

Fake Marriage 1221

Chapter 1221: Joining Forces (5)

Mu Huan: "..."

She seemed to have really kicked something hard just now...

She quickly got up and reached out to pull Bo Junyan. "I'm sorry, Hubby. I'm sorry... I had a dream just now. I dreamed that someone threw a toad at me. That sticky and lumpy feeling was too unbearable. I kicked it angrily. Who knew that I actually kicked something!"

"You were touching my face just now." Was she treating his face like a toad?

Mu Huan: "..."

She could not help but look at Bo Junyan's face. Then...

She felt that it was really quite similar.

Bo Junyan seemed to have seen through her thoughts. He stood up and walked to the sofa without a word.

"Hubby, where are you going?" Mu Huan got off the bed and followed him.

"Sleeping on the sofa."

"Why are you sleeping on the sofa instead of the bed?"

"I'm afraid that I would scare you again and make you kick me out." That deep voice contained an indescribable grievance and cuteness. Previously, she had said that she was afraid that if she saw him like this at night, she would be so frightened that she would kick him out. Now, she really had.

Mu Huan: "..."

Just as Bo Junyan was about to lie down...

Mu Huan reached out to hold his face. "It's probably because my husband is too handsome that these bumps on your face have become handsome bumps!"

Bo Junyan: "..."

Didn't she look at him just now and think that he was really a toad?

"I think I must really love you! Seeing you like this, I can't help but want to kiss you and hug you to sleep!"

Bo Junyan: "..."

"Come, Hubby, let's sleep on the bed!"

"I'll sleep right here. It's pretty good," Bo Junyan said.

He knew that she was just coaxing him.

“Hubby, do you want me to carry you to the bed?”

Bo Junyan: “...”

Mu Huan did not say anything else and bent over to lift him.

Bo Junyan: “...!!”

Just as Mu Huan was about to lift Bo Junyan, he picked her up.

Mu Huan hugged his neck.

Her husband was a tsundere and a quiet person. Whenever he felt depressed, he would never say anything. He would always be quiet and let others coax him. However, he was very easy to coax.

“I’ve asked the other factories to work overtime to create more than half of the medicine. Let’s take a look at the situation tomorrow. If there are no accidents tomorrow, let the factories here continue to produce the medicine. If there are any accidents, Sen Tai or Sen Nalin will take the opportunity to create trouble. Then, the factories won’t have to resume operations.”

“Even if they don’t, although we’ll need more time to make medicine, we can still control it within the scope of the plan. It won’t cause too much loss.”

The batch of drugs manufactured by the factory was already half-completed. Mu Huan didn’t want to waste it.

However, if she had to beg someone or if someone were to threaten her with such a thing, she would not accept it! She would not give up!

“No matter what, we’ll settle the matter tomorrow. Let’s go back tonight. I’ll give you the medicine tomorrow afternoon. When you wake up the day after tomorrow, your little face will be as fair and smooth as a freshly peeled egg!” Mu Huan said as she cupped his face.

Before she gave him this medicine, she first used another layer of medicine. This medicine was similar to the mechanism of facial masks, but its effects were hundreds of times more effective than facial masks. After two days of this paste being on his face, upon the removal of the outer layer of rot, his skin would be especially smooth and white!

Bo Junyan instinctively said, “There’s no need for it to be fair and smooth.”

Chapter 1222: Joining Forces (6)

For a man to have such a face, what would that look like...

“It can’t be helped. The side effect of this medicine is that it will make your skin better. It’s fine if it’s a little white. After we’re done, we’ll go to the beach to play. We’ll be back in the sun in a few days!”

“Yes.”

“Hubby, I love you! I love you! I love you the most! I love you the most in the world!”

Although such words had always been coming out of her mouth, Bo Junyan still felt very happy every time.

He felt that this was the best time of his life.

...

As time was tight and the mission was important, Gu Chenyi and Sen Nalin not only had to meet up to confirm each other’s identities, but they also had to carefully confirm every step of the plan with Lily to ensure that nothing would go wrong.

The discussion lasted until dawn.

Just as the three of them were about to leave...

Gu Chenyi, who had kept on thinking that there was something important that he had not thought of, finally thought of something. “Miss Sen Nalin, my uncle is disfigured. Do you still want him that much?”

Gu Chenyi knew that Bo Junyan had been invited to participate in the leader’s spring hunt. He also knew that Mu Huan felt that Sen Nalin might have liked his uncle and used drugs on him, ruining his face.

In the past, it was normal for Sen Nalin to want his uncle. But now, to outsiders, his uncle was already disfigured. Did she still want his uncle?

She didn’t have any deep feelings for his uncle, so she shouldn’t have insisted on wanting him and doing such a thing.

This matter was a little... problematic.

Gu Chenyi wanted Mu Huan so badly that he had gone crazy. No matter what kind of opportunity it was, as long as he could get his hands on her, he wanted to grab it firmly, even if it meant that he had to deal with his uncle!

However, he was not a bad person. This made him choose such a plan, and he wanted to ensure that this plan would not hurt Bo Junyan.

Previously, because he subconsciously knew that his uncle wasn't disfigured, he didn't foresee this important problem.

But just now, he finally thought of this important point.

Sen Nalin was stunned. She did not expect him to suddenly say that. She did not know how to answer him.

"I can't even bear to look at my uncle in this state. I don't even want to look at him anymore. Miss Sen Nalin, why are you still so persistent in wanting him?" Gu Chenyi asked further while she was stunned.

He wanted to ensure the safety of this plan not only for his uncle's sake but also for himself.

If he couldn't be sure that this plan was 100% safe and he was just being used by them for nothing, then when something happened to his uncle, he might not be able to leave this place.

Hence, he had to be 100% sure.

Sen Nalin did not know how to answer his question, so she said forcefully, "Why should I answer your question? You just have to know that you want Mu Huan and I want Bo Junyan. Let's work together!"

“If you can convince me, our plan can continue. If you can’t, I’m afraid I won’t be able to continue working with you,” Gu Chenyi said.

“Do you know who I am and what my status is? Yet you’re talking to me like this!” Sen Nalin’s expression darkened as she used her status to pressure him.

Gu Chenyi said frankly, “I know. That’s why I have to ask.. I don’t want to end up not only not getting the person I like but also being harmed by you.”

Chapter 1223: Joining Forces (7)

Gu Chenyi quickly added, “Miss Sen Nalin, look at how straightforward I am. It means that I’m sincere. Please show me your sincerity. We’ve been discussing this for so long. I don’t think you want this matter to end here. Besides, this isn’t a difficult question to answer.”

Sen Nalin: “...”

If she really wanted Bo Junyan, this was indeed not a difficult question to answer. However, she did not really want him now. She only wanted the two of them to be miserable, so she was participating in this plan.

“Are you still a man? Why are you so wishy-washy? You want to see me one moment, then say this one moment and that the next. If you’re so afraid, what else do you want to do?! Why don’t you go back and wait for Mu Huan to find you?!”

“Alright, then, I’ll go back and wait for Xiao Huan to look for me,” Gu Chenyi said as he stood up and walked out.

For the entire plan, he only had to be in charge of drugging her. The rest of the plan was a series of preparations that they had to make over and over again to ensure that nothing would go wrong. The plan would be carried out today. Now, everything was starting to turn around. At this time, if he dropped the ball, they would be the ones at a disadvantage.

He wasn’t afraid.

“You...!!” Sen Nalin was furious.

Freaking hell! She had spent so much effort to discuss with him for the entire night and had told him everything. Now, he wanted to retreat just like that! What kind of joke was he making?!

“Do you think that I’ll let you walk out of here alive?!” Who did he think she was? Was she someone he could fool around with?

“I know you won’t. Up to you,” Gu Chenyi said nonchalantly.

Sen Nalin: “...!!”

Was he so fearless because they could only use him to drug her?

Just as she was about to say something...

Lily whispered something into Sen Nalin's ear.

Sen Nalin's face was initially full of disdain, but in the end, she looked at Gu Chenyi and said, "I don't think your uncle's face is really ruined. This matter is too fishy, so I can't give up. I still want him!"

She felt that Gu Chenyi would not believe such a reason, but who'd have thought...

"I see!" Gu Chenyi's face seemed to be saying, why not say so earlier?

Sen Nalin: "..."

He believed such a reason?

"Your suspicion is right. My uncle's face is indeed not ruined. It was because Mu Huan had drugged his face that there is such an effect. As long as Mu Huan gives my uncle the antidote, he will still be as perfect and good-looking as before! After you get my uncle tomorrow, take good care of him. Under such circumstances, if you can take good care of my uncle and not despise his face, he will definitely be very touched and will eventually fall in love with you!"

In the future, the two of them would live a good life together and not come looking for him and Xiao Huan!

Sen Nalin was taken aback by his words. "What did you say?"

Bo Junyan's face was not destroyed! He was not bitten by a rot insect but was only drugged!

"Don't doubt what you've heard. I know you've heard it very clearly, so I won't repeat myself. I hope you can grasp this opportunity well!" In order for this plan to proceed smoothly, Gu Chenyi didn't hesitate to reveal such a secret. He only wanted Sen Nalin to want Bo Junyan more so that this plan could proceed smoothly.

Sen Nalin: "...!!"

It was really as Yu Ling had said. Bo Junyan's disfigurement was very problematic and fishy!

That d*mn Mu Huan and Bo Junyan had teamed up to lie to her!

See if she...

Chapter 1224: Joining Forces (8)

When she thought about how Bo Junyan's face was not ruined and that he could recover, Sen Nalin, who hated them so much, suddenly stopped.

If Bo Junyan could recover, then she...

Could she really use such a plan to have him?

The more she thought about it, the more she felt that she could really use such a plan to have Bo Junyan!

When Lily, who was standing by the side, heard Gu Chenyi's words, she was stunned. She did not expect Bo Junyan's face to really not be ruined.

Their goal was to kill Bo Junyan and Mu Huan. If Bo Junyan wasn't disfigured and Sen Nalin didn't give up on him, it would be very difficult for them to have Bo Junyan die in an accident.

This...

Lily, who did not expect such a change, did not know what to do. Hence, she did not speak and just stood there quietly.

"Alright, then. It's settled. I'll leave first. Just inform me when it's time to take action," Gu Chenyi said as he walked out.

"Alright," Sen Nalin replied after regaining her senses.

No matter what, she had to carry out this plan first and have Bo Junyan fall into her hands!

When the plan succeeded and Bo Junyan was in her hands, she would think of something!

When Gu Chenyi left and walked out, the morning sun was just rising from the east.

The rising sun was full of life and vitality.

It made him feel that this was a good sign. It was the beginning of his plan!

When he returned to the Lin residence...

Bo Junyan and Mu Huan had just come out for breakfast when they saw him coming back early in the morning.

Bo Junyan frowned and asked, "Where did you go?"

Did he not return all night or did he leave early in the morning?

"I went to find a friend to have fun with." Gu Chenyi lowered his eyes and collected all his thoughts.

"Friends to have fun with? You have friends here?" Why would he have friends in Country F?

"Yeah." Gu Chenyi's hands, which were hanging by his sides, could not help but clench tightly. He could not control his nervousness. He really came in at the wrong time. If he had known earlier, he would have eaten breakfast outside before coming back.

Just as Bo Junyan was about to ask something else, Gu Chenyi said, "Uncle, I'm a little tired from playing all night. I want to go back to my room and rest for a while."

He was afraid that he would be seen through if he said too much to his uncle.

"Go ahead." Bo Junyan did not say anything else.

Having received permission, Gu Chenyi immediately lowered his head and returned to his room.

Mu Huan looked at his back as he left. "In the past, Gu Chenyi was such a sunny person. Why has he become like a mouse now? He gives people a dark feeling, like there's something wrong with him."

“Is there something wrong with him?”

“Yeah.” Mu Huan nodded.

“What do you think is wrong with him?”

“In the past, no matter when he saw me, he would always look at me that way. That gaze... you know, that gaze. But today, he didn’t even look at me, let alone look at me that way. There must be something wrong with this person for him to suddenly change like this!” Mu Huan really wanted Gu Chenyi to stop looking at her like that.

But such a person who wanted to snatch her away, who usually looked at her like that, did not look up at her today. Something was really wrong!

Bo Junyan did not speak. He only looked in the direction where Gu Chenyi had disappeared, his eyes darkening.

“Forget about him. Let’s go eat first. I’m so hungry!” Mu Huan said as she hugged Bo Junyan’s arm to go eat.

Her husband’s nephew would probably not do anything either. If he had any problems, he might just be in a bad mood today.

“Okay.” Bo Junyan hugged her and left.

Chapter 1225: Imagination Is Always Beautiful (1)

Not long after Bo Junyan and Mu Huan arrived at the dining room, Gu Chenyi came over as well.

“Didn’t you say you wanted to sleep?” Bo Junyan looked at him.

“I’m so hungry that I can’t sleep,” Gu Chenyi said.

Perhaps he was too nervous. Just now, he actually said that he wanted to go back to his room to rest. He had completely forgotten that the plan was going to be carried out today. He had only this chance during breakfast to give them the drug.

When Bo Junyan heard this, he did not say anything else and continued to prepare her favorite breakfast.

Gu Chenyi looked on. After so many storms, even if Mu Huan had forgotten about his uncle, they were still together so sweetly. He could not control his jealousy.

It hurt uncontrollably.

If he had not done that back then, the one who would have her now would have been him. He and Mu Huan would have been so loving and good.

He knew that he shouldn’t think this way. He had already reached this point and was already in a sick state of mind. However, even if he knew, he couldn’t do it. That one wrong step, the pain of being wrong for life, was too much for him to bear. He couldn’t accept it and couldn’t let it go.

If he didn't get her, he wouldn't be able to take it lying down!

Gu Chenyi's jealous gaze made Mu Huan, who had thought that there was something wrong with him, lean toward Bo Junyan and whisper, "It looks like he was just in a bad mood just now. He's back to normal now."

Bo Junyan looked up at Gu Chenyi, retracted his gaze, and hummed in acknowledgment.

Just as Mu Huan was about to say something...

Long Feiting walked in.

Bo Junyan had taken off his mask for dinner.

When Long Feiting saw him, he immediately covered his mouth and retched a few times. He seemed to be disgusted to death by Bo Junyan.

"Where did this toad come from?! Are you trying to disgust me to death?!"

Bo Junyan's expression darkened.

Mu Huan picked up the apple on the table and threw it at Long Feiting. "So cold! Stay there! If you dare to talk about my husband like that again, I'll kill you!"

Long Feiting: "...!!"

What happened to them being friends? She actually used something like an apple to hit him! And she used so much force. Wasn't she afraid that she would cause a problem?!

"Why? Are we not allowed to tell the truth these days?"

"That's right, so what if I say no?" Mu Huan said harshly.

Long Feiting: "..."

Could she not be so protective?

Their public display of affection made him feel so upset, and he wasn't even allowed to say a few words!

Long Feiting was about to say something.

"Throw him out," Bo Junyan ordered.

Just as he finished speaking, the bodyguards standing outside rushed in. Without a word, they grabbed Long Feiting, intending to throw him out.

"Xiao Huan, I'm starving. Make them let go of me!" Long Feiting looked at Mu Huan.

Mu Huan said, "Not that I'm criticizing you, child, but are you stupid?"

This wasn't his territory, and he hadn't brought as many people as Bo Junyan did, yet he was still so provocative as to say such things. Wasn't he looking for a beating?!

"What child? We're the same age." Long Feiting snorted.

“We’re the same age, but it’s obvious that you don’t have a brain,” Mu Huan said unhappily.

“Isn’t this where my brain is?” Long Feiting pointed at his brain.

He knew that it was ridiculous of him to do this, but no matter how immature he was or whether or not he’d grown up, she wouldn’t be able to see him and wouldn’t like him. He might as well do whatever he wanted and make Bo Junyan feel a little upset. Anyway, with Xiao Huan around, Bo Junyan couldn’t do anything to him.

“Throw him out... Hurry up and throw him out...” Mu Huan waved her hand to get someone to throw him out.. She couldn’t speak anymore.

Chapter 1226: Imagination Is Always Beautiful (2)

Long Feiting: “...!!”

She also got people to throw him out...

Gu Chenyi looked at Long Feiting with a face full of disbelief.

However, he had to thank him for being so stupid as to give him a chance to do something. Otherwise, he really wouldn’t have known how to divert his uncle’s attention without being suspected.

When Long Feiting met his gaze, he said unhappily, “You’re the stupid one. You even went to look for a fortune-teller to have your fortune read. Your life is already like this. No matter how much you calculate, it’s impossible between you and Xiao Huan!”

He had a nagging feeling that there was something wrong with Gu Chenyi’s visit to the fortune-teller, and this might very well have something to do with Bo Junyan and Mu Huan. Hence, he took the opportunity to say it out loud and give the two a warning.

Sigh, there was no one else as good as him in this world. He hated his love rival so much yet he didn’t want anything to happen to him.

When Long Feiting mentioned fortune-telling, Bo Junyan saw the flash of nervousness in Gu Chenyi’s eyes.

But he did not say anything.

“Let go of me! I can walk on my own! I can’t eat with a toad!” Long Feiting said as he shook off the person who had grabbed him and walked away angrily.

After walking out of the door...

His earlier arrogance and brainlessness had turned into a dead silence.

He had been friends with Mu Huan for so many years, and she had let him know that she was a lascivious person who could not bear to look at people with skin diseases. However, facing Bo Junyan’s face, she could still eat, treat him so intimately, and protect him...

She...

It made him feel a deep despair, a deathly despair...

He had always felt regretful that he had not appeared before Bo Junyan did. If he had found his Little Star earlier, she would definitely have been his.

But there had been a second chance.

She had forgotten Bo Junyan.

He had appeared in front of her first. He had put in so much effort to chase after her and even relied on their friendship, but...

She didn't even like him.

This made the future he saw only a dead silence, without a trace of life...

In the room...

When Gu Chenyi sat down earlier, he'd specifically chosen a seat near the soup.

Not long after Long Feiting left...

He scooped three bowls of soup, one for Bo Junyan, one for Mu Huan, and one for himself.

"Uncle, Xiao Huan, drink the soup." Just now, when his uncle and Mu Huan's attention had been on Long Feiting, he had drugged the soup. He had taken the antidote beforehand, so drinking the soup was fine for him.

He had confirmed that the drug would only make one weak and unconscious when it was in effect. It would not cause any harm to the body.

This was the entire plan that Sen Nalin had told Gu Chenyi. He would drug Mu Huan and Bo Junyan. In the afternoon, when Mu Huan and Bo Junyan went to look at the protesting crowd, she would create chaos and make Bo Junyan and Mu Huan separate. She would also attack them. At that time, he would just have to blend in with the crowd and watch Mu Huan. After she collapsed, he would quickly carry her away.

She would arrange for a good person to wait for him at the agreed-upon location. She would also arrange for a top-notch hypnotist to hypnotize Mu Huan and make her think that he was her husband.

At that time, she would even announce to the public that Mu Huan had died in such a mess. This way, he could take her far away and lead a life that belonged to them.

As long as he could hide Mu Huan well, no one would disturb their lives.

On the other hand, Bo Junyan belonged to Sen Nalin. There was no need for Gu Chenyi to worry about what would happen to him.. He only needed to take Mu Huan away.

Chapter 1227: Imagination Is Always Beautiful (3)

This plan was very good for Gu Chenyi because he knew that no matter what, it would be impossible for him to get Mu Huan's heart again. There was no chance for her to fall in love with him again. If he wanted her, he could only use extreme means!

Hypnosis was not 100% effective. For someone like Mu Huan, especially, hypnosis was not something that could be tolerated. Just look at how she had quickly regained a lot of her memories after meeting Bo Junyan. But...

When she was under hypnosis, she had indeed forgotten everything. As long as he took advantage of this period of time and brought her to a place where no one knew them, she would never see his uncle again. Then, there was a high chance that they could be together for the rest of their lives.

This was his only chance to have her. Hence, no matter what, he wanted to grab this opportunity!

He had already missed the chance to have her once. He could not lose this chance again!

Hence, even if he was letting his uncle down, even if this was equivalent to him giving up his family and everything else, he had to do this!

Of course, he did not trust Sen Nalin completely. He had arranged for someone to do his best to ensure the safety of his uncle and Xiao Huan.

He didn't want anything to happen to his uncle. He didn't want to harm him.

He only wanted to get back what belonged to him.

As he was Bo Junyan's nephew and family, it was very normal for Gu Chenyi to serve soup to Bo Junyan and Mu Huan during meals. It would not cause anyone to suspect anything. Besides, he would also drink this soup, so no one would think too much about it.

After dividing the soup, Gu Chenyi picked it up and took a few sips. "This soup tastes pretty good."

He finished speaking.

Bo Junyan and Mu Huan had not had the intention to drink soup.

However, Gu Chenyi did not say anything else. He knew that although he was family, if he said too much and acted a little extremely, he would be detected. After all, his uncle and Mu Huan were not ordinary people. They were very sharp.

One couldn't make any mistakes in front of them.

With just a little bit of exposure, the entire plan would collapse.

He simply mustn't be in a hurry. He should slowly drink the soup.

Besides, his Xiao Huan liked to eat and didn't like to waste food. If she didn't want to drink it, she wouldn't pick it up. If it was placed in front of her, she would definitely drink it.

As for his uncle, he would never reject his filial piety.

Indeed...

Just as he thought.

After a while, Mu Huan and Bo Junyan drank the soup that had been placed in front of them.

"This soup is really good," Mu Huan said after drinking it.

"Do you want more? I'll scoop it for you!" Gu Chenyi immediately said.

"Another bowl," Mu Huan said as she looked at Bo Junyan. "Hubby, do you want more?"

"Okay." Bo Junyan hummed lightly.

Mu Huan passed their bowls to Gu Chenyi.

After Gu Chenyi served the two of them soup, he carried them over and scooped another bowl for himself.

Seeing that Bo Junyan and Mu Huan had finished the second bowl of soup, Gu Chenyi's heart finally settled down.

Sen Nalin had said that this medicine was a secret recipe of her family. No matter what kind of constitution a person had, as long as they drank a little of it, the effects of the medicine would make them faint.

However, because his uncle and Mu Huan were not ordinary people, he still felt that the two of them should drink more.

This was especially so since this drug would take effect only after a long time.. If she were to drink it now, it would only take effect in the afternoon.

Chapter 1228: Imagination Is Always Beautiful (4)

With their physiques being a little special, if they drank too little, then the conspirators would miss the opportunity. They wouldn't have another chance.

After watching the two of them finish their soup, Gu Chenyi ate something else and left with Bo Junyan.

After he returned to his room, Lily called. "You have to drug them before they leave to see Sen Tai."

"I've already done so."

Lily was stunned at first, but then she said, "That fast?"

"Yes. There was an opportunity for me to eat breakfast with them earlier, so I added it to the soup."

With that, Gu Chenyi frowned. "Would it take effect too early?"

Would this affect the outcome?

"It's not early. The drug will take effect in the afternoon."

"That's good." Gu Chenyi heaved a sigh of relief.

It was no wonder that he was so nervous. This was his only chance. He could not make any mistakes.

“Since you’ve drugged them, there’s nothing else. You can go by yourself when it’s time...” Lily suddenly stopped. “Are you sure they drank the soup?”

“I’m very sure. They each drank two bowls.”

“Alright. When the time comes, you just have to seize the opportunity to go to the scene.” Although he was no longer useful, she still could not treat him casually before the plan succeeded. Hence, Lily said a few more words before hanging up.

After she hung up on Gu Chenyi, she called Ling Wei and told her that Gu Chenyi had successfully drugged them.

“Is he sure?” Ling Wei asked.

This segment was too important. They had to confirm it.

“He saw them drink it with his own eyes. He’s very sure,” Lily said.

“Sometimes, what you see with your own eyes might not be true,” Ling Wei said. Mu Huan’s mother had also said that she had seen Mu Huan drink it with her own eyes, but things had still failed.

Even toward her biological mother, she was so guarded, let alone toward her nephew.

“What do you mean, Madam?”

“Forget it. No matter if he really succeeded or not, as long as he meets Bo Junyan and Mu Huan after he returns, the two of them will be finished!”

The plan that Gu Chenyi knew was the entire plan, but the outcome was different. Not to mention that Ling Wei did not prepare any top hypnotist for him, she did not even plan to let him leave Country F alive with Mu Huan!

The medicine she had given Bo Junyan and Mu Huan was not intended merely to make them unconscious. That medicine would kill the two of them!

Gu Chenyi had confirmed that the drug was fine because taking it alone would indeed cause one to lose consciousness. However, with the addition of other things, this drug would become a fatal one!

Ling Wei knew that Bo Junyan and Mu Huan had tenacious vitality. If she didn’t make the two of them die, the two of them would make her die a terrible death. Hence, what she wanted wasn’t for them to suffer, but to die!

The reason she would be creating chaos as the two of them died while looking at the protest crowd was to make up a valid reason for their deaths.

Otherwise, if the two of them, who had such high statuses, were suddenly poisoned to death here, the relevant people would definitely investigate to the end. At that time, it was very likely that they would find out about her. And if they died at the scene of the protest crowd, because there was an appearance of people attacking the two of them, they could push the blame to those who protested, making outsiders think that the two of them had died in the hands of the protesting crowd.

Taking a step back, if the matter could not be pushed onto them and Sen Nalin was instead made out to be the mastermind, with her status, even if someone found out about her, they could not do anything.

Chapter 1229: Imagination Is Always Beautiful (5)

This matter would pass just like that.

When Lily heard this, she was stunned for a moment before asking, "Did Madam do something else?"

"Yeah." How could she not make double protection against people like Bo Junyan and Mu Huan?!

"What did Madam do?" Lily asked instinctively.

"You don't have to know this," Ling Wei said arrogantly.

She was just a subordinate for her to use. She had no right to ask about her matters in detail.

Lily realized that Ling Wei was guarding against her and wanting her to recognize her authority, so she did not ask anything further. However, she felt a little uncomfortable.

She was considered a famous and influential person in Country F.

She was only willing to help Ling Wei because that person had begged her.

However, this Ling Wei seemed to be completely using her as a servant.

Just as she was about to hang up, she suddenly thought of something. "Oh, right. Gu Chenyi said that Bo Junyan's face isn't really ruined. Sen Nalin is tempted again and wants to keep Bo Junyan. There might be a huge variable here. What do you think, Madam?"

Although she was unhappy, she still reminded her of the benefits after this matter was settled.

"I knew his face was fishy." Ling Wei sneered.

"Mu Huan drugged Bo Junyan's face."

"If it's not true, then let's destroy his face first and make Sen Nalin give up completely." This wasn't anything difficult.

"It looks like Madam has already thought of a way," Lily said.

"Yes."

"That's good." Lily did not ask further and hung up.

...

Bo Junyan and Mu Huan's schedule for today was to go to Sen Tai's house in the morning, have lunch there, and then go with Sen Tai to see the protesting crowd in the afternoon to understand their situation, comfort them, obtain their understanding, and get the factory to resume work.

After they left for Sen Tai's residence, Gu Chenyi packed up and prepared to head to the center of the protesting crowd that Mu Huan and the rest would be going to. He wanted to understand the terrain and other situations first.

Just as he was leaving the house, he bumped into Long Feiting.

“Where are you going?” Long Feiting walked toward him.

“What has it got to do with you?” Gu Chenyi said as he tried to avoid him.

“Let’s not beat around the bush. Besides, we’re both friends who have fallen from grace. I advise you not to do things that you shouldn’t do.” Long Feiting had not found out anything specific regarding Gu Chenyi, but he felt that there was something wrong with him recently. Hence, he advised him first.

Similarly, he could not accept that Mu Huan was not his. He yearned to have Mu Huan, but Long Feiting had never thought of any dirty tricks. It wasn’t that he wasn’t smart enough.

Instead, what he wanted to give Mu Huan was only beauty. No matter how painful or how uncomfortable it was, or how much he liked her, even if his heart ached from longing, he wouldn’t want to do anything to hurt her.

He even loved her so much that he was afraid that she would be sad. He didn’t want anything to happen to Bo Junyan.

“I don’t know what you’re talking about,” Gu Chenyi said disdainfully. Then, he added, “Long Feiting, don’t you think you’re becoming more and more crazy?”

“I don’t think so. I just think that you’re really in deep.” No matter what, they had grown up together. When Long Feiting looked at Gu Chenyi, he had an indescribable feeling in his heart.

“You don’t think it’s so when I say you’re crazy, but it’s true. Usually, people who are sick don’t think they’re sick. I suggest you find a doctor to take a look at you!” Gu Chenyi patted his shoulder.

Just then, Long Feiting swiftly poked Gu Chenyi’s arm with a needle. If he did not listen to his advice, then he could only take action.

Chapter 1230: Imagination Is Always Beautiful (6)

Gu Chenyi widened his eyes in shock. “Long Feiting, what are you doing?!”

What kind of injection did he use?!

“Didn’t you play all night yesterday and feel very tired? Don’t you need a good rest? I’ll let you have a good rest.” No matter what, Long Feiting felt that Gu Chenyi wanted to do something. Based on the current situation, Xiao Huan would be able to settle everything today and would leave Country F by tomorrow morning at the latest.

If Gu Chenyi wanted to do anything in Country F, he could only do it today.

He couldn’t find out what he wanted to do, so he didn’t investigate further. He’d just detain him here and make him unable to do anything.

“Damn it! Long Feiting, you...!” Gu Chenyi was about to explode with anger! Such a good opportunity and such an important plan was about to succeed. Soon, he would be able to get what he wanted the most. He actually...

Unexpectedly!

Long Feiting narrowed his eyes at the look of anger on his face. "You're really up to something!"

"I don't want to do anything. I just can't stand your mental illness. Hurry up and inject the antidote into me!" Gu Chenyi shouted angrily.

He had really calculated everything but never expected Long Feiting to appear halfway!

And at this critical moment!

"Rest in peace!" Long Feiting patted his shoulder.

"How could I rest?! If I..." If he were to collapse, who would pay close attention to Xiao Huan? If Xiao Huan were to collapse in the middle of the crowd and no one cared, what if she was really hurt?!

This damned Long Feiting!

"If you what?" Long Feiting felt that Gu Chenyi must have planned something. Although Bo Junyan and Mu Huan were very strong, he was still a little worried that Gu Chenyi's plan would hurt them. Hence, he had injected Gu Chenyi with a drug that wasn't very strong. He had to wait for a while before Gu Chenyi could faint.

He knew that no matter what Gu Chenyi planned, he would not want Mu Huan and Bo Junyan's lives to be in danger. He only wanted Mu Huan. If what he planned was dangerous for Mu Huan and the rest, he would definitely say something before he collapsed.

So that he could protect Mu Huan.

Gu Chenyi swallowed the words that he had almost blurted out earlier. He did not collapse immediately, letting him know that Long Feiting was trying to get him to say something. Although he was very worried about what would happen to Mu Huan if he collapsed, he did not want to give up until the last moment. After all, this might be his only chance!

What he wanted so much could be easily obtained!

He couldn't give up just like that!

While Long Feiting wasn't paying attention, he reached into his pocket to make a call to the person in charge of protecting him, asking him to come over and save him.

But before he could make the call, Long Feiting found out.

"Stop resisting. Even if you called someone over, you won't have as many people as I do," Long Feiting said.

Gu Chenyi was exasperated. "Long Feiting, why are you so crazy?! What I do has nothing to do with you! Get lost!"

As he spoke, he went to punch Long Feiting and knock him out.

However, the effects of the drug had already sunk in and he had no strength left.

“Given your constitution, Gu Chenyi, you’ll faint in at most two minutes. What exactly did you plan? Will it hurt Xiao Huan? You’d better tell me quickly so you won’t hurt her!” Long Feiting said.

“I don’t know what you’re talking about! Stop freaking acting crazy! Hurry up and give me the antidote!” Gu Chenyi still did not want to give up and desperately thought of other ways.
