one alive!"

Chapter 1605 Massacre

"What?!"

The living beings of the ten thousand races were shocked and looked at the Dragon Phoenix True Body with eyes widened in disbelief.

Even the Primordial Six Races and many God race beings present could not believe that the Dragon Phoenix True Body would issue such an order, let alone them!

The God race had sent more than a hundred people for this Ten Thousand Race Meet.

They suffered considerable losses after the battle with Desolate Martial and the super sects earlier on and there were less than a hundred people left.

The remaining God race beings were all Mighty Figures and Half-Martial Ancestors—each of them was a core power of the God race.

With that order, the feud between the Dragon and God race would be irreconcilable!

This was not as simple as killing a sovereign or goddess.

He was bent on massacring them completely!

Although the Primordial Six Races had conflicts and massacres in the primordial era, they had reservations and were wary of one another—there had never been such an extreme situation!

"Desolate Martial, how dare you!"

A God race Half-Martial Ancestor hollered with eyes widened in disbelief.

“Roar!”

A dragon roar sounded.

A gigantic divine dragon soared into the air with green scales that shone with a cold glint. With five claws beneath its abdomen, it roared into the skies with a rampant might!

“That’s a... five-clawed divine dragon!”

“The dragons of this generation are way too strong! There’s a Dragon Phoenix and a five-clawed divine dragon!”

Long Cang transformed into his true form and circled in midair. He roared and swooped down, charging towards the God race Half-Martial Ancestor!

“You...”

The God race Half-Martial Ancestor was alarmed.

Even at this moment, he could not believe that the Dragon race would want to massacre the God race completely without reservations!

Pfft!

The God race Half-Martial Ancestor reacted slower and was devoured by Long Cang. Golden blood splattered everywhere from the dragon’s mouth and scattered in the void!

A Half-Martial Ancestor of the God race died on the spot!

Roar! Roar! Roar!

A series of dragon roars sounded.

The hundreds of divine dragons that followed the Dragon Phoenix True Body transformed into their true forms and charged towards the God race without any mercy!

The God race could not believe that the Dragon Phoenix True Body had given such an order, but the dragons did not hesitate at all!

Instantly, the dragons charged into the God race and a huge battle broke out!

Those God race beings had expended a lot of energy in the battle against the Green Lotus True Body, Extreme Fire, Asura and the super sects and were injured.

The sovereign and goddess that led them were all dead.

However, not only were the dragons at their peak condition, they even overwhelmed the God race in terms of numbers. Under Long Cang’s lead, they crushed the God race camp with ease!

atriarchs Wu Tian, Jin Yan, Cang Ming and Li Ying frowned and hesitated slightly when they saw that.

Under normal circumstances, the Primordial Six Races should be joining forces to retaliate at this moment.

However, the Patriarch of the Blood Vine race was absorbed and refined by the Green Lotus True Body and died a long time ago. Without a commander, the remaining Blood Vines did not dare to act rashly.

atriarch Wu Tian and the other three exchanged glances and looked at the Dragon Phoenix True Body not far away without daring to do anything.

“Desolate Martial!”

atriarch Jin Yan said coldly, “You’ve had your fun! The Dragon race might have been able to protect you if you merely killed a sovereign and goddess. But now that you’re bent on exterminating the God race, you’ll

definitely provoke the Ancestor God experts of the God race!”

“At that time, even the Dragon race won’t be able to protect you!”

atriarch Wu Tian said coldly as well, “The God race will definitely sense the death of so many God race beings. You’re in big trouble!”

“Is that so?”

The Dragon Phoenix True Body sneered, “Let’s see what sort of figures from the God race will descend here!”

The battle was still ongoing.

In just half an hour, the God race suffered immense losses.

“Ow! Ow!”

Monkey and the others could not hold it in any longer when they saw the dragons killing to their hearts’ content. They joined the battlefield with the spirit tiger and the others to help the dragons hunt down the God

race.

The cultivators of the super sects did not move; they were still wary.

There were not many people who dared to behave recklessly like monkey and the others!

Suddenly!

A massive energy fluctuation spread out above Enigma Palace!

The void split open and released streams of blinding golden light that emanated an extremely terrifying aura!

The situation on the side of the God race had finally alarmed the other Ancestor Gods!

Two bedazzling golden figures walked out from the crack. The person on the left was a gray-haired old man who was hale and hearty with bright eyes.

On the right was a middle-aged man with golden hair, blue eyes and a handsome face that was almost perfect under the illumination of the golden light!

Two Ancestor Gods had descended!

“Desolate Martial, you’re finished!”

Patriarch Jin Yan looked at the two Ancestor Gods and sneered, “The old man on the left is Patriarch Divine Frost and the one on the right is Patriarch Divine Duel! Both of them are at the mid-stage Mahayana realm!”

For the primordial races, a mid-stage Mahayana was equivalent to a human perfected Mahayana who had comprehended many greater divine powers.

In fact, they could even suppress perfected human Mahayanas!

“I just reminded you,”

Wu Tian sneered as well, “You’re in big trouble. If you had stopped earlier on, you might have been saved. But now, it’s too late for regrets!”

Before he could finish, the Dragon Phoenix True Body swayed and had already charged towards the two Ancestor Gods in midair with a murderous intent!

“What is Desolate Martial trying to do?!”

Patriarch Wu Tian and the other three widened their eyes in shock!

“Is Desolate Martial crazy?! He’s actually going to fight two mid-stage Mahayana Ancestor Gods?!”

“Even if he’s the Dragon Phoenix Taboo, isn’t that way too arrogant? How many trump cards does he have left?”

Patriarch Wu Tian and the others sneered internally.

“Dragon race, you guys have a death wish!”

On the left, the old man from the God race, Patriarch Divine Frost, withdrew a gigantic golden spear from his storage ring. Pausing in midair, he hollered with a loud bang!

“Mind your own business first!”

Right then, the Dragon Phoenix True Body had already descended. He reached out and grabbed Patriarch Divine Frost’s head!

“Watch out!”

Patriarch Divine Duel on the left reminded as the storage ring on his finger flashed. Instantly, a gigantic golden sword and shield appeared on his left hand!

“Die!”

Patriarch Divine Frost shook his gigantic spear and stabbed towards the Dragon Phoenix True Body.

Patriarch Divine Duel raised his gigantic golden sword and slashed down at the Dragon Phoenix True Body as well!

“Immobilize!”

The Dragon Phoenix True Body summoned the Dragon Soul Saber and slashed in the direction of the two Ancestor Gods. The saber force changed instantly in midair and released Sea Calming!

The lesser divine power, the Body Immobilization Technique, descended on the two Ancestor Gods.

Without the need for the two Ancestor Gods to defend intentionally, the blood qi in their bodies seemed to have been triggered and burst forth, surging with a golden glow!

The Body Immobilization Technique divine power dissipated instantly!

The Body Immobilization Technique had no effect on the two Ancestor Gods at all!

Clang!

The Dragon Soul Saber struck the gigantic golden spear and gigantic golden sword and sparks flew as an ear-piercing sound of metal clashing echoed!

The Dragon Phoenix True Body shuddered and took half a step back.

The Dragon Soul Saber was sent flying as well, turning into a streak of light and disappearing into the crowd behind him!.

Chapter 1606 Great Sealing Technique

“You’re the Taboo Dragon Phoenix?”

Patriarch Divine Frost chuckled. “Unfortunately, you’ve only just entered the Mahayana realm and are still too inexperienced!”

Patriarch Divine Duel’s expression was grim as he said coldly, “It doesn’t matter if you’re Desolate Martial or the Dragon Phoenix. You have to die if you dare to challenge the might of the God race!”

“Is that so?”

The Dragon Phoenix True Body had a cold expression and said murderously, “I’m going to suppress the God race today!”

“Heavenly God Descent!”

The two Patriarchs, Divine Frost and Divine Duel, hollered at the same time. With the help of the ancient divine power, the aura in their bodies surged and a gigantic phantom appeared behind them.

“Roar!”

The blood qi within the Dragon Phoenix True Body surged as he roared into the skies, letting out a deafening roar that caused the ears of the two Patriarchs to buzz!

The Dragon Phoenix True Body’s body expanded rapidly and scarlet scales grew on its surface.

He wanted to take on his Dragon Phoenix form and attack with all his might!

“Great Sealing Technique!”

Suddenly!

Patriarch Divine Frost’s voice sounded.

An extremely strange power descended on the Dragon Phoenix True Body. Before he could transform into his true form, he reverted to his human form rapidly!

“Mmm?”

The expression of the Dragon Phoenix True Body changed.

He could clearly sense that his blood qi was being suppressed, as though it was sealed by an extremely strange and powerful power!

Not only that, the power even surged into his consciousness, wanting to seal his Essence Spirit!

However, it was dispersed by the power of the 11 demon kings in his consciousness and failed.

The Great Sealing Technique was a type of greater divine power.

Once released, it could seal a cultivator’s blood qi and Essence Spirit, decreasing their combat strength significantly.

Although the Dragon Phoenix True Body was only at the early-stage Mahayana realm, he was a primordial taboo after all. His blood qi was strong and the seal technique could not seal his blood qi completely!

However, before the power of the greater divine power dissipated, it was difficult for the Dragon Phoenix True Body to transform into his true form.

This had a huge impact on the Dragon Phoenix True Body!

The power and speed of the Dragon Phoenix True Body would decrease and his combat strength would be reduced by at least 30%!

“Hmph!”

A cold smile appeared on Patriarch Divine Frost’s slightly old face. “Little cub, you’re still far from your peak!”

“A taboo that isn’t at his peak is of no threat to us!”

Patriarch Divine Duel sneered as well.

The blood qi of the two Patriarchs burst forth and they arrived before the Dragon Phoenix True Body instantly, attacking at the same time!

Whoosh!

The golden spear drew divine halos and tore the void into pieces. Its landing spot was difficult to locate and enveloped the Dragon Phoenix True Body completely!

Swoosh!

The gigantic golden sword shone with a bedazzling divine light and descended from the skies with an unparalleled might!

First, they used Heavenly God Descent to increase their burst power. Coupled with the Great Sealing Technique used to seal the blood qi of the Dragon Phoenix True Body, the latter could not transform into his true

form and his combat strength was greatly diminished.

The two of them joined forces and fought the Dragon Phoenix True Body in melee combat.

The series of attacks were fluid as water, suffocating and almost flawless!

Swoosh!

A streak of golden light flashed!

It flew out from the impenetrable trap weaved by the Dharmic treasures of the two Patriarchs by a hair's breadth!

A wave of shock and astonishment could be heard from the crowd.

Even though the living beings of the ten thousand races were fixated on the battlefield, not many people could clearly see what happened.

By the time everyone realized, the Dragon Phoenix True Body had already escaped from the attacks of the two Patriarchs, Divine Frost and Divine Duel, and stood in midair.

On the back of the Dragon Phoenix True Body were two pairs of gigantic wings!

One pair burned with scarlet flames and two firestorms could be created with every flap.

The other pair was completely golden without any impurities and the wings were completely spread. They were even larger than the Dragon Phoenix Wings and looked strong!

Although the Dragon Phoenix True Body could not conjure his true form, he could still release his Dragon Phoenix Wings and Extreme Speed divine powers.

With the help of his two trump cards, the Dragon Phoenix True Body could break free from the encirclement of the two Patriarchs, Divine Frost and Divine Duel!

“Interesting,”

Patriarch Divine Duel smirked in disapproval. “Let’s see how many times you can avoid our attacks!”

“Kill!”

The two Patriarchs wielded their weapons and charged forward once more.

The Dragon Phoenix True Body waved his hands and channeled his Essence Spirit, pointing at the firmaments.

Boom! Boom!

A loud bang sounded from the skies as an ancient and thick stone pillar descended from the skies. A five-clawed divine dragon spiraled down with an endless might!

The Ancestral Dragon Divine Pillar!

“Roar!”

The five-clawed divine dragon on the divine pillar suddenly came to life. With a long roar, it broke free from the stone pillar and a stone dragon lunged towards the two Patriarchs of the God race!

“Puny tricks!”

Patriarch Divine Duel gripped his gigantic golden sword with both hands and slashed towards the incoming stone dragon!

Boom!

The gigantic golden sword struck the stone dragon!

Instantly, the stone dragon stiffened and did not move at all. Cracks appeared on its body and the light in its eyes dimmed.

“Shatter!”

Patriarch Divine Frost’s gray hair surged as he raised his golden spear and smashed it heavily against the Ancestral Dragon Divine Pillar above his head like a rod!

Although Patriarch Divine Frost was already past his peak age, there was no sign of slumping in his twilight years. His blood qi was strong and he possessed invincible might!

Boom! Boom! Boom!

Almost at the same time, the Ancestral Dragon Divine Pillar and stone dragon began to collapse and countless rocks fell.

This divine power could no longer be condensed and dissipated rapidly.

Suddenly!

Ascarlet golden glow flashed and the Dragon Phoenix True Body suddenly descended before Patriarch Divine Frost, hollering softly, “Barren!”

Swoosh!

Suddenly, a gray-colored ripple burst forth from the Dragon Phoenix True Body’s body and spread in all directions like a water ripple. Instantly, it enveloped Patriarch Divine Frost and Patriarch Divine Duel!

Back when the Dragon Phoenix True Body was at the Conjoint Body realm, the maximum rate of lifespan reduction at the center of Barren was 2,000 years per breath!

But now that the Dragon Phoenix True Body had entered the Mahayana realm, the might of Barren rose as well, reaching a reduction rate of 8,000 years per breath!

How unimaginable was that?

Against the shroud of Barren, one would lose 80,000 years of lifespan with ten breaths!

It was irreversible!

Under normal circumstances, the lifespan of a human Patriarch was only 100,000 years.

However, most Mahayana Patriarchs were more than 30,000 years old by the time they could cultivate to the Mahayana realm.

In other words, almost no Mahayana Patriarch could survive ten breaths under the envelopment of Barren!

It was clear that Patriarch Divine Frost was beyond his peak!

Barren could cause him immense damage!

If the Dragon Phoenix True Body could engage Patriarch Divine Frost in a battle in Barren, there was a high chance that the latter would be exhausted to death!

Indeed, when Barren descended, the expressions of the two God race Patriarchs changed when they sensed the decrease in their lifespans.

But soon, the two Ancestor Gods calmed down!

Even Patriarch Divine Frost's eyes flashed with mockery.

"Is this Barren? It truly lives up to its reputation,"

He murmured softly, "Even now that we're at the mid-stage Mahayana realm, we can't defend against it!"

After a brief pause, he continued, "Unfortunately, you underestimate me! The lifespan of the God race is twice that of the human race. Although I look old, I still have 50,000 years left!"

"50,000 years of lifespan is enough to withstand five or six breaths of time. However, three breaths is all I need to kill you!"

Chapter 1607 Barren Dispelled

Patriarch Divine Duel was slightly further away. Although he had fallen into Barren, he did not panic.

He was at his peak and had more than 100,000 years to live. Although Barren reduced his lifespan rapidly, it was still within his tolerance!

Whoosh!

He swung the gigantic golden sword and slashed forward, breaking through the gray-colored ripples in front of him and approaching the Dragon Phoenix True Body rapidly!

On the other side.

atriarch Divine Frost gripped his golden spear and thrust it towards the head of the Dragon Phoenix True Body, arriving instantly!

Boom!

An extremely powerful energy fluctuation burst forth from the Dragon Phoenix True Body and a pair of jade-white elephant tusks gradually grew on both sides of his body!

As the pair of elephant tusks grew, the power of the Dragon Phoenix True Body rose as well!

The two Patriarchs frowned slightly.

Immediately after, another pair of elephant tusks grew beside the Dragon Phoenix True Body!

Four thick and sharp elephant tusks grew and were filled with an extremely terrifying divine power. The aura of the Dragon Phoenix True Body rose continuously!

It was the innate divine power of the Mystic Classic of the Twelve Demon Kings of the Great Wilderness, the Six Tusk Divine Strength!

After entering the Mahayana realm, the Dragon Phoenix True Body could already conjure four elephant tusks and his power could increase by four times!

Although the cultivation of the Dragon Phoenix True Body was still at early-stage Mahayana, the power released by the four elephant tusks was no weaker than any greater divine power!

The Dragon Phoenix True Body reached out and grabbed Patriarch Divine Frost's spear in his palm, gripping it tightly without budging at all!

"Mmm?"

Patriarch Divine Frost's expression changed slightly.

He had not expected that the Dragon Phoenix True Body could fight him after releasing that divine power!

On the other side.

Patriarch Divine Duel broke through the gray ripples and leaped up with the gigantic golden sword in his hands, slashing down at the head of the Dragon Phoenix True Body!

"God's Eye!"

At the same time, two golden beams of light burst forth from Patriarch Divine Duel's eyes, as though they could penetrate everything.

A visual technique was released!

The Dragon Phoenix True Body was long prepared. The moment Patriarch Divine Duel released his visual technique, two scorching glows burst forth from his eyes!

The eyes of the Dragon Phoenix True Body seemed to have transformed into two blazing suns.

The two visual techniques collided in midair and let out a loud bang, creating a gigantic ball of light that expanded continuously!

Boom!

The ball of light exploded in a blinding manner!

A series of yells and tragic cries sounded from the crowd.

Caught off guard, the lights blinded all the living beings of the ten thousand races!

Some living beings with lower cultivation realms felt their eyes sting and cried continuously, falling into a momentary blindness!

It was hard to imagine the impact the Dragon Phoenix True Body and Patriarch Divine Duel at the center of the battlefield would endure.

The Dragon Phoenix True Body was restrained by Patriarch Divine Frost while Patriarch Divine Duel attacked and released his visual technique. Initially, Patriarch Divine Duel thought that this would be enough to kill

the Dragon Phoenix True Body on the spot.

To think that the visual technique of the Dragon Phoenix True Body was even more lethal than his!

In this clash of visual techniques, he was the one disadvantaged and his eyes stung such that he could barely open them!

Although the cultivation realm of the Dragon Phoenix True Body was low, there was an Illumination Stone in his eyes and the visual technique had long transformed!

Even though the eyes of Patriarch Divine Duel were closed, he relied on his spirit consciousness to sense and did not stop moving. He gripped his sword with both hands and continued slashing in the direction of the

Dragon Phoenix True Body.

Suddenly!

He frowned slightly.

He could sense that the palm of the Dragon Phoenix True Body had already landed on his gigantic golden sword before it slashed down.

The strange thing was that the palm was limp and boneless. It coiled, trembled and yanked!

“Mmm?”

Patriarch Divine Duel’s expression changed!

He could clearly sense an extremely powerful ripping power released by the Dragon Phoenix True Body!

If he continued holding the gigantic golden sword, his arm would be snapped!

Because of that moment of hesitation, his palm was torn and fresh blood dripped!

The gigantic golden sword flew out of his hands and was snatched away by the Dragon Phoenix True Body barehanded!

After snatching the gigantic golden sword, the Dragon Phoenix True Body threw it back at Patriarch Divine Duel in midair without even looking!

The series of events from the visual technique clash, sword snatch to the counterattack were perfect without any delays at all!

Patriarch Divine Duel was swooping down when the gigantic golden sword transformed into a golden streak of light and stabbed towards him.

After the baptism of the Six Tusk Divine Strength, the Dragon Phoenix True Body's strength had increased by more than four times!

Under such an burst, the gigantic golden sword was extremely fast and arrived instantly—Patriarch Divine Duel could not dodge at all!

When Patriarch Divine Duel saw that he was about to be severely injured by his own Dharmic weapon, he suddenly extended his palm and channeled his spirit consciousness.

The storage ring on his palm flashed.

The gigantic golden sword that was approaching was absorbed by the storage ring on his finger!

Su Zimo's counterattack was perfect.

However, Patriarch Divine Duel's swift resolution of the situation shocked everyone as well!

Patriarch Divine Duel did not stop and descended. Reaching out, his golden blood qi surged as he hollered and threw a punch towards the Dragon Phoenix True Body!

The Dragon Phoenix True Body punched in reverse as well!

Bang!

When the fists collided, flesh and bones smashed as a jarring sound of defeat echoed!

The Dragon Phoenix True Body shuddered and with a dull grunt, endured it!

As for Patriarch Divine Duel, he flipped in midair and descended as well.

Although the Dragon Phoenix True Body was slightly disadvantaged this time round, Patriarch Divine Duel was secretly alarmed.

Right now, it was a combined attack from him and Patriarch Divine Frost!

Furthermore, the Dragon Phoenix True Body's blood qi was sealed by the divine power of the Great Seal Technique and could not transform into his true form.

Even so, neither of them could suppress him completely!

One could imagine that they would definitely be disadvantaged in terms of strength after the Dragon Phoenix True Body transformed into his true form!

At that thought, the killing intent of Patriarch Divine Duel intensified!

He had to kill the Dragon Phoenix True Body as soon as possible and not give the latter any chance!

Although the fight between both parties was intense, in reality, it was only the duration of a single breath.

“Great Dark Technique!”

Right then, when Patriarch Divine Frost saw that he could not break through the defense of the Dragon Phoenix True Body, he released another divine power!

That greater divine power was extremely famous in the God race and was one of the strongest killing powers among the God race divine powers—it was on par with the Great Light Technique!

A darkness appeared in front of Patriarch Divine Frost’s chest and spun continuously, as though it had formed a gigantic dark vortex that could absorb all power and devour all living beings!

The Dragon Phoenix True Body felt his scalp tingle when the Great Dark Technique descended.

He felt a sense of danger!

Suddenly!

When the Dragon Phoenix True Body caught sight of the other end, his pupils constricted.

The gray-colored ripples and fog created by the power of Barren he released could not escape the devouring power of the Great Dark Technique either!

The gray fog around Patriarch Divine Frost was devoured by the dark vortex he released!

Barren was dispelled!.

Chapter 1608 Comprehending Divine Powers

The Dragon Phoenix True Body was alarmed.

The power of Barren could not defend against the Great Dark Technique either and was pulled continuously towards the gigantic pitch-black vortex!

At the same time, the darkness enveloped the Dragon Phoenix True Body.

He could clearly sense his blood qi and Essence Spirit power being extracted from his body and surging towards the darkness.

On the other side, Patriarch Divine Duel brought out his gigantic golden sword once more and charged!

If this continued, the Dragon Phoenix True Body would most likely be killed by two God race Patriarchs in less than three breaths!

A cold glint flashed through the Dragon Phoenix True Body's eyes as he condensed his spirit consciousness. Suddenly, a scarlet dragon scale the size of a palm flew out from his glabella in the shape of a crescent.

The entire void trembled when the dragon scale appeared!

The world seemed to have fallen into silence!

Even the living beings of the ten thousand races who were afar sensed an extremely terrifying aura from the dragon scale, let alone the two Patriarchs, Divine Frost and Divine Duel, who were right in front of it!

It was the Reverse Scale of a dragon!

The two Patriarchs, Divine Frost and Divine Duel, exchanged glances without hesitation.

Both of them condensed their Essence Spirits right away and released their Essence Spirit secret skills!

Two golden beams burst forth and struck the dragon scale instantly!

Immediately after, the two Patriarchs, Divine Frost and Divine Duel, shuddered and shrieked. Blood vessels appeared in their widened eyes and they had pained expressions!

Blood drained from the faces of the two Patriarchs!

Patriarch Divine Duel's figure paused as well and he frowned. His features were contorted as though he was undergoing immense torture!

Thin tears appeared on the Essence Spirits of the two Patriarchs in their consciousnesses!

Even Patriarch Divine Frost's Great Dark Technique nearly dissipated!

"Great Healing Technique!"

The two God race Patriarchs growled and released another greater divine power!

The moment the greater divine power descended, milky white beams of light shone from the two God race Patriarchs with immense vitality.

Their auras gradually stabilized under the milky white light.

The Dragon Phoenix True Body frowned slightly, feeling troubled.

That was the benefit of comprehending many divine powers!

The comprehension of an additional divine power would not only bring about a baptism for the body, bloodline and Essence Spirit, causing a massive increase in strength, it can also avoid danger completely!

If not for that Great Healing Technique, there was a high chance that the Essence Spirits of the two God race beings would explode and they would die!

In the consciousnesses of the two Patriarchs, milky-white powers enveloped their Essence Spirits, temporarily mending the tears on their Essence Spirits.

However, it was extremely difficult to heal such wounds to the Essence Spirit.

The Great Healing Technique divine power could only save the two Patriarchs and stabilize their injuries. In other words, although the two Patriarchs of the God race survived, their Essence Spirits were severely injured and their cultivations could not advance in the future!

“Desolate Martial!”

Endless hatred surged in Patriarch Divine Duel’s eyes as he said coldly, “You destroyed my cultivation. I’m going to tear you to pieces!”

He was at his peak and had more than 100,000 years to live.

If not for this accident, he would definitely advance to the late-stage or perfected Mahayana realm in the future!

There was a high chance that he could even become an Emperor in the future!

But now, the Reverse Scale of the Dragon Phoenix True Body had severed his future hope!

If he comprehended a supreme divine power that could heal, it might be able to heal his Essence Spirit injuries.

However, the problem was that his Essence Spirit was severely injured. It was almost impossible for him to comprehend a greater divine power, let alone a supreme divine power!

“Kill him!”

Patriarch Divine Frost narrowed his eyes and said hatefully as well.

To begin with, he had already passed his peak and had less than 50,000 years to live. However, after experiencing the reduction of Barren and being severely injured by the Reverse Scale, he only had slightly more than

30,000 years to live.

In that few breaths, he seemed like he had aged considerably!

Patriarch Divine Frost channeled his Great Dark Technique and it enveloped the Dragon Phoenix True Body.

The Dragon Phoenix True Body stood on the spot motionlessly with a lost expression. He was in deep thought and seemed like he had given up on resisting.

When they saw that, Patriarch Wu Tian and the others heaved a sigh of relief and finally relaxed.

“Fufu, Desolate Martial has already missed his final chance to escape.”

“That’s right. If Desolate Martial retreated the moment he severely injured the two Patriarchs after releasing his Reverse Scale, there would definitely be a chance for him to escape. It’s already too late now.”

“Even so, Desolate Martial is indeed terrifying! Even two mid-stage Mahayana God race Patriarchs nearly died despite possessing so many greater divine powers!”

On the battlefield.

There was naturally no way the Dragon Phoenix True Body would give up—he had merely entered a mysterious state.

Up till this point of his comprehension of Barren, he had always been successful!

This Dharmic art ignored one's cultivation realm and could reduce one's lifespan limitlessly. It was irreversible and was something that countless experts were wary of!

However, at the end of the day, Barren was merely a Dharmic art.

The power of Barren was already at the peak of Dharmic arts!

At the end of the day, Dharmic arts could not reach the level of divine powers.

In a fight between the Mahayana realm, Mahayana Patriarchs could spare tens of thousands years of lifespan at any moment. In fact, some Patriarchs of the primordial races could even expend hundreds of thousands

years of lifespan. The impact of Barren on them was clearly diminished.

Now, the greater divine power released by Patriarch Divine Frost had even devoured Barren's power!

A look of disappointment flashed through the Dragon Phoenix True Body's eyes when he looked at Barren that was gradually devoured.

More than that, he was indignant!

Even as a Dharmic art, Barren was so powerful that Patriarchs had to be wary of it.

If Barren could advance a step further and become a divine power, what sort of power would it release?

In such a dangerous situation, it triggered all the potential of the Dragon Phoenix True Body. All the comprehensions he had gained from cultivating Barren over the years surged into his mind!

At the end of the day, Barren was a form of release and control of time power.

Its foundation was to speed up the flow of time on a cultivator!

It would cause a cultivator's lifespan to deplete rapidly in a short period of time!

The Dragon Phoenix True Body frowned.

One after another, comprehensions revolved through his mind and he was about to break through that barrier to enter another realm of power!

However, he could not break through that barrier no matter what.

It was not so easy to comprehend divine powers!

Many cultivators might not be able to master a single divine power even if they comprehended, accumulated and consolidated it for hundreds or even thousands of years.

"There's something missing!"

In a flash, the brain of the Dragon Phoenix True Body spun rapidly as he recalled everything he had learned in his life. Everything flashed before his eyes like scenes.

Suddenly!

A thought flashed through the Dragon Phoenix True Body's mind.

Instantly, he seemed to have returned to the Dao Inheritance Ground and sat cross-legged beside the stone statue of Half-Martial Ancestor Instant.

There, he entered the Void Reversion realm.

There, he received more than 30 inheritance stone statues and deduced the Martial Dao.

Time sped around the stone statue!

Asingle day outside was equivalent to a year of cultivation there!

Actually, that was also a power of time passing!

Be it Dao Lords, Patriarchs or Emperors of history, none of them could defeat time and could not escape aging!

Time was the fairest for all living beings..

Chapter 1609 Time Is Like a Saber

"Eh? Something's not right!"

atriarch Jin Yan looked at the Dragon Phoenix True Body on the battlefield and suddenly said.

"This state..."

atriarch Wu Tian frowned slightly in deep thought. After pondering for a moment, he exclaimed, "Enlightenment! Desolate Martial is in the midst of an enlightenment!"

The voice caused an uproar!

nobody expected the Dragon Phoenix True Body to enter a state of enlightenment in such an intense battle!

A state of enlightenment was extremely rare and could only be chanced upon. Under such circumstances, a cultivator's senses would become extremely sharp and they would be able to comprehend many deeper

levels!

However, that state would vanish the moment it was destroyed.

ight now, the life of the Dragon Phoenix True Body was hanging by a thread. No matter how rare a state of enlightenment was, he should give up and turn to flee right away!

atriarch Li Ying sneered, "He truly doesn't know what's good for him! Is he still hoping to comprehend some divine power to reverse the situation?"

ight then, under many gazes, the confusion in the Dragon Phoenix True Body's eyes dissipated and clarity returned.

The Dragon Phoenix True Body extended both hands and a gray fog surged between his palms without dissipating.

As the hands of the Dragon Phoenix True Body opened up, the gray fog gradually elongated and formed a gray saber!

For some reason, the Patriarchs present felt shudders and their expressions changed slightly when they saw the gray saber.

Nobody knew what that gray saber was.

However, all the Mahayana Patriarchs wanted to distance themselves from the gray saber!

An extremely terrifying divine power burst forth from the Dragon Phoenix True Body like a storm and washed through his organs and eight meridians, baptizing his body, blood qi and Essence Spirit!

Crack! Crack! Crack!

The power of the Great Seal Technique within the Dragon Phoenix True Body dissipated instantly against the baptism of the Divine Power Storm!

It was as though shackles had shattered and the Dragon Phoenix True Body had broken free from the seal completely!

"That's a... greater divine power!"

Patriarch Wu Tian's pupils constricted and his voice trembled.

The power of that greater divine power made Patriarch Wu Tian and the others shudder!

"What divine power is that?"

"I don't know. I've never seen a greater divine power with a gray saber before."

The Mahayana Patriarchs present conversed rapidly.

"I don't care what greater divine power that is!"

Patriarch Divine Frost channeled his Essence Spirit to its limits and hollered menacingly, "Under the shroud of darkness, everything shall be destroyed!"

The gigantic dark vortex enveloped the Dragon Phoenix True Body.

"Time is like a saber,"

The Dragon Phoenix True Body had an indifferent expression as he chanted softly. The gray saber in his hands flew out and slashed towards the dark vortex before him.

The gray saber descended and ignored the power of the dark vortex, penetrating it intact!

Be it darkness or light, none of them could withstand the passage of time.

Patriarch Divine Frost's expression changed and he wanted to retreat, but it was too late.

The gray saber struck him!

"This is bad, this is where I die!"

Patriarch Divine Frost lamented internally.

However, before long, he realized that he was not injured at all!

He felt nothing when the gray saber struck him. His body did not sway and he was not injured at all!

"I'm fine?"

Suddenly, Patriarch Divine Frost burst into laughter with an emotional expression. "Hahahaha! I'm fine!"

"Cough, cough, cough!"

Perhaps because he was laughing too hurriedly, Patriarch Divine Frost even coughed twice. He looked at the Dragon Phoenix True Body with a mocking expression and jeered, "I thought that it was some incredible

greater divine power. To think that it would be a joke. Hahahaha!"

The Dragon Phoenix True Body did not smile and merely looked at Patriarch Divine Frost quietly.

None of the living beings of the ten thousand races smiled either.

Unknowingly, the crowd around them had turned extremely quiet.

Patriarch Divine Frost's laughter seemed extremely strange in this quiet environment.

After laughing for a while, Patriarch Divine Frost realized that something was amiss and looked around instinctively.

All the living beings of the ten thousand races were looking at him with complicated gazes; there was fear, shock, mockery and pity...

"What are you guys looking at?!"

He hollered and panted slightly.

For some reason, he felt short of breath even though he merely laughed for a while.

"Divine Frost, your face..."

ight then, Patriarch Divine Duel pointed at Patriarch Divine Frost's face with an inexplicable hint of fear in his voice!

Indeed, there were no injuries on Patriarch Divine Frost's body when the gray saber descended.

However, his initially gray hair had already turned white.

Initially, there were only some wrinkles on his face. But now, they had multiplied, like scars left behind by time!

In an instant, Patriarch Divine Frost turned into an old man in his twilight years!

His blood qi had already deteriorated and was lethargic.

His life force became extremely weak as well.

Even that short burst of laughter caused him to feel out of breath.

In fact, his Essence Spirit was not enough to support the Great Dark Technique. Before the greater divine power arrived before the Dragon Phoenix True Body, it collapsed on its own!

“How could this be?”

“How could this be?!”

Patriarch Divine Frost glared and roared hysterically when he sensed the little lifespan left in his body.

He had 50,000 years of lifespan left when he arrived at Enigma Palace.

After being reduced by Barren and severely injured by the Reverse Scale, he had more than 30,000 years to live!

But now, he only had a few thousand years left to live!

Although a few thousand years of lifespan seemed long, for a Mahayana Patriarch with a lifespan of 100,000 years, he was already in his twilight years!

An entire 30,000 years of lifespan vanished into thin air at that instant!

To be precise, it was not into thin air.

It was taken away by the gray saber!

30,000 years of lifespan was cut away by that slash!

Even Patriarchs of the primordial races would not be able to withstand the impact of such a greater divine power, let alone Patriarchs of the human race!

Suddenly, Patriarch Divine Frost recalled what the Dragon Phoenix True Body said when he released the divine power.

Time was like a saber!

This was the power of time!

Time was the cruelest and no one could defend against it!

Most of the living beings of the ten thousand races merely wanted to live forever alongside the universe. However, throughout history, who could escape the sands of time?

“H-How do you possess such power?!”

Patriarch Divine Frost’s voice was trembling uncontrollably, hoarse and filled with fear!

Immediately after, his eyes widened and his pupils constricted!

Gray fog surged between the hands of the Dragon Phoenix True Body and another gray saber appeared, identical to the one earlier on!

“Time is like a saber,”

The Dragon Phoenix True Body flung the gray saber in his hands towards Patriarch Divine Frost and murmured, “Every single strike causes one to age!”

The gray saber crossed the void and descended on Patriarch Divine Frost instantly, entering and vanishing.

That single slash was another 30,000 years!

Patriarch Divine Frost’s lifespan of less than 10,000 years was depleted instantly!

Every single strike causes one to age!

That was the final voice Patriarch Divine Frost heard.

The next moment, Patriarch Divine Frost’s withered and dead corpse fell from midair right in front of many living beings.

It fell, withered like a dried leaf..

Chapter 1610 Total Annihilation

It was dead silent throughout Enigma Palace!

A mid-stage Mahayana Patriarch of the primordial races was killed by the Dragon Phoenix True Body just like that!

The two slashes depleted his lifespan of tens of thousands of years instantly!

That greater divine power unleashed the cruelty of time to its limits!

Swoosh!

Patriarch Divine Duel’s figure flashed and his blood qi burst forth. In the blink of an eye, he arrived before the Dragon Phoenix True Body and raised his gigantic golden sword, slashing down!

He knew very well that he could not let the Dragon Phoenix True Body continue releasing that greater divine power.

Although he still had more than 100,000 years of lifespan, he would not survive if he allowed the Dragon Phoenix True Body to release the Time Is Like a Saber divine power; he wouldn’t survive either after a few

slashes!

Notwithstanding a few slashes, even a single slash was an unbearable injury for him!

A single slash was equivalent to 30,000 years!

Time was truly like a saber in that sense and every single slash aged one considerably!

Patriarch Divine Duel had rich combat experience and was sharp.

He could tell that although this greater divine power was terrifying, it was not without flaws.

Each time that greater divine power was condensed, it could only condense a single Time Saber.

There was a brief pause in between.

In other words, as long as he could exert enough pressure on the Dragon Phoenix True Body in melee combat such that the latter would not be able to release that greater divine power, he would be invincible!

Therefore, Patriarch Divine Duel did not escape. Instead, he charged forward and his blood qi surged. A golden light burst forth from his body with a torrential aura as he chose to fight the Dragon Phoenix True Body in

melee combat!

However, Patriarch Divine Duel missed something.

After comprehending that greater divine power and experiencing the baptism of the Divine Power Storm, the power of the Great Seal Technique in the Dragon Phoenix True Body had already vanished.

The power of the Dragon Phoenix True Body's body, blood qi and Essence Spirit surged!

Furthermore, he could transform into his Dragon Phoenix true form at any moment and fight Patriarch Divine Duel!

"Slash!"

The gigantic golden sword slashed down!

The Dragon Phoenix True Body did not dodge or avoid. His gaze intensified as he suddenly extended his arm.

Even in midair, his arm let out a series of crackling sounds and expanded instantly, spanning dozens of feet as it turned thick and menacing!

The muscles on his arm bulged like spirit snakes and scarlet dragon scales that resembled metal plates grew on them instantly!

His palm had already transformed as well, turning into a gigantic, sharp Dragon Phoenix claw!

Clang!

The Dragon Phoenix claw grabbed the gigantic golden sword in his palm and sparks flew!

The sharpness of the gigantic golden sword could not even break through the scales of the Dragon Phoenix!

Patriarch Divine Duel retreated instinctively, wanting to retrieve his gigantic golden sword.

“Mmm?”

His expression changed slightly.

The gigantic golden sword was gripped tightly by the Dragon Phoenix claw and did not budge at all. Even when he released his full strength, he could not withdraw the gigantic golden sword!

Both of them were extremely close and began to wrestle without letting go.

The Dragon Phoenix True Body's eyes were cold as he glared at Patriarch Divine Duel. The flames in the Dragon Phoenix claw intensified!

Buzz!

As though it was in immense pain, the gigantic golden sword began to tremble and let out a buzzing sound.

The golden light on the sword began to dim.

Not only that, the sword shone with a red light instead!

The living beings of the ten thousand races focused their gazes and widened their mouths in shock.

Under the scorching heat of the Dragon Phoenix Flames, the gigantic golden sword gradually turned red and was almost transparent. It emitted a scorching heat and extended towards the hilt!

The hilt of the sword began to turn red as well!

Splash! Splash!

White smoke steamed from Patriarch Divine Duel's palm that was burned.

Patriarch Divine Duel had a menacing expression and his eyes widened. He was still enduring the pain and refused to let go!

However, the power of the Dragon Phoenix True Body rose continuously and the temperature of the Dragon Phoenix Flames increased as well. The hilt of the sword burned his hands!

In the end, Patriarch Divine Duel finally could not withstand it and released his palm.

“Hmph!”

The Dragon Phoenix True Body sneered and snatched the gigantic golden sword. He gripped the fiery red hilt of the sword and slashed down viciously at Patriarch Divine Duel!

Patriarch Divine Duel raised the gigantic golden shield in his left hand hurriedly to defend.

Boom!

A deafening sound could be heard when the gigantic golden sword struck the gigantic shield.

The gigantic golden sword was red from the Dragon Phoenix Flames to begin with and became extremely fragile. Now that it collided with the gigantic shield, it broke into pieces and shards splintered everywhere!

Patriarch Divine Duel shuddered as though he was struck by lightning.

The power of the Dragon Phoenix True Body was clearly much stronger than before and he could not defend against it!

Suddenly!

Patriarch Divine Duel's expression changed starkly.

He finally realized that the Dragon Phoenix True Body could transform into his true form now that the Seal Technique had vanished. At that time, the latter's combat strength would increase once more!

Right then, a large shadow appeared above Patriarch Divine Duel's head.

The temperature around him rose rapidly.

It was as though he had fallen into a gigantic volcano with raging flames surging around him—he was about to melt!

He looked up instinctively.

In the firmaments, a powerful living being blazing with raging flames looked down at him. It had a dragon's head, phoenix's tail and two pairs of wings on its back!

Beneath its wings, four jade-white elephant tusks could be faintly seen!

Those eyes were cold and intimidating. The way they looked at him was as though they were looking at an ant without any emotions at all!

The Taboo Dragon Phoenix!

Although Patriarch Divine Duel had cultivated to the mid-stage Mahayana realm, he felt a sense of insignificance after the descent of the Dragon Phoenix True Body!

This was an absolute suppression of bloodline!

Even though the roots of the God race were not on this mainland, they still felt a deep fear against the taboos!

Swoosh!

The Dragon Phoenix True Body swooped down with its massive body, descending with the terrifying might of a taboo.

With nowhere to run, Patriarch Divine Duel could only defend with the gigantic golden shield once more!

Boom!

There was a loud bang!

atriarch Divine Duel's figure smashed onto the ground like a meteor, creating a huge pit!

The gigantic golden shield was sent flying by the Dragon Phoenix True Body as well and collapsed to the ground.

atriarch Divine Duel's tendons and bones felt like they were about to fall apart as he struggled to climb out of the pit.

ight then, a scarlet shadow loomed over.

Boom! Boom!

The Dragon Phoenix descended and pushed against Patriarch Divine Duel's body with his claws. Sharp claws pierced his body instantly and fresh blood spewed!

"Ah!"

Patriarch Divine Duel shrieked tragically and his body trembled in pain, almost convulsing.

Every single claw was like a burning iron hook that stabbed into his body. Burning flames destroyed his lifeforce continuously!

"Ah! Ah! Abhhh!"

He struggled continuously and let out tragic cries.

"How noisy!"

The voice of the Dragon Phoenix sounded with endless might.

The Dragon Phoenix lowered his head slightly and suddenly opened his mouth, spewing out a stream of scarlet lava that splashed down on Patriarch Divine Duel's head!

Shing!

The scorching lava drowned the pit and Patriarch Divine Duel's figure instantly, causing green smoke to rise!

Patriarch Divine Duel's cry came to an abrupt stop!

Before long, his aura vanished completely into the lava without any corpse left!

At this point of the battle, two mid-stage Mahayana Patriarchs of the God race descended and were killed by the Dragon Phoenix True Body!

The remaining God race beings were no longer a threat and fled in all directions.

Patriarch Wu Tian and the others were pale with fright when they saw that.

They knew very well that the God race was finished!

It was a total annihilation!.

Chapter 1611 Five Elements Divine Thunder

Patriarch Wu Tian and the other three exchanged glances with lingering fear.

When the Dragon Phoenix True Body descended, they were still thinking of how to join forces and suppress him!

Now that they thought about it, that thought was way too laughable and crazy!

If they had persisted in attacking the Dragon Phoenix True Body earlier on, they would have been four corpses by now! "Can you guys sense that Desolate Martial has an extremely strong enmity towards the God race?"

Patriarch Li Ying asked with a voice transmission.

Patriarch Wu Tian nodded. "I can sense it. Earlier on, Desolate Martial also said something similar. He said that he could negotiate with us, but not the God race."

"That's a little strange,"

Patriarch Cang Ming frowned slightly. "Desolate Martial had grudges with our Primordial Six Races before. Why would he target the God race so specifically?"

"I'm not sure. We can no longer call the shots for this Ten Thousand Race Meet," Patriarch Jin Yan said, "I've already informed the clan leader and asked him to head over to settle this matter."

Patriarch Wu Tian and the others had already informed their respective clan leaders.

There were not many God race beings left in Enigma Palace but they were still fighting desperately. The death of the two Patriarchs, Divine Frost and Divine Duel, was a devastating blow to the God race!

The Dragon Phoenix True Body did not help.

He did not even care if dragons were injured or even dead.

This sort of fresh blood and life and death was something that the Dragon race had to experience!

This was the best training for the Dragon race.

All these years, the Dragon race had not appeared in the Dragon Bone Valley and it was difficult for them to kill one another in a spar within the race.

Without the baptism of life and death and blood, these dragons would not truly grow!

The God race at Enigma Palace was their whetstone.

The Dragon Phoenix True Body did not tell the truth of the primordial war.

Even if he said it now, no one would believe him.

That was because his understanding of the primordial war was only limited to some simple messages transmitted by the Green Lotus True Body.

The Dragon Phoenix True Body did not know the details at all and he had no proof.

If he said it now, it would be unconvincing and he would only attract the suspicions and ridicule of the other primordial races.

After all, the truth was way too terrifying and horrifying that it was completely unimaginable! Furthermore, even if Patriarch Wu Tian and the others believed it, it was useless.

Up till this point of the Ten Thousand Race Meet, Patriarch Wu Tian and the others no longer had any say and could not make any decisions for the primordial races!

When the true experts of the Primordial Six Races descended and the Green Lotus True Body revealed the truth, there was a chance of changing the situation and making the final decision!

Furthermore, he might alert the enemy if he said it now.

Right then, on the battlefield, the green and crystalline Creation Green Lotus emanated rays of light that swayed gently.

The aura of the Green Lotus True Body gradually stabilized on the lotus platform.

The second tribulation of the three calamities of Daoism, the Malevolent Earth Fire, had already passed!

The Green Lotus True Body was healing his injuries rapidly and recovering his vitality.

It was clear that the Malevolent Earth Fire Tribulation did not affect the Green Lotus True Body much.

With just a slight rest, the state of the Green Lotus True Body had already returned to his peak and the blood qi in his body was strong with immense vitality!

“This Malevolent Spirit Fruit is truly a universal treasure. Apart from the fact that Desolate Martial managed to survive the Malevolent Earth Fire Tribulation safely after devouring the Malevolent Spirit Fruit, he did not suffer any harm.”

“Definitely. Most of the Malevolent Earth Fire’s power was neutralized by the power of the Malevolent Spirit Fruit. The remaining power was of no threat to Desolate Martial.”

“More importantly, the better the condition one is in after the Malevolent Earth Fire Tribulation, the better their chances of surviving the Five Thunder Tribulation later on!”

“The Malevolent Spirit Fruit is way too important for us Half-Martial Ancestors! If anyone has a Malevolent Spirit Fruit, I’ll even risk my life for them!”

A Half-Martial Ancestor murmured.

There were many Half-Martial Ancestors with that thought.

That was because if they could not tide through the Divine Power Tribulation, their lifespans would only be 20,000 years.

If they failed the tribulation transcendence, they might even die!

However, with the help of the Malevolent Spirit Fruit, they could successfully advance to the Mahayana realm and their lifespans would increase to 100,000 years. The attraction of that was way too great for Half-Martial Ancestors!

Boom! Boom! Boom!

Right then, thunder sounded from the skies in a deep and powerful manner, as though it was reverberating in the hearts of all living beings!

The skies were clear everywhere else. However, dark clouds filled the skies of Enigma Palace and gathered rapidly. The rumbling clouds seemed like they were splashed with ink.

“The final tribulation of the three calamities of Daoism is here!”

Someone exclaimed softly.

The final tribulation was the thunder tribulation.

Those thunderbolts were not ordinary thunderbolts, but the Five Elements, Geng Metal, Yi Wood, Gui Water, Bing Fire and Wu Earth Divine Thunders!

The so-called struck by five thunders referred to the Five Elements Divine Thunder!

Throughout history, there had been countless Half-Martial Ancestor experts who died to the Five Elements Divine Thunder.

If they failed the final tribulation, their souls would be dispersed!

The dark clouds gathered and turned darker with lightning flashing within-it emitted a shuddering might!

The Creation Green Lotus stood upright and soared into the skies. Against the dark clouds and the envelopment of thunder, there was no fear and it shone brightly!

Snap!

A gigantic thunderbolt descended with a blinding black brilliance, as though it wanted to penetrate everything!

Gui Water Divine Thunder!

The strength of the Five Elements Divine Thunder was different and the Gui Water Divine Thunder was relatively mild.

The divine thunderbolt struck down heavily on Su Zimo’s head and his body shuddered as streaks of lightning flashed. There was even a hint of mist mixed in the lightning!

The flesh of the Green Lotus True Body exploded instantly, forming a blood mist as cracks appeared on the surface of his skin! Even the mildest Gui Water Divine Thunder could release such a terrifying power!

The living beings of the ten thousand races were secretly alarmed. Su Zimo gritted his teeth and endured it emotionlessly.

Before long, the lightning on the Green Lotus True Body dissipated.

Snap! Another thunder boomed! The Five Elements Divine Thunder would not give Su Zimo any time to recuperate as the second thunderbolt struck down!

The five thunderbolts struck in succession without any breathing room!

The five elements coexisted, water and wood.

The second thunderbolt was the Yi Wood Divine Thunder!

When the divine thunderbolt descended, Su Zimo actually stood up from the Creation Lotus Platform. His black hair danced as he roared into the skies, as though he was declaring war on the Five Elements Divine Thunder!

When the Yi Wood Divine Thunder struck Su Zimo, lightning flashed and thunder rumbled.

However, under the gazes of many living beings, not only did Su Zimo's aura not deteriorate at all, it was even rising rapidly!

The wounds on Su Zimo's body healed at a visible speed!

Not only did the divine thunderbolt fail to cause any damage to the Green Lotus True Body, the power it contained was absorbed by the Green Lotus True Body instead!

The Creation Green Lotus beneath Su Zimo shone brightly!

Gasps could be heard from the crowd.

Throughout history, countless Half-Martial Ancestors underwent tribulation transcendence but there had never been such a situation.

Someone exclaimed, "I got it! The Creation Green Lotus is a god of the plants. Even the Yi Wood Divine Thunder can't suppress it. Instead, it became nourishment for it!"

"As expected of the Creation Green Lotus. It can even devour the Yi Wood Divine Thunder!"

Chapter 1612: Mahayana Realm!

Not only did the descent of the Yi Wood Divine Thunder fail to severely injure Su Zimo, it even nourished him and the Creation Green Lotus beneath him!

The injuries that the Gui Water Divine Thunder caused to the Green Lotus True Body were completely healed under the nourishment of the Yi Wood Divine Thunder.

Su Zimo's aura rose continuously!

Before long, the Yi Wood Divine Thunder was completely absorbed by the Green Lotus True Body. Be it in terms of condition or strength, he had already reached his peak!

A third divine thunderbolt descended.

Fire was born from the wood.

The third was the Bing Fire Divine Thunder!

If the Gui Water Divine Thunder was the weakest in the Five Elements Divine Thunder, the Bing Fire Divine Thunder would be one of the strongest in the Five Elements Divine Thunder!

Furthermore, the Bing Fire Divine Thunder dealt even greater damage to the Flora race!

Snap!

A scarlet thunderbolt descended from the dark clouds and struck Su Zimo.

Swoosh!

Instantly, Su Zimo's body was enveloped by streaks of scarlet lightning and raging flames even ignited. His figure was faintly visible within the Bing Fire Divine Thunder.

The living beings of the ten thousand races could clearly see that Su Zimo's flesh was already split by the Bing Fire Divine Thunder!

Before fresh blood flowed out, it evaporated and turned into ashes!

Su Zimo trembled slightly, frowning with a pained expression.

Even the aura of the Creation Green Lotus was suppressed by the Bing Fire Divine Thunder!

However, right from the beginning, he did not make a single sound.

His aura weakened continuously.

In the end, it was even drowned in the Bing Fire Divine Thunder and almost disappeared!

The experts of the Primordial Six Races had conflicted expressions when they saw that.

They knew very well that Su Zimo was at his weakest right now. Any Conjoint Body Mighty Figure or even Dharma Characteristic Dao Lord could severely injure and kill him!

However, all the experts of the Primordial Six Races snuck glances at the other powerful figure in midair.

The figure had scarlet hair that burned like flames and a searing gaze, emitting a violent and scorching might!

With the Dragon Phoenix True Body around, nobody dared to act

The Dragon Phoenix True Body's expression was unchanged when he saw that and he had no intention of interfering.

One had to rely on their own strength for a tribulation transcendence as such.

If anyone else interfered, it would only bring about an even more terrifying catastrophe!

Amidst the flashes of lightning and fire, Su Zimo did not move at all. The blood qi in his body surged and released streams of tremendous lifeforce to heal his injuries and defend against the Bing Fire Divine Thunder.

The Bing Fire Divine Thunder destroyed, incinerated and rampaged repeatedly as the Green Lotus True Body repaired itself continuously, nourishing and healing!

Under the continuous tension and resistance, the Green Lotus True Body became even purer and flawless.

Furthermore, the regeneration capabilities of the Green Lotus True Body became stronger and more terrifying!

Finally, the Bing Fire Divine Thunder dissipated.

On the Creation Lotus Platform, Su Zimo was already unrecognizable and had been burned into a black human-shaped charcoal by the Bing Fire Divine Thunder.

Suddenly!

Two divine lights burst forth from the human-shaped charcoal!

Those were Su Zimo's eyes!

Su Zimo opened his eyes. Accompanied by that slight movement, the charcoal on his body gradually fell off. His dead skin faded and his rotting flesh turned into ashes, revealing a layer of fair and tender skin.

He was just like a newborn baby and there was even a faint fragrance emanating from him!

Su Zimo's body was filled with a jade green glow that was crystal clear and flawless. His body was like a true Creation Green Lotus!

Snap!

A fourth divine thunderbolt descended with a golden glow.

Earth was born from the fire.

It was the Wu Earth Divine Thunder!

The golden thunder descended and Su Zimo shuddered, feeling an unbearable pressure that was almost suffocating!

Even the Creation Green Lotus beneath him could not withstand it and bent over slightly.

The Wu Earth Divine Thunder possessed an extremely terrifying might.

It was as though Su Zimo was not enduring a divine thunderbolt, but the entire ground. It was thick, vast, and extended endlessly!

Su Zimo's body gradually bent over.

Under the pressure of the situation, he had no choice but to bow down!

He was bending over.

The Creation Green Lotus beneath him was bending as well!

The power of the Wu Earth Divine Thunder did not stop and seemed boundless!

Not only did the divine thunderbolt want to crush his body, it wanted to crush him and make him kneel down and submit to Heaven and Earth!

If he was crushed...

It would mean that the Creation Green Lotus beneath him would be crushed as well!

Su Zimo had long fused as one with the Creation Green Lotus.

They were bound together for good or ill!

The Wu Earth Divine Thunder descended longer than all three divine thunderbolts combined.

Furthermore, Su Zimo could clearly sense that the power within his body was still increasing!

Suddenly!

A thought flashed through Su Zimo's mind.

The ground was thick, vast and unstoppable.

The splitting of the earth could devour everything.

The collapse of the earth could bury all living beings!

However, the earth could also contain all living beings and nurture life!

Although the power of the earth was enough to destroy everything, even the weakest grass could break out of the ground and grow!

That thought shone brightly and suddenly, Su Zimo felt the pressure on his body lessen.

Under the gazes of the living beings of the ten thousand races, Su Zimo's body gradually straightened for some reason.

The Creation Green Lotus beneath him began to grow as well!

They were like a green lotus that had broken out of the ground, emitting a vibrant lifeforce with a peak aura!

Snap!

Thunder rumbled again.

A fifth divine thunderbolt descended!

Metal was born from the earth.

Metal represented killing.

The Geng Metal Divine Thunder was the strongest among the five elements and could penetrate everything—its killing power was at its limits!

A blazing thunderbolt descended with a bedazzling white light and struck Su Zimo's head instantly.

Suddenly, Su Zimo's body froze and he did not move at all.

Bang!

Right after, in front of everyone, Su Zimo's body suddenly exploded into a blood mist that stained half the skies!

"Ah! Desolate Martial failed his tribulation transcendence!"

"The Geng Metal Divine Thunder is still so strong that it destroyed the Green Lotus True Body!"

The crowd was in an uproar as a series of exclamations sounded.

The experts of the Primordial Six Races heaved a sigh of relief. Although they did not say anything, they could not conceal the joy in their eyes.

Su Zimo's Green Lotus True Body was also a huge threat to them.

Nobody knew what combat strength the Green Lotus True Body would possess after entering the Mahayana realm!

"Something's not right!"

Patriarch Wu Tian's spirit consciousness was extremely powerful and his senses were sharp. He frowned. "Desolate Martial isn't dead!"

Right then, the ball of blood mist on the Creation Green Lotus gradually gathered. In the blink of an eye, Su Zimo's Green Lotus True Body was formed once more!

Howling into the skies, Su Zimo's body shone with a resplendent glow.

Along with his howl, the Creation Green Lotus seemed to have sensed something and soared into the skies. Its gigantic lotus leaves danced and its lotus platform swayed.

The dark clouds hovering above Su Zimo's head were crushed by the Creation Green Lotus and dissipated gradually!

The Divine Power Tribulation was passed safely!

Su Zimo's aura seemed to have broken through some sort of a barrier and was rising rapidly!

He broke free of the shackles of Heaven and Earth once more and his lifespan extended!

The Green Lotus True Body had entered the Mahayana realm!

Su Zimo assumed a lotus position and did not leave immediately.

He had just entered the Mahayana realm and had to continue cultivating and comprehending to stabilize this realm..

Chapter 1613 Arrival of the Prime Body

Middle Continent, Astral Mountain Range.

This mountain range was famous in the cultivation world because many years ago, a supreme expert left behind his inheritance and established a sect here!

Later on, that sect was established as one of the immortal sects and was Astral Sect.

20,000 years ago, Astral Sect split into two super sects, Heavenly Dipper Sect and Malevolent Earth Sect. Right now, the Astral Mountain Range was where Heavenly Dipper Sect was located.

This day, a person arrived in the Astral Mountain Range.

The person wore purple robes and his black hair draped over his shoulders. He had refined features and although he was young, he exuded an unstoppable aura!

If cultivators of Enigma Palace saw his appearance, they would definitely be shocked!

That was because this person's appearance was identical to Desolate Martial and Su Zimo!

Everyone knew that Desolate Martial had two true bodies.

At that moment, both of Desolate Martial's true bodies were in Enigma Palace!

In that case, who was this person?

The purple-robed man looked at the Astral Mountain Range with a deep gaze. After pondering for a moment, he extended his finger and tapped his glabella gently. Instantly, a layer of mist covered the purple-robed man's face and disguised his appearance.

This was Desolate Martial's third true body, the Martial Dao Prime Body!

After cultivating for a hundred years, the Martial Dao Prime Body had already entered the Half-Martial Ancestor realm.

He did not choose to head to Enigma Palace.

The Dragon Phoenix True Body had already told him about the situation over there. According to his calculations, there was a high chance that the top experts of the primordial races would arrive one after another.

Even if he rushed over, it would be useless.

At the end of the Ten Thousand Race Meet, there was a high chance that it would be a fight between Emperors!

The Martial Dao Prime Body chose to come to the Middle Continent, Heavenly Dipper Sect. He advanced and arrived at the entrance of Heavenly Dipper Sect before long.

On both sides of the mountain gate of Heavenly Dipper Sect, the disciples guarding it were not weak—there were two Nascent Souls. "Who are you?!"

The two Nascent Souls could not help but frown when they saw the Martial Dao Prime Body from afar and asked loudly.

The Martial Dao Prime Body ignored them and continued forward without looking sideways.

"Halt!"

"If you get closer, don't blame us for killing you here!"

The eyes of the two Nascent Souls shone coldly. They summoned their flying sword Dharmic weapons that hovered before their chests as they glared at the Martial Dao Prime Body with hostile expressions.

Given their cultivation, they could not tell the cultivation realm of the Martial Dao Prime Body at all.

However, when the Martial Dao Prime Body approached, the two Nascent Souls felt suffocated as though their hearts were grabbed by a gigantic hand of the five elements!

The two Nascent Souls did not move at all and a layer of sweat appeared on their foreheads instantly.

Danger!

Extreme danger!

“Hmph!”

One of the Nascent Souls mustered his courage and said in a fierce manner, “This is Heavenly Dipper Sect and you’re not allowed to be impudent! I don’t believe that you’ll dare to hurt us in front of our sect!”

The Martial Dao Prime Body ignored them and continued forward, passing by the two Nascent Souls without stopping at all.

The two Nascent Souls had ugly expressions. Although they wanted to attack countless times, they did not dare to and could only watch helplessly as the Martial Dao Prime Body passed through the entrance.

The entrance of Heavenly Dipper Sect was made from a true meteor in the firmaments. It was grand and ancient with streaks of starlight shimmering on it in an extremely mysterious manner.

Under normal circumstances, if one did not have a sect badge of Heavenly Dipper Sect when they crossed the mountain gate, the starlight would definitely shine on them.

If the countless starlight spewed down, any intruders would definitely be killed!

But now, when the Martial Dao Prime Body walked through the mountain gate, the entire mountain gate shattered before the starlight could even form!

“Go!”

The two Nascent Souls made a prompt decision and summoned their flying swords, piercing towards the back of the Martial Dao Prime Body’s head.

At the same time, the two of them conjured hand seals and conjured a Dharmic art, prepared to release it.

The Martial Dao Prime Body did not turn back still and merely continued forward.

The moment the flying swords left their hands, they froze in midair.

Right in front of the two Nascent Souls, they shattered into countless shards that scattered onto the ground! The two Nascent Souls did not get to release their Dharmic art either.

Both of them had lost expressions and stood motionlessly on the spot.

The next moment, both of them exploded into blood mists without any corpse left!

Before long, the Martial Dao Prime Body arrived above Heavenly Dipper Sect and looked down.

There were 36 main peaks in Heavenly Dipper Sect that corresponded to the 36 Heavenly Dipper Stars.

The Martial Dao Prime Body spread his massive spirit consciousness and it enveloped down, scanning Heavenly Dipper Sect from head to toe, in and out!

Nothing, cultivators or secrets, could be hidden from the spirit consciousness detection of the Martial Dao Prime Body!

“As expected of a super sect,”

The Martial Dao Prime Body smiled gently and murmured, “Although so many Mighty Figures and Half-Martial Ancestors went to the Ten Thousand Race Meet, there are still so many experts hidden here.”

“Who’s there?!”

“Audacious!”

“How dare you barge into Heavenly Dipper Sect and even release your spirit consciousness to probe our secrets brazenly!”

Bang! Bang! Bang!

Many powerful auras burst forth from the 36 main peaks as figures soared into the air with murderous auras and charged towards the Martial Dao Prime Body!

Most of those figures were Dharma Characteristic Dao Lords and there were even a few Conjoint Body Mighty Figures!

Swoosh! Swoosh! Swoosh!

Before those figures arrived, Dharmic weapons tore through the air one after another.

Many Dharmic arts descended as well, covering the skies!

The Martial Dao Prime Body remained silent and a mocking look flashed through his eyes.

He stood motionlessly with his hands behind his back and merely released a tremendous spirit consciousness to suppress everything! Instantly, all the figures that charged forward froze in midair.

All of those Heavenly Dipper Sect cultivators widened their eyes in fear.

At that moment, be it Dharma Characteristic Dao Lords or Conjoint Body Mighty Figures, they felt as though the apocalypse had arrived and the firmaments seemed to have collapsed, about to drown everyone!

Poof! Poof! Poof!

Figures exploded in midair one after another, turning into blood mists! Even Conjoint Body Mighty Figures were not spared.

They merely managed to endure for a moment more before their bodies split into pieces. The moment their Essence Spirits were exposed, they were destroyed and drowned by the vast spirit consciousness of the Martial Dao Prime Body! The Half-Martial Ancestor realm Martial Dao Prime Body merely had to release his spirit consciousness to suppress those Dao Lords and Mighty Figures!

“Sect Protection Formation, activate!”

Right then, a deep and authoritative voice sounded from the depths of a mountain peak of Heavenly Dipper Sect.

Whoosh! Whoosh! Whoosh!

The 36 mountains swayed and released streams of bedazzling starlight, gathering into a single spot in midair.

At the same time, stars appeared in daylight above the firmaments.

The true 36 Heavenly Dipper Stars appeared and starlight descended into the void of Heavenly Dipper Sect!

The formation connected Heaven and Earth.

Ancient stars condensed around the Martial Dao Prime Body, emanating a terrifying might.

The formation seemed to be able to conjure true stars in the firmaments!

In fact, even the void could not withstand the pressure and trembled continuously, letting out strange sounds as though it was crying!

Chapter 1614 Sweep!

Every single star condensed the power of the Heavenly Dipper Formation and borrowed the power of the 36 Heavenly Dipper Stars in the firmaments continuously, causing the auras and power of the stars to increase!

If the 36 stars were formed and released their impact at the same time, even Mahayana Patriarchs would have to avoid them!

“Shatter!”

Right then, the Martial Dao Prime Body looked at the gigantic star that hovered around him with a calm expression. Suddenly, he opened his mouth and hollered.

Although the voice was neither loud nor soft, it gave off an extremely terrifying impact!

Crack! Crack! Crack!

The light on the 36 ancient stars floating beside him dimmed instantly and cracks appeared on the surface of the stars!

Boom!

The next moment, all 36 stars exploded into countless meteors that flew in all directions, turning into Dharmic powers that returned to the world.

“What is that sound domain secret skill?”

The Heavenly Dipper Sect cultivators were shocked!

The Sect Protection Formation was shattered by a single roar of the purple-robed mysterious man!

The 36 Heavenly Dipper Stars above the firmaments vanished once more. Boom! Boom! Boom!

The power released by the voice did not stop.

The 36 main peaks swayed continuously as well and the mountains cracked. The Astral Mountain Range shook as well and shocked countless birds and beasts!

This was a true change of weather and the mountains quaked!

That voice seemed to have suppressed the aura of the entire Heavenly Dipper Sect.

Many Heavenly Dipper Sect disciples looked at the Martial Dao Prime Body in the skies with shock and deep fear in their eyes.

Even Dharma Characteristic Dao Lords and Conjoint Body Mighty Figures shuddered, let alone low-level Foundation Establishment Cultivators and Golden Cores!

They had never seen such terrifying methods before!

A single spirit consciousness suppressed all the cultivators present!

A single roar was all it took to dispel the ancient Sect Protection Formation of Heavenly Dipper Sect!

Could this purple-robed mysterious man be a Mahayana Patriarch?

None of the cultivators of Heavenly Dipper Sect could make out the appearance of the Martial Dao Prime Body.

In their eyes, the face of the Martial Dao Prime Body was shrouded by a layer of fog the entire time and their spirit consciousnesses could not penetrate it.

Right then, a loud bang sounded from the six main peaks as six figures rose slowly.

Every single figure emitted an extremely powerful aura!

Six Half-Martial Ancestors of Heavenly Dipper Sect had broken out of seclusion!

“I’m Elder Zhan Long of Heavenly Dipper Sect and I’m in charge of discipline in the sect. May I know your name and sect, Fellow Daoist?”

An old man of Heavenly Dipper Sect asked in a deep voice.

“Hmph!”

Another Half-Martial Ancestor of Heavenly Dipper Sect sneered, “I wonder where this rat came from. He’s hiding and doesn’t even dare to reveal his true appearance!”

“You sure are bold to call me a rat,”

The gaze of the Martial Dao Prime Body landed on that person as he walked slowly towards the latter.

“Mmm?”

The Half-Martial Ancestor of Heavenly Dipper Sect’s heart skipped a beat as he focused his attention and said in a deep voice, “If I’m not wrong, your cultivation realm is only at the Half-Martial Ancestor realm as well!”

“This is Heavenly Dipper Sect, it’s not a place where a Half-Martial Ancestor like you is allowed to be insolent!”

The Martial Dao Prime Body nodded and said indifferently, “I’m a Half-Martial Ancestor, but it’s enough to kill you.”

The moment he said that, the Martial Dao Prime Body had already arrived before the person.

“Kill!”

The glabella of the Half-Martial Ancestor of Heavenly Dipper Sect shone and a cold glint flashed instantly.

It was a flying sword that stabbed towards the face of the Martial Dao Prime Body.

Two Half-Martial Ancestors beside that Half-Martial Ancestor of Heavenly Dipper Sect attacked as well, releasing Dharmic arts that descended!

Furthermore, there was a wisp of divine power in those Dharmic arts.

The three Half-Martial Ancestors knew that they had encountered a powerful enemy as well. The moment they attacked, they released their trump cards and full strength without testing the waters!

“Fu...”

The Martial Dao Prime Body laughed.

That laugh contained extreme disdain.

The Martial Dao Prime Body did not stop. However, he suddenly extended his palm and grabbed forward.

That simple action caused the Dharmic arts released by the three Half-Martial Ancestors to explode in midair before they even descended!

It was as though the Martial Dao Prime Body had broken the Dharmic arts of the three Half-Martial Ancestors through the void!

At the same time, as though they were drawn in by something, the two flying swords and a heavy sword converged towards the Martial Dao Prime Body’s palm.

The expressions of the five Half-Martial Ancestors changed!

At that moment, they had already lost control of their Destiny Dharmic Weapons!

In the blink of an eye, the three Destiny Dharmic Weapons landed in the hands of the Martial Dao Prime Body.

Suddenly, the Martial Dao Prime Body retracted his palm!

Crack! Crack! Crack!

A shuddering crack sounded from his palm!

Right in front of everyone, the three Half-Martial Ancestor Dharmic weapons were shattered by the palm of the Martial Dao Prime Body and turned into many tiny shards!

Those were Half-Martial Ancestor Dharmic weapons that were imbued with a trace of divine power.

But now, they were shattered by the Martial Dao Prime Body barehanded!

It was not over yet!

The Martial Dao Prime Body held the shards in his palm and rubbed them gently with both hands.

The shards were rolled into an iron ball the size of a fist by the palm of the Martial Dao Prime Body!

The Martial Dao Prime Body rubbed his hands together and the iron ball scattered like sand.

Broop! Broop!

Sounds of gulping could be heard from the crowd.

He ground the metal into mud!

Even Elder Zhan Long and the other Half-Martial Ancestors were scared out of their wits, let alone the low-level cultivators of Heavenly Dipper Sect! What sort of power could do that?

While the six Half-Martial Ancestors were shocked, the Martial Dao Prime Body had already arrived before that Half-Martial Ancestor of Heavenly Dipper Sect. He extended his finger and tapped the latter's glabella gently.

Poof!

Instantly, a bloodied hole appeared on the glabella of the Half-Martial Ancestor of Heavenly Dipper Sect. Blood flowed and his Essence Spirit was destroyed.

After insulting the Martial Dao Prime Body, that person was killed by a single finger from him in less than ten breaths!

The Martial Dao Prime Body slapped another Half-Martial Ancestor on the cheek.

Poof!

The head of the Half-Martial Ancestor exploded from a single slap of the Martial Dao Prime Body and his Essence Spirit exploded, dying on the spot! The figure of the Martial Dao Prime Body had long vanished from the spot and arrived before the third Half-Martial Ancestor without being tainted by any blood.

"Ah!"

The Half-Martial Ancestor of Heavenly Dipper Sect reacted and roared in fear. He took out a large number of Protection Talismans from his storage bag and tore them apart.

A series of light barriers appeared on the body of the Half-Martial Ancestor of Heavenly Dipper Sect.

The Martial Dao Prime Body ignored the Protection Talismans and punched over.

Poof! Poof! Poof!

Against the fist of the Martial Dao Prime Body, those Protection Talismans were like paper. Almost without any resistance, the Martial Dao Prime Body punched the person and the immense power turned the latter's body into dust, destroying his Essence Spirit!

A finger poke, a palm strike and a punch.

Three Half-Martial Ancestors of Heavenly Dipper Sect were dead!

Half-Martial Ancestor Zhan Long of Heavenly Dipper Sect and the other two stood on the spot, completely dumbfounded. Earlier on, they were slightly further away and hesitated for a moment. Before they could attack, the three Half-Martial Ancestors were already dead!

S were

At that moment, Half-Martial Ancestor Zhan Long and the other two were so scared that they did not dare to move, let alone attack the Martial Dao Prime Body!

The massive number of Heavenly Dipper Sect cultivators were silent out of fear as well!

Chapter 1615 Library

"F-Fellow Daoist,"

Elder Zhan Long's face was pale and his voice trembled uncontrollably. He forced a smile. "I don't think Heavenly Dipper Sect has any feud with you, right? Why are you here?" He could tell that the purple-robed mysterious man did not seem like someone who would kill the innocent.

At the very least, if the cultivators of Heavenly Dipper Sect stayed obediently and did not provoke him, that person would not come looking for them.

The Martial Dao Prime Body said, "I want to take away all the cultivation techniques and secret skills of Heavenly Dipper Sect."

"How can that do?!"

Elder Zhan Long shuddered and exclaimed.

The cultivation techniques and secret skills of every sect were the foundation of their sect. Outsiders were not allowed to read them, let alone take them away!

Furthermore, the purple-robed mysterious man did not say that he was going to take away one or two cultivation techniques—he was going to take away all of them!

This was practically severing the legacy of Heavenly Dipper Sect!

“That’s right!”

Another elder said in a deep voice, “These cultivation techniques and secret skills are the foundation of Heavenly Dipper Sect and we won’t allow outsiders to lay their hands on them!”

The third elder grit his teeth as well. “How is Heavenly Dipper Sect going to continue passing down our legacy if you take away all our cultivation techniques and secret skills?!”

“I’m not discussing with you guys,”

The Martial Dao Prime Body said indifferently, “I’m merely elaborating something to you guys. It doesn’t matter whether you agree or

not.”

Although his tone was calm, it carried an unquestionable power!

For a moment, the three of them did not know how to refute.

The gaze of the Martial Dao Prime Body shifted and landed on Tian Kui Peak of the 36 main peaks, descending slowly.

Elder Zhan Long’s expression changed as he looked at the back of the Martial Dao Prime Body. His eyes flashed intermittently with killing intent and hesitation at times.

Suddenly!

The Martial Dao Prime Body paused and glanced sideways, saying softly, “Right, let me remind you guys not to try and provoke me. Otherwise, I don’t mind sending you guys on your way to the afterlife!”

“As for the legacy of Heavenly Dipper Sect...”

The Martial Dao Prime Body paused for a moment and smiled mockingly. “If it ends, so be it. There’s nothing to pity. Heavenly Dipper Sect is not worthy of being ranked as an immortal sect.”

With that said, the Martial Dao Prime Body continued descending towards Tian Kui Peak.

The Martial Dao Prime Body comprehended a hundred sutras and smelted all Dharmic arts.

The best way to break through was to fuse even more cultivation techniques and secret skills into the Martial Dao Furnace continuously!

Back then, after the Martial Dao Prime Body killed Di Fan, Half-Martial Ancestor Di Jue and the others, he obtained some cultivation techniques and secret skills, including powerful cultivation techniques such as the Great Chaos Essence Palm and Earth Slaying Sword Art. The smelting of those cultivation techniques helped him in raising his cultivation immensely!

At that time, the Martial Dao Prime Body discovered this method.

However, all these years, he was still smelting some of the cultivation techniques and secret skills he had obtained previously and did not make any moves. Now that the Ten Thousand Race Meet was held, the Martial Dao Prime Body arrived at Heavenly Dipper Sect after knowing about some things that

happened during the meet, prepared to take away all the cultivation techniques and secret skills of Heavenly Dipper Sect!

Since Heavenly Dipper Sect chose to submit to the Primordial Six Races, the Martial Dao Prime Body would take away their cultivation techniques and secret skills and sever their legacy completely!

The Martial Dao Prime Body did not go on a

massacre.

That was because not all Heavenly Dipper Sect cultivators were evil.

Most of the disciples of Heavenly Dipper Sect might not know that the sect master, Patriarchs and the others of Heavenly Dipper Sect had already chosen to submit to the Primordial Six Races.

There was no need for him to punish ordinary cultivators of Heavenly Dipper Sect because of this.

“Elder Zhan Long, what should we do?”

A Half-Martial Ancestor looked at the departing back of the Martial Dao Prime Body and frowned. “We should hurry and inform the sect master. If we really let him take away all the cultivation techniques and secret skills of the sect, it’ll be equivalent to a calamity of annihilation!”

“Wait a while more,”

Elder Zhan Long said in a deep voice, “The sect master and many Patriarchs are taking part in the Ten Thousand Race Meet at Enigma Palace. I’m afraid they won’t be able to leave.”

After a brief pause, he sneered and looked at the library of Tian Kui Peak, sending a voice transmission with his spirit consciousness, “Do you really think that our sect doesn’t have a Patriarch guarding such an important place?!”

“Ah!”

A Half-Martial Ancestor at the side exclaimed and shut his mouth hurriedly, sending a voice transmission secretly, “Shouldn’t the Mahayana Patriarchs be comprehending divine powers in the ancient battlefield? Why would anyone be guarding the sect?” “There’s a Mahayana Patriarch in the sect? Why didn’t I know about it?”

Another Half-Martial Ancestor revealed a shocked expression as well.

“Hehe,”

Elder Zhan Long gave a strange laugh. “All of you have seen that person before as well.”

“We have?”

The two Half-Martial Ancestors were even more surprised.

Elder Zhan Long raised his head slightly and looked at the library. “In there.”

“Library?”

A Half-Martial Ancestor's expression changed as he probed, "Elder Sun who's guarding the library? Isn't he a Conjoint Body Mighty Figure?"

Elder Zhan Long glanced at that person. "Do you think any nobody is qualified to guard an important place like the library?"

"Elder Sun has been a Mahayana Patriarch since a long time ago! His lifespan was almost up and he wouldn't be able to comprehend anything even if he lingered in the ancient battlefield. Therefore, he chose to return to the sect to guard the library!"

The other two Half-Martial Ancestors revealed enlightened expressions.

Elder Zhan Long crossed his arms and gloated. "When that mysterious person enters the library, he'll discover that there's a huge surprise waiting for him!"

The library of Heavenly Dipper Sect was on Tian Kui Peak of the 36 main peaks. The library was extremely ancient and was a hundred feet tall. There were a total of seven levels and it was filled with ancient books and secret skills that had been passed down for a long time.

The Martial Dao Prime Body arrived before the library and pushed the door open without hesitation.

The door opened and an ancient aura that was covered in dust surged over.

The Martial Dao Prime Body entered the library and his figure disappeared into the darkness. The door behind him closed slowly and disappeared from the line of sight of Elder Zhan Long and the others.

The Martial Dao Prime Body entered the first level of the library and was in no hurry to move. He scanned the hall and eventually looked at a dark corner.

"Cough, cough!"

A moment later, a hoarse cough sounded from that dark corner.

As though someone had stood up slowly from the ground, a dust cloud rose and walked out from the darkness.

It was an old man with a white beard. He was not tall, was skinny and hunched. At most, he could only reach the waist of the Martial Dao Prime Body.

The old man wielded a bare, curved wooden staff and staggered with a lowered head. His disheveled hair fell to his forehead as he panted slightly. "What sort of books do you want to read?"

"I'm not reading them,"

The Martial Dao Prime Body looked at the old man and said with a fake smile, "I'm going to take away all the books here."

"Sigh!"

The old man sighed. "Young people are just too greedy." "If you really want to read these ancient books, you can come at any time. However, if you want to take them away, hehe, you won't be able to do it alone."

"Young man, listen to my advice. That greed is going to cost your life!"

The Martial Dao Prime Body smiled gently. "Old man, let me give you a piece of advice as well. You're already old and should go enjoy your later years. If you're nosy, it's going to cost your life as well."

Chapter 1616 Star Plucking Hand

After the Martial Dao Prime Body said that, the entire library fell into silence.

"Hehehehe...!"

A long time later, a sinister laughter sounded from the library.

The old man raised his head slowly and revealed a pair of hazy eyes. Grinning, he revealed a yellow tooth and his face was filled with wrinkles. With a menacing smile, he looked like a malevolent ghost! "Young man, do you know who you're talking to?"

The old man glared at the face of the Martial Dao Prime Body and asked slowly. Although the old man was already in his twilight years, his gaze was still sharp and he wanted to see through the fog on the face of the Martial Dao Prime Body.

However, the fog was extremely mysterious and he could not see through it no matter what!

"A Patriarch on the brink of death,"

The Martial Dao Prime Body replied blandly.

"Mmm?"

The old man's heart skipped a beat as he asked with a narrowed gaze, "You're able to see through my cultivation?"

He had been hiding his cultivation realm the entire time. In the eyes of outsiders, he was just an ordinary Conjoint Body Mighty Figure.

To think that his background would be exposed by a single sentence of the Martial Dao Prime Body!

Actually, the moment the Martial Dao Prime Body descended above Heavenly Dipper Sect and released his spirit consciousness, he had already discovered the Patriarch hidden in the library!

To be precise, after the Martial Dao Prime Body released his spirit consciousness and scanned the place, he knew how many Half-Martial Ancestors and Conjoint Body Mighty Figures Heavenly Dipper Sect had. In fact, he even knew how many of them were in seclusion!

Nothing about Heavenly Dipper Sect could be hidden from the eyes and spirit consciousness of the Martial Dao Prime Body!

"Who are you?!"

The old man's gaze turned increasingly cold as he asked slowly.

"I'm Desolate Martial,"

The Martial Dao Prime Body replied blandly.

"Impossible!"

The old man said resolutely, "I heard that Desolate Martial's two true bodies are already gathered at Enigma Palace and can't escape at all. How can you be him?!"

The Martial Dao Prime Body smiled and ignored it. His spirit consciousness moved and he was prepared to collect all the ancient books in the place.

Suddenly!

The old man hollered softly, "Astral Illumination!"

A powerful divine power spread and a gigantic star appeared above the old man's head. It descended with a bedazzling starlight and stabbed towards the Martial Dao Prime Body!

"Fu..."

The Martial Dao Prime Body chuckled and shook his head. "You truly have a death wish."

Against the descending starlight, the Martial Dao Prime Body reached out against the starlight and grabbed towards the firmaments!

A massive hand blanketed the skies, threatening to disrupt the galaxies!

Piak!

The next moment, the heavenly-encompassing palm grabbed the star above the old man's head and yanked it down from the firmaments!

The old man's eyes were widened with deep shock.

In his heart, while the Martial Dao Prime Body was mysterious, he was only a Half-Martial Ancestor.

Although he was old, if he released his divine power, he would definitely be able to severely injure the purple-robed mysterious man or even kill him!

However, the old man had not expected that his divine power would be destroyed by this mysterious person barehanded!

The Destiny Star that he cultivated was captured from the firmaments by this mysterious person!

Most importantly, the technique released by that mysterious person earlier on was clearly the strongest secret skill of Heavenly Dipper Sect—the Star Plucking Hand!

Only a Half-Martial Ancestor of Heavenly Dipper Sect was qualified to cultivate the Star Plucking Hand.

How did this purple-robed mysterious man know about it?

Back then, Di Fan, Half-Martial Ancestor Di Jue and the others went to Ping Yang Town to take revenge on Desolate Martial. However, they were all killed by the Martial Dao Prime Body.

Among them was a Half-Martial Ancestor of Heavenly Dipper Sect, Illumination. That secret skill was obtained by the Martial Dao Prime Body from the storage bag of Half-Martial Ancestor Illumination.

The reason why the Star Plucking Hand was the strongest secret skill of Heavenly Dipper Sect was not merely because of how strong it was.

More than that, it was because a supreme divine power was hidden in the Star Plucking Hand!

If one were to cultivate the Star Plucking Hand to its peak, they might be able to comprehend the supreme divine power... the true Star Plucking Hand!

When released, that supreme divine power could truly pluck the stars in the firmaments and use them as his weapons to fight against enemies!

“Y-Y-You...”

The old man was already speechless and his expression was dark.

His lifespan was about to end and his Essence Spirit became extremely weak after releasing that divine power.

To think that the divine power would be destroyed by the Martial Dao Prime Body with ease!

The Martial Dao Prime Body had a calm expression. After plucking the star that the old man condensed, he exerted strength in his palm.

Snap!

The star was crushed by the Martial Dao Prime Body in front of the old man!

The old man shuddered as though he was struck by lightning and his expression turned even more terrible as his lifeforce drained rapidly.

His remaining lifespan could not sustain the consecutive losses and attacks.

This Mahayana Patriarch was going to die even without the Martial Dao Prime Body attacking!

Outside the library, above Tian Kui Peak.

Elder Zhan Long and the other two Half-Martial Ancestors did not leave and waited for the final outcome patiently.

Before long, a shuddering aura spread out from the library!

Even through the tightly shut door, the three Half-Martial Ancestors in midair could sense the fluctuation of the divine powers in the library!

“Elder Sun has attacked!”

Elder Zhan Long was delighted and could not help but laugh.

Another Half-Martial Ancestor heaved a sigh of relief as well. “No matter how strong that purple-robed mysterious man is, he’s only a Half-Martial Ancestor. He’ll definitely die against the descent of a divine power!”

True enough.

After a fight broke out in the library, everything returned to normal and there were no signs of life.

“Let’s go down and see just who that purple-robed mysterious man is!” Elder Zhan Long smiled gently and descended in front of the library with the two Half-Martial Ancestors beside him.

Creak!

The moment the three of them arrived at the entrance, the door to the library opened on its own!

The library was dark and deep, exuding a sinister and calm aura that even the spirit consciousnesses of Elder Zhan Long and the other two could not penetrate.

Suddenly!

A figure flew out.

“Watch out!”

The expressions of Elder Zhan Long and the other two changed. They did not dare to take it head-on and retreated one after another to dodge.

Bang!

The figure fell to the ground motionlessly.

The door to the library closed once more, shutting slowly. The three of them focused their gazes and saw that the figure lying on the ground was the Mahayana Patriarch of the library, Elder Sun!

At that moment, Elder Sun’s eyes were widened with endless fear in them. There was no longer any life within his body and he could not rest in peace.

Dead!

The Mahayana Patriarch guarding the library was dead!

“Ah!”

Elder Zhan Long and the other two exclaimed as they felt chills run down their spines.

“H-Hurry and inform the sect master!”

A Half-Martial Ancestor said hurriedly with a trembling voice.

Even without his reminder, Elder Zhan Long had already slapped his storage bag. He withdrew a talisman, ripping it apart!

The talisman shattered and a beam of light shot into the void, vanishing.

This was a distress talisman for reinforcements from the sect and would definitely not be used unless the sect was at risk of being annihilated!

Chapter 1617 Sin

Enigma Palace.

The encirclement of the God race was coming to an end.

All the sects and factions, including the Witch, Heavenly Eye, Golden Crow, Blood Vine and Rakshasa races, were stunned by the methods of the Dragon Phoenix True Body and did not dare to act rashly.

Many sects and factions took their seats once more.

Right then, the Sect Master of Heavenly Dipper Sect frowned slightly. As though he sensed something, he slapped his storage bag and withdrew a shattered talisman that shocked him!

Once that talisman was shattered, it would mean that the sect was about to undergo a massive change!

That talisman would not be used unless it was absolutely necessary! The Sect Master of Heavenly Dipper Sect took a deep breath and looked around, sending a voice transmission to some Patriarchs of Heavenly Dipper Sect beside him, "Patriarch Xuan Guang, something huge has happened to the sect! Please hurry back with a few Patriarchs and check things out!"

"Got it,"

Patriarch Xuan Guang stood up slowly without any emotions. "Everyone, it's enough for Heavenly Dipper Sect to leave behind a few Patriarchs for the Ten Thousand Race Meet. I'll take my leave first with some of my fellow sect mates."

As he said that, Patriarch Xuan Guang and a few Heavenly Dipper Patriarchs stood up.

"Farewell,"

He cupped his fists towards the surrounding cultivators and primordial races and nodded.

The major sects and factions did not say anything either.

By this point of the Ten Thousand Race Meet, it was clear that the few Patriarchs of Heavenly Dipper Sect were no longer enough to affect the situation—their departure would not be missed.

"Sit down!"

Right then, the Dragon Phoenix True Body said slowly and coldly.

Although it was only two words, there was a resolute determination that could not be denied!

Patriarch Xuan Guang's expression changed slightly as he smiled at the Dragon Phoenix True Body. "What can I do for you, Fellow Daoist Desolate Martial?"

"Since you're here, stay here obediently,"

The Dragon Phoenix True Body said indifferently, "Is this Ten Thousand Race Meet something that you guys can come and go as you please?"

The expressions of Patriarch Xuan Guang and the others turned extremely terrible, but no one dared to refute.

The living beings of the ten thousand races lamented.

Those were Mahayana Patriarchs and were almost at the top of Tianhuang Mainland. But now, they were scolded by the Dragon Phoenix True Body like children!

The Dragon Phoenix True Body had the intimidation power.

Even the perfected Mahayana of Heavenly Dipper Sect, Matriarch Yue Luo, was killed by the Dragon Phoenix True Body-which of the other Patriarchs of Heavenly Dipper Sect would dare to clash head-on with the Dragon Phoenix True Body?

Patriarch Xuan Guang and the others exchanged glances and could only sit down once more.

Right then, a Mahayana Patriarch's expression changed as he swiped his storage bag and took out another shattered talisman.

Two distress talismans of the sect had shattered in succession!

Furthermore, the second message was sent to a Mahayana Patriarch directly!

Heavenly Dipper Sect must have met with an extremely serious calamity!

Patriarch Xuan Guang could not sit still any longer. He stood up once more and forced a smile. "Fellow Daoist Desolate Martial, it's unsure how long more the Ten Thousand Race Meet will continue for."

"However, Matriarch Yue Luo's corpse has yet to go cold. We want to bring her corpse back to the sect and bury it so that she can rest in peace. Fellow Daoist Desolate Martial, please grant us our wish."

"I've told you,"

The gaze of the Dragon Phoenix True Body shifted to Patriarch Xuan Guang as he said slowly, "Without my orders, no one is to leave Enigma Palace!"

"Anyone who leaves without permission shall be killed without mercy!"

Patriarch Xuan Guang and the others shuddered.

At that moment, they truly sensed the killing intent of the Dragon Phoenix True Body!

Between the sect and their own lives, those Patriarchs chose the latter and sat back obediently.

The Dragon Phoenix True Body knew every single move of the Martial Dao Prime Body and would naturally not let Patriarch Xuan Guang and the others return.

After all, the Martial Dao Prime Body was only a Half-Martial Ancestor. There were two reasons why he was able to kill Elder Sun in the

library.

On the one hand, it was because Elder Sun's blood qi was weak and he was on the brink of death.

On the other hand, Elder Sun's cultivation was only at the early-stage Mahayana realm.

However, Patriarch Xuan Guang and the others were not only at mid-stage Mahayana, but also late-stage!

If those Mahayana Patriarchs were to return to Heavenly Dipper Sect, even the Martial Dao Prime Body would have to avoid them!

With the Dragon Phoenix True Body here, those Heavenly Dipper Sect Patriarchs could no longer harbor thoughts about returning to the sect!

Heavenly Dipper Sect.

Elder Zhan Long was lost when he saw that no one returned despite him tearing two distress talismans.

The two Half-Martial Ancestors beside him were even more flustered.

"Elder Zhan Long, what's going on? Why hasn't anyone returned yet?"

One of the Half-Martial Ancestors urged with an anxious expression, "If nobody returns, our Heavenly Dipper Sect's library will be emptied out by that purple-robed mysterious man!" "There's no reaction!"

Elder Zhan Long said, "My few talismans have already been used up. Be it the sect master or the few Patriarchs, none of them replied!"

"Inform the Emperor of the sect then!"

A Half-Martial Ancestor said, "Once the Emperor returns, we'll be able to crush that mysterious person with a single finger!"

Elder Zhan Long was so furious that he nearly fainted. He scolded, "How the f*ck am I qualified to contact the Emperor? Are you stupid?! Will the Qi Refinement Warriors and Golden Cores of the sect be able to contact us?!"

The Half-Martial Ancestor gradually calmed down after being scolded badly.

Given their status, they could only contact some early-stage Mahayana Patriarchs at most and were not qualified or possessed the methods to communicate with the Emperor directly.

This was the most basic rule of the major sects and factions.

For the Qi Refinement Warriors and Foundation Establishment Cultivators at the lowest rungs, the most they would report to would be Golden Cores and Nascent Souls.

It was one level at a time.

If Qi Refinement Warriors could communicate with the Mighty Figures and Patriarchs of the sect, the sect would be in chaos.

"I'll make a move now and head to Enigma Palace to inform them about this matter!"

One of the Half-Martial Ancestors said in a deep voice.

Elder Zhan Long rolled his eyes and grit his teeth. "Before you even arrive at Enigma Palace, our library will be emptied out!"

Right then, the door to the library opened once more.

The Martial Dao Prime Body walked out slowly and looked at Elder Zhan Long and the others. He nodded slightly and praised, "As expected of one of the immortal sects. Such a foundation is truly admirable."

With that said, the Martial Dao Prime Body leaped and transformed into a streak of light in a flash, speeding into the distance and disappearing into the horizon before long.

"Hurry! Hurry and go take a look!"

Elder Zhan Long and the other two rushed into the library hurriedly.

Upon entering the library, Elder Zhan Long and the other two were stunned on the spot with ashen expressions, as though they had lost their souls.

The library was a hundred feet tall and had seven levels. There were at least 10,000 cultivation techniques, ancient books, secret skills and Dharmic arts about core formation, talismans, weapon refinement, array formations-everything was wiped clean!

The massive library was empty, leaving only dust!

Not a single strand of hair was left behind!

"Let's take a look inside!"

Suddenly, Elder Zhan Long reacted and said hurriedly, "There's another secret passage on the first floor of the library that leads underground. Our sect's true secret skills are placed there!"

Elder Zhan Long quickened his steps and arrived at the depths of the library. He paused as well with a dull gaze.

The secret passage had already been destroyed and the secret underground chamber was empty.

"What a sin! How ruthless!"

Elder Zhan Long collapsed and wanted to cry.

Chapter 1618 Another Patriarch Slain!

Enigma Palace.

The formation of the God race had fallen and the dragons were cleaning the battlefield up.

The commotion that happened on the side of Heavenly Dipper Sect earlier on did not cause much of a stir.

Although the Green Lotus True Body had already broken through to the Mahayana realm, he did not awaken and was still immersed in comprehending and stabilizing his cultivation realm.

The process was extremely important.

If one could not stabilize their cultivation realm after breaking through to the Mahayana realm, there was a high chance they would fall!

The Dragon Phoenix True Body stood guard at the side.

Suddenly!

The Sect Master of Malevolent Earth Sect's heart skipped a beat. As though he sensed something, he slapped his storage bag and swept his spirit consciousness within. Instantly, his expression changed.

A talisman in his storage bag shattered! The destruction of the talisman meant that the sect had met with great misfortune!

The Sect Master of Malevolent Earth Sect hurriedly sent a voice transmission to Patriarch Fei Duan beside him with his spirit consciousness, "Patriarch, something has happened to the sect! The exact situation is unknown but the sect's distress talisman has shattered!"

"Mmm?"

Patriarch Fei Duan frowned slightly and could not help but recall what happened earlier on.

It was as though Heavenly Dipper Sect had encountered a massive change as well.

Was it just a coincidence?

Could someone be targeting them at this moment?

Patriarch Fei Duan was expressionless as he looked at the Dragon Phoenix True Body not far away.

If he stood up and bid farewell, the Dragon Phoenix True Body would definitely stop him. At that time, it would be inevitable that a conflict would break out and it was unknown if he could leave.

If he wanted to leave, he would have to do it suddenly!

Given the capabilities of Mahayana Patriarchs, they could tear through the void and travel through it freely.

As long as the Dragon Phoenix True Body reacted slower, he would be able to leave this place!

The Dragon Phoenix True Body had to protect his Green Lotus True Body and could not chase after him to leave.

Patriarch Fei Duan's eyes were half-opened and looked like he was resting. However, in reality, he was observing the activity of everyone around him!

The most important thing was the Dragon Phoenix True Body! To Patriarch Fei Duan's senses, the Dragon Phoenix True Body's eyes were closed, as though he was recuperating in silence and did not notice him at all.

A vicious glint flashed through Patriarch Fei Duan's eyes as he made up his mind!

Suddenly!

Patriarch Fei Duan stood up and extended his palm, slashing across the void beside him!

Shing!

The void at the side was like a gigantic cloth and a massive crack was sliced by Patriarch Fei Duan's palm!

A sinister wind gusted inside, dark and deep.

The crack was right beside Patriarch Fei Duan.

In a flash, Patriarch Fei Duan strode in!

His action was without any warning and many cultivators only reacted when Patriarch Fei Duan vanished from his original position.

The entire process was fluid as water as he tore through the void and leaped in. It happened almost at the same time without any pauses.

"Roar!"

Right then, an earthshaking roar sounded from Enigma Palace. It resembled a dragon and a phoenix and contained endless might and rage!

Unknowingly, the Dragon Phoenix True Body had already arrived before the void crack!

The surrounding Malevolent Earth Sect Patriarchs were caught off guard. Those closest to the Dragon Phoenix True Body felt their ears hurt from the roar.

Some of the Malevolent Earth Sect Patriarchs had pained expressions as they clutched their eyes and knelt on the ground. Blood spurted out from their ears and noses!

Even Patriarch Fei Duan who was in the void shuddered and froze, let alone them!

The reaction of the Dragon Phoenix True Body was way too fast!

That reaction had completely exceeded his expectations!

Right then, the voice of the Dragon Phoenix True Body sounded in Patriarch Fei Duan's ears once more. "Time is like a saber!" It was that terrifying greater divine power! Patriarch Fei Duan was alarmed!

1 wa

Under normal circumstances, since he had already made a move first and entered the void, he would definitely be able to avoid the killing power of that greater divine power. However, the roar of the Dragon Phoenix True Body caused him to pause. That momentary pause changed the entire situation and even decided his life and death!

In a fight between top-tier experts, an instant was everything!

A gray saber entered the void crack and struck Patriarch Fei Duan.

"Ugh!"

Although Patriarch Fei Duan was not injured at all by the slash, he grunted.

Time was like a saber, cutting 30,000 years with a single slash!

Patriarch Fei Duan had already cultivated to the perfected Mahayana realm and was now more than 60,000 years old. He still had more than 30,000 years of lifespan. He was almost killed by that slash!

Although only Patriarch Fei Duan's lifespan was severed, that was not the only impact it had on him. Initially, Patriarch Fei Duan was at his peak. His blood qi was powerful and his movement technique and even combat strength were at their peak condition. But now, with that slash, Patriarch Fei Duan was instantly in his twilight years!

From a lifespan of more than 30,000 years, he now had a lifespan of a few thousand years remaining!

His blood qi deteriorated rapidly.

His face became old and his movement technique, combat strength and even the power of his Essence Spirit were failing!

Even Patriarch Fei Duan could not withstand and adapt to such an instantaneous difference.

He staggered.

ner

Right then, a menacing gigantic claw extended from the crack and arrived behind Patriarch Fei Duan in the blink of an eye!

That was the Dragon Phoenix claw!

Pfft!

The Dragon Phoenix claw penetrated Patriarch Fei Duan's body!

The raging flames almost burned away the lifeforce in Patriarch Fei Duan's body!

"Ah!"

Patriarch Fei Duan shrieked.

Enigma Palace.

Under the gazes of the living beings of the ten thousand races, Patriarch Fei Duan suddenly tore through the void and left.

The Dragon Phoenix True Body slashed down and extended his Dragon Phoenix claw into the void, capturing Patriarch Fei Duan directly!

"Ah! Ah! Ahhhh!"

Patriarch Fei Duan's body was completely penetrated by the Dragon Phoenix claw as he struggled and howled in extreme pain.

If it was two or three breaths ago, he would have had the strength to break free and even fight the Dragon Phoenix True Body.

But now that his lifespan, Essence Spirit and blood qi were depleted, his combat strength was greatly reduced and he could not even escape the shackles and restrictions of the Dragon Phoenix claw!

“I’ve already said that anyone who leaves without my permission will be killed without mercy!”

The Dragon Phoenix True Body said coldly as he closed his claws and squeezed!

Pfft!

Right in front of everyone, the dignified perfected Mahayana Patriarch Fei Duan was crushed by the Dragon Phoenix claw and turned into a blood mist!

Before the blood mist scattered in midair, it was burned into nothingness by the Dragon Phoenix Flames!

Patriarch Fei Duan was dead!

“Desolate Martial is truly way too ruthless!”

“Desolate Martial’s two true bodies are one more ruthless than the other!”

“I heard that some top-tier cloning secret skills can cultivate three clones. Thankfully, Desolate Martial did not cultivate any three true bodies. Otherwise, who knows what sort of a bloodbath he would cause!”

The three super sects, Heavenly Dipper Sect, Malevolent Earth Sect and Penglai Island, were the first to send Mahayana Patriarchs. In fact, three of them were even at the perfected Mahayana realm and wanted to kill Desolate Martial.

To think that two of the three perfected Mahayanas were already dead!

Right now, the only one left was Patriarch Xu Jing of Penglai Island.

Patriarch Xu Jing had a terrible expression and remained silent.

Chapter 1619 Earth’s Killing Intent!

The death of Patriarch Fei Duan caused the living beings of the ten thousand races present to calm down.

Some of the Patriarchs who were initially restless did not dare to act rashly anymore.

Patriarch Wu Tian, Patriarch Jin Yan and the others were even more motionless, waiting for the experts of the sects to descend and host the Ten Thousand Race Meet.

Patriarch Xu Jing made up his mind as well. “No matter what happens, I can’t leave this place and I can’t give Desolate Martial any reason to attack!”

He could tell that at the very least, the Dragon Phoenix True Body would not kill indiscriminately without reason.

As long as they stayed here obediently, the Dragon Phoenix True Body would not cause trouble for them.

Another hour passed.

The Island Master of Penglai Island felt something and secretly opened his storage bag, glancing inside.

“Not good!”

The Island Master of Penglai Island was alarmed and hurriedly sent a voice transmission to Patriarch Xu Jing, “Something has happened to the sect!”

“Here it comes!”

Patriarch Xu Jing thought to himself.

He had already guessed this.

He had witnessed everything that happened at the side of Heavenly Dipper Sect and Malevolent Earth Sect earlier on.

In his opinion, this was most likely not a coincidence!

This should be a calamity targeted at their three sects!

However, he could not guess where the faction behind this attack came from.

He had not expected it to be Penglai Island’s turn this quickly as well.

The lesson was displayed right before him. No matter how much Patriarch Xu Jing cared about his sect, he would not leave this place or attract the killing intent of the Dragon Phoenix True Body.

He reached into his storage bag stealthily.

He had a talisman in his storage bag that could inform the Emperor of Penglai Island directly!

He would not choose to leave, but he could inform the Emperor of Penglai Island!

No matter the sect or faction that was targeting Penglai Island, the arrival of an Emperor was enough to suppress everything!

Xu Jing was expressionless and his palm had already made contact with his storage bag.

“Xu Jing, what are you doing?”

Suddenly, a voice sounded in Patriarch Xu Jing’s ears.

Psst!

Patriarch Xu Jing gasped and looked up instinctively. Unknowingly, the Dragon Phoenix True Body had already arrived before him and was looking down at him with a burning gaze and a sinister tone!

Patriarch Xu Jing was almost scared out of his wits when he met with that gaze. His palm trembled and he retracted it hurriedly.

“N-Nothing,”

His voice was trembling.

He was not like Patriarch Fei Duan who could still endure a single Time Saber strike from the Dragon Phoenix True Body.

His remaining lifespan was less than 30,000 years.

He would die after a single slash!

“Behave yourself,” The Dragon Phoenix True Body said coldly, “If there’s a next time...”

He did not continue. A gray fog surrounded his hands and a gray saber was vaguely formed.

“N-No more!”

Patriarch Xu Jing’s heart seemed to have stopped beating and his eyes were filled with fear.

In his eyes, the gray saber was not the Time Saber, but the Death Saber!

It was not a saber that would age someone; it would take his life instead!

The Dragon Phoenix True Body ignored Patriarch Xu Jing and turned to leave. He returned to the Creation Green Lotus and sat down, continuing to rest with his eyes closed.

“Sister!”

Among the Kun race, Carefree shrugged his shoulders and nudged Yin Lan beside him gently. “How is my master? Incredible, right?” “Even though you’re both early-stage Mahayanas, you won’t be able to defeat my master!”

Carefree said proudly with slight excitement. “Hmph!”

Yin Lan harrumphed coldly and did not refute.

She was prideful and was a paragon of the Kun race. She had never submitted to anyone of the same cultivation realm.

However, at that moment, she could not help but admit that Carefree was speaking the truth.

If the Dragon Phoenix True Body merely relied on his Taboo bloodline, Yin Lan would not be truly impressed

However, the Bloodline phenomenons released by the Dragon Phoenix True Body and the gray saber convinced her.

The Kun race had some records of the Taboo Dragon Phoenix.

However, they never mentioned such powerful means!

Laughing, Carefree sent another voice transmission secretly, “Sister, do you want me to be your matchmaker and introduce you to my master?”

“F*ck, what nonsense are you spouting, child!” Yin Lan spat softly but her heart skipped a beat. However, she calmed down quickly. “Don’t be smug. The true test is still behind. If I’m not wrong, the clan leaders of the primordial races should be arriving soon!”

East Sea, Penglai Island.

In midair, streaks of divine light shone and countless Dharmic weapons tore through the air, interweaving into an impenetrable trap that struck a purple-robed figure in midair! Corpses were strewn all over the island and the flames of war raged everywhere.

The surroundings of Penglai Island were dyed red with blood!

“Who are you?!”

A Half-Martial Ancestor of Penglai Island hollered, “Leave behind the cultivation techniques and secret skills of Penglai Island. Otherwise, even if I have to die here, I won’t let you leave!”

“I’ll fulfill your wish,”

The Martial Dao Prime Body replied blandly.

Boom!

He took a step forward and seemed to cross the endless void. The Martial Dao Prime Body arrived before the Half-Martial Ancestor and punched out!

That punch was as violent as fire. It was like the power of the Martial Dao Furnace when it suddenly exploded!

The Half-Martial Ancestor could not defend against it at all. Even his Destiny Dharmic Weapon was shattered by a single punch from the Martial Dao Prime Body, turning into dust that scattered down!

“Kill him!”

Some cultivators of Penglai Island were still fearless as they charged towards the Martial Dao Prime Body.

The Martial Dao Prime Body had already obtained all the cultivation techniques and secret skills of Penglai Island. Initially, he wanted to leave, but he was blocked by the cultivators of Penglai Island.

The Martial Dao Prime Body had already shown mercy when he did not destroy Penglai Island despite their submission to the Primordial Six Races.

Since those Penglai Island cultivators did not know what was good for them, the Martial Dao Prime Body naturally did not have to hold back.

“Kill!”

The Martial Dao Prime Body conjured his sword finger and slashed forward gently.

A shuddering killing intent burst forth and the world shook!

When the earth’s killing intent is released, the Dragon Snake shall rise!

“Roar!”

“Psst!”

The Martial Dao Prime Body's sword finger slashed down and the ground of Penglai Island trembled. The ground split open and a gigantic Soaring Serpent slithered out. It burned with flames and soared into the air!

A dragon roar sounded from the skies!

A five-clawed divine dragon swooped down and charged into the crowd, killing in all directions!

The slash of the Martial Dao Prime Body slashed out a Dragon Snake!

Even the Half-Martial Ancestors of Penglai Island could not defend against the killing power of the five-clawed divine dragon and Primordial Soaring Serpent. Blood flowed from the skies and the ground was scarlet for thousands of miles!

Lava splashed down from Penglai Island and a fire rain filled the skies. It was as though the apocalypse had arrived and many Half-Martial Ancestors and Mighty Figures fell from midair without any life!

Finally, the cultivators of Penglai Island were afraid!

Many cultivators began to break down and flee in all directions.

Nobody dared to stop this mysterious purple-robed man anymore!

Right then, the Martial Dao Prime Body frowned slightly, as though he sensed something. After pondering for a moment, his expression changed!

There were truly not many things in the world that could cause the Martial Dao Prime Body's expression to change.

The Martial Dao Prime Body extended his palm and swiped in front of him, tearing a crack in the void. He leaped in and vanished into the void in the blink of an eye!

Tearing the void was a method that only Mahayana Patriarchs could possess.

However, the Martial Dao Prime Body already had control of it at the Half-Martial Ancestor realm!

Chapter 1620 God Clan Leader

The moment the Martial Dao Prime Body left, a crack appeared in the skies of Penglai Island and a terrifying aura descended!

No figure appeared from the void crack and it merely with a dark light.

It was as though an eye had appeared in the skies and was surveying the entire Penglai Island!

However, the Martial Dao Prime Body had already left and the eye did not discover the figure of the Martial Dao Prime Body. It merely stared in the direction where the Martial Dao Prime Body left for a moment.

A moment later, a series of lights burst forth from the crack and the five-clawed divine dragon and Primordial Soaring Serpent on Penglai Island vanished instantly.

Thereafter, the eye retracted and the crack closed.

A small boat floated on the East Sea.

On the small boat laid a fisherman in a woven rush raincoat. A fishnet was casually stacked beneath his feet and a green straw hat covered his face.

The fisherman removed the green straw hat from his face and revealed a slovenly face that shone with a strange blood glint. He was none other than Hermit!

“What keen senses! He sensed danger and escaped first!”

Hermit sat up slowly and murmured.

“That’s the Earth Slaying Sword Art,”

Hermit mulled deeply, “It was someone from Sword Sect? Someone from Sword Sect actually managed to cultivate the Earth Slaying Sword Art to that level?”

“Strange,”

He frowned slightly again. “There’s no divine power aura on Penglai Island at all. The person who came wasn’t a Mahayana Patriarch?” “However, if he’s not a Mahayana Patriarch, how could he suppress Penglai Island and tear through the void to leave?” Hermit thought for a moment and chuckled again. “I don’t believe that you can escape from my grasp!”

As he said that, he waved his hands in front of him and drew mysterious runes in midair with his fingertips.

Thereafter, the scenes from Penglai Island flashed before Hermit’s eyes rapidly!

However, when he saw that, he frowned once more.

Among the scenes, he could only see a purple figure. The figure’s face seemed to be shrouded by a fog and he could not see it clearly! “I don’t believe that I can’t divine your background!”

A fog appeared in Hermit’s eyes as his hand seals changed even more mysteriously.

He was already surrounded by many runes!

A moment later, Hermit’s body shuddered and the fog in his eyes dissipated. The surrounding runes shattered and dissipated into the world as well.

He had failed!

Hermit narrowed his eyes and a blood glint flashed.

However, not long after, he laughed and stood up. He scattered the fishnet beneath his feet into the ocean and murmured, “Interesting. To think that there would be someone in Tianhuang Mainland who could escape from my heavenly net!”

Enigma Palace. Due to the arrival of the Dragon Phoenix True Body and the domineering suppression of the God race, Enigma Palace fell into a momentary silence. No sect or faction dared to act rashly at this moment.

However, everyone knew that this was only the calm before the storm. There was a high chance that Enigma Palace would endure a violent storm next!

The descent of the storm might even drown Enigma Palace!

Suddenly!

A gigantic crack appeared in the void and blinding golden light burst forth from within. Immediately after, more than ten figures appeared.

A terrifying might descended and the living beings of the ten thousand races were silent as they looked at the dozens of figures in the firmaments with frightened expressions!

Those figures stood in midair like true gods!

In fact, the living beings of the ten thousand races could not even see the faces of the figures clearly—all they could see were divine lights.

Although the faces of the figures could not be seen clearly, all the living beings of the ten thousand races knew that the God race had arrived!

While there were only slightly more than ten God race beings this time round, every single one of them was stronger than the God race beings who died in the hands of the Dragon Phoenix True Body! “The true test has arrived,”

Yin Lan sent a voice transmission to Carefree, “Their leader is the clan leader of the God race, a perfected Mahayana. The 13 God race beings beside him are all late-stage Mahayanas as well!”

Carefree was alarmed.

He knew very well that any late-stage Mahayana God race being was enough to kill the Dragon Phoenix True Body, let alone the God clan leader who was at the perfected Mahayana realm!

They were on completely different levels.

If the primordial races were to grow to the late-stage Mahayana realm, it would mean that their bloodline, physique, Essence Spirit and various powers would be comparable to Emperors of the human race who had comprehended a supreme divine power!

In fact, many times, because of the powerful bloodline of the primordial races, late-stage Mahayana primordial races could suppress Emperors who only comprehended a single supreme divine power!

10,000 years ago, Long Ran, the red-headed ghost, was actually at the late-stage Mahayana realm.

A single late-stage Mahayana Ancestral Dragon created a massive catastrophe!

An empire of the North Region was reduced to ruins overnight.

The super sects of the two Buddhist monasteries were destroyed as well!

That was the destructive power of a late-stage Mahayana Ancestral Dragon.

But now, there were 13 late-stage Mahayana Ancestor Gods as well as a perfected Mahayana God clan leader!

Carefree could not help but feel shocked by such a terrifying lineup.

Patriarch Wu Tian and the others were finally relieved when they saw that.

As long as the clan leaders of the primordial races descended, the Dragon Phoenix True Body would not be able to cause any trouble!

As for Enigma Palace...

It was even less of a threat.

A perfected Mahayana Ancestor God's strength was equivalent to an Emperor of the human race who had comprehended two supreme divine powers.

Because of the bloodline and physique of the God race, only Emperors of the human race who had comprehended three supreme divine powers could fight against them.

The Mystic Emperor of Enigma Palace had indeed comprehended three supreme divine powers.

However, the Mystic Emperor was only a single person and wasn't enough of a threat! "Sister, hurry and get the clan leader here!"

Carefree urged.

"What for?"

Yin Lan shook her head gently. "If your master doesn't have any sufficient reason backing him, our Kun race won't take the risk with him!"

"Look at the attitude of the Barbarian race. It's the same,"

"The reason why the Barbarian race hasn't made a move or made any stance clear is because they're waiting for Desolate Martial to see what trump cards he has,"

"Mmm?"

The God clan leader looked down from above and could not help but bark with a dark expression, "Who did this?!" "It's him!"

Patriarch Wu Tian and the others stood out hurriedly and recounted everything that happened in detail. Before Patriarch Wu Tian and the others could finish, an Ancestor God could not help but attack all of a sudden!

This Ancestor God was at the late-stage Mahayana realm.

Rubbing his hands in front of him, a blinding gigantic golden sword was formed instantly and slashed down at the Creation Green Lotus and Dragon Phoenix True Body!

The void trembled when the sword descended

– he wanted to kill Desolate Martial's two true bodies here!

The power of that slash had completely exceeded what the Dragon Phoenix True Body could withstand!
