

Fake Marriage 1291

Chapter 1291: They're Already Together (2)

Bo Junyan was ten years older than Gu Chenyi. From the time Gu Chenyi was born until he was thirteen, they had been living with Bo Junyan's family. Gu Chenyi had followed Bo Junyan since he was young. The relationship between the uncle and nephew was especially deep. Bo Junyan, who was such a ruthless person, had repeatedly given Gu Chenyi a chance. As long as he did not cross that line and as long as he turned back to the shore, he would still be his nephew.

Then there's Gu Chenyi.

Before Mu Huan married Bo Junyan, this uncle of his was the person he idolized the most. He listened to Bo Junyan more than he listened to his father. Even if he felt that Mu Huan should be his, Mu Huan had broken up with him more than three years ago and had been his aunt-in-law all this time.

This... was etched deeply in his subconscious. Mu Huan was his aunt.

Furthermore...

Mu Huan looked at Gu Chenyi, who had stopped struggling and was in pain for a while. In the end, he suddenly stood up, turned around, and ran away. The corners of her lips curved into a sinister smile.

She leaned back in her chair and enjoyed the sea breeze.

It had to be said that Gu Chenyi's place was really not bad. The sky and the sea were blue. The air was so good that it was intoxicating.

Suddenly, a voice broke her quiet enjoyment. "Did you do something to him?"

"Yeah." Mu Huan knew that she couldn't hide it from him, so she didn't.

"You hypnotized him, making him feel his morality more strongly, making him feel that you're his aunt and that he can't touch you no matter what?" Indeed, it couldn't be hidden. Uncle Yu quickly guessed it.

"Yeah." Mu Huan nodded and looked at Uncle Yu. Without waiting for him to say anything, she continued, "You said that I couldn't hypnotize him into forgetting his love for me. You didn't say that I couldn't deepen his sense of morality and guilt. Hence, I'm not considered in violation."

Uncle Yu said, "You're really reasonable. Everything you say is right."

"It's not that I'm being reasonable, it's just that everything I do makes sense," Mu Huan said.

"Ha..." Uncle Yu sneered.

"The scenery here is really not bad. Do you want to sit down and admire this beautiful scenery before talking about life?" Mu Huan raised an eyebrow.

Uncle Yu looked at her silently. It was unclear what he was thinking.

"Uncle Yu, do you believe that there are really wormholes and that space-time travel is possible?" Mu Huan suddenly asked.

“No.”

“Since you don’t believe them and feel that they’re impossible, Uncle Yu, you should know that what’s in the past is in the past. One can never return to the past, and it’s not something that can be replaced. No matter how similar his situation is, it’s not yours. There’s no point in doing anything more.”

Outsiders might be confused by Mu Huan’s words and not understand what she was saying, but Uncle Yu could understand.

Her words made Uncle Yu’s eyes turn cold. “What are you trying to say?”

Why would she say such a thing? She shouldn’t have been able to find out anything!

“What I want to say and what I’m talking about, Uncle Yu, you must have understood since you’re so formidable,” Mu Huan said.

They were both smart people. There was no need to pretend to be stupid.

After a moment of silence, Uncle Yu asked, “How do you know all this?”

“I guessed.”

Uncle Yu: “...”

She could even guess this...

“Although Gu Chenyi is my nephew, to put it bluntly, Gu Chenyi isn’t very good or outstanding. Even if someone like him saved your life, it’s impossible for him to catch your attention and make you help him so much unless you have some special feelings for him. If you like him and have that kind of feelings for him, you won’t help him woo women.”

Chapter 1292: They’re Already Together (3)

“Furthermore, you’re helping him so much to let go of it himself. It’s as if you’ll also let go of something then. You’re looking at him like you’re looking at someone through him. This is easy to guess...” The plot came to her mind.

Uncle Yu: “...”

Why was she so outstanding such that he couldn’t help liking her? If she’d had another personality, he might not have cared if Gu Chenyi could take that step in the end... He might have been direct...

Most people loved talent, and so did Uncle Yu.

Mu Huan, whom he thought well of, made him unable to be ruthless.

“Uncle Yu, come, sit here. Look at how beautiful the scenery is. Look at how delicious this food is...” As Mu Huan spoke, she picked up a piece of snack and ate it happily.

Life was so beautiful. Couldn’t he just enjoy it? Why did he have to torture others?

Even if he felt that Gu Chenyi at present was like how he was, Gu Chenyi would not be him once he helped Gu Chenyi fulfill that wish. The regrets in his heart would not dissipate.

It would be fine if it was self-interest. At the very least, if it was self-interest, he'd gain something for it. But he was doing this for...

It would be better for him to just relax and enjoy the scenery, the delicacies, and the beautiful life under the sunset.

Uncle Yu glanced at her and turned to leave. This little girl was too good at changing people without stopping. It was better for him to stay away from her.

Since he wanted to leave, Mu Huan did not make him stay.

She leaned back lazily and looked at the sky.

Uncle Yu did not return to where he was staying. Instead, he went to look for Gu Chenyi. When he found Gu Chenyi, Gu Chenyi was grabbing his hair. He had never been so conflicted, struggling, and in pain.

Now that his plan had succeeded, he should have been very happy.

But...

Why was he in more pain than before?

Uncle Yu narrowed his eyes as he looked at Gu Chenyi. Since Mu Huan could do that first, why couldn't he?

Hmph...

Mu Huan, I'll show you what being smart is!

...

Bo Junyan, who was discussing a plan with Bo Huaiyun, received photos from Uncle Yu.

When he saw that Gu Chenyi and Mu Huan were so intimate in the photos and that Mu Huan had eaten the food that Gu Chenyi had fed her, Bo Junyan exerted force and crushed the phone screen.

When Bo Huaiyun saw him like this, he instinctively looked at his phone.

What he saw made his expression turn ugly, and he wanted to explode!

Gong Zeye saw that the two of them looked so upset after they looked at their phones, so he went over to take a look.

This scene...

Freaking hell!

Was Chenyi tired of living? He actually...

As he looked at the photos of the two of them being intimate on his phone, Bo Huaiyun felt like his head was about to explode!

“Why is Sister-in-law looking at Chenyi like this? Could it be that Sister-in-law...” As Gong Zeye spoke, he reached out to pull at Bo Junyan’s broken phone so that he could still use it. After flipping through a few photos, he saw the message that Uncle Yu had asked someone to send.

Xiao Huan had already forgotten you. She and Chenyi were now lovey-dovey. Don’t bother looking for them. It’s useless even if you find them. Why don’t you let each other off on account that you were once family? It’d be good for both of you.

Gong Zeye: “...”

They’re already lovey-dovey with each other?

What the f*ck!

His hands were trembling!

If they were really together...

Gong Zeye really hated how cheap his hands were and how fast they were! To flip to this point and let him see such a sentence, this...

Chapter 1293: They’re Already Together (4)

When Bo Huaiyun saw this, he immediately collapsed and kicked the thing next to him. He looked terrifyingly sinister!

His was even scarier than Bo Junyan’s aura!

“I’ll kill that beast right now!” he said as he dashed out.

Seeing this, Gong Zeye hurriedly stopped him. “Cousin... Cousin, don’t be rash!”

“I’m not being rash!” Bo Huaiyun was so angry that the veins on his head were about to explode.

“Even if you’re not being rash, you have to find them before you can kill him...” They still did not know where Gu Chenyi and his sister-in-law were.

Bo Huaiyun: “...!!”

After Gong Zeye persuaded Bo Huaiyun, he carefully looked at his Brother Bo.

It would be better if their Brother Bo was as angry as his cousin. But he wasn’t angry at all. He was so calm that it felt dangerous. His hair stood on end.

He had never seen Brother Bo like this.

This Brother Bo made him shiver in fear.

“Junyan...” Bo Huaiyun was also a little afraid of Bo Junyan. He was afraid that he would not be able to accept this. He was afraid that he would explode after being silent...

In the past, he thought that Bo Junyan and Mu Huan had gotten married only after going on a blind date. Furthermore, they had only been married for a short period of time, and his cousin had been born with cold feelings. There shouldn't be any deep feelings between the two of them. However, along the way, he learned how important Mu Huan was to Bo Junyan.

A cold-hearted person would not be easily moved. But once he was moved, it would be for the rest of his life. He would give everything he had. How could he accept such a thing...

Bo Junyan did not speak as he stared at the photo on his phone.

Just as Gong Zeye and Bo Huaiyun felt that he was about to collapse and were so anxious that they didn't know what to do...

Bo Junyan said extremely calmly, "Go get a new phone."

Gong Zeye was stunned.

Bo Huaiyun: "..."

Get a new phone?

Bo Junyan added, "And get Lichuan to come back immediately."

"What's the matter, Brother Bo?" Gong Zeye asked cautiously. Why did he want Brother Meng to come back?

"These photos have been edited." The moment Bo Junyan saw the photos, he was really furious and his heart almost went crazy.

However, just as he was staring intently at the photo, wishing he could kill Gu Chenyi with his gaze, he realized that something was amiss with the photo.

In the photo, the sunset glow on his wife's face was a little different from the angle of the sunset glow on her body in the photo. According to the law of light and shadow...

Uncle Yu had asked someone to handle the photos perfectly. Most people would not see any problems even if they stared at those photos for a year. Even Uncle Yu did not see any problems, but...

Bo Junyan could tell.

He even played the role of a top student and calculated the formula.

After taking a closer look at the photo, he confirmed that Mu Huan and Gu Chenyi had not undergone any modifications. What had been edited were their environment and background.

The other party had spent so much effort to change the background so perfectly. It must be because of where they were taking pictures.

Meng Lichuan was an expert at repairing photos, so Bo Junyan asked him to return immediately.

Once he fixed the photo and they could see the real background, he could be sure that his wife was there.

Everyone present was smart. After Bo Junyan said this, they understood why he had asked Meng Lichuan to come back.

At the thought that he would be able to find them immediately after repairing the photo, Bo Huaiyun's heart instantly became conflicted.

Chapter 1294: They're Already Together (5)

Bo Huaiyun desperately wanted to find Gu Chenyi and was so furious that he wanted to beat this animal to death. However, when he realized that he would be able to find them soon and that his son might have done something, he...

After all, that was his biological son, his only son.

He couldn't think, couldn't think. If he really did that kind of thing. He didn't know... If he really did something, he should...

The more he thought about it, the more he couldn't take it anymore. Bo Huaiyun's mind was about to explode. In the end, he really couldn't take such a breakdown. His vision darkened and he collapsed.

Fortunately, Gong Zeye was beside him and reached out to support him in time.

"Brother Bo." Gong Zeye looked at Bo Junyan.

Bo Junyan looked at Bo Huaiyun with a complicated expression and asked Gong Zeye to send him to the doctor.

Meng Lichuan returned quickly. He sent the photos to the computer and zoomed in on them.

Apart from him, Bo Junyan and the rest were also staring at the enlarged photo to see if they could see any other problems.

"Brother Bo, I've found out that John, the hypnotist who shared the same teacher as Eisen, has gone missing. I heard that this John is even more formidable than Eisen. Sister-in-law, was she hypnotized by him...?" Meng Lichuan didn't finish his sentence.

But they knew what he wanted to say.

Because the Mu Huan in the photo was very free and was enjoying herself. She didn't look like she was being coerced at all. This made them feel that she had been hypnotized. If she had self-awareness and hadn't been hypnotized, she wouldn't have looked at Gu Chenyi like that.

If Mu Huan had only been imprisoned, with her intelligence and wit, there shouldn't be any problem now.

But if she were to fall in love with Gu Chenyi under hypnosis, then the two of them would be...

Freaking hell!

They really didn't dare to think about it! When they thought about that scene, the outcome was so bloody that it made them shiver!

The rest of them looked at each other quietly. They didn't know what they should do when the time came.

Bo Junyan asked, "Can this photo be restored?"

"It's more difficult and will take some time. Only the people in this photo haven't been edited, but everything else has been. It was even edited by an expert. We can only tell that this isn't the original scene from the angle of the light shining on Sis-in-law's face." Only someone as sharp-eyed as Brother Bo would be able to notice such a small difference.

"I'll get a few more people to come over," Bo Junyan said.

"Yes."

After Bo Junyan left...

Gong Zeye was the first to say, "Previously, Sister-in-law was hypnotized and forgot about Brother Bo. When Brother Bo didn't appear in front of her, she really didn't know about his existence. Perhaps now, she'd been hypnotized into love Chenyi very much. That's very possible..."

Meng Lichuan: "..."

Fu Siye: "..."

What should they do?

They didn't even dare to imagine such a scene, let alone know what to do!

"Chenyi... really..." Gong Zeye didn't know how this would end.

Meng Lichuan and Fu Siye were also worried.

If Chenyi and their sister-in-law were already in love, then...

It would really be a bloodbath.

I can't think about it. I really can't think about it...

The three of them shuddered at the same time. Then, they decided not to think about it. They would find the person first!

When the time came... when the time came... everything would be fine.

Chapter 1295: They're Already Together (6)

At the hospital...

When Gu Qianru heard that Bo Huaiyun had fainted, she hurriedly pulled out the IV tube and stumbled over to look for him.

Bo Huaiyun had always been in good health. The two of them had been married for so many years, and he had only caught a few colds. Now, he had fainted.

This really made Gu Qianru anxious and afraid.

When she reached Bo Huaiyun's ward...

Bo Huaiyun was still unconscious.

In the past, it had always been Bo Huaiyun who looked at the unconscious her. Now, as she looked at the unconscious him, she deeply understood how scary it was to see one's most important person unconscious. She was so scared that she couldn't help but tremble.

"Huaiyun..." Her tears fell.

But no matter how much she cried, Bo Huaiyun did not wake up.

At this moment, Bo Junyan, who was standing outside the door, looked at his cousin and sister-in-law, whom he had always respected and loved. Now, his gaze became darker and more complex.

PA Wang, who was beside him, felt an unprecedented pressure. Even his breathing became cautious.

If Gu Chenyi really had something going on with Madam, the CEO would definitely not tolerate his existence.

But Bo Huaiyun and Gu Qianru had only one son, Gu Chenyi. If anything happened to Gu Chenyi, the two of them... would not be able to live.

This time...

A family of three would be ended.

It was fine as long as it was someone else's family of three.

And yet, this was a cousin's family who had a good relationship with the CEO...

Even if they didn't talk about this, if that kind of thing took place, what would happen to Madam and CEO in the future? Would they still be together?

He had watched as the CEO and Madam's relationship turned for the better. The two of them would soon be able to lead a good life and have a baby, but... such a thing happened...

This was really... The more PA Wang thought about it, the more his head hurt and the more he felt pressured.

He felt that if things really became like that, his future would be dark and gloomy.

It was fine if he was evil, but the point was, how much pain would the CEO be in?

He couldn't think about it anymore!

This Gu Chenyi!

Seriously, not thinking of the consequences! What a spoiled brat!

He wondered who had helped him. If the person was so capable, why would he do such a disgraceful thing for Gu Chenyi?!

Seriously...

PA Wang felt like he was about to explode.

Bo Junyan had originally come to visit Bo Huaiyun. After seeing Gu Qianru, he asked the attending physician about Bo Huaiyun's condition and left.

The island...

Mu Huan hypnotized Gu Chenyi and deepened his sense of morality, making him unable to do anything to her or get close to her.

Uncle Yu got someone to hypnotize Gu Chenyi so that he would lose his sense of morality and only want Mu Huan.

Initially, he did not want to force subjective thoughts on Gu Chenyi and just wanted to help him overcome the hurdle in his heart. However, Mu Huan did it first, so he did not stand on ceremony.

While eating, Mu Huan saw that Uncle Yu's expression was amiss and knew that there was a problem.

When she saw Gu Chenyi's gaze, she instantly understood what Uncle Yu had done.

She found a random reason to send Gu Chenyi away.

She looked at Uncle Yu.

Uncle Yu wasn't surprised that she could tell so quickly. He smiled and said, "Your skills aren't good."

The person he had hired had easily dispelled her hypnotic instructions on Gu Chenyi and gave him a new order.

Mu Huan: "..."

"Do you want to make a big bet?" Uncle Yu suddenly asked.

"I never gamble," Mu Huan said.

"You have to."

Mu Huan: "..."

Then why did he ask her if she wanted to gamble?

Chapter 1296: They're Already Together (7)

After a long silence...

"Don't you want to ask me what I'm betting on?" Uncle Yu said.

Mu Huan said unhappily, "What?"

"In a while, I'll leave and let you and Chenyi have dinner alone. I'll even have him make you drink hard liquor. You'll cooperate with him and pretend to get drunk. After you're drunk, if he can do anything to you, it'll be considered your loss. The two of you can stay together like this. If he can't do anything to you, then it'll be my loss. If I lose, whether Chenyi can give up on you after a week or not, you can go home safely."

The corners of Mu Huan's lips twitched. "Do you think I'm stupid? Like I'll make a bet with you on this! Gu Chenyi has just been hypnotized by you to the point that he has no morals and no sense of shame. You want me to make a bet with you on this?! What a f*cking obvious loss! Yet you still want me to bet!"

"You're not stupid. You just don't have a choice," Uncle Yu said as he placed a knife against Mu Huan's neck. His expression was saying, "If you don't want to make this bet, then die immediately."

Mu Huan: "..."

Freaking hell! Freaking hell! Was he addicted to threatening her?

"Didn't we agree on an honest deal?" They had agreed on an honest deal, but now, he had changed his mind! Couldn't there still be some integrity between people?

"I never agreed on being honest. Just with not giving you that medicine," Uncle Yu said.

It wasn't that he didn't keep his word. Their honest deal was just regarding him not giving her the medicine. It wasn't that he couldn't change his method.

Mu Huan: "..."

After being speechless for a while, she said, "Since you have such plans, just use force. Why did you still make such an honest deal with me? Are you playing with me?"

"There are some things that can turn one from being a bystander to being the mastermind. Even if Gu Chenyi can accept failure now, I can't accept it." Uncle Yu had received news today that Bo Junyan had gotten someone to restore the photos he'd had edited. If he could have such photos repaired, then it would be quick work for him to find this place.

He was not afraid of Bo Junyan, but he was afraid that when the time came, Gu Chenyi would not be able to hold on because of him. In the end, he might only give up and end the matter. This was equivalent to him trying his best and still failing.

He would not allow such a failure! In the end, even if both sides suffered losses, he could not be the only one to lose!

Mu Huan looked at the knife on her neck and thought for a moment. "Can you guarantee that if he can't do anything to me, I can leave in a week?"

"Yes, yes," Uncle Yu affirmed. If Gu Chenyi could not overcome the hurdle in his heart under such circumstances, he would not need to be with Mu Huan anymore. She could naturally leave.

Then, he continued, "But this will have to be done without you scheming. To put it simply, if he himself can't do it, you win. If you do anything, you lose. When the time comes, I'll knock you out and give you to Gu Chenyi."

After a moment of silence, Mu Huan said, "Alright!"

Her obedience made Uncle Yu narrow his eyes. "You agreed so easily? Didn't you say that this was an obvious loss?"

This made him feel that she had other plans.

“Then what should I do? Just let you slit my throat?” Mu Huan snapped.

Uncle Yu had wanted to say something, but now, as long as she agreed, as long as she drank, it would be fine. If she had other plans and did something, it would be perfect. He could then use force directly.

“Alright, then, it’s settled.”

Just as the two of them had settled down, Gu Chenyi walked in.

“Chenyi, come over and eat. Xiao Huan made these especially for you.” Uncle Yu invited him to sit down and eat.

Chapter 1297: They’re Already Together (8)

When Gu Chenyi heard him say that this meal had been made by Mu Huan, he immediately focused his attention on the food. “Did Xiao Huan make all these?”

“Yes, she made them especially for you.” Uncle Yu smiled at Mu Huan.

Mu Huan cooperatively lowered her eyes and smiled shyly.

“Xiao Huan...” Gu Chenyi reached out to shake Mu Huan’s hand excitedly.

He was really touched! She actually cooked for him!

From the corner of her eye, Mu Huan saw him reach out to pick up the food. She very naturally avoided his touch, but she did not let him think too much.

She placed food on Gu Chenyi’s plate and said, “Eat more.”

“Okay.” Gu Chenyi looked at the food she had picked up and immediately forgot to get close to her.

This was the first time she had cooked for him, the first time she had picked up food for him.

Uncle Yu looked at Gu Chenyi, who was so touched that he could not take it anymore, and despised him for being so useless.

If he was a man, he should have stepped up bravely. He kept saying that if he didn’t get what he wanted, he would die. In the end, though Uncle Yu had created such an opportunity for him, Gu Chenyi didn’t know how to cherish it. He didn’t step up to the plate when it was time.

Uncle Yu hoped that Gu Chenyi would not disappoint him today and that he would not be unable to do it again. If Gu Chenyi could not overcome the guilt in his heart even after being hypnotized, then he would...

He could only ignore him.

Uncle Yu suddenly felt that Gu Chenyi was not like him at all.

If someone had helped him like this back then, he would have seized the opportunity long ago and would not have let anyone help him to this extent!

Someone like Gu Chenyi...

Suddenly, he recalled Mu Huan's words.

However, he quickly stopped thinking about it, lest he be brainwashed by Mu Huan.

Retracting his thoughts, he looked at Gu Chenyi and gave him a look that said, "Hold on tight." Then, he stood up and said, "I still have something on. You guys take your time to eat."

"Okay." Gu Chenyi nodded with a look of assurance.

Uncle Yu's eyes darkened. He'd better reassure him.

After Uncle Yu left, Gu Chenyi looked at Mu Huan and said, "Xiao Huan, since we're so happy, let's have a drink!"

"Sure," Mu Huan said with a smile.

As he looked at Mu Huan, who was so easy to talk to and kept smiling at him, Gu Chenyi's heart felt like it was rippling in a beautiful ocean. That feeling was indescribable.

Gu Chenyi got someone to open a bottle of strong alcohol.

The look in Uncle Yu's eyes when he left earlier was telling him to lay his hands on Mu Huan tonight because he didn't have much time left.

Actually, even without Uncle Yu saying anything, he knew that his uncle would be able to find this place very soon. He couldn't waste any more time. Only by confirming his relationship with Mu Huan would there be no change in their future.

Only then could they truly be together forever.

Before, Uncle Yu said that though Gu Chenyi clearly wanted her so much, he still couldn't bear to do anything. He would always think of his uncle. This was because Mu Huan had unconsciously hypnotized him and made him feel very guilty. Actually, he didn't have to feel guilty at all because Mu Huan was his to begin with.

He felt that Uncle Yu was right. He shouldn't feel guilty at all. Xiao Huan was supposed to be his!

If he had her, it was only to get everything back on track.

He was not in the wrong. There was no need for him to struggle so much!

Gu Chenyi poured two glasses of wine and passed one to Mu Huan. Then, he raised one and clinked glasses with her. Mu Huan smiled and clinked glasses with him.

After she drank one glass, he found all sorts of excuses to pour Mu Huan another.. He drank until Mu Huan was lying on the table and not moving.

Chapter 1298: Heartbreaking Pain (1)

Uncle Yu had told Mu Huan that this alcohol was only strong alcohol. But in fact, there were additional ingredients in the alcohol. As long as Mu Huan drank it, she'd have nowhere to run. Tonight's matter would be settled.

The reason Mu Huan agreed to do it was because her hypnosis of Gu Chenyi was two-layered. The first level was easy to undo, but once someone undid his first level of hypnosis, it would stimulate his second level. That kind of hypnotic effect would be even stronger.

She had been so agitated earlier when she said that this was a clear loss. When she did not agree to the gamble, it was only to lure him into a trap. This was because she knew that Uncle Yu would definitely not sit back and do nothing after knowing that she had hypnotized Gu Chenyi. He would definitely do something.

It was obvious what he wanted to do and what he would do. Hence, she had made double preparations. Hence, after her fake protest, she agreed.

Mu Huan always kept her word. Since she had agreed to think of a way to make Gu Chenyi let go, she would do as she said. However, she would not follow Uncle Yu's rules completely. She had to resolve this matter in her own way.

Especially when Uncle Yu kept threatening her.

She hated being threatened the most.

Hence, she wanted a chance for Uncle Yu to go back on his words first. This way, she could also not abide by the rules he had set for her previously and resolve this matter in her own way.

Mu Huan and Uncle Yu had their own arrangements. They both felt that they were the winner. Neither of them expected...

The accident happened so suddenly.

Gu Chenyi looked at Mu Huan, who was lying on the table. He had clearly convinced himself that he didn't need to feel guilty, but his outstretched hand was still trembling uncontrollably. However, because he hadn't been triggered by the second level of hypnosis, he still reached out to Mu Huan, wanting to carry her and follow the plan.

But just as his hand was about to touch Mu Huan...

With a whoosh, a flying knife accurately pierced his palm, and blood instantly spurted out!

The knife pierced Gu Chenyi's palm when it was a few centimeters away from Mu Huan's head, making Mu Huan's scalp tighten.

What the f*ck! Who was that?! She didn't even hear a sound before the flying knife came over, and it was so accurate!

Perhaps it was because Gu Chenyi had drunk too much that his nerves were numb, or perhaps it was because he was too shocked that everything had happened so quickly that he did not have time to react, so he did not cry out in pain.

Just as he felt the pain and was about to shout, he looked at the person who walked in and was stunned...

He widened his eyes in shock and stammered, "Uncle... Uncle..."

Uncle? Mu Huan, who was lying on the table and pretending to be drunk, almost sat up in excitement. However, she thought of something, so she didn't move her head and continued to lie down.

Uncle Yu, who was standing in the dark and watching everything, saw Bo Junyan walk in with a dark expression.

He knew that Bo Junyan would find this place soon, and he knew that once he made a move, Bo Junyan would find him even faster. Hence, he did not make a move and his plan was tightened. Who knew...

He was actually this fast!

Gu Chenyi looked at Bo Junyan, who was walking toward him, and his shock turned into fear.

Ever since he was young, he had never seen his uncle like this. He was so afraid that he could not help but tremble.

His uncle had always been his guardian angel. No matter what happened to him, as long as he looked for his uncle, nothing would happen. Although his uncle had a cold personality, he knew that his uncle doted on him and indulged him.

Chapter 1299: Heartbreaking Pain (2)

But now, his guardian uncle was like a death god, approaching him step by step, making him feel that he would die in the next second.

The pain from the knife in his palm made the fear in his heart deepen.

His uncle, who had never reprimanded him and had protected him at all times, had ruthlessly pierced his palm with a knife...

To use his ruthlessness against him...

Just as Bo Junyan was about to reach Gu Chenyi, Uncle Yu blocked him.

His expression darkened.

Even though his plan was about to succeed, this damn Bo Junyan actually came looking for him at this time!

Back then, he had tried his best, and he was only one step away from his goal. It was very similar to this situation now. This made him very angry and feel even more indignant!

Uncle Yu's lips curved into a mocking smile. "Ha, you're quite capable. You found her so quickly."

Bo Junyan did not speak, but his gaze turned colder.

"When you came in, you must have noticed the manpower and weapons here. You must also know that it's not a problem for the bunch of you to come in quietly with your capabilities. But now that you've

been exposed, it's impossible for you to leave safely." Uncle Yu had never been afraid of Bo Junyan. Just as he had said, he was only afraid that Bo Junyan would find this place and disturb Gu Chenyi.

Bo Junyan narrowed his eyes and was about to say something when...

He heard a scream.

"Oh my god! Chenyi, you... what happened to you..."

When everyone heard this, they all looked over and saw Mu Huan, who had been lying on the table, grabbing Gu Chenyi's hand with a look of heartache.

Everyone: "..."

Wasn't she drugged and passed out?

Uncle Yu: "..."

How could she still be sober after drinking so much wine?

"Who did it?! Who hurt you?! Tell me and I'll kill him!" Mu Huan, who seemed to be drunk, grabbed Gu Chenyi's injured hand and arrogantly hooted. Her face was full of "Who hurt you? Let me kill him!"

After a moment of silence...

"It's me." Bo Junyan's voice was unprecedentedly cold. It made everyone feel as if they had instantly entered the North Pole despite being on this island that had a tropical climate.

Especially Gong Zeye, Fu Siye, and the rest who had come with him.

They had grown up with Bo Junyan and had never seen him so cold.

Now, Brother Bo's dark aura was so strong that they could not breathe.

However, their Brother Bo was only cold and did not explode. It was already very good that he did not start a massacre. Just now, they were very afraid that their Brother Bo would directly kill Gu Chenyi in the next second, and then it would be Uncle Yu, who was hiding by the side.

Although Uncle Yu was a very mysterious person and they had yet to find out exactly how formidable and strong he was, no matter how strong he was, it was impossible for him to be stronger than Brother Bo and the rest.

Uncle Yu should be glad that their Brother Bo had not lost control and was still standing there calmly.

Gu Chenyi should be glad that the knife was only aimed at his hand and not his head.

Otherwise, he would have died long ago.

Fu Siye felt that his Brother Bo must have used all his self-control to maintain his rationality under such circumstances. After all, any other man wouldn't be able to take such a situation!

Especially when it was double damage!

“It’s you?” Mu Huan met Bo Junyan’s gaze. It seemed completely unfamiliar to her, as if she didn’t know him.

Chapter 1300: Heartbreaking Pain (3)

Aiyo, her husband had really come at the wrong time. If he had been a little later, she would have won the bet with Uncle Yu. Then, she would not have needed to abide by the rules he had set.

However, it was her fault for finding such a strong husband so quickly.

No matter what, Mu Huan would never forget to praise herself and her husband.

When Bo Junyan met Mu Huan’s look that said he was completely unfamiliar to her, his gaze became even more frightening.

Gong Zeye: “...”

It’s over! His sister-in-law had really been hypnotized and forgotten about their Brother Bo. Seeing how protective she was of Chenyi, she must have really thought that she loved Chenyi.

Fu Siye: “...”

What he was afraid of came true!

Meng Lichuan said, “Why aren’t there any miracles...”

Eisen: “...”

Was she really hypnotized?

In order to snap Mu Huan out of being hypnotized, Bo Junyan had called Eisen over. Although Eisen felt that John was much worse than him, he could really have been able to hypnotize Mu Huan when she was unconscious and delirious.

“Who are you?! How dare you hurt Chenyi?!” Mu Huan said as she rushed forward, as if she wanted to hit Bo Junyan.

Bo Junyan: “...”

Gong Zeye: “...”

Freaking hell! This was really painful!

Fu Siye: “...”

He couldn’t bear to see it. He really couldn’t bear to see it!

Meng Lichuan: “...”

His heart ached for his Brother Bo.

Just as Mu Huan was about to dash out, Gu Chenyi grabbed her arm with his uninjured hand.

“Xiao Huan, don’t!” He couldn’t let her fight with his uncle.

If she did...

Such a scene would make Gu Chenyi, who wanted Mu Huan, feel that it was too cruel!

After all the things that had happened over the years, he knew that his uncle truly loved Xiao Huan. And Xiao Huan, after undergoing hypnosis, could still recognize his uncle so quickly. If she were to rush forward and hit his uncle for him, then...

Soon, when her feelings for his uncle were restored, how much more would she...

Let’s talk about his uncle now.

The woman he loved the most had beaten him up for another man...

He...

Once again, Gu Chenyi could not help but wonder why it had to be his uncle!

If it were any other man, he would be overjoyed to death by Xiao Huan’s actions and would definitely not stop her.

This was what he thought.

Bo Junyan’s thoughts were similar to his.

Why couldn’t it have been anyone else but his nephew whom he had doted on since he was young? If he wasn’t Gu Chenyi, he would have died long ago.

“Why did you stop me? Let me kill him! He dared to hurt you like this!” Mu Huan said angrily. “Who dares to come to our territory to hurt you?!”

Gong Zeye and the rest could not help but look at Eisen when they saw how determined Mu Huan was to kill Bo Junyan.

Is John really better than you?

Previously, after he hypnotized Sister-in-law, she still fell in love with their Brother Bo at first sight. Now, when she saw their Brother Bo, not only was she not shocked, she did not fall in love at first sight. She even wanted to kill their Brother Bo!

Eisen started to doubt his life. Could it be that John had really become more formidable than him over the years?

But that was impossible!

Eisen was born with talent. John’s talent was not as good as his. And all these years, Eisen had not been lazy. It was impossible for John to be better than him!

But...

Why didn’t Mu Huan feel anything when she saw Bo Junyan this time?

Uncle Yu narrowed his eyes at Mu Huan. What was she up to? Was she up to something else, or was she just keeping her promise?
