

Ex-husband Goes Money Comes by Yvone Zabielski Chapter 145

Michael seemed to feel Jason's resentful gaze and glared fiercely at him, "What are you looking at? Kneel! You bastard, don't think that this matter is over!"

Listening to this, it seemed like he did not intend to let Jason off just like that

Viola thought about it and smiled. "Mr. Barnett, the main reason I came here today was to bring Jason back to the crew. His shooting is coming to an end. It's not good if he's absent. I will let him apologize to Stephen and reach him a lesson."

Michael looked at Viola, then looked at Jason and nodded in satisfaction. "Alright then I'll leave him to you. I'm not worried."

"Thank you, Mr. Barnett, for your trust. Then I'll take Jason away?" As she spoke, she gave Jason look.

Jason covered his swollen butt and struggled to get up from the ground

The butler looked at him and was a little worried. "Mr. Barnett, why don't you let Mr. Jason apply for medicine before leaving? It's too difficult to continue filming with his injuries."

"Medicine? How can he let Viola wait for him? He should be taught a lesson. Not only shoot, but you can't miss the charity party tonight, do you hear me?"

"Got it."

Jason pursed his lips and his face was blank

Viola held back her laughter and looked at Michael. "Then Mr. Barnett, I'll go with him first. I'll come to see you next time when I'm not busy."

After saying that, she went forward to help Jason limp out of the hall.

After they were far from the hall, Jason asked.

"Viola, don't tell me you really want me to go to the hospital to apologize to that scum? No!"

Viola pursed her lips and raised her eyebrows. "Then tell me first. Why do you fight with him?"

Jason lowered his head in low spirits.

Because of the injuries on his buttocks, Jason walked very hard and even broke out in a cold sweat from the pain.

He hesitated for a moment before saying, "Because I heard him scold you in the back and it was very unpleasant to hear, so I beat him up. Hiss..."

When Jason said excitedly, he accidentally affected his wound and grimaced in pain.

Viola chuckled. She suddenly felt that he was silly and a little cute.

"Since that's the reason, why didn't you tell Mr. Barnett directly?"

Jason replied, "If grandpa knows, although he won't beat me so hard, as long as others know about those nasty words that Stephen used to scold you, it won't take long for the Barnett family to know. I don't want to ruin your reputation."

Hearing this, Viola became more and more curious. What exactly did Stephen say to her?

"Do you have a recording? Play it for me."

Get Botha

Jason got into Viola's car and told her what Stephen had said in the car.

"I heard that the boss of the entertainment company behind Jason is an abandoned woman from a wealthy family. And she is an orphan? What a weirdo. I don't know how she got the management rights from Angle Group, she must have slept with Russell! I have seen her appearance in the final selection last time. She is beautiful. However, she is a

whore!"

Viola's face turned dark

Jason said, "Damn it. As I heard this, I want to beat him up again!"

Viola comforted him, "Be good and go back to filming. You don't have to worry about this."

"No way. Viola, are you going to let him off just like that?"

“Who said I was going to let him go?” Viola raised an eyebrow and smirked,

The most difficult thing in the world was to control others’ mouths, but whether she heard it or not was another

result

Since she heard it, with her personality, she would definitely make it back.

While Viola was thinking about it, she drove to the shooting site in Washington and called the assistant to come out to pick him up.

Jason didn’t want to get off the car. “Viola, are we really going to shoot? There seems to be some acting today. I just got beaten up, so I can’t do it at all.”

Viola took out a bottle of ointment for swelling and handed it to him.

“I bought it for you when I came. Go back to the crew lounge to apply medicine and rest. I’ll give you a day off today, but you have to rush back the filming progress.”

Jason was moved and said, “As expected, Viola loves me the most. I will always be your most loyal friend!”

“Don’t be naughty. Hurry up and go.”

Jason chuckled. He was just about to open the car door when he thought of something. He turned his head and said, “If I can continue filming today, I’ll try my best not to delay the progress. But can you attend tonight’s charity party with me?”

Speaking of this, didn't he just want her to go with him?

"Alright." Viola nodded.

When Jason left happily, she called Jimmy.

"Arrange for someone to guard Stephen Muller, the young master of the Muller family in the hospital. When he is discharged, beat him up again. I think he prefers to stay in the hospital. Remember not to leave any traces or evidence behind"

"Yes, Miss."

After giving the order, Viola drove back to Angle Group.

Orlando was also investigating the matter of Anaya.

The results of the investigation were the same as Viola's. There was no progress.

Get Bonto

Orlando frowned and his dark eyes were cold.

"That woman suddenly disappeared at this critical time. This matter is definitely not simple. I don't know if this aims at Viola or if someone from the other side targets me, so I have to investigate! Investigate it thoroughly!"

Todd sighed, "But she really seemed to have vanished into thin air. There was no trace or clue at all. Mt. Caffrey, do you think it's possible that she didn't leave the prison at all?"

Orlando was silent for a moment. "Impossible, she must not be in prison, but she might still be in Washington, hidden by someone."

Who was this person?

As Orlando was thinking, his phone rang.

He looked at the note and saw that it was someone he had never communicated with since he saved the number.

Jaylin Haworth.

"Orlando, I haven't seen you for many years. Do you still remember me?" she asked.

"What's the matter?" Orlando went straight to the point with a cold tone.

Jaylin continued to laugh, "Oh Orlando, you are still so cold to people. However, there is indeed an important matter today. There is a charity party tonight. I sincerely invite you to attend as my male companion. I wonder if you're willing to agree?"

Orlando frowned and did not hide his disgust.

He was about to decisively refuse.

Jaylin seemed to have guessed what he would say and took the initiative to speak.

“Orlando, don’t be in such a hurry to refuse. I heard that Viola will be attending with Mr. Barnett tonight. You must know about Mr. Barnett’s attitude toward Viola.”

When these words came out, Orlando fell silent.

Jaylin continued to say, “One of them is the boss of Angle Group, and the other is the big star of Angle Group. And Mr. Barnett is younger than Viola. If they have any intimate action at the banquet, is it possible to become a popular trend online? Orlando, are you sure you won’t go?”

Jason chased after Viola for a long time.

Orlando narrowed his eyes and seemed to be thinking about something else.

“Alright, I’ll go with you.”
