Chapter 15 I Want Her Dead

Viola met his gaze and laughed.

“In the three years of marriage, I have been honest to you. Besides, I should be the one asking the question,” she looked at Anaya with sarcasm in her eyes as she spoke.

Then Viola and Russell left the hotel without looking back.

But the crowd began to whisper!

This was really a piece of breaking news.

It was rumored that Orlando had a wife who had been hidden for three years, but surprisingly she was the girl Russell brought to the banquet!

The people started to guess.

“From the look in Viola’s eyes when she looked at Anaya before she left, the thing among them must be complex.”

The crowd all looked at Anaya with a questioning look.

Anaya was a little flustered. She didn’t expect that she would shoot herself in the foot.

Now, everyone was wondering if she was a home wrecker.

Orlando’s assistant, Lawson, started to explain to everyone.

“Please don’t misunderstand. Mr. Caffrey and Ms. Zumthor have already divorced and are in a relationship with Ms. Callis. I hope that everyone can give Caffrey Group a favor. Please do not say a word about what happened just now.”

The crowd finally began to disperse.

Alisha recovered her strength and got up. She grabbed Orlando’s sleeve.

The dark circles under her eyes made her look funny. She gnashed her teeth, saying, “Orlando, you must help me with this. That slut bullied me. She was insulting the Caffrey family. You must teach her a lesson!”

“Orlando, Alisha has suffered a lot tonight. What are you going to do to Viola?” Anaya interjected.

Orlando glanced at them.

“Then let’s go to check the security tape first.”

With that, he left away.

A hint of panic flashed across Alisha’s face. She subconsciously glanced at the surveillance camera

on the lamp in the garden

Guessing that the camera could only record video of her being bullied, she was relieved

She caught up with Anaya and Orlando

Viola had instructed the manager of East Hotel before she had left. Therefore, when the three of

them showed up, the manager respectfully brought them into the surveillance room. Before leaving, he took a look at Alisha’s messy face.

Alisha was irritated by his glance and scolded, “What are you looking at? Even though *my face* is smeared, I’m still much nobler than you!”

The manager ran away quickly, cursing silently, *that sounds arrogant. Let’s wait and see.*

In the surveillance room.

They opened the video and watched it carefully.

Alisha had never expected that the surveillance camera in the hotel could actually record sound!

Listening to her vicious curses at Viola in the video, Alisha gradually grew pale.

At the same time, Orlando’s face was overcast with grimness.

Alisha glanced at his face and got completely terrified.

“Orlando, I can explain...”

Orlando ignored her and turned to leave.

“Orlando!”

She caught up with him. “I may have said something harsh, but I didn’t mean anything bad. And you saw it. She pressed my face into the water. I didn’t hurt her a bit!”

Orlando’s face turned livid with rage.

“Alisha, but I know you very well. You wanted to give her the money. I know what you were planning.”

Alisha turned pale and started to cry. “I just want to teach her a lesson. I hate her seducing other men while flirting with you. I just want to avenge you!”

Orlando lowered his eyes, unspeaking.

Alisha thought that he was swayed and continued to talk badly about Viola.

“Look at how intimate *Mr. McGraw* is to her. She must have hooked up with him during the marriage! You should teach the bitch a good lesson.”

She paused and continued, “Why don’t we remove the sound of the video and post it online! We’ll wreck her reputation and let her be denounced.”

Orlando’s face was completely gloomy as he looked at her in disappointment. His eyes carried rage.

“You are unreasonable.”

He pulled Alisha’s hand off his sleeve and ordered, “From today onwards, you are grounded. You are not allowed to go anywhere without my permission. Stay at home and think about what you’ve done!!

With that, he pulled Anaya and left.

Alisha wanted to catch up, but Lawson held her. She could only shout and beg.

In the end, she was forcefully dragged back to the Caffrey’s old residence.

Out of anger, she began to smash things as soon as she went back, and the whole room crackled.

Whitney was woken up by the violent noise and rushed over to see what had happened.

“Baby, what’s going on? Didn’t you go to the banquet? How did it become like this?”

“*Mom!*”

Alisha cried as she threw herself into Whitney’s arms and told Whitney about everything at the banquet. “Mom, you have to help me! My brother is biased! He didn’t punish that slut but grounded me instead! You have to help me vent my anger!”

Whitney felt sorry for her and pat her on the back to help her breathe.

“How do you want me to help you?”

“I want her dead!” Alisha’s eyes were filled with viciousness.
