

## Ex-husband Goes Money Comes Chapter 311

Soon, Ormand was completely asleep.

Viola carefully placed him on the bed, covered him with a blanket, and left the room quietly to find Kolby.

“Kolby, since you’ve already obtained this blue medicine, can we replicate a similar one or develop an antidote based on the ingredients of this medicine?”

Kolby looked serious. He thought for a while and shook his head. “There are several ingredients in this medicine, but there is no data in the lab. I have checked it. It doesn’t look like medicine in our country.”

He paused for a moment before continuing, “Super 404 can’t be cured by an ordinary antidote. Since Jerry can take out the antidote for the disease, it is definitely not from the country. Moreover, the medicine must contain some core technology.”

But this was only his guess. After all, he had not seen the medicine, so he was not that sure.

Viola thought carefully.

She planned to observe Ormand’s condition after he used the blue medicine. After a while, she would consider talking to Jerry.

Ormand slept for an entire day and night.

When he woke up, Kolby immediately examined his body.

Ormand was very cooperative, but his expression was cold. He didn't even look at Viola.

His body absorbed the medicine very well, and his debilitation disease had been cured. His heart-wrenching disease was also cured, and even the spreading speed of the virus was much lower than before.

Everyone was pleasantly surprised. Only Ormand had no expression on his face.

On the way, they returned to Viorin...

Viola was about to help him, but he dodged her with a calm expression.

"No need. My body has already recovered. I don't need any support."

Looking at his back as he entered the villa alone, Viola froze in place.

"Don't worry, Ms. Zumthor. I know him well. No one has ever dared to force him to do anything. This is not a small matter, so he will feel uncomfortable. I think he will be fine after a few

days." Todd went close to Viola and comforted her.

"I know."

Viola silently followed him into the villa. Ormand directly went upstairs and closed the door.

He didn't say a word to her.

Viola felt a bit upset, but she didn't say anything, returning to her room silently.

Early in the morning the next day...

Viola was awakened by the noise in the garden.

She walked to the small balcony to take a look.

Ormand was only wearing a thin black shirt. His sleeves were rolled up, revealing his strong arms.

He was exercising and performing a series of combining punches.

His handsome face seemed to have put on a cold expression again.

Viola looked attentively at his back and clapped her hands to support him.

When Ormand heard the voice, he stopped what he was doing.

Viola stood on the balcony and watched him leave Viorin.

This was the first time Ormand had been in a cold war with her for so long

Viola put her hands in her pockets and smiled casually.

She would like to see how long Ormand could last this time.

As soon as Ormand arrived at the Hobson Group and sat down in his office chair, he heard an urgent knock on the door by Todd.

“Mr. Hobson, Jerry is missing!”

“Why?”

“The guard fainted, and they took away Jerry, who had been tortured terribly. By the time Nolan and others went to take a look, the blood in the room had dried up. Jerry had probably escaped for a day.”

Ormand’s expression was cold.

The person who could knock out the guards in the special

“What has Ronian been doing recently?”

Todd checked the attendance records, replying, “Mr. Felton has been dealing with Rebecca’s case recently, so he can’t

leave.”

“What’s there to investigate about Rebecca’s case? He shouldn’t be so busy,” Ormand sneered.

“Mr. Hobson, what do you mean?”

“It’s nothing. They are brothers, so just let Jerry go. It’s enough to catch him and torture him for a while,” Ormand said coldly.

Jerry held the secret of the antidote for Super 404 in his hand.

Therefore, Ormand wouldn't kill Jerry right now. Jerry himself was well aware of this point, so he refused to tell them anything.

After some thought, Ormand continued, "However, Ronian's method of saving Jerry is too problematic. You send someone to investigate symbolically, then show Ronian the evidence and punish him according to the rules!"

"Yes."

Todd did not leave immediately but struggled in his heart before saying, "Mr. Hobson... When are you planning to give in to Ms. Zumthor?"

Ormand was expressionless, saying nothing.

"If you give in to Ms. Zumthor before she gets angry, you two can be as sweet as you want in the future," Todd summoned the courage and said.

"But if the situation continues for two more days and Ms. Zumthor gets angry, it will all become your fault..."

Ormand frowned and became gloomy, pushing the coffee cup on the desk to the ground.

Then a loud noise came.

Todd's face turned pale from fright. He immediately retreated to avoid the coffee splashing on his body.

"You didn't listen to my orders two days ago, and I haven't dealt with it. How dare you teach me what to do now?"

Todd replied hurriedly, "I'm sorry, Mr. Hobson! But even you listen to Ms. Zumthor so much. How can I not listen to her? But don't worry, Mr. Hobson. I'll always be loyal to you and stand by your side!"

Ormand asked with a cold face, "If there is another time when I

don't agree with her, who will you listen to?"

"I'll listen to you!"

Todd thought in his heart, of course not! I'll listen to Ms. Zumthor!

"If I quarrel with her and I'm not on speaking terms with her, who will you support?"

Todd replied, "I'll support you. It's not even necessary to consider. I will help you persuade Ms. Zumthor!"

Ormand slammed the table and shouted, "Then why don't you hurry up and let her give in this time!"

Todd seemed to understand his meaning.

On the day Ormand was forced to inject the medicine, he was so determined. However, if he gave in again in less than two days, he would be embarrassed!

“Mr. Hobson, don’t worry. I will cherish the opportunity to redeem myself!”

Todd’s face was full of flattery.

“Wait.”

Ormand regained his calm expression and called out to him, “Clean up the ground before leaving.”

Todd almost couldn’t bear it in his heart, but showed a bright smile on his face, “Okay, Mr. Hobson! I’ll handle it. I promise to clean it in two minutes!”

Ormand nodded and said in a low voice, “Don’t tell her that I asked you to do so. Do you understand what I mean?”

“Of course! I will not tell her!”

A few minutes later, Todd cleaned up the office and quietly returned to his office.

He immediately took out his phone to call Viola.

As soon as the call connected, he began to wail, "Ms. Zumthor! Mr. Hobson is angry and has vented his anger on me. He wants

to dock my pay! You have to help me!"

Viola was frightened by the sound of him pretending to cry at the end.

It was hard for Viola to imagine how Todd, the tall and sturdy man, put on an exaggerated face...

Viola tried to stop the awkward situation, "Alright, I'll get him to give you a bonus in two days. However, did you tell him what I asked you to say?"

Todd said in a loud voice, "Of course! But he refused. He said that he wanted you to give in to him first this time. Why don't

you ... give in this time?"
