

Ex-husband Goes Money Comes by Yvone Zabielski Chapter 139

Orlando was slightly stunned as if he did not expect Viola to reject him so decisively,

Viola said. "For ine, those few years were painful. Since Mr. Caffrey took me in, it became grim.

"Mi Caffrey was kind to me, but he didn't trust me that much either. Whitney accused me of stealing jewelry. Richard chimed in from the side, but Mr. Caffrey didn't say a word. Although I don't hate Mr. Caffrey for this, it's impossible for me to mark the day I was taken as an anniversary!"

Viola looked at Orlando cold.

Orlando had not seen Viola look at him like this for a long time. Orlando quickly apologized, "Sorry, I didn't know it was like this..."

Viola would not vent her anger on Orlando,

"You should have been working overtime in the Caffrey Group at that time. Normally, you don't know, but we don': have to have this memorable dinner."

As Viola spoke, Viola looked at the time, and it was already late.

After instructing Jimmy to take good care of Orlando, Viola turned around and prepared to leave.

Orlando quickly grabbed Viola's hand.

"Viola, Stanley will propose to you tonight. Did you know?"

Viola wasn't surprised, but Viola still turned to ask, "How did you know?"

Orlando didn't hide it. Orlando said, "Last time Stanley came to find you, I met him. Stanley told me. I felt that Stanley was too soft. Stanley might be a good friend, but Stanley definitely wouldn't be a good husband. If you were with him, you would be sad!"

In this aspect, Viola had the same opinion as Orlando. Stanley's gentleness was not for one person, but for everyone.

But when these words came out of Orlando's mouth to remind Viola, Viola felt very ironic.

"I may not be completely sure if he is a good husband, but you are not. So what ground do you have to say these words?"

Orlando immediately turned pale.

After a long pause, Orlando looked up at Viola again and said, "As your ex-husband, I did not fulfill my duty and gave you pain. I am sorry..,"

"You don't need to be sorry. When you're done with this year's agreement, you and I won't owe each other anything. We'll never cross each other's paths."

Orlando's face grew paler and paler as he watched Viola struggle free of his hand and leave the villa.

So, does she like Stanley?

Stanley had a reservation at the seven-star hotel in Washington.

Stanley booked an entire floor of the restaurant.

The entire floor was covered with nine thousand nine hundred and ninety-nine red roses, and the birthday cake had a

diamond ring box hidden inside it.

The French table was filled with exquisite gifts. In order to make up for the six years Stanley had been apart from Viola, Stanley prepared gifts for her every birthday and festival.

Stanley carefully examined all the surprises and confirmed that there were no problems, Stanley then adjusted his tie

and planned to practice how to talk to Viola later,

This was already the third time Stanley had come to Washington and expressed his feelings to Viola. For the first two times, it had either been too hasty or had been ruined by a villain.

This time, Stanley must succeed!

As Stanley was thinking, a man dressed in a suit and bodyguard suddenly came over

“Hello, Mr. Falcon. I am Ms. Zumthor’s bodyguard.”

Stanley said, "Why haven't seen you before?"

Nolan narrowed his eyes and smiled. Nolan said, "I am Toby. I was sent out by Ms. Zumthor to do something. The last time you came to the Bay Villa, you were taken back by Vincent and Shane."

"I see."

Stanley replied with a smile.

Seeing that Nolan was bright, handsome, and quite friendly, Stanley had no doubts.

Because Viola was a good-looking person, the bodyguards around her were all good-looking.

Nolan continued, "Yes, Mr. Falcon. Ms. Zumthor said that she had prepared a very nice birthday gift for you. Ms. Zumthor wanted to invite you to the rooftop to take a look."

Hearing that Viola had prepared a gift for him, Stanley was very happy.

Stanley said, "Alright, she is very considerate."

Stanley followed Nolan, and when the two bodyguards Stanley brought with him saw that Stanley was leaving, they immediately followed Stanley.

Nolan noticed and questioned, "Ms. Zumthor is waiting for Mr. Falcon alone on the rooftop. Mr. Falcon wants to bring bodyguards to ruin her mood?"

Stanley thought for a moment and felt that it was inappropriate.

How can there be two third-wheels at such a romantic moment?

“You guys just wait here. It’s just the rooftop. There won’t be any problems.”

“Yes, ML Falcon.”

The elevator of the hotel could not reach the rooftop, and Stanley needed to go up the stairs to the top floor.

Nolan helped Stanley open the door to the rooftop and let Stanley pass first.

Stanley returned a smile and strode in.

The rooftop was empty, nothing.

Stanley realized that something was wrong.

“Where’s Viola? You lied to me!”

Stanley turned around and was about to leave when a man dressed like an employee suddenly appeared behind Stanley and covered his mouth with a white cloth.

Stanley struggled for a while and was instantly knocked down.

The man dressed as an employee took off his mask and revealed his face. It was Todd.

Nolan asked, "Where should we take him?"

"Let our men go through the staff passage and go to the Washington dock to take Stanley to the cargo ship. It would be best if it is a ship for export. Mr. Caffrey said to take him as far away as possible."

"This..."

Nolan was a little worried. Nolan said, "Nothing will happen to him by throwing him onto the cargo ship without a single penny, right? He is still a rich boy that doesn't know how to do anything."

"You don't need to worry about him. How can a healthy man like him not be able to find a way out? Moreover, how long do you think we can hide it from the Falcon family? Stanley dares to say that Ms. Zumthor is getting married for the second time. Even throwing him onto a cargo ship would be letting him off."

"What about the two bodyguards from the Falcon family downstairs?"

"I'll deal with it."

After the two of them finished dividing up the work, they began to move on their own.

Viola was driving to the hotel when a message popped up on her phone. It was Stanley:

Stanley: "Viola, the Falcon family suddenly has something urgent. I need to go back. I have to ask you out for dinner next time. Sorry."

What urgent matter could the Falcon family have to make Stanley go back so late?

Moreover, Stanley had never been a person who would break his promise.

Viola felt that it was a bit strange. Viola parked her car by the roadside and called Stanley.

There was only the gentle female customer service voice saying that the phone was turned off.

Stanley got on the plane so quickly?

Without thinking much, Viola turned around and went to the Bay Villa.

Orlando was delighted to see Viola coming back.

Viola was a little curious about his attentiveness, but Viola didn't pay much attention to it. Viola casually had two mouthfuls of dinner and went upstairs to rest.

The next day, the two of them went to the company as usual.

Viola was in the office of the Caffrey Group.

Viola was working together with Orlando and Lucille to come up with a specific plan for the pre-selection of the Haworth Group project.

Toby knocked on the office door in a hurry.

Toby shouted, "Ms. Zumthor!"

When Toby saw that Orlando and Lucille were there, Toby stopped abruptly.

Viola saw the worry in Toby's eyes. Although Viola was curious, Viola made an excuse to send Orlando and Lucille out.

"What happened?" Viola asked after everyone had left.

Toby leaned close to Viola's ear and whispered to Viola in a low voice.

"The female prison in Washington sent someone to say that Anaya has disappeared!"
