

## **Fake Marriage 1251**

### **Chapter 1251: Who's the Final Winner (2)**

In the face of natural disasters, humans were always so tiny and helpless.

No matter how formidable a person was, they could not withstand anything at this point, especially Mu Huan and Bo Junyan, who were still very weak.

Just as Bo Junyan was about to run to Mu Huan's side and pull her up to the high ground beside him, the mountain torrent rushed over and instantly swept everyone down.

Accidents always came so suddenly that they caught people off guard. This was unexpected.

And it happened so fast that no one could escape!

They didn't even have the time to speak!

The impact of the flood from the mountain was too great. Even though Mu Huan was in good health and was good at swimming and holding her breath, she was still in danger under such circumstances. Furthermore, her limbs were weak.

Just as she was feeling dizzy from the flood and choking on the dirty water...

Mu Huan had only one thought. If she could live, she would torture Ling Wei to death!

F\*ck!

This feeling of struggling with all your might but being unable to move, only being able to watch helplessly as the darkness attacked you and death approached step by step, was really too maddening!

At this point, Bo Junyan's situation was not any better than Mu Huan's, but he still tried his best to grab Mu Huan. However, under such an impact, his body became increasingly weak, and he could not grab anything at all.

Seeing his wife being washed away in front of him, he was helpless.

Under this sense of helplessness that had been turned up to the extreme, this man, who had always been calm and composed, whose expression did not change even when a mountain was about to collapse in front of him and whose mental state had always been stable, was about to go crazy!

His eyes were red!

The more capable a person was, the more they would collapse and go crazy when they were powerless!

Because everything had always been under their control, they didn't allow any accidents to happen. But an accident had happened just like that, and it was even a life-and-death situation!

How could they not go crazy...

Just as Mu Huan felt that she was about to die like this, something suddenly grabbed her and pulled her up forcefully. She desperately opened her weak eyes and saw a rope pulling her up.

She wanted to try harder to see what it was, but she lost consciousness.

Apart from her being pulled up high, Bo Junyan was also pulled up high by a special rope.

Gu Chenyi said that he was different. He was confident that he was.

Two years ago, he had coincidentally saved a big shot. His subordinates were all very capable. This time, to ensure Mu Huan and Bo Junyan's safety, he had called in this huge favor to transfer half of the other party's men to lie in ambush around them.

When the mountain torrent came crashing down, because the people he had placed in ambush were high up on both sides, they immediately locked onto their target to save them. That was the only reason they could save Mu Huan, Bo Junyan, and Gu Chenyi from up high.

However, no matter how timely they were, Bo Junyan and Mu Huan, who were already drugged, fainted after being dragged by the choking water. Mu Huan lost consciousness before coming up, and Bo Junyan only lost consciousness after coming up. As he and Mu Huan were rescued separately, he did not know that Mu Huan had also been saved. He only took a glance at the person who had saved him and fainted.

Gu Chenyi had not been poisoned. He was fine, so he only choked on some dirty water.

Compared to the three of them who were saved in time, Long Feiting was very unlucky. He was directly flushed away. Now, he didn't know where he was flushed to, and it was unknown whether he was alive or dead.

### **Chapter 1252: Who's the Final Winner (3)**

Ling Wei and Sen Tai were also flushed away.

Ling Wei would never have thought that things would turn out this way. This was really the case. No matter how much a person schemed, they could not win against the heavens or an accident. When an accident happened, no one could stop it!

At night.

On the cruise away from Country F.

The geological disaster this time had caused a large number of casualties in Country F. The tourists were all in a hurry to return to their country. Hence, be it over the water, land, or harbor, they were all very busy and chaotic. The ships that went out to sea, in particular, did not examine people so carefully.

Furthermore, Gu Chenyi had already prepared everything. Hence, it was easy for him to leave with the unconscious Mu Huan.

Long Feiting said that he was cannon fodder who would die after being used. Gu Chenyi said that he wasn't. He really wasn't! He had never thought of relying on the people Sen Nalin had prepared for him to leave and for her to find a doctor or something. He didn't believe them! He knew that they were using him. Actually, he was also using them!

On the surface, he only pretended that he was drugging her. In fact, he had prepared more thoroughly than them. Otherwise, he wouldn't have been able to board the cruise that he had left in successfully.

One day later, they would reach the place he had decided on and live there with Mu Huan. No one would be able to find them!

Gu Chenyi had planned to leave Country F with Mu Huan and go to a place where no one knew them. He would abandon everything and start afresh. It wasn't just his beautiful imagination. He had planned out everything.

Before leaving Country F, he even got someone to hand his uncle to Sen Nalin. He asked her to wait for his uncle to wake up and say that his uncle was saved by her men. Her men could not save Xiao Huan. Sen Nalin was interested in his uncle and wanted him. Perhaps this would fulfill their wish.

If his uncle could be with someone of Sen Nalin's status in the future, Gu Chenyi wouldn't have to feel guilty.

Gu Chenyi felt that the heavens were really helping him this time! This was because no matter what he had planned previously, even if he could have successfully knocked his uncle unconscious, there was a high chance that his uncle would find him after he escaped from Country F.

Now that such a serious geological disaster had happened, so many people had died and disappeared. Many of them were buried underground and could no longer be found.

This situation would make his uncle think when he woke up that Xiao Huan had been buried by a mountain torrent. Even if he didn't believe that Xiao Huan was dead, he would only search in Country F. He would never think that Gu Chenyi had successfully taken Xiao Huan away. He wouldn't think of this. He wouldn't think of looking for them. Naturally, he wouldn't be able to find them!

This match was a showdown between the strong. In the end, no one was stronger than the heavens. In the end, the one who succeeded the most was Gu Chenyi, the weakest among them.

Everyone felt that he was cannon fodder. He could not do it, but he had become the greatest victor.

This could be perfectly described as the revenge of the cannon fodder!

Gu Chenyi retracted his thoughts and looked at Mu Huan, who was lying on the bed. "How is she now? When will she wake up?"

The doctor, John, who had just finished giving Mu Huan a checkup, said, "We've already used the antidote. The injuries on her body are all superficial. She'll wake up in the second half of the night at the latest."

After he confirmed that Mu Huan's body was fine, Gu Chenyi's worried heart finally returned to its original state. He then said, "Then when is it suitable to hypnotize her?"

This doctor, John, was not only an all-rounder, but he was also an expert in psychology and hypnotism.

#### **Chapter 1253: Who's the Final Winner (4)**

Gu Chenyi wanted Mu Huan's memories to stop at the time when she had just agreed to his pursuit. He wanted her to forget everything that had happened after that, to let the two of them return to their sweetest times and let their lives return to normal.

John glanced at Mu Huan and retracted his gaze. "I heard from Master that she was hypnotized by Eisen and still remembered many things."

"Yes." Gu Chenyi nodded and continued, "Didn't you say that you're better than Eisen? Since you're so good at hypnotizing her, she definitely won't slowly remember something like this!"

"I'm a little better than Eisen, but no matter how good our hypnotism is, it can't guarantee that she won't remember anything when she's someone with strong self-awareness. This is especially so if you only want her to forget a portion of her memories and keep some of them. Under such circumstances, it's even more difficult to give a guarantee," Dr. John said.

"You were so sure and so good before. Why can't you guarantee it now?" Gu Chenyi frowned.

"When I said those words earlier, I didn't know that she had been hypnotized by Eisen before. To be honest, I'm not much stronger than Eisen. If she could still remember after he had hypnotized her so strongly already, then she's too extraordinary. Even if I used the strongest type of hypnosis I know, I can't guarantee that she won't remember."

Gu Chenyi's frown deepened.

"Actually, I suggest that you don't make her keep her memories and let her forget everything. It's best if she doesn't even know who she is! Because with her past memories, she has her original independent personality. This will make her unable to help but think about what had happened to her all these years. If she can't remember it, she'll think of all sorts of ways to investigate what happened to her in the past few years.

"If she was a nameless ordinary person, that would be fine. There wouldn't be much to investigate. But she's a very famous person. This way, it would be easy for her to find out all her deeds these past few years. When that time comes, can you control her and not let her return to her position?"

"Once she returns to her post, Bo Junyan will definitely come looking for her. When that happens, can you still be with her?"

Actually, from the start, John had felt that Gu Chenyi was too idealistic and unrealistic. He wanted Mu Huan to remember her feelings for him and what had happened in the past. How could he possibly stay with her forever? How could she not be found by Bo Junyan?

If it's like this, even if Bo Junyan couldn't find them, Mu Huan would find a way to find him!

Gu Chenyi was too naive and idealistic!

It was just that he couldn't say this in the past. Now that the plan had succeeded, he could say this.

Gu Chenyi: "..."

It was like this...

If he kept Xiao Huan's memory, it would indeed be as he had said.

But if she forgot everything and even herself, then...

“When a person has no memory, she will become especially dependent on the first person she sees when she opens her eyes. Such a fledgling complex will make it easier for her to fall in love with you. If you want to be with her forever, the most important thing is not to separate her from Bo Junyan but to make her fall in love with you!

“Only by falling in love with you would she never leave you. Even if she were to recall anything in the future, she would have lived with you for a long time by then because she loved you. If the two of you had a child, she wouldn’t suffer so much and wouldn’t think about returning to Bo Junyan’s side.”

John described a beautiful scene to Gu Chenyi.

### **Chapter 1254: Who’s the Final Winner (5)**

In fact, what he said was the truth. Compared to letting Mu Huan retain a certain amount of memory, making her lose all her memories was the best solution. This was also the slowest way that she could remember everything. And before she could remember anything, if she and Gu Chenyi had been cohabiting and even had a child.

Then...

Thinking about it, Gu Chenyi was very excited! He felt that John was right. This was the safest way to have Mu Huan! His previous thoughts were too idealistic and unrealistic!

“Then hypnotize her and make her forget everything!” Gu Chenyi said.

“No, there’s no need for hypnosis,” John said.

Gu Chenyi was stunned. “If not that, then what?”

“There’s a drug that, after it’s been injected, can make her forget everything in the past. Like a piece of white paper, her life will be written on by you in the future.” John’s words were as tempting as they could be.

Although Gu Chenyi really wanted that kind of future, he wasn’t stupid. Besides, he had been following Mu Huan all these years and paying close attention to all the movements in the pharmaceutical industry. This made him understand a lot about drugs. “What kind of drug can have such an effect?”

His Xiao Huan had never made such a drug. In fact, she might not even know that there was such a drug. Otherwise, since she found him so annoying, she would have already given him a shot of that drug to make him forget everything!

“DN.” John said the name of the drug.

“Who developed this drug? What side effects does it have?” Gu Chenyi was at ease when it came to hypnosis because hypnosis would not cause any substantial damage to the brain.

However, he felt that it was very unsafe to use such a miraculous drug that could make a person lose their memory. After all, the human brain was in charge of memory. A drug that could make a person lose their memory would definitely hurt the brain. Otherwise, how could one forget?

“There are some side effects, but you don’t have to worry too much. It’s not that big.” John knew that Gu Chenyi would not believe him even if he said that there were no side effects.

“Let me see what kind of drug it is first. Then, I’ll look at its medicinal properties and try it on someone else. After I see the effects, I’ll decide if I want to give it to Xiao Huan,” Gu Chenyi said.

John: “...”

This Gu Chenyi was more cautious than he had expected.

After a moment of silence, he said, “By the time you’re done with this series of things, Mu Huan would have woken up long ago. If we want to erase her memory, we can only do it before she wakes up, and she’ll wake up in the latter half of the night! Don’t worry, this medicine will only cause slight damage to the part of the central nervous system that controls memory. It won’t affect her.”

His orders were to ruin Mu Huan’s talent and make her become ordinary in the future. He had to use drugs on her.

If it weren’t for the fact that Gu Chenyi and his men had been guarding Mu Huan closely ever since he had saved her, along with how he had gotten someone to prepare every type of medicine, he would have given Mu Huan the drug without Gu Chenyi knowing. If he had had the time to give Mu Huan the medicine directly, he wouldn’t have had to tell Gu Chenyi about using this drug at all.

Gu Chenyi frowned.

No matter how much Gu Chenyi was obsessed with Mu Huan, no matter how much he liked her and wanted to have her, he didn’t want to hurt her at all, and especially not her brain. Even if the doctor said that it wouldn’t affect her much, he didn’t want to take the risk.

“Mr. Gu, we don’t have much time. I hope you can make a decision as soon as possible,” John said.

Just as Gu Chenyi was about to say something...

“Just hypnotize her. There’s no need to use drugs.”

Chapter 1255: Who’s the Final Winner (6)

That sudden voice made everyone in the room look at the door.

“Uncle Yu! Why are you here?!” Gu Chenyi shouted in surprise when he saw the person.

This Uncle Yu was the big shot he had saved.

Not only was there kindness between them, but there was also friendship. Otherwise, he wouldn’t have been able to mobilize so many people with just favors.

“I happen to be free recently, so I came over to take a look,” the man called Uncle Yu said lightly.

Before Gu Chenyi could say anything, the man looked at the doctor and said, “Hypnosis can also make her forget about her past.”

Facing the man's eyes that seemed to be able to see through one's heart, the doctor, John, felt his heart tremble. However, he said calmly, "Her autonomy is too strong.. If it's only hypnosis, she might recover very quickly. Only with a drug can the effect be lasting."

"With your capabilities, you can hypnotize her and stop her from coming into contact with everything that happened in the past. She won't be able to recall anything from the past for at least two years. If she were to have an affair and give birth to a child, it would be done in a year. It won't take long," Uncle Yu said.

After a year or two of nurturing their relationship and giving birth to the child, everything would have changed even if Mu Huan remembered something.

This drug could make her lose her memory forever.

Not to mention, it would directly damage the brain.

John: "..."

Under such circumstances, he knew that he would be suspected if he said anything else.

He looked up at Gu Chenyi.

He seemed to be saying, "Do you want her to be unable to remember for a long time, or do you want her to remember quickly?"

He thought that Gu Chenyi would at least hesitate for a while. This way, after this Uncle Yu left, he could convince Gu Chenyi again. If Gu Chenyi insisted on using the drug, Uncle Yu would definitely not say anything else.

Unexpectedly, Gu Chenyi said directly, "Let's hypnotize her. There's no need for medicine."

The brain was the most sophisticated organ in the body. Without its function, a person could go comatose. A drug that could make one forget what had happened on that day could cause irreversible damage to the brain after one woke up, let alone this drug that would make her forget everything for a long time.

He would rather take the risk of her remembering everything quickly than let her suffer such damage.

John: "..."

Did this Gu Chenyi really want to be with Mu Huan forever?

How could he not hesitate?

Given that Eisen had already hypnotized Mu Huan, yet Mu Huan still recalled a memory like Bo Junyan in such a short period of time, why did he...

"What's wrong? Don't tell me your hypnosis skills aren't good enough and you're actually inferior to Eisen?" Uncle Yu narrowed his eyes at John as if he had seen through something.

This made John's heart tighten. He knew that if he continued, he probably wouldn't be able to leave alive. Hence, he didn't say anything more about using the drug on Mu Huan. If they asked him to hypnotize her, he would.

Eventually, John felt that it was about time. He hypnotized Mu Huan and left.

Uncle Yu looked at Mu Huan, who was lying on the bed. "How are her injuries?"

"It's not a big deal. It's just superficial wounds," Gu Chenyi said.

"Since it's not a problem, get moving!" Uncle Yu retracted his gaze and looked at Gu Chenyi.

Gu Chenyi was stunned when he met his gaze. "What do you mean?"

"You should have Mu Huan before she wakes up."

Gu Chenyi: "...!!"

She was injured and unconscious right now. How could he do such a thing?!

Even though Gu Chenyi was gloomy and scheming, he was ultimately raised in the sunlight. His heart was not dark to the point of being very evil.

Chapter 1256: Who's the Final Winner (7)

"Given Mu Huan's condition after she was hypnotized last time, even if she lost her memory, she would still be a very cautious and sensitive person. If you don't seal your relationship with her before she wakes up, I'm afraid you won't be able to get into her bed in the future." It wasn't that he was looking down on him.

Gu Chenyi: "..."

It was really possible, just like last time...

But... even so, he couldn't...

After a while, he spoke.

"That's right! I can get John to hypnotize Xiao Huan into loving me very much. This way, even if she doesn't remember me, she'll remember her love for me. Furthermore, she'll forget everything and wake up with a nestling complex. The two of us will definitely be in love..."

Gu Chenyi had liked Mu Huan since he was in Year One, and he had never let go of her. Other than that night when he was drugged by Lin Qingya, he had never touched another woman.. The more he liked her, the more he cherished her.

Even if it was fake, he still wanted them to be together while they were sober.

Instead of getting her like this...

“Logically speaking, you can get John to hypnotize her into loving you, but Mu Huan is different from others. I’m afraid that the effects won’t be good. Besides, even if it’s effective, you should have more assurance first,” Uncle Yu said.

Those beautiful outcomes were all in the future. No one knew what would happen tomorrow. They didn’t know if the future could play out as they thought. If they sealed things first, no matter what happened in the future, not only would it not be a loss, but it would also be a guarantee.

“You have to know that no matter what, it’s always best to strike first and gain the upper hand!” As long as what was in his hands was his.

Gu Chenyi understood Uncle Yu’s meaning and knew that this was the case, but...

He looked at Mu Huan and felt that he couldn’t do it at this point.

“Don’t you like her a lot and want to get her by hook or by crook? Now’s the time to be unscrupulous. The opportunity is fleeting, so you have to grasp it well.” Uncle Yu patted his shoulder, telling him to grab this opportunity.

Mu Huan was a capable person. She was also very skilled. It was hard to say what would happen when she woke up.

Only by having her now would he be safe and secure. Only then would he not waste his efforts.

“I...” Gu Chenyi understood. He knew deep down that doing it now would give him the greatest guarantee, but he...

He...

“Things could change too easily when it comes to Mu Huan. Chenyi, I believe you know her capabilities better than I do. You know the uncertainty of the future. You know what’s best to do!

“Don’t feel too burdened. You have to believe in your past beliefs. She’s yours. She’s yours to begin with. You wouldn’t do anything bad. You just want to make both of you happy. You just want to guide everything back to normal.”

“I...” Gu Chenyi was about to say something.

“I’m going out now. Think about it carefully. You have to know that right now, it’s very likely that this is your only chance to have her. Don’t miss it easily. Think about it carefully.” Uncle Yu patted his shoulder and left.

At this point, he had nothing else to say.

Gu Chenyi looked at Mu Huan, who was lying motionless on the bed, and slowly clenched his fists.

Uncle Yu saw the problem more clearly than him. Whatever he did, he always made the right decision.

Chapter 1257: Who’s the Final Winner (8)

He said that this might be his only chance to have Xiao Huan, so this might really be his only chance.

Actually, he knew very well that he had more assurance now.

But...

But...

Suddenly, his gaze landed on Mu Huan's red lips, and his grip tightened.

He wanted her so much, so much that he ached for her. She was so close to him, so close that he could touch her. As long as he reached out and took her, she would belong to him.

He had her. He...

He clearly knew that such a thought was demonic.. If he did this, it would be very shameless and inappropriate. If he did this, he would fall into an endless hell.

However, the devil's seduction was always so tempting, so tempting that one could not help but want to go forward.

Now, as long as he reached out to embrace her, she would be his...

This...

It was true. The temptation was so great that it made him want to fall deeper and deeper. He was so excited that his heart was racing and his hands were trembling...

He walked toward her involuntarily.

What he desired the most, what he wanted the most, once he reached out to embrace her, would be his...

It was his...

His heart beat faster and faster. He was so excited that he felt like his heart was about to jump out of his chest.

Think about the good times you could have after taking her. Think about a happy life with her and having a beautiful daughter like her with you. Think about it...

That beautiful blueprint made Gu Chenyi feel as if he had been possessed. He pushed all his guilt and morals aside. All he could see was her.

In his mind, he only thought that as long as he had her now, what he wanted so much would be his.

He... reached out a trembling hand.

Country F...

Mu Huan had wanted to feed Bo Junyan the antidote after returning from Sen Tai's residence, but such an accident had happened. This resulted in Bo Junyan still having such a face. Fortunately, he had such a face. Otherwise, Sen Nalin would probably have taken action while he was unconscious and caused the truth to be that what was done was done.

After all, for people like them, if they wanted to wait for an opportunity like the next time, they might not be able to do anything for the rest of their lives. Most of the time, opportunities were short. If you didn't grasp it well, there wouldn't be a next time.

Gu Chenyi understood this logic, but so did Sen Nalin.

However, she really could not do anything with Bo Junyan's face.

Besides, now that Mu Huan was in trouble, she didn't know if there was an antidote. What if he continued to have this face?

Gu Chenyi's men told Sen Nalin that if they could save only Bo Junyan, something might have happened to Mu Huan. This made Sen Nalin really think that something had happened to Mu Huan. If it's like this, she would not be seen through by Bo Junyan.

Hence, Sen Nalin, who was afraid that Bo Junyan's face would not recover without the antidote, did not do anything to him. She only got someone to take good care of him. When that person felt that he was about to wake up, he immediately informed her.

Hence, when the person in charge of taking care of Bo Junyan saw him frowning and moving his hand, he hurriedly informed Sen Nalin.

When Bo Junyan woke up, Sen Nalin was sitting beside him, looking at him with concern.

"Mr. Bo, how do you feel? Do you need a doctor to come over and give you a detailed checkup?"

Before she could confirm if his face could still be saved, she would first act as a host and take good care of him, turning this life-saving favor into hers.

Bo Junyan did not speak and only swept an indifferent glance at his surroundings. That calm posture did not make him seem like someone who had just woken up from a coma.

Chapter 1258: The King (1)

Sen Nalin asked again, "Mr. Bo, do you need some water?"

Bo Junyan sat up and said, "No, thank you."

"You're welcome, Mr. Bo," Sen Nalin said gently.

Before Bo Junyan could say anything, she quickly added, "I'm sorry, Mr. Bo. The situation was too extraordinary and sudden. My men only had time to save you and not your wife. However, don't worry. I've already sent people to search in the direction of the mountain torrent. I believe there will be news soon."

.

Bo Junyan's eyes darkened when he heard this. After exchanging a few polite words with Sen Nalin, he asked for a phone to contact PA Wang.

When he went to Sen Tai's residence, he had given PA Wang something else to do. Furthermore, he had been asked to go to another city. He should be fine.

When PA Wang received Bo Junyan's call, he was so excited that he was about to cry!

When he saw the news, he had hurriedly rushed back, but no matter how hard he tried, he could not find his CEO and his wife. He thought that something had happened to them and felt that the sky was about to collapse! Fortunately, thankfully! Their CEO was fine!

After Bo Junyan gave PA Wang a few instructions, he called Gong Zeye and the rest.

"Brother Bo!" When he received his call, Gong Zeye was so excited that he was about to cry.

"I'm fine. Come over with Fu Siye on the earliest flight."

"Brother Bo, we're already in Country F. Where are you now? We'll go look for you!" Gong Zeye and the rest rushed over when they received the news. This was how good brothers were. They had rushed forward even when there was still no word of anything.

"Yes..." Bo Junyan told them the address and said a few more words before hanging up.

Then, she called Yu Hansheng.

"Why aren't you dead?" Yu Hansheng's tone was filled with obvious regret.

Bo Junyan was in no mood to quibble with him. "Get everyone in Country F to investigate the cruise ship that went out to sea today. Also, get someone to check if Chenyi has been involved with any Chinese big shots in the past two years."

When the mountain torrent came crashing down, although Bo Junyan was in front and Mu Huan was behind, because he had been trying very hard to turn around and grab Mu Huan, he saw that she had been tied up with a rope and was no longer rushing forward. But because he was quickly turned around by the rush, he did not see if she was accurately pulled up.

However, he saw that the rope that had saved him was the same as the one that saved his wife. He was fine after being saved, but his wife was saved first. With her constitution, she should be fine now.

Furthermore, the person he saw before he fainted was not from Country F. Although the other party was masked, he should be Chinese.

If so, it couldn't have been Sen Nalin's men who'd saved him. But though it wasn't her who saved him, he was sent to Sen Nalin and she was asked to say that she had done it. She even said that they didn't manage to save his wife in time. Someone must have arranged this.

The only people who would save him and not want to hurt him were his familiar love rivals, Gu Chenyi and Long Feiting.

It couldn't be Long Feiting's men. As Long Feiting's whereabouts were still unknown, it could only be people arranged by Gu Chenyi.

His wife had said that he had been caught by Long Feiting. To put it bluntly, he didn't even admit what he had planned. This meant that he had long arranged everything and was very confident that this plan would succeed. Hence, he would rather take a huge risk than give up.

Chapter 1259: The King (2)

In the face of such a sudden natural disaster, the people he had arranged could be so calm and could react so steadily at the first moment. It could be seen that their master was definitely someone important.

Such people were not ones Gu Chenyi could train.

Hence, he must be involved with someone else to have these people at his beck and call.

His nephew knew him too well and knew his strength. Hence, in the plan that he had arranged, he would definitely leave while Bo Junyan was still unconscious.

There were three ways to leave Country F: by sea, by land, and by air.

Since he was still unconscious, his wife must be in a coma as well. Gu Chenyi must have left with an unconscious person but didn't want to leave any traces. If he had Mu Huan, he wouldn't have taken a plane.. This place had just been hit by an earthquake and there were traffic jams everywhere. Furthermore, it was difficult to leave the country by land. The possibility of him taking a car and leaving here wasn't high. Hence, the greatest possibility was that he took the sea route and left.

Hence, he got Yu Hansheng's men to investigate the cruise ship.

"How did you find out about the cruise ship in the sea?" Yu Hansheng only knew about the incident in Country F, the quake and the flash flood. He didn't know that the two of them were at the scene of the flash flood, and he didn't know that the two of them had been drugged.

"Chenyi might be taking Xiao Huan by sea..." Bo Junyan told Yu Hansheng succinctly what had happened and his judgment.

"Such an inconspicuous person has become the biggest winner. Indeed, the world is unpredictable." Yu Hansheng paused for a moment. "Given what you said, Xiao Huan might not be able to keep her chastity. After all, it's best to attack her at this time.

"You have to be mentally prepared when you find Xiao Huan. Your wife might already be your niece-in-law by then." If Gu Chenyi could do such a thing and arrange such a plan, the chances of him taking advantage of Xiao Huan were very high.

Tsk tsk...

Bo Junyan's gaze turned frighteningly sinister.

"Are you feeling terrible now?" Yu Hansheng added insult to injury.

Bo Junyan ignored him and hung up.

Yu Hansheng looked at the phone that had been hung up and did not call again. He picked up his cat and looked out the window with an unfathomable expression.

Apart from getting Yu Hansheng's men to investigate the ship that went out to sea today, Bo Junyan also got Lin Tai to investigate.

After Gong Zeye and the rest arrived, Bo Junyan got them to mobilize everyone to investigate.

"This child, Chenyi... is too unbelievable..." After hearing the whole story, Gong Zeye and the rest were stunned.

They had grown up together with Bo Junyan, so naturally, they had watched Gu Chenyi grow up. Usually, they treated Gu Chenyi like their own nephew. As they saw Gu Chenyi as their family, they instinctively felt that their family was good. Hence, they did not expect him to do such a thing.

Bo Junyan did not speak.

He was used to hiding all his emotions. Only he knew the torment in his heart.

Bo Junyan really doted on Gu Chenyi, his nephew whom he had seen growing up. Even if Gu Chenyi had never given up, he had never done anything to his nephew. As they were family, he believed in his good nature and believed that he would not do anything that would cross the line.

But...

He had let him down.

Just as Yu Hansheng had said, the chances of that happening were too high. It was so high that it made him anxious. If he wasn't busy, he might go crazy!

He couldn't think about what would happen to him if that really happened after he found Mu Huan!

He really couldn't think about it.

Just thinking about it made him unable to suppress his bloodthirsty urge!

Chapter 1260: The King (3)

Although Bo Junyan did not say anything, his aura, which was ten thousand times darker than usual, let Gong Zeye and the rest know that he was very worried, anxious, and rational.

"Brother Bo, you don't have to worry too much. Sister-in-law is definitely safe now. The person who helped Chenyi is definitely not using him." Otherwise, he wouldn't have saved Brother Bo and Sister-in-law.

Bo Junyan still did not speak.

After Gong Zeye said that, he thought that since he could think of this, his Brother Bo must have thought of it even earlier. Why was he still so worried? Was he so anxious that he was about to go crazy?

Suddenly, he thought of something.

Instantly...

He didn't know what to say..

Just as Bo Junyan stood up and went to the window to make a call...

Jin Chen whispered into Gong Zeye's ear, "Why is Brother Bo in such a bad mood?"

Their Brother Bo had never lost control of his emotions no matter what happened. He had been so anxious before. Now, he clearly knew that Sister-in-law was still alive and her life was not in danger. Why was he so anxious and uneasy? He felt like a wild beast that was about to lose control...

"For Chenyi to be able to plan such a thing, his heart must be really set to get Sis-in-law. As such, in order to avoid any unexpected incidents, there might be a change in the plan. He might very well do it first..."

Jin Chen widened his eyes in shock and opened his mouth wide. He was speechless.

What the f\*ck...

Freaking...

If that was the case, then...

They'd doted on Gu Chenyi so much that they could not accept him doing such a thing, let alone their Brother Bo. If Gu Chenyi were to skip many parts and get to the finale, then...

Then...

He felt that his Brother Bo would kill him personally.

He would personally end his beloved nephew.

This...

"I feel like I'm going crazy!" Jin Chen thought. He felt like he was going crazy, let alone his Brother Bo.

"Yes." Gong Zeye's head hurt so much that he wanted to explode.

"I hope Chenyi can still be rational..." Fu Siye said as he pinched his glabella.

On the cruise...

What would you do if you saw a delicacy that you wanted to eat so badly right in front of you?

You would probably reach out and pick it up to eat it.

But...

Gu Chenyi reached out for a long time, but he did not dare to touch Mu Huan.

There was no one here, only him.

She lay there motionless and would never resist him.

But he did not dare to touch her.

He didn't know what was wrong with him. He was clearly so tempted, so much in yearning, and so close. He was so obsessed that he wanted to pounce on her. But when he reached her side and reached out with his hand, he was unable to touch her.

He felt that touching her was blasphemy.

Let alone doing anything.

Although he had always felt that she was his and had never been able to let go of her and was so obsessed with wanting her...

When he was about to touch her, he thought that this was his aunt-in-law, his uncle's wife.

He couldn't touch her. He couldn't do this.

He didn't know why he was like this. He clearly wanted her so much, but she was something he yearned for but couldn't get. Now, as long as he made a move, he would be able to get her and she would be his! He shouldn't have such thoughts at such a critical moment, but he couldn't bring himself to do it. Every time he got closer, he would think of his uncle.
