

Fake Marriage 1301

Chapter 1301: Heartbreaking Pain (4)

“Xiao Huan, go back to your room first and let me handle this, alright?” Gu Chenyi asked.

Gu Chenyi only wanted to deal with the matter at hand and forgot to think about how Mu Huan, who was already drunk just now, was so sober.

“You’ll deal with it? How will you deal with it?” Mu Huan paused for a moment. “I think I heard you calling him uncle just now. Is he your uncle? Why would your uncle treat you like this?!”

As she spoke, she grabbed Gu Chenyi’s hand again. “Look at this hand. Fortunately, it went through the gap between the bones. Otherwise, this hand would have been crippled!”

Gu Chenyi’s attention was caught by her hand, and he was in so much pain that he almost cried!

Uncle Yu’s attention was also on Gu Chenyi’s hand. When he saw the flying knife piercing through Gu Chenyi’s palm, his eyes had darkened. This Bo Junyan’s skills were not ordinary.

“I... I...” Gu Chenyi had been pampered since he was young. He had never even suffered a small injury, let alone such an injury. He was shocked. All his attention was on the injury on his hand, and it made his face instantly pale. He felt that his hand was going to be crippled.

“Uncle... Uncle...” He looked at Bo Junyan frantically.

Although he felt that Uncle Yu treated him better than any of his family members, when Bo Junyan was around, the first thing he thought of when he encountered trouble was Bo Junyan. He even forgot that his injury had been caused by Bo Junyan.

Bo Junyan looked at him and did not speak or move.

The way he looked at Gu Chenyi, who was seriously injured, made Gu Chenyi feel as if he had suddenly fallen into a thousand-year-old icehouse. The coldness was bone-chilling.

“Uncle...”

Bo Junyan still did not move. His gaze on him became even colder.

Gu Chenyi did not know how to describe his current mood. No words could describe it.

Uncle Yu retracted his gaze and got someone to call the doctor in.

Not long after, the doctor rushed in.

“Xiao Huan, go back to your room first.” Uncle Yu asked Mu Huan to return to her room.

He wanted Bo Junyan to be able to enter and not be able to leave.

“No, I’m not going back. I want to teach him a lesson!” Mu Huan pointed at Bo Junyan.

Uncle Yu: “...”

What was she trying to do?

Although he didn't know what she wanted to do, Uncle Yu thought about it and looked at Mu Huan, ordering her to return to her room.

But why would Mu Huan listen to him?

Uncle Yu narrowed his eyes, his expression turning dangerous.

Just as the two of them were in a deadlock, Gu Chenyi, who was being bandaged by the doctor, said, "Uncle Yu, I want to talk to Uncle alone."

Uncle Yu frowned. "What do you have to talk about with him? What can you talk about? Don't tell me that if you talk to him, you can talk about what you want?"

Gu Chenyi: "..."

Actually, he didn't know what he could discuss with his uncle. But he just wanted to talk to him. Or, perhaps, he just didn't want Uncle Yu to deal with his uncle.

Although his uncle was very formidable, this was Uncle Yu's territory after all.

He was afraid that if the two of them got into a conflict, his uncle would suffer.

And in this situation, the two of them would definitely get into a conflict and fight.

Uncle Yu said firmly, "Go back to your room with Xiao Huan!"

"No!" Gu Chenyi and Mu Huan said in unison.

Uncle Yu looked at the two of them and smiled instead of being angry. "The two of you really have a tacit understanding. It's different after you've combined your body and mind."

As soon as he finished speaking, the surrounding atmosphere suddenly dropped by more than ten degrees.

Bo Junyan had become even colder.

Mu Huan: "..."

Chapter 1302: Be Ruthless to the Enemy (1)

Bo Junyan had become even colder.

Mu Huan: "..."

Was he forcing her to tell Bo Junyan that she was fine?

Previously, Mu Huan had said that she wanted to use her own method to make Gu Chenyi give up. Although Bo Junyan's sudden appearance had spoiled her plan, she had quickly thought of a new plan.

What she was doing just now was to carry out her new plan.

She was not afraid of hurting her husband by doing this. This was because she felt that even if she did not say anything, with her husband's intelligence, he would be able to tell something from the situation.

Not only would he be able to tell that there was no problem with her now, but he would also be able to tell what she wanted to do and cooperate with her.

But now...

Uncle Yu's words made her husband so angry that she didn't know if he could tell that there was nothing wrong with her.

Also, Uncle Yu must want them to go in so he could deal with her husband.

This was Uncle Yu's territory. For the past few days, she seemed to be strolling around, but she had actually observed the manpower and weapons set up here. She realized that 80% of the people on the entire island belonged to Uncle Yu. The island was surrounded by the sea on all sides, making it easy to defend and difficult to attack. If they really fought, her husband might suffer.

Hence, even if she must go back on her words and not care about anything, she could not let her husband suffer!

With this thought in mind, she looked at Bo Junyan and used her gaze to signal him to capture Uncle Yu first. To catch thieves, one had to capture the leader first. With him in hand, it was useless no matter how many people he had here.

When Bo Junyan met her gaze, his bloodthirsty craziness dissipated by a lot.

The reason he could still maintain his rationality and not go on a killing spree after being treated like that by Mu Huan was that after carefully studying the photos, he'd felt that there didn't seem to be anything between the two of them. Also, when he came in earlier, he saw Gu Chenyi's expression. His posture was cautious. If there was really something between them, he wouldn't have had such an expression.

Hence, he'd still retained his rationality. Hence, the throwing knife had only been aimed at Gu Chenyi's palm, but it still went through the gap between his bones. It did not go straight for his head and take his life.

And just as Mu Huan had thought, even if she didn't say anything, even if she acted like she didn't know Bo Junyan, he could tell that she was fine. He didn't speak or move just now because he was observing Mu Huan.

Although he felt that there was nothing between her and Gu Chenyi, he could not be sure if she had been hypnotized.

Hence, he did not say much or take any action. He observed her every move. Just now, when she treated him that way, he felt that she was acting. Now, when he met her gaze, he confirmed all his guesses.

If his wife was in trouble and the world was destroyed, everything would still be fine if his wife was fine.

After confirming things with Bo Junyan, Mu Huan slapped Gu Chenyi from behind and knocked him out.

Her action stunned Uncle Yu. He immediately understood what they were trying to do. However, Bo Junyan was already attacking him.

Seeing Bo Junyan making a move, Gong Zeye and the rest also surrounded Uncle Yu. After dealing with the people around Gu Chenyi, Mu Huan also attacked Uncle Yu.

Not to mention that there were so many of them attacking Uncle Yu, Bo Junyan alone was more than enough to attack him.

Hence, very quickly, Uncle Yu and the people in the room were controlled by Mu Huan and Bo Junyan.

This was the first time in his life that he had failed so badly.. Uncle Yu's expression was extremely ugly.

Chapter 1303: Be Ruthless to the Enemy (2)

"Mu Huan, what happened to the honest deal? I should have made you take the medicine back then!" He had long known that this girl had many tricks up her sleeve. He had thought about making double preparations, but in the end, he was convinced by her. Now, this girl had turned against him at the first opportunity!

"I promised you that I'll make Gu Chenyi give up. I'll do my best to do it!"

"Was I only asking you to make Gu Chenyi give up? I was also asking you not to let Bo Junyan know that you're fine!" He'd mainly wanted to torture Bo Junyan and make him suffer that crazy and heart-wrenching pain!

"You did ask me to do that, and I also agreed to it. I could have done what I promised. You were the one who broke your promise first. You said it was like that, but in the end, you'd added more ingredients to the wine!" The reason why Mu Huan was fine with drinking that wine was that she had known beforehand that the wine had been spiked with something and then replaced it.

As a pharmacist, her nose was too sensitive, making it difficult for her to ignore it.

Uncle Yu: "I didn't say I wouldn't add anything."

"If you're playing word games like this, then I promised not to tell Bo Junyan that I'm fine. And I really didn't tell him. He saw through it himself! Hence, I didn't break my promise." Who didn't know how to play word games?!

When Uncle Yu heard this, his expression turned even uglier. In the end, it was because she didn't take the medicine that she dared to break her promise. If she had taken that medicine, she wouldn't have dared to do this!

Mu Huan had always been a person who believed that if everyone could be well, then it would be best if everyone was well. Hence, her tone immediately softened. "Uncle Yu, your main goal is for Chenyi's well-being. You want him to completely give up and start a new life. Since that's the case, then our focus is to make Chenyi give up. Nothing else is important. I just need to complete this matter.

"I'll continue to do it, but it'll be done according to my method. There's no need for you here, Uncle Yu. How about I get someone to send you away?" Mu Huan had knocked Gu Chenyi unconscious first because she wanted to continue with her plan.

No matter what, Gu Chenyi was Bo Junyan's biological nephew. She knew about his family's situation. If anything happened to Gu Chenyi, his parents would not be able to live. If that happened, Bo Junyan would definitely feel terrible, and his family would also feel terrible.

Hence, it was best for Gu Chenyi to be well. So even if she was not being threatened, she'd still have wanted to complete this plan.

That's why the first thing she did was to knock Gu Chenyi out so that he wouldn't know anything. That way, she could continue her plan after this.

"Send me away? Do you think that I'll listen to you obediently just because you can control me?" Uncle Yu smiled sarcastically.

"Uncle Yu..." Mu Huan was about to say something, but...

Uncle Yu said, "I've installed a destroyer device here. If anything happens to me, someone will immediately activate this device. If you want all of you to be wiped out here, feel free to send me away!"

Knowing that the two of them were not easy to deal with, he was very prepared.

"Did Uncle Yu install that one-click destruction device in the ceiling?" Mu Huan asked.

Uncle Yu was shocked. Did she mean that she knew that he had installed a destruction device here?! And she knew where it was hidden?

"...!!" Can't this Mu Huan be more ordinary?!

Usually, whenever he saw her eating and sleeping, she was like a little pig.

Chapter 1304: Be Ruthless to the Enemy (3)

He did not expect her to be so clear about the situation here!

"It's useless even if you've found this device. Eighty percent of the people outside are mine! If I don't want you to leave, even if I die, you'll have to stay on this island and die with me!" Hmph! It would not be so easy to leave this place!

"Yes, Uncle Yu, I know you're very formidable. I know that as long as you're unwilling, we won't be able to leave properly. But is mutual destruction what you want? There's no deep hatred between us. You only saw how pitiful Gu Chenyi was and wanted to help him. And now, I sincerely want him to give up and live well.

"He's my husband's nephew. My husband wants him to be well. Otherwise, we could have killed him instantly. Since it's like this, we're actually on the same side. There's no need for us to be hostile at all. Let's work together happily!"

"Stop talking nonsense here. I won't believe anything you say anymore!" Uncle Yu snorted.

"How am I being nonsensical? I'm clearly telling the truth! We're doing this for Gu Chenyi's sake..."

“I’m not doing this for his own good. The most important thing to me is to make up for my regrets. Also, the two of you are making me very unhappy and making me want the two of you to be miserable! Hence, it’s useless no matter what you say. We’re enemies!” Uncle Yu doted on Gu Chenyi, but he really wanted to make up for his regrets.

Now, let alone not being able to make up for his regret, he had even lost so badly. This was something he absolutely could not accept!

It was still the same sentiment as before. He could accept that both sides would suffer, but he could not accept that he alone would fail!

“If you were like this, you should have said so earlier. I wouldn’t have wasted so much time talking to you!” Mu Huan had never been a person who liked to talk nonsense. After she had controlled Uncle Yu, she had said so much because she thought that since he doted on Gu Chenyi so much, and she and Bo Junyan wanted Gu Chenyi to be well, there was no need for them to be enemies. They could be nice to each other.

Then, they would happily cooperate and complete this plan. In the future, they would have more friends.

If she had known that he was like this, she wouldn’t have said those words.

Uncle Yu: “...”

He knew that this girl would be very arrogant once she succeeded!

He was about to say something when...

Mu Huan reached out and knocked him out.

When dealing with enemies, one could not talk too much and could not waste time. Only by directly subduing them would one have a greater chance of winning.

Uncle Yu’s men were stunned!

She actually... actually dared... to knock Uncle Yu out like this?!

She was really...

Was a newborn calf not afraid of a tiger?

First, they subdued Uncle Yu like this. Now, they even knocked him out. Seriously...

It was an even more daring move than eating a bear’s heart...

Just as they snapped back to their senses and were about to do something, Bo Junyan’s men knocked them out.

They were all action-oriented people who were ruthless and spoke little.

“Hubby!” After knocking Uncle Yu out, Mu Huan spread her arms and pounced on Bo Junyan, asking for a hug and a kiss.

Everyone looked at how adorable she was as she pounced on Bo Junyan.

Everyone: "..."

Was this really the person who had knocked out an expert with a punch just now?

Bo Junyan reached out and hugged Mu Huan tightly. Only then did he feel completely at ease.

Only by hugging her like this could the emptiness in his heart be filled.

His grip on her tightened.

Chapter 1305: Be Ruthless to the Enemy (4)

"Hubby, I missed you so much! You're so awesome. You found me so quickly!" Mu Huan looked up with admiration and adoration.

Bo Junyan said, "If I were really powerful, I wouldn't have let you be taken away."

"That's called scheming against the heavens. No matter how formidable a person is, can they be more formidable than the heavens? No! In my heart, my husband is the most formidable in the world!" Mu Huan knew that Bo Junyan would definitely feel upset after such a thing happened. Hence, after she temporarily settled the matter, the first thing she did was hug her husband and praise him for being formidable.

She didn't want him to blame himself, feel upset, and feel that he hadn't protected her well.

That was really an accident!

Who the f*ck would be able to prevent an earthquake from happening?!

Bo Junyan did not speak and only hugged her tightly.

"If you ask me, you're the best in the world. No matter what happens, you'll be fine and you'll be able to turn defeat into victory," Eisen said as he stepped forward.

"Go away. Don't you see that my husband and I are newlyweds who's had a long separation?" Mu Huan rolled her eyes at him and asked him to go away. Don't get in the way here.

"No matter how long it's been since you've been married, you should take a look at the occasion and the situation. Right now, this matter hasn't been settled yet, and you're showing off your love like this. Don't you know that it's faster to die while showing off your love?" Eisen snorted.

"I think you're the one who's dying faster!" She knew what kind of situation this was, and she knew that this matter was still waiting for them to settle. However, no matter how anxious she was, it wouldn't affect her to comfort her husband first, alright?!

"Ha, do you want to try?"

Mu Huan rolled her eyes at him. He had ruined such a good rosy atmosphere. She let go of Bo Junyan and said, "Hubby, let's go do this later. Let's settle Uncle Yu first. Then, I'll tell you about my plan."

"What plan?"

“A plan to make Gu Chenyi give up.”

Bo Junyan did not speak, but his eyes darkened.

“Even under such circumstances, Gu Chenyi didn’t want Uncle Yu to hurt you. He still couldn’t do anything to me despite having such an opportunity. This shows that he cares a lot about you. If you can let him be fine, let’s let him be fine...”

“I know that you care a lot about this nephew of yours. You don’t want to completely destroy him. You don’t want a good family to be destroyed.”

Bo Junyan knew that she was thinking of this for his sake. She knew that he had deep feelings for his cousin’s family. That was why she was being like this...

He knew why she had hugged him and praised him despite the circumstances. He could not control himself and reached out to hug her tightly again.

He would not say many touching words. He would only use his actions and his passion to express his feelings.

Eisen: “...”

Everyone: “...”

Why was he hugging her again? There were people lying on the ground!

It felt like the two of them were shooting a romantic idol drama. One wave of disturbance, one wave of abuse, one wave of sweetness!

After a while, Bo Junyan released Mu Huan.

Mu Huan looked at Uncle Yu, who was lying on the ground, and asked worriedly, “What should we do with Uncle Yu?”

Such a person with such a high status was difficult to deal with no matter what. It was already impossible for her to live well with him around under such circumstances, but if she were to become enemies with him, it would be very troublesome. She couldn’t really kill him and end everything...

“I’ll handle it,” Bo Junyan said.

“How do we deal with him?” Mu Huan couldn’t think of a perfect solution.

Chapter 1306: Let Go (1)

“Send him to someone who can truly make up for his regrets,” Bo Junyan said.

Mu Huan was stunned. Then, she asked, “Have you investigated his background?”

“Yes.”

“Hubby, you’re really awesome!” Mu Huan would never complain about having too much to praise about her husband.

Bo Junyan looked at her and could not help but lower his head to kiss her.

Just as he was about to pull away, Mu Huan looked up and kissed him.

Everyone: "..."

Although the PDA was too stimulating, it was still good to see them being so loving.

...

When Gu Chenyi woke up, he was already in a remote town in Country Y.

He opened his eyes to see a worried-looking Mu Huan.

Gu Chenyi was stunned for a while when he saw the worry and anxiety in her eyes.

"Xiao Huan..." he mumbled. Was he dreaming? She was actually so concerned and looking at him worriedly.

"Chenyi, you're finally awake..." Seeing that he had woken up, Mu Huan grabbed his arm excitedly.

Her grip was so tight and strong that Gu Chenyi, who thought that this was just a dream, realized that this was not a dream. He slowly snapped back to his senses, and his memories before he fainted returned.

Just as he had been about to lay his hands on Mu Huan, his uncle had suddenly barged in and pierced his palm. At the thought of this, his injured hand instantly hurt. This made him sit up abruptly.

"Where's Uncle? Where's Uncle? And Uncle Yu? What happened after that? What's wrong with me now?!" He asked a series of questions.

But there was no response.

He couldn't help but ask anxiously, "What happened to my uncle? Did he fight with Uncle Yu?"

This was what he was most concerned about.

"After you fainted, they started fighting."

"Then... then they... they..." Gu Chenyi stuttered. He wanted to know what the outcome had been, but he was afraid... afraid that the outcome would be unbearable.

"Your uncle..."

Before Mu Huan could finish speaking, Gu Chenyi grabbed her arm agitatedly. "What happened to my uncle?!"

"Why are you so concerned about him? He hurt you so much! Look at your hand!" Mu Huan said angrily.

Gu Chenyi instinctively looked at his hand. The pain coming from his palm made him frown in pain, but he said, "This... This... This isn't Uncle's fault..."

He had let his uncle down first.

It was already very kind of him that his uncle did not take his life.

“If you don’t blame him, do you blame yourself? What did you do wrong? He hurt you like this!” Mu Huan was still furious. “Besides, no matter what you did, your uncle shouldn’t have treated you like this!”

Gu Chenyi looked at her and was at a loss for words.

After a while...

“How’s my uncle? Is he hurt? And Uncle Yu...”

“I’m not too sure about the details. I saw that after they started fighting, someone brought you here,” Mu Huan said.

“Did Uncle Yu ask someone to send us over?”

“Yes.” Mu Huan nodded and continued, “But that’s Uncle Yu’s territory. That uncle of yours must be in a terrible state!”

Gu Chenyi was already very worried, but now, he was even more worried. This was because he thought so too. That was Uncle Yu’s territory. His uncle had brought Gong Zeye and the rest. They were skilled and could sneak in, but after being discovered, it would have been really difficult to leave safely.

Chapter 1307: Let Go (2)

“Don’t worry too much about him. Someone who hurt you isn’t worth your concern!” Mu Huan said.

Gu Chenyi had wanted to say something, but he only looked at Mu Huan for a long time without saying anything.

“Chenyi, what do you want to eat? I’ll get you some food.” Mu Huan looked at him like she was someone who liked him a lot.

This gaze made Gu Chenyi temporarily forget his fears and worries. Only Mu Huan remained in his eyes. “I like whatever you make.”

...

In the days that followed, Gu Chenyi felt that this was even better than the beautiful life he had imagined. He had everything good that he could think of with Mu Huan. This made him keep telling himself that he shouldn’t think about what the outside world was like. All he wanted was to be with her and live such a god-like life here!

However, even though he kept telling himself this, that this was a better life than he had imagined, actually, he slowly came to feel it wasn’t that good. He couldn’t completely let go of everything and grow old with her.

This was especially so since there were no intimate acts between the two of them. Sometimes, even if Mu Huan took the initiative to approach him, he would instinctively retreat and keep a distance from her.

He clearly yearned for her so much, and he didn't feel that there was anything wrong with being with her. She liked him too, but...

Just like in the past, he was unable to have any intimate contact with her.

This made him realize that even though he had always felt that she was hers...

At some point in time, the knowledge that she was his aunt had become so deep that he could not forget this fact no matter what.

They could not cross this minefield.

Also, through the news, he found out that his father was still in the ICU. The Gu family's shares had fallen to the lowest point because of his father's illness. Perhaps because he had done such a thing, his uncle did not bother about the Gu family's matters. He heard that his grandfather's brother's family was already preparing to snatch the Gu Group away.

His mother had collapsed because of his father, and she had also been taken into the ICU. He was afraid that if this continued, he would never see them again.

They were his biological parents. They had doted on him since he was young. He...

How was he going to ignore their lives and stay here with Mu Huan, pretending that nothing had happened? How was he going to...

Especially now that his uncle came looking for him again...

"What do you want?!" Mu Huan stood in front of Gu Chenyi and faced Bo Junyan fiercely.

Gu Chenyi was touched by her protective behavior, but he felt even more guilty...

Because though she was protecting him like this, it wasn't because she really liked him. She was only like this because she had been hypnotized. If she hadn't been hypnotized, she definitely wouldn't have protected him and opposed his uncle like this!

He thought about the day she woke up from the hypnosis and recalled what she had done. He thought about how painful it would be for her to want to kill someone...

Gu Chenyi clenched his fists involuntarily.

He thought that he couldn't do anything to her and couldn't do anything intimate with her because she didn't really like him.

Because she didn't really like him, he couldn't help but be afraid that one day, when she woke up, she would hate him so much that she'd want to kill him. Although he had been weaving beautiful dreams for himself, saying that if they were really together and had a child, the two of them would be able to live forever, actually...

Chapter 1308: Let Go (3)

His rational side knew very well that with Mu Huan's personality, she would rather have a broken jade than a whole tile!

Even with a child, she would still kill him!

Before he had implemented his plan and before he had such a beautiful fantasy, Gu Chenyi could only think about how wonderful it would be to be with her. He wanted her to forget everything and start afresh with him. He never thought about how fine they would be and never thought about such things.

Now, all the beautiful things he had imagined had been realized. This was the reality that he had been avoiding and unwilling to think about. It had suddenly popped up, and no matter how much he wanted to suppress it, he could not.

"Xiao Huan, come over here. You're my wife!" Bo Junyan faced her with a pained expression.

"Are you delusional? I like Chenyi!" Mu Huan said.

"That's not..." Before Bo Junyan could finish speaking...

Mu Huan attacked him.

Gu Chenyi knew that Mu Huan would never speak nonsense to her enemies. She would just fight!

And his uncle...

He looked at Bo Junyan.

Bo Junyan, who had always been strong, did not dodge Mu Huan's attack. He received it with a look of disbelief. Mu Huan threw a fierce punch, followed by a vicious kick!

It was as if he could not accept that his beloved wife would attack him like this for another man. His uncle was helpless and was beaten back by Mu Huan.

Furthermore, his uncle seemed to have been injured to begin with. With another punch from Mu Huan, his uncle spat out blood!

However, Mu Huan had no intention of stopping. It seemed that before she had beaten his uncle up, it wouldn't end.

Seeing that his uncle was about to die, Gu Chenyi rushed forward to stop Mu Huan. "Xiao Huan, don't!"

"Don't what? He's already like this, yet you still don't want him hurt!" Mu Huan reached out to pull him away.

However, Gu Chenyi stood firmly in front of Bo Junyan.

"Not only did he hurt you, but he also wanted to steal your girlfriend. Yet you're protecting him like this. Are you stupid?!" Mu Huan berated. "Get up, I'm going to kill him today! I can't let him hurt you so much and still be so shameless!"

"It's not that Uncle is shameless! It's not that I'm stupid! It's my fault! I shouldn't have done such a thing! Xiao Huan, you're not my girlfriend! You're Uncle's wife, and you're my aunt...! Don't continue

fighting! If you continue fighting, you'll regret it in the future!" Gu Chenyi looked at Mu Huan and told her the truth.

Although he was still very reluctant and indignant, although he didn't want it to end like this and couldn't completely let go of Mu Huan, he had no choice as he didn't want to watch Mu Huan continue fighting his uncle.

He really couldn't ignore his parents. One couldn't live in this world just for themselves and for love. His parents had raised him into an adult, so he had to take care of them until they were old.

This was especially so since the beauty of being with her was not true beauty. She did not really like him. This was happiness brought on by self-deception...

For the sake of this self-deceiving happiness, he didn't care about his parents or his uncle.

He would only be in more pain if he did this. He would never be truly happy.

In the future, Xiao Huan would only hate him once she came back to her senses!

He could not destroy his own home, his uncle's happy life, Xiao Huan's happiness, and everyone else's happiness because of his selfishness...

When a person was obsessed with getting something by hook or by crook, the only thing they wanted was the beauty of the prospect.

Chapter 1309: Let Go (4)

He never thought about the consequences that this would cause. Did he make his future life too beautiful? He only thought that no matter what, he had to get it!

After he got it, all sorts of side effects appeared. He slowly realized that this wasn't perfect. He wasn't that happy after he got it.

The price he had to pay was not something he could bear.

"What?" Mu Huan was shocked!

"I got someone to hypnotize you, so you thought that you love me. Actually, you don't love me. You love my uncle!" Gu Chenyi had never dared to face the truth. Now that he had said it himself, his feelings were indescribably complex.

"Hypnosis?" Mu Huan was stunned for a moment. Then, as if she had thought of something, she covered her head and looked like she was having a splitting headache.

Bo Junyan frowned when he saw this.

Was she really having a headache?

Mu Huan's earlier hypnosis had yet to be completely resolved. Bo Junyan was afraid that she would really work hard to think about it so that she could appear more realistic.

"Xiao Huan, don't think too hard. We'll get John to help you undo the hypnosis!" Gu Chenyi hurriedly said when he saw how much pain she was in.

He had always thought that Mu Huan had really been hypnotized by John to forget Bo Junyan and like him. He didn't know that John had long become a... fool...

When Mu Huan heard his words, she took a few deep breaths to control her headache. "What exactly is going on?!"

"I'm sorry... I'm sorry, Xiao Huan... I'm sorry..." Gu Chenyi apologized and turned to look at Bo Junyan. "I'm sorry, Uncle... I'm sorry..."

"I'm really sorry..." He knew that it was useless no matter how much he apologized after doing such a thing. However, all he could say now was that he was sorry.

Bo Junyan looked at him with a complex expression.

"What's going on?!" Mu Huan asked again.

"Uncle, you must have made preparations. Get someone to help Xiao Huan undo the hypnosis..." Gu Chenyi could not tell her the exact details. Once she regained her memory, she would know everything.

Bo Junyan did not respond. He only stood up and let the person guarding outside come in.

But when those people walked toward Mu Huan, Mu Huan ran to Gu Chenyi's side and grabbed his sleeve.

"Chenyi, that's impossible! I can't have been hypnotized. I can't be his wife. I like you..."

She tugged at his sleeve and said that it was impossible for her to be Bo Junyan's wife. She liked him.

Gu Chenyi's heart almost wavered. He almost did not care about anything else except being with her.

But it was only a little.

He couldn't do it.

He couldn't do it no matter what. He couldn't care about anything except being with her...

He knew that if he missed this opportunity, he would never have another chance, but he still chose to miss it.

It was at this moment that he truly realized that the past was the past. No matter how much he wanted to return to the past, it was impossible. He could no longer find the past her, the past love, or...

What he had used unscrupulous means to obtain wasn't happiness but endless pain. It wasn't only him who was in pain. All the people close to him, all the people he loved, and all the people who loved him were in pain.

No matter how reluctant he was, he couldn't continue like this.

Hence, even though it was extremely difficult, he still reached out and pried open Mu Huan's hand that was grabbing his sleeve, then said, "Xiao Huan, what I said just now is true. Once someone helps you to undo the hypnosis, you'll know..."

Chapter 1310: Let Go (5)

Mu Huan lowered her gaze and hid the emotions in her eyes. The corners of her lips curved up slightly. Indeed, this timing was just right.

She looked up and said a few more words before following Eisen.

In order to make the act realistic, Bo Junyan had brought Eisen over.

After watching Mu Huan leave, Gu Chenyi retracted his gaze and looked at Bo Junyan. "I'm sorry, Uncle... I know that it's useless no matter how much I apologize, but I still want to apologize. I'm really sorry..."

Uncle had doted on him since he was young, but he did such a thing...

Bo Junyan looked at Gu Chenyi, not knowing what to say. Finally, he said, "I'll get someone to send you to your parents."

Gu Chenyi looked at Bo Junyan for a while before saying, "Thank you, Uncle..."

He knew that now some things had happened, whether it was him, Mu Huan, or his uncle, they would never be able to return to the past.

Just as Gu Chenyi was about to leave with the others, he suddenly turned around and looked at Bo Junyan. "Uncle, actually, Xiao Huan wasn't hypnotized by John. She remembers you and doesn't like me, right?"

Bo Junyan: "..."

"Xiao Huan's acting is very good. Uncle, yours is a little lacking." Just now, he had felt that there was something wrong with his uncle's expression, but he did not have the time to think about it. Now that he thought about it, he felt that his uncle's behavior was too unnatural.

Bo Junyan: "..."

"Thank you, Uncle." His uncle had always been high and mighty. He had always been ruthless when dealing with people who betrayed him, but for his sake, he had put on this act.

And this, on top of letting Xiao Huan accompany him for so long to fulfill his dream.

Many a time, if a person's dream did not come true, they would always be unable to let it go. Only after realizing it and knowing that such a dream was not as perfect as he thought would he be able to completely let it go.

One's imagination was always beautiful, but reality was cruel.

Just like how he was now. He didn't need anyone to advise him. He knew that it was time to let go. This couldn't go on.

Perhaps it was really as Long Feiting had said. His feelings for Xiao Huan now were so persistent that it was to them he was attached and not to her. Once he let go of his persistence, he would be able to let go.

Bo Junyan did not speak. He still did not know what to say.

Gu Chenyi wanted to say something else, but when the words reached the tip of his tongue, he felt that it was useless to say them. He only looked deep into the void and looked at it longingly before turning around to leave.

No matter how much he was obsessed with Xiao Huan or how much he liked her...

He liked her.

It wasn't that he didn't like her since he fell in love with her during his youth.

He only knew that they could no longer return to the past. No matter what, they could not live such a good life like he thought. They were not suited to each other... They could not be together...

Hence, he was still reluctant to part with her.

However, it was only reluctance. He would not want anything else.

After Gu Chenyi left, Mu Huan walked out.

"Hubby, your acting was a little awkward." Mu Huan had nearly laughed when she saw his unnatural performance.

Bo Junyan: "..."

"Yes, yes! You really couldn't do it. It's so awkward!" Eisen, who had followed them out, added.

Bo Junyan: "..."

"By the way, Hubby, since Eisen is here, let's not pick another day to meet him. Let him undo my hypnosis instructions today!" Mu Huan, who had long wanted to completely recall the past, could not wait to know everything when she saw Eisen.
