

Fake Marriage 1271

Chapter 1271: The King (14)

“Why would I lie to you?! You’re the one who’s in the worst state! Don’t worry about others!” Long Feilei said unhappily.

Seeing that there was no sign of lying on his brother’s face, Long Feiting was completely relieved. “I’m so thirsty. Get me some water...”

His throat was so dry that it hurt whenever he spoke.

“If you were really that thirsty, would you have woken up not to ask for water but to show concern for Mu Huan?” Although Long Feilei found his little brother despicable, he still went to get him some water.

Long Feilei had said that a scourge would live for a thousand years. A scourge was indeed difficult to kill, but the scourge here was not Mu Huan but Ling Wei.

Ling Wei had been saved too. She was saved by the doctor who had changed her face.

.

“How are Mu Huan and Bo Junyan?” When she woke up and came back to her senses, the first thing she asked about was Mu Huan and Bo Junyan. However, it was obvious that she wasn’t asking out of concern. Instead, she wanted to know if the people she had paid such a huge price to kill were dead.

“The two of them should still be alive and well,” the man said.

When Ling Wei heard this, she grabbed the blanket tightly.

Damn it! Why were they so lucky?! Why couldn’t they die under such circumstances?!

“Who saved them? Sen Nalin?”

“No, it’s Gu Chenyi. You’ve underestimated him.”

Ling Wei: “...!!”

She was furious for a while.

“Where’s Sen Tai?”

“Still unconscious.”

“Do you want to take the opportunity to seize his power? This is a good opportunity!” Ling Wei was a quick-witted person. Not long after she woke up, she was still furious, but she quickly analyzed the situation.

Let’s leave those that can’t be killed here and make those that disgust me go first!

Every time Sen Tai touched her, she would feel disgusted for a long time. She didn’t want to give herself to him anymore!

The reason this man had given her such an identity through plastic surgery was that he wanted to use her to coordinate with the outside to seize Sen Tai's authority. Now, to outsiders, she and Sen Tai were in a life-and-death situation. If he wanted to seize power, this was the best opportunity.

"It's already underway. During this period of time, you guys stay here and let the outsiders think that you guys are in trouble and might be dead," the man said.

"Alright." Ling Wei then said, "What about Bo Junyan and Mu Huan?"

She would rather die than let the two of them live!

"You should recuperate first. After you've recuperated, we'll prepare another plan. There are many people around Bo Junyan now, so we can't touch him." Dealing with people like Bo Junyan and Mu Huan could be fatal. If they didn't kill them this time, there was no telling if they would have a chance to do so again.

Ling Wei knew that his words carried a lot of comfort. But now, this was the only way. Hence, she did not say anything else.

The morning sun slowly rose from the east of the sea. The sunlight dyed half of the sky, making it look like a painting. However, no one was in the mood to appreciate this beautiful scenery.

Bo Junyan got his men to surround the location that Mu Huan had sent. However, they did not manage to find the boat that Mu Huan was on. Furthermore, Mu Huan did not send any more messages. This made his expression, which had originally improved, turn darker.

"Brother Bo, two authorities have passed the air search application, and one has not." The sea area further ahead belonged to the borders of three countries. To use a helicopter to search in the air, one had to obtain approval from all the authorities.

Bo Junyan looked at the map on the table. After looking at it for a while, he used a red pen to circle the map. "Set up all these places with people."

Chapter 1272: The King (15)

After changing the route, Uncle Yu felt that it wasn't safe yet, so he contacted someone and left using a transport.

When they alighted from the cruise ship and changed their mode of transportation, Mu Huan felt that Uncle Yu was not an ordinary person.

"Who are you?" she couldn't help but ask.

"It doesn't matter who I am. What matters is your choice. If you choose to be obedient and complete the task perfectly, you can go home to your husband with no issue." Uncle Yu brewed tea elegantly. With that, he handed a cup of tea to Mu Huan.

Mu Huan: "..."

If it weren't for the fact that she couldn't escape and wasn't in the mood, she would have liked to have a good taste of this tea with him. It smelled really good.

“It’s useless even if you’re anxious. Why don’t you just deal with it calmly?”

Mu Huan pouted. “You make it sound so good.”

“If I’m forcing you to do something you don’t want to do, I naturally have to say it nicely,” Uncle Yu said with a smile and went to taste his tea.

Mu Huan’s lips twitched, but she did not speak further.

She began to quietly think of a way to kill this Uncle Yu.

“Little girl, are you trying to kill me again?” Uncle Yu put down the cup in his hand.

“Yes.” Mu Huan nodded.

Uncle Yu looked at her and smiled. “Your temper suits my taste.”

“So, do you want to nurture me into your heir? There are very few people in this world who are as outstanding as me! Don’t miss out on the opportunity!” Mu Huan thought that no matter how anxious she was, there was nothing she could do at the moment. Hence, she sat down and chatted with him, hoping to get some useful information.

“I’m really tempted by your words.” This girl was good in every aspect. No wonder Old Ding, who had grown tired of the world, had taken her in as a disciple and stayed in that pet shop for so many years.

“It’s better to take action than to be tempted!” There was no need to look at anything else. Just by looking at the mode of transportation they had just transferred to, Mu Huan knew that Uncle Yu’s family assets and connections might surpass hers and Bo Junyan’s. If she could really convince him, she would have made a killing.

In this world, there was always a higher mountain.

“How do you know that I don’t have an heir?” Uncle Yu raised an eyebrow. She wasn’t just casually chatting with him.

“You look like a lonely man who has conquered a huge piece of land without a son, a daughter, or a wife.” With such wealth, if he had a son, a daughter, and a pursuit, would he have the time to do such things with Gu Chenyi?

The only reason he would do this with Gu Chenyi was that he had reached the pinnacle of his life and was old, so he had no other pursuits. Coincidentally, Gu Chenyi had saved him. The two of them had an attachment to each other, and perhaps, for some other reason, Gu Chenyi had an especially good impression on him, which was why he had helped Gu Chenyi.

Uncle Yu: “...”

It looked like...

It turned out that he had a lonely face.

“Actually, you can really consider it. You definitely won’t be able to bear to see no one inherit the career that you’ve spent your entire life working on,” Mu Huan continued.

“Alright, if you can live well and perfectly complete the mission of making Chenyi give up on you himself, I’ll carefully consider you as my successor,” Uncle Yu said.

Mu Huan: “...”

After a round, the topic came back to this.

“Life or death, have you made your choice?” Uncle Yu said seriously. He had already given her a lot of time.

“Is there a need to choose?” Mu Huan would definitely choose between life and death. A wise man knows better than to fight when the odds are against him. As long as there’s life, there’s hope!

Chapter 1273: The King (16)

“Are you saying you’re choosing to be obedient?” Uncle Yu looked at her.

“Yes.”

“Since you’ve chosen to be obedient, then take this medicine.” Uncle Yu handed the medicine to Mu Huan. To deal with someone like her, he had to be on double guard.

Mu Huan took the medicine and sniffed it out of habit. “What medicine is this?”

“If you’re disobedient and want to run, you’ll die if you mess around,” Uncle Yu said.

Mu Huan raised an eyebrow. “Could it be the kind of poison in Wuxia dramas that will kill you if you don’t take the antidote?”

“It’s similar.. The mechanism is the same, but this has the composition of Western medicine,” Uncle Yu said.

“Who developed it?” Mu Huan asked instinctively.

“Someone you don’t know.”

Mu Huan: “...”

This answer.

“Take it.” Uncle Yu wanted to see Mu Huan take it with his own eyes.

“How about we have an honest deal? I’m a person who keeps my word. If I choose to do this, I’ll definitely follow the rules. Furthermore, Gu Chenyi is my husband’s nephew and our benefactor. I definitely want him to recover. There’s no need to add this drug,” Mu Huan said.

“Things can change easily with you.” Uncle Yu looked at her as if he was assessing her reliability.

“If I wasn’t willing and didn’t agree, I’d definitely shake things up. If I agreed sincerely, I’d definitely do what I say!”

“Since you’re so sure that you’ll do it, then take this medicine. If you’re obedient, nothing will happen. It’s fine even if you take it.”

“I don’t even know what the drug is made of or what kind of side effects it has. How am I supposed to take it when I’m preparing for pregnancy? What if I take this drug and it prevents me from giving birth? I can’t take the drug recklessly in my current situation.” Mu Huan was someone who wanted to have a child with her husband. How could she take such an unknown drug?

Uncle Yu: “...”

Can’t you be more serious? I’m threatening you! You actually said that you have to prepare for pregnancy and can’t take medicine!

“Besides, Uncle Yu, you know as well that this kind of thing can only be done if I’m sincere in doing it. If you force me, I’ll only agree on the surface but oppose on the inside. Perhaps in two days, I’ll be able to kill all of you instead!

“You said that you dote on Gu Chenyi so much, and he’s my nephew. In that case, we can be considered family. Let’s believe in the trust between people!”

With that, Mu Huan patted her chest and said, “I’m definitely trustworthy!”

Uncle Yu: “...”

This girl was pretty good at talking. She was almost convincing him.

“Don’t worry, I always keep my word!”

“But when it comes to bad people, you often go back on your words, and I’m a bad person. Are you sure now that you can’t lie to a bad person and that you’re here to make an honest deal with me?”

Mu Huan: “...”

He knew her quite well.

After a moment of silence, she said seriously, “I’m honest and sincere. I really want to make an honest deal with you. If you agree, I’ll definitely do my best to complete this matter!”

Seeing her serious expression, Uncle Yu said, “Mu Huan, I believe you and won’t ask you to take the medicine. I hope you won’t let me down. Otherwise, the consequences won’t be something you can bear. You should know that I can do it.”

On account that she was Old Ding’s disciple, he liked her temper. She was afraid that taking medicine would hurt her body. He could not make her take it, but she better not let him down.

“Don’t worry.” She would definitely keep her word.

Chapter 1274: The King (17)

“Alright.” Uncle Yu reached out to take the medicine back.

After reaching an agreement, Mu Huan was also hungry. From the time she was unconscious until now, she had not eaten anything.

“Let’s eat and celebrate our collaboration!”

Uncle Yu smiled at her and asked someone to send some food in.

Half an hour later...

When Uncle Yu saw that Mu Huan had finished almost everything, he said in surprise, “You’re so young. Where did you learn to eat like that?”

“I have a bottomless stomach.” She had to eat when she was in a good mood, and when she was in a bad mood, she had to eat more.

“If this were in a poor era, you wouldn’t be able to get married. Who can afford to upkeep you?” Uncle Yu shook his head.

“No matter what era it is, I’ll always be someone who can support myself,” Mu Huan said as she finished the fruit on her plate.

This meal let her know that although this Uncle Yu was very rich, he was very frugal with food, loved to reminisce about bitter times, and was left-handed. Such a character seemed to be similar to someone her master had unintentionally mentioned. She had to chat more when she was free.

“That’s true.” Uncle Yu believed that she had the ability.

At this moment...

Bo Junyan mobilized all his connections and finally found the ship that Mu Huan had been on previously. However, apart from the crew, there was no trace of Mu Huan on the ship. No matter how he interrogated those crew members, they had never seen Mu Huan and the rest.

If it weren’t for the fact that Bo Junyan had found traces of her presence in the room Mu Huan had been in and confirmed that she had been on this ship, they would have thought that they had locked onto the wrong target.

“If Sister-in-law had stayed here before, how could those people have vanished into the vast sea?” Fu Siye frowned.

“Under such circumstances, there’s only one way to leave without leaving a trace,” Bo Junyan said with a darkened expression.

Fu Siye thought of something and was shocked. “If that person could leave in such a way... then this person’s network... Chenyi, how did he know such a person? And he even got such a person to help him do this?”

To all of them, Gu Chenyi was still a student and was still immature. Not even...

To put it simply, he did not expect Gu Chenyi to have such capabilities.

“I don’t know.” Bo Junyan lightly pinched his brows. For the past three years, he had been so focused on his wife that he did not pay much attention to Gu Chenyi.

Fu Siye: “...”

Bo Junyan relaxed his brows and called Yu Hansheng. "Have you found out who it is?"

"Do you think I'm a god? I can't find clues so quickly." Yu Hansheng pouted.

"You should have a general candidate in your heart." Although there were many capable people in this world, there were not many who could be so capable. Although they could not find the other party's location, they should be able to lock onto a candidate.

"Just like the person in your heart," Yu Hansheng said.

Although they were not sure yet, they had a rough guess.

"If it's really that person, to be able to get such a person to help him, that nephew of yours is really capable." From Yu Hansheng's words, it sounded like he was gloating.

"Oh, right. I heard that you destroyed your face to avoid attracting others. It's become even worse after the flood. Come, take a photo and send it over." Since Mu Huan was fine, Yu Hansheng had nothing to worry about. He was in the mood to watch the fun and see Bo Junyan make a fool of himself.

Bo Junyan did not say anything else and hung up.

Chapter 1275: The King (18)

Yu Hansheng looked at the call that had been hung up and snorted. He ordered, "Find a chance to take a picture of Bo Junyan's current appearance."

If he didn't want to take selfies, Yu Hansheng could just ask someone else to do it.

What was the point if he couldn't enjoy a rare joke?

He had earned so much money that he wouldn't be able to spend it in ten lifetimes. He had challenged all the things he wanted to challenge. Now, apart from teasing his favorite cat, his life was about to lose its fun. He had to find some fun. Otherwise, he would be depressed.

...

By the time Mu Huan had finished the compressed biscuits that Uncle Yu had prepared, they arrived at the place Uncle Yu had set up for Gu Chenyi and Mu Huan.

It was an island. Although it was not very big, it was like a small city with everything one could think of. Gu Chenyi only woke up after they went ashore and moved in.

He opened his eyes and was a little lost. Only when he saw the scene outside the window did he sit up in shock. Then, he saw Uncle Yu sitting on the sofa, reading. "Uncle Yu, are we here?"

"Yes."

"Where's Xiao Huan? Is she awake?!" Gu Chenyi hurriedly asked once he snapped back to his senses.

"She was about to wake up, but I gave her some medicine to make her fall asleep again. However, she's about to wake up now," Uncle Yu said.

“Where is she?” Gu Chenyi asked as he got off the bed.

He didn’t drink much, so why was he so drunk? He had slept for so long that he only just woke up! If it weren’t for Uncle Yu, he would have missed Xiao Huan’s waking time!

“In the room next door.”

Just as Uncle Yu finished speaking, Gu Chenyi ran out.

After he left, Uncle Yu put down the book in his hand and followed him.

Gu Chenyi ran to the room next door and heaved a sigh of relief when he saw that Mu Huan was still lying there. Fortunately, he did not miss the time when she woke up.

John said that it was very important to establish a duckling complex, so she had to see him the moment she opened her eyes.

He wanted to take all the advantageous conditions. This was an opportunity that he had sacrificed everything for. He could only succeed and not fail!

Suddenly, he thought of something. Before he drank, he had said that he wanted John to hypnotize Xiao Huan again and make her love him deeply. In the end, he got drunk. He...

He instinctively turned around and wanted to run out to ask Uncle Yu if he had asked John to hypnotize Mu Huan again. He saw Uncle Yu standing at the door.

Before he could say anything, Uncle Yu said, “I asked John to hypnotize her into loving you.”

“Uncle Yu, thank you so much!” Gu Chenyi was so touched that his eyes turned red.

Although Uncle Yu wasn’t his family, he treated him better than his family! He supported him more than his family! Everyone felt that it was wrong for him to want Xiao Huan. It was wrong for him to spend so much effort. Only Uncle Yu understood and supported him so much that he did all these for him!

He was the reason for everything!

If it weren’t for Uncle Yu, Gu Chenyi wouldn’t have been able to do it.

“Silly boy, there’s no need to stand on ceremony with me. Wait here for her to wake up. I’m going out to do something,” Uncle Yu said with a smile.

Time was irreversible. No matter how much he wanted to go back to the past to help himself, he could not go back. And helping Gu Chenyi was like helping his past self and erasing his regret.

If one couldn’t get something, one would never forget it. If one couldn’t forget it, one would never be able to let it go for the rest of their lives. They would live in loneliness and pain for the rest of their lives. When they were old, they would have no children, no wife, no pursuits. Life would be meaningless.

He did not want Gu Chenyi to live his life like he did.. He hoped that, no matter what the ending was, he would be able to completely let go and have a life without regrets.

Chapter 1276: The King (19)

“Yes, Uncle Yu, you’re busy!” Gu Chenyi knew that Uncle Yu was very busy. His career was very big, so he was really touched that he could personally help him complete this plan! Very touched!

Uncle Yu glanced at Mu Huan, who was lying on the bed, before turning around to leave.

After he left, Gu Chenyi went to Mu Huan’s bedside and looked at her.

At this moment, his emotions were agitated and complicated.

Just as he reached out with his trembling hand to touch Mu Huan, she suddenly opened her eyes. This frightened him so much that he instantly retracted his hand. His heart almost jumped out of his chest!

Previously, he had been feeling all sorts of nervousness and anticipation. He was hoping that Mu Huan would be like before when she woke up.

Now, when he saw her wake up, his heart became even more nervous! He felt like he couldn’t even breathe!

A while after Mu Huan opened her eyes... “Who are you?”

Before Gu Chenyi could say anything, she sat up in shock. “Who am I? Why don’t I remember anything? Who am I? I...”

Before Gu Chenyi woke up, Mu Huan had watched many videos of people who had lost their memories. She acted well.

Although Gu Chenyi had long thought about what he would say when she woke up, he suddenly met her eyes. He stood there and looked at her, speechless for a long time.

After a while, he walked forward and reached out to grab Mu Huan’s arm. He was about to say something...

But Mu Huan threw him over her shoulder.

“...”

“Ah, I’m sorry... Are you alright? I...” Mu Huan looked at him helplessly. She wanted to help him up, but she didn’t dare to go near him.

This made Uncle Yu, who was standing outside the window and watching everything, feel that Mu Huan was really omnipotent. Even her acting skills were so good!

Gu Chenyi forced himself to stand up. “I’m fine... I’m fine...”

“Who am I? Who are you? Who are we? Why am I here?” Mu Huan asked Gu Chenyi a series of questions.

After a while, Gu Chenyi said as he had planned, “Your name is Mu Huan, and I’m Gu Chenyi. I’m your boyfriend. You lost your memory because of your injury...”

His script was that Mu Huan had lost her memory because of her injury and couldn’t remember him. The two of them were here because they liked the scenery here. Hence, they bought a house here and immigrated here. The two of them had no parents and had always relied on each other.

The reason why Gu Chenyi told Mu Huan that he had no parents was that his mother was against him being with Mu Huan. And it was because he didn't want her to live a tough life!

Hence, to be with Mu Huan, he had to give up on his parents.

Otherwise, even if his plan succeeded, it would be a problem if his mother hated on Xiao Huan every day.

He simply thought of taking advantage of the disaster in Country F to escape and completely disappear from the world. This might make his parents think that he had died in the flood in Country F.

The more time it took for his parents to find him in Country F, the more they'd feel that he was dead...

Then, he thought about his mother's poor health. If she believed that he was dead, she would definitely not be able to take it. She might even...

Gu Chenyi could not help but look worried.

He didn't want anything to happen to his mother, but... this was the only thing he could do now. Otherwise, if his uncle found out about him and looked for him, everything would be wasted. He wouldn't even have the chance to start before it was over.

But... when he thought about how his mother might collapse and never get up again, how he might lose her forever...

Gu Chenyi could not help but worry again.

Suddenly, he felt that the perfect plan he had thought was actually not perfect at all.

Chapter 1277: Who Is the Lead (1)

Before he implemented this plan, all Gu Chenyi could think about was how wonderful life would be after this plan succeeded! When he encountered the earthquake and flood during the implementation of the plan, he felt that this was a heaven-sent opportunity. Even the heavens wanted the two of them to return to their original orbit. This natural disaster made his plan perfect and flawless!

But now, he no longer felt that way. This natural disaster could make his uncle think that they had been washed away by the flood and he would not think of looking for them elsewhere. However, it would also make his mother think that he had died and make her have a mental breakdown...

This...

He only wanted to live his life with Mu Huan. He could stay away from his parents and not show filial piety in front of them, but he couldn't watch his mother get into such a state.

However, if he told his mother about his current situation, he was afraid that his uncle would think of everything. Then, his plan, which he had spent so much effort to make succeed, would fail. Then, he would never have a chance again.

This was something he could never accept!

He realized that he always landed himself in a difficult situation where he could not make a choice.

Why couldn't he just live the life he wanted? Why did the world have to treat him this way?

Gu Chenyi paused for a moment after he said that he had no parents. Now that he had such a worried expression on his face, Mu Huan knew what he was worried about.

Mu Huan's current memory of Gu Chenyi was stuck at the time when she and Gu Chenyi had just broken up. Hence, she remembered what had happened between her and Gu Chenyi in high school. She knew that his parents doted on him very much. He was also a filial person. His mother's health was not good.

This made her suddenly think of a way to end this matter quickly. She glanced at Uncle Yu, who was peeping from the window, from the corner of her eye. She smiled.

The more he thought about it, the more frustrated he became. He was so frustrated that he forgot about Mu Huan's existence until...

Mu Huan's weak voice reached his ears. "I... I'm hungry..."

It was only then that Gu Chenyi snapped back to his senses. Knowing that Mu Huan could not bear hunger the most, he hurriedly said, "I'll get someone to prepare food!"

"Yes..."

Gu Chenyi turned around and ran out.

Mu Huan walked to the window and said, "Uncle Yu, our previous rule was that we couldn't secretly send a message to get my husband find this place. We couldn't let him know that I didn't lose my memory, but we didn't say that we couldn't let Gu Chenyi's parents know that something had happened to him, right?"

Uncle Yu narrowed his eyes and instantly understood what she was trying to do. "You want his parents to think that he's dead and make them break down so that Chenyi can be swayed?"

Mu Huan instantly beamed. "Uncle Yu, you're really the smartest and most formidable person I've ever seen in this world!"

"Don't flatter me. It's useless."

"When did I flatter you? I'm telling the truth!" Mu Huan said seriously.

"Even if it's the truth," Uncle Yu said.

"Why not?"

"Chenyi's mother isn't in good health. If she finds out that something happened to Chenyi, I'm afraid she won't be able to take the shock. Besides, if you do this and Chenyi can't help but tell his parents that he's fine, then Bo Junyan will also know. You're indirectly telling Bo Junyan that you're with Gu Chenyi."

"You make it sound like Bo Junyan doesn't know that I'm with Gu Chenyi now. Don't forget that I've contacted him long ago! It was Gu Chenyi who didn't know that I had woken up long ago.. He thought

that Bo Junyan would think that I had lost my life in the flood and wouldn't know that I was with him! He was so naive to think that Bo Junyan wouldn't come looking for me!" Mu Huan snorted.

Chapter 1278: Who Is the Lead (2)

Uncle Yu: "..."

He was really old and had forgotten about this matter.

"So, you can totally make his parents think that something has happened to Gu Chenyi." Mu Huan had deliberately told Uncle Yu about this matter because she felt that with Uncle Yu's love for Gu Chenyi, he would definitely think of a way to make Gu Chenyi's parents not think that something had happened to him in Country F.

As Bo Junyan had a good relationship with his cousin and did not want anything to happen to his sister-in-law, he probably would not use the accident to lure Gu Chenyi out. Hence, Gu Chenyi's parents would not think that something had happened to him in Country F as Gu Chenyi was worried about.

And a worried body couldn't withstand this.

If he wasn't worried, anxious, and troubled, then he would feel that his current life was wonderful. If it was so wonderful, when would she be able to make him give up and leave?

If one wanted someone to give up, one had to make them disillusioned first!

A person's imagination was always good, especially when it came to what they desired. That life would seem even better for them. The more they thought about it, the more they'd want it. If, after they got it, they found that this life was really very good, they would never let it go. They could only be made to feel disillusioned and that this life was worlds apart from what they wanted. That this life was not only not good, but it was also very painful.

He had always yearned for this, but if it hurt more than a needle, how could he want to hold on to it?

This way, even if he couldn't completely give up and completely let go of the love in his heart, he wouldn't be so persistent in wanting it such that if he couldn't have it, he would go crazy.

This was especially so since Gu Chenyi was more obsessed with her than he liked her. The main reason why he could not let go of her was that he could not accept his stupidity. He actually pushed away his favorite girl for such a reason. The more he could not accept it, the more he could not let go.

Once this persistence was gone, his little liking would not be able to overcome his filial piety for his parents. At that time, for his parents or his uncle, he might be able to let go.

Without waiting for Uncle Yu to say anything, Mu Huan continued, "You don't have to worry about Gu Chenyi's mother's health. If she gets sick, I have medicine. Nothing will happen to her!"

After a moment of silence, Uncle Yu said, "Alright."

“Oh, right. Follow this prescription and get me some ingredients. I’ll create an antidote for my husband. His face is still rotten. If he continues to rot, it won’t be easy to make his face recover.” That kind of drug couldn’t be allowed to stay in his face for too long. If it did, his face would really rot.

If she ruined her husband’s face because of this, she would chop off her own claws!

“If you give him the antidote, won’t it expose the fact that you didn’t lose your memory?” Uncle Yu felt that Mu Huan was going too overboard.

Was he too kind to her that it made her forget that she was being threatened?

He was the one who was threatening her to do this. If she didn’t do it well, he would let her die. Or, after she did this and Chenyi still couldn’t let go, he would directly tie them together and trap her and Chenyi forever!

He was the mastermind. She had to be afraid of him and listen to him!

But looking at her now, he saw that she was really at ease!

One moment, she was asking for this, the next moment, she was asking for that!

She was almost treating him as an errand boy!

“I’ve contacted him before. Just tell him that I asked you to pass this medicine to him at that time and he’ll believe it. You can also tell him that I’ve forgotten everything. The person I love now is Gu Chenyi. Tell him not to look for us anymore. It’s killing two birds with one stone!”

Uncle Yu: “...”

Chapter 1279: Who Is the Lead (3)

Uncle Yu: “...”

What a nice thing to say!

“That would expose my identity and make him find this place faster.” This girl had too many devious ideas.

“You make it sound like if you don’t expose yourself, he won’t know your identity.” Mu Huan’s expression was saying, “Don’t underestimate my husband.”

“Even if he can’t find out where we are now, there aren’t many people who can use their fingers to reach such a formidable level. I reckon he already has a plan in his heart and has guessed that you’re helping Gu Chenyi.” Although Mu Huan still didn’t know Uncle Yu’s identity, no matter how mysterious a person was, as long as he reached a very high level, even if he was only a legend and no one had seen him, people would still know about this legend and guess that it was him through some traces.

Besides, her husband had more connections and sources than her, and her senior brother was a know-it-all. The two of them must have worked together and pulled the strings.

The candidates were almost out. After eliminating everyone, even if his identity could not be confirmed, he would still be the prime suspect.

Uncle Yu: "..."

Bo Junyan was indeed capable. Otherwise, he wouldn't have been able to find their cruise ship so quickly. Just like what she had said, he could uncover his identity with just one pull.

Uncle Yu felt that Mu Huan was too good at talking. Every time he absolutely objected to something that he felt he couldn't do, in the end, he would be convinced by her. He felt that there was no problem at all if he did as she said. This was good.

This girl...

"So, I can do this! Don't let my husband's face become ruined. If my husband's face is ruined, I can go crazy! If I'm crazy and have no qualms, I can do anything!" If her poison ruined her husband's face, she would really go crazy!

Mu Huan's words made Uncle Yu know that the reason she was willing to do this now was not only because of his threat but also because she wanted them to be fine. If she were to destroy her husband's face and go crazy, then... she would be able to do anything.

It was unimaginable for a person who knew how to use drugs to do such a terrifying thing.

With her capabilities, no matter how strict Uncle Yu was with her, unless he crippled her limbs and tied her up, they might really get killed by her in a few days, as she said.

Hence, it was best to cooperate sincerely.

No one should cross each other's bottom line.

"You care so much about his face. It looks like you don't love him much. You just love his good-looking face." Uncle Yu's face was full of disdain. *You're just so superficial.*

"Uncle Yu, you're so capable, but you're alone. You must have had a sincere relationship that you couldn't let go of. That's why you're still alone."

Uncle Yu: "..."

If she became a fortune-teller, she would definitely be able to bluff her way through because she was too good at reading things.

"Is the person you love ugly?"

"Of course not!" Uncle Yu said instinctively. She was the most beautiful woman in the world, no matter what!

"So you're also superficial and only love her face?"

Uncle Yu: "..."

"It's human nature to love beauty. If my husband can be fine, why should he become ugly?" It was human nature to love beauty. This wasn't wrong, it wasn't superficial. If one could be fine, who wouldn't want that?

Chapter 1280: Who Is the Lead (4)

However, the most important thing was still what's inside.

Most love started with looks, talent, and character.

It was impossible to be shameless without a character!

Uncle Yu: "..."

"Hurry, hurry! Gu Chenyi is coming back!" With that, Mu Huan turned around.

In the next second, Gu Chenyi pushed open the door and entered.

Her clear eyes instantly became cautious.

With that acting, the Oscars owed her an award!

"Xiao Huan, I've gotten someone to prepare dinner. Let's go eat!" Gu Chenyi was still very excited. This was because the life he had dreamed of, the life he wanted so much, had started just like that.

Perhaps it's because he had just woken up, but he was still unprepared. This made him feel a little helpless and restrained.

He shouldn't have drunk so much. He should have stayed sober. This way, he could have done better now and made her like him.

"Okay." Mu Huan smiled shyly at him.

Gu Chenyi: "..."

Ever since he met Mu Huan, she had never revealed such an expression.

No matter what, she was always frivolous...

Now, he... had an indescribable feeling.

Was it because she had lost her memory?

Spring was warm and the flowers were blooming. It was the most beautiful April day in the world. The weather was good and every day was beautiful.

However, Bo Junyan was in a terrible mood.

Even though he had locked onto his target, he had yet to find any traces of them. He didn't know where his wife was now. Given his wife's quick-wittedness, if she was fine, she would definitely be able to think of a way to send a message to him. Or she could leave a trace subtly so that he could follow it. It wouldn't be like now, with no news at all! He couldn't think about those things that might have happened. If he couldn't help but think about it, he'd want to explode and destroy everything!

Speaking of which, Bo Junyan was really pitiful. From the start, he had only wanted to find a wife to lead a good life with. In the end, things kept happening, causing him to not have many days with his wife.

Right at this moment...

Gong Zeye ran in and said, "Brother Bo, Cousin and Sister-in-law thought that something had happened to Chenyi and ran to Country F to look for him. After learning that Chenyi might have been washed away by the flood, Sister-in-law fainted and was sent to the hospital."

Bo Junyan frowned. "Who told them? Didn't they go on a trip and couldn't be contacted?"

"I don't know. Cousin is anxious about Sister-in-law, so the people who stayed in Country F couldn't get anything out of him." After Gong Zeye said that, he continued, "We have to get someone to tell Cousin and the rest immediately that not only is Chenyi fine, but he has also taken away..."

Their sister-in-law?

Bo Junyan was about to say that he should get someone to tell them when he suddenly thought of something. "No, don't tell them. Let them think that something has happened to Chenyi. They have to report Sister-in-law's situation and spread this matter as much as possible!"

Gong Zeye was stunned for a moment before he understood what his boss meant. His boss wanted to use his sister-in-law to lure Gu Chenyi out.

No matter what, Gu Chenyi cared a lot about his mother. If anything happened to her, he would definitely contact his mother. By then, they would have a trail to follow.

"I'll do it right away."

"We still have to investigate who informed my cousin that something had happened to Chenyi." Bo Junyan felt that there was a problem here as well. Previously, he could not contact his cousin and sister-in-law, but now, they suddenly knew about Chenyi's matter and had gone to Country F...
