

Ex-husband Goes Money Comes Chapter 378

“Alright, let’s go back.”

Viola didn’t ask any further and planned to talk about it when they returned.

She held Ormand’s arm and helped him limp out of Adain Mountain.

When they returned to Viorin, Viola immediately grabbed Ormand and stripped him naked.

At first, Viola didn’t pay attention. But after taking off Ormand’s clothes, she found that he had changed his clothes in Bentley’s room. The suit on Ormand was the style that Bentley liked, and it

was new.

Moreover, there was a nice scent on Ormand. Viola wondered if he had taken a bath in Bentley’s bathroom.

Viola’s heart skipped a beat. She was more and more confused as to what her brothers did to Ormand.

“Where did he hit you? Why aren’t you injured? Bentley can’t poison you, can he?”

Ormand was exhausted and miserable. He could only let Viola do whatever she wanted.

Through the pain for an hour and a half, Ormand had spent all his energy copying the Code of Ethics for Men.

Ormand finally understood why women had to rest for a month after giving birth.

It was really ... painful.

But Ormand was a man, and he had to walk home.

Viola searched Ormand all over but couldn't find any injuries. However, Ormand was still weak and looked exhausted.

Viola was very anxious and gently patted Ormand's cheek to get him to sober up a little.

"Orin, don't fall asleep. What exactly happened?"

Ormand weakly moved his mouth. He grabbed Viola's hand and said in a soft voice, "He just ... let me ... experience how painful you're when you give birth."

Viola's face changed. "Bentley took you to experience the pain of delivery and copy the Code of Ethics for Men?"

"Yes..."

Viola was silent. This was Bentley's style. What a cheap trick!

However, if so, Viola reluctantly let out a sigh of relief.

Even if her brothers didn't do this, in fact, Viola also planned to let Ormand feel the pain of giving birth before she labored.

After all, it was her first time getting pregnant and she was also afraid of pain. Viola had no experience and was a little timid.

"How do you feel, Orin?"

"It hurts. That must be very difficult for you." Ormand shrank into

Viola rubbed Ormand's face with her fingers, a little scared. "What should I do? Even you are in so much pain. I think I will faint from the pain when I'm halfway through the delivery."

Ormand was sleepy. After all, he was not a doctor, and he did not know much. Ormand could only push himself to comfort Viola. "With me around, I can experience the pain again when you give birth. It's not a big deal."

Well...

Viola felt much more relieved to be with him.

“Orin, you’re so nice.” Viola leaned over and gave Ormand a peck on the forehead.

Then Viola helped Ormand change into his pajamas and was about to hug him to sleep when the phone rang.

It was Tyler.’

“Ms. Zumthor, the courier just came and sent an international package. I have taken it for you and placed it on the coffee table in the living room.”

“An international package? It’s so late. Why was it still delivered here?”

Viola thought for a moment and confirmed that she hadn’t bought anything online recently. Chapter 378 It’s Orin, Not Oring

Tyler replied, “Well, it was an emergency. It was shipped over from Haiti. The sender is Jerry.”

“Alright, I see.”

Viola quickly hung up.

Jerry suddenly sent something over. What was it?

He went to Haiti. Viola wondered how Jerry was doing there.

Viola thought about it and carefully tilted her head to look at Ormand.

Ormand was resting his head on her arms with a slightly resentful expression. "Viola, do you want to go down now and see the gift Jerry sent you?"

"Eh ... can I?" Viola asked.

Ormand's face turned much gloomier.

He let go of Viola and turned his back to her.

Ormand said with jealousy, "It's not sent to me. If you want to see it, just go take a look."

"Are you unhappy?" Viola poked his back tentatively.

"No, I'm just feeling emotional. You missed your old friend, so you don't have time to comfort me, your fiancé."

Viola clicked her tongue when she heard this. "Orin, are you that

jealous?"

Ormand frowned slightly but did not reply. He closed his eyes and felt depressed.

"Come on. Don't be jealous. The package is not as important as you. I will open it tomorrow. Besides, it's a difficult day for you. I have to comfort my Oring to sleep first."

Viola's voice was sweet, and she gently patted Ormand's shoulder to calm him.

Ormand felt much better after being stroked by Viola. He turned around in satisfaction and shrank into her arms. However, Ormand suddenly sensed something wrong with her words.

"Wait, Oring?"

Viola quickly kissed him. "No, it's a slip of tongue. You heard wrong. It's Orin."

Ormand accepted it.

Ormand hugged her tightly again and soon fell asleep from exhaustion.

They had a good night.

The next morning, Viola went downstairs to open the package.

They were all specialties of Haiti. Because it was the new year, Jerry specially sent some to her to have a taste.

pregnant women.

There was a letter in the package. Viola opened it and read it carefully.

Ormand held the handle and slowly walked downstairs. From afar, he could see Viola reading the letter seriously.

“What did he say?” Ormand asked in an awkward tone.

“He said that it was very backward in Haiti, so he became a teacher there. Jerry was satisfied with his life. He said that when my baby was born, he might not be able to come back to celebrate, but the gift will be sent.”

“Is that all?”

“Yes, that’s all.”

Ormand didn’t believe it. “Didn’t he say something like ‘I miss you’ or ‘I dream of you’?”

Viola put away the envelope and explained, “No, he knows what to do.”

Ormand reluctantly believed it and didn’t ask anything else. Then he went to the kitchen to make breakfast for Viola.

Meanwhile, Viola wrote a reply during this time, telling Jerry that she was about to get married. Viola also stuffed some New Year gifts. and asked Tyler to send them to Jerry by the delivery address.

After breakfast, Ormand and Viola went to Bobby’s villa as they had agreed in advance to set the wedding date.

Cor Bonus

It was set in a month.

Ormand offered to take charge of the wedding planning. He also said that he would leave his work and focus on providing Viola with the best wedding.

Hence, Viola basically didn't put much energy into the wedding.

After the New Year, Viola began to do her work. She would occasionally vomit and sleep a lot more. Beyond that, Viola was in good health.

On a spring day.

Viola finished her breakfast in a hurry. She replied as she walked to the entrance to put on her shoes.

Ormand hugged her from behind and rested his chin on her shoulder. He seemed to be displeased.

"Viola, you've been busy for the whole day..." Viola didn't spend time with Ormand recently, and he felt a little upset.
