

Ex-husband Goes Money Comes by Yvone Zabielski Chapter 119

Jimmy heard the sarcasm in his words and said with a smile.

"Mr. Caffrey, sorry."

Orlando made a sound and consciously walk

to the wall. He propped his hands on the wall.

Just as Orlando stood up, a whip whistled in the wind

It landed directly on his straight back without mercy, making a crisp sound.

Orlando tried to keep silent.

Orlando gritted his teeth and clenched his fists subconsciously.

Before he could digest the pain caused by the whip, the second and third hits landed on his back without giving him any chance to catch his breath

It was really painful.

because he had been injected with a special medicine, his physical condition was not good. His skin became fragile, so the pain was strengthened.

The special drug 023 was originally used to deal with prisoners of war who had committed a great mistake. After the injection, the person himself was powerless to resist. The pain when interrogating the prisoner would be strengthened, and it would also lead to the extreme torture of the body and spirit.

He didn't expect that one day, this drug would be used to torture limi, even though it was a modified version.

It was really ironic!

There came another sound.

The pain from the whip swinging to his back pulled his thoughts back

It had only been twenty or so hits, and the bottom of the white shirt was already red and purple.

He held his breath. In order to prevent himself from screaming in humiliation, he bit out a row of blood marks on his lower lip. His forehead was covered in a cold sweat, and the veins on his arms bulged.

When he was being hit forty times, his arms that were supporting the wall began to tremble uncontrollably.

By the time he was being hit seventy times, his back was already so painful that it was almost numb. His skin was more fragile than before, so several parts of his back were torn. The white shirt was soaked with sporadic blood points.

His head began to feel heavy. His long and straight legs began to tremble, and he couldn't stand steadily.

Jimmy watched from the side and sighed that Russell really had a way of torturing Orlando.

The whipping could bring huge pain to him, but wouldn't kill him.

Moreover, Russell came here without telling Viola. That meant he secretly came to find trouble with Orlando. All Orlando's injuries were on his back, so it wouldn't affect his walking. As for Viola, Russell could keep the thing a

secret.

As Jimmy was thinking, he suddenly heard a sound.

It Was Orlando who fell to the floor and sainted in pain.

Gather The two men who whipped Orlando felt confused and looked at each other in dismay. In the end, they could only ask Jimmy for help

"Jiminy, what should we do?"

lend lying on the ground. Jimny then asked, "How many

Jimmy looked at Orlando, whose lace was extremely times did you whip?"

"Ninety."

Jimmy clicked his tongue twice and suddenly Telt a little admiration for the unconscious man on the ground.

“He actually managed to endure for ninety times without saying a word before fainting. It really is a man.” He thought about it and added, “You two didn’t go easy on him, right?”

The two hurriedly shook their heads. “You know the strength of our hands. Moreover, this is Mr. McGraw’s order. How can we dare to go easy on him?”

After a pause, they continued, “Jimmy, what should we do now? Are we going to continue or not? If we continue, I’m afraid we’ll have to wake him up with cold water, right?”

Jimmy did not speak. He lowered his head and re-examined Orlando.

Orlando’s face was as pale as a sheet of paper, but his lips were full of bright red blood marks,

Because his facial features were bright and handsome, his miserable appearance did not make people feel that he was ugly. Instead, he had a different kind of fragile beauty.

Jimmy really wanted to sigh.

Jimmy thought to himself, the Creator is really unfair!

His face is so handsome!

No wonder Ms. Zumthor likes to keep this face by her side, at least it’s pleasing to the eyes.

“Jimmy?”

The two men who were still holding the whip shouted at him helplessly.

It was only then that Jimmy came to his senses and looked at Orlando's back with a serious expression.

"Forget it. It's already his limit to be able to hold on until now. After splashing water and whipping him, he will probably faint again after a few seconds. Mr. McGraw said that we must do it quickly. Let's go."

"Then how do we tell Mr. McGraw..."

Jimmy said, "I'll tell him the truth."

They were prepared to return.

Before he left, Jimmy called out Vincent and Shane, who were still guarding in the dark

"What did the two of you see just now?"

Vincent and Shane lowered their heads and said, "Mr. Caffrey is too tired from doing housework He blacked out in the Living room. We didn't see anything else."

Jimmy nodded in satisfaction. "If Ms. Zumthor asks, just say it like this. If Ms. Zumthor doesn't ask, then pretend that nothing had happened. Do you understand?"

"Yes."

They made an agreement, and Jimmy left. Vincent and Shane returned to their posts after hearing the order, completely ignoring the fainting man in the living room.

Viola was chased after by several young men from rich families, Orlando deserved to be treated like this!

Orlando was curled up on the cold marble floor in the living room

His head was dizzy. In the process of waking up from the pin and then fainting, he was repeatedly tormented.

It seems that Todd had secretly met someone in prison

When Anaya was brought out by the police, Todd was stunned.

It had only been a short time since she was caught. Most of her hair had turned white, and her skin lost its sheen. She looked like a crazy old woman. She seemed to have aged ten years. There were obvious bruises on her face and body. It was obvious that she had not been doing well in this period.

When Anaya saw him, she was so excited that she was about to cry.

"Orlando has returned to Washington? Did Orlando ask you to come and save me? I knew that he would not forget

me..."

Todd fell into silence for a few seconds, and then he thought about it. In the end, he did not say the fact that Orlando already knew she had deceived him

He only said, "Ms. Callis, I came to ask you a few questions. I hope you can tell me the truth!"

Anaya was stunned for a moment before suddenly roaring like a madman.

"You actually didn't come to save me out? How could Orlando be so cruel to me! Why didn't he keep his promise? Is it because I have become old and ugly now, so he doesn't love me anymore?"

Todd froze since he was scared by her crazed appearance.

"That's why I want you to tell me the truth without holding anything back, so that Mr. Caffrey can help you," he said, calming himself down and lying to her.

When Anaya heard this, she slowly calmed down and began to narrate it seriously.

"I'm innocent! It was Viola who harmed me! In order to ruin my reputation, she even personally went to a hospital in Philadelphia, I don't know what kind of doctor she found, but that doctor actually cured Breenda. Then, she and Breenda joined forces to harm me at the press conference. She even..."

"Wait!"

Todd heard something important, so he interrupted, "Which hospital did Viola go to when she was in Philadelphia? Which doctor?"

Anaya thought for a moment. "I only know that it's a major city level hospital. Merenda had been in a deep coma, yet the doctor could still wake her up. It must be a very famous doctor!"

They talked for a while. But Todd couldn't get anything out of her. So Todd went to see Lawson after talking to Anaya for a while.

Lawson's words were almost the same as Anaya's.

After visiting the prison, Todd quickly sent people to investigate all the doctors who could perform large-scale surgery on brains and were not on duty for various reasons. He wanted his men to aim at the big hospitals in Philadelphia and investigate them one by one
