

## **THE POWER OF THE FIRST DAUGHTER, DOCTOR AND CONCUBINE DOMINATES THE WORLD**

Chapter 14 Know or not

"Granddaughter greets grandparents and grandparents!" Xie Zhiwei walked in, and after saluting, he said straight to the point, "Grandmother, granddaughter is here, I have something I want to ask."

Xie Tiao put down the teacup in his hand, looked at Xie Zhiwei, knowing that she had just found out that she was there, so she came here just now, so she asked, "If you have anything to say, just say it!"

"Grandmother, since Lianniang and Qiuhen belong to grandma, they neglected their duties while their mother and granddaughter were not at home, and almost cost my younger brother's life. Does grandma know about this?"

Feng was annoyed for a while, and she couldn't breathe for a long time. She heard about the uproar in Fuyun Courtyard, but she didn't ask about it. Xie Zhiwei came to the door herself.

Is she looking at herself and there is nothing she can do now? It's a big deal, tomorrow the mansion will send someone to help her sue the empress in front of the empress, saying that she is in poor health.

Sure enough, she is a widow and eldest daughter, and she has no education. It is no wonder that there are three ways to discuss relatives, one of which is not to discuss the widow and eldest daughter.

"I heard that the fifth elder brother is ill, and Yuan Shi and you won't let the doctor in the mansion see him. If something happens, can you afford it?" Feng Shi has always been willing to put on a show in front of the old man, but today I can't bear it anymore.

"My brother has been ill for half a month, and my granddaughter has also seen the previous pulse case. The medicine used is not lukewarm, and there are one or two offensive medicines in it. No wonder there is a little cold, and it has been delayed for more than ten days. It's not getting better. Today, if the granddaughter and mother come back one step later, the younger brother

may be..., grandmother, the younger brother is sick like this, does the grandmother not know?"

Xie Tiao's face was so dark that it was about to drip water, he looked at Feng Shi, his dark eyes were terribly calm.

Xie Tiao knew that the Feng family had always disliked the long house, but there was nothing he could do if he didn't like it. Since he had decided to marry into the Xie family, he had to be prepared to be a stepmother. He never expected that the Feng family would treat the long house as his own, but the honor and status that the long house should have should not be affected.

The fifth brother is the eldest son and grandson of the Xie family. He will be the heir and grandson of the Xie family in the future, and there is no room for mistakes.

The veins in Feng's hand holding Shibazi were bulging, her whole body was tense, complex emotions rushed towards her, anger and fear were intertwined, and she couldn't suppress her breath, "Miss Wei, who told you to be with me like this?" Did the elders speak?"

Xie Tiao never asked about matters in the inner courtyard. This is the rule of the aristocratic family, and it is also Xie Tiao's respect for her. If Xie Zhiwei was a boy, she might not be able to take care of it. Xie Zhiwei is a daughter's family. As a grandmother, it is her responsibility to discipline her.

"Grandmother, my granddaughter is the eldest daughter of the Xie family. My mother is from the Cui family. I know how to write the word "education". If the grandmother is responsible for her younger brother, the granddaughter has nothing to say, and she is willing to accept the punishment she deserves for today's behavior." The granddaughter asked the grandmother again, did the grandmother know that the younger brother was sick? The servants neglected the younger brother and something happened, did the grandmother know?"

This is a forced question, no matter how good Feng's education is, he can't bear this tone.

But in this matter, she was indeed at fault. She vaguely remembered that someone from Fuyun Court had reported that the fifth elder brother had a fever, repeatedly. She was angry these days, and she didn't pay much attention when she heard it. Mo also deserved it, who let him have such a sister.

Every family with a child has a cold, cough, and stomachache. It is a common thing. If you can keep it, it is fate.

Feng pretended to be calm and said calmly, "You also know that your second aunt is in charge of this big family now, and your second aunt sent your cousin to Xue's house, and I don't know if she's back, I'll ask tomorrow. "

As she said that, she looked at the old man, "Fifth brother, this child, for some reason, has been sick every three days. The doctor at home also sees a doctor like this, and the other brothers and sisters are cured with two doses of medicine." , it will take a long time to get to Wu Geer's place."

Xie Zhiwei chuckled, who is he taking for a fool? So you want to change the subject?

"Grandmother, my grandparents in the Cui family have famous doctors for generations. When my mother married into Xie's family, she gave some other dowry as dowry. The granddaughter doesn't know, but there are boxes and boxes of medical books. I can recite everything back and forth. The empress empress left her granddaughter to accompany her at Famen Temple this time because of this reason. Grandmother, the doctor in the house has a lot of skills, but he can't hide it from his granddaughter's eyes."

Feeling the old man's sharp eyes, Feng's heart skipped a beat, and she was inevitably flustered, "You say that, the doctor in this house is really serious. When your second aunt comes back, I will ask her to invite him away. Hire someone who is useful."

"Doctor is the same thing, grandma, the servant who served my younger brother in Fuyun courtyard should not be treated lightly. Today, Lianniang is still threatening her granddaughter, saying that she was given by her grandmother, and her granddaughter has no right to punish her. Grandma , Should the deeds of prostitution of the servants of Fuyun Academy and Qizhao Academy be handed over to my mother?"

The veins on Feng's forehead twitched, she hated Xiao Shi in her heart, she was such an idiot, Xie Zhiwei caught such a big handle on the fifth brother without saying anything.

"Old lady, in my servant's opinion, the people in the two courtyards of the eldest lady and the eldest girl should also be tidied up. You are not strong now, and you really can't get out. Why don't you hand it over to the eldest

lady? If the eldest lady still can't persuade you Come on, if you help beat and knock, the long house should be set up to take care of things." freewebnovel.com  
Feng shi breathed a sigh of relief. In this way, it was not her fault that she held the deeds of prostitution of the servants of the long house in her hands. It was because the long house couldn't stand up by itself, and Yuan shi couldn't even subdue a servant. .

Yuan Shi was a marriage that the Cui family helped to bring about back then, no matter how much the old master blamed her, he couldn't blame her.

"Go and get the deed of sale!"

Nurse Yu hurried into Dongshao Room and soon came out, holding a red lacquered square box with gold blessing pattern in her hand, and handed it to Xie Zhiwei.

Xie Zhiwei glanced at it, but didn't answer it. Behind her, Zi Mo hurriedly stepped forward to catch the box, and then retreated behind her.

Compared to Zi Mo, Nanny Yu's behavior is too inappropriate, how can there be any reason to hand over things directly to the master?

Xie Zhiwei glanced at Feng Shi with a smile that was not a smile, as if he was expressing with actions, who could not stand up? Feng Shi also understood, his face felt like he had been slapped, and the pain was burning.

Xie Tiao took a deep look at Feng Shi, "Since you are in poor health, I think the eldest daughter-in-law is not bad, so let the eldest daughter-in-law help the second daughter-in-law share part of the burden. In the future, the family will always be handed over to the eldest house. "

Feng's face froze, it was not just beating.

Xie Tiao didn't care what Feng Shi was thinking, he was not afraid that Feng Shi would not agree, he got up and stroked his sleeves, and said, "Miss Wei, you are in a hurry to come here, you should have not eaten yet, and I haven't seen you for a long time You have spoken, stay and have dinner with me and your grandmother!"
