

Ex-husband Goes Money Comes Chapter 241

Todd had his back to Viola. He didn't immediately turn around. Instead, he secretly exchanged a glance with Ormand.

Viola had a lazy look on her face. She looked confused.

When she went upstairs after making the phone call, she heard Todd and Ormand talking in the room from a distance. However, she could not hear clearly what they were talking about. She only heard some unfamiliar keywords.

"What?"

Seeing that neither of them spoke, Viola glanced from Todd to Ormand.

Todd turned around. Seeing the confusion in her eyes, he believed that Viola wasn't acting. She probably did not hear much of their conversation just now.

Todd smiled and explained, "The inhibitor is a kind of medicine in the laboratory. We were just talking about the confidential information of the National Bureau of Investigation. I'm sorry that I can't tell you any details of it, Ms. Zumthor."

"Really?" Viola tilted her head to look at Ormand.

Ormand nodded and looked calmly, "Are you interested in this? If you really want to know, I will tell you."

On second thought, Viola said, "Forget it. Since it's something confidential, you don't have to tell me. I don't have an interest in knowing either."

Ormand and Todd both secretly let out sighs of relief.

“Then, Ms. Zumthor, I’m not going to disturb your chatting. I’m leaving now.”

Viola nodded. Once Todd left, she sat down on Ormand’s bed and checked the

wound on his chest. It seemed to be getting better now.

In fact, Viola was not really angry with him. She was just using this excuse to sleep in separate rooms with him. Because she was afraid that he would try to seduce her to do something to him at night.

For the sake of his healing, she could not touch him these days!

However, his injuries were much better. Why were the hickeys on his body still so clear?

It was so strange.

Viola frowned and glanced at Ormand when she noticed that he was avoiding her eyes. It was weird.

“It’s been a few days. Why didn’t these hickeys go away? Did you do this yourself?”

“How is this possible!”

Ormand denied it. “How could I do such a strange thing to myself? It’s the first time you took the initiative to kiss me. Why can’t I keep them as souvenirs?”

Viola furrowed her brows, clearly still having doubts in her heart.

“Viola, I want to take a shower.”

Ormand interrupted her thoughts and stared at her with his deep, dark eyes.

“No way, your injury hasn’t fully healed yet. It can’t touch the water. I’ll ask Todd to help you clean your body.”

“You said that I could only show my body to you last time. Do you really want Todd to see my nakedness?” Ormand complained.

Seeing that he was so upset, Viola reached out and touched his handsome face.

A trace of cunning suddenly flashed across her starry eyes, and her red lips curled into a smile.

She approached Ormand and whispered to his ears, “If you want me to help you take a shower, fine. But before that, I have a surprise for you. You will definitely love it.”

Ormand’s eyes lit up, and his heart started to race.

Viola continued, “When we are done, your skin will be sticky. I will help you clean your body then. So we don’t have to clean twice.”

Ormand suppressed the anticipation in his eyes and replied calmly, “Alright.”

“Wait a minute. I’ll go next door to get something.”

Get something?

Ormand got a bad feeling.

Viola had already run off to next door, and soon, she ran back to him.

When she entered again, she had her hands behind her back with a mysterious look on her face.

Then she took off her shoes and got on the bed, straddling him and kneeling on the sheet

She began to patiently unbutton his shirt one by one.

Sometimes, her cold fingers would occasionally touch his warm skin when she unbuttoned his shirt.

It was as if she was intentionally seducing Ormand, causing him to tremble and his breathing to quicken.

This was exactly what happened that day when they were in the hospital.

Did Viola finally think it through and decide to bang him now?

However, before Ormand could feel happy, he saw Viola take out a dark green jar behind her and open the lid. Suddenly, a light smell of medicine wafted out.

Ormand was puzzled.

Viola met his puzzled gaze and dug out a piece of dark brown ointment with her finger. After rubbing the ointment on her palm, she gently applied it to the hickeys on Ormand's skin after it had melted.

"Orin, this is a method I specially asked the doctor about yesterday. It will be helpful to improve your blood circulation. These hickeys will go down tomorrow. Are you happy?"

She said it with a cute look on her face.

Her clear and bright eyes revealed her determination to completely destroy the evidence.

She would never let the fourth person know what she impulsively did in the hospital that day!

Ormand was speechless.

Shit. What was he looking forward to?

Viola noticed the disappointment in his eyes and asked curiously, "Why do you look unhappy? Don't you like this surprise?"

It was the first time she had personally given anyone a massage!

Ormand took a deep breath, ground his teeth, and squeezed out two words from his teeth, "I do!"

Viola was very happy and she massaged him harder. She learned massage techniques on the Internet yesterday. She was determined to let Ormand be her first laboratory mouse today!

“Orin, don’t move. I will try my best to be gentle to you!”

Ormand tilted his head and looked out of the window, not moving and letting her do whatever she wanted.

He pursed his lips, and his expression was particularly gloomy.

“Will it hurt? Do you need me to be gentler? Forget it. I think I should massage you harder. Endure the pain!

“Your abs are so amazing...

“How do you feel? Is that comfortable? Am I awesome? Hey, say something to praise me!”

Ormand was lost for words.

“Yes! You are awesome!”

When Viola entered the door, she forgot to close the bedroom door. The door was ajar.

Her voice was not loud, but it was enough for Todd to hear clearly when he went upstairs.

Especially Ormand’s last sentence and his groan, which sounded particularly explicit

Are they...

Todd was so shocked that his jaw almost dropped.

Did he just hear the live broadcast of Orlando and Viola's sex?

Damn it! His ears got dirty!

Orlando had just stopped messing around for two days. How could he bang Viola again?

That was too much!

Viola was a monster!

Todd was so worried about Orlando's safety that he anxiously stamped his feet on the stairs

No!

Even if Orlando would be angry at him and dock his wages, he had to do something!

Todd rubbed his hands and pondered for a while.

Suddenly, an idea came to his mind.

He quietly went upstairs and stood in the bedroom aisle.

And then, he began to clap his hands very rhythmically.

Viola and Ormand in the room heard his applause.

Viola looked out the door but didn't see anyone. She approached Ormand and whispered, "What is Todd doing? What's wrong with him? You are his boss, you should be more concerned about the psychological health of your subordinates, do you know?"

Ormand was speechless.

His face darkened.

Because he understood what Todd was doing.

Todd thought that they were having sex.

He was applauding to hint at Ormand, "Moderation is important!"
