

Ex-husband Goes Money Comes by Yvone Zabielski Chapter 55

Dania responded modestly to Viola, but she was secretly proud.

“This is my boyfriend, Leo. He is the deputy general manager of the business department of the Cloud Group. His annual salary is 130,000 dollars.”

Dania emphasized Leo’s position and salary and Leo smiled proudly.

Dania was happy when she thought that Viola would envy her.

However, Viola was indifferent and did not care about this.

Daly was unhappy. Viola used to hold herself aloof. I must embarrass her.

“I heard that you are divorced?”

Dania looked Viola up and down. Seeing that Viola was dressed in business attire, she sneered, “Do you work as a salesman in the car market? You really surprised me.”

Viola glanced at Dania as if Dania was a fool. Viola smiled faintly. “I’m here to buy a car.”

Tas

Then Viola followed the shopping guide to choose a car. She didn’t want to waste too much time on

Dania.

Dania was ignored by Viola and she became angrier.

Two days ago, when Dania returned to the welfare house, she heard that Viola was divorced and left with nothing.

How could she have the money to buy a car?

“I’ll see what cars you can afford.”

Dania stared at Viola’s back and muttered. Then she looked at Leo behind her and was coquetry with him.

“Honey, let’s go inside. You promised to give me a new car as a gift. I want to choose a good car that suits me.”

Leo was still fantasizing about Viola. When he heard this, he immediately agreed.

Viola came to see the Volkswagen cars.

She didn’t want to buy a luxury car, as long as it was practical.

Just as she was about to buy a car and leave, Dania came over.

“I didn’t expect you to buy such a cheap car. It seems that you have a hard time after getting divorced,”

Dania put her hands around her chest and looked at Viola contemptuously.

Viola didn’t say anything and ignored Dania.

Dania wasn’t annoyed and continued, “Since we used to be friends, I can let my boyfriend introduce the excellent employees of his company to you. After all, he is the deputy general manager and has high prestige among the employees.”

Leo kept staring at Viola. When Dania mentioned him, he gave a creepy smile.

“Since you are Dania’s friend, I will treat you as a friend. You can contact me at any time.”

Dania glared at Leo angrily. She had been with him for two years and knew what he was going to do.

“I just want you to introduce a man to Viola. What did you say? What do you want to do?”

Dania said this with a smile but looked at Leo fiercely.

Leo was embarrassed and hugged Dania’s waist. “Honey, don’t think too much. I said this just because she’s your friend and wanted you to be happy...”

Dania and Leo seemed to deliberately show their affection in front of Viola, and Viola was impatient.

“I don’t need it. Thank you.”

“Stop!”

Seeing that Viola was about to leave, Dania chased after her and was unhappy with what Leo said just now.

We used to compete with each other. I can't let Viola steal my boyfriend,

When Dania thought of this, she said angrily and looked at Viola sarcastically.

“I just want to help you and you are really an ungrateful wretch. You bought the car on loan, right? Why don't you find a boyfriend to buy you a car?”

Viola frowned and glared at Dania.

Considering that Dania and she had spent a hard time in the welfare house before, Viola didn't want to humiliate Dania. She ignored what Dania said and was going to leave after buying a car. After all, they would never see each other again.

Viola did not contradict Dania and Dania was even more arrogant.

Dania said sarcastically behind Viola, “You're a loose woman. Don't think you are superior to me.”

Dania's voice wasn't quiet, but Viola heard clearly what she said.

“What did you say?” Viola stopped suddenly and glared at Dania coldly.

Dania was frightened by Viola's eyes but recovered quickly. "I said, you are a loose woman. You were abandoned by Orlando."

When Viola heard this, she wore a cold face.

"I didn't want to humiliate you, but you asked for it."

Dania was frightened and worried about how Viola would retaliate against her.

But Viola didn't do anything and left.

"You are a coward. My boyfriend is the deputy general manager of the Cloud Group. How dare you threaten me? I won't let you go!"

Dania said angrily to Viola's back.

Dania didn't care about what Viola said. She held Leo's arm and said in a spoiled manner.

"Honey, I want a BMW sports car. Can you buy me one?"

Leo was embarrassed. His annual salary was only 130,000 dollars. He couldn't afford it at all.

Dania kept bragging about Leo and many shopping guides were looking at him. If he said that he didn't have enough money, he would lose face, so he agreed generously.

Dania held Leo's arm intimately.

The age difference between Dania and Leo was too big. They were not like a couple at all, but more like a father and daughter.

People looked at Dania and Leo strangely and meaningfully, and then Dania and Leo left.

Dania and Leo just walked out of the door.

Suddenly, there was a loud crash.

“Ah!”

Before Dania knew what had happened, she was splashed with water. This water was used to wash

the car. It has been there for several days.

When Leo noticed, he immediately hid aside but was still splashed with sewage.

Dania was soaked through and was very nonplussed.

She screamed and glared at the person who splashed her water.

It was a girl wearing an employee uniform. She looked young but was not scared.

Are you blind? My clothes, shoes, and bags are all luxuries. Do you know how much they cost? Even if you work here for ten years, you can't afford them...”

The girl did not speak and listened to Dania's scolding.

"You should not only apologize to me but also pay me compensation. I will also let your boss fire you!"

The girl held the bucket and still didn't say a word.

"Damn it! Are you dumb?" Dania was furious.

Leo quickly said, "Go and call your boss out. Tell him that the vice president of the Cloud Group wants to see him! He has to give us an explanation!"

Leo was just the deputy general manager of the business department, but he said he was the vice president of the Cloud Group.

He said this to boast about himself.

"I am the boss. I told her to splash water on you."

A woman's voice suddenly sounded.

Then Leo and Dania saw Viola leisurely leaning against a luxury car and smiled at them.
