

Ex-husband Goes Money Comes Chapter 264

However, as an older brother, Russell could not snatch breakfast from Viola, so he could only be in a sulk.

The two girls chatted happily, and Russell could not even chime in, as if he

was isolated by them.

It made Russell feel depressed when he had breakfast.

On the contrary, Sherlyn and Viola had a pleasant meal.

After the meal, Russell went to work.

Because Viola was here, and she was on the same way to the company with Sherlyn, Russell didn't send Sherlyn down the mountain.

In the car, Russell looked at Warren, who was in the passenger seat, and asked, "Don't you feel that something is weird today?"

"Weird?"

Warren was puzzled and turned to look at Russell. "No, it's the same as usual."

Russell did not say anything else. He turned on his computer to check on his work for the day.

Just as his car left Adain Mountain, 300 feet away, Rebecca's car quietly stopped at the corner, and she was silently watching his luxury car leave.

Roger said, "Today, Mr. McGraw didn't seem to send that woman down the mountain. She should still be in the villa."

Rebecca said through her clenched teeth, "That's good. I'm going to take that slut away today!"

With the identity of Russell's fiancée, Rebecca was unimpeded when she went to Adain Mountain.

Viola was washing dishes and chatting with Sherlyn.

"Knock! Knock!"

Suddenly, someone knocked on the door.

Viola was suspicious. She mumbled as she opened the door, "Russell, don't you have the key? You don't even want to open the door. Did you forget to bring the documents? I saw it!"

When the door opened, Viola saw Rebecca's furious eyes. "Ms. Falcon?"

When Rebecca saw Viola, Rebecca was very surprised. "Viola, why is it you? Is there another woman here?"

"Ms. Falcon came over so early in the morning just to question me?" Viola was baffled and smiled coldly.

Rebecca was too lazy to argue with her and directly pushed her away, rushing into the living room.

When Sherlyn heard the commotion, she just finished cleaning up the dishes.

and came out of the kitchen. Her eyes met Rebecca's.

Rebecca looked her up and down and flared up. Then she rushed over to

Sherlyn and slapped her in the face.

"Bitch! How dare you seduce Russell!"

Sherlyn was a poor child who grew up in a welfare home and had been through

ups and downs since she was a child.

Sherlyn instinctively reacted to defend herself and grabbed Rebecca's wrist.

Rebecca broke free twice, but she failed.

She was a spoiled lady from a rich family. How could she be stronger than

Sherlyn?

She was furious, "How dare you fight back? I have to tear your face today. Roger, come in! Beat her!"

Roger brought two bodyguards and aggressively headed toward Sherlyn.

Viola immediately stood in front of Sherlyn. "Rebecca, this is the McGraw's house. What are you doing?"

"Viola! I'm Russell's fiancée. Why didn't you help me? Why did you defend that slut?" Rebecca shouted, her face twisting in anger.

"How rude of you! Where are your good manners?"

Viola narrowed her cold eyes and continued, "Moreover, Sherlyn is my guest. I was the one who told her to stay here temporarily. Nothing happened between Sherlyn and Russell. Don't bite like a mad dog!"

"There's nothing between them?"

Rebecca had long lost her rationality.

"She ate and slept with Russell under the same roof. My men saw her several times! You think there's nothing between them?"

Rebecca gritted her teeth in anger, and she looked at Viola with viciousness.

"As I said before, as long as you don't make things difficult for me, I can get along peacefully with you, but not only do you not restrain yourself, you even set up this slut and Russell! I will just deal with you as well!"

Rebecca looked at Roger and said, "Beat them both and tie them back!"

"Ms. Falcon, this is Ms. McGraw!" Roger did not dare to move.

Everyone knew that the head of the McGraw family and the three male heirs of the McGraw family doted on Viola.

No one dared to offend Viola at all.

"Do as I say. If anything happens, I'll take responsibility! If you don't dare to make a move, then get the hell out of the Falcon family!" Rebecca was so angry that she couldn't think normally.

Roger had no choice but to brace himself and give the bodyguards a look.

The two bodyguards took out their electric batons and approached Viola and Sherlyn.

Viola looked at the electric batons in their hands and shielded Sherlyn behind her.

When she looked at Rebecca, Viola's eyes were sharp.

"If you dare to hurt a finger of mine in the McGraw's mouse, I promise you and these lackeys can't leave Adain Mountain. Try it."

The bodyguards were instantly terrified and hesitated to move forward.

Rebecca sneered disdainfully, "I am Russell's fiancée. He keeps a mistress. Even if your father comes personally, he won't be able to stop me.

"As for you, you will just be accidentally injured by my bodyguards. I will personally apologize to your father. I know that you know jujitsu, but it is difficult to fight against the electric batons with bare hands, right?"

Rebecca chuckled.

The bodyguard immediately turned the electric baton to its maximum and braced himself to swing it.

Sherlyn immediately pushed Viola away from behind and let the electric batons hit her.

"Sherlyn!" Viola was caught off guard and staggered two steps before she could steady herself.

When the electric baton hit Sherlyn, a loud sound suddenly came from the

open door, and someone flew in at great speed.

In the next second, the back of the bodyguard's hand was pierced by a dagger, and blood gurgled out.

The electric baton in the bodyguard's hand fell to the ground, and his painful howl sounded in the living room.

"Ms. Falcon, are you taking yourself too seriously? How dare you beat my people in my territory?"

The angry voice came in from outside the garden.

This familiar voice scared Rebecca so much that she held her breath.

Why was Russell back? Rebecca saw with her own eyes that he had already left Adain Mountain.

Everyone in the room looked outside.

Russell walked against the light, and his gentle and handsome face was full of grimness.

If he hadn't left in such a hurry that he forgot to take the meeting documents on the table, he wouldn't have come back and seen the disgusting appearance of Rebecca acting like a tyrant in his villa.

"Russell, the engagement between you and me was already made by the elders of our families. Even if you were reluctant to marry me and tried to cancel the engagement, I'm still your fiancée. You know very well what the consequence was if you don't want to marry me," Rebecca said.

Russell didn't even look at Rebecca. He walked past her and went to check on Viola and Sherlyn.

"Are you hurt?"

Viola and Sherlyn shook their heads.

Rebecca was so angry that her eyes turned red when Russell didn't care about

her.

"Last time in Washington, you quarreled with me for Viola and even broke off

the engagement. I endured it. But this time, you actually lived with another

woman. Where do you put the Falcon family and the McGraw family?"

Hearing this, Viola frowned.

Rebecca was so stupid. Viola had already told her that there was nothing between Sherlyn and Russell.

Was Rebecca out of her mind?

Viola was about to explain.

But Russell said, "The Falcon family and the McGraw family have lost their faces because of you. When you planned to get engaged to me, you only made me sick."

Russell stared at Rebecca sharply and sneered, "However, there is something that you guessed right. I like Sherlyn and I want to marry her, so your engagement with me will only be a joke. This time, I will cancel this marriage at all costs!"

After he said this, not only was Rebecca stunned, but Viola and Sherlyn also

looked at Russell in shock.
