

## **THE POWER OF THE FIRST DAUGHTER, DOCTOR AND CONCUBINE DOMINATES THE WORLD**

### Chapter 6 Long Wife

Physician Wang was trembling. If Xie Zhiwei hadn't pointed it out, even now, he would not be able to get the pulse. Such a vague pulse, let alone him, would be difficult to figure out even if the imperial hospital judged.

If it wasn't for Xie Zhiwei this time, Imperial Physician Wang didn't dare to think what would happen to him. How many women who had miscarriages in the palace survived? Saved, saved this, and offended that.

He didn't want to save his own life, so it would be nice if he didn't implicate the nine clans.

Xie Zhiwei also saved his life. A ten-year-old child actually has a good pulse.

Physician Wang stood up, bowed his hands to Xie Zhiwei, and stood aside without speaking.

The queen sees this, what else does she not understand?

Everyone knows that miscarriage hurts the most. As a queen, if she always suffers from miscarriages, what will the emperor and the ministers think?

Thinking of the previous two miscarriages, although they were concealed, they could not be concealed from the emperor. She had already seen disappointment in the emperor's eyes.

The other party has such vicious thoughts!

man, angry to the extreme, will soon calm down, the queen took a deep breath, "Good boy, thank you so much this time!"

The eldest princess was also terrified, she shed tears, "Sister Wei, will my mother and younger brother really be fine?"

The eldest princess has never been so polite to any girl before. She is the only direct princess of the empress and the only direct princess of the Yong Dynasty, and she lives recklessly. [freewebnovel.com](http://freewebnovel.com)

"Princess, with the courtiers here, the empress and the dragon child in the empress' belly will be fine."

Xie Zhiwei's words were not insane, and Doctor Wang even admitted in his heart that a person who can have such a good pulse and a good needle, naturally has this ability.

The eldest princess and the queen are relieved. If the queen really miscarries again this time, the eldest princess will never be able to forgive herself.

After a while, Xie Zhiwei pulled out the needles for the queen. She used the needles quickly and pulled them out quickly. With a flick of her hand, dozens of silver needles on the queen's body disappeared. Doctor Wang has practiced this unique skill all his life, but he has never practiced it. At this moment, he is going to be autistic.

After taking the medicine, the queen fell asleep.

The eldest princess guarded the queen and asked Nanny Xi to send Xie Zhiwei out in person.

Just after leaving the courtyard where the empress lived, a young monk about the same age ran over, raised his head and asked, "Excuse me, are these Mrs. Xie and Mrs. Xie? People from the Xie family have ordered Mrs. Xie Pack your luggage and go back with the eldest girl as soon as possible, so as not to disturb the cleanliness of the empress and the eldest princess."

Nurse Xi thought that when she was at the foot of the mountain just now, she seemed to have met the driver of the Xie family, why didn't she see Mrs. Xie's family and the eldest girl go back with them?

She had doubts in her heart, but at this moment, it was not the right time to ask, she hurriedly bowed to Xie Zhiwei and said, "Miss, I am afraid that the empress will not be able to leave the girl for the time being."

Xie Zhiwei said to the little novice, "Please help spread the word, just say that the eldest princess and I hit it off right away, and I want to spend two more days with the eldest princess in the temple, and return to the mansion after a few days."

Xie Zhiwei was solid in saving the fetus in the empress's womb, otherwise today another group of people would be killed, and there would be an uproar.

Nanny Xi didn't think that Xie Zhiwei's words were taking advantage of the eldest princess' tiger skin to flaunt her prestige. On the contrary, she felt that Miss Xie was able to keep the queen's affairs a secret, and she spoke and acted so appropriately at a young age. The daughter brought up by the aristocratic family is really the best.

The little novice turned around and left when he got the words. When he passed the words to the person sent by Nanny Yu, the person was dumbfounded.

I really come here for whatever I am afraid of.

The daughter-in-law was in a hurry, so she hurried back to report, for fear that if the old lady got angry, she would turn her anger on herself.

There is a lesson to be learned from the world, she obviously tried her best to convey the old lady's order as soon as possible. Who would have thought that the eldest girl is really powerful, and with a little effort, she really managed to cling to the eldest princess.

When the daughter-in-law rushed back to the mansion, the old lady had just tidied up, and Xue Wanqing was there too. She had washed and changed, and was sitting next to the old lady.

Seeing that neither Yuan Shi nor Xie Zhiwei came back, Xue Wanqing had a bad feeling in her heart. As the daughter-in-law reported more and more reports, she could hardly hide her complicated emotions. Could it be that she and Xie Zhiwei's first meeting Will the first confrontation be a failure?

Ms. Feng was sitting on a bed of arhats with seven screens inlaid with mahogany and marble, holding a string of eighteen son bracelets inlaid with Canaan incense and inlaid with golden longevity characters.

Actually gave the mother and daughter a good chance to cling to the eldest princess.

After the queen gave birth to the eldest princess, although she had no children for many years, her mother clan was very powerful, and the empress was dignified and virtuous.

Naturally, the empress cannot be offended.

Not only can't offend, but also let the queen know that he is not kind to the eldest house, otherwise, Xie's family will become the laughing stock of the entire capital. freewe bnovel.com

"Since their mother and daughter want to pray for Yuan Bai at Famen Temple, then come back two days later, and you send someone to inform Fuyunyuan, and ask the subordinates to pack up the daily necessities of the eldest wife and eldest girl to I went to Famen Temple, and I said that I would send someone to pick me up in two days."

Xue Wanqing was a little confused, she called "Grandma?"

I am so wronged.

The old lady had no choice but to look at Xue Wanqing distressedly, and comforted, "Miss Qing, don't worry, your grandmother will decide everything for you!"

Xue Wanqing lowered her eyes, of course she knew what Feng was thinking, her eyes were full of hatred, but she said, "Grandmother, Qing'er is worried about the eldest cousin, dealing with the eldest princess is not like playing with the sisters in the house, because the eldest cousin is the elder, we will all give way to her. If the eldest cousin doesn't know how to be humble and offends the eldest princess, wouldn't it be a disaster for the house?"

Nurse Yu couldn't help but glanced at Xue Wanqing, as if she didn't know this cousin girl a little bit.

The old lady hurriedly called to the woman who was going to send the message, "Just send the things over, don't say I will send someone to pick them up."

Wait until that day, if Xie Zhiwei did not offend the eldest princess, then think about what to do?

The empress had a good night's sleep and became much more energetic. She leaned on a large birthday welcome pillow embroidered with clouds and dragons in red. She just ate a bowl of japonica rice porridge, and her energy and energy improved by half. She heard Mammy Xi talking about Xie's family.

"It turns out that the old lady of the Xie family is so confused. First of all, Mrs. Xie's dowry can be regarded as a red dowry. After she went, it fell into the hands of the old lady. Miss Biao got into a dispute, she favored Miss Xue Biao, and deliberately did not bring Mrs. Xie and Mrs. Xie back to the mansion. Later, when she heard that the Empress Empress was coming, she sent a daughter-in-law to tell Mrs. Xie and Mrs. Xie Hurry back."

It was because I was afraid of Xie's family, but the chance happened to fall into the eyes of the empress! Bisheng, Miss Xie's family is amazing.

The eldest princess was very angry when she heard this, "Mother, it is too much for Mrs. Xie to bully Sister Wei like this. When I return to the palace, my mother will announce Mrs. Xie into the palace and give me a good admonition."

"You, I'm just a little impulsive. If I reprimand Mrs. Xie in the palace, will Miss Xie look good? However, you still have to beat it. In recent years, there are no people in the capital. I know, the Xie family has an eldest daughter."
