

Fake Marriage 1021

Chapter 1021: Counterattack (4)

At this moment, Mu Huan was really ruthless. She was unprecedentedly ruthless. The ruthlessness, coldness, and bloodthirstiness in her bones were all unleashed.

She did not hit the person in front of her with a spray like before.

Instead, she used all the ruthless moves she had learned in her life.

It was a tragic sight.

She was referring to that man.

When the man could no longer get up...

Bo Junyan, who had come out long ago and was watching by the side, walked forward and reached out to pull her into his embrace. He hugged her tightly, his heart aching. "Hey..."

He initially did not agree with her plan, but she insisted. He had never been able to resist her coquettishness, so he eventually agreed.

But now, seeing her in so much pain and being so violent, he regretted for the first time in his life that he gave in to her.

One had to be in extreme pain to completely let go like this. It meant there was no hope.

However, this extreme pain was very difficult to bear.

Now, she was enduring such pain.

In this world, the hardest thing to bear was human nature.

What was scarier than ghosts was the human heart.

Under his gentle comfort, Mu Huan's hostility slowly dissipated. In the end, she burst into tears.

"Why... why did this happen? I waited until the end and gave her a chance, but she could leave just like that... Why? Why...? What did I do wrong... Why did my parents, who loved me so much, become like this?... Why...?"

"Why is it like this... Am I the only one who remembers the past...? Am I the only one who lives in the past? Is the happiness of the past actually just my imagination? Why... why are they treating me like this... I'm their daughter, their biological daughter...!"

Her mother, whom she loved so much, had actually drugged her and would let another man ruin her...

And video recording.

Ha...

Love her the most? Love her the most?

Ha...

Pain.

Extreme pain...

All along, be it in her tough and poor life or her carefree life afterward, the days when she was doted on by her parents when she was young were the best memories for Mu Huan. Deep in her heart, she had always felt that she was a person who had her parents' love.

How beautiful the past was, how deep the love in her heart was, how painful it was for her now.

Her heart felt like it was being torn apart. It hurt so much that she felt despair...

Despair over motherly love.

This despair was unbearable for her. It hurt so much that she wanted to explode!

She looked up with bloodshot eyes!

"I want Ling Wei to be finished! I want the Ling family to be finished! I want Ling Xiao to be finished! I want all of them to be finished!" She couldn't just watch her son lose everything? Mu Huan wanted her to watch helplessly!

She wanted her to see how Mu Huan would destroy everything in the Ling family with her own hands! She wanted her precious son to lose everything and lead a miserable life!

"Alright." Bo Junyan's eyes were filled with unprecedented bloodlust.

In the villa next door.

"By the way, Auntie Man, Xiao Huan's mother has come with me."

Meng Yueman was stunned for a moment before saying, "You child, why didn't you tell me about such an important matter earlier?"

Although Meng Yueman knew that Mu Huan's mother always wanted benefits for the Ling family, she was the biological mother of her daughter-in-law and was her in-law. Now that she was here, how could she not receive her?

"Because she said she had something important to discuss with Mu Huan, I didn't tell you at the start," Ling Wei said with a smile.

It was important for such a person to come, but it was really not important to her.

Chapter 1022: Counterattack (5)

"Is that so? Then let them talk. I'll get the kitchen to prepare first. You stay behind today as well. Let's have a good gathering. I've been so annoyed recently that I haven't had the appetite to eat." Her husband and son were afraid that she would be so worried that she wouldn't be able to sleep well, so they didn't tell her exactly what was going on. However, she knew that her husband and son were busy and that the crisis they were facing was very serious.

Furthermore, there were assassination attempts from time to time that made her afraid to go out. Hence, she did not have the appetite to eat.

“Alright.” Ling Wei continued to smile gently.

“Alright, then. Stay here and talk to your grandfather. I’ll go to the kitchen.” Meng Yueman was no stranger to Xue Yun, but she was not very familiar with her either. This was because Xue Yun had replaced her best friend’s position. Hence, even when the Bo family and the Ling family were on good terms, she did not have much contact with Xue Yun.

However, this was the first time they were meeting as in-laws, so she had to give face to her daughter-in-law. Hence, she had to go to the kitchen to personally give some instructions.

“Okay.” Ling Wei smiled as she looked at Old Master Meng, who was sitting beside her.

Old Master Meng met her gaze. It was obvious that he knew.

It was true that Old Master Meng had a problem with his brain.

To put it simply, he was senile.

Although not everyone became muddle-headed when they got old, some people did. It was useless to reason with them.

“Has it started over there?” Old Master Meng asked.

“It’s already started.”

“That’s good.”

“Aren’t you afraid, Grandfather?” Ling Wei suddenly said.

“Am I allowed to be afraid in such a situation?” Old Master Meng’s face was full of fear. They were about to be wiped out, so what was there to be afraid of?

Ling Wei sighed and said, “Only you, Grandpa, are smart enough to see the situation clearly.”

“Junyan has been completely mesmerized by the woman.” Old Master Meng’s heart ached at the thought of his outstanding grandson becoming like this.

“Grandpa, although I’m doing this for the good of the Ling Group, it’s more for the good of the Bo Group. After this incident, it’ll be up to you.” Ling Wei wanted Old Master Meng to bear all the responsibility. Although she knew that no matter what, her relationship with Bo Junyan had completely collapsed after the incident, she was afraid that Bo Junyan would be so angry that she wouldn’t be able to leave the Bo family residence today.

Even if she was prepared, the mastermind wasn’t her. It was the Old Master. If the Old Master were to do everything he could to protect her, her safety would be more guaranteed.

If it wasn’t because she had no choice, Ling Wei actually wouldn’t have wanted to use such a method. This would make her seem like she had low means. Furthermore, this was also the plan with the greatest risk. However, she had no other choice. If she didn’t take the risk, the Ling family would be completely finished. With the Ling family having nothing, she couldn’t even think about her future. Hence, no matter how big the risk was, she had to do it.

“Don’t worry. Even if I end up dying, I will still protect you,” Old Master Meng reassured her. After saying that, he patted Ling Wei’s hand and said, “Grandpa knows that you’re worried sick for the good of the two families. It’s been hard on you. After this matter is done, Junyan will definitely slowly forgive you. Our families will be as good as before.”

“I hope so.” Ling Wei lowered her eyes.

What Ling Wei had told Xue Yun was mostly true. When she was dealing with the large corporation attacking the Ling Group, the CEO’s daughter had taken a fancy to Bo Junyan. Ling Wei knew that the CEO doted on his only daughter and would do anything for her. Hence, she used this point to reach an agreement with that CEO.

Chapter 1023: Counterattack (6)

In exchange for her ruining Bo Junyan’s marriage, he had stopped attacking the Ling Group. Then, he had joined forces with the other enemies of Bo Junyan, making Bo Junyan’s situation even more dangerous.

This way, when faced with the life-threatening situation of his family and the livelihood of tens of thousands of employees in the Bo Group, the possibility of Bo Junyan accepting the marriage was very high.

If Bo Junyan insisted on not getting married, then she would destroy him!

The other party would not lose out either.

Actually, based on Ling Wei’s understanding of Bo Junyan, she knew that Bo Junyan would definitely not give in and choose a marriage alliance. She knew that Bo Junyan would not give in, but she still convinced the CEO. Firstly, it was to save the Ling Group, and secondly, she wanted to draw an enemy for Bo Junyan and take the opportunity to destroy him!

She couldn’t be blamed for being ruthless. If someone should be blamed, it could only be Bo Junyan for being heartless first. Since he didn’t want to work with her, she could only do this. She would first resolve the crises of the Ling Group one by one before destroying him!

However, Old Master Meng did not know what she was thinking.

He still felt that the two families had won by doing this. He still felt that he had let Ling Wei down. Previously, he had insisted on her being with Bo Junyan, but after coming back and knowing that the Ling family was in trouble, he immediately didn’t want the two of them to be together. However, she was still so kind as to find an exit for the Bo family’s crisis.

Most people were very realistic, and Old Master Meng was even more realistic. Previously, he had been longing for Ling Wei and Bo Junyan to be together so that the two families could become one. However, after returning, he learned that the Ling family was in danger. He didn’t need anyone to convince him to stop.

Initially, he had wanted to make use of the marriage to expand the Bo Group. When Ling Wei looked for him and said that the daughter of an international corporation’s CEO had taken a fancy to Bo Junyan—that as long as Bo Junyan was willing, not only would the other party be able to help the Bo family out of

their current predicament but they would also be able to reach even greater heights—he immediately agreed to all of Ling Wei’s plans and was even willing to be labeled the mastermind.

Old Master Meng had been in charge for so many years. Even though he was being watched over, there were still people who were under him. The person who had knocked Long Feiting unconscious today and the person upstairs who had been beaten up by Mu Huan were both Old Master Meng’s men on the surface. After this incident, Old Master Meng would say that he was the mastermind behind the entire plan and that he was the one who wanted to do this.

Because he was Bo Junyan’s biological grandfather, no matter what he did, it was impossible for Bo Junyan to kill him. Besides, even if Bo Junyan did kill him, as long as he got rid of Mu Huan, that jinx, it would be worth it!

Old Master Meng felt that Mu Huan was a jinx. Ever since Bo Junyan married her, there had been no peace in the family. It was fine if the family was not on good terms, but now, they had encountered such a huge crisis. As long as he was alive, he would not just watch the Bo family collapse. Hence, with such an opportunity, he naturally had to do it!

Old Master Meng was thinking that he was doing this for the good of the Bo family and for the good of his grandson. Bo Junyan was obsessed with lust and was about to destroy the Bo family for a woman. He couldn’t let him continue like this. He felt that he was doing this for Bo Junyan’s sake. For this grandson, it didn’t matter if he died. He didn’t think about whether the truth was like this and whether Bo Junyan needed him to do this for his sake.

“It’ll definitely be like this. Don’t worry.” Old Master Meng told her to rest assured because he was here. Not only would he protect her, but he would also restore the relationship between the two families.

Despite his reassurance, Ling Wei was still worried.

Chapter 1024: Counterattack (7)

She wanted to completely destroy Bo Junyan because she knew that no matter if she was the mastermind or not, as long as she participated in the plan to destroy Mu Huan, Bo Junyan would not let her off. This way, either he died or she died. Of course, she chose him to die!

Only when he was dead would he no longer be a threat to her.

But killing Bo Junyan was not an easy task. Otherwise, with so many people ganging up on him, it was impossible for him to have lasted until now.

Hence, she was still very worried that when Bo Junyan returned and found out that something had happened to Mu Huan, he would be furious and make her unable to leave safely.

That’s why she would rather have not used such a method. She did not want to do this, but she had no choice.

That it had to reach this point, all of this was not her fault but Bo Junyan’s!

She hoped that this move would destroy Bo Junyan. Otherwise, her future would be tough...

Meng Yueman was busy in the kitchen for a while before returning. When she returned, it was almost time for dinner.

“Dad, if you don’t want to see them, I’ll get someone to send you food. If you want to go, then don’t do anything extreme,” Meng Yueman said in advance. She didn’t want her father to cause trouble again. Now that there was a serious external threat, she really didn’t want their own people to cause trouble and make the father and son have a headache.

“I know. Don’t guard against me every day like you’re guarding against a thief,” Old Master Meng said unhappily.

“Do you think I want to do this?” Meng Yueman really didn’t want to do this, but he refused to listen to her no matter what. What else could she do other than to guard against him?

Meng Yueman trusted Old Master Meng and Ling Wei too much. She was only thinking about their good points and did not notice their plan at all. She did not know that her father had already changed his target.

Her father had already done what she felt he would never do.

“So are you going or not?” Meng Yueman asked him if he wanted to go over for a meal.

“Of course!” Old Master Meng was waiting for this moment. How could he not go?

“Then promise me...”

Meng Yueman was interrupted before she could finish speaking.

“Alright, alright, I got it!” Old Master Meng said as he pushed himself off of his chair to stand up.

Seeing this, Ling Wei hurriedly helped him up.

Meng Yueman did not say anything else.

After she turned around and left...

Old Master Meng looked at Ling Wei and whispered, “How’s the situation over there?”

Ling Wei whispered, “Everything’s fine.”

Just now, when Meng Yueman came back to speak to Old Master Meng, she sent a text message asking if her subordinate had settled the matter and received an affirmative reply.

This meant that he had already brought Long Feiting upstairs.

If they went over now, they would only see Mu Huan and Long Feiting.

Her subordinate had already quietly left.

“Let’s go, then!” Old Master Meng smiled happily for the first time in recent days. Actually, Old Master Meng wanted to chase Mu Huan away not only purely because he wanted Bo Junyan to marry someone else. Now, a part of the reason was his unwillingness to give in.

In his life, he had held a high position and had rarely failed. However, he had lost to Mu Huan and was even being watched over like a criminal by his own family. This made him very unhappy, and he could not bear to see Mu Huan.

Hence, he sought to destroy Mu Huan mercilessly and did not feel that there was anything wrong with what he did.

It never even crossed his mind that this was his biological grandson's wife and that he was making a cuckold out of him.

Chapter 1025: Counterattack (8)

It was just that in this world, imagination was always beautiful, but reality was always cruel.

When they went to the main house next door...

Xue Yun was waking up groggily on the sofa. She was still in a daze.

Meng Yueman stepped forward and asked, "Are you done talking to Xiao Huan?"

Facing her question, Xue Yun was stunned for a while before she snapped back to her senses. "Yes..."

What was going on? Why was she here?

Xue Yun's memory was interrupted when she walked out of the door.

"Where's Xiao Huan? Why isn't she with you downstairs?"

"Xiao Huan..." Xue Yun was about to say something when she met Ling Wei's gaze.

Then, under her gaze, she instinctively said, "Xiao Huan... Xiao Huan is in the guest room upstairs..."

"Then I'll go upstairs and ask her to eat," Meng Yueman said as she walked upstairs.

Ling Wei and Old Master Meng looked at each other and did not even sit down. They waited for Meng Yueman to scream before they went upstairs.

However...

Before Meng Yueman could even go up...

Mu Huan took Bo Junyan's arm and walked down.

Instantly, apart from Meng Yueman, who was only a little surprised that Bo Junyan was at home—

The other three widened their eyes in shock.

Especially Xue Yun!

She had seen with her own eyes that Mu Huan had drunk two bowls of red bean soup that had been drugged. She wouldn't even be able to get up after taking that kind of drug, not to mention she drank two bowls...

She...

Why was she so sober...

And she was with Bo Junyan...!

Compared to the shock she felt that lasted a long time—

Old Master Meng and Ling Wei quickly snapped back to their senses and their expressions turned ugly.

Mu Huan coming down unscathed proved that their plan had failed. Ling Wei instantly thought that the message her subordinate had sent might have been from Mu Huan.

“What happened?” Old Master Meng asked in a low voice.

Ling Wei: “I want to know what’s going on too.”

With that, she looked at Xue Yun.

Xue Yun: “...”

She really wanted to know what was going on!

Mu Huan, who was standing on the stairs, looked down at them from above. She raised her eyebrows slightly and gave a bloodthirsty sneer. “Do you all really want to know what’s going on?”

The expressions of the three instantly became even uglier.

Only Meng Yueman, who did not know anything, was stunned. “What do you mean what happened?”

Just then, Bo Dingjing returned with Mu Dongsheng.

The moment he entered, he felt that there was something amiss with the atmosphere. “What’s wrong? What happened?”

“Dad, you’re back just in time,” Mu Huan said as she walked down the stairs with Bo Junyan.

“What’s wrong?” Meng Yueman felt that something big had happened given this atmosphere. However, she had been at home all day and had been watching her father. Nothing big should have happened.

Mu Huan replied to Meng Yueman by switching on the television in the living room and inserting a flash drive to play a surveillance video.

Mu Huan did not notice any strange taste in the red bean soup, but she’d known that Xue Yun was going to drug her.

She had long known about Ling Wei and Xue Yun’s plan.

After finding out that something had happened to Ling Feng, even if someone was secretly taking care of Xue Yun, Mu Huan was still worried. She got someone to sneak into the Ling family home to install pinhole cameras and bugs so that she could observe their movements at all times and get her mother out in time when something happened.

Unexpectedly...

The device she used to protect Xue Yun allowed her to hear the conversation between Ling Wei and Xue Yun.

After learning of their plan, she had thought of what to do. She wanted to use this opportunity to let her in-laws see Ling Wei's true colors and find out if her mother would ultimately harm her.

Chapter 1026: Counterattack (9)

During this period, she had called her mother a few times and secretly told her that she would let her lead a good life. She even told her about Ling Wei, hoping that she would believe her and remember that she was her daughter. Just as she had said, she was giving her mother a chance at the last moment.

She'd hoped that no matter how biased her mother was, she would not harm her.

However, in the end, she still drugged her and left easily after believing that man's words.

The surveillance camera footage that Mu Huan had played included those in the residences of the Ling family and the Bo family. These surveillance cameras clearly explained the entire matter.

Ling Wei, Old Master Meng, and Xue Yun had worked together to drug Mu Huan. Although she said that she wanted Long Feiting to have sex with Mu Huan, she actually wanted that man to have sex with Mu Huan first.

After watching all the surveillance footage...

Meng Yueman and Bo Dingjing were shocked!

They didn't expect Old Master Meng to have done such a thing under their tight surveillance!

What Meng Yueman expected less was that Ling Wei, whom she had always doted on like a daughter, would actually encourage her father to do such a thing! In fact, she had always asked Ling Wei to help her persuade the Old Master!

She thought about how she'd trusted Ling Wei so much that she asked her to help persuade the Old Master, but she used her trust in her to encourage the Old Master to do such a thing instead!

Meng Yueman suddenly didn't know what else in this world she could trust.

This made her mind go blank. She didn't know what to think.

A person she doted on like a biological daughter would actually... actually make use of her trust...

Xue Yun widened her eyes in shock as well. This was because the surveillance video in the guest room allowed her to clearly see that man wanting to touch Mu Huan.

Just like what she suspected, Ling Wei had wanted that man to destroy her daughter...

She thought about how she had lost consciousness after leaving the room. Perhaps Ling Wei had already arranged it before then. She was instantly furious!

Xue Yun and Meng Yueman shouted in unison, "Ling Wei, how can you do this?!"

Ling Wei did not expect this. The camera she had asked someone to install was meant to record the scene of Mu Huan having an affair with another man. In the future, this would destroy her escape route with the Long family. Now, it had become evidence of Ling Wei's crime. For a moment, she did not know how to react.

However, she quickly snapped back to her senses.

"I was doing this for the good of the Bo and Ling families! Aunt Man, you know that the Bo family is facing a crisis right now. If we don't resolve this crisis as soon as possible, not only will the tens of thousands of employees in the Bo Group lose their jobs, but your lives will also be lost!" Her expression was saying, I did this for the good of our two families!

"That's right. Xiao Wei was doing this for our own good!" Even if they failed, Old Master Meng was very determined to stand on Ling Wei's side.

As it had failed, it would impede the marriage between Bo Junyan and the Ace Group's daughter.

Old Master Meng quickly added, "Don't blame Xiao Wei! I asked her to do this! She's following my orders!"

"I will definitely not just watch while your lives are in danger and the Bo Group falls!"

With that, he looked at Bo Junyan and said, "Junyan, I've personally confirmed with the CEO of the Ace Group that as long as you get a divorce and marry the only daughter of the CEO, not only will he help you resolve the current crisis, but the Ace Group will also be yours in the future!"

Mu Huan was speechless when she heard his words. How much did this old man look down on his grandson? He kept wanting him to sell himself through marriage.

Chapter 1027: Counterattack (10)

It turned out that it didn't have to be Ling Wei. He just liked power. That was all he wanted. Whoever had power, he would like and want Bo Junyan to be with.

Other than power, nothing else mattered.

Her heart ached. Her heart really ached for her husband. He had tolerated and respected his family member so many times, yet now, he was still repeatedly using the excuse that he was doing this for his own good, using his status as family to hurt him without fear...

"Dad...!" Meng Yueman really didn't know what else to say about her father.

Ling Wei's betrayal and Old Master Meng's self-righteousness made Meng Yueman almost lose control.

How could they do this?! How could they do this?!

What did they take her son for?! What did they take him for?!

This was especially so for her father. As her son's biological grandfather, he had harmed his most beloved wife.

He...!

Mu Dongsheng was even more out of control and agitated than her. He dashed forward and grabbed Xue Yun. "How can you treat Xiao Huan like this?! You're her mother! How can you treat her like this?!"

"I... I did this... I was doing this for her own good... The Bo Group is in such a crisis now. If she stays... if she stays here, her life will be in danger... Besides... Besides, Long Feiting is indeed a good person. I..." Xue Yun stuttered and could not say anything else.

Mu Dongsheng did not want to hear her quibbling. "For Xiao Huan's sake? From those conversations, it's obvious that you only think about your son! You're afraid that he'll lose everything if the Ling family falls. You're doing this for his own good! You still have the cheek to say that it's for Xiao Huan's sake!"

"I won't... deny it. I did it for Xiao Xiao... but I really did it for Xiao Huan too! I'm their mother. I just want them to be fine..." Xue Yun said as she looked at Mu Huan.

"Xiao Huan! Believe in Mom! Believe that Mom really only wanted to do it for your own good! Ling Wei told me that it was going to be Long Feiting! I didn't know that she wanted that man..."

"I didn't know! I really didn't know!"

"Xiao Huan, believe me!"

"Believe my ass! Stop saying that it's for Xiao Huan's sake! Even if you don't find your words disgusting, you have to consider our ability to bear it! You didn't know that Ling Wei had such a plan? You really didn't know? Didn't you ask that man to leave with you?"

"I..." Xue Yun couldn't argue because no one would believe her even if she did.

"You thought of this, but in the end, you still believed that man's words and left. Why did you do that? Because even if you thought of this, you didn't want this plan to fail! You'd rather bet your daughter's innocence on Ling Wei's humanity!"

"You didn't believe your own daughter when she said that she would let you live a good life! You believed a stepdaughter who was ordering you around and scheming against you, who wanted to monopolize the Ling family! She said that after the matter was settled, she would let Ling Xiao inherit half of the Ling family's assets, and you believed her! Are you retarded or is it because you fell into the sea back then? Did water enter your brain and spoil it?!"

"What the f*ck?! It's not even enough to just give you a scolding!" Mu Dongsheng felt that Xue Yun was really stupid to believe Ling Wei's words and not her own daughter's!

She actually helped an outsider to harm her own daughter and even said that it was for her own good!

"How stupid are you to believe Ling Wei and not Xiao Huan and then do such a thing?!"

Chapter 1028: Counterattack (11)

Mu Dongsheng really did not know what Xue Yun was thinking. How could she believe that Ling Wei but not Mu Huan? How could she say that it was for her daughter's own good and even hurt her like this?!

Xue Yun did not know what to say. This was because no matter what, doing this was wrong. It didn't matter if she only wanted her two children to live well.

This indescribable pain made her lose control and shout at Mu Dongsheng, "What right do you have to scold me like this?! What right do you have?! Are you a good father? Are you very good to her?"

"She's so young, yet you forced her to get married! You could even sell her for money, so what right do you have to criticize me?!"

"What do you mean I sold her for money?! Back then, I met Bo Junyan and knew that he was a good person. That's why I asked her to go on a blind date! I'm not a good father, but I definitely wouldn't harm my daughter!" Mu Dongsheng was really not a good father. He was scum. He was weak, incompetent, and even shameless.

But he had a bottom line. No matter what he did, he would not harm his daughter.

He had met Bo Junyan a few times by chance and knew that he was top-notch in terms of appearance and everything else.

Hence, when he received the Bo family's matchmaking invitation and Mu Huan begged him to lend her money, he did not lend Mu Huan any money.

Firstly, he couldn't go against his mother. Secondly, even if Mu Huan could take her granny away temporarily, she wouldn't be able to escape Matriarch Mu's evil claws. If she couldn't sell Mu Huan this time, she would treat her even more ruthlessly next time.

At that time, he knew that Mu Huan was dating Gu Chenyi. He could also have stood up to prove Mu Huan's innocence and make Gu Chenyi believe Mu Huan. However, he felt that a person like Gu Chenyi was not good. Someone who was easily swayed by false evidence and did not believe in his daughter could not protect her.

Only by marrying Bo Junyan would Mu Huan have a chance to turn her life around. Only then would she be able to completely escape his mother's control.

Hence, not only did he not help Mu Huan, but he even helped his mother force Mu Huan to marry Bo Junyan.

He did not have the ability to save Mu Huan, but he would do his best to give her a chance to stay away.

Mu Huan was stunned when she heard Mu Dongsheng's words.

Her father had met Bo Junyan before her blind date?

If that was the case, why didn't he tell Mu Kexin, Bai Xuexian, and her grandma that not only was Bo Junyan not old or ugly, but he was also very handsome? He wanted Mu Kexin to prepare for a blind date, but he deliberately said that Bo Junyan was already so old yet still wasn't married. Could there be a problem?

Could it be that he wanted Mu Kexin to give up and give Mu Huan a better chance?

Did he do that for her own good?

Including not lending her money? Or not being willing to stand up for her when she was wrongly accused?

This...

The despair over her blood relations made Mu Huan think of this, but for a moment, she couldn't be sure if it was true. Did her father say this on purpose to criticize her mother?

She didn't know...

She was afraid.

She was afraid of hope and anticipation.

Because disappointment hurt too much.

Just as Xue Yun was about to say something...

"Shut up, you two! If you want to argue, go somewhere else!" Old Master Meng said impatiently.

Was this a place where they could quarrel? It was a waste of his time!

His impatience made Xue Yun, who wanted to say something, not dare to say anything.

Seeing that they had quietened down, Old Master Meng looked at Bo Junyan and said, "Junyan, if you want our old lives to be fine and the Bo family to be fine, you can divorce Mu Huan today!"

Chapter 1029: Insurmountable Hatred (1)

Bo Junyan looked at the old man and suddenly smiled.

However, this smile made Meng Yueman and Mu Huan's hearts ache.

Mu Huan held his hand and gave him silent warmth.

Bo Junyan held her little hand tightly. "Grandpa, I've said it before. If this happened again, you won't be my grandfather anymore. Thus, from now on, you won't be."

Old Master Meng was furious. "You're still doing this at a time like this. Are you going to give up your parents' lives for this woman?"

"Are you really doing this because their lives are in danger?" Bo Junyan mocked.

Last night, he had specially told him that this matter would be resolved soon, but he did not believe him.

It should be said that even if his grandfather believed it, he wanted to take the opportunity to harm Bo Junyan's wife so that he could marry someone else.

But now, his grandfather was saying righteously that he was willing to sacrifice his parents' lives for a woman.

"Of course! If it's not for your own good, why would I be a bad person?! I'm about to die of old age. What's the point of having power?!" Old Master Meng really felt that everything he did was for Bo Junyan's own good.

Bo Junyan wanted to say, *Since you already know that power is useless, why are you still doing this?*

However, he did not say anything because he knew that it was useless. He did not want to say anything else.

“Ling Wei, why did you do such a thing? I trusted you so much! How could you encourage the old man to do such a thing? How could you hurt Xiao Huan like that?!” Meng Yueman looked at Ling Wei with heartache.

Meng Yueman had watched over her father so closely. If it weren't for Ling Wei, her father wouldn't have been able to contact the president of the Ace Group.

After the Ling Group's incident, even though her family's situation was not good and even though she really wanted her father to let go of the obsession in his heart, she still asked her son to help the Ling Group and thought that the Ling Group would be fine.

She trusted and doted on her like a family, but she harmed them!

Meng Yueman's heart ached.

Her good friend had passed away early, and she had always treated her friend's daughter as her own biological daughter...

But...

But she treated her this way.

“Auntie Man, I was forced to do this. I did this for the good of our two families...” Ling Wei didn't feel that she was in the wrong. She was really helpless.

“Ling Wei, do you think I'm stupid?” Meng Yueman said in pain. She did it for the good of the two families? Ha... Did she really think she was stupid?!

“Aren't you stupid? Even now, you're still concerned about a useless daughter-in-law!” Old Master Meng said disdainfully. “Even if you don't consider the livelihood of tens of thousands of the Bo Group's employees, aren't you putting your own life on the line?”

“Dad!” Meng Yueman shouted angrily. “What did Junyan and Dingjing tell you last night?! As long as we stay at home for a few more days, this matter will be over! The Bo Group won't collapse, and we'll be fine!”

Old Master Meng snorted. “If they say you're stupid, it's because you're stupid. You believe others when they coax you!”

“You...!” Meng Yueman was so angry that she couldn't speak.

Suddenly, Old Master Meng took out a handgun and held it against his head as he said, “Since things have come to this, I don't want to have to do it again. Junyan, if you don't divorce Mu Huan and marry the daughter of the Ace Group's CEO, I'll die here immediately!”

“Dad, what are you doing?!” No matter how angry Meng Yueman was, she could not watch her father die. When she saw him like this, her anger instantly turned into anxiety.

“If you want to die, do as you please,” Bo Junyan said coldly.

“You...!” Old Master Meng was trembling with anger.

Chapter 1030: Insurmountable Hatred (2)

He did not expect that his biological grandson, whom he had raised single-handedly, would actually ask him to die!

Meng Yueman was afraid that her son would agitate the old man so much that he would really hurt himself. She shouted angrily, “Junyan...!”

“Don’t tell me you want me to compromise and divorce Mu Huan to marry the daughter of the Ace Group’s CEO? He did such a thing, yet you still want to indulge him?” Bo Junyan’s tolerance for his grandfather had reached its limit.

If they had not known about all this beforehand and his wife really could not let go of her mother’s love, she would never have suspected her mother. This matter would have really come to pass.

At the thought of that possibility, Bo Junyan’s gaze became even more frightening!

Meng Yueman: “...”

She couldn’t.

She could not tolerate it. Even if it was her biological father, he could not threaten her son to do such a thing. But could she just watch her biological father die?

This wouldn’t do, and that wouldn’t do either. Thinking about it again, even if her father was fine, after this matter, her biological son and father would be like fire and water, irreconcilable.

The more she thought about it, the more she broke down. Meng Yueman picked up the fruit knife on the table and ruthlessly stabbed herself in the abdomen. “Dad, I’ve said it before. If you want to die, I’ll accompany you...”

Didn’t he threaten her with his death? Fine, she’d go first!

Meng Yueman’s attack was too unpredictable. From the time she picked up the knife on the table to the time she stabbed herself, it had only taken several seconds. As the saying went, people who really wanted to die would not give others the chance to stop them. Furthermore, Bo Junyan and Mu Huan were relatively far away from her. Even if they’d discovered her actions and had rushed toward her, it was too late to stop her.

Bo Junyan, who was one step faster, could only reach out to catch her falling body!

“Hurry up! Hurry up and get the first-aid kit!” Mu Huan shouted at the butler, who was standing by the side, dumbfounded.

The butler stumbled to get the first-aid kit.

Bo Dingjing, who had run over, looked at Meng Yueman, who was bleeding profusely. He was trembling in fear. “Why are you so stupid?! You...”

He was trembling so badly that he could not say another word. The man who used to be all-powerful was now only afraid.

Mu Dongsheng snapped back to his senses and hurriedly ran over to check on the situation.

Old Master Meng looked at his fallen daughter and was stunned. He didn't expect Meng Yueman to do this.

Ling Wei was also shocked. She did not expect Meng Yueman to kill herself with a knife without giving anyone any time to react. However, she quickly snapped back to her senses and escaped amid the chaos.

Now that things had come to this, regardless of whether Meng Yueman could be saved or not, Bo Junyan would not let her off. She had to leave this place and be safe first.

Old Master Meng looked at Meng Yueman's bleeding body and his eyes turned red. That was his daughter. How could he not care and not be afraid? If she died... what if she died?

This fear made him lose all rationality.

He aimed the gun at Mu Huan and pulled the trigger, trembling.

It was all her fault! It was all her fault!

If it weren't for her, their family wouldn't have ended up like this!

It was all her fault! It was all her fault!

Bo Junyan and Mu Huan were busy saving Meng Yueman and did not notice his actions.

Xue Yun was stunned. She couldn't move or make a sound.

At this point, Mu Dongsheng, who had turned around to get his things, widened his eyes in horror when he saw Old Master Meng pulling the trigger at Mu Huan!
