

ETERNAL SK 1721

Chapter 1721: Hanging by a Thread

The Shadowless Emperor was not wrong—the Dragon Phoenix True Body could no longer hold on.

This battle was equivalent to the Dragon Phoenix True Body facing three top Emperors alone!

Even Night Spirit could only fight against two top Emperors.

Right now, the Blood Emperor, Shadowless Emperor and Hell Witch Emperor released their supreme divine powers and trump cards. The reason why the Dragon Phoenix True Body could last till now was because of his taboo bloodline and his powerful physique that cultivated the Mystic Classic of the Twelve Demon Kings of the Great Wilderness all year round!

After all, the Dragon Phoenix True Body had only comprehended a single supreme divine power.

He was still weaker in terms of strength.

At that moment, it was extremely difficult for the Dragon Phoenix True Body to defend against the corrosive power of the Endless Blood Sea.

He could not defend against the Phantom Slash released by the Shadowless Emperor at all!

“First!”

Night Spirit was fighting against the Golden Crow Fire Emperor and Thousand Eye Emperor but he was paying attention to the commotion.

Sensing the danger the Dragon Phoenix True Body was in, he was anxious and wanted to break free from the entanglement of the Golden Crow Fire Emperor and Thousand Eye Emperor to support the Dragon Phoenix True Body.

However, Night Spirit merely moved slightly and the Golden Crow Fire Emperor and Thousand Eye Emperor sensed it.

“Trying to leave?”

The Thousand Eye Emperor sneered, “It’s not that easy!”

“Petrification!”

Without hesitation, the Thousand Eye Emperor released his supreme divine power, Petrification Eye!

The Heavenly Eye on his glabella opened and released a gray beam of light that enveloped Night Spirit!

“Kill!”

Night Spirit turned his head and a dark beam of light gathered in his eyes, prepared to charge towards the Petrification Eye.

It was the Nether Glow Eye!

The Nether Glow Stone that Su Zimo obtained contained the inheritance of that visual technique.

However, for Night Spirit who possessed the bloodline of the Divine Hou, he did not need the Nether Glow Stone at all—the visual technique was in his memories!

“Spirit Slaying Curse!”

Suddenly!

The voice of the Hell Witch Emperor sounded.

He had used an Essence Spirit secret skill!

This time round, the Hell Witch Emperor did not attack the Dragon Phoenix True Body—the Essence Spirit secret skill was targeted at Night Spirit!

When the Hell Witch Emperor’s Everlasting Curse failed to kill the Dragon Phoenix True Body, he vaguely guessed that there might be a treasure in the consciousness of the Dragon Phoenix True Body.

Therefore, the Hell Witch Emperor no longer tried to release an Essence Spirit secret skill on the Dragon Phoenix True Body.

This time round, the Hell Witch Emperor attacked Night Spirit without any warning.

Furthermore, it was the most treacherous Essence Spirit secret skill!

Suddenly, a dark green storm appeared in Night Spirit’s consciousness and swept towards his Essence Spirit.

The power of the Spirit Slaying Curse would descend directly into one’s consciousness and it was impossible to defend against!

Night Spirit did not dare to be careless and channeled his Essence Spirit secret skill hurriedly to defend.

In his consciousness, a purple-gold light pierced the dark green storm.

The two Essence Spirit secret skills clashed!

The Spirit Slaying Curse dissipated.

Night Spirit’s expression changed as he grunted and swayed.

Although he blocked the Spirit Slaying Curse, his Essence Spirit still suffered some impact.

His Nether Glow Eye dissipated before it was completely formed!

At the same time, the Petrification Eye descended!

Crack! Crack! Crack!

Instantly, Night Spirit’s body was covered by a layer of grayish-white rocks!

Not only did his flesh turn into stone, even his bloodline gradually stopped and showed signs of petrification!

Night Spirit’s body trembled as he channeled his blood qi wildly to defend against the power of petrification and endured immense pain!

This was a supreme divine power after all!

It was almost impossible for Night Spirit to withstand it completely!

“Roar!”

Raising his head, Night Spirit let out a deep roar of pain!

His throat was almost petrified and his roar became extremely hoarse!

Petrification did not merely mean motionless.

If Night Spirit’s flesh was petrified, his body would be completely destroyed and all his lifeforce would turn into dull rocks!

Even if his Essence Spirit could escape, he would not have a bloodline that could reconstruct his body.

Night Spirit growled once more and channeled some unknown secret skill, causing purple-gold flames to burst forth from his body!

The purple-gold flames began to burn the petrification power in his body.

Night Spirit’s bloodline started circulating once more!

“Mmm?”

The Hell Witch Emperor focused his gaze and murmured, “He’s truly going all out. This is a secret skill that burns his lifespan!”

Boom!

Finally, Night Spirit broke free from the restraints of the Petrification Eye completely.

However, he was clearly much weaker!

That secret skill consumed a large amount of his lifespan!

Night Spirit broke free from the Petrification Eye and wanted to charge towards the Dragon Phoenix True Body without hesitation.

He was not completely out of danger yet but he was still thinking about Su Zimo!

Right then, a gigantic blazing sun descended and struck Night Spirit heavily!

The Golden Crow Fire Emperor had already attacked the moment Night Spirit was trapped by the Petrification Eye.

It was a supreme divine power, Golden Crow Blaze!

After releasing that supreme divine power, the Golden Crow Fire Emperor transformed into a blazing sun that emitted a scorching power that incinerated everything in its path!

Bang!

Night Spirit had to burn his lifespan to break free from the restraints of the Petrification Eye and was sent flying by the blazing sun before he could defend!

Before he even touched the ground, the scales on his body already fell off consecutively.

Night Spirit's eyes dimmed as he spat out huge mouthfuls of blood. Without the protection of his scales, his body was burned and cracked!

The moment blood flowed out, it was incinerated by the power of the Golden Crow Blaze!

Before Night Spirit could help the Dragon Phoenix True Body, he was severely injured and was in danger, his life hanging by a thread!

“Night Spirit!”

On the other side, Su Zimo was anxious when he saw that as well.

However, even with Three Heads Six Arms and Everlasting Vitality, he could only barely ensure his survival against the nine Emperors of the primordial races—he could not break through the obstruction of the Emperors!

The moment Su Zimo was distracted, the nine Emperors of the primordial races seized the opportunity and released their supreme divine powers one after another, forming torrential attacks that descended!

Su Zimo's expression turned grim.

He did not even know if he could survive such a ferocious attack, let alone help the Dragon Phoenix True Body and Night Spirit!

“Ah!”

Su Zimo reared his head and roared into the skies, channeling his blood qi to its limits. A Creation Green Lotus condensed behind him and a resplendent glow spread, illuminating the mountains and rivers!

Tsk! Tsk! Tsk!

A series of Heaven Slaying Sword Qi burst forth from Su Zimo's body!

The 108,000 sword qi were blinding and white!

Su Zimo waved his three heads and six arms and chanted Sanskrit continuously. He waved six Dharmic treasures and clashed against nine supreme divine powers!

The nine supreme divine powers descended and collided with the 108,000 Heaven Slaying Sword Qi first.

However, silently, the Heaven Slaying Sword Qi was devoured by the power of the nine supreme divine powers!

The difference was too great!

Although the Heaven Slaying Sword Art was indeed powerful, Su Zimo had only cultivated it to the realm of a greater divine power.

Yet, they were facing nine supreme divine powers!

Boom!

After devouring the 108,000 Heaven Slaying Sword Qi, the nine supreme divine powers collided against the Bloodline phenomenon, the Creation Green Lotus, with a loud bang!

The void trembled and the weather changed!

After a momentary stalemate, the Creation Green Lotus shattered inch by inch and dissipated into the world!

Chapter 1722: Collapse of the Situation

Although the power of the nine supreme divine powers was diminished significantly after colliding against the Bloodline phenomenon, the Creation Green Lotus, they could still take form and suppress forth!

The Green Lotus True Body was also in immense danger!

He no longer had any methods that could take on the nine supreme divine powers head-on!

Su Zimo waved his six arms and channeled his blood qi to its limits. Six Dharmic treasures shone brightly in his palm!

Boom! Boom! Boom!

A deafening bang shook the world!

A blood mist burst forth from Su Zimo's body.

In his palm, a saber Dharmic treasure was snapped by a supreme divine power. The tremendous power exploded his arm into a blood mist!

Immediately after, his other arm exploded as well!

Poof! Poof! Poof!

Fresh blood gushed out.

In the blink of an eye, Su Zimo's two heads and four arms were ruptured by the supreme divine powers that blanketed the skies!

Even four Dharmic treasures were crippled!

Right now, Su Zimo only had the Human Emperor's Seal and Creation Lotus Platform left.

His Three Heads Six Arms was destroyed by the nine supreme divine powers!

Of the nine supreme divine powers, there were three left!

Taking a deep breath of air, Su Zimo took out a long scroll from his robes and opened it, revealing words filled with blood.

The Human Emperor's Dharmic Edict!

The power of the Human Emperor's Dharmic Edict was almost depleted.

However, this Dharmic Edict was written personally by the Human Emperor using the Human Emperor's Brush that was stained with the blood of Emperors and still possessed some powerful might!

Su Zimo spread the Human Emperor's Dharmic Edict and enveloped himself.

The moment he did that, the remaining three supreme divine powers descended!

Boom!

The void seemed to have stopped!

Immediately after, a faint sound of cracking could be heard from midair.

Cracks appeared on the Human Emperor's Dharmic Edict.

Thereafter, the Human Emperor's Dharmic Edict shattered into pieces that scattered like snowflakes.

The final thing left behind by the Human Emperor for Su Zimo was also shattered by the nine Emperors of the primordial races in this battle!

Even with the protection of the Human Emperor's Dharmic Edict, Su Zimo's Green Lotus True Body suffered a huge blow.

Bang!

Like a meteor, Su Zimo smashed heavily onto the ground, creating a huge pit!

Su Zimo struggled and stood up from the pit. He felt his tendons and bones about to split and the pain was unbearable.

The Green Lotus True Body was severely injured!

At that moment, he could still circulate Everlasting Vitality.

However, the power released by Everlasting Vitality was no longer as strong as before and its effect was greatly reduced. The speed of the Green Lotus True Body's healing was also much slower.

If Su Zimo was given two to four hours, he might be able to recover to his peak.

However, the nine Emperors of the primordial races had already closed in once more!

The nine Emperors of the primordial races would not even give him a single breath, let alone four hours!

The Green Lotus True Body panted heavily.

With every breath, there was a strong blood stench in his nose and mouth.

He no longer had any trump cards.

He could not defend against the attacks of the nine Emperors of the primordial races with his damaged Green Lotus True Body and the Human Emperor's Seal and Creation Lotus Platform alone!

Of course, the only secret skill he could release right now was the Caturadhi Dao Fire.

However, the might of the Caturadhi Dao Fire could only be considered as a greater divine power at most.

Even if it was released, it would not affect anything.

A hint of sadness flashed through Su Zimo's eyes.

The Green Lotus True Body was in a desperate situation as well!

However, he still could not sense anything from the Martial Dao Prime Body!

Boom!

Right then, another loud bang sounded not far away!

It was the supreme divine power released by the Shadowless Emperor, Phantom Slash!

For the Dragon Phoenix True Body, it was not difficult to distinguish which was the Shadowless Emperor's true body among the dozens of figures.

Although the Dragon Phoenix True Body was already at the end of his rope, his spirit perception was still present after cultivating the Mystic Classic of the Twelve Demon Kings of the Great Wilderness all year round.

Almost instinctively, the Dragon Phoenix True Body locked onto the Shadowless Emperor's true body.

However, the Dragon Phoenix True Body fell into the Endless Blood Sea and the Dragon Phoenix Flames on his body were almost extinguished. His blood qi was weak and he could not defend against that supreme divine power at all!

The Phantom Slash condensed a cold beam that slashed towards the glabella of the Dragon Phoenix True Body!

Suddenly!

A small tripod the size of a thumb flew out from the glabella of the Dragon Phoenix True Body and expanded rapidly. In the blink of an eye, a five feet tall Bronze Square Tripod with four legs appeared—it had an ancient aura and defined edges!

The Bronze Square Tripod clearly seemed useless. It was filled with cracks and did not have any Dharmic powers or divine powers surrounding it.

Although the Bronze Square Tripod could be considered as the Destiny Dharmic Weapon of the Dragon Phoenix True Body, in reality, he had not been able to refine it successfully.

Therefore, even in battles all these years, the Dragon Phoenix True Body rarely used the Bronze Square Tripod.

Even if he summoned it, he could not use the Bronze Square Tripod to release any Dharmic arts or divine powers. At most, he would smash people with the tripod.

Be it with Dharmic powers or divine powers, it was difficult to refine the Bronze Square Tripod.

All these years, the Dragon Phoenix True Body had searched for countless treasures to try and repair the Bronze Square Tripod.

However, all of them ended in failure.

No matter what methods the Dragon Phoenix True Body used, he could not refine the Bronze Square Tripod, let alone fuse with those universal treasures!

There was no way he could smelt and repair it.

The origin of the Bronze Square Tripod was a mystery.

Even the Chen Dragon Emperor who had lived for hundreds of thousands of years in Tianhuang Mainland could not tell the background of that tripod.

Now that his life was hanging by a thread, the Dragon Phoenix True Body could only summon the Bronze Square Tripod and attempt to defend against the Phantom Slash.

“Fufu, Desolate Martial, you’re at your wits’ end to be reduced to such a state,”

The Shadowless Emperor sneered.

Notwithstanding the fact that the Bronze Square Tripod was filled with cracks and was a useless item, even a truly powerful Dharmic treasure could not defend against the power of a supreme divine power completely!

“How dare you take out such scrap metal? Watch me break it with a single strike!”

The Shadowless Emperor hollered and the Phantom Slash struck the Bronze Square Tripod heavily!

Clang!

The sound of metal clashing was extremely ear-piercing!

The surrounding Hell Witch Emperor, Blood Emperor and even Shadowless Emperor frowned and gasped!

The Shadowless Emperor shuddered and retreated a few steps in midair with a changed expression!

When his supreme divine power struck the Bronze Square Tripod that was filled with cracks, it was completely dissipated without any killing power landing on the Dragon Phoenix True Body!

Of course, the Bronze Square Tripod was sent flying as well and fell into the Blood Sea in silence.

The Blood Sea surged and even drowned the Dragon Phoenix True Body, extinguishing the Dragon Phoenix Flames.

However, there was no blood around the Bronze Square Tripod. When the Blood Sea surged around the tripod, it dispersed automatically, forming a vacuum!

“This is a treasure!”

Almost at the same time, the eyes of the Hell Witch Emperor, Blood Emperor and Shadowless Emperor lit up.

“Let’s kill the Taboo Dragon Phoenix first!”

The Hell Witch Emperor reminded.

The Blood Emperor and Shadowless Emperor understood what was more important and composed themselves before charging towards the Dragon Phoenix True Body once more!

In the blink of an eye, Su Zimo’s two true bodies and Night Spirit were in a hopeless situation!

The situation had collapsed!

Chapter 1723: Comprehending Divine Powers

Within the Endless Blood Sea.

The Dragon Phoenix True Body fell into it and could barely defend against the Shadowless Emperor’s attack—he could not escape at all!

However, the longer he stayed in the Blood Sea, the deeper the influence on the Dragon Phoenix True Body by the filthy power of the Blood Sea!

Initially, his body burned with the Dragon Phoenix Flames.

But now, the Dragon Phoenix Flames were completely extinguished!

The Blood Emperor channeled the Endless Blood Sea while refining the bloodlines on the battlefield, causing the power of the Blood Sea to increase.

Not only did the filthy and evil power of the Blood Sea extinguish the Dragon Phoenix Flames, it even began to infect the Dragon Phoenix scales and seep into his bloodline!

The blood qi of the Dragon Phoenix True Body intensified!

In melee combat, he could no longer defend against the Shadowless Emperor’s attacks and more wounds appeared on his body!

What was even more serious was that the Hell Witch Emperor’s Five Yin Fiend Ghosts stuck to him the entire time and gnawed at his flesh and lifeforce!

The Dragon Phoenix True Body was already at his limits dealing with the Shadowless Emperor in the Endless Blood Sea and could not break free from the Five Yin Fiend Ghosts.

The Five Yin Fiend Ghosts did not only devour lifeforce and flesh, but also lifespan!

Unknowingly, the Dragon Phoenix True Body had already lost 100,000 years of lifespan in that short period of time!

Even though the Dragon Phoenix was a taboo and had a lifespan of hundreds of thousands of years, it could not withstand the speed of deterioration!

However, he was helpless to stop it.

He had already used up all his trump cards and his defeat was certain.

Not far away, Night Spirit burned his lifespan but could not escape from the pursuit of the Golden Crow Fire Emperor and Thousand Eye Emperor.

Against the attacks of the two top Emperors, Night Spirit's injuries worsened and his blood qi began to deteriorate—his movement technique was no longer as agile as before.

It was only a matter of time before Night Spirit died as well.

The situation of the Green Lotus True Body was even more tragic.

After being surrounded by the nine Emperors of the primordial races and losing Three Heads Six Arms, the Green Lotus True Body was almost shattered and could die at any moment!

Was he going to lose?

If he lost this battle, he would not be the one to die.

The storyteller would die.

Emperors of the Dragon, Kun and Barbarian races would die.

The Emperors of the human race would die.

At the borders of the North Region, all the cultivators who fought against the eight demon regions and Primordial Six Races would not be able to escape the fate of defeat!

The humans of Tianhuang Mainland would either be extinguished or enslaved!

He could not afford to lose!

He could not lose this battle either!

Even if the Martial Dao Prime Body came out of seclusion successfully and returned, it would be too late for regrets if he saw the human race of Tianhuang Mainland destroyed!

At that time, his old friends would already be dead.

Without Yaoxue, Little Fatty, Lin Xuanji, Demoness Ji and Ming Zhen, what was the point of having the Martial Dao Prime Body be alive all alone?

Crack! Crack! Crack!

The Five Yin Fiend Ghosts bit the flesh of the Dragon Phoenix True Body continuously and devoured it in huge mouthfuls. They had excited expressions and their eyes shone with faint green lights.

The Dragon Phoenix True Body was already bloodied from the bites and it was a tragic sight.

He was already numb to the pain.

A thought flashed through the Dragon Phoenix True Body's mind as he sensed the deterioration of his lifespan and he suddenly fell into a mysterious state!

If he could comprehend another supreme divine power, he could break out of the situation!

As long as there was enough time, the Dragon Phoenix True Body could cultivate many greater divine powers to the level of supreme divine powers.

Over the years, the Dragon Phoenix True Body had also attempted to cultivate many greater divine powers.

Among them, apart from the Six Tusk Divine Strength, he cultivated Time Is Like a Saber the most!

The Dragon Phoenix True Body had already cultivated Barren at the Void Reversion realm.

The essence of Barren was the power of time.

Furthermore, he had obtained the inheritance of Half-Martial Ancestor Instant in the stone statue cemetery in the Dao Inheritance Ground—that was also a power of time.

Although the Dragon Phoenix True Body had come into contact with the power of time a long time ago, it was way too mysterious and difficult to comprehend.

Time passed and was everywhere.

The cycle of life and death was time.

The passing of spring and arrival of autumn was time.

The rise and set of the sun was time.

The transformation from a sea to a field was time.

Time was like a saber and every single slash was pressing.

Time was everywhere but difficult to capture.

Although the Dragon Phoenix True Body knew about Barren and could condense the Time Saber, he had not been able to advance the Time Saber to the level of a supreme divine power for the past thousand years.

One of the most important reasons was because he had yet to truly experience the power of time!

Up till this point of his cultivation, he had only cultivated for a few thousand years.

For the Taboo Dragon Phoenix with a lifespan of hundreds of thousands of years, he was like a child after thousands of years—how could he understand the vicissitudes of life?

But now, in this tragic battle, the Five Yin Fiend Ghosts Curse of the Hell Witch Emperor made the Dragon Phoenix True Body experience the cruelty of time deeply!

Earlier on, he lost 100,000 years of lifespan.

In this short period of time, he lost another 100,000 years of his lifespan after the Five Yin Fiend Ghosts gnawed on his flesh!

200,000 years of lifespan had already passed!

This was a feeling and experience that he had never gone through before.

A mysterious feeling rose in the Dragon Phoenix True Body's heart as he entered a state of enlightenment.

In that instant, he gained a new understanding and comprehension towards the power of time.

All the doubts he had encountered over the past thousand years seemed to have been answered.

Within the Endless Blood Sea.

The eyes of the Dragon Phoenix True Body closed.

Against the Shadowless Emperor's melee combat, he relied entirely on his spirit perception and instincts!

At the same time, a mysterious energy fluctuation gradually spread from the Dragon Phoenix True Body. It was extremely obscure and grew stronger!

"How dare you close your eyes!"

The Shadowless Emperor felt extremely provoked and humiliated as his attacks turned fiercer.

However, the power of the Dragon Phoenix True Body seemed to be getting stronger as well, neutralizing all his attacks!

"What's going on?"

Suddenly, the Blood Emperor frowned and noticed something unusual.

The filthy power of the Blood Sea could not seep into the Dragon Phoenix True Body's body and bloodline, as though it was met with an immense resistance!

"Mmm?"

The Hell Witch Emperor sensed something as well and his expression changed.

He could sense that although the Five Yin Fiend Ghosts were still chewing the flesh of the Dragon Phoenix, his lifespan was no longer decreasing!

Right then, the Hell Witch Emperor felt an obscure energy fluctuation!

"That is..."

Suddenly, the Hell Witch Emperor's eyes widened and his expression changed as he exclaimed, "Supreme divine power!"

"What?"

The Blood Emperor asked instinctively.

"Hurry! Hurry and interrupt him!"

The Hell Witch Emperor shrieked and pointed at the Dragon Phoenix True Body, shouting, "He's comprehending a supreme divine power! We can't let him continue comprehending!"

There was something else that the Hell Witch Emperor did not manage to say.

Supreme divine powers varied in strength as well.

Weak supreme divine powers such as Sleeve Universe and Concealment did not pose much of a threat to them because they did not have much killing power.

Powerful supreme divine powers such as the Killing Word Art or Paramita Bridge of the Eternal Human Emperor could kill Emperors upon release!

As for the Hell Witch Emperor, he felt shudders when he sensed that divine power aura from the Dragon Phoenix!

He did not know what supreme divine power the Dragon Phoenix True Body was comprehending.

However, he knew that this supreme divine power was definitely not weaker than the Killing Word Art or the Paramita Bridge!

Chapter 1724: Fleeting Moment

“He’s comprehending divine powers!”

The Blood Emperor was alarmed.

Their battle against the Dragon Phoenix True Body had already reached such an extent after the latter merely comprehended a single supreme divine power.

If he comprehended another supreme divine power, the combat strength of the Dragon Phoenix True Body would definitely increase exponentially!

The Blood Emperor did not know what that supreme divine power was.

However, he knew that if the Dragon Phoenix True Body comprehended another supreme divine power, it would be many times more difficult for the three of them to kill him!

Many variables would also be added to this battle!

“Blood Tribute!”

Without hesitation, the Blood Emperor released the secret skill of the Blood Refinement Fiend Sutra!

At the same time, countless blood vines pulled out from the ground and charged towards the Dragon Phoenix True Body like thousands of spirit snakes and anacondas!

Suddenly!

The Dragon Phoenix True Body opened his eyes and looked at the Blood Emperor with a lightning gaze!

At that moment, the Blood Emperor felt his body turn cold, as though a calamity was about to descend upon him at any moment!

He could even smell the aura of death!

“How could that be!”

The Blood Emperor had a menacing expression and refused to believe it.

Even if the Dragon Phoenix True Body comprehended another supreme divine power and his combat strength increased significantly, it was impossible for him to be killed directly.

Right then, the Dragon Phoenix True Body extended his Dragon Phoenix Claw and pointed at the Blood Emperor through the Endless Blood Sea.

“Fleeting Moment!”

The moment those words were said, the world seemed to have fallen into silence!

Not to mention the Blood Emperor and the other two, even the Golden Crow Fire Emperor, Thousand Eye Emperor and the other Emperors in the battle turned to look with shocked expressions.

Immediately after, an extremely terrifying power descended on the Blood Emperor!

“You...”

The Blood Emperor only had time to say a single word before he went silent.

Right in front of the Emperors, the Blood Emperor’s blood qi deteriorated and thousands of blood vines withered, turning yellow.

The Blood Emperor’s true form shriveled and had already shrunk countless times. He was like an ordinary vine that was withered and yellow as he sprawled on the ground motionlessly without any signs of life.

The Emperors were horrified and their eyes were filled with endless shock and fear!

Although the Hell Witch Emperor and Shadowless Emperor were not far from the Blood Emperor, they did not attack.

It was already too late.

Instantly, the Blood Emperor’s lifespan was exhausted and he died!

The Blood Refinement Fiend Sutra, divine powers, secret skills and Blood Rebirth were all useless.

A top Emperor who comprehended four supreme divine powers and possessed combat strength equivalent to Emperors of the human race who comprehended six supreme divine powers died just like that in front of the other Emperors with his lifespan exhausted instantly!

In fact, there was a strange pause in the battlefield above the Dragon Bone Valley!

At that moment, many Emperors who were fighting stopped.

Initially, the Blood Emperor was an ordinary Emperor who had only comprehended two supreme divine powers.

The Blood Emperor had only suddenly risen in the past thousand years!

In other words, the Blood Emperor was young with an age less than 20,000 years old!

The lifespan of an Emperor of the Blood Vine race was similar to an Emperor of the human race.

This meant that the Blood Emperor had at least 80,000 more years to live!

However, in that instant, the 80,000 years of lifespan turned into nothingness and vanished!

The Blood Emperor did not even have the chance to resist or even react before he died.

Fleeting Moment.

This was a divine power that was even more terrifying and domineering than the Time Saber.

A supreme divine power!

Although the Blood Emperor was dead, the Hell Witch Emperor, Shadowless Emperor and the others felt a chill.

If that Fleeting Moment had descended above their heads earlier on, there was a high chance that one of them would have died!

With the death of the Blood Emperor, the Endless Blood Sea that trapped the Dragon Phoenix True Body naturally dissipated gradually.

An extremely massive power surged within the Dragon Phoenix True Body and washed through his bloodline, body and even Essence Spirit continuously!

His body was being tempered by the power of the second supreme divine power he comprehended!

The aura of the Dragon Phoenix True Body rose continuously and became stronger, as though there was no end to it!

His wounds were healing at a visible speed as well!

Initially, the blood qi of the Dragon Phoenix True Body was already weak. However, under the baptism of the supreme divine power, his blood qi surged and a powerful lifeforce burst forth from his body once more!

Bang! Bang! Bang!

The Five Yin Fiend Ghosts who were initially sprawled on the Dragon Phoenix True Body were shattered by the supreme divine power released by the Dragon Phoenix True Body!

That woke the Hell Witch Emperor up completely as well.

“Don’t just stand there! Hurry and get rid of the Divine Hou and the Green Lotus True Body!”

The Hell Witch Emperor hurriedly commanded the Emperors of the primordial races around him and shouted, “I can still defend against this Dragon Phoenix for a while if I join forces with Shadowless!”

Many Emperors reacted one after another.

The battle between Emperors broke out once more!

At that moment, only the Hell Witch Emperor and Shadowless Emperor were left opposite the Dragon Phoenix True Body.

The Shadowless Emperor looked at the Dragon Phoenix True Body with a wary gaze.

“Shadowless, don’t worry!”

The Hell Witch Emperor said in a deep voice, “Although that supreme divine power is terrifying, it’s impossible for him to release a second one in a short period of time!”

The Shadowless Emperor took a deep breath and calmed down as well.

The Hell Witch Emperor continued, “We just have to hold him back and wait for the Golden Crow Fire Emperor and Thousand Eye Emperor to deal with the Divine Hou and for the Green Lotus True Body to die.”

“At that time, with so many Emperors joining forces, no matter how strong this Dragon Phoenix is, he’ll have to die here!”

“Hahahaha!”

The Dragon Phoenix roared in laughter and raging flames reignited around his body. With a torrential aura, he shouted, “Hell Witch, Shadowless, the two of you think that you can hold me back?!”

“Die!”

The two pairs of wings behind the Dragon Phoenix True Body flapped and crossed layers of space, descending in front of the Shadowless Emperor. He reached out with his gigantic, menacing Dragon Phoenix Claw and grabbed the top of the Shadowless Emperor’s head!

“Hell Blood Shield!”

The Shadowless Emperor was alarmed and did not have time to think as he channeled his Essence Spirit hurriedly to condense the supreme divine power of the Blood Refinement Fiend Sutra!

A shield made of blood appeared above his head.

Blood light surged on the surface of the shield and a strange blood face could vaguely be seen.

“Hmph!”

The Dragon Phoenix True Body said coldly, “How dare you come out still? Destroy!”

The Dragon Phoenix Claw shone with a cold glint and the Dragon Phoenix Flames expanded, piercing into the Blood Shield!

The blood face was torn apart by the Dragon Phoenix Claw instantly!

Splash! Splash!

The Dragon Phoenix Flames burned blood and smoke billowed!

The next moment, the Hell Blood Shield was pierced by the Dragon Phoenix Claw!

The Emperors who caught sight of that were alarmed!

Even supreme divine powers could not defend against the power of the Taboo Dragon Phoenix!

Shing!

The Dragon Phoenix Claw descended and tore the Shadowless Emperor's lower body into two. Fresh blood dripped and countless organs spilled.

However, the Shadowless Emperor had already vanished from the Dragon Phoenix Claw.

There was a supreme divine power fluctuation on the spot!

Instant Transference!

In that moment of life and death, the Shadowless Emperor used a supreme divine power and teleported away, escaping from the Dragon Phoenix Claw.

If he was half a step slower earlier on, he would have died!

Chapter 1725: Blood Boiling Spear

In midair far away, a fluctuation appeared in space.

The Shadowless Emperor dragged his damaged body and teleported away from the Dragon Phoenix Claw, revealing himself.

His face was pale as he hurriedly channeled Blood Rebirth to reconstruct his lower body.

Even so, he was scared out of his wits!

The Taboo Dragon Phoenix was able to release such terrifying power after comprehending two supreme divine powers!

Although he had comprehended four supreme divine powers and his combat strength was at its peak, a single supreme divine power was no longer enough to defend against the killing power of the Taboo Dragon Phoenix!

The Emperors were shocked when they saw that!

The Blood Emperor died and the Shadowless Emperor escaped death. As for the Dragon Phoenix, his combat strength increased exponentially and his aura was torrencial.

The situation changed instantly!

The Blood Emperor was a top Emperor.

/

The death of the Blood Emperor was a huge loss for the Primordial Six Races.

The outcome of this battle would affect the situation between the other Emperors as well!

On the side of the human Emperors, the storyteller, Long Ran and the others were invigorated.

With the help of the Asura, Yan Beichen, although there were not enough Emperors, the situation was stabilized and there was even a chance for a counterattack!

On the other side, the Golden Crow Fire Emperor and Thousand Eye Emperor were initially joining forces to fight Night Spirit.

However, now that the Blood Emperor was dead and the Taboo Dragon Phoenix had comprehended a second divine power, the Hell Witch Emperor and Shadowless Emperor alone were not enough to deal with the attacks of the Taboo Dragon Phoenix!

“I’ll help them. I’ll leave this Divine Hou to you!”

The Thousand Eye Emperor made a decision immediately.

The Taboo Divine Hou was already severely injured and the Golden Crow Fire Emperor alone would be enough.

That way, he could join forces with the Shadowless Emperor and Hell Witch Emperor to fight against the Taboo Dragon Phoenix!

“Don’t worry, leave this beast to me!”

The Golden Crow Fire Emperor said coldly.

In a flash, the Thousand Eye Emperor arrived on the other side and joined forces with the Shadowless Emperor and Hell Witch Emperor to surround the Dragon Phoenix True Body.

“Apocalyptic Eye!”

The Heavenly Eye on the Thousand Eye Emperor’s glabella opened and it was pitch-black, filled with the aura of death!

At the same time, the Thousand Eye Emperor’s eyes turned completely black!

Of those three black eyes, the Heavenly Eye was the core while the other two eyes were the supports; they formed three gigantic black holes in midair!

The three black holes were like three black suns that emanated an extremely terrifying aura as though they wanted to destroy everything!

The Apocalyptic Eye was a supreme divine power that could only be cultivated with the bloodline of the Heavenly Eye race!

Back at the Ten Thousand Race Meet, the Black Eye Emperor released this supreme divine power against the Eternal Human Emperor.

However, it was shattered by the supreme divine power, Paramita Bridge, and he was killed by the Eternal Human Emperor!

Three pitch-black beams of light burst forth from the three black holes and converged into a single spot in midair, forming an even more terrifying pitch-black beam of light!

The power released by the beam of light seemed like it wanted to destroy everything!

The power of the pitch-black beam of light contained almost all the divine powers, Dharmic arts and even the blood qi of the Heavenly Eye race—it was extremely terrifying!

The reason why it was called Apocalyptic Eye was because there were Essence Spirit attacks mixed in!
This was no longer a simple visual technique.

At the same time, an extremely powerful aura emanated from the Shadowless Emperor's body!

Gulp! Gulp!

In fact, a strange sound could be heard from within the Shadowless Emperor's body, like boiling water.

There was naturally no water in the Shadowless Emperor's body.

That was the sound of his bloodline boiling!

Blood qi surged from the Shadowless Emperor and his eyes were bloodshot. He pointed at the Dragon Phoenix True Body through the void and shouted, "Blood Boiling Spear!"

The boiling blood qi in his body rapidly formed a gigantic spear in midair that was scarlet!

The spear was like an iron spear that was burned red and emitted a scorching heat!

That was a supreme divine power of the Blood Refinement Fiend Sutra.

The Dragon Phoenix True Body sensed an extremely evil aura from the Blood Boiling Spear!

When that supreme divine power was released, the Shadowless Emperor's body swayed and his face turned even paler. He was much weaker and looked dispirited.

Although the Blood Boiling Spear was powerful, it required half of his Essence Blood and consumed a lot of energy!

However, the Shadowless Emperor had no choice.

If he lost this battle, he would die!

"Incinerating Curse!"

At the same time, the Hell Witch Emperor channeled his Essence Spirit and released another supreme divine power!

A single supreme divine power could no longer suppress the Taboo Dragon Phoenix.

The only chance was if the three of them joined forces!

The three of them did not hold back at all.

The Hell Witch Emperor would not use the Incinerating Curse casually.

If he wanted to release that supreme divine power, he had to incinerate his Essence Spirit!

It was a method of incinerating his opponent by condensing a Witch Fire through the burning of his Essence Spirit!

The Witch Fire did not only burn the body, but also the bloodline and soul!

A fist-sized ball of dark green flames appeared on the Hell Witch Emperor's bone staff and floated towards the Dragon Phoenix True Body.

Apocalyptic Eye, Blood Boiling Spear and Incinerating Curse descended at the same time!

"Roar!"

The Dragon Phoenix True Body roared into the skies and his blood qi surged. The scales on his body burned with raging flames and shone with a bedazzling light!

The Hell Witch Emperor and the other two frowned in pain.

Even the Emperors who were further away shuddered, let alone the three of them.

This was a true Taboo Roar!

The Dragon Phoenix True Body soared into the skies and two pairs of golden and scarlet wings behind him flapped. The claws beneath his abdomen were menacing and sharp as he looked over with a burning gaze and torrential blood qi!

Under the roar of the taboo bloodline, all the living beings of the ten thousand races felt a fear that came from the depths of their souls!

The pitch-black beam of the Apocalyptic Eye descended first!

The Dragon Phoenix True Body did not dodge and channeled the divine power of Six Tusk Divine Strength. The power in his body surged as he charged towards the pitch-black pillar of light!

Many Emperors were shocked when they saw that!

The Taboo Dragon Phoenix was probably the only one who could take a supreme divine power head-on with his body!

Boom!

There was a loud bang!

The Dragon Phoenix True Body created cracks on the pitch-black light column and it almost collapsed!

Even the Apocalyptic Eye could not destroy the taboo!

The spirit consciousness attack contained by the Apocalyptic Eye entered the consciousness of the Dragon Phoenix True Body and was devoured by the blazing ball of light without a trace.

The Thousand Eye Emperor channeled his Essence Spirit wildly and blood even seeped out of his three eyes as he tried his best to condense the pitch-black light beam.

Right then, the Blood Boiling Spear descended!

The Dragon Phoenix True Body was fearless as he defended against the power of the Apocalyptic Eye while extending his gigantic, menacing Dragon Phoenix Claw to grab the Blood Boiling Spear.

Boom!

The Blood Boiling Spear collided against the Dragon Phoenix Claw with a loud bang!

The Dragon Phoenix Claw exerted strength and gripped the Blood Boiling Spear tightly!

Green smoke even rose from his palm but the Dragon Phoenix True Body had no intention of letting go!

The Shadowless Emperor was shocked!

In fact, the Blood Boiling Spear was showing signs of breaking free from his control!

The Shadowless Emperor channeled his Essence Spirit hurriedly as well and fought against the Dragon Phoenix True Body for control of the Blood Boiling Spear through the void!

On the other side, the dark green Witch Fire formed by the Incinerating Curse floated over.

Chapter 1726: Pancadhi Dao Fire

Although the Witch Fire was only the size of a fist and looked like it could be extinguished by a gust of wind, its power was extremely terrifying and could not be underestimated!

The Witch Fire floated over at a moderate speed.

However, a blank area appeared behind the Witch Fire—the entire void was refined into nothingness!

The Dragon Phoenix True Body blocked the Apocalyptic Eye and grabbed the Blood Boiling Spear. Suddenly, he turned around and opened his mouth, spewing out a stream of scorching flames!

The moment the ball of flames arrived in midair, "Search (newn0vel(Org) on google"? it formed scarlet lava that spewed towards the Witch Fire in a steaming manner!

Splash! Splash!

The two flames collided in midair with an ear-piercing sound!

The Hell Witch Emperor and the other two had grim expressions.

Even though the three of them joined forces and released three supreme divine powers, they could not suppress the Dragon Phoenix True Body!

On the contrary, the Dragon Phoenix True Body defended against the three supreme divine powers and his aura continued to climb as though there was no limit!

The Dragon Phoenix that comprehended two supreme divine powers was way too terrifying!

On the other side, the situation of the Green Lotus True Body was turning more dangerous!

Against the encirclement of the nine Emperors of the primordial races, even the Green Lotus True Body coupled with Everlasting Vitality could not recover the power of blood qi and Essence Spirit.

The Green Lotus True Body was battered and filled with injuries—it was on the brink of collapse!

The nine Emperors of the primordial races realized that the Hell Witch Emperor's side was in a predicament and their attacks intensified!

"God's Kingdom!"

“Eye of the Storm!”

“Phantom Slash!”

“Endless Blood Sea!”

The nine Emperors of the primordial races released supreme divine powers one after another, prepared to kill the Green Lotus True Body completely with this attack!

Su Zimo stood looking at the nine supreme divine powers that descended with a calm expression without any panic in his eyes.

Suddenly!

Extending his bloodied hands, Su Zimo conjured hand seals and channeled his Essence Spirit.

Whoosh!

Suddenly, three balls of flames of different colors appeared beside him!

Scarlet Immortal Dao Fire.

Golden Buddhist Dao Fire.

Black Fiend Dao Fire!

The three balls of flames began to emit the aura of divine powers!

The Dao Fires had already been cultivated by Su Zimo to the level of a lesser divine power.

“Samadhi Dao Fire? How dare you embarrass yourself with such an insignificant skill!”

An Emperor of the God race sneered.

Although the Samadhi Dao Fire was strong, it was nothing in the eyes of an Emperor.

The three Dao Fires gathered rapidly in front of Su Zimo, forming a tri-colored flame!

Immediately after, another Essence Spirit Fire floated out from Su Zimo’s glabella and entered the tri-colored flame.

The Caturadhi Dao Fire was formed!

Although it was only an additional flame from Samadhi to Caturadhi, there was a qualitative change!

The aura of the ball of flames surged and turned into a greater divine power from a lesser divine power!

“Hahahaha!”

An Emperor of the Golden Crow race roared in laughter. “So, it’s a greater divine power! I actually thought that it was going to be some incredible force!”

Indeed, the limit of the Caturadhi Dao Fire was only a greater divine power.

Therefore, from the beginning of the battle, Su Zimo had not released the Caturadhi Dao Fire.

In a battle of this level, apart from a unique greater divine power like the Time Saber, other greater divine powers could not pose a threat to the Emperors present.

The other Emperors sneered as well.

Su Zimo did not laugh.

Naturally, he would not release a mere greater divine power like the Caturadhi Dao Fire.

But now, he was not alone—his other true body was not far away!

There was also an extremely terrifying supreme flame on the Dragon Phoenix True Body—the Dragon Phoenix Flame!

There was no need for their spirit consciousnesses to transmit messages—both true bodies were telepathic.

With a single thought from Su Zimo, the Dragon Phoenix True Body knew his plans!

The Dragon Phoenix True Body blocked the three supreme divine powers. At the same time, his gigantic divine phoenix tail swung and condensed a ball of Essence Fire of the Dragon Phoenix Flame. It tore through the air and landed in the Caturadhi Dao Fire!

The aura of the Caturadhi Dao Fire transformed instantly!

A power that made the nine Emperors of the primordial races shudder burst forth and swept through the nine heavens, spreading through the eight desolates!

The Pancadhi¹ Dao Fire was formed!

Su Zimo held the ball of flames with both hands and burned the skies!

The nine supreme divine powers descended and could not suppress the ball of flames. All of them stopped and fought against the ball of flames!

That power had far surpassed the realm of greater divine powers.

That was a supreme divine power!

Under normal circumstances, the conditions to fuse another flame to form the Pancadhi Dao Fire were extremely stringent and difficult.

If the power of the flames was insufficient and fused with the Caturadhi Dao Fire, it would be devoured without any reaction.

Even if the power of the flames was sufficient, the process to fuse with the Caturadhi Dao Fire would be extremely long with multiple attempts required.

However, the Dragon Phoenix Flame was different.

First, the power of the Dragon Phoenix Flame was sufficiently strong.

In fact, to a certain extent, the Dragon Phoenix Flame was even stronger than the three Dao Fires that Su Zimo had condensed!

Second, the Dragon Phoenix Flame would not reject the Caturadhi Dao Fire.

That was because be it the Dragon Phoenix True Body or the Green Lotus True Body, they were both Su Zimo.

The two true bodies were one to begin with!

Although the divine powers and Dharmic arts they comprehended could not be connected, the Dragon Phoenix Flame would not reject the Green Lotus True Body.

Therefore, it could be said that the fusion of the Dragon Phoenix Flame into the Caturadhi Dao Fire happened naturally without any obstacles!

Up till this point of his cultivation, Su Zimo had cultivated three true bodies.

Among them, the Green Lotus True Body and Dragon Phoenix True Body appeared at the same time in the battle of Heaven and Earth Valley and joined forces to fight against all the heroes in the world. They saved Night Spirit and escaped.

However, be it the battle of Heaven and Earth Valley or this battle, the two true bodies merely joined forces.

But this time round, the two true bodies were fused in a certain sense!

However, this pseudo-fusion truly unveiled why these two true bodies were so terrifying!

The nine Emperors of the primordial races were shocked and the sneer from earlier on froze on their faces as they watched with widened eyes.

Crack! Crack! Crack!

In the terrifying flames, the nine supreme divine powers began to tremble!

The God's Kingdom in the hands of the God race Emperor began to collapse and crack!

The Endless Blood Sea of the Blood Vine Emperor was also boiled by the terrifying flames, turning into endless blood qi that dissipated into the world.

The Blood Sea evaporated rapidly and decreased!

In the blink of an eye, the Blood Sea transformed into a blood-colored lake!

What truly shocked the nine Emperors of the primordial races was that after Su Zimo released that supreme divine power, the Green Lotus True Body underwent the baptism of a third supreme divine power!

He made use of the Dragon Phoenix Flame to condense the Pancadhi Dao Fire.

The Green Lotus True Body comprehended the essence of Incinerating Firmament Boiling Sea and the third supreme divine power!

The power of the supreme divine power began to wash through the bloodline and body of the Green Lotus True Body, including his Essence Spirit.

The blood qi of the Green Lotus True Body rose rapidly.

The power of his Essence Spirit recovered quickly as well.

Under such circumstances, Su Zimo channeled his supreme divine power, Everlasting Vitality. In the blink of an eye, his injuries were mostly healed!

However, his strength was still rising!

Chapter 1727: Sweep!

The flames in midair burned hotter and more terrifying!

Even the Hell Witch Emperor and the other top Emperors in the distance felt their hearts skip a beat, let alone the nine Emperors who were attacking the Green Lotus True Body!

That was because Su Zimo had comprehended a third supreme divine power and his strength had increased exponentially.

The power of the Pancadhi Dao Fire rose as well and became stronger!

At that moment, the Green Lotus True Body was no longer weaker than the Hell Witch Emperor and the others in terms of strength and crushed the nine Emperors of the primordial races around him completely!

The moment the Green Lotus True Body comprehended the third supreme divine power, the situation had reversed completely!

Crack! Crack! Crack!

Under the burning of the Pancadhi Dao Fire, the nine supreme divine powers could not withstand it and collapsed one after another!

The God's Kingdom and the Endless Blood Sea were burned into nothingness!

A Blood Vine Emperor did not manage to take on human form and was still in his true form, rooted in midair—he could not escape from the burning of the Pancadhi Dao Fire.

The Blood Vine Emperor was incinerated to death by the Pancadhi Dao Fire on the spot!

Up till this point of the battle, of the nine Emperors of the primordial races who surrounded Su Zimo, only eight remained!

Su Zimo's counterattack had just begun!

"Three Heads Six Arms!"

After comprehending Incinerating Firmament Boiling Sea, Su Zimo's blood qi and Essence Spirit had already recovered to their peak and he released that supreme divine power once more.

"Kill!"

Su Zimo's three heads opened their mouths at the same time and released the Thunderclap Kill sound domain secret skill.

Given his strength, a single Thunderclap Kill was enough to affect the surrounding Emperors.

When released by three heads at the same time, a Witch Emperor not far away bled from all seven orifices. He was stunned on the spot with a dazed expression!

The bloodline of the Witch race was weak and was not much stronger than ordinary humans—how could they withstand such a terrifying sound domain attack?!

Bang!

A black shadow more than five feet tall charged over and smashed the body of the Witch Emperor into a blood mist without a corpse left!

The Essence Spirit of the Witch Emperor was killed on the spot before it could escape!

There were only seven Emperors of the primordial races left beside Su Zimo!

The black shadow that killed the Witch Emperor was none other than the Bronze Square Tripod that fell to the side in the battle against the supreme divine power.

The Dragon Phoenix True Body did not need the Bronze Square Tripod right now so the Green Lotus True Body could borrow it!

His three palms held the Human Emperor's Seal, Creation Lotus Platform and Bronze Square Tripod respectively. The other three palms spun into the crowd barehanded.

At that moment, the Green Lotus True Body had undergone the baptism of three supreme divine powers. Although it had yet to break through to Grade 9, it was already at the peak of Grade 8!

Apart from treasures like the Human Emperor's Seal and Bronze Square Tripod, most Dharmic treasures could not compare to the fist of the Green Lotus True Body!

Boom! Boom! Boom!

Some of the remaining seven Emperors that surrounded Su Zimo could no longer release supreme divine powers and could only fight with their Dharmic treasures.

Boom!

Su Zimo wielded the Bronze Square Tripod and suppressed down.

The gigantic golden sword in the hands of the God race Emperor was crushed into more than ten shards by the Bronze Square Tripod and scattered!

Before the God race Emperor could escape, he was smashed down by Su Zimo's other arm that was holding the Human Emperor's Seal.

Poof!

The head of the God race Emperor was smashed by the Human Emperor's Seal!

With Three Heads Six Arms, the attacks were relentless and the other party would not have any breathing space at all!

Prior to this, the Green Lotus True Body had only comprehended two supreme divine powers and could only barely protect himself when he was surrounded.

But now, the Emperors that surrounded him were shattered into pieces the moment they charged forward!

Some Emperors of the primordial races released supreme divine powers to stop Su Zimo.

However, they were shattered by Su Zimo with the Bronze Square Tripod!

This was a suppression of strength.

He could break all Dharmic arts with brute force!

Five!

Four!

Three!

Twisting his three heads, Su Zimo waved his six arms and held the Bronze Square Tripod, Human Emperor's Seal and Creation Lotus Platform in his palms. He pushed forward and trampled the corpses of the Emperors of the primordial races one after another, sweeping through everything!

The nine Emperors of the primordial races that surrounded him initially were not weak either—they were all experts who had comprehended three supreme divine powers.

But now, there were only three left after they were destroyed by Su Zimo!

Of the three Emperors, two were from the Rakshasa race and one was from the Golden Crow race. They managed to survive thanks to their agile movement techniques.

Su Zimo had Three Heads Six Arms and radiated with a green glow right now—the three Emperors of the primordial races were scared out of their wits at the sight of him!

The three Emperors of the primordial races did not dare to resist and turned to flee!

“Trying to flee?”

Su Zimo sneered and his glabella shone. A green glow burst forth and tore through the air, descending on a Rakshasa Emperor right away.

It was the Green Lotus Sword formed from 72 lotus seeds.

It was a killing technique targeted at the Essence Spirit!

If this was an ordinary battle and the Rakshasa Emperor maintained his composure, there was no way he would be slashed by the Green Lotus Sword—it would have been useless.

But now, the Rakshasa Emperor was scared out of his wits and wanted to escape from this place. His reaction was slower and his consciousness was pierced by the Green Lotus Sword, slicing his Essence Spirit into two!

Relying on his terrifying movement technique, the Rakshasa Emperor had already fled to the horizon when he suddenly paused and fell from midair, dying on the spot!

The remaining two Emperors of the primordial races had already vanished.

Su Zimo ignored them and turned to charge towards Night Spirit's battlefield!

The expressions of the Hell Witch Emperor and the others turned extremely terrible!

With so many Emperors of the Primordial Six Races dead and two of them escaping, the situation was almost over for them!

The Emperors of the Primordial Six Races who were fighting against the Emperors of the human and Dragon races were also flustered.

Although they were still in a stalemate, all of them were scared out of their wits, afraid that the fiendcelestial with three heads and six arms would rush to their side and kill them one after another!

A dim look flashed through the Hell Witch Emperor's eyes as he sighed internally.

He knew very well that the Primordial Six Races had lost this battle!

Desolate Martial's two true bodies had already risen and he could no longer be suppressed by the power of the Primordial Six Races!

If they were to continue resisting and fight Desolate Martial at this moment, even they would have to die here!

On the other side, the Golden Crow Fire Emperor initially wanted to kill Night Spirit.

However, when he caught sight of Su Zimo waving his six arms and charging over murderously, his expression changed starkly!

"Not good!"

The Golden Crow Fire Emperor's heart skipped a beat.

He knew that the current Green Lotus True Body was enough to fight him head-on alone.

If the Green Lotus True Body were to join forces with the Taboo Divine Hou, he would definitely die!

At that thought, the Golden Crow Fire Emperor flapped his wings and prepared to escape without hesitation—he did not even intend to inform the Hell Witch Emperor and the others!

Poof!

Suddenly!

A cold light flashed and pierced one of his wings!

Fresh blood splattered!

"Ah!"

The Golden Crow Fire Emperor shrieked.

“How dare you get distracted in front of me!”

Night Spirit’s voice sounded in the Golden Crow Fire Emperor’s ears in a sinister manner.

Even if the Taboo Divine Hou was severely injured, it would still possess killing methods that others could not match!

Chapter 1728: Thousand Eye Burial

“Incinerating Firmament Boiling Sea!”

Without hesitation, the Golden Crow Fire Emperor channeled his Essence Spirit and released a supreme divine power, wanting to force Night Spirit back.

However, he was still a little too slow.

Pfft!

A phantom-like figure had already arrived beside him and its sharp claws pierced his body, locking him tightly!

Night Spirit opened his mouth and bared his sharp fangs, biting the Golden Crow Fire Emperor’s neck into two as fresh blood spewed and stained the void!

Before the supreme divine power of the Golden Crow Fire Emperor could be formed, it was interrupted by Night Spirit!

In reality, Night Spirit was severely injured because the Golden Crow Fire Emperor and Thousand Eye Emperor had joined forces.

Furthermore, he was only injured because he wanted to help Su Zimo.

Right now, the Thousand Eye Emperor, Hell Witch Emperor and Shadowless Emperor joined forces to defend against the Dragon Phoenix True Body.

/

The remaining Golden Crow Fire Emperor could not kill Night Spirit at all!

On the contrary, if the Golden Crow Fire Emperor was slightly distracted, Night Spirit would seize the opportunity to retaliate and almost kill him on the spot!

Swoosh!

A Golden Crow flew out and sped into the distance.

It was the Essence Spirit of the Golden Crow Fire Emperor!

His Essence Spirit circulated Blood Rebirth in midair and reconstructed his body. It appeared and flapped its wings, wanting to escape.

However, the moment his body appeared, a person appeared before him.

Three Heads Six Arms, Martial Emperor Su Zimo!

Bang!

Su Zimo raised the Bronze Square Tripod and smashed it down on the Golden Crow Fire Emperor's head with an aggressive aura!

The Golden Crow Fire Emperor had no chance to react or dodge and could only escape with his Essence Spirit once more.

Poof!

The Golden Crow Fire Emperor's body was shattered by Su Zimo's Bronze Square Tripod once more!

Su Zimo sneered, "You think you can escape after I join forces with Night Spirit?"

If either Su Zimo or Night Spirit attacked with their full strength, they would be able to suppress the Golden Crow Fire Emperor.

With the two of them joining forces, the Golden Crow Fire Emperor could only flee everywhere, but there was nowhere to go!

The moment his Essence Spirit escaped and reconstructed his body, it would definitely be shattered by Su Zimo or Night Spirit!

In that short few breaths, the Golden Crow Fire Emperor had already reconstructed his body four times.

As for his dodging space, it was getting smaller and was almost locked down by Su Zimo and Night Spirit!

There was nowhere to run or hide!

"Martial Emperor, can you show mercy and spare my life?"

Finally, the Golden Crow Fire Emperor could not hold on any longer and begged for mercy.

Su Zimo's expression was cold and he was unmoved.

If the Dragon Phoenix True Body had not comprehended Fleeting Moment earlier on and the Green Lotus True Body had not comprehended a third supreme divine power and rushed over in time, Night Spirit would have died!

"Trap!"

Su Zimo's expression was unchanged as he waved his finger and wrote the word 'trap' in midair.

Divine powers spread.

A strange energy fluctuation appeared in midair and formed a prison that trapped the Golden Crow Fire Emperor within!

This was only a greater divine power. Under normal circumstances, it could not trap the Golden Crow Fire Emperor.

However, the Golden Crow Fire Emperor only had an Essence Spirit left. After consecutive battles and reconstruction of his body, his Essence Spirit became extremely weak.

The Golden Crow Fire Emperor could not even break free from that greater divine power right now!

His Essence Spirit collided against the prison and trembled, emitting green smoke.

The Golden Crow Fire Emperor shrieked repeatedly!

Swoosh!

A black light tore through the air.

Night Spirit swung his tail and stabbed into the cage, piercing the Golden Crow Fire Emperor's Essence Spirit!

The Golden Crow Fire Emperor was dead!

Up till this point of the battle, two of the five top Emperors of the primordial races had already died.

The remaining Hell Witch, Shadowless and Thousand Eye Emperors no longer had the intention to fight.

The three Emperors retracted their divine powers and turned to flee!

On the battlefield of the Dragon Bone Valley, the void was already shattered by the battle of the Emperors. Nobody could escape through the void tunnels.

The three Emperors could only rely on their movement techniques to leave this place first.

However, the three Emperors had different movement techniques.

Now that they were sprinting with their might, the difference was obvious.

As a Rakshasa, the Shadowless Emperor was the fastest and escaped to the horizons almost instantly!

Unexpectedly, the Hell Witch Emperor released a supreme divine power curse at an astonishing speed and followed closely behind the Shadowless Emperor!

The Thousand Eye Emperor was the slowest and was the last.

Although the Thousand Eye Emperor had also cultivated the Blood Refinement Fiend Sutra, his Blood Escape technique was not at the level of a supreme divine power.

Naturally, he was the last.

"Night Spirit, stay here and leave the three of them to me!"

Su Zimo said in a deep voice.

Night Spirit's injuries were more serious and he could help the Emperors of the human race, the Asura Yan Beichen and the others by staying here.

Su Zimo's two true bodies had just comprehended divine powers and his combat strength was almost at its peak.

Although the Hell Witch Emperor and the other two left first, it was only a matter of time before his two true bodies caught up!

Su Zimo and the Dragon Phoenix True Body chased in the direction of the Hell Witch Emperor and the other two.

The Dragon Phoenix True Body possessed the Dragon Phoenix Wings and the Golden Roc Wings—his speed was shocking!

Although the Green Lotus True Body's movement technique could not compare to the Dragon Phoenix True Body, it possessed many escape techniques and secret skills and followed closely behind!

Before long, the two true bodies closed in on the Thousand Eye Emperor rapidly!

The Thousand Eye Emperor realized that he could not escape at all!

If this continued, it wouldn't be long before the two true bodies caught up to him and killed him on the spot!

"Desolate Martial, I'll fight you to the death!"

The Thousand Eye Emperor's eyes shone with madness as he turned around and condensed his Essence Spirit once more, releasing a supreme divine power!

"Thousand Eye Burial!"

Poof!

The Heavenly Eye on the Thousand Eye Emperor's glabella suddenly exploded and fresh blood spewed, releasing an extremely terrifying energy fluctuation!

Poof! Poof!

Immediately after, the Thousand Eye Emperor's eyes exploded as well and three bloody holes appeared on his face!

However, the power released by the shattered Heavenly Eye gathered rapidly around the Thousand Eye Emperor.

Rows of eyes appeared densely in the void behind the Thousand Eye Emperor, all of them opening at the same time!

The thousand eyes widened and bulged with bloodshot eyes as they watched Su Zimo and the Dragon Phoenix True Body charge over.

Su Zimo and the Dragon Phoenix True Body felt a chill run down their spines.

Anyone else would feel uncomfortable being stared at by a thousand eyes.

Furthermore, the might of the Thousand Eye Burial was indeed extremely terrifying.

In the ancient era, there was only one Emperor of the Heavenly Eye race who cultivated it. In the battle against the Eternal Human Emperor, he even injured the latter!

The reason why the Thousand Eye Burial was so powerful was because it required the sacrifice of all the Dao and Dharmic arts in the Heavenly Eye to condense that supreme divine power. It was so terrifying that it could even bury the world!

The cultivation of the Heavenly Eye race was within the Heavenly Eye on his glabella.

That supreme divine power was equivalent to the Thousand Eye Emperor's lifetime of cultivation!

Now that he released Thousand Eye Burial, even if he could not bury Su Zimo's two true bodies, he would become a cripple himself..

Chapter 1729: Yin Yang Fishes

Buzz!

A thousand eyes shone at the same time and descended on Su Zimo and the Dragon Phoenix True Body instantly!

Su Zimo and the Dragon Phoenix True Body did not dare to be careless and hurriedly channeled their blood qi to its limits to defend against the Thousand Eye Burial!

Boom!

There was a loud bang!

Although a thousand rays of light that could bury the world landed on Su Zimo and the Dragon Phoenix True Body, the two of them could not be buried!

However, the power of the Thousand Eye Burial was extremely terrifying as well.

Su Zimo and the Dragon Phoenix True Body did not have any supreme divine powers to release. They could not break through the obstruction of the thousand eyes in a short period of time with just their blood qi and bodies!

Of course, given Su Zimo and the Dragon Phoenix True Body's current strength, they were still above the Thousand Eye Emperor.

Poof! Poof! Poof!

/

The eyes around the Thousand Eye Emperor shattered into nothingness one after another as well!

However, if Su Zimo and the Dragon Phoenix True Body exploded the thousand eyes completely, the Hell Witch Emperor and Shadowless Emperor would have fled long ago!

Tianhuang Mainland was way too huge!

Furthermore, there were other secrets.

If the two top Emperors were allowed to escape and hide, who knew what sort of calamity would descend in the future!

"Roar!"

The Dragon Phoenix True Body reared his head and cried into the skies, letting out a deafening roar!

Immediately after, the eyes of the Dragon Phoenix True Body shone with a bedazzling glow as two blinding beams of light shot towards the Shadowless Emperor.

That was Illumination Eye.

The Illumination Eye had already transformed into the innate divine power of the Dragon Phoenix True Body.

Furthermore, as long as there was enough time, the Dragon Phoenix True Body was confident that he could cultivate the Illumination Eye to the level of a supreme divine power.

Right now, Illumination Eye could only be considered as a greater divine power.

Against a supreme divine power like the Thousand Eye Burial, Illumination Eye was naturally insignificant.

However, if the Dragon Phoenix True Body wanted to break through the Thousand Eye Emperor's obstruction as soon as possible, he had to release all his trump cards!

Su Zimo did not hesitate either. Suddenly, his eyes turned dark as ink.

Two dark beams of light burst forth from his eyes as well, emitting a cold aura. They condensed into a single point and charged towards the Thousand Eye Emperor.

The Nether Glow Eye burst forth at the same time!

Right now, those two visual techniques could only be considered as greater divine powers.

However, when the blinding light released by Illumination Eye and the dark light released by Nether Glow Eye collided in midair, an extremely strange energy fluctuation was formed!

The power of the two visual techniques did not collide with the Thousand Eye Emperor.

On the contrary, the power of the two visual techniques condensed into two balls of light in midair. One was black and the other was white, attracting and chasing one another!

The two balls of light seemed to possess some sort of sentience, as though they were playing and fusing with one another.

Su Zimo's mind exploded when he saw that!

In his senses, everything seemed to have vanished.

The black and white balls of light were the only things in his line of sight.

The two balls of light tugged continuously like two gigantic fish that were connected head to tail. They chased after one another and spun continuously, forming a strange scene!

Suddenly, Su Zimo recalled that the red-headed ghost had told him some legends about the Illumination Stone.

Illumination represented the power of Extreme Yang.

Nether Glow represented the power of Extreme Yin!

Under normal circumstances, the two completely different powers were at odds with one another.

However, the Illumination Stone was in the Dragon Phoenix True Body and the Nether Glow Stone was in the Green Lotus True Body.

The two true bodies were one to begin with.

That was the reason why the two extreme powers were able to create such a strange scene!

The Yin Yang Fishes were chasing one another!

The power of Yin and Yang spun slowly as though they were harmless.

However, as the Yin Yang Fishes spun, everything in the surroundings seemed to be devoured into nothingness!

Space collapsed, light distorted, Dharmic powers were incorporeal and divine powers dissipated. Everything was gradually devoured by the pursuit of the Yin Yang Fishes!

Even time was messed up!

Su Zimo did not notice anything in his current state.

Right in front of many Emperors, the two visual techniques were released and the thousand eyes on the other end shattered as the two black and white balls of light chased one another!

The two black and white balls of light did not even manage to touch the thousand eyes on the other end before the supreme divine power turned into nothingness!

Psst!

The Emperors who saw that gasped!

What sort of power was that?!

In the face of the two black and white balls of light, the supreme divine power, Thousand Eye Burial, collapsed in less than a breath!

The Yin Yang Fishes chased faster and faster.

The two powers rose continuously.

The power released by the Yin Yang Fishes became increasingly terrifying as well!

In the end, Su Zimo could even sense the two fishes biting one another wildly!

Su Zimo cut off the Nether Glow Eye hurriedly.

The balance of power was broken and the Yin Yang Fishes exploded on the spot, releasing an extremely terrifying energy fluctuation that swept in all directions!

Boom!

There was a loud bang!

Su Zimo was jolted awake by a dull pain in his eyes.

A trickle of blood flowed out from the eyes of the Dragon Phoenix True Body as well—it was a little terrifying!

Su Zimo's face was a little pale and he felt a sense of trepidation.

Thankfully, he severed the Nether Glow Eye in time.

If the two powers continued rising, they would definitely break free from his control in the end!

At that time, if he was careless, his eyes would not be the only ones bleeding.

His two true bodies were most likely going to die!

That was no exaggeration!

That was because Su Zimo could sense an extremely terrifying power from the Yin Yang Fishes.

What was revealed earlier on was merely a fraction of it!

Su Zimo turned around instinctively.

The Thousand Eye Burial had long dissipated.

In midair opposite, the Thousand Eye Emperor stood motionlessly with a lost expression.

Suddenly!

The Thousand Eye Emperor's body began to collapse. Under Su Zimo's gaze, it gradually turned into nothingness without even a single drop of blood leaking!

The Thousand Eye Emperor was killed by the power of the Yin Yang Fishes earlier on!

Su Zimo took a deep breath of air and composed himself before continuing to chase after the Hell Witch Emperor and Shadowless Emperor with the Dragon Phoenix True Body.

They had to kill the two Emperors or there would be endless trouble!

Above the skies of the Dragon Bone Valley, the Hell Witch Emperor and the other four top Emperors were either dead or fleeing.

Although the remaining Emperors of the Primordial Six Races were many, they had already broken down mentally and were in no mood to fight.

The addition of Night Spirit to the battlefield caused a bloodbath!

Even though Night Spirit had only comprehended a single supreme divine power and was severely injured, the many killing techniques released by him were not something that the Emperors of the primordial races could defend against.

Before long, the Emperors of the Primordial Six Races broke down completely and fled in all directions!

The Demon Emperors of the eight demon regions were either dead or injured.

Of the 17 Demon Emperors, less than five were still alive!

The five Demon Emperors knew that they could not escape and knelt on the ground one after another, begging for mercy.

The storyteller, Long Ran and the others were covered in injuries and panted heavily with exhausted expressions. They no longer had the strength to chase after the escaping Emperors of the primordial races.

Nearly half of the Emperors of the human race were lost as well and there were only a dozen left.

However, this battle was not over yet!

Chapter 1730: Invasion of the God race

Su Zimo and the Dragon Phoenix True Body sprinted and chased after the Hell Witch Emperor and Shadowless Emperor.

Initially, the two of them were speeding in one direction. However, when they arrived at the border of the North Region, the two Emperors split into two directions and fled separately!

The eyes of the Hell Witch Emperor shone with ruthlessness and madness as he sped towards the habitat of the Witch race in the Middle Continent.

At the same time, he withdrew a talisman from his storage bag and tore it apart!

Since things had come to this, he had no choice.

He had to inform the Witch race and prepare to use their final trump card!

However, the Shadowless Emperor did not escape to his ancestral ground.

After pondering for a moment, he changed directions and sprinted towards the Kunlun Ruins in the west!

The Shadowless Emperor's thoughts were simple.

If he escaped to his ancestral ground, he would definitely lure Desolate Martial over. At that time, the Rakshasas guarding the ancestral ground would be annihilated as well!

The reason why he chose to escape to the Kunlun Ruins was because he wanted to fight Desolate Martial to the death!

The Kunlun Ruins had a divine power forbidden region and they would die together!

When Su Zimo saw the Hell Witch Emperor and Shadowless Emperor split into two directions, he hesitated for a moment and decided to let the Dragon Phoenix True Body hunt down the Hell Witch Emperor.

The direction of the Hell Witch Emperor was clearly the ancestral ground of the Witch race.

He did not know what other trump cards the Hell Witch Emperor would have if the latter returned to his ancestral ground.

The Witch race cultivated their Essence Spirits.

As for the Essence Spirit of the Dragon Phoenix True Body, it was protected by a blazing ball of light and it was difficult for any killing technique of the Witch race targeted at the Essence Spirit to cause any damage to the Dragon Phoenix True Body!

In that aspect, the Green Lotus True Body was comparatively weaker.

At that thought, the two true bodies separated and chased after the Hell Witch Emperor and Shadowless Emperor respectively.

Su Zimo released all his escape techniques and secret skills. The Ethereal Wings behind him spread and he used Heavenly Feet, Boundless Golden Light and Zephyr Thunder Escape at the same time. His speed was at its limits and he transformed into a streak of light, shrinking the ground into inches and covering thousands of kilometers instantly!

Even so, he could not shorten the distance between him and the Shadowless Emperor.

Suddenly!

A violent quake sounded from the Extreme West!

A blinding golden light burst forth from the skies of the Kunlun Ruins, as though it wanted to tear through the firmaments!

The energy fluctuation intensified and even extended to the entire Tianhuang Mainland; even the four regions, three oceans and one continent could sense it!

Massive waves surged through the three oceans!

The living beings of the ten thousand races that were fighting at the borders of the North Region revealed shocked expressions as well.

Only some God race experts looked at the golden light in the skies of the Extreme West in deep thought.

Some of the Emperors of the God race seemed to have thought of something and their gazes shone brightly in high spirits!

Su Zimo stopped in his tracks and looked at the Extreme West with a grim expression.

Something had happened!

If he was not wrong, the commotion from the Extreme West should have come from the rainbow cave!

The God race had invaded!

To think that the God race would invade Tianhuang Mainland at this critical juncture!

Under normal circumstances, with the existence of the divine power forbidden region in the Kunlun Ruins, even if the God race invaded, they would only be at the Conjoint Body realm at most. They were of no threat to the current Su Zimo.

However, more than a thousand years had passed since the last battle in the Kunlun Ruins.

The power of the divine power forbidden region was getting weaker.

Su Zimo would not be surprised if God's Mainland possessed any methods that could break through the divine power forbidden region and enter Tianhuang Mainland!

The situation would be dire if the main army of God's Mainland invaded Tianhuang Mainland!

God's Mainland was a powerful civilization.

Although they were both one of the billion minor chiliocosms, the God race had a powerful bloodline and could cultivate Bloodline phenomenons from birth.

Nobody knew how advanced the civilization of God's Mainland was.

There was a high chance that the invasion of God's Mainland would be even more serious and terrifying than the alliance of the Primordial Six Races!

More importantly, right now, the ten thousand races of Tianhuang Mainland were fighting against one another and suffered immense losses. Be it the demons, humans or the primordial races, all of them suffered immense losses.

The invasion of God's Mainland at this moment was akin to adding insult to injury for Tianhuang Mainland!

Su Zimo stopped and looked towards the west.

At that moment, he could only hope that the divine power forbidden region of the Kunlun Ruins could be of some use and stop the Emperors of God's Mainland!

The Shadowless Emperor paused as well and did not continue escaping towards the Kunlun Ruins.

Suddenly!

The golden light above the Kunlun Ruins intensified!

Immediately after, incomparably powerful auras tore through the skies and transformed into blinding golden pillars of light that surged into the firmaments!

Tianhuang Mainland was shaken!

The Emperors of God's Mainland had arrived!

Only Emperors could release such an aura and burst forth with such energy fluctuations!

Indeed.

Before long, a large army of the God race appeared in the skies of the Kunlun Ruins. They were dense and the ones at the front were God race riders!

Be it the horses or the God race riders, all of them were clad in armor!

The horses of the God race were also heavenly horses with powerful bloodlines. There was a sharp horn on their foreheads that seemed like it could penetrate the firmaments!

There were more than 10,000 God race riders and all of them were at the Conjoint Body realm!

There were 10,000 Conjoint Body God race beings!

If he was not wrong, this was definitely the main force of God's Mainland!

Of course, the most striking thing was not the 10,000 Conjoint Body God race riders.

In the middle of the God race riders were hundreds of God race Patriarchs. Some of them wore armor and wielded swords.

Some of them wore long robes and wielded staffs.

However, every single God race being was extremely handsome and tall. The women were also incomparably beautiful with graceful figures.

Among the hundreds of God race Patriarchs, there were four Emperors of the God race. There were three men and a woman and they were all old!

The four Emperors of the God race held different weapons in their hands.

An Emperor of the God race wielded a gigantic sword!

That gigantic sword was the Sword of Misfortune that had severely injured Su Zimo previously!

Another God race Emperor wielded a golden spear that shone with a terrifying aura, as though it could judge everything!

The third Emperor held a pitch-black shield that emitted a dark aura.

The fourth Emperor wielded a shimmering divine staff!

The four Emperors each held a powerful divine weapon and channeled the power of the divine weapon, creating a passage through the divine power forbidden region above the Kunlun Ruins!

The God race army entered Tianhuang Mainland safely!

Su Zimo narrowed his gaze slightly and looked past the God race army and the hundreds of God race Patriarchs to the four Emperors.

Be it the 10,000 Conjoint Body God race rider army, hundreds of God race Patriarchs, four God race Emperors or four divine weapons, none of them were the most striking.

In the middle of the God race army, surrounded by the four God race Emperors, was a divine throne filled with gems and jade!

There was no one holding it down below. However, the divine throne floated over and emitted a divine light.

There was a person on the divine throne.

The person wore a crown on his head and sat on the divine throne. He looked incomparably noble and dazzling!

Even the four God race Emperors had to obey his orders!

The crown emanated a mysterious power that concealed the appearance of the God race being.

Chapter 1731: Kill Him!

Above the Dragon Bone Valley.

A few disheveled God race Emperors looked at the God race army that was approaching from the Extreme West with excited expressions.

“It’s finally here!”

“The Sword of Misfortune, the Shield of Calamity, the Staff of Dawn and the Spear of Judgment. The four Divine Judgment Weapons of our God race have descended. Let’s see who in Tianhuang Mainland can defend against them!”

“That should be the God Emperor of our God’s Mainland on the throne!”

Some of the God race beings that were still fighting at the borders of the North Region were even more excited.

Although there were also Emperors with different titles on God’s Mainland, only a single person was qualified to be the Emperor of God’s Mainland and be called the God Emperor.

Only the God Emperor was qualified to sit on that supreme throne and wear the God Emperor’s crown!

Legend has it that the crown of the God Emperor was an utmost treasure passed down from the God realm!

Other races, including the God race themselves, even Emperors of the God race would die on the spot if they dared to sit on the throne of the God Emperor!

Without the recognition of the God Emperor’s crown, one would not be able to withstand the weight of the crown and would be crushed to death!

One could only be the sole God Emperor of God’s Mainland upon obtaining the recognition of the two utmost treasures!

The civilization of God’s Mainland originated from these two treasures that were passed down from the God realm.

It was an extremely shocking sight!

Be it the fight between the Emperors above the Dragon Bone Valley or the ten thousand races at the intersection of the North Region, everything gradually stopped.

The Shadowless Emperor froze in midair in shock.

A moment later, he snapped out of his stupor and frowned slightly. Turning back, he revealed a hesitant expression.

At that moment, he was sandwiched in the middle.

Su Zimo was at the back and the God race army at the front!

Furthermore, the God race army advanced extremely quickly and arrived in the Middle Continent before long, speeding towards the North Region.

Many God race riders galloped in the firmaments and rode on clouds with a torrential aura!

The entire void rumbled and trembled under the trampling of the God race riders as cracks appeared in the void!

Heaven and earth rumbled!

The Shadowless Emperor pondered for a moment without turning back.

He would definitely die against Su Zimo.

Although the God race army was menacing, the Rakshasa race was still on the same side as the God race of Tianhuang Mainland.

Furthermore, as a top Emperor, he was a top expert no matter which continent he was in.

If he were to bring his Rakshasa race to partner with the God race, the latter would definitely welcome them!

At that thought, the Shadowless Emperor had a plan and charged towards the God race army.

“I’m Shadowless of the Rakshasa race and am one of the Primordial Nine Races of Tianhuang Mainland along with the God race. We’re on the same side and fought hand in hand countless times!”

The Shadowless Emperor was still a distance away from the God race army when he shouted, “I’m willing to lead the Rakshasa race and join forces with our Fellow Daoists of the God race to suppress traitors like Desolate Martial!”

“How shameless!”

Long Ran could not help but curse when he saw that.

The experts of the Kun and Barbarian races revealed indignant expressions as well.

As one of the strongest Emperors of Tianhuang Mainland, the Shadowless Emperor was the first to submit to the invasion of foreign races!

The Shadowless Emperor was very smart.

He knew that if he charged forward rashly, there was a high chance he would attract the hostility of the God race army!

Therefore, even from afar, the Shadowless Emperor had already started shouting to express his goodwill with a sincere attitude.

Indeed, the speed of the God race army slowed down.

Before long, the God race army arrived before the Shadowless Emperor and opened up a path for him!

In the blink of an eye, the Shadowless Emperor was surrounded by the God race!

Countless gazes landed on the Shadowless Emperor.

As a top Emperor of Tianhuang Mainland, the Shadowless Emperor was still calm and fearless despite being surrounded by so many experts of another race.

“Greetings, Fellow Daoists of the God race!”

Against the hundreds of God race Patriarchs, the Shadowless Emperor did not show any arrogance. Instead, he cupped his fists and smiled.

The Four God race Emperors wielding the Divine Judgment Weapons sized up the Shadowless Emperor with scrutinizing gazes.

However, the four Emperors of the God race did not have any attitude on the surface. Instead, they turned to look at the person on the divine throne with inquiring expressions.

The Shadowless Emperor could tell as well.

Among the many God race beings, the one with the highest and noblest status was the person sitting on the divine throne with the crown on his head!

Even the four God race Emperors with powerful auras had to obey this person!

However, that person’s appearance was blurry under the cover of the crown.

“God Emperor, this person has submitted. How should we deal with him?”

The armored old man with the Sword of Misfortune on his back clutched his chest with his right hand and bowed slightly to the person on the divine throne, asking in a deep voice.

The God Emperor raised his hand slightly.

The Shadowless Emperor landed on that person’s palm.

It was a fair palm that was gentle and tender, even shimmering.

It seemed to be the hand of a woman.

Just as the Shadowless Emperor was letting his imagination run wild, the God Emperor spoke gently and said two words.

“Kill him!”

Before the Shadowless Emperor could react, a shout sounded from the side!

“Kill!”

The armored old man withdrew the Sword of Misfortune on his back and slashed down viciously at the Shadowless Emperor!

Although the God race Emperor was already an old man, his blood qi was still extremely strong and surged into the skies!

In the hands of the old man from the God race, the Sword of Misfortune emanated a cold and evil aura. The black patterns on the sword shone brightly and released a black sword qi that tore through the air!

“Mmm?”

The Shadowless Emperor was alarmed.

He had not expected that after comprehending four supreme divine powers and choosing to submit as a top-tier Emperor, the other party would not give him any chance of survival!

The Shadowless Emperor summoned his Destiny Dharmic Treasure hurriedly and two curved sabers that resembled moons blocked the Sword of Misfortune.

Clang!

There was a loud bang and sparks flew!

“Pfft!”

The Shadowless Emperor shuddered and spat out blood. His Dharmic treasures, the curved sabers, in his hands were sent flying by the Sword of Misfortune!

His reaction was slower to begin with and he could not unleash his strength to its limits.

Furthermore, he had just fought against Su Zimo and had expended a lot of blood qi, decreasing his combat strength significantly.

Under such circumstances, the Shadowless Emperor was severely injured after receiving a direct attack from the God race Emperor!

The Sword of Misfortune sent the Dharmic treasures, the curved sabers, flying and the gigantic sword slashed towards the Shadowless Emperor with a black glow!

The Shadowless Emperor relied on the terrifying movement technique of the Rakshasa race to retreat with all his might.

However, a gigantic gash appeared on his chest from the pitch-black sword beam of the Sword of Misfortune!

That slash nearly sliced the Shadowless Emperor into two!

The Shadowless Emperor had a horrified expression as he glared at the old man from the God race with a conflicted expression—anger, confusion and doubt...

He could not understand.

He did not have time to think about such things either.

The old man from the God race strode towards him with the Sword of Misfortune in his hands!

“Instant Transmission!”

Without hesitation, the Shadowless Emperor released his supreme divine power.

Chapter 1732: Prison

Right now, the Shadowless Emperor was surrounded by the God race army and there were three Emperors of the God race who had yet to attack. If he wanted to escape, he could only use Instant Transference!

However, when the Shadowless Emperor channeled his Essence Spirit, the supreme divine power dissipated before it was formed.

The Shadowless Emperor's figure swayed and his face turned pale!

He had failed!

The supreme divine power he released had failed!

The moment Instant Transference was about to be released, a dark power shrouded the Shadowless Emperor's Essence Spirit.

That power did not cause much damage to his Essence Spirit.

However, it isolated his connection with his supreme divine power, causing Instant Transference to fail!

"What happened?"

"What is that?!"

The Shadowless Emperor was shocked when he checked the dark power that was attached to his Essence Spirit.

This change had truly shocked him!

Suddenly!

The Shadowless Emperor felt a sharp pain in his chest.

Instinctively, he looked down.

The wound on his chest did not show any signs of stopping.

On the contrary, the blood flowing out of his wound had already turned black!

The flesh on both sides of the wound had already turned pitch-black.

Furthermore, the black power was still spreading through his entire body through the wound!

"It's that sword!"

The Shadowless Emperor's heart skipped a beat as he suddenly thought of an answer.

"You want to escape after being injured by the Sword of Misfortune?"

Right then, the old man from the God race had already arrived behind the Shadowless Emperor and sliced the latter into two!

Blood and organs splattered all over the ground!

The Shadowless Emperor's Essence Spirit was entangled by the Power of Misfortune and could not escape from his consciousness—it was killed by a single sword strike!

The top Emperor of the Rakshasa race was killed by two sword strikes from the old man of the God race.

In reality, if the Shadowless Emperor was in his peak condition, he might not have died in the battle against the old man of the God race.

However, his combat strength was less than half of his peak after the battle with Su Zimo.

Furthermore, he had not expected the God race to attack him.

Coupled with the fact that he underestimated the power of the Sword of Misfortune, that was the reason for his death!

All the living beings of the ten thousand races were stunned when they saw that!

The expressions of the storyteller, Long Ran and the others turned extremely terrible.

Although they did not fight the old man from the God race, they could tell that his combat strength was definitely not weaker than the Hell Witch Emperor and the others!

Furthermore, the fact that the God race killed the Shadowless Emperor without hesitation was a clear indication of their stance.

The God race might start a massacre in Tianhuang Mainland!

It was useless even if they submitted!

“Alright!”

“Good kill!”

The many God race beings of Tianhuang Mainland were naturally invigorated and excited.

They had endured enough humiliation after being abandoned by the ten thousand races of Tianhuang Mainland all these years.

Today, it was finally their turn to feel proud!

At that moment, the Hell Witch Emperor had already returned to the Witch race's ancestral ground.

Looking at everything from afar, the Hell Witch Emperor sneered and murmured, “God's Mainland? Fufu, when the time comes, I'll make sure all of you stay in Tianhuang Mainland!”

“From now on, Tianhuang Mainland will belong to the Witch race!”

With that said, the Hell Witch Emperor entered a valley in the Witch race's ancestral ground in a flash.

There were hundreds of thousands of witches waiting for his orders!

...

Suddenly, cracks appeared in midair above the Middle Continent.

The three God race Emperors above the Dragon Bone Valley took advantage of the chaos to escape. They tore through the void and descended here.

Some God race Patriarchs sped over excitedly as well.

“Greetings, God Emperor!”

The three God race Emperors were covered in injuries and looked wretched. When they passed through the God race army and arrived before the God Emperor, they knelt down.

“Your Majesty, you’re finally here!”

“We’ve waited for this day for way too long!”

“Your Majesty, please give the order. We’ll sweep through the ten thousand races with the God race army and conquer Tianhuang Mainland completely!”

The three God race Emperors shouted.

The God Emperor on the divine throne remained motionless and silent.

The three God race Emperors shouted for a long time but gradually calmed down when they received no response.

“Your Majesty, what’s wrong?”

A God race Emperor said carefully, “Right now, the ten thousand races of Tianhuang Mainland are fighting and countless experts of the ten thousand races have died. This is the best opportunity!”

“That’s right!”

Another God race Emperor added hurriedly, “Right now, the only threat in Tianhuang Mainland is the Martial Emperor of the human race!”

“As long as we kill the Martial Emperor, Tianhuang Mainland will no longer be a threat!”

“Martial Emperor, Martial Emperor...”

The God Emperor on the throne suddenly murmured.

“That’s right, the Martial Emperor!”

When the God race Emperor below heard the reply, he was invigorated and said hurriedly, “The Martial Emperor’s Dao title is Desolate Martial and he has two true bodies. However, the two true bodies have expended a lot of energy after this battle...”

The God Emperor raised his hand slowly.

The God race Emperor stopped hurriedly.

For some reason, every single move of the God Emperor possessed an unstoppable might. Although he was an Emperor, he did not dare to offend the God Emperor!

“Tie them up,”

The God Emperor said indifferently.

“Understood!”

The four God race Emperors beside the divine throne nodded slightly and walked towards the three God race Emperors of Tianhuang Mainland.

“Your Majesty, w-what are you doing?”

“We’re trying to help you and our God race!”

The three God race Emperors of Tianhuang Mainland were agitated and wanted to resist.

The expression of the old man from the God race with the Sword of Misfortune darkened as he said coldly, “How dare you go against the will of the God Emperor! Do you have a death wish?!”

The moment he said that, the three God race Emperors of Tianhuang Mainland were scared out of their wits.

Cling! Clang!

The storage rings on the fingers of the old man from the God race flashed and he withdrew a gigantic chain that shone with a golden light.

Both ends of the chain were sharp hooks!

Once it pierced flesh, it would be locked tightly!

The three God race Emperors of Tianhuang Mainland were scared out of their wits and shivered, but they did not dare to resist.

They could only let the old man of the God race wrap the chain around them tightly!

The hooks at the end of the chain pierced their flesh and fresh blood flowed!

The three Emperors trembled in pain but they could only grit their teeth and remain silent.

The storyteller, Long Ran and the others were puzzled, not understanding what the God Emperor was plotting.

Su Zimo frowned slightly in deep thought.

Some God race Patriarchs sped over from the borders of the North Region.

When they arrived and saw that, they were stunned on the spot with bewildered expressions.

“Your Majesty, what about them...”

The old lady from the God race with the Staff of Dawn bowed slightly and asked softly.

“Tie these Patriarchs up as well,”

The God Emperor said indifferently, "All God race beings beneath the level of Patriarchs are to be locked in the God race prison! No one shall be spared!"

"Understood!"

The God race army agreed readily.

The next moment, the God race army charged forward and the Patriarchs of Tianhuang Mainland were locked by chains, unable to move at all.

When the God race army arrived at the border of the North Region, they did not attack any living beings of Tianhuang Mainland or injure anyone by mistake.

On the contrary, they captured all the God race beings of Tianhuang Mainland, regardless of their cultivation realms, and locked them in a gigantic cage!

Chapter 1733: Young Master, It's Me

Before long, the God race beings of Tianhuang Mainland were imprisoned by God's Mainland!

The living beings of Tianhuang Mainland were puzzled.

"Mystic Emperor, what's going on?"

Long Ran frowned and asked, "Are the people of God's Mainland crazy? Or are they plotting something?"

A mist appeared in the storyteller's eyes as he extended his finger and divined rapidly.

However, there was still no result after a while.

The storyteller shook his head. "That God Emperor is shrouded by a layer of obscure divine light that seems to originate from that crown and throne. I can't divine anything at all."

Pausing for a moment, he continued, "However, there doesn't seem to be much hostility from God's Mainland."

Su Zimo looked at the God Emperor on the throne thoughtfully.

He had a guess in his heart but it was way too bold that he could not confirm it.

Before long, the God Emperor arrived not far away from Su Zimo under the protection of many God race beings.

The God Emperor stood up slowly from his throne.

Su Zimo's gaze shifted.

The God Emperor had shoulder-length golden hair and was tall with a voluptuous figure. He wore a white robe that was divine and elegant, revealing his perfect figure.

It was a woman!

Unfortunately, she was not the person Su Zimo had guessed.

More than a thousand years ago, when Nian Qi found out about the truth of the primordial war in the Kunlun Ruins, she felt guilty and did not know how to face Su Zimo or Night Spirit. As such, she leaped into the rainbow cave and headed to God's Mainland.

There had been no news of her all these years.

When Su Zimo saw that God's Mainland did not seem to have much hostility towards Tianhuang Mainland, a bold thought even flashed through his mind!

The God Empress of God's Mainland might be Nian Qi!

However, Su Zimo shook his head the moment he saw the God Empress stand up.

Although her appearance could not be seen, he knew Nian Qi too well after she had followed him for so long.

Nian Qi possessed the bloodline of the God race and had always looked like a young girl. Even after more than a thousand years, she would not have changed so much.

It was not only the change in her figure, even her aura was vastly different.

Nian Qi was usually very obedient by Su Zimo's side.

However, the God Empress before him had a powerful aura. Although she had a devilish figure, she seemed incomparably divine and could not be ignored!

The God Empress stood up and looked at Su Zimo in silence.

Su Zimo frowned slightly in confusion.

A moment later, the God Empress left her throne and walked slowly towards Su Zimo. The four Emperors of the God race followed closely and many God race beings opened up a path.

The two of them were less than ten feet apart.

The God Empress raised her hand and said softly, "You guys can stay here."

The four God race Emperors exchanged glances and stopped in their tracks.

Su Zimo's ears twitched.

The voice was familiar but also foreign.

The God Empress walked towards Su Zimo alone.

Su Zimo could not sense any hostility from the God Empress.

Even so, he did not dare to lower his guard.

At that moment, Su Zimo was not the only one.

In Tianhuang Mainland, even some experts who were fighting at the intersection of the North Region stopped and looked over.

The living beings of the ten thousand races were filled with countless questions!

Everyone was curious what would happen when the Martial Emperor and the God Empress, two peak experts of their respective mainlands, met for the first time!

Before long, the God Empress arrived before Su Zimo.

The two of them were less than an arm apart!

For Emperors, that distance was extremely close and dangerous!

However, Su Zimo did not retreat and merely looked at the approaching God Empress quietly with an inquiring and confused gaze.

The two Emperors stood opposite one another.

Immediately after, in front of everyone, the God Empress bowed down to the Martial Emperor!

“Ah!”

An uproar broke out all over Tianhuang Mainland!

The living beings of the ten thousand races widened their eyes and their jaws almost dropped to the ground.

“God Empress!”

“God Empress, you can’t!”

The four God race Emperors of God’s Mainland exclaimed emotionally.

“Nian Qi?”

Su Zimo looked at the God Empress who was bowing in front of him and tried his best to suppress the excitement in his heart as he asked softly.

“Young Master, it’s me,”

The God Empress raised her head and her spirit consciousness moved. The power of the crown dissipated, revealing an almost perfect face that stunned the world!

Su Zimo was stunned on the spot.

Although her appearance was somewhat different, there were still distinct traces of Nian Qi in the past.

Nian Qi had grown up.

The only thing that did not change was her eyes that were as blue as the sea.

Her eyes were filled with endless longing, dependence, excitement and tenderness...

A realization flashed through Su Zimo’s mind.

It was no wonder why he found that voice familiar and foreign.

That was because after Nian Qi grew up, she underwent a voice change that caused such a change.

“That girl?”

When the storyteller saw Nian Qi, he was slightly lost but reacted quickly.

In a daze, he fell into a distant memory and lamented.

A long time ago, when he first met Su Zimo in the capital of Great Zhou in the North Region, there was a girl as such following him.

At that time, he could tell that there was some bloodline of the God race in this girl’s body. However, it was extremely obscure.

He did not think too much about it.

She was merely a remnant of the God race.

All these years, Nian Qi had been by Su Zimo’s side. Although her cultivation had not fallen behind, she had not revealed any sharpness either.

However, who would have thought that the girl from back then would have already become the God Empress of God’s Mainland!

“Nian Qi, it’s really you!”

Su Zimo smiled happily. In his excitement, he hurried forward and held Nian Qi’s shoulders, helping her up.

“How dare you!”

The old man from the God race wielding the Sword of Misfortune widened his eyes and took a step forward. Blowing his beard, he glared at Su Zimo and shouted with a furious expression, “The body of the God Empress is divine and flawless. How can you touch it casually?!”

“Back down! Don’t be rude!”

Nian Qi glanced sideways and frowned slightly, hollering softly.

The old man from the God race was a little indignant but he did not dare to resist and could only retreat angrily.

“Nian Qi, how did you...”

Su Zimo had countless questions in his mind as well.

“It’s a long story,”

Nian Qi smiled with an imperceptible hint of bitterness in her eyes.

Suddenly, Su Zimo felt a sense of pity and heartache.

He did not continue asking.

However, he could imagine that Nian Qi had definitely experienced countless grievances, difficulties and dangers alone in God’s Mainland!

As a remnant of the God race with an impure bloodline, Nian Qi managed to ascend to the position of the God Empress step by step—what sort of suffering did she have to endure in between?

Up till this point of his cultivation, Su Zimo still had the gifts left behind by Die Yue as well as Ethereal Peak, Patriarch Yuan Bei, the red-headed ghost, Extreme Fire, Lin Xuanji and other sect mates by his side.

In God's Mainland, Nian Qi was alone and had no one to rely on!

Chapter 1734: Redemption

Su Zimo had never believed in any innate bloodline.

Although the Primordial Nine Races were born with powerful bloodlines, their future accomplishments might not be above the human race!

He, Su Zimo, was the most ordinary mortal and did not even have a spirit root. Right now, he had reached the peak of Tianhuang Mainland and was conferred the title of the Martial Emperor, respected by all races!

40,000 years ago, Dao Lord Blood Fiend and Monk Daming were only abandoned descendants of the primordial races. Their final achievements were even stronger than the primordial races with pure bloodlines!

It was the same for Nian Qi.

Su Zimo believed that Nian Qi must have experienced countless things in God's Mainland in the past thousand years. In fact, it might even be more exciting than when he was in Tianhuang Mainland!

Those experiences were the reason why she was the current God Empress!

"Nian Qi, why are you here at this time?"

Su Zimo asked again.

Nian Qi smiled gently. "In the civilization of God's Mainland, there's a divination technique similar to some divination techniques of Enigma Palace that can predict things."

"In my divination, there's a huge change in Tianhuang Mainland. I'm guessing that there's a high chance that a huge battle broke out between the primordial races and the human race. That's why I brought my clansmen here to help you suppress the primordial races."

With that said, Nian Qi suddenly declared, "All God race beings, listen up! Join forces with the human cultivators of Tianhuang Mainland to suppress the Witch, Blood Vine, Heavenly Eye, Rakshasa and Golden Crow races!"

"Understood!"

Many God race riders agreed in unison.

The God race army was activated and their iron hooves rumbled as they charged towards the battlefield at the intersection of the North Region.

The only ones left standing behind Nian Qi were the four God race Emperors with the Divine Judgment Weapons.

The four God race Emperors looked at Su Zimo with wary and hostile gazes.

They had no feelings for Su Zimo.

All they knew was that it was truly inappropriate for Nian Qi to bow to the Martial Emperor despite being the God Empress of God's Mainland.

No matter what, the status of the God Empress should be equivalent to the Martial Emperor at the very least!

However, at that moment, when Nian Qi returned to Su Zimo's side, the aura of the God Empress had long vanished, as though she had returned to the past.

From her tone, brows and every single move she made, it was clear how much Nian Qi relied on Su Zimo.

The four Emperors of the God race frowned.

Su Zimo turned around as well and looked at the North Region battlefield. His voice was cold as he said slowly, "The Golden Crow Fire Emperor, Shadowless Emperor, Thousand Eye Emperor and Blood Emperor have been executed!"

"Living beings of the five primordial races and eight demon regions, listen up! We won't kill anyone who surrenders! If you insist on resisting, we'll kill you without mercy!"

Su Zimo had no intention of killing them all.

On the one hand, both parties suffered immense losses in this battle. If they continued fighting, it would be a disaster for the ten thousand races of Tianhuang Mainland.

On the other hand, he was worried about another huge latent danger!

In the North Region battlefield, the Primordial Five Races showed signs of defeat after the Emperors of the Primordial Five Races died one after another.

Right now, the God race army had joined the battlefield.

When Su Zimo said that, the allied army of the Primordial Five Races collapsed instantly.

The living beings of the eight demon regions lowered their heads.

The experts of the primordial races had already given up on resisting and either submitted or fled for their lives.

The Emperors of the human race finally heaved a sigh of relief when they saw that.

After this battle, the Primordial Five Races would be completely silent and it would be difficult for them to do anything throughout history!

In midair.

Nian Qi lowered her head slightly and said softly, "Young Master, I'm sorry."

"Why?"

Su Zimo was puzzled and asked instinctively.

Nian Qi pointed to the many God race beings imprisoned behind her. "They're from the God race after all. As the God Empress, it's not easy for me to kill them all just like that."

"That's nothing,"

Su Zimo shook his head.

Even if the human race won this battle, he had no intention of killing them all.

By suppressing three God race Emperors of Tianhuang Mainland without hesitation earlier on, Nian Qi had already been accountable to the living beings of the ten thousand races who died in this battle.

"Young Master, there's somewhere else I want to go,"

After a moment of silence, Nian Qi suddenly said.

"Let's go. I'll accompany you,"

Although Nian Qi did not say it explicitly, Su Zimo had already guessed it.

The two of them sped towards the west with the four Emperors of the God race following closely behind.

Before long, the six of them arrived above the Kunlun Ruins.

The four God race Emperors summoned their Divine Judgment Weapons and circulated their blood qi, channeling the power of their weapons to carve out a spacious passage in the Kunlun Ruins.

A Divine Power Storm would not be formed in this passage.

The six of them advanced and arrived at the God Slaying Valley before long.

On both sides of the God Slaying Valley stood two tall, ferocious corpses with torrential auras!

Even after dying for countless years, the two corpses still emitted a shuddering aura and rumbling might!

The two Divine Hous of the primordial era!

Arriving at the God Slaying Valley, Nian Qi knelt down before the two Divine Hous.

"God Empress, why are you..."

When the old man from the God race saw that, he hurried forward, wanting to help Nian Qi up.

However, Nian Qi glared at him.

Those blue eyes were filled with tenderness when they looked at Su Zimo earlier on. However, at that moment, Nian Qi's eyes were filled with killing intent and authority!

The old man's heart skipped a beat and he shuddered, remaining silent.

Nian Qi said softly, "Seniors, the God race committed a huge mistake back then and caused you two to die here, suffering eternal grievances."

"Today, the descendants of the God race have arrived. Please forgive us, seniors,"

With that said, Nian Qi knelt and kowtowed to the two Divine Hous!

Again and again.

Each time she kowtowed, Nian Qi's eyes were filled with endless guilt.

"Nian Qi, get up,"

Su Zimo could not bear it and said softly, "This is a crime committed by the ancestors of the God race in the past. It has nothing to do with you. You shouldn't have to endure this."

Nian Qi did not reply and continued kowtowing.

Unknowingly, Night Spirit had arrived beside Su Zimo.

Back then, after knowing the truth of the primordial war, although Night Spirit had never said it, there was indeed an unresolvable knot in his heart towards Nian Qi.

Nian Qi could sense it.

That was the reason why she left Tianhuang Mainland and Su Zimo without hesitation to head to God's Mainland alone!

Apart from wanting to help Su Zimo, another important reason for Nian Qi's return was to atone for the God race's sins!

Before long, Nian Qi's forehead bled.

A long time later, she raised her head and looked at the corpses of the two Divine Hous, saying in a deep voice, "I swear in the name of the God Empress that as long as I'm alive, none of our clansmen on God's Mainland shall ever invade Tianhuang Mainland!"

"If this vow is broken, I shall be smitten by the heavens!"

Boom! Boom! Boom!

The moment she said that, the corpses of the Divine Hous on both sides of the God Slaying Valley shattered and began to collapse, turning into countless spots of light that scattered in midair.

The spots of light gradually formed two Taboo Divine Hous.

The two Divine Hous looked at Night Spirit deeply and growled at Nian Qi before turning to leave with one another, disappearing before everyone.

Night Spirit knelt down silently with tears in his eyes.

Su Zimo sighed with a sorrowful expression.

The two Divine Hous of the primordial era were concerned about Tianhuang Mainland. Even though they died, they carried endless obsessions and that was the reason why their corpses were standing here with their backs facing Tianhuang Mainland!

Nian Qi's vow made the two Divine Hous finally let go of their obsession and leave this world completely.

Nian Qi received forgiveness.

The God race received redemption.

The Divine Hous received liberation.

At that moment, the feud of the primordial era finally became the past and was fully resolved.

Chapter 1735: Arrival of the Black Witch

The battle triggered by the Primordial Five Races was almost over.

The living beings of the eight demon regions lowered their heads.

Countless experts of the Primordial Five Races were injured or dead as well and were completely defeated!

Of the five top Emperors of the primordial races, the Hell Witch Emperor was the only one who escaped back to the Witch race's ancestral ground.

The Dragon Phoenix True Body chased all the way, prepared to kill this latent danger completely!

The Witch race's ancestral ground was sinister everywhere and many of the buildings were made of white bones and corpses—it was extremely terrifying!

Around the Witch race's ancestral ground was a dark green river that was extremely sticky and bubbled.

From time to time, a skull would float up from the green river and stare at the Dragon Phoenix True Body in midair with its pitch-black eyes, as though it was sentient.

After the Dragon Phoenix True Body descended, he had already sensed that there was some sort of curse power in the Witch race's ancestral ground that restricted the Essence Spirit immensely!

Even his spirit consciousness could not envelop the entire Witch race's ancestral ground and could not scan the territory in full!

The Dragon Phoenix True Body sensed and murmured, "There's actually an array formation here. To think that there would be experts in the Witch race who are proficient in array formations."

He pondered for a moment and sensed the flaw of the formation.

“Refine!”

The Dragon Phoenix True Body’s gaze intensified and he suddenly opened his mouth, spewing out a stream of scarlet lava that poured towards the dark green river around the ancestral ground!

Splash! Splash!

The scorching lava fused with the sticky green river and let out a series of strange sounds as green smoke billowed!

Although the Dragon Phoenix Flame had not reached the realm of a supreme divine power, as the innate flame of a taboo, its power was unusually terrifying!

A series of tragic cries even sounded from the green river.

The next moment, ghastly figures appeared one after another above the green river. They floated and were dense, countless!

The river had devoured the souls of countless living beings!

The source of power for the formation of the Witch race was this green river.

After the Witch race killed the living beings of the ten thousand races, they would use a secret skill to capture their souls and throw them into the river. They would fall into eternal damnation, never to be reincarnated!

The flames of the Dragon Phoenix True Body finally freed the souls.

The Dragon Phoenix True Body had a cold expression and the flames he spat out intensified, enveloping the entire green river before long.

Raging flames burned on the river!

Before long, the power of the curse in the green river was burned to ashes by the Dragon Phoenix True Body!

The formation of the Witch race’s ancestral ground was dispelled as well.

Without any restrictions, the spirit consciousness of the Dragon Phoenix True Body was released and enveloped the entire ancestral ground of the Witch race instantly!

“Mmm?”

The Dragon Phoenix True Body frowned slightly.

The massive ancestral ground of the Witch race was extremely empty. Even under the envelopment of his spirit consciousness, he could not see anyone from the Witch race!

However, in the depths of the Witch race’s ancestral ground, there was a valley that even the spirit consciousness of the Dragon Phoenix True Body could not probe.

Without hesitation, the Dragon Phoenix True Body flapped his wings and sped towards the valley.

Before long, the Dragon Phoenix True Body descended in the valley!

True enough!

All the witches were gathered in the valley and there were at least a hundred thousand of them!

Of course, those witches had different cultivation realms as well.

Looking down from midair, one could clearly see that the ground of the valley was filled with gigantic ravines.

The ravines were formed from white bones and formed rings.

Hundreds of thousands of witches stood on the ravine rings.

Within the rings, there were an additional eight ravines that bypassed them, cutting through to the center of the valley.

It was a sacrificial platform of white bones!

A person stood on the sacrificial platform.

It was the Hell Witch Emperor who had escaped from the Dragon Bone Valley!

Apart from the Hell Witch Emperor, there were four Emperors of the Witch race standing around the white bones sacrificial platform!

However, the four Emperors of the Witch race were old.

The Hell Witch Emperor stood in the middle of the white bones sacrificial platform and waved his bone staff. With the four Emperors of the Witch race assisting him, he was executing some secret skill of the Witch race!

The Dragon Phoenix True Body's gaze froze and his heart skipped a beat.

Hundreds of thousands of witches had already cut their wrists with the bloodline of the Witch race flowing through them.

The bloodline of the Witch race flowed slowly along the eight ravines to the white bones sacrificial platform.

The Hell Witch Emperor chanted an obscure incantation. Under the guidance of his bone staff, the bloodlines of the Witch race formed a dark green blood ball above the valley!

The dark green blood ball surged continuously and sinister runes were formed on its surface, emitting an extremely terrifying energy fluctuation!

The Dragon Phoenix True Body had never seen such methods before. However, he realized that he could not let the Hell Witch Emperor release that secret skill!

Swoosh!

The Dragon Phoenix True Body flashed and charged towards the Hell Witch Emperor in the middle of the white bones sacrificial platform at a shocking speed!

"Rise!"

It was clear that the Hell Witch Emperor had seen the Dragon Phoenix True Body as well. However, he did not panic at all. Instead, a mocking look flashed through his eyes as he hollered softly.

Buzz!

The circles of white bones around the white bones sacrificial platform suddenly burst forth with dark green light that landed on the Dragon Phoenix True Body.

Boom!

There was a loud bang!

The Dragon Phoenix True Body was sent flying by the beams of light and his scales rotted and fell off!

The power released by the sacrificial platform was extremely strong and the Dragon Phoenix True Body's organs were shaken violently from the collision!

"Hehehe!"

The Hell Witch Emperor laughed with a deranged expression. "Desolate Martial, that doesn't feel good, right? The worst is yet to come!"

"It's too late for you to stop me!"

"You and every single living being of Tianhuang Mainland, prepare to be enslaved by the Witch race!"

The Hell Witch Emperor had a menacing expression and laughed wildly. In the end, he was already hysterical.

As the Hell Witch Emperor spoke, the dark green ball of light in midair intensified and the runes on it shone brighter!

"Black Witch, please descend upon Tianhuang Mainland and subdue the ten thousand races!"

The Hell Witch Emperor raised his head and glared at the dark green ball of light in midair, roaring.

"Black Witch, please descend and subdue the ten thousand races!"

More than ten witches shouted at the same time.

"Sacrifice!"

The Hell Witch Emperor hollered.

Immediately after, his body exploded into a blood mist that was devoured by the dark green ball of light in midair!

The Dragon Phoenix True Body had a grim expression.

The Hell Witch Emperor was dead!

In order to release the secret skill of the Witch race, the Hell Witch Emperor even sacrificed his life!

Who was the Black Witch that the Hell Witch Emperor was referring to?

Could it be...

The Dragon Phoenix True Body suddenly thought of a terrifying possibility and looked up instinctively.

Boom!

In midair, the dark green ball of light suddenly exploded and a terrifying power swept through the entire firmaments. Even the clouds were dyed dark green!

The power smashed towards a crack in the firmaments that shone with a blinding light!

That was the crack left behind by the Human Emperor's descent a thousand years ago!

Chapter 1736: Annihilation

A thousand years ago, the storyteller used a secret skill to bring the Eternal Human Emperor down and nearly exhausted his lifespan.

Right now, this secret skill was clearly similar to the storyteller's secret skill!

Furthermore, the secret skill of the Witch race was even more intense!

Not only was the life of a top Emperor like the Hell Witch Emperor sacrificed, it was activated with the bloodlines of four Witch race Emperors and hundreds of thousands of witches!

An expert of the Witch race from the upper world was about to descend upon Tianhuang Mainland!

However, Su Zimo had no way of stopping everything.

"This is bad!"

When the storyteller saw that, his heart skipped a beat.

Long Ran had a grim expression as well. "I wonder how strong will the expert of the upper world summoned by the Witch race be. However, no matter what, any expert that descends from the upper world will have to pay a heavy price!"

"Not necessarily,"

/

The storyteller sighed with a worried expression.

As the Palace Guardian of the Human Emperor's Palace, he naturally knew that the current Tianhuang Mainland had imperfections in Heaven and Earth with chaotic laws.

After a thousand years, the laws of this world might not even affect the experts of the upper world!

If that was the case, the consequences would be unimaginable!

The living beings of the ten thousand races of Tianhuang Mainland were probably doomed!

Back then, the Eternal Human Emperor's cultivation realm fell continuously and he was severely injured, leaving only his Essence Spirit. With the help of Su Zimo's Green Lotus True Body, he could even kill top Emperors such as the Heavenly God Emperor.

If an expert of the Witch race could descend from the upper world without any changes to his cultivation realm, nobody would be able to defend against his attacks!

Boom! Boom!

A loud bang sounded from the skies!

Suddenly, a dark green beam of light descended from the crack in the firmaments and smashed heavily onto the ground of the Middle Continent!

The ground shook and the mountains trembled!

Countless living beings turned into ashes on the spot against the dark green beam of light!

Immediately after, right in front of the living beings of the ten thousand races, seven figures descended slowly!

The seven figures wore strange clothes. Unlike the witches of Tianhuang Mainland, they looked even older.

However, the seven figures also had a pair of dark green eyes that looked extremely strange, like the eyes of a fiend!

What was even more terrifying was that when the seven figures descended with a tremendous might, the living beings of the ten thousand races felt a sense of danger!

Even the Emperors of Tianhuang Mainland could not muster any resistance against that might, let alone ordinary cultivators!

The Dragon Phoenix True Body had a grim expression as he looked at the seven figures.

“Are they the experts of the upper world?”

“Which one is the Black Witch?”

“Or, is the Black Witch not referring to a single person, but something else?”

The seven experts of the Witch race of the upper world descended slowly and the void around each of them collapsed continuously!

This world could not withstand the power of the seven Witch race experts!

What was even more terrifying was that the seven witches from the upper world were not affected or impacted by any laws after arriving in Tianhuang Mainland!

What the Eternal Human Emperor was worried about back then had finally happened!

Heaven and Earth had imperfections and the laws were incomplete. The Hell Witch Emperor summoned his secret skill and summoned experts of the Witch race of the upper world who could descend without any drop in their cultivation realms!

“Mmm...”

Among the seven experts of the Witch race of the upper world, an old man from the Witch race murmured slowly, "We're here. This mainland is a minor chiliocosm!"

"Haha, the living beings in this minor chiliocosm are so weak!"

Another slightly younger witch grinned excitedly and released his spirit consciousness to patrol Tianhuang Mainland brazenly.

"Elder Feng, is what you said true?"

Another witch woman asked, "Are there truly rare treasures in this minor chiliocosm?"

"That's for sure,"

The old man from the Witch race of the upper world nodded. "Although this minor chiliocosm is weak, it's still a world of its own. It's not impossible for treasures to exist here!"

The few witches from the upper world spoke casually without concealing their voices and intentions—they did not take the ten thousand races of Tianhuang Mainland seriously at all.

Or rather, in the eyes of the seven witches of the upper world, all the living beings of Tianhuang Mainland were ants!

Even Emperors were merely slightly stronger ants!

Su Zimo was secretly alarmed.

Elder Feng was not wrong.

At the very least, the Creation Green Lotus was a treasure from the upper world.

The Heaven Slaying Sword Art and Earth Slaying Sword Art seemed to be from the upper world as well!

That was only what Su Zimo knew—there might be more that he did not know!

Elder Feng continued, "If any treasures appear in the upper world, countless experts will definitely fight for them and cause a bloodbath."

"However, as long as we can descend in this lower world, we can take away all the treasures! There's no power in the lower world that can threaten us!"

"But what treasures can there be in this lower world?"

Another young witch asked, "The Spirit Qi in this minor chiliocosm is thin and is way too different from the Heaven and Earth Essence Qi in the upper world!"

"Hehe!"

Elder Feng laughed. "Of course, there's no way a true treasure can be born in this lower world. However, there's a high chance for treasures of the upper world to fall into a lower world!"

"Legend has it that the only Creation Green Lotus in the world was lost in a lower world."

“Whoever obtains that Creation Green Lotus and nurtures it to Grade 12 will definitely soar! Even a lotus seed of the Creation Green Lotus can increase one’s lifespan countless times after being refined into a medicine!”

Su Zimo’s heart skipped a beat.

“There’s no hurry. The Heaven and Earth laws here are incomplete. We can still stay for a few more days,”

Elder Feng added.

A thousand years ago, the Eternal Human Emperor descended and returned to the upper world not long after due to the restrictions of the laws.

But now that the seven witches had arrived in Tianhuang Mainland, not only did their cultivation realms not decrease, they could even stay for a few days!

“Did something happen to the Witch race such that they had to alarm us?”

Elder Feng’s gaze shifted to the ancestral ground of the Witch race as he said slowly. Although his voice was neither loud nor soft, it was filled with authority and spread to every corner of Tianhuang Mainland!

The four Emperors of the Witch race rushed over hurriedly and knelt down. With respectful expressions, they said in a deep voice, “The Witch race is in danger of being annihilated. Black Witches, please kill our great enemy!”

“Oh?”

Elder Feng raised his brow slightly. “Even in the upper world, our Witch race is considered as a powerful race. To think that we would be at risk of being annihilated in this minor chiliocosm?”

“What sort of a great enemy would dare to try and annihilate the Witch race?!”

Suddenly, Elder Feng’s voice turned deep and cold with a chilling intent!

“It’s a Taboo Dragon Phoenix!”

An Emperor of the Witch race turned around hurriedly and pointed at the Dragon Phoenix True Body above the Witch race’s ancestral ground, shouting, “That’s him!”

“Oh?”

A dark glint flashed through Elder Feng’s eyes as he said in surprise, “To think that such a demon beast would be born in this minor chiliocosm. How rare.”

“Apart from the Dragon Phoenix, there’s also a Taboo Divine Hou!”

Another Hell Witch Emperor continued, “By the way, the Creation Green Lotus you mentioned earlier on is one of the Dragon Phoenix’s true bodies!”

“Mmm?”

At the mention of the Creation Green Lotus, the eyes of Elder Feng and the other three witches shone brightly!

Chapter 1737: Only Way Out

“Creation Green Lotus!”

Elder Feng extended his palm and grabbed the Witch elder through the void, asking sternly, “Were you talking about the Creation Green Lotus?!”

“Y-Y-Yes!”

The voice of the Emperor of the Witch race trembled.

He was completely helpless against Elder Feng’s palm!

“Where’s the Creation Green Lotus?!”

Elder Feng tried his best to suppress his emotions and asked in a deep voice, “What’s up with the true body you mentioned earlier on? Hurry and tell me the truth!”

“The Dragon Phoenix’s Dao title is Desolate Martial and he’s the Martial Emperor of Tianhuang Mainland. He’s almost the strongest person! The Martial Emperor has another true body. I heard that by some freak coincidence, he fused with the Creation Green Lotus and became the Green Lotus True Body,”

The Emperor of the Witch race said hurriedly.

“Cloning technique?”

Another Witch of the upper world frowned slightly. “He fused his flesh with the Creation Green Lotus to create a humanoid Creation Green Lotus?”

The Emperor of the Witch race nodded repeatedly. “That’s right. Furthermore, the Green Lotus True Body of the Martial Emperor has already grown to the peak of Grade 8 and is extremely strong. His body can take on Dharmic treasures!”

“Peak Grade 8!”

Elder Feng’s eyes lit up when he heard that.

“Hahahaha!”

He could not help but burst into laughter. The wrinkles on his face were stacked together as he shouted, “The heavens are truly on my side! This is supreme fortune!”

“Congratulations, Elder Feng,”

The six young witches at the side congratulated hurriedly with envy in their eyes.

Who wouldn’t be tempted by a treasure like the Creation Green Lotus?

Elder Feng said excitedly, “If I can obtain the Creation Green Lotus, my lifespan will be extended and I’ll definitely be able to advance through that most critical step!!”

“Congratulations!”

The four Emperors of the Witch race echoed hurriedly.

“Where’s the humanoid Creation Green Lotus?”

Elder Feng asked hurriedly.

“This...”

The four Emperors of the Witch race exchanged glances and shook their heads.

They had been setting up sacrificial methods in the Witch race’s ancestral ground and did not know that the Green Lotus True Body, Nian Qi and the others were in the Kunlun Ruins.

Standing together with Nian Qi and the other God race beings, Su Zimo did not circulate his blood qi and the experts of the Witch race of the upper world naturally did not notice him.

“You guys don’t know?”

Elder Feng frowned.

“That Creation Green Lotus is a true body of the Taboo Dragon Phoenix. As long as we capture him, we’ll be able to know the location of the Green Lotus True Body!”

An Emperor of the Witch race pointed at the Dragon Phoenix True Body and said hurriedly.

Swoosh, swoosh, swoosh!

The gazes of the seven experts of the Witch race from the upper world landed on the Dragon Phoenix True Body!

Although they were millions of kilometers apart, those gazes seemed to be able to penetrate countless voids and landed on him, piercing him with a dull pain!

The Dragon Phoenix True Body stood in midair and his blood qi surged. He narrowed his eyes and looked at the seven experts of the Witch race of the upper world without retreating.

It was not that he did not want to retreat.

It was because there was no way out!

“Hehe!”

Elder Feng laughed and suddenly extended his palm, facing the Dragon Phoenix True Body from a million kilometers away.

Suddenly!

The space around the Dragon Phoenix True Body collapsed and a gigantic dark green palm appeared in the void, gripping his body tightly!

“Six Tusk Divine Strength!”

The Dragon Phoenix True Body released a supreme divine power right away!

Six jade-white divine elephant tusks protruded from his back slowly and his body was filled with an extremely domineering power as his blood qi surged!

The Dragon Phoenix True Body had already channeled the power in his body to its limits.

Even so, he could not break free from that dark green palm!

His strength seemed so insignificant against that palm.

It was like an ant trying to shake a tree.

Right in front of the living beings of the ten thousand races, the Taboo Dragon Phoenix that was almost at the peak of Tianhuang Mainland was grabbed by a dark green hand and yanked towards Elder Feng!

The difference was too great!

It was worlds apart!

...

Kunlun Ruins.

Su Zimo's expression turned extremely terrible.

That power was not something they could fight against.

Back when the Eternal Human Emperor descended, his cultivation realm fell and he was only left with a severely injured Essence Spirit. At that time, the Emperors of the primordial races could still fight him.

But now that the seven witches of the upper world had descended and their cultivation realms were unchanged, the Dragon Phoenix True Body was helpless against this unknown power of the upper world!

This was an unsolvable trap.

There was still no news from the Martial Dao Prime Body.

Even if the Martial Dao Prime Body could sense something and came forth from seclusion, he had no chance of winning against that power!

The difference was like a mortal facing an Emperor of Tianhuang Mainland!

Night Spirit moved and wanted to tear through space to help the Dragon Phoenix True Body.

"Don't go!"

Su Zimo stopped him hurriedly.

Even if Night Spirit went over, he would only be sending himself to death.

"Your Majesty, let's hurry and leave!"

The old man from the God race whispered, "It's too dangerous here. We can't linger!"

The other three God race Emperors nodded as well.

Thankfully, Nian Qi paid her respects to the Divine Hou's corpses and they arrived at the Kunlun Ruins as well. They were extremely close to the rainbow cave and could reach the latter in the blink of an eye to escape from this place back to God's Mainland.

If they were still in the Middle Continent or North Region, they might not even get the chance to leave!

"Young Master, leave with me before they notice you!"

With a worried expression, Nian Qi sent a voice transmission to Su Zimo secretly, "Follow me to God's Mainland! The laws of God's Mainland are perfect and these witches of the upper world can't barge in either."

"Young Master, that's our only way out!"

Su Zimo pursed his lips tightly and remained silent, merely looking at the Dragon Phoenix True Body from afar.

Nian Qi knew Su Zimo's intentions and continued, "Young Master, I know that you can't bear it. However, the Dragon Phoenix True Body has been captured and can no longer be saved. You can only abandon it."

"If you stay here, this Green Lotus True Body will be captured by them sooner or later. At that time, both true bodies will fall into their hands!"

"Young Master, stop hesitating and follow me!"

Nian Qi urged anxiously.

How could Su Zimo not know that his only way out was to head to God's Mainland?

However, the Dragon Phoenix True Body was not merely a true body to him.

That true body carried everything about Die Yue.

To him, it was a form of mental sustenance.

Furthermore, the descent of the seven upper world witches would definitely cause a catastrophe for the living beings of Tianhuang Mainland!

Countless humans would die in this catastrophe!

The storyteller, Little Fatty, Lin Xuanji, monkey and his other brothers, Ethereal Peak, the nine immortal sects, seven fiend sects, six Buddhist monasteries...

All his old friends and everything else would probably turn into ashes and ruins!

As the Martial Emperor and the Human Emperor of this generation, Su Zimo had once established the Martial Dao and imparted martial arts to all living beings. How could he make such a choice to abandon everyone and leave alone?!

"Nian Qi, leave first. I'll be there in a while,"

After a brief pause, Su Zimo continued, "Night Spirit, leave this place with Nian Qi as well!"

“Young Master!”

Nian Qi called softly but did not leave.

She could also guess that Su Zimo had no intention of leaving and that was the reason why he wanted her and Night Spirit to leave first.

“I’m not leaving!”

Night Spirit said slowly.

The Divine Hou race was born to protect Tianhuang Mainland.

Furthermore, his brothers were all here!

Chapter 1738: Massacre of Emperors

Above the Dragon Bone Valley.

The Emperors of the human, Dragon, Kun and Barbarian races watched helplessly as the Dragon Phoenix True Body was captured by the Witch race from the upper world.

The Taboo Dragon Phoenix comprehended two supreme divine powers and could even kill Emperors of the human race who comprehended six supreme divine powers.

However, in the hands of this expert of the upper world’s Witch race, the Taboo Dragon Phoenix was helpless. Even if they swarmed forward, it would be useless!

“What should we do?”

Long Ran was anxious and turned to look at the storyteller, asking, “Can you think of a way to get the Eternal Human Emperor to descend?”

“A thousand years ago, the Human Emperor descended and was severely injured. All these years, even in the Human Emperor’s Palace, I did not manage to contact the Human Emperor,”

The storyteller shook his head and sighed.

“The Witch race can summon experts of the upper world. Do the Dragon, Barbarian and Kun races have any means of doing so?”

An Emperor of the human race could not help but ask.

/

The Emperors of the primordial races shook their heads.

Long Ran sighed as well. “Among the primordial races, the Witch race is probably the only one who possesses such a secret skill.”

“Doesn’t that mean that we can only watch helplessly as the Taboo Dragon Phoenix dies?”

Monk Kong Yun had a pained expression.

“That’s not all,”

The storyteller had a grim expression. "The Dragon Phoenix isn't the only one. The other experts of our human race and the primordial races won't be able to escape death either!"

"That's right,"

Long Ran nodded. "Although we're Emperors, in the eyes of these experts of the upper world, we're like ants and our lives are worthless."

Swoosh!

Right then, an Emperor of the Rakshasa race realized that the situation was bad as well. In a flash, he flapped his wings and sped towards the Extreme West!

Experts of other levels might have a chance of surviving.

However, if the experts of the Witch race of the upper world wanted the Witch race to rule over Tianhuang Mainland, they would have to kill all the Emperors of the other races!

The Emperors of the other primordial races clearly realized this as well.

After the Rakshasa Emperor fled, the remaining Emperors of the Golden Crow, Heavenly Eye and Blood Vine races fled one after another.

The Emperors also realized that the rainbow cave in the Kunlun Ruins was their only shot at survival!

Elder Feng pulled the Dragon Phoenix True Body over from the void thousands of kilometers away.

When he saw that, he smirked with a mocking expression and said indifferently, "Go on, let these ants of the lower world witness the power of the upper world!"

"Alright!"

The other six witches of the upper world were already eager and impatient.

The six witches of the upper world moved one after another.

A young witch's figure flashed at an astonishing speed. In just a few breaths, he caught up to the Rakshasa Emperor who was the first to escape!

The Rakshasa race was the fastest.

As for the Witch race, their physiques and bloodlines were ordinary and their movement techniques were extremely average as well.

Even so, the young Witch of the upper world caught up to the Rakshasa Emperor in a few breaths!

"Where are you going?"

The young Witch of the upper world smiled gently and suddenly opened his mouth, spitting out a dark green stream of air in the direction of the Rakshasa Emperor.

When the stream of air landed on the Rakshasa Emperor, his figure froze in midair!

Right after, right in front of the living beings of the ten thousand races, the body of the Rakshasa Emperor rotted rapidly with green bubbles. In the blink of an eye, he was corroded into a sticky green liquid that splattered down!

Dead!

An Emperor of the Rakshasa race was killed by a single breath of air from the Witch race of the upper world!

The other Emperors of the primordial races that were escaping were scared out of their wits when they saw that!

When they cultivated to the Emperor realm, they were already the strongest existences in Tianhuang Mainland—they had never felt such fear!

An Emperor of the Heavenly Eye race was shocked and was about to continue escaping when a woman of the Witch race appeared not far away.

This woman was also from the upper world!

The Emperor of the Heavenly Eye race looked at the woman from the Witch race of the upper world.

The eyes of the Witch race woman from the upper world shone with a strange dark green glow.

“Not good!”

The Emperor of the Heavenly Eye race was alarmed. Without hesitation, he opened his Heavenly Eye and prepared to release the secret skill of the Heavenly Eye race!

However, the moment his Heavenly Eye opened, his eyeball exploded!

“Ah!”

The Emperor of the Heavenly Eye race shrieked.

Before long, the tragic cries stopped.

The Emperor of the Heavenly Eye race’s head was tilted and he fell from midair—there was no longer any life in his body!

Dead!

In fact, even till his death, he did not know how he died.

In the eyes of others, the Emperor of the Heavenly Eye race died after exchanging a single glance with the Witch race woman from the upper world!

Was that the power of the upper world?

The storyteller and the others widened their eyes in shock!

That power had completely surpassed their understanding!

Before an Emperor of the Blood Vine race could escape far, a green spark appeared on his body almost imperceptibly!

However, the spark burned the Emperor of the Blood Vine race into ashes rapidly!

The entire process took less than three breaths!

The Emperor of the Blood Vine race was dead!

“Tsk, tsk, tsk!”

A sinister laughter sounded from the firmaments.

It was a Witch of the upper world who circled around an Emperor of the Golden Crow race in a flash.

No matter which direction the Emperor of the Golden Crow race fled, the Witch of the upper world would step in and stop him!

“Where are you trying to escape to? Hmm?”

The Witch of the upper world teased the Emperor of the Golden Crow race like a cat playing with a mouse and asked with a smile.

“You can’t escape. Give up!”

The Witch of the upper world laughed endlessly with a mocking expression.

“Kill!”

When the Emperor of the Golden Crow race saw that he could not escape, his blood surged and he forgot about life and death as he charged towards the Witch of the upper world!

The Witch race of the upper world stood on the spot without dodging or using any methods.

Right in front of everyone, an Emperor of the Golden Crow race collided heavily against the Witch of the upper world!

The third leg of the Golden Crow Emperor even grabbed the head of the Witch of the upper world!

The Witch race had a weak physique and bloodline. Although the three-legged Golden Crow’s physique and bloodline were not as strong as the Dragon and God race, they were not to be underestimated.

The third leg of the Golden Crow race was even sharper and tough, able to penetrate everything!

Perhaps that might be enough for him to kill this Witch of the upper world?!

The storyteller and the other Emperors held their breaths.

“Tsk, tsk, tsk!”

The laughter of the Witch of the upper world sounded as he said coldly, “I’ve already said that you should give up!”

The Emperor of the Golden Crow race was shocked!

His third leg landed on the head of the Witch of the upper world and the sound of metal clashing could even be heard!

His sharp claws could not even pierce the flesh and skin of the Witch of the upper world!

The difference was too great!

A look of despair flashed through the eyes of the Golden Crow Emperor.

“I don’t want to play with you anymore. Boring,”

The Witch of the upper world muttered and extended his palm casually, slapping the Golden Crow Emperor.

Poof!

The Golden Crow Emperor was smashed into a blood mist without a corpse left and died!

Chapter 1739: Divine Powers Fight

The greatest weakness of the Witch race was their weak physique and ordinary bloodline.

But now, the Witch of the upper world killed an Emperor of the Golden Crow race with the methods they were the least skilled in—it was as simple as crushing an ant!

“This power...”

The storyteller’s face was pale as he murmured, “Even the Taboo Dragon Phoenix might not be able to withstand such a palm strike!”

“To think that ascending to the upper world would bring about such a huge transformation!”

The Emperors of the human race were shocked as well.

In that short period of time, the Dragon Phoenix True Body was already caught by Elder Feng!

The Dragon Phoenix True Body had a calm expression without any fluctuation or fear in his eyes.

He had witnessed everything that happened earlier on.

Furthermore, the Dragon Phoenix True Body realized that even if he had a taboo bloodline and body, he would definitely not be able to defend against the power of the Witch race of the upper world!

However, he had no intention of surrendering!

Even if he had to die, he had to drag a Witch of the upper world with him!

The other six witches were chasing after the other Emperors of the primordial races and had yet to return to Elder Feng’s side—this was the best opportunity!

“Tsk, tsk, tsk!”

Elder Feng sized up the Dragon Phoenix True Body brazenly.

The Dragon Phoenix True Body was gigantic and was covered in scarlet scales that burned with raging flames. Even in front of Elder Feng, his aura did not diminish!

“Seems like you’re still unconvinced,”

Elder Feng smiled gently. “Keep your appearance in front of me!”

The moment he said that, the dark green hand that grabbed the Dragon Phoenix True Body suddenly tightened and released an extremely terrifying power!

The Dragon Phoenix True Body grunted.

Buzz! Buzz!

Green smoke billowed.

The Dragon Phoenix Flames on his body were extinguished instantly!

The two pairs of wings on his back were crushed by the gigantic palm and fresh blood flowed!

Under the pressure of the dark green hand, the Dragon Phoenix True Body shrank continuously and returned to his human form before long!

“Speak,”

Elder Feng looked at the Dragon Phoenix True Body and asked indifferently, “Where’s your Green Lotus True Body?”

“I can tell you, but can you let this true body of mine go?”

The Dragon Phoenix True Body suddenly said.

The reason why he said that was to numb Elder Feng and make the latter lower his guard.

“No problem,”

A mocking look flashed through the depths of Elder Feng’s eyes and he even released the dark green hand on the Dragon Phoenix True Body.

“Speak,”

Elder Feng smiled gently.

“Old dog, die!”

An extremely cold killing intent burst forth from the calm eyes of the Dragon Phoenix True Body!

“Reverse Scale!”

The Dragon Phoenix True Body released the Essence Spirit secret skill without hesitation!

Of course, an Essence Spirit secret skill alone could not threaten experts of the upper world.

The moment the Reverse Scale was summoned, the Dragon Phoenix True Body channeled his Essence Spirit wildly and condensed a supreme divine power!

The Dragon Phoenix True Body extended his finger and pointed at Elder Feng from afar, shouting softly, "Fleeting Moment!"

An extremely terrifying power enveloped Elder Feng without any traces or substance.

Be it with the naked eye or spirit consciousness, no one could see the form of that power.

This was the power of time!

Time had no form to begin with!

The Dragon Phoenix True Body heard everything Elder Feng said clearly.

Elder Feng had once said that if he could obtain the Creation Green Lotus, his lifespan would increase.

This meant that Elder Feng definitely did not have much lifespan left!

The release of Fleeting Moment was definitely a destructive power for Elder Feng!

When the Dragon Phoenix True Body released his Essence Spirit secret skill, the Reverse Scale, Elder Feng still had a calm expression and the mockery in his eyes intensified.

Elder Feng only frowned slightly when Fleeting Moment descended.

"Mmm?"

He sensed it and frowned. "It's the power of time!"

"As expected of the Dragon Phoenix bloodline. To think that you can already comprehend the power of the time in the lower world. Furthermore, this seems to be a supreme divine power!"

At that moment, the Dragon Phoenix True Body had a grim expression.

Elder Feng was way too calm!

Although Elder Feng was moved when he saw Fleeting Moment, he did not panic or fear at all, as though he did not take his supreme divine power seriously at all!

"Fufu,"

Elder Feng laughed. "Dragon Phoenix, although your bloodline is not bad, you're nothing but a frog in a well in the lower world."

"Today, I'll let you witness what a true divine power is!"

Before his sentence was finished, Elder Feng chanted an incantation and an extremely pure and rich power burst forth from his body!

That power was incomparably strong and fused with the incantation, releasing an extremely terrifying divine power!

Elder Feng pointed forward and hollered softly, "Frost Curse!"

"Frost Curse?"

The Dragon Phoenix True Body was stunned when he heard that incantation.

Above the Dragon Bone Valley, the Emperors of the human race, the storyteller, Long Ran and the others were stunned and puzzled.

The Frost Curse was the most ordinary lesser divine power of the Witch race.

Elder Feng had actually released a lesser divine power to defend against the supreme divine power, Fleeting Moment?

Before the confusion in everyone's hearts dissipated, they saw an extremely shocking scene!

The Reverse Scale that floated out from the glabella of the Dragon Phoenix True Body was covered by a layer of frost before it even arrived before Elder Feng!

Crack! Crack! Crack!

In the blink of an eye, cracks appeared on the Reverse Scale!

Bang!

The next moment, the Reverse Scale shattered into nothingness!

Crack! Crack! Crack!

Immediately after, an even more intense sound came from around Elder Feng!

Cracks appeared densely in the void around Elder Feng!

Time was invisible.

However, the Frost Curse froze the power of time in the void and it could not descend!

"This..."

Many Emperors were stunned and dumbfounded.

The Dragon Phoenix True Body was shocked and confused as well.

His supreme divine power was completely suppressed by Elder Feng's lesser divine power!

How could this be?

Although the Dragon Phoenix True Body did not know about curses, Elder Feng's incantation of the Frost Curse was no different from the Frost Curse chanted by the Emperors of the Witch race in Tianhuang Mainland.

The only difference was that when Elder Feng condensed the lesser divine power, an extremely pure and rich power burst forth from his body!

It was this power that fused with the Frost Curse that caused the lesser divine power to transform completely.

In fact, it even froze Fleeting Moment into ice!

“Is this the power of the upper world?”

A look of disappointment flashed through the eyes of the Dragon Phoenix True Body.

Even after using all his trump cards, he could not injure Elder Feng at all!

The difference was way too great!

He had no chance of winning at all!

“Hehe!”

Right then, the other six witches of the upper world returned one after another and sneered when they saw that.

“This ant from the lower world wants to go against us?”

“He’s a frog in the well without much knowledge.”

“Elder Feng, in my opinion, we should just capture his Essence Spirit and use the Soul Searching Art! Why waste our breath on him?!”

Chapter 1740: Shattered Light Ball

Elder Feng looked at the Dragon Phoenix True Body with a mocking expression. “Little beast, let me tell you! Although the divine power you’ve comprehended is not bad, you can only unleash one-tenth of its power!”

“The true power of divine powers comes from the upper world!”

Elder Feng said proudly, “Even if you ants from the lower world have comprehended supreme divine powers, you won’t be able to withstand a single blow against us!”

The Dragon Phoenix True Body remained silent.

When Fleeting Moment and the Reverse Scale were dispelled by a single lesser divine power of the other party, he had already realized that the difference between them was not something that a few supreme divine powers could make up for.

Even if he comprehended three, four or even ten supreme divine powers, it would be useless, let alone the two supreme divine powers he had comprehended right now!

This was the insurmountable gap between the lower and upper worlds!

That was the reason why the billion minor chiliocosms had Heaven and Earth laws to prevent experts of the upper world from descending.

That was because once experts of the upper world descended, living beings of the lower world would not be able to stop them!

At that time, the billion minor chiliocosms would only be filled with killing, bloodshed and enslavement!

The power of an expert of the upper world could even destroy a minor chiliocosm!

In a sense, the Heaven and Earth laws were not only meant to protect the living beings of the lower worlds, but also the billion minor chiliocosms themselves.

“Little beast, my patience is limited. Tell me the location of the Green Lotus True Body. Don’t force me to search your soul!”

Elder Feng said faintly.

There was a high chance that the Soul Searching Art would fail.

That was the reason why Elder Feng did not attack immediately.

Otherwise, how could the Dragon Phoenix True Body have lasted till now?!

“Old dog!”

Suddenly, the Dragon Phoenix True Body smiled with a mocking expression. “I don’t care if you destroy this true body of mine! However, remember that even if my Dragon Phoenix True Body is destroyed, I won’t die!”

“When my other true body ascends to the upper world, I’ll definitely look for you! I’ll make you pay a hundred times over!”

“Little beast, how dare you threaten me!”

Elder Feng’s expression darkened completely as he reached out with a cold gaze towards the head of the Dragon Phoenix True Body.

“Get the hell out!”

He hollered and his palm descended with an extremely domineering power.

Under that power, the Dragon Phoenix True Body could not move at all!

He could only watch helplessly as Elder Feng’s palm landed on his head!

Crack!

The sound of bones cracking could be heard by the Dragon Phoenix True Body.

The next moment, immense pain surged into his mind!

The Dragon Phoenix True Body could no longer cry out.

That was because Elder Feng had already crushed his head into pieces with his bare hands!

Boiling blood splattered everywhere!

Above the Dragon Bone Valley, the Emperors of the human race, Long Ran and the others watched everything with blank expressions.

Against that power, there was only despair in everyone’s eyes.

Even the Human Emperor’s Seal might not be able to shatter the body of a Taboo Dragon Phoenix that had comprehended two supreme divine powers.

But now, this old man from the Witch race of the upper world crushed the head of the Dragon Phoenix True Body with a single palm!

It was an extremely violent and shocking scene!

“First!”

Monkey and the others stood at the borders of the North Region with sorrowful expressions.

A flawless white-robed woman sighed gently when she saw that.

Kunlun Ruins.

Nian Qi turned her head away and could no longer bear to look.

Night Spirit growled deeply and shuddered slightly. He glared coldly at the seven figures standing proudly in the firmaments with a cold killing intent in his eyes!

Nobody could stop the experts of the Witch race from the upper world.

Under Elder Feng’s palm, the head of the Dragon Phoenix True Body shattered, revealing the consciousness within!

In his consciousness, the 11 demon kings roared furiously. However, they were shattered by the power in Elder Feng’s palm!

Against that immense power, the blazing ball of light surrounding the Dragon Phoenix Essence Spirit shattered as well.

There was a scarlet flame in the ball of light.

The Dragon Phoenix Essence Spirit looked at the ball of flames in a daze.

The final ball of light finally shattered.

He had looked forward to the scene of the ball of light shattering countless times. However, he had not expected this situation today.

The ball of flames contained the final divine power!

The ball of flames contained the final demon king as well!

Comprehending that divine power meant that he had cultivated the Mystic Classic of the Twelve Demon Kings of the Great Wilderness to its perfected stage.

However, it was useless.

Even if he comprehended that divine power, he could not defend against the experts of the Witch race of the upper world.

The difference in strength between them was way too great!

Furthermore, Elder Feng would not give him the chance to comprehend the final divine power!

The Dragon Phoenix Essence Spirit felt its vision darken.

Elder Feng's palm had already descended.

When his Essence Spirit was captured, there was only a single outcome left.

Regardless of whether the Soul Searching Art succeeded, he would die eventually!

"It's a pity that I couldn't cultivate the final divine power or perfect the Mystic Classic of the Twelve Demon Kings of the Great Wilderness,"

The Dragon Phoenix True Body sighed internally.

However, before long, a ruthless and decisive look flashed through the eyes of the Dragon Phoenix Essence Spirit.

Su Zimo had never feared death.

Furthermore, even if the Dragon Phoenix True Body was destroyed, he was not truly dead!

However, he would not allow himself to be soul searched by others!

That was an insult to him!

He would definitely not allow anyone to obtain information about the Green Lotus True Body or anything about the Mystic Classic of the Twelve Demon Kings of the Great Wilderness from his memories!

"Old dog, if you want to search my soul, do it in your next life!"

The Dragon Phoenix Essence Spirit let out a final roar and an extremely terrifying power burst forth from it!

"Mmm?"

"He's going to self-destruct his Essence Spirit!"

"Hurry and stop him!"

A few experts of the Witch race from the upper world shouted when they sensed the fluctuation.

Dark green power extended from Elder Feng's palm hurriedly and coiled towards the Dragon Phoenix Essence Spirit, wanting to stop it from self-destructing.

However, it was too late.

Boom!

There was a loud bang!

Right in front of the living beings of the ten thousand races, the Dragon Phoenix Essence Spirit exploded and dissipated on the spot, turning into nothingness!

The self-destruction of his Essence Spirit created a massive spirit consciousness fluctuation that even caused cracks to appear in the surrounding void!

The living beings of the ten thousand races were silent with sorrowful expressions.

Nobody expected the Dragon Phoenix True Body to choose such a decisive and tragic method to fight against the experts of the Witch race of the upper world.

His Essence Spirit self-destructed and his soul was shattered—it could not even reincarnate!

Even if they knew that they were going to die, not many people would dare to self-destruct their Essence Spirits to destroy themselves.

“Damn it!”

Elder Feng was enraged.

The fact that he did not obtain the location of the Green Lotus True Body was secondary.

More importantly, the resistance of the Dragon Phoenix True Body made him feel provoked!

“He’s just an ant of the lower world. Even if he has a taboo bloodline, he’s only a little beast. How dare he go against my will!”

Elder Feng’s expression was cold as his gigantic palm enveloped down. He grabbed the remnant body of the Dragon Phoenix True Body and suddenly gripped it!

The body of the Dragon Phoenix True Body was crushed by Elder Feng’s palm and turned into a blood mist without a corpse!
