

## Ex-husband Goes Money Comes Chapter 291

Rebecca was panting.

The bodyguards of the Falcon family quickly guarded the door, preventing Ormand, Russell, and Todd from entering.

“Mr. Hobson, Russell, since Viola chose to be with my brother, we should respect her choice. Now that this matter has been known by all the wealthy families, we should think about how to face the media and subside tomorrow’s hot topic.”

Ormand narrowed his eyes and his face was dark with rage as he said two words coldly.

“Fuck off!”

Rebecca didn’t move. Under her malicious eyes, there was a hint of

sarcasm.

“Mr. Hobson, once the news is exposed, Viola’s reputation will be ruined. After all, she is your fiancée. Why are you so cruel to her?”

“I only believe what I see with my own eyes. Rebecca, if Viola is not in it, I will not let the Falcon family go for trying to ruin my fiancée’s reputation!”

Ormand said in a vicious tone, and his dark eyes seemed to have seen through everything.

Russell also felt that it was impossible for Viola to do such a thing. He looked at Rebecca in disgust and said, “you’d better pray that this matter has nothing to do with the Falcon family. Otherwise, I and the

McGraw family will never let it go!"

Rebecca was stunned.

Ormand didn't want to talk to Rebecca anymore. He glanced at Todd and said, "Kick open the door. If they don't let us in, just break in!"

Todd clenched his fists.

In Todd's eyes, the bodyguards of the Falcon family were nothing. They were soon knocked down by him in two or three rounds.

Todd kicked the door hard and announced the death of the lock on the spot.

Rebecca sneered, "Mr. Hobson, calm down later. Although you have been cuckolded, it was Viola who took the initiative. It has nothing to

do with my brother. You'd better vent your anger toward the right person!"

Ormand didn't respond.

Then came John and Melinda, who had just finished comforting the guests in the garden and rushed upstairs.

The door was kicked open by Todd forcefully.

The bedroom was dark, and the curtains were tightly drawn. The air was faintly filled with an ambiguous smell.

Todd turned on the light.

On the white king-sized bed.

Two bodies intertwined and were tightly wrapped under the quilt.

Melinda covered her eyes and sighed, "Alas! What a curse! Those children are really..."

Receiving Ormand's hint, Todd stepped forward and lifted the quilt.

There was no Viola.

Those were two male naked bodies!

Everyone was shocked to see the naked bodies on the bed.

There was an unusual blush on Stanley's face, and he was obviously not very conscious. The other man's hands and feet were tied, and his mouth was blocked. There were traces of love marks all over his body.

Todd touched his nose and chuckled. "Mr. Falcon's taste is really ... unique!"

Rebecca had been waiting for Ormand to lose his temper, but he was exceptionally calm and suspicious.

Rebecca lost her cool until she recognized who was lying on the bed.

“Why are you here? Where is Viola?”

The other guy on the bed was Chad sent by Rebecca to make Viola faint!

John and Melinda were also in a panic!

John was furious. “You bastard! You ruined the reputation of the

Falcon family!”

Melinda panicked and shouted, “Cover yourself with the quilt. What’s wrong with you?”

But everyone who came in was shocked by the scene on the bed, and no one listened to Melinda’s order at all.

With Chad’s terrifying sound, the room was very noisy.

However, Stanley seemed to be possessed. He held Chad in his arms and kissed him wildly. Stanley said firmly, "Viola, you finally belong to me! Viola, Viola..."

Ormand's eyes were bloodshot and filled with killing intent.

"How dare you call my fiancée's name! Beat him to death!"

"Yes, sir!"

Todd quickly stepped forward and gave Stanley two punches.

Stanley's face was covered with bruises, and the corners of his mouth were bleeding.

Todd grabbed Stanley's hair and pointed at Chad, "Mr. Falcon, look! Who is the man sleeping with you?"

Under the effect of the drug, Stanley couldn't be sober at all. Like a repeating machine, he repeated, "Viola! My Viola! You must marry me..."

John felt so humiliated that he planned to drive Ormand and Russell away. After all, this was the family matter of the Falcon family and

he had to close the door to deal with it.

However, before John could say anything, a clear and soft female voice suddenly came from outside.

“Hey, someone is calling me? I just left to deal with some personal affairs. What did I miss?”

Viola’s red lips were raised, and her beautiful neck was raised slightly. She was as noble and cool as ever.

Viola didn’t come alone.

Viola also brought a lot of media from the garden. The cameras were aimed at the big bed and shot wildly.

Among them, Nolan was also wearing a peaked cap. The camera in his hand was recording a video, which was connected to the big screen in the garden downstairs.

The super HD screen in the garden was on, and a female star was singing on the stage.

The large screen behind her suddenly switched to the scenes of two intertwining figures inside the Falcon’s villa.

The audience burst into an uproar, and many people were so shocked that they couldn’t relocate their jaws.

It was the first time for the ladies to see such a disgusting scene of two men. They were frightened and screamed.

The garden was in a mess.

“Oh my! Didn’t you say that Ms. McGraw slept with Mr. Falcon? Why is he a man?”

“Mr. Falcon is a...! Damn! This is so disgusting!”

“It’s outrageous for Stanly to do such a crazy thing at his sister’s birthday party!”

“And they want to ruin the reputation of Ms. McGraw. The Falcon family is really shameless!”

In the past, Stanley was always a gentle gentleman in everyone’s

eyes.

However, his good reputation, which had been built for more than twenty years, was ruined by the livestream.

Someone grumbled.

Someone gloated and recorded this scene with their mobile phones.

Some of them even began to smash their glasses and claim that they would cut off business with the Falcon family.

The situation in the villa was not much better.

Seeing Viola come in, Ormand stepped forward and stood in front of Viola. He covered her eyes and didn’t allow her to look at the hot

scene.

Viola was unwilling and pouted, "Let me have a look. What's so interesting?"

Ormand was annoyed. He lifted Viola up and said in a low and gentle voice, "You're the youngest one here. It's not children-appropriate. Honey, let's go back."

Viola held Ormand's neck tightly and didn't struggle or retort.

As soon as they walked out of the door, Ormand stopped and said to John in a cold tone, "I won't let go of what happened tonight. Let the Falcon family wait and see!"

John and Melinda called the servants to disperse the media and stop those people from shooting.

They had a headache because of this mess.

"Ormand! About this..."

Ormand didn't want to listen to John's explanation, so he left with

Viola in his arms.

Holding Ormand's arm tightly, Viola turned around to look at Russell. Worried, she said a few words to Russell in silence.

Russell understood.

What Viola said was "keep an eye on Sherlyn".

Russell frowned and thought for a while.

Realizing something, Russell immediately ran in the opposite direction to look for Sherlyn.

Rebecca stopped him, "Russell, where are you going?"
