

## Ex-husband Goes Money Comes Chapter 249

Willard patted his shoulder in relief.

It was not that Willard was not good to his daughter, but that he had been controlled by his daughter's mother for a

lifetime.

Viola was arrogant and afraid of nothing. just like her mother.

Willard didn't want Viola to go through what her mother had gone through. He hoped that Viola would be obedient and have someone to take care of her, then she wouldn't take risks or put herself in danger. He wanted her to live a peaceful life,

After coming out of the study, Ormand thought about this matter.

Viola stood in the corridor waiting for him. She noticed that he had something on his mind, "What did my father say to you? You look so worried."

Ormand came to her and held her hand.

"Nothing. He asked me to take good care of you in the future. Let's go. It's getting late"

They held hands and sat in the car back to the Hobson's villa.

In the car, Viola noticed that Ormand's lips were pale and he didn't look well. She was a little worried about him.

“Are you sure you are fine? Do you want to go see a doctor?”

“No. I’m fine,”

Ormand shook his head lightly.

The temporary loss of sight and hearing he had in the garden didn’t appear again.

Perhaps he was thinking too much.

But Willard did give him a hard time.

If he didn’t convince Willard, Ormand couldn’t get Viola even if they were engaged.

But why would Willard deal with Viola?

Seeing that Ormand was absent-minded, Viola didn’t ask any more questions,

The next morning

Ormand had to attend the annual staff meeting of the Hobson Group, and Viola had to attend a meeting in the Angle

Group.

They went out together.

After sending Viola to the Angle Group, Ormand led to the Hobson Group.

Todd had been waiting for him at the door.

The long staff meeting was finally over three hours later.

In the president's office, Todd handed Ormand the summary of the conference.

Ormand took it and stared at the documents in a daze.

"Mr. Hobson?"

"Yes?" Ormand was startled.

"You got the document upside down."

Ormand didn't feel embarrassed. He turned the document over and flipped it over.

Todd could tell that Ormand had something on his mind.

Todd felt upset that he had his money deducted and was not allowed to enter the villa. Now he found a chance to make up for it.

“Mr. Hobson, if you have anything that you can’t figure out, you can tell me. I might be able to help you.”

Ormand thought for a moment and asked, “Who do you think will have the final say on family matters, me or Viola?”

Todd frowned

The answer was self-evident.

“It must be Ms. Zumthor!”

“Why? How do you know?” Ormand asked with a frown.

“Todd said seriously. “Mr. Hobson, the answer is self-evident. All the higher-ups in the company know that you are henpecked. You are afraid of Ms. McGraw.”

Ormand’s eyelids twitched, and his dark eyes were deep and terrifying

Todd just said that the higher-ups in the company knew about that!

“I am just giving in to Viola. I’m not henpecked.”

Todd dodged Ormand’s gaze, not daring to expose him.

Ormand’s face turned cold. If he let the rumors spread in the company, they would soon become real.

He had to find a way to regain his dignity as a man from Viola!

“Do you have any ideas?”

“Mr. Hobson, what do you mean?” asked Todd in confusion.

“Willard wants me to discipline Viola and try to turn her into an obedient wife. Otherwise, he will reconsider my marriage with Viola. How can I establish my authority in front of Viola?”

Todd’s eyes widened in shock, and he couldn’t hold back his laughter.

With Viola’s personality, this was an impossible task for Ormand.

But looking at Ormand’s serious face, Todd paced back and forth in the office, helping him think of a way.

“I got it. Wait a minute!”

Todd ran out of the office

Five minutes later, Todd came back with a thick redwood ruler and handed it to Ormand.

Woman is disobedient, she has to be properly disciplined. You need to make rules in the family. If she breaks the rules, you will punish her with the ruler.”

Ormand’s face darkened as he examined the ruler in his hand. It was as thick as his pinky. It must be very painful when Viola was hit by it.

Hut Ormand couldn't bear to hit her with the ruler.

What if she was scared away?

"You want me to beat her up with the ruler to establish my authority?" Ormund asked coldly.

"No. You don't have to really hit her. You just show your fierce look and scare her. Many women want men to be domineering. What if she likes this?"

Ormand looked at the ruler in his hand and was lost in thought.

nd heute at Viola in the living room, and Viola

Last night, before they went to the McGraw's villa for dinner, she cried aggrievedly and pitifully.

He had never been so fierce to her. Maybe this method would work

"Anyway, it's just a try. When the time comes, you'll have to play it by ear. If it didn't work you had to admit your mistakes sincerely. She will forgive you."

Ormand pondered carefully planning to give it a try tonight!

It was almost time to get off work. Viola packed her things in advance and waited for Ormund to pick her up.

Moreover, the surprise gift she had custom-made for Ormund had also arrive. She would find an opportunity to try it out tonight!

Rayna suddenly knocked on the door and came in, looking anxious

“Ms. McGraw, something has happened!”

“What’s the matter?” Viola

used as she tidied the table.

“Sherivi didn’t go to the group activity today. The agent just looked for her and found that she secretly went to Freefait Lake and committed suicide!

“What! Suicide? How’s she?” Viola rose from her chair.

“Fortunately, we found her in time. She has been sent to the hospital for treatment, but she was probably seen by many people passing by when she jumped off the lake. Butterfly Girls is in the limelight. Once the news of her committing suicide spreads out, it will have a great impact on us!”

When negative news about popular groups was spread, it would arouse netizens’ suspicions, then the other girls would be seriously affected,

Viola sat back in the office chair and calmly analyzed the situation.

“Get all the surveillance cameras in the surroundings and send public relations to find all the passers-by as quickly as possible. Give them hush money. If you find any videos, delete them. In addition, contact the influential media companies and stop them from reporting the news.”

flayna silid, "But there are blind spots in the surveillance cameras. It will take a lot of time and energy to find all the passers-by."

"Let's try our best to minimize the negative effects of the matter. If it doesn't work, listen to my arrangements."

"Yes."

"Give me the address of the hospital Sherlyn was sent to."

"Yes, Ms. McGraw."

After getting the address of the hospital. Viola immediately took a taxi there. Sherlyn had suffered a lot. If she had not encountered something particularly serious, Sherlyn definitely would not have chosen to commit suicide

Viola had left in a hurry. Things had happened so suddenly that she had forgotten to send a message to Ormand, who was about to pick her up
