

THE POWER OF THE FIRST DAUGHTER, DOCTOR AND CONCUBINE DOMINATES THE WORLD

Chapter 18 Encounter

While talking, Qingzhi came in again to report, "Empress Empress, Concubine Ning De and Concubine Zheng Rong come together to greet Empress Empress!"

The empress said in a strange tone, "Since I'm sick, please ask them to come back. I don't have to come here for this month. I need to rest assured to recuperate."

Xu was to prove her innocence, the noble concubine said, "The empress is also here to visit the sick, since the concubine can come in, if you don't allow Concubine Ningde and Concubine Zheng Rong to come, it will not be good for His Majesty to hear, since the empress is ill, Let the two younger sisters come in to serve the sick."

The queen thought for a while, "Please come in!"

Different from the enchanting concubine, Concubine Zheng Rong is soft and timid, like a branch of pear blossom sticking out of the corner of the wall in the rain of apricot blossoms in three springs, her brows and eyes are full of delicacy, her voice and appearance are also gentle, almost a face-to-face can easily make people feel good.

But Xie Zhiwei knows, where is there a living Bodhisattva in the palace?

Concubine Zheng Rong's father was the Imperial College Jijiu. The third prince in the previous life was good at calligraphy. He had frequent cultural events and was quite famous.

Walking on Concubine Zheng Rong's right is Concubine Ningde. She is gorgeous and cold, like a snow lotus branch blooming on the top of a snow mountain, with a pair of red phoenix eyes that are majestic but not revealing, and two willow-leaf eyebrows like a smoke cage on a cold mountain. It is like a chrysanthemum in nine autumns, and it has a unique beauty in the harem.

Xie Zhiwei's eyes flashed a coldness, Concubine Ning De was also her mother-in-law in her previous life, and the mother of the fourth prince.

Concubine Ningde is well-read in poetry and books, kind-hearted, upright and generous in her actions. Among the government and the public, she has the reputation of "Concubine Guanyin", but only Xie Zhiwei knows that the person in front of her has a face that is used to putting on airs, like an actor Generally good at acting, with the coldest heart, turning his face and being ruthless.

She still remembered that Ning Shi once said to her, "Thinking about how the emperor treated you badly back then? I'm afraid that even I, a mother, will be compared. Now the emperor treats you like this, do you know why? You can't win over me?" To live in the emperor's heart, the queen's position is occupied in vain, the Ai family can't do anything about it!"

At that moment, Xie Zhiwei knew that in front of this mother and son, she might not be able to escape the ending of "the cunning rabbit dies, the running dog cooks", but unfortunately, it was too late, she failed to keep the Xie family, the only thing she could do It is to accumulate strength for revenge.

After saluting, the queen seemed a little helpless, "I just came back from Famen Temple yesterday. I wanted to have a good rest for a day. I didn't intend to talk to you. Yuan Jia invited the girl from Xie's family to play, and I said see you." , and you are here."

The queen really didn't expect these people to come, it's better than God!

However, since she is here, she also has the benefits of being here, so she also just wanted to see who was doing the tricks? I thought it was a noble concubine before, but now it doesn't look like it.

"It turns out to be a girl from the Xie family. She looks really cute!" Concubine Ning De waved to Xie Zhiwei and the sisters, and the two passed by. Concubine Ning De rolled up her sleeves and took off a pair of red coral beaded bracelets for the two sisters, "Take Let's watch people play!"

A strange fragrance came out from Concubine Ning De's sleeve cage, Xie Zhiwei took a deep breath, and a strange light flashed in his eyes.

Seeing this, the imperial concubine rewarded a pair of Fu Lu Shou three-color jadeite bracelets, and Zheng Rongfei pulled out a pair of red hairpins on her head and gave them to the two sisters respectively. freewebnovel.com

If an ordinary lady enters the palace, these ladies will not appreciate it. Since the queen has spoken and is the playmate of the eldest princess, they will play by ear.

Xie Zhiwei knows this truth.

After the two sisters thanked each other, the queen said, "It's really hard for you little girls to sit here and talk to us. The sweet-scented osmanthus in the imperial garden is blooming well now, Yuan Jia, you accompany the two girls to the imperial garden. Walk in the garden and smell the fragrance!"

Yuan Jia was worried about the queen, but the queen had already spoken, so she had no choice but to get up, "Yes, mother queen!"

Xie Zhiwei and his second younger sister got up together, thanked the queen and all the empresses, and followed Yuan Jia out of the palace gate. Xie Zhiwei could almost count how many trees and flowers there were in the imperial garden, but Xie Zhihui had never been there before, and she was eager to try, and there was a rare look of curiosity on her dignified face on weekdays, and a pair of black grape-like eyes sparkled Yes, shining brightly.

The imperial garden in autumn is colorful, and the green pines and cypresses are dotted with gradual golden yellow. The sky is high and the clouds are far away.

"Sister Wei, let's go to Chengrui Pavilion to play. I heard that a few days ago, there were some new koi carps in the south. They are healthy and handsome, colorful, with changeable patterns and majestic swimming. I haven't seen them yet. ." Yuan Jia introduced.

Seeing Xie Zhihui's eyes light up again, Xie Zhi smiled hurriedly, "Okay!"

Chengrui Pavilion is built on a single-hole stone bridge. Under the stone bridge is a pool of clear water with elegant water lilies and swimming koi. The most beautiful time to appreciate Chengrui Pavilion should be to enjoy water lilies in summer and snow in winter. However, it is also the best place to appreciate koi.

On the passage of the imperial garden, there is also a special scene. Small stones of different colors are used to inlay figures, flowers and birds, insects and fish, historical stories, etc. Xie Zhihui has always been interested in these. She looked at them as she walked, and found it very interesting. , I don't feel

that the eldest princess just pulls the eldest sister to talk and ignores her and feels left out.

"The camellias are blooming well over there, let's go over there." Yuan Jia and Xie Zhiwei passed by Duixiu Mountain, and saw a lake with beautiful autumn waves, and saw a group of young girls walking towards them, talking and laughing.

Yuan Jia frowned fiercely, but since she met her, she couldn't hide, so she pulled Xie Zhiwei over.

Xie Zhiwei glanced at the younger sister behind him, Xie Zhihui hurriedly raised his head, looked over, even if he didn't look at the other party's clothes, he could tell that these boys and girls were all royal family members.

"Brother Big Emperor, Brother Fourth Emperor, Brother Fifth Emperor, Linghua, Huihe, are you going to see the koi too?" After Yuan Jia saluted the two emperor brothers, he nodded with Xiao Xun and waited for Linghua and Huihe to see the koi carp. Salute her.

King Xiang is the only younger brother of the current emperor with a single mother. The queen mother is still there, and the two sons of King Xiang are in the same order as the princes.

Therefore, the eldest princess would call Xiao Xun the fifth brother, and before that, the fourth prince would call Xiao Xun the fifth brother.

Xiao Changxuan!

The last time we were too close to the gate of the city, Xie Zhiwei didn't see Xiao Changxuan, but today, he was standing in front of him.

Xie Zhiwei glanced at him, trembling all over, even though she quickly lowered her head, this glance was too lethal, and it still caught Xiao Changxuan's attention, he felt a knife-like sharp gaze falling on him, he hurriedly looked up, only saw a pair of sisters from the Xie family, and said with a smile, "So the eldest sister has guests!"

Xie Zhiwei and Xie Zhihui stepped forward to salute together, the eldest prince Xiao Changyuan asked, "Are these two girls from Dali Temple Qing Xie's family?"

"Yes, Brother Huang, please feel free, I will take Sister Wei and Second Miss Xie for a walk!" Yuan Jia was not in a good mood, she originally wanted to have a good talk with Xie Zhiwei, but she never got the chance until now.

"Sister Huang, shall I go with you?" Princess Linghua came from the opposite camp, she looked Xie Zhiwei up and down, "You are a girl from the Xie family, why have I never seen you before?"

"Hmph, who knows where the cats and dogs come from, the third princess has never heard of many of them."
