

Ex-husband Goes Money Comes Chapter 252

Ormand thought, just kneel for 30 minutes?

He heaved a sigh of relief.

Viola was so angry a few days ago. According to her previous ruthlessness toward him, he had thought that she would make him kneel all night or at least four or five hours.

Viola was already much gentler than before.

It seemed like Viola was concerned about him.

He felt much better and reluctantly moved his head away from Viola's legs. He straightened his back to accept the punishment.

Since he was in the standard posture, his full body was supported by only his knees, and they were getting more and more painful. He constantly adjusted his breathing and closed his eyes from time to time to count the time.

Seeing that he was no longer messing with her, Viola turned on her phone and continued to deal with Sherlyn's matter.

Rayna sent Viola a lot of messages in a row. Just now, Viola was busy disciplining Ormand and forgot to look at her phone.

Viola checked the messages. Rayna told her to look at the trending topic on Twitter.

The matter of Sherlyn killing herself could not be suppressed. The video was posted online by passers-by, and it became a trending topic. The public relations department of Angle Group had already tried its best to divert the attention. However, the topic was too hot, and it remained in the top ten trending topics.

Viola was thinking of a solution when she received a lot of high-definition photos from Dark Bell.

In the photos, Rex and Susan were holding hands and kissing at night. The high-definition digital cameras in the hotel room captured them having sex. There were more than 20 photos of them.

The corners of Viola's lips curled up into a smile.

Viola called Rayna. "In the name of Angle Group, announce that Sherlyn is the victim and Rex's ex-girlfriend and that she chose to kill herself because she was heartbroken.

"In addition, I have a photo. Blur the woman in it, but make sure it can be seen that she is not Sherlyn. Send it to the media and ask them to quickly post news to attract attention."

After hanging up the phone, Viola selected a high-definition photo that was shocking but not particularly obscene and sent it to Rayna.

Ten minutes later, the trending topics quickly changed, and the hashtag "Rex's cheating caused Sherlyn to be sad and kill herself" quickly became the top trending topic.

Fantasy Entertainment, Rex's company, got anxious and immediately issued a statement, denying that Rex had been in a relationship with Sherlyn and that Rex had cheated on Sherlyn. Fantasy Entertainment also posted a lawyer letter, saying that it wanted to sue those who spread rumors.

Viola read the post on Fantasy Entertainment's official Twitter account and used her account to post a tweet.

"No one can hide their dirty secrets forever. Some people think they are so cautious that everyone will not know the outrageous things they have done. It does not matter whether they admit what they did or not, evidence will be revealed.

"If some people still have a conscience, please sincerely apologize to my company's harmed actress and admit all your evil deeds. Otherwise, bear the consequences."

Not long after this tweet was posted, Viola received a call from Rex's agent.

Rex's agent said, "Ms. McGraw, do you have evidence in your hand?"

Viola said coldly, "What will happen if twenty or so high-definition pictures

appear on the big screen in the square tomorrow?"

"Please don't do that! My boss means that you have just entered the market in Salt Lake City and are not stable. Let's take a step back. How much do you want?"

Viola laughed, "Your company can't afford it. If you give me too little, I will not accept it. My goal is very simple. I only want Rex to apologize, admit all the mistakes, and quit showbiz. He must do all these things."

"This..."

"You can't decide on this matter. Ask your boss if he is willing to give up Rex or give up the entire company. Let him choose by himself. I want to see the results tomorrow at the latest. Otherwise, the trending topic tomorrow will be Fantasy Entertainment's scandals."

After hanging up the phone, Viola sent Rayna a message again: "Suspend Butterfly Girls' recent group work. Other than Sherlyn and Susan, the other members will continue their work. Keep an eye on Susan. I will deal with her when I have time."

Just as Viola was concentrating on texting, her sleeve was suddenly pulled gently by a man beside her.

Ormand's breathing was a bit heavy, his forehead dripping with cold sweat. His knees were almost numb from the pain, and he endured this torment for over half an hour.

He was using his method to silently remind Viola.

It was time!

Viola was busy texting, so she ignored him.

Ormand felt so helpless and aggrieved that he could only weakly call out to her, "Viola."

"Yes."

Viola didn't even raise her head as she casually replied. Her attention wasn't on him at all.

"It hurts." 30 minutes had passed.

He tugged at her sleeve harder.

"Alright," Viola responded perfunctorily without raising her head.

What did she mean?

Should he get up or not?

Ormand couldn't understand her attitude. After ten minutes, Viola was still looking at her phone.

Was the phone more attractive than him? Or was she addicted to punishing him?

Ormand was furious.

He quickly got up from the ground and grabbed Viola's slender wrists. He pressed her onto the bed and wrapped his arms around her.

“Eh? Give me back my phone!”

Ormand pressed her harder, not allowing her to get her phone.

“Which is more important, me or your phone?”

Viola frowned. What kind of problem was this? Was there a comparison?

“Of course, it’s you.” Chapter 252 Vig’a, Get Ready to Accept My Punishment!

Ormand snorted and leaned closer to her. “Then why did you only look at your phone instead of me?”

“I ... I’m dealing with work.” Viola turned her face away. Her cheeks turned red after being tickled by his breath.

“Work will never be finished, and it will be the same if you deal with it

tomorrow.”

His eyes narrowed slightly. He licked his teeth with the tip of his tongue and smiled wickedly. “You’ve punished me for so long, Are you happy? Is it my turn now?”

“Huh?” Viola raised her tone in confusion.

Ormand answered her with his actions.

He grabbed her arm and flipped her over.

“Tonight, no matter what you say, you can’t stop me! Viola, are you ready to accept my punishment?”
His husky voice was near her ears.

Viola felt his dangerous aura and understood what he meant. She immediately panicked.

“Wait! Your injuries haven’t healed yet. You can’t do that!”

“I’m fine now!”

Ormand raised her silk nightgown.

She was so sexy, making him burn with desire. Ormand unconsciously swallowed.

Viola was stunned.

She thought, what?

So it is not the kind of punishment I thought it would be.

Before Viola could rejoice, Ormand had an evil smile on his handsome face. He directly covered her mouth with his uninjured right hand, not giving her any chance to speak or resist.

Immediately after that, no matter how she sobbed, he didn't release her.

Only then did Viola realize that tonight's punishment had made Ormand very aggrieved and angry. He had probably been holding back his anger for a long time.

He doted on her and loved her very much. As long as she didn't cross the line, he let her vent her anger as she liked.

However, she couldn't go too far, and she couldn't cross his limit.

Or he would be like this.

Using his method, he gave her fierce punishment his way!
