

## **Fake Marriage 1431**

### Chapter 1431: Walking Toward Happiness (6)

The second son of the Long family said, "Congratulations, Big Brother! You've finally gotten rid of that girl!"

Long Feilei: "..."

He should be happy. Why didn't he feel happy at all?

When the people from the Huo family found out that Long Feilei had actually been so happy that he had set off fireworks for the entire night, they were so angry that they wanted to come and settle scores with him. Just then, the second son of the Long family posted on his WeChat Moments again, making those other things become guesses. If they weren't true, no one would think that Long Feilei had set off fireworks happily.

They had no reason to settle scores anymore.

This matter could only be allowed to pass like this.

Later on, Long Feilei met Huo Yuqi at a banquet.

He felt that he should say something to Huo Yuqi, so he walked up to her.

"Yuqi."

"Brother Long." Huo Yuqi smiled sweetly at him.

Her "Brother Long" stunned Long Feilei.

Ever since she was young, she had always called him by his name and had never called him Brother Long.

"What's the matter, Brother Long?" Huo Yuqi asked when she received no response from him.

Long Feilei looked at her and didn't know what to say. "No... nothing..."

"Then I'll go over there. A friend is calling for me." Huo Yuqi smiled and turned to leave.

Long Feilei looked at her departing back and didn't know what to feel in his heart.

Huo Yuqi had been pestering him since she was young. This was the first time she had taken the initiative to leave him alone.

He took a sip of wine. It was a little bitter.

...

Mu Huan and Bo Junyan's wedding was in full swing, but despite being the hosts, the two of them were not busy at all. That night, Bo Junyan and his brothers gathered for a meal.

Of the brothers, only Gong Zeye and Meng Lichuan were single.

Meng Lichuan was a bachelor, and Gong Zeye was a man who had ended his marriage.

Mu Huan heard that the reason Yang Ning and Gong Zeye got a divorce was that Gong Zeye was too attractive, and he wouldn't reject women's advances. After getting married, he even had an ambiguous relationship with another woman. Although he didn't have an affair, Yang Ning couldn't bear it. Hence, they got a divorce.

"Xiao Huan, long time no see." When Shangguan Yu saw Mu Huan, she happily went forward to hug her.

Bo Junyan: "..."

Why did women like to hug each other?

"Sister Yu, you're really becoming prettier the older you get!" No matter how Mu Huan looked at it, she felt that her Fairy Sister was good-looking.

"You're the one who's getting prettier as you grow older." The two of them praised each other for a while before sitting down.

The men started to drink and talk about football. The women gathered to talk. Although this was the first time Jin Chen's girlfriend had met the rest, she was a very good person. Soon, they started to talk.

"Xiao Huan, I'm going to the washroom. Are you going?" Shangguan Yu looked at Mu Huan.

"Yes, let's go." Mu Huan stood up and left with her.

When Bo Junyan saw the two of them going out, he had another question in his heart. Why did girls like to go to the toilet together...

After going to the washroom, on the way back, Shangguan Yu walked to a window and suddenly stopped.

"What's wrong, Sister Yu?"

"Xiao Huan, aren't you very good at Chinese medicine? When do you have the time to take my pulse?" Shangguan Yu asked.

"What's wrong? Are you feeling unwell?"

"No. I've always wanted a baby, and I've done all sorts of tests. Fu Siye and I are fine, but for some reason, we just can't get pregnant," Shangguan Yu said worriedly.

"Are you guys too anxious from wanting it too much? Sometimes, it's not easy to get pregnant when you're anxious."

Chapter 1432: Walking Toward Happiness (7)

Bo Junyan had told Mu Huan that Fu Siye and Shangguan Yu wanted children very much, but no matter how hard they tried, they couldn't get them.

“The doctor in the hospital said so too. I don’t want to want it so much that I become anxious, but I really want it. I don’t know why, but I really want a child...” Shangguan Yu didn’t know what was wrong with her. She just wanted one so crazily.

“Perhaps it’s because I have lost my memory, but I always have this indescribable feeling in my heart. I don’t know if it’s uneasiness or something else, but I always want to grab hold of something. Then, I’ll want a child even more. It’s like only with a child can I feel at ease. Only then can I feel that this life is real,” Shangguan Yu said with a bitter smile.

Mu Huan looked at Shangguan Yu and did not know what to say for a moment. She had also been hypnotized and lost her memory. That kind of memory loss was indeed very unsettling.

In the end, she could only say, “The most important thing is your mentality. Don’t be too anxious.”

“I know. I don’t want this to happen either,” Shangguan Yu said with a sigh.

She knew that it wasn’t good to be anxious. She wanted to calm down, but she really didn’t know what was going on...

Why was she like this?

Mu Huan fell silent as she looked at Shangguan Yu.

Actually, after she regained her memory, she didn’t agree with Fu Siye’s method. This wasn’t the real solution to solve the problem. However, after she was hypnotized into losing her memory, she saw Shangguan Yu’s happy smile, and she didn’t know what to do. Hence, she didn’t say anything.

“How about this? It’s not convenient to talk here. Let’s look at your schedule later and find a quiet place. Let’s sit down and have a good chat.” She’d discuss with Bo Junyan and Fu Siye about Shangguan Yu’s hypnosis before talking to her.

“Okay.” Shangguan Yu agreed. Today, she had only mentioned it so that she could arrange a time with Mu Huan.

Just as the two of them were about to go back, they saw Fu Siye walking toward them. “What took you so long?”

The two of them had been in the toilet for so long that he was a little worried.

“We talked for a while,” Shangguan Yu said as she walked toward him.

Fu Siye reached out and pulled her into his embrace, and his worried heart finally calmed down.

“Why are you so worried about me coming out with Xiao Huan? Do you think I’m a three-year-old?” Shangguan Yu said with a smile.

“You make me more worried than a three-year-old,” Fu Siye said as he lowered his head and kissed her.

“You’re really...” Although Shangguan Yu was embarrassed, she was also a little shy.

Mu Huan looked at her and didn’t know what was good. It was really hard to say when it came to feelings.

Especially when it was outsiders like them.

“Look, Brother Bo is also worried.” Fu Siye looked at Bo Junyan, who was walking toward them.

When Mu Huan heard this, she looked up. Bo Junyan had really come out.

Shangguan Yu: “...”

What could happen if the two women went to the toilet together? They came out one after the other.

“Yo, Brother Bo, who just said that I didn’t have to worry? Why can’t you sit still?” Fu Siye raised an eyebrow at Bo Junyan.

“I’m going to the washroom,” Bo Junyan said lightly.

“Oh, alright, alright. Brother Bo, you’re going to the washroom. This way, please.” Fu Siye invited him over.

Bo Junyan snorted and walked toward the washroom.

So what if he really went?

When he reached Mu Huan’s side, he reached out and pulled her into his embrace. “You can wait for me to get back.. You can wait outside the washroom, or you can accompany me to the washroom.”

#### **Chapter 1433: Walking Toward Happiness (8)**

With that, he carried Mu Huan to the washroom.

Mu Huan: “...”

Before, there was a pretty lady in the private room with her, and they were talking together. How could that compare to waiting outside the washroom?!

But she did not resist.

She only had one husband, so she had to pamper him.

Shangguan Yu looked at their backs and smiled.

Fu Siye looked at her happy smile and lowered his head to kiss her again. He liked how happy she was when she was with Mu Huan, but he was also afraid that Mu Huan would do something to her, making her recall the past.

Although Mu Huan had promised him that she wouldn’t do anything behind his back, he couldn’t help but worry.

He was afraid that she would wake up from such a blissful dream.

And Shangguan Yu already felt that her life was not stable because she had lost her memory. It didn’t seem real to her.

Fu Siye, who had not lost his memory, also felt that his life was not stable. It didn’t seem real.

For the past three years, he had worked so hard and had done everything, but he could not get her heart back. He had become so desperate that he did not know what to do. That despair made him want to die. He did not know how to continue living.

Hence, after regaining her love, he was so happy that he felt that this was a beautiful dream.

Perhaps it was because he had hypnotized her and made her forget that pain that she had such happiness. Hence, he had never felt at ease.

She was already in a state of happiness and he was still afraid.

Now that Mu Huan had returned and had interacted with Shangguan Yu, he was even more afraid.

Also, he really wanted them to have a baby quickly. This way, their lives would be stable. With a baby, even if she recalled something in the future, because she had a child to make up for that pain, she would never leave him again.

No matter how much she blamed him, as long as she didn't leave him again, it was fine.

Sometimes, even when people knew that something was wrong, they could still only do it.

Bo Junyan passed by the washroom but did not go.

"Aren't you going to the washroom?" Mu Huan raised an eyebrow.

"I'm not going." He suddenly changed his mind and wanted to go home.

Mu Huan: "..."

After a while.

"Where are you going, then?"

"Let's go home." They were almost done eating and drinking. It was time to go home and sleep.

Mu Huan: "..."

"You're leaving without saying goodbye?"

"Just make a call," Bo Junyan said as he took out his phone to make a call.

Mu Huan: "..."

"Is this alright?"

"Apart from Zeye and Lichuan, everyone else is in a hurry to go home," Bo Junyan said as he kissed her.

Mu Huan: "..."

Her husband was so good, yet so bad!

It was late at night.

When the news that Bo Junyan and Mu Huan were going to hold a wedding spread, Xue Yun saw it through the newspaper because of their grandness.

She was very happy to see the two of them finally getting together again.

But when she thought about how Bo Junyan's grandfather had personally killed Mu Dongsheng, she knew that Mu Huan could not have let go of such pain.

She couldn't help but sigh.

It was as if he knew what she was sighing about.

Ling Feng said, "Bo Junyan's grandfather isn't his biological grandfather. In other words, there's no enmity between them."

Xue Yun was stunned. She turned to look at him. After a while, she asked, "Not biological?"

"Yes."

"How... how did you know?"

"Let's sleep." Ling Feng did not speak further. He covered himself with the blanket and slept.

Xue Yun knew that she wouldn't be able to get anything out of him no matter how much she asked. It would be great if that was the case.

#### **Chapter 1434: Walking Toward Happiness (9)**

Xue Yun knew that she wouldn't be able to get anything out of him no matter how much she asked. It would be great if that was the case.

If that was the case, her daughter would be happy without worries.

She hoped that she would only be happy for the rest of her life and not suffer anymore.

She looked at the photo of Mu Huan and Bo Junyan in the newspaper for a long time.

Her tears fell.

Finally, she turned off the light and went to bed.

...

In order to follow the proper procedures, Mu Huan bought a villa in the Imperial Capital before the wedding and used it as her wedding home.

Back then, in order to bring her granny away from Yun Cheng and live in the Imperial Capital, she had gone through so much difficulty to buy an abode in a special place. Now, she had bought it at the last minute and casually picked one. She wanted to buy one, then another. If she saw one, she could just swipe her card and pay. This reminded her of her poor days. She could not help but sigh. "It's so good to be rich!"

Li Meng, who had been through poverty with her, understood her sigh. "Yes, it's really good to be rich!"

Her current life was really, really good!

“But I don’t think a good-for-nothing’s life will be fresh for many years. There’s no point in people playing all the time.” Recently, she had been eating, drinking, and having fun. Although it felt good, wouldn’t it be meaningless to continue like this?

“Ha...” Mu Huan snorted at her. She was talking of boredom in front of a busy person like her. “You’re only left with heaven.”

“That’s true! You’re more familiar with those big shots from the China National Space Administration. If they have any space quota, let’s see if we can experience it and go to space!”

When Li Meng heard that only heaven was left for her to go to, she really wanted to take a tour of space. Although those scientific reports about space said it was a desolate place, taking a tour would not be a waste of her life!

“Now that you mention it, I want to go for a spacewalk too. I’ll get someone to pay attention and see when the conditions are open. If there’s anything suitable for us, we’ll go for a walk.” Mu Huan wanted to go for a walk too.

“Yes, yes, arrange it...!” Li Meng nodded repeatedly.

The sales lady standing beside them: “...”

If it weren’t for the fact that they had just bought a villa worth hundreds of millions, she would have thought that they were crazy when she heard their conversation.

Although Mu Dongsheng had entrusted Mu Huan with taking care of Mu Kexin and her brother before he died, Mu Huan’s relationship with them would never be good. Hence, she only got someone to take care of them.

Having lost her parents, Mu Kexin, who had nothing to rely on, had long recognized the truth. She was much more well-behaved now. Recently, she seemed to have found a doctor for a boyfriend. As for Mu Zixuan, he was in university. He had always been a smart person who knew what he wanted. Mu Huan said that when he reached adulthood, she would hand over the Mu family’s hospital to him. He knew that Mu Huan would keep her word, so he did not look for her.

In the past, his heart was higher than the sky, but as he grew up, he realized many facts. He knew that there were some things where, no matter how much you wanted to compete for it, no matter how hard you tried, it was impossible. Through the outcome of some people, he also knew that before he had absolute strength, he shouldn’t think too much, let alone do stupid things.

That morning, when Mu Kexin saw the news of Mu Huan and Bo Junyan’s marriage in the newspaper, she was stunned.

When she didn’t remember, it wasn’t a big deal. When she saw him and thought about how she had missed this man, she felt pain and wanted to go crazy. But...

### **Chapter 1435: Walking Toward Happiness (10)**

So what if she wanted to feel pain and go crazy? She couldn’t do anything! In the past, when she was high and mighty and Mu Huan was as cheap as grass, she couldn’t even deal with her, let alone now.

When she thought about how Mu Huan had developed a prescription to cure the pandemic a while ago and how everyone in the medical world idolized her, even if she didn't want to, she had to admit that she and Mu Huan were worlds apart. Her life was something she couldn't even imagine.

It was impossible for her to deal with her now.

Hence, she could only feel upset.

This was how weaklings were. They could only refuse to accept it and hold it in.

At the thought of this, she threw the newspaper away in frustration.

Mu Zixuan came out and saw her throwing the newspaper.

"What's wrong?" He bent down to pick up the newspaper on the ground.

As Mu Huan and Bo Junyan's marriage was on the front page, he saw it at a glance. This made him know why Mu Kexin was so frustrated.

"Even if you didn't leave halfway back then, Bo Junyan wouldn't have taken a fancy to you. You didn't miss the chance to be with him, so don't feel upset just thinking about it. You don't have to feel upset at all." As her biological brother, Mu Zixuan knew her mentality very well.

"Get lost!" Mu Kexin was so angry that she wanted to hit him. Was he her biological brother? How could he say that?! "How did I lose to Mu Huan? Why would he definitely not like me?!"

"Don't make me say it. Just let yourself say it. How are you like Mu Huan?" Mu Zixuan said mercilessly.

Sometimes, some people had to be clear. Otherwise, if she didn't know her own worth, she would only keep making mistakes.

"I..." Mu Kexin had been through a lot over the years and had seen through a lot of facts. She was no longer the pampered and delicate girl who thought that she was the best in the world. Hence, even though she was angry, she knew very well that she could not compare to Mu Huan in any aspect.

"You're not young anymore. You should see the truth clearly. Don't keep thinking that it's impossible for you to lower yourself. You should think about what you want to do in the future. Even if I'm your biological brother, I can't care about you for the rest of my life."

Matriarch Mu had passed away a year ago, and Mu Zixuan now only had Mu Kexin as his family. Hence, he still wanted her to be well. At the very least, she shouldn't drag him down and do anything that would harm him.

He also wanted her to have a life plan. He wanted her to do whatever she wanted in the future and not live a life that she didn't want to live every day.

"Who asked you to take care of me?!"

"Don't you want me to take care of you while also letting your doctor boyfriend take care of you? Do you know that he's two-timing? Do you know that he only likes your status?" Mu Zixuan snorted.

Although they were no longer like before, to ordinary people, their conditions were still very good.

Mu Kexin's expression turned ugly. Without a word, she stood up and left.

Mu Zixuan did not call her back. He picked up the newspaper on the table and read the news of Mu Huan's marriage.

He thought about how the connections Mu Huan and Bo Junyan had made were all big shots, especially Mu Huan. Her friends were all top big shots in the pharmaceutical industry, and because he wanted to inherit the Mu family's hospital, he had chosen to study medicine at university. If he could befriend those big shots as Mu Huan's younger brother, his future in medicine would definitely be smooth-sailing.

At the thought of this, he called Mu Huan.

Mu Huan, who was eating breakfast, saw that it was a call from Mu Zixuan.

Chapter 1436: Walking Toward Happiness (11)

She hesitated for a moment before picking up.

"Sister, can I attend your wedding?" Mu Zixuan continued, "You're about to get married, but you don't have a family..."

"I won't feel that it's bad," Mu Huan said directly. No matter if it was her father's child with her stepmother or her mother's child with Ling Feng, she wouldn't acknowledge them. She didn't feel that they were family.

"Sister, I just want to send you a blessing. The past is all in the past. After all, we're related by blood. In the future..." If they could, Mu Zixuan really wanted to have a good relationship with Mu Huan.

"To me, such blood relations are meaningless. I've received your blessings. I appreciate it." The past could not be let go just by talking about it. She was not someone who would repay evil with kindness. The best outcome she could give them was that they would not interact with each other and would just be fine.

Mu Zixuan was about to say something.

"I promised Dad that I would take good care of you, so I'll get someone to take care of your lives. That's it. There's nothing else. Do you understand?" Mu Zixuan was smart. Mu Huan knew that she didn't need to say much to him. He understood too well.

After a moment of silence, Mu Zixuan said, "I understand. I won't go over, then. Here, I wish you a happy marriage and a hundred years of happiness."

"Thank you." With that, Mu Huan hung up.

Seeing that she had hung up, Bo Junyan picked up a crystal dumpling for her.

"Thank you, Hubby!" Mu Huan blew him a sweet kiss.

Bo Junyan did not like these superficial things. He had always been practical. He kissed Mu Huan directly.

Just when he felt that it wasn't enough...

Mu Huan stuffed a small steamed bun into his mouth. "Eat well."

Recently, her husband had been getting more and more...

Bo Junyan smiled and ate the soup dumplings his wife had put in his mouth.

"By the way, when are you going to help me arrange a meeting with Fu Siye?" Mu Huan asked.

"Why did you ask him out?"

"I think we have to talk to him before we talk to Sister Yu. We have a bottom line," Mu Huan said.

Bo Junyan thought about it and said, "Tonight."

"I love you, Hubby!" With that, Mu Huan quickly ate, not giving Bo Junyan a chance to kiss her, lest she couldn't eat breakfast again.

Bo Junyan saw through her little trick, but he only smiled dotingly.

That night, when Bo Junyan returned, he brought Fu Siye back.

"Sister-in-law." Fu Siye looked at Mu Huan. On the way, Bo Junyan had roughly talked to him.

Coincidentally, he had something to ask Mu Huan, so he came over.

After sitting down...

"Sister-in-law, I heard from Xiao Yu that the two of you have arranged to meet tomorrow. You have to take her pulse and adjust her body," Fu Siye said.

"Yes." Mu Huan paused for a moment. "When we were in the private room previously, I roughly took Xiao Yu's pulse. Furthermore, I've also shown your test results to the experts. There's no problem with your bodies, so it must be a mental factor."

A person's mental state affected their health. Hence, mentality was very important.

"Many doctors say that." Fu Siye smiled bitterly.

"I think you know what I want to say," Mu Huan said.

"I know." Fu Siye paused for a moment. "Actually, I'm more nervous than Xiao Yu. I want a child more. She was completely disappointed and doesn't want me because she lost her child. Hence, I want to wait until we have a child.. The situation will definitely be different then."

Chapter 1437: Walking Toward Happiness (12)

"With a child, even if she recovers her memory, she will have already filled in that pain, so she won't want to leave me again. We can be together as a family of three."

Without waiting for Mu Huan to say anything, he continued, "I know that hypnotizing her to make her forget that memory is not an option. This is not right. To Xiao Yu, this is not fair. Blank memories make her feel like her life is empty.

"But, Sister-in-law, I believe you know how Xiao Yu feels about me. Even if she's given up on me and can't be with me because of that pain, she still loves me. Hence, if we let her regain her memory, she'd divorce me. She'd live the rest of her life with the pain of losing her child. Is that good enough?

"Also, I feel that no matter if Xiao Yu has forgotten or not, she definitely wants another child! To her, having a child is only good and not bad!"

Mu Huan: "..."

The moment he said this, she knew that this conversation was meaningless because she couldn't give an opinion.

She wasn't involved.

Besides, she had no right to interfere and say anything forcefully. She could help her friend in other matters, but she could not interfere in her friend's relationship matters.

She had such a good relationship with Li Meng and Wu Xingye, but the two of them had to rely on themselves to get together. She would not interfere if she could help it.

It was just like how, in the past, no matter what choice she made with Bo Junyan, it was always the two of them who chose. No one else would interfere.

At most, she could only give an objective opinion.

And he knew what she wanted to say. There was no need for her to say anything else.

Seeing her like this, Fu Siye knew that he didn't have to worry about anything else. "Sister-in-law, Xiao Yu doesn't have many friends and can only talk to you. She likes to be with you very much. In the future, I'll have to trouble Sister-in-law to look for her more often to play. She'll be much happier, so she shouldn't be so nervous. She'll relax. Perhaps we'll have a child soon and all the problems will be resolved."

After a moment of silence, Mu Huan said, "Try to relax as well."

"I've been working hard to adjust my mentality recently." Fu Siye was a smart person. He knew very well what to do and what not to do.

"Yes, I'll look for Xiao Yu and counsel her."

"I'm thanking Sister-in-law in advance," Fu Siye said with a smile. Then, he looked at his watch and stood up. "Brother Bo, Sister-in-law, I should go back. Xiao Yu is still waiting for me to eat dinner."

"Okay." Bo Junyan stood up to send him off.

After Fu Siye was sent off, Mu Huan couldn't help but sigh. "I made him come here for nothing. I didn't say what I wanted to say. This conversation was meaningless."

Bo Junyan reached out and pulled her into his embrace. "You didn't say it because you have some confidence in yourself."

"Sigh..." Mu Huan sighed, not knowing what to say.

"It's hard to say whether a relationship is right or wrong in the first place, but just as Siye said, no matter what, having a child will be good for Xiao Yu. No matter what happens to the two of them in the future, this child can fill the pain in her heart. Hence, you have to focus on counseling her. If she needs some medicine to nourish her body, she can have a child sooner."

Mu Huan recalled how Shangguan Yu had once told her when she was drunk that she didn't want to be with Fu Siye and never wanted to be with him again.

Chapter 1438: Walking Toward Happiness (13)

However, she really wanted to have a child... She really wanted to have a child with Fu Siye... She knew that even if that happened, that child would not come back. However, she wanted a child like she was possessed.

That obsession made her want a child so much even though she had forgotten everything.

Also, when Shangguan Yu decided to separate from Fu Siye, she'd said that she wanted to introduce a better man to her. Shangguan Yu said that she didn't want him. She only loved one person in her life. She couldn't live with him anymore, but she had never thought of living with another man. From then on, she only wanted to live alone. She wanted the person she loved the most to be herself.

After thinking about it, Mu Huan couldn't help but sigh again.

She was such a beautiful, gentle, and kind Fairy Sister. She hoped that she could get true happiness and live happily for the rest of her life.

"Don't think too much. It's useless to think too much. Let's focus on our wedding first." Bo Junyan made her divert her thoughts and focus on their wedding. Only the parties involved could deal with and resolve matters of the heart.

"Okay!" Mu Huan retracted her thoughts.

In the blink of an eye, it was Bo Junyan and Mu Huan's wedding day.

It was the 8th of the last month, a good day for marriage.

As it was a good day, there were many people getting married on this day, but theirs were not as grand as the Bo family's wedding! The Bo family was holding a Chinese-style wedding. It was at the Bo family's old residence. Rows of red lanterns were hung up, and it was very festive.

When she heard that they were holding a wedding at the Bo family's old residence, Xue Yun secretly came.

She hid in the crowd and watched them get married. She thought that this was considered attending her daughter's wedding.

The Long family was invited to the wedding.

The eldest, second, and third sons of the Long family thought that Long Feiting would be in so much pain that he wouldn't go. But who knew that Long Feiting would dress up early in the morning and even find a top team to style him?

"Are you going to cause trouble?" Long Feilei asked worriedly.

Bo Junyan valued this wedding very much. If he were to cause trouble, Bo Junyan would be really angry!

Actually, Long Feilei had thought about hypnotizing his little brother to forget Mu Huan after Mu Huan had been hypnotized. He wanted his little brother to no longer have such a hard time and live a carefree life.

This was especially so in Country F. When his younger brother almost died, he had even decided to hypnotize Long Feiting and make him forget Mu Huan. However, despite them being brothers, he had no right to decide how his younger brother's life would go.

Hence, he eventually asked his younger brother if he wanted to forget Mu Huan.

His little brother said that if he were to hypnotize him without permission, he would not live!

He said that no matter if he could get Mu Huan or not, she was the meaning of his life. She was his best memory. Even if he died, he would not forget Mu Huan and his feelings for her.

People wanted different things. No matter how much he wanted his younger brother to forget, let go of Mu Huan, and start a new life, he couldn't deprive his younger brother of such unforgettable memories. Besides, later on, he saw that hypnosis for forgetting was unreliable, so he completely dispelled that thought. However, his heart still ached when he saw his younger brother like this.

However, no matter how much his heart ached, he could not watch him destroy someone else's wedding!

"More or less!" Long Feiting wanted to dress up super handsomely and dazzle everyone! He wanted to compete with Bo Junyan, the groom!

#### **Chapter 1439: Walking Toward Happiness (14)**

"More or less!" Long Feiting wanted to dress up super handsomely and dazzle everyone! He wanted to compete with Bo Junyan, the groom!

No matter what, he was still an invincible youth! He was not someone an old man like Bo Junyan could compare to!

"Don't! If you really want to cause trouble, you can't leave this place today!" Long Feilei said.

"Little Brother, I know that you have deep feelings for her, but it's useless no matter how deep they are. She can still be with him steadily after going through such a storm involving her father's death. You have no chance in this lifetime. Don't even think about it!" The second son of the Long family had always hit the nail on the head.

"I know I have no chance. I know!" Long Feiting knew everything.

During these past few days, he had disappeared to roam and settle down.

Otherwise, he would have gone crazy long ago.

Actually, ever since Mu Huan lost her memory and saw Bo Junyan, only to still fall in love at first sight, he knew that it was completely hopeless for him. From then on, he had been thinking about what he should do with this relationship. He couldn't get what he yearned for no matter what, but he couldn't let it go. However, there was completely no hope.

He thought about it for a long time, a long time, but he couldn't come up with any conclusion. He simply didn't want to think about it anymore. He would do what he did in the past and this was how he would do it in the future. Anyway, he wasn't crazy now. He wasn't in so much pain that he wanted to die. It was just like in the past. It was fine as long as he could see her every day. She was happy, and he would just watch. It would still be good if she wasn't happy. He would then snatch her away.

*It's fine. I'll just eat with her and play games with her. That's all. We'll talk about what happens in the future!*

"Then why are you still going to cause trouble?" Long Feilei asked.

"I want to dress up handsomely. Where else can I compete with Bo Junyan, the groom?!" Long Feiting said unhappily.

The three Long brothers: "..."

He was so childish. No wonder Mu Huan didn't like him!

"What's with your expressions?" Long Feiting narrowed his eyes.

"Nothing. Continue!" The three brothers hurriedly waved their hands and said that it was nothing. They busied themselves. As long as he didn't take things too hard and wanted to do something bad, he could do whatever he wanted.

Long Feiting: "..."

When the news of Mu Huan and Bo Junyan's marriage spread three years ago, everyone did not think highly of this marriage and looked down on Mu Huan. But now, everyone had changed. Not to mention that Mu Huan now owned a very big pharmaceutical factory and had once received the highest award in the pharmaceutical industry, the Shell Prize, just a while ago, her prescription had cured such a pandemic. She was also the researcher of the life-extension drug. Such a formidable wife was what everyone wanted!

Now, no one didn't envy Bo Dingjing and his wife, especially the people in the industry. They all knew that Bo Dingjing's health wasn't good, but such a person with a bad body looked much stronger than them. This was because he had gotten a good daughter-in-law.

Who wouldn't envy a daughter-in-law who could not only earn money, have status, and even extend your life? Who wouldn't want her?!

The wealthy ladies who came to attend the wedding all praised Meng Yueman for having good taste back then. They even praised her for becoming younger and having skin that was as good as a young

person's. They asked her if her daughter-in-law had made some beauty cream for her. If this continued, people would think that she was only in her early twenties.

Everyone liked nice words, especially when there were so many of them. Besides, Meng Yueman really felt that she had good taste!

### **Chapter 1440: Walking Toward Happiness (15)**

She was in high spirits as there was a happy occasion. Meng Yueman was smiling especially brightly today. Bo Dingjing, who was standing beside her to greet the guests, was also especially happy today.

Although his son and daughter-in-law had been married since long ago, he could not control his happiness and excitement today as his son was holding a wedding.

This was the importance of a wedding ceremony! Registering their marriage made one feel lacking. He felt that his son was really getting married only after holding a wedding!

This was also the reason why many people who had fallen in love and become an old couple already were still very touched, excited, and emotional at a wedding. Life needed a sense of ceremony. A ceremony could stimulate many feelings that had gone stale already!

The villa that Mu Huan had bought before her marriage was a Chinese-style villa. It was very suitable for today's wedding. Her bridesmaids were Huo Yuqi and Li Meng.

Looking at Mu Huan, who was sitting on the bed in a bright red wedding dress, Li Meng felt that her eyes were about to be blinded by her beautiful glow. "Xiao Huan, you're simply too beautiful! I've seen all sorts of beautiful things about you that my eyes are about to be blinded!"

"Right?! When I looked in the mirror just now, I was also shocked by my own beauty!" Mu Huan had always been a narcissist.

"Wow, Sister-in-law, don't marry my cousin! Marry me! I swear I'll treat you well for the rest of my life!" Huo Yuqi raised her hand and made a vow.

When Shangguan Yu heard this, she burst out laughing. "Yuqi, if your cousin hears this, he'll probably send you to the North Pole tomorrow."

Huo Yuqi pouted and said, "If Cousin dares to send me to the North Pole, I'll elope with Sister-in-law! With Sister-in-law protecting me, why should I be afraid of him?"

Shangguan Yu gave her a thumbs up. This sister-in-law was good at sucking up!

After a while, Huo Yuqi looked at the red wedding dress on Mu Huan and her eyes lit up. "Oh my god! This wedding dress is too beautiful! When I get married, I want to get this wedding dress too!"

Li Meng nodded as well. "Me too! Me too! It's too beautiful!"

No wonder more and more people were choosing a Chinese wedding. The wedding dress was really too beautiful! And it was so domineering!

This long dress made one feel like they were about to ascend to the throne as an empress.

"I also think that this wedding dress is super beautiful!" Mu Huan had taken a fancy to this design at first glance. After it was made, it was so exquisite that she couldn't bear to part with it.

"Seeing such a beautiful wedding dress, I suddenly want to get married a few more times. This way, I can wear more good-looking styles!" Li Meng said.

"Why don't you just be a wedding model? You'll wear all sorts of wedding dresses until you're tired. No need to marry a few more times!" Wu Xingye rolled his eyes at her.

Li Meng: "You have a point! I'll become a model in a few days!"

"You're taking my casual remark so seriously. With your height and figure, do you think you can be a model?" Wu Xingye said disdainfully as he sized her up.

"F\*ck! Wu Xingye, do you want to die?!" How dare he be disdainful of her!

As she spoke, she went to hit Wu Xingye.

The two of them started fooling around.

After the two of them went out...

A row of foreigners in traditional Chinese attire walked in. When they heard that Mu Huan was getting married, the professors from NST and the big shots from Mu Huan's pharmaceutical industry came over. Mu Huan's wedding was especially grand; many people wanted to attend it.

No one could stop starving people from partaking in a feast. Mu Huan's wedding had gathered the top big shots in the medical world from all over the world. They had to take the opportunity to get close to them.
