

## Ex-husband Goes Money Comes Chapter 345

"Maybe. It's my first time. I don't have any experience with pregnancy," Viola said casually. She stood up and walked to the sofa to sit down.

Jerry took a deep breath and quickly ordered Jamie to call the doctor on duty in the palace to examine Viola.

After the doctor did a simple examination, he bowed to Jerry and said, "Congratulations, Ms. McGraw has been pregnant for two and a half weeks. You are going to be a father!"

A father?

That was ridiculous!

Jerry glared at the doctor, and he was burning with fire.

Suddenly, a loud noise came.

Jerry threw the cup on the table to the ground, shouting, "Get out of here!"

The doctor was stunned and was taken away by Jamie.

When only he and Viola were left in the room, he stepped forward and grabbed Viola's chin, confirming unwillingly, "Is it Ormand's child?"

"Of course," Viola sneered, "Do you think it's yours?"

Jerry gnashed his teeth, and his jaw tightened. His fierce eyes were gloomy and terrifying.

“Abort the child tomorrow!”

“Why?”

“Jerry, this is my child. You don’t have the right to decide on his life or death!” Viola shook off the hand that was holding her chin.

“But he is the child of Ormand!”

With red eyes, Jerry roared, “You are going to marry me soon! You are my woman! I will never allow this child to come into this world!”

“Jerry, I won’t allow you to do anything to this child!”

Viola glared at him seriously, “Right now, everyone in the palace knows that I’m pregnant. They think that this is your child. Today, you deliberately created the illusion of our love and happiness on stage. If something happens to me now, what will others think of you? Do you want everyone to criticize you?”

“So you schemed against me tonight?”

Jerry realized it and became furious. He grabbed her neck and pressed her down on the sofa.

“Viola! Why did you do this to me? I just gave up on you seven years ago because of my future. But now I regret it. I’m trying my best to make up for everything that I owe you over the years. Why can’t you just accept me?”

His eyes were full of tears, and he glared at her indignantly as tears rolled down his cheeks.

“Recently, your attitude towards me has been much better. When we

went out tonight, you even accepted my flowers. I thought that you saw my efforts and tried to accept me, but now you tell me that my wishful thought is just a joke!”

LE

Nothing was more hopeless than falling into the abyss after thinking that there was hope for him!

Viola endured the suffocating and oppressive feeling Jerry brought and sneered, “You said that I schemed against you, but how many times have you schemed against me? When we came to Portugal, you said that you would not lie to me again and would be honest with me. But what did you do?”

The strength in Jerry’s hand immediately loosened a bit.

Faced with her question, he looked away unnaturally.

Viola stared at him with hatred.

Tonight, she talked to Miguel about the Super Serum.

Miguel told her that the medicine was given to Jerry by Cristina half a month ago. Now the medicine was in Jerry's hands.

However, Jerry had lied to her that the medicine was still stored in the imperial warehouse to consume Ormand's last time. He tried to trick her into continuing to be together with him.

When Ormand's body could not bear it, he could keep the Super Serum and could also get married to her as he wished. In the end, Ormand did not get anything and died miserably.

That was Jerry's despicable plan!

"Jerry, you are a beast! Asshole!"

After being scolded, Jerry was once again filled with anger.

He continued to grasp her neck heavily, saying into her ear, "You are right, I am a beast, so don't provoke me!"

Viola felt suffocated and could not even struggle.

During this period, because of her pregnancy, she had lost her appetite and had not had a good meal for a long time. Her physical strength could not resist Jerry, who was so strong.

Jerry watched her expression and laughed wantonly.

While he was laughing, tears slid down his face.

He took back his hand and suddenly tore his shirt violently.

Fresh air rushed into Viola's chest again. Viola immediately covered her neck and kept coughing. Suddenly, she noticed Jerry's actions. "What are you doing?"

Jerry ignored her, took off his torn shirt and suit together, and threw them to the ground, naked on his upper body.

Viola immediately looked away. He pinched her chin again and forced her to look at his body.

"Viola, what are you afraid of? I just want you to open your eyes and see me!"

His brown skin was covered in old scars all over his body, making his body, which was supposed to be strong and good-looking,

incomparably ugly.

Many of the wounds were so deep that bones could be seen. And it was impossible to restore the skin to its original state.

"Did you see it? All of these were caused by Ormand!"

"I was whipped by a heavy whip stained with salt water, and burned by cigarette butts and iron. Ormand poured two bottles of sulfuric acid on my back and cut four hundred and four cuts on it. I can't even count how many times my ribs have been broken.

“During the half year in the high-level prison, I could only eat other people’s leftovers every day. At night, I either slept in a dirty toilet or was locked in a cold and damp confinement room. If there was any mistake, I would have to be beaten up. I have long been tortured

crazy by that prison that was worse than death!

“You said that I was a beast. That’s right! Only a beast bites. If you annoy me, I will bite Ormand to death! I will torture him badly!”

Viola looked at the wounds on his body in a daze, and her eyes were full of tears. It was indeed very scary. Every scar showed that he had

encountered some inhuman torture.

But she did not sympathize with him.

He used the strong corrosive agent S40 with Super 404 in it to injure Ormand. He deserved to die!

He deserved it!

“Because of you, Ormand has been suffering from illness for the past

six months. He hasn’t been much better than you!”

Viola held back her tears and continued, “If you are willing to hand over the Super Serum without any conditions, I will consider that the grudge between you two will disappear. I can guarantee that from now on, you can live in peace!”

Jerry was amused by her words.

That laughter was wild and strange.

“Disappear? Live in peace?”

Jerry snorted and released her chin.

“Viola, I hate him deeply, and so does he. The enmity between us can only be solved by his death. We will never be friends!

“Originally, I planned to marry you because I wanted to torture you after we got married so that I could have the pleasure of my revenge. I wanted Ormand to see how the woman he loved would be humiliated and tortured by me.

“However, after seeing you for real, I gave up this idea.

“Viola, I love you so deeply! And that’s for sure! Why can’t you give me even a little bit of your love for me?”

Jerry roared and raged.

He was irritable and mournful, and tears kept falling down his face.

He was like a beast on the verge of despair and had been completely driven mad.
