

Fake Marriage 1011

Chapter 1011: You Are Important (4)

If she, Ling Wei, couldn't get it, she didn't mind helping others get it. As long as the person who made her fail couldn't have it and was miserable enough.

Ling Wei was different from other third parties. Although she liked Bo Junyan and wanted to get him more and more, she ultimately loved herself more and thought about her own interests.

Hence, when she felt that it was completely impossible between her and Bo Junyan, she could decisively let go. If she couldn't have him, she would destroy him. If she couldn't destroy him, she would destroy his love. In short, she had to take revenge and use this to make her situation better.

With a huge career and assets, what kind of man would she not have in the future?

Xue Yun did not call Mu Huan because she knew that since Ling Wei was so sure, Mu Huan must have been attacked.

Ling Wei quickly added, "Those people were all professional killers. Your daughter was lucky enough to escape once or twice. Do you think she can escape again and again? I heard that she didn't die last time because she was saved. Otherwise, there's nothing you could have done now."

Xue Yun clenched her fists. She wanted to ask Ling Wei what she wanted her to do, but she was afraid of knowing what to do. This was because Ling Wei could already convince her now. She was really afraid...

She was afraid of what she would do in the end.

"Protecting the Ling Group is not only for my sake but also for Xiao Xiao."

Xue Yun: "..."

She knew that.

"Besides, I'm not asking you to do anything overboard," Ling Wei said as she took out her phone and showed Xue Yun Long Feiting's photo. "Look, isn't this young man very handsome?"

Xue Yun looked at Long Feiting's photo and nodded instinctively.

"He's the person who saved your daughter. His name is Long Feiting, and he's from the Long family you know. He's the youngest son of the Long family, and he's their favorite. In the future, the Long family will definitely have the most assets. He likes your daughter a lot, and he can even use his life to save her. You should be able to imagine how much he likes her.

"His family background and appearance are top-notch, and he's about the same age as your daughter. Don't you think it's good if the two of them can be together?"

Xue Yun: "..."

"Auntie Xue, don't think too much about it and don't think about anything else. You just have to think that this is for Xiao Xiao's own good and for Mu Huan's own good. You're just a mother who wants her children to be well!" Ling Wei patted her shoulder lightly.

Xue Yun was about to say something.

“If Mu Huan continues to be with Bo Junyan, our two families will be finished. Even if you think that Bo Junyan is very strong, he can only survive at most. Our Ling family will definitely not survive. If the Ling family falls, what will happen to you and Xiao Xiao in the future?”

“Mu Huan will definitely support you, but what about Xiao Xiao? Regardless of whether that was an accident or not, it’s a fact that he caused her granny to pass away. It’s something that Mu Huan will never be able to forgive. When the time comes, she might feel better and be willing to let Xiao Xiao live a carefree life because of you. But do you think it will be enough?”

“The Ling Group’s foundation is very good. If we can successfully survive the crisis, at least billions of US dollars could be Xiao Xiao’s to inherit, which is half of his assets. He could have such a promising future. Do you want him to live under someone else’s roof and only want to live a carefree life?”

Ling Wei’s words hit Xue Yun’s red spot. She knew better than anyone else about the knot in Mu Huan’s heart.

She could never forgive Ling Xiao. Hence, she would never do anything for him in the future.

Chapter 1012: You Are Important (5)

Her daughter was her biological daughter, and so was her son.

She could not ignore her son just because of her daughter and watch him lose everything.

But...

Just then, Mu Huan called.

Xue Yun looked at the caller ID on her phone and wondered if she should pick up this call.

“If she wants to meet you, you can meet her. You can also ask if she’s in danger.” Ling Wei left after saying that.

After she left, Xue Yun heaved a sigh of relief.

Then, she picked up Mu Huan’s call.

“Mom, how are you now?”

“I... I’m fine...” Xue Yun instinctively stuttered because of what Ling Wei had said.

“You’re fine?”

Xue Yun snapped back to her senses and suppressed the panic in her heart. She first asked in concern, “I heard from Ling Wei that the Bo Group is in danger. Both you and Bo Junyan were ambushed. Is anything the matter?”

“It’s fine.” Sensing her worry, Mu Huan added, “Bo Junyan and I are fine. We’ll be fine.”

“It’s good that nothing happened to you.” Xue Yun heaved a sigh of relief.

“Mom, what about you? Do you need money?” Mu Huan had wanted to come directly to see Xue Yun, but when she thought about how dangerous it was for her to go out now, she was afraid that this danger would transfer to Xue Yun. This was also the reason why Bo Junyan did not tell Mu Huan about Ling Feng’s accident and did not pick Xue Yun up. Now that their lives were in danger, if he picked Xue Yun up at this time, it would be harming her instead of taking care of her.

Hence, Mu Huan only called Xue Yun to ask if she needed money. If her situation wasn’t good, even if they couldn’t meet and she couldn’t take her to her side to support her, she could still give her money, which would allow her to leave the Ling family.

“I don’t need money now. I don’t believe that something really happened to your Uncle Ling... I think he might have been saved like I was back then...” Xue Yun said.

As long as she did not find his corpse, she did not believe that something had happened to him.

Mu Huan was silent for a while on the other end of the line. “Has Mom ever thought that a person like Ling Feng shouldn’t have fallen into the sea?”

Xue Yun was stunned at first, but then she said, “I did think about it, but the waiter on the yacht said that he drank a lot that night. The surveillance cameras on the yacht had also captured it. There’s no possibility of him being the victim of murder. It’s probably because he’s been very troubled recently because of the Ling Group’s crisis that he drank too much...” He stood at a dangerous spot and accidentally fell down.

“I heard from Junyan that the crisis that the Ling Group is facing is because a company wants to swallow the Ling Group. And before Ling Feng got into trouble, Ling Wei had already discussed terms with the other party and made them stop attacking. With this, Ling Feng shouldn’t have drunk too much because he was troubled and accidentally fell into the sea.”

“You mean he was celebrating instead?”

Mu Huan: “...”

How did she understand it like that?

“What I meant is that Ling Wei might have been the one behind Ling Feng’s fall. She could even lay a hand on her biological father. You have to be careful of her. It’s best if you take Ling Xiao and leave the Ling family!” Mu Huan said directly.

Xue Yun instinctively said, “That’s impossible! Although Ling Wei hates me, she definitely won’t do anything to her biological father. The relationship between the father and daughter is very good! That’s impossible!”

She felt that no matter what, Ling Wei would not harm Ling Feng.

Mu Huan: “...”

Although she had long thought that she would say this, when she heard her say that it was absolutely impossible, an inexplicable sadness surged in her heart.

But she didn’t have any evidence right now.

Chapter 1013: You Are Important (6)

Furthermore, this was a critical moment.

Hence, she did not say anything else.

“Mom, call me if you need anything.”

“Yes.”

After hanging up.

Mu Huan thought of something and looked at Bo Junyan. “Hubby, do you think Ling Feng is still alive?”

If Ling Wei was so vicious that she could even take her biological father’s life, even if she was in a crisis right now, even if her mother didn’t believe her, she had to get someone to get her mother out of the Ling family.

“He’s alive.” Although Bo Junyan had been in a difficult situation recently and did not have the ability to split himself to investigate Ling Feng, he was sure that Ling Feng was still alive.

“That’s good.”

Ling Wei was not such a vicious person. She just wanted to take the opportunity to seize the company’s reins, so Mu Huan did not have to worry about her mother’s safety for the time being.

“Don’t worry. I’ll get someone to take care of your mother.” After the incident with Ling Feng, Bo Junyan had gotten someone to secretly take care of Xue Yun.

“Hubby, it’s good to have you.” Mu Huan reached out to hug him.

“It’s good that I have you.” Bo Junyan carried her onto his lap. With her around, even when he was in a terrible state, it was still a good life.

She made him full of fighting spirit every day.

Just as Ling Wei had said, there were many people in this world who wanted to hit someone when they were down. Everyone wanted to be the boss at the first opportunity. Hence, Bo Junyan was now facing an unprecedented crisis. Whether it was his life or his business empire, they were all facing a disaster.

Anyone would be tired.

He was also tired. When he was tired, he was lucky to have her around. If he hugged her every day, he would have endless strength to deal with those who wanted to kill him.

Now that Bo Junyan was in danger, his good friends would naturally go through thick and thin with him.

Hence, Fu Siye had been very busy these days. He was so busy that he didn’t have the time to look for Shangguan Yu, let alone divorce her.

As Shangguan Yu was friends with Mu Huan, Mu Huan was afraid that it would bring her danger. While she couldn’t go out, she heard from Mu Huan that the Bo family was currently in danger. Knowing that Fu Siye was busy, she didn’t get the lawyer to look for him.

Anyway, as long as she didn't live with him, she didn't have to see him again.

On this day, the matter at hand came to an end. Fu Siye, who could rest for half a day, thought of Shangguan Yu, whom he had been suppressing and not thinking about. Hence, he drove to Shangguan Yu's coffee shop.

At this moment, in the coffee shop.

"Your drawing here is a little..." A young man approached Shangguan Yu from behind and told her that her drawing was a little lacking.

But what he said was too abstract. Shangguan Yu didn't know how to make up for this shortcoming. She couldn't draw it.

Seeing this, the young man reached out to grab her hand, wanting to teach her how to draw that stroke.

Shangguan Yu sensed his intention and instinctively wanted to retract her hand.

However, before she could retract her hand, the young man was thrown out by a powerful force, smashing the tables and chairs in the coffee shop!

Shangguan Yu stood up in shock.

Before she could say anything...

"He's the reason why you're suddenly so determined to divorce me!" Fu Siye looked at her, his eyes as bloodthirsty as that of a demon.

She actually let another man get so close to her!

The other party was only approaching Shangguan Yu, but Fu Siye could not stop such an impulse.

Furthermore, she would belong to someone else in the future. If that day came, he would probably go crazy.

Just like what Gu Lingyin had said, Fu Siye not only loved Shangguan Yu, but he was also very stubborn.

Chapter 1014: You Are Important (7)

When Shangguan Yu snapped back to her senses and realized what he meant, she frowned. "Fu Siye, don't speak nonsense. He's an artist. I saw that he drew very well and invited him here to teach me how to draw."

That day, when she was wandering aimlessly on the streets, she accidentally saw his paintings. His paintings made her lost heart find peace, so she wanted to buy his paintings. Because she wanted to buy them, the two of them started talking. She looked at his other paintings and felt that they were all very good. He also made her have the thought of learning how to draw.

Now that she had nothing to do, it was rare for her to be interested, so she immediately invited him back to teach her.

After his outburst, Fu Siye realized that he had been impulsive. Because of her friendship status, he knew her social circle very well.

"If you want to learn painting, I'll find you a female painter."

"No need." Shangguan Yu rejected directly.

"Xiao Yu..." Fu Siye was about to say something.

"We're about to get a divorce. From now on, you don't have to care about my matters. What do you want to decide? If you're here to divorce me, we'll go now. If not, please leave." Shangguan Yu asked him to leave.

Some people say that women who don't love are the most heartless.

The truth was indeed so. When a woman didn't love someone, she could really be very ruthless and heartless.

"Xiao Yu, I know..."

"Apart from divorce, I don't want to hear anything else. If you don't leave, I'll call the police," Shangguan Yu said as she took out her phone to call the police.

"Xiao Yu, how can you do this... Don't you love me the most?" How could she bear to do this to him?!

Shangguan Yu looked at him, her eyes terrifyingly indifferent. "In the past, but not now."

Fu Siye: "..."

He shouldn't have come to see her. She made him feel even more helpless and desperate in this exhausted state...

Right.

It was despair.

Deep despair almost drowned him.

He didn't even know how to woo a woman, let alone redeem a woman who no longer loved him and didn't want him.

"I'll look for you when I'm done!" With that, he grabbed the painter and planned to take him away.

The painter who was pulled up by him naturally struggled with all his might.

"Fu Siye, let go of him!" Shangguan Yu said, stepping forward. She was the one who had invited him here. She couldn't let anything happen to him because of her.

"I'll get you another female teacher," Fu Siye said as he walked out.

"Fu Siye! I've already said it very clearly. My future matters have nothing to do with you. You don't have to care!" Shangguan Yu said coldly.

"Do you think I should do as you say?" Fu Siye's voice was colder than hers.

Shangguan Yu's expression turned colder as she said angrily, "Fu Siye!"

However, Fu Siye did not put down the man in his hand and left directly.

Seeing this, Shangguan Yu chased after him.

Fu Siye walked very fast. She, who was wearing high heels, couldn't catch up. By the time she chased after him, Fu Siye had already brought the male painter into the car. "Don't worry, I won't hurt him. I'll only make him get lost far away. If you see him again, I'll let something happen to him."

Shangguan Yu: "..."

After a while, she said helplessly.

"Fu Siye, what exactly do you want?" Why couldn't he just divorce her and never appear in front of her again?

"I don't want to divorce you. I want to live a good life with you. I want to love you and have a cute baby with you." When she asked him what he wanted, Fu Siye told her what he wanted the most.

Chapter 1015: You Are Important (8)

It would have been fine if he hadn't mentioned the baby. His baby had made Shangguan Yu's heart, which had finally calmed down in recent days, explode.

"You want to have a cute baby with me?"

"What do you think a baby is?! Is it something that you can have when you want it?! Don't say such things to me again! Don't force me to hate you!" Want to have a cute baby? Why didn't he want her baby before?!

Why not?!

She didn't want to blame him because the biggest mistake was made by her. It was because she didn't control her emotions well that she ended up like this. But if he continued like this, she wouldn't be able to help but hate him!

Hatred. If it weren't for his words, she wouldn't have lost control so badly.

At that time, she was already mentally prepared. If he had not decided, or if he did not want to continue with her, she would simply have left. She had even fantasized about the happy life she and the baby would have together in the future. Even without him, she and the baby would really have lived very, very well...

But he wanted her to know the truth.

He had watched helplessly as she had been on the verge of going crazy all these years just to have a child. She had always thought that there was something wrong with her...

But it was because he didn't want her child.

"Xiao Yu, I know. It's all my fault in the past..."

"If you know it's all your fault, then please end it with me completely. After that, we'll never interact with each other again! Don't appear in front of me again!" Before Shangguan Yu lost her child, she still

thought that after the two of them ended their marriage, they could still be friends. After he knew about the existence of the child, he could come and see the child if he had nothing to do.

And now, she only wanted him to never appear in front of her again.

Because when she saw him, she recalled that night. She recalled the despair and fear, the helplessness at the end of her life, the pain that she could not bear the most!

The wound that he had forcefully suppressed tore open, causing her to be in so much pain that she wished she was dead...

When Fu Siye saw Shangguan Yu like this, that familiar fear and panic attacked him again.

Because he could tell from her eyes that she really, really didn't want to see him again, never wanted to see him again...

That fear and panic became more and more intense. In the end, it was like a monstrous wave that instantly knocked him down...

At the Bo residence...

While they were discussing their countermeasures, Mu Huan had provided a few types of drugs. If they could be successfully fed to them, they would definitely be able to stop the other party's assassination. However, those drugs had yet to be successfully delivered to those important enemies. Furthermore, Mu Huan couldn't help Bo Junyan much in terms of business. In order to not cause trouble for him, Mu Huan spent most of her time at home after her break.

Just as she was getting tired of reading and was about to head downstairs to look for something to eat...

"Young Madam, the young master of the Long family insisted on coming in to see you."

Before Mu Huan could say anything, the butler continued, "He said that if you don't let him in, he'll wait outside until he dies."

Mu Huan broke out in a cold sweat. "Let him in."

Long Feiting had previously mentioned on WeChat that he wanted to visit her.

Mu Huan had already rejected him, but now that he had come straight over and even said this, it wasn't good for her to reject him and could only let him in.

Not long after Long Feiting went in...

Xue Yun got into the car that was coming to Yun Cheng.

Ling Wei saw that she was so nervous that her clothes were wrinkled.

She reached out to hold her hand. "Auntie Xue, don't be nervous. If you're nervous, things won't work out. If you do that, it'll harm your precious daughter and son."

Chapter 1016: Why Did It Turn Out Like This (1)

Xue Yun did not speak and only tried her best to mentally prepare herself.

“You just have to think that this is all for the sake of Mu Huan and Xiao Xiao.” Ling Wei felt that Xue Yun was really useless. She had already made things so clear to her, and it had given her enough time to mentally prepare herself. She was actually still so nervous when it came down to it.

Her appearance in front of Mu Huan would be seen through at a glance. What else could she do?

“I know...”

“Relax if you know!” Ling Wei ordered.

Xue Yun: “...”

Could she relax just because she wanted to? Although this was indeed good for Xiao Huan, this was not something good to do after all. She could not help but feel nervous.

When Ling Wei saw Xue Yun like this, a glint flashed across her eyes.

Yun Cheng...

When she saw Long Feiting, Mu Huan said unhappily, “Do you not want your life anymore?”

She had already told him that the crisis had yet to be resolved. She wanted him to stay as far away as possible, but he insisted on coming.

“If I dare to come and hang out with you at this time, it means I definitely love you!” Long Feiting said with a smile.

The corners of Mu Huan’s lips twitched. “What love? Just scam.”

“You’re too much. I risked my life to come over just to tease you. You actually asked me to get lost!” Long Feiting pouted unhappily.

The corners of Mu Huan’s lips twitched even more when she saw him pouting like a fool.

“Young man, you’re already quite stupid. Don’t be even more stupid.”

Long Feiting: “...”

What did he sacrifice his image for? It was all to relieve her boredom and cheer her up.

“Do you want to play games? I’ve discovered a new game that’s especially fun!” He took out his phone, wanting to play games with Mu Huan.

“If you wanted to play games with me, you could have just gone online! Why did you come to my house?” Mu Huan rolled her eyes at him.

“How is it good enough to watch you play games online?” Was it the same as watching her in real life?

“Long Feiting, I don’t want to say anything more to you, but please respect my boundaries and don’t keep crossing them.” If it weren’t for the fact that he had taken a bullet for her, Mu Huan really wouldn’t even want to have too much contact with him.

She could not give him what he wanted. The more he interacted with her, the more he would sink deeper.

“Alright, alright, I know! We’ll only be good friends!” Long Feiting raised his hand and swore that he would not cross the line.

Mu Huan looked at him, feeling a headache.

But she did not say anything else.

“Come... come... play a game.” Long Feiting sat on the sofa and asked her to play.

Mu Huan had nothing to say to him. The two of them couldn’t just stand there awkwardly, so they could only play games.

“You haven’t played this game before, have you? Brother Fatty will take you flying!” Long Feiting said.

Mu Huan glanced at him silently.

An hour later.

“How can you play so well?!” Long Feiting felt that his male ego had been trampled on. It was fine if he couldn’t beat her in a fight, but he also had to be led by her in a game!

Didn’t she only study hard every day?

“Back then, I was a substitute game king. No matter what game it was, if it was handed to me, I could raise it to the highest level in the shortest time possible!” Mu Huan had played many games before. Nowadays, even if it was a new game, it would still be the same. Hence, she could usually slip away after a few operations, especially in such competitive games.

“You’ve even done games as a substitute player?”

“Yes.”

Long Feiting: “...”

Chapter 1017: Why Did It Turn Out Like This (2)

He was about to say something.

Mu Huan said, “Don’t ask me what else I haven’t done. There are many things I haven’t done.”

Long Feiting: “...”

After a while.

“I should have found you earlier.”

She wouldn’t have suffered so much and wouldn’t have married Bo Junyan.

People really shouldn’t think about what they had missed. Just thinking about it hurt.

“Hurry, hurry. It’s starting.” Mu Huan changed the topic.

Long Feiting did not say anything else.

After playing for about half an hour...

The butler reported, "Young Madam, your mother is here."

Mu Huan stopped playing the game.

"Your mother said that she won't leave until she sees you." After the butler said that, he felt a little nervous. Now that she had come to see his Young Madam, he had to add this.

"Your mother is here! I've never seen your mother before!" Long Feiting immediately put away his phone and sat up. The last time Xue Yun went to school to look for Mu Huan, he happened to not be around. Although he had heard that Mu Huan's mother kept asking for benefits for the Ling family, that's how all mothers were like. He subconsciously wanted to act better.

Mu Huan swept an indifferent glance at him and retracted her gaze to look at the butler. "Let her in."

Not long after the butler left, he brought Xue Yun in. Xue Yun was holding a thermos.

When Xue Yun came in, she instinctively paid attention to Long Feiting. When she saw that Long Feiting was even more handsome than in the photo, she heaved a sigh of relief and no longer felt so guilty.

Just as Ling Wei had said, Long Feiting was not bad in all aspects.

She was about the same age as her daughter, and the two of them looked more compatible when they stood together. Furthermore, Long Feiting liked her daughter so much. In the future, her daughter would definitely be very happy with Long Feiting.

"Auntie, it's our first time meeting. I'm Long Feiting, a good friend of your daughter, Mu Huan." Long Feiting went up to greet Xue Yun.

He liked her daughter and was naturally very respectful to Xue Yun.

This made Xue Yun have a better impression of Long Feiting. The more she looked at him, the more satisfied she became. Then, the nervousness and guilt in her heart lessened. She smiled and replied to Long Feiting, "Hello... Hello..."

"Why did you suddenly come looking for me, Mom?" Mu Huan asked.

"Mom has something to talk to you about, but we'll talk later." Xue Yun's expression was one of "You have a friend here. Talk to your friend first. I'm not in a hurry."

Seeing this, Long Feiting said, "I should go back now."

Xue Yun hurriedly said, "Why are you going back? Continue playing. I'm fine."

"I have something on and have to go back," Long Feiting said.

Xue Yun was about to say something.

Mu Huan said, "Then take care. I won't send you off."

"Child, what are you saying?" Xue Yun looked at Mu Huan and asked her to be more polite to the guest.

Long Feiting hurriedly said, "No need to send me off, no need to send me off! It's quite troublesome to send me off so formally."

“Bye, Auntie!” With that, he turned around and left without waiting for Xue Yun to say anything.

Xue Yun looked at his departing back and could not help but say, “Your friend looks pretty good.”

“Yes,” Mu Huan replied nonchalantly. “What did you want to see me about, Mom? Why didn’t you say anything before coming over?”

“I was afraid that you won’t see me if I told you in advance.” Xue Yun lowered her eyes and said, “Xiao Huan, can we go to a quiet place to have a good chat?”

Mu Huan said directly, “If you’re here for the Ling Group, Mom, we don’t have to talk about it. There’s nothing to talk about.”

“It’s not for the Ling Group. Mom is doing this for something else.” Xue Yun lowered her head so that no one could see her expression.

Chapter 1018: Counterattack (1)

Mu Huan looked at her silently for a while before saying, “Follow me up.”

Mu Huan brought Xue Yun to the guest room upstairs.

After Xue Yun sat down, she opened the thermos that she had brought over. “Xiao Huan, I remember that when you were young, you loved to drink the red bean soup I made. It’s rare for us to meet anymore, so today, I made some for you and brought it over. Come and try it. See if it still tastes like when you were young.”

Mu Huan looked at the red bean soup that she had poured out and her eyes darkened. “If there’s anything you need, just say it. There’s no need to be like this.”

“In your heart, am I already someone who treats you well just for my own benefits?” Xue Yun looked up at her and said with reddened eyes, “Xiao Huan, we’re mother and daughter... Why did things turn out this way...?”

Mu Huan’s eyes reddened as she looked at her.

Who would have thought that the person she once loved the most would end up like this with her?

“Mom still remembers that when you were young, you would always tell me that the person you loved the most was me and that you would always love only Mom...” Although Xue Yun really didn’t want to recall everything that had happened in the Mu family, she couldn’t deny that she was happy when she was with the Mu family. Especially after Mu Huan became sensible, she was so obedient and cute. She would sweetly call her Mom every day. Among the many people who loved her, she would always say that she loved Mom the most and only wanted to be with her.

She could still remember clearly how proud and happy she was back then. She could also remember how adorable and beautiful her daughter was when she was young.

“Xiao Huan, now... why have we become so unfamiliar...? I’m your mother, the person you love the most in the world...” Had she forgotten that the person she loved the most was her mother?

Mu Huan did not speak. She did not know what to say. She did not want this to happen. She had never thought that she would be able to see her mother again. She also did not expect that one day, the relationship between her and her favorite mother would become like this.

But she sat opposite Xue Yun.

“Xiao Huan, no matter how much I’ve changed, I’ll always be your mother. I’ll always love you in my heart. Although I’m biased, I’ll always think of you no matter what. I want you to do better and be happier.”

With that, Xue Yun wiped her tears and passed the red bean soup to Mu Huan. “Come, Xiao Huan, try it.”

Mu Huan reached out to take it.

“Try it and see if it tastes the same as before.” Xue Yun looked at Mu Huan eagerly, hoping that she would drink it.

Under her expectant gaze, Mu Huan lowered her head and looked at the red bean soup in her hand.

Seeing that she wasn’t drinking, Xue Yun asked, “What’s wrong? Don’t you like red bean soup now?”

Mu Huan looked up at Xue Yun. “No.”

“If you still like it, hurry up and try it. Didn’t you like the taste of it in the past? When you were young, you could drink a big bowl of it. Now that you’re older, you should be able to drink more.”

“Yes, I can drink more now.”

“If you like it, I’ll cook it for you from now on. Don’t worry, I won’t ask you for anything in the future. I came here this time because I heard that you were ambushed and was worried about you. I came to visit you because I wanted to try to convince you to forgive Xiao Xiao...”

Xue Yun rambled on.

“Hurry up and drink it. It won’t taste good if it gets cold.”

“Okay.” Mu Huan picked up the bowl, put it to her mouth, and took a sip.

After she finished drinking...

Xue Yun said, “Do you want more?”

“Yes.”

Xue Yun poured another bowl for Mu Huan.

Chapter 1019: Counterattack (2)

Mu Huan drank another mouthful.

Seeing that she had finished her second bowl, Xue Yun reached out to hold her hand. “Xiao Huan, Mom really loves you and wants you to be well. From now on, don’t be so distant with Mom. You’re so unfamiliar, you know?”

“Xiao Huan, I really want you and Xiao Xiao to be well... Both of you are my flesh and blood. I gave birth to you after ten months of pregnancy.

“Especially when I gave birth to you, Mom bled a lot and was bedridden for months...

“Xiao Huan, I really, really love you. I really want you to live a good life and be happy. I really want you... I really work hard... Xiao Huan...” As Xue Yun spoke, her tears fell.

Amid her tears, Mu Huan’s vision slowly blurred before she slowly collapsed on the table.

Xue Yun looked at her, who was lying on the table. Her hand trembled as she reached out and shook her shoulder. “Xiao Huan...? Xiao Huan?”

After calling out to Mu Huan and shaking her a few times but receiving no response, Xue Yun’s hand slowly went to her head and gently caressed it.

“Xiao Huan, I hope you won’t blame me when you wake up. I know it’s not right of me to do this, but you’re my flesh and blood, and so is Xiao Xiao. I can’t just watch him lose everything. I really want the best of both worlds. I want all of you to be well... I’ve already tried my best...

“That child Long Feiting is really not bad. You’ll be happy with him. Also, Bo Junyan’s current situation is really dangerous. If you continue to be with him, your life will be in danger. Hence, I’m not trying to harm you. I just want you to be well...

“Don’t blame Mom, don’t blame Mom... Mom really did it for your own good...”

Xue Yun was afraid. She was afraid that when Mu Huan woke up, she would blame her and not acknowledge her as her mother anymore... She was afraid, really afraid...

She didn’t want to lose her.

She was the baby that she had painstakingly given birth to.

She just wanted the two of them to be well... She just wanted this...

She really only wanted this. They were her children... her biological children... She only wanted them to be fine...

Trembling, she caressed Mu Huan’s head until her phone rang.

It was a message from Ling Wei asking her about the situation and whether it was settled.

She looked at the message on her phone for a while before replying, “Everything’s fine.”

Not long after she sent the message, a tall and strong man carried Long Feiting in.

Looking at Long Feiting, who had fainted like Mu Huan, Xue Yun frowned.

“How can things continue like this?”

What Ling Wei asked Xue Yun to do was actually very simple. It was an old trick. She wanted Xue Yun to drug Mu Huan.

This move was really old. They had used it before.

But why was the move used when it was old? It was because only such a move could destroy two people who loved each other.

The more they loved each other, the more they cared about each other. No matter how much they loved each other, there would be irreparable cracks between them after this. Even if they loved each other enough and continued to be together, this matter would become an eternal pain in their hearts. It would be so painful that they would wish they were dead.

Hence, although this method was tacky, it was the best and most ruthless method. It was not trite at all.

“He’ll wake up in a while. Your mission is over. You don’t have to bother about the rest. You can go out now,” the tall and strong man said impatiently.

Chapter 1020: Counterattack (3)

“That won’t do. I have to wait for him to wake up.” Xue Yun didn’t trust Ling Wei completely. She only did this because she was very satisfied with Long Feiting. If it were another man who would sleep with her daughter, she would definitely not allow it.

Given the current situation, what if Ling Wei didn’t do what she had said? She didn’t want Long Feiting to have sex with her daughter, but instead, she wanted this man in front of her to do it? What should she do?

She couldn’t leave.

“You want to see your daughter’s scene with your own eyes?” the man mocked.

Xue Yun clenched her fists. “If you want me to leave, you have to go out too.”

“You don’t want to negotiate terms with CEO Ling?”

“The person she has discussed with me is Long Feiting.”

“It will be Long Feiting. Why, do you think I’ll do it? Do you think I’d dare? After what will happen between Long Feiting and Mu Huan, he can still live. If anything were to happen between me and Mu Huan, even under such circumstances, I won’t have a way out. Do you think I’d risk my life?”

Xue Yun agreed.

“You go out first. I’ll leave after arranging some things. Don’t waste time.”

Xue Yun thought for a moment and said, “I’ll wait outside.”

“Up to you.” The man ignored her and started to install the camera.

Xue Yun looked at the camera in his hand and clenched her fists. In the end, she turned around and left.

The moment she left and closed the door, Mu Huan, who was lying motionless on the table, started to cry quietly.

After Xue Yun left, the man installed the camera, took off his coat, and walked toward Mu Huan.

Yes.

If Bo Junyan found out about it, he would die without a burial ground. But wouldn't it be fine if he didn't find out?

As long as the timing was clever enough to make Long Feiting take the blame, no one would notice him.

Ling Wei wanted Mu Huan to be as miserable as possible, so why would she let her be with Long Feiting? She wanted her most loyal subordinate to come first and record it. Then, she wanted everyone to think that Mu Huan had slept with Long Feiting.

After Mu Huan left Bo Junyan and was done with him, she would then get someone to send such a video to the Long family. This would prevent Mu Huan and Long Feiting from being together and completely destroy Mu Huan's escape route.

Then, crushing her would be as easy as crushing an ant.

The cameras that the man had installed would record from every angle.

And they were all high-definition.

When it was obvious that the man was coming to get Mu Huan's clothes...

Mu Huan, who was lying motionless on the ground, suddenly grabbed the man's outstretched hand.

Then, under the man's stunned gaze, she broke his bones.

Just as he was about to shout in pain, Mu Huan's other hand took the opportunity to scatter some powder into his mouth. He tried his best to shout, but he couldn't make a sound.

This made him even more frightened. His eyes were wide as if what he saw was even more frightening than a ghost!

He knew that Mu Huan knew how to use drugs, but he didn't expect her to wake up so quickly after being drugged. He didn't expect her to make him lose his voice instantly, and he didn't expect that as a top-notch bodyguard, he would actually be unable to retaliate against her attack!

He used to be an outlaw, and he had seen many ruthless people...

It was common for them to kill without batting an eyelid.

However, those people made him feel that they were not as scary as Mu Huan.

Every attack of hers made him suffer the most extreme pain in the world!

At this moment, he deeply understood.

What did it mean to be abused?!
