

Ex-husband Goes Money Comes Chapter 286

Viola kissed Ormand's palm gently, with her eyes closed. Her beautiful face looked calm and serious.

Ormand looked at this in a daze, feeling touched.

"Does it hurt?" Viola asked after kissing his palm.

Ormand wanted to say it was okay, but he suddenly remembered the bitter price he said last time, and decided not to say that.

His long eyelashes fluttered as he mumbled, "It hurts..."

Viola gazed at Ormand with appreciation as she raised her voice and said, "Oh, you've learned your lesson. Now that you know to say it hurts, it looks like you didn't suffer for nothing last time."

After kissing his palm a few more times, Viola got up and put the ruler back into the drawer, taking out an ointment.

While applying the ointment to Ormand's palms and knees, Viola puffed up her cheeks and blew some air to help him ease the pain.

"In the future, if you have something on your mind, just tell me. The medicine is bitter. If you discuss it with me in advance, there will be no such thing. Don't you agree?"

Ormand nodded and looked at her with a gentle gaze. He was very satisfied.

With her being around, Ormand even felt the bickering with her was happy.

One minute he was immersed in happiness, but the next Viola's words made him feel bad.

Viola said, "Actually, I was planning to let you go tonight. I planned to bring you back to your room to apply ointment to your knees. Who knew that you loved pretending so much and didn't know where you were wrong at all?"

Basically, you asked for the beating."

Ormand's back became stiff, staring at the palm of his left hand in a daze.

"So, was Viola telling him that he was the one who caused this beating?"

Ormand was speechless.

He had never been more depressed than now.

The wound on his palm seemed to hurt even more!

"Viola, don't leave tonight. Sleep with me, okay?" Ormand got into Viola's chest, his handsome face filled with sorrow.

Viola was stunned for two seconds. She wiped the residual ointment on her fingertips with a wet towel before touching his handsome face.

"No, wait until your body is better. Since you want to sleep with me so much, then keep taking medicine and exercising. You should take good care of your body and hope to recover early."

“But...”

It was almost winter, and with his physical condition, Ormand didn't know if he could survive next spring.

After thinking about it, Ormand didn't say anything in the end and watched Viola leave the room.

Since Viola didn't need to work the next day, she stayed with Ormand for the whole day.

Todd did not have the chance to beg for forgiveness.

Todd was so nervous that he couldn't sleep for two nights. When Viola went to work on the third day, he went to supervise Ormand to take medicine at noon. Chapter 2861 Learned it From You

Feeling uneasy, Todd knocked on the door of the study.

“Come in.”

Ormand's deep voice made it hard for Todd to tell Ormand's emotions.

Todd took a deep breath and carefully opened the door. He lifted the amber curtain and walked towards Ormand with heavy steps.

Ormand stopped typing and looked at Todd coldly.

“Mr. Hobson, the night before yesterday, you, you... Are you all right?”

“It’s pretty good. It was all thanks to you that Viola hit me 40 times.” Ormand’s handsome face was cold and his dark eyes seemed ruthless as he mercilessly blamed Todd.

Todd was breathing heavily, he felt his hands start to tremble.

Before Todd could start to cry and beg for mercy, Ormand continued, “I heard that there is a small country called Burundi in Africa. Recently, it has been recruiting a large number of coal-digging workers. I think you are quite suitable. How about I transfer you over?”

“What?”

Todd was shocked. He threw himself at Ormand’s feet, hugged Ormand’s thigh, and shouted.

“Mr. Hobson, I’m sorry! It’s all my fault. Why don’t you beat me back? I don’t want to go to Burundi to dig coal! I won’t leave you! Since I have been with you for so many years and have worked hard without any complaint, please give me another chance to make up for it!”

At the end of Todd’s speech, Todd took a sip of saliva to his eyes, his face full of grief, and his howl very heart-wrenching.

Ormand thought, “This trick again.”

Ormand was disgusted by it and kicked Todd lightly.

“I won’t go! I won’t go to Burundi. Mr. Hobson, you might as well kill me! It is my honor to die in your hands!”

Todd was hugging Ormand’s leg, refusing to let go. With Ormand’s kicking, Todd’s body swayed left and right like a sticky worm.

Ormand was speechless but also laughed at Todd’s shameless behavior.

Ormand said in a furious tone, “Son of a bitch! If you don’t want to be sent to Burundi to dig coal, then scam far away. Don’t bother me for the next two days! Hurry up and get out!”

“Alright! I’ll get lost now!”

Todd lay on the ground, rolling around toward the door.

Ormand held his forehead and watched Todd leave the study in this funny way. The anger in Ormand’s heart had been successfully reduced a lot by Todd’s ridiculous behavior.

However, just as Ormand looked at the computer screen, his hand had yet to start typing

Something at his feet grabbed his calf.

“Why are you back here?” Ormand frowned.

“Mr. Hobson, Todd, who was the fourth captain of National Bureau of Investigation just now, has gotten lost. The one who came back now is Todd, who was ordered by Ms. Zumthor to supervise you to take the medicine. I am now under the control of Ms. Zumthor...

“You!”

Ormand gritted his teeth in anger, picked up the coffee cup on the table, and was about to throw it toward Todd.

Todd covered his head with his hands but he didn't dare to dodge it. “Mr. Hobson, you can vent your anger! My body is strong and I can be a punching bag! But I won't leave. Otherwise, I won't be able to report to Ms. Zumthor. You definitely don't want her to know that you want to settle scores with me, right?”

Viola gave Todd a perfect excuse to avoid Ormand's scolding that day.

“Well, well, well. You have a backer now and you dare to threaten me?”

Ormand became stern and the room was filled with tension.

Todd said, “I wouldn't dare! But... Once I leave, if Viola finds out, she will definitely think that you don't want to listen to her orders and deliberately blame me. She will definitely be angry with you!”

"I'm doing this for the sake of you, Mr. Hobson! I'm loyal to you!" Todd got up from the ground and squatted by Ormand's feet, massaging Ormand's legs in a flattering manner.

"Why are you getting more and more shameless now? Who did you learn it, from?" Ormand narrowed his eyes in disbelief.

"Of course it was from you..." Todd reacted quickly and changed his words. "Ah, no! Mr. Hobson didn't teach me that. I was self-taught and was born shameless!"

Ormand was angry but also wanted to laugh. He shook his head helplessly and ignored Todd. He returned back to work.

In the end, Todd didn't leave.

Todd squatted down by Ormand's feet and massaged Ormand's legs and knees.

After Todd fawned at Ormand for the entire morning, Ormand finally became not angry anymore.

The peaceful days always passed quickly. I panned it From You

A few days later.

It was Rebecca's birthday banquet.

Viola was helping Ormand put on his tie and frowned. "The weather is getting colder. Also, I don't really want you to go to the Falcon family's banquet this time."

“Because it’s not a simple banquet, so I have to go,” Ormand said as he grabbed Viola’s fingertips.

Ormand would support and help no matter what Viola wanted to do.

If Viola wanted to cause trouble, Ormand would definitely cause the Falcon family big trouble!
