

THE POWER OF THE FIRST DAUGHTER, DOCTOR AND CONCUBINE DOMINATES THE WORLD

Chapter 10 Fairness

Xie Zhiwei glanced at Feng Shi coldly, and Feng Shi's back felt cold.

She finally learned how powerful this granddaughter is today. If it weren't for Xiao Shi, she would really not be able to step down from the unfamiliar white-eyed wolf.

"Sister Qing, you were wrong that day. Grandmother punished you for copying "The Analects of Women" a hundred times, and then went back to Xue's house to kneel in the ancestral hall for three days!" up.

Xue Wanqing looked at Feng Shi in disbelief. She was so wronged that she burst into tears, "Grandmother, it was clearly my eldest cousin who slipped down the pond by herself. Why did you only punish Qinger?"

Even if she pushed Xie Zhiwei into the pond, wouldn't Xie Zhiwei reciprocate? The original body paid Xie Zhiwei with his life, but Xie Zhiwei still refused to let him go.

Her luck is also really bad. As soon as she crosses over, the direction of the plot changes. Could it be because of her own time travel?

Feng is a little irritable, she is a granddaughter, she is still a little too tender, since she pushed Xie Zhiwei and didn't drown her, she should think of endless troubles. This child has always learned the general idea, and today he has learned Xie Zhiwei's pettiness, so he can't bear any grievances?

"Sister Qing, Mrs. Xue's birthday is approaching, and it's time for you to go back and kowtow to your grandmother." Xiao said with a smile.

This second aunt is also a sweet-hearted and poisonous person.

Xue Wanqing decided to take a step back for the time being. She is a newcomer, and although she has memories of her original body, she is not yet able to grasp the situation accurately enough.

"Then trouble the second aunt!" Xue Wanqing was still not reconciled. Xie Zhiwei was only so aggressive because she took the status of the eldest daughter of the Xie family. The grandfather and grandmother of the Xie family are still alive, and the uncles and aunts are all present, so it's not the eldest cousin's turn to be in charge of this family."

Such a poor way to sow discord, Xie Zhiwei felt that he really looked up to this cousin, so stupid, how could he lose so badly in his previous life?

Xie Zhiwei ignored her, but looked at Xie Zhihui, "Second sister, the eldest princess invited me to go to the palace to play with her tomorrow, and said that I can bring my younger sister with me. I wonder if the second sister will be free tomorrow. If she is free, can you?" Accompany me to the palace?"

Ms Xiao originally cared about what Xue Wanqing said, and was dissatisfied with Xie Zhiwei's arrogance, but now she smiled and pushed Xie Zhihui, "Sister Hui, please thank you big sister!"

"Big sister, can I go? I've never been in a palace, I'm afraid I don't understand etiquette, and I'll lose face to the Xie family."

"Second sister is worrying too much. I have been handing down family poems and rites for more than a hundred years. I know etiquette best. How can I make a mistake? If the second sister is worried, I will ask Mother Qiu to explain the palace rules to the second sister."

"It's a good feeling!" Xiao couldn't help but slammed good words on Xie Zhiwei, "Sister Wei is really the eldest sister, she knows how to take care of her sisters, and there are some good satin at the second aunt's place. Someone will make two winter clothes for you and your sister."

"Second Aunt's kindness, Wei'er appreciates it, please trouble Second Aunt to send my cousin back to Xue's house for punishment, Second Aunt should talk to the eldest wife of Xue's family."

"This..." Xiao was suddenly embarrassed, and hated Xie Zhiwei in her heart, so she said, why is Xie Zhiwei so kind, so he was waiting here. But let her say that her daughter is not allowed to enter the palace with Xie Zhiwei, she is reluctant to give up such an opportunity, you must know that if she falls into the eyes of the empress, her daughter's marriage will go up in the future.

Seeing that her daughter is ten years old, she will start discussing marriage after the new year.

"Mother, if a person does something wrong, he should be punished. In such a cold day, my cousin pushed my elder sister into the pond. It's really wrong. Is it possible that my cousin should cry? This punishment shouldn't be received." In the future, wouldn't anyone be able to act recklessly and not obey the rules?"

Xie Zhihui endured it for a long time, but she was helpless. Grandma, mother, and aunts were all in front of her, so she had no place to speak, but she couldn't bear Xue Wanqing's behavior.

Eating rice from Xie's family, wearing clothes from Xie's family, and even murdering Xie's family.

Feng's liver hurts from anger, but Xie Zhihui is her granddaughter.

Ms. Xiao weighed it over and over again, and she already had an idea in her heart, and she would not say it stupidly to displease her mother-in-law. When she arrived at Xue's house, it would not be too late to act according to circumstances.

Xie Zhiwei is not worried about Xiao Shi, she is very clear, with Xiao Shi's shrewdness, she knows how to choose.

Even though Xue Wanqing admitted that she lost this round, she was too irritated to lose.

"Cousin Hui, why don't you even distinguish between black and white? It is clear that the eldest cousin slipped into the pond by herself, and I was also implicated and pushed into the pond by her. Everyone is at fault, why should I be the only one punished, eldest cousin She is still so arrogant and unrelenting." Xue Wanqing touched the corners of her eyes with a handkerchief, glanced around, and saw the inconceivable expressions of the people around her, so she knew that public opinion was really important.

"Cousin Qing, there was no one else by the pond at the time. You said that the eldest sister slipped down to vent her anger on you, and there was no one to prove it. You can't just say what it is. The Xie family has never been so unreasonable. Big sister is sensible, what do you mean, big sister is

unreasonable, and it's not fair for grandma to punish you alone for not knowing right from wrong?"

What a little fool, no wonder the book said that Xie Zhihui was cheated to death and didn't even know how she died, she deserved it!

"Sister Hui, that's enough, this matter has nothing to do with you!" The old lady was very angry.

Xie Zhihui didn't realize it, but said to Xie Zhiwei with satisfaction, "Big sister, grandma still looks after you."

Grandma finally managed justice.

Xie Zhiwei curled his lips into a smile, and said, "Naturally, after all, my surname is Xie, and my cousin's surname is Xue."

The old lady didn't believe that the two sisters deliberately staged this play, neither did Xue Wanqing. The book said that Xie Zhihui took Xie Zhiwei as an example, and she didn't want to fall into the lintel of the Xie family's family of poetry and calligraphy.

Seeing that her daughter succeeded in driving the old lady to half her life, Xiao didn't know it, and felt quite helpless. Her daughter was born less than ordinary people, not to mention, and she always blamed her for it. As a mother, she was born into a wealthy family, why didn't she come from a family of poetry and rituals like her late aunt, she always felt inferior when she was compared to Xie Zhiwei.

"Big sister has been exhausted all the way, go back to the yard with my aunt to freshen up and have a rest. After the big sister settles down, I will talk to the big sister for advice."

Xie Zhiwei and Yuan Shi sent Feng Shi a few steps. Obviously, Feng Shi didn't want to see them at all, and said without looking back, "Go and rest first, I don't need you to serve me here."
