

Fake Marriage 1441

Chapter 1441: Walking Toward Happiness (16)

Mu Huan's friends were all considered relatives of the bride's family today. A few young and strong people were even dressed in the same Tang attire. They wanted to follow the local customs. When the groom came later, they would make things difficult for him before he could pick up his wife.

"Xiao Huan, don't you think we look especially handsome in this?!" This was the first time they were wearing such clothes, and they all felt that they were especially handsome.

Mu Huan gave them a thumbs up and said, "Handsome!"

"Make things difficult for my cousin later. Don't let him marry my sister-in-law so easily!" Huo Yuqi instructed.

"Okay!" The group of people agreed with great ambition.

Back then, Mu Huan had bought a house not far from the Bo family's old residence. Hence, this wedding was purely Chinese.

There was no need for a car. To fetch the bride, Bo Junyan rode a horse and led a big palanquin carried by eight people.

Then, they turned into an alley after departing from the Bo family's old residence.

Although people had seen photos of Mu Huan and Bo Junyan in the newspaper, when they saw Bo Junyan in his wedding attire walking over on a tall horse, the women surrounding the road could not help but hold their breaths!

Usually, Bo Junyan's expression was cold and dark, but he was always extremely handsome. Furthermore, he was in a good mood today. The glow between his eyebrows was really making one... feel like they were about to explode!

After he rode his horse over, there were screams, and some fainted from excitement.

Bo Junyan's face was really too good-looking! It made one feel that he was devastatingly beautiful. All sorts of praises about how good-looking he was were not enough to describe how good-looking he was!

As it was very close, Bo Junyan quickly arrived on a horse.

When they heard that Bo Junyan's men had arrived, the people who were prepared to stop them all came to the door and stood guard. They would definitely not let Bo Junyan go in unless he went through the whole nine yards!

Mu Huan had only two bridesmaids, so Bo Junyan could also have only two. Hence, this group of people felt that they could stop Bo Junyan.

However, when they heard the knock on the door, they carefully opened it a crack. Before they could say anything, the two groomsmen hugged the groom and swept him in like a tornado!

They were so fast that it felt like they disappeared in the blink of an eye!

This stunned the row of people standing at the door! This... this was over before it even started?

When they snapped back to their senses, they saw that the groom's team had already dashed into the bride's room.

The row of people sighed at the same time. It wasn't that they were too weak, but the enemy was too strong!

But after going through them, there was still a difficulty! It wasn't so easy to get a wife!

In order to give Bo Junyan a surprise, Bo Junyan had not been allowed to see Mu Huan's wedding dress. Hence, Bo Junyan did not know what Mu Huan's wedding dress looked like.

When he came to the room, he saw two brides dressed in red wedding dresses sitting on the bed. Although the other was different from the bride's wedding dress, it was still very exquisite and beautiful, making one unable to tell which was the main one and the secondary one.

Furthermore, the wedding dresses were loose and their figures could not be seen. Their hands were hidden under red handkerchiefs. To put it simply, apart from the two wedding dresses being different, nothing else was revealed. It was difficult to tell which was the real bride and which was the fake one.

Li Meng stepped forward to let Bo Junyan choose. "Come, God Bo, you have only one chance to choose! Whoever you choose, you have to marry her!"

"Wow, you're so ruthless!" As one of the best men, Meng Lichuan felt that their move was too ruthless.

Chapter 1442: Walking Toward Happiness (17)

There were only these two pieces of clothing to go on and nothing else. How could he choose?!

"How can people not be ruthless these days?!" Huo Yuqi said.

Hehe! How could it be so easy to marry my sister-in-law?!

"Yuqi, be careful or Brother Bo might settle scores later!" Meng Lichuan signaled for her to give a hint. After all, she was the man's family.

"I have Sister-in-law to protect me. I'm not afraid of anything!" Huo Yuqi made a face at him.

Meng Lichuan took a closer look and didn't dare to make a choice. He didn't dare to make a decision.

"Brother Bo, why don't I go forward and remove the red handkerchiefs?"

If he revealed their hands, his Brother Bo should be able to tell who was real.

"No need," Bo Junyan said as he walked away.

Seeing this, Huo Yuqi immediately went forward to stop him. "Why, Cousin, are you not marrying your wife?"

"I'm marrying her."

“Why are you leaving if you’re marrying her? Are you afraid? You don’t dare to choose?” Huo Yuqi raised an eyebrow. Then, she reached out to Bo Junyan and said, “If you don’t dare to choose, give me some benefits. If you give me enough benefits, I’ll give you a hint.”

“Neither.” No matter what, Bo Junyan was a man of few words.

Huo Yuqi: “...!!”

Meng Lichuan: “...!!”

How could Brother Bo tell!

Their move was too ruthless! Other people also had to choose at their weddings, but at least one person was real. But neither of them here was real!

Before they could regain their senses, Bo Junyan walked inside.

This room was a suite. There was also a room inside, a bed, and a bride sitting on it wearing a red wedding dress.

When he saw the bride in this room, Meng Lichuan suddenly knew how his Brother Bo knew that those two others weren’t real.

It was through the aura!

His sister-in-law was also sitting there motionless and covered up tightly, not revealing any skin at all. From her appearance, she looked no different from the ones outside. However, she exuded an aura that made one feel that the person under the red cover was not ordinary.

“Come, it’s time to look for shoes. You can only leave after you find them.” Huo Yuqi was a little displeased that Bo Junyan had passed two tests so easily.

For the people who had set up these tests, the first two stages were difficult, and the last stage was the easiest.

However, even though Bo Junyan had passed the first two stages very easily, in the aspect of finding the shoes, he could not do so no matter how much he searched. Seeing that it was almost time, Mu Huan reached out and pulled down the shoes for him. “Here, quickly, put them on. Don’t fail.”

Bo Junyan looked at the shoes in his wife’s hand and broke out in a cold sweat. He had searched everywhere and on his wife, but he did not expect that what he thought was an embellishment on her sleeve was actually embroidered shoes!

These embroidered shoes were too inconspicuous!

Bo Junyan carried Mu Huan out and brought her to the palanquin.

On the way back to the venue, their wedding showed everyone what a real dowry looked like...

They watched from afar as Bo Junyan rode his horse to bring back the bride. The person in the palanquin was the person he loved the most. Long Feiting was heartbroken and in pain. He picked up a bottle of wine and gulped it down.

As they were afraid that he would cause trouble today, Long Feilei and the rest followed him closely and saw him drinking like this.

Long Feilei hurriedly stopped him. "Don't drink like this. Aren't you going to compete with Bo Junyan, the groom, later? How are you going to compete with him when you're drunk?!"

Chapter 1443: Walking Toward Happiness (18)

"Brother, do you think I can compete with him?" Long Feiting asked.

Long Feilei looked at Bo Junyan, who was full of energy and looked even more dazzling than the sunlight today. Then, he looked at his younger brother, who looked depressed and was feeling that the end of the world was coming. He could not go against his conscience and say that his younger brother could beat Bo Junyan.

This Bo Junyan was really a person who was doted on by the heavens. He had the capability and the looks. He was so damn good-looking that even men would be moved!

The second son of the Long family looked at Bo Junyan and then at his younger brother. He sighed and patted his shoulder. "Drink, drink as much as you want!"

It wasn't that his little brother wasn't capable. It's that the other party was too strong.

Besides, Mu Huan's heart was with someone else. Even if his younger brother was better than Bo Junyan, there was no hope for him, let alone when the other man was better.

Long Feiting did not speak further and downed half a bottle of wine in one shot.

After a day of torment, it was finally nighttime. No one dared to make a scene in Bo Junyan's bridal room. Hence, the newlyweds' room was very quiet. There was no one watching or eavesdropping outside.

In order to suit the atmosphere, the room was filled with antique costumes and was lit with dragon and phoenix candles.

Under the candlelight, Bo Junyan picked up the veil covering Mu Huan.

After such a long day, he could finally see his wife.

Bo Junyan had always known that his wife was a gorgeous beauty, but today, she still stunned him so much that he couldn't take his eyes off of her. He couldn't help but say, "Wifey, you're so beautiful."

"Right?! Right?! I'm super beautiful, right?! Quick! Quick, bring your phone over and take a few pictures of me. This beautiful wedding night must be remembered. I want to look a little shy." As Mu Huan spoke, she even mimicked those ancient women on television. She raised her orchid-like fingers shyly and smiled gently.

Bo Junyan: "..."

"Hurry up and take out your phone!" Mu Huan urged when she saw that he wasn't moving.

Bo Junyan did not take out his phone. He reached out and pulled her into his embrace. "Wifey, don't spoil the atmosphere."

This wasn't what a wedding night should be like.

"I..." Mu Huan was about to say something.

Suddenly, the door to their newlywed room was kicked open!

Bo Junyan: "..."

Mu Huan: "..."

At this moment, the two of them had the same thought. It was that the door to such an ancient-style house was too weak. It was so unsecured that it could be kicked open!

The drunk Long Feiting stumbled into their line of sight.

Behind him were the other three drunk men from the Long family.

"Xiao Huan, I've decided!" Long Feiting shouted at Mu Huan.

"What have you decided?" Mu Huan asked curiously.

When he saw that she was still in the mood to be curious about what Long Feiting had decided at this point, Bo Junyan's expression darkened.

"I want to wait for your daughter to grow up!"

Mu Huan was about to say, "Are you crazy? Why will you be waiting for my daughter to grow up?"

But Long Feiting continued.

"Hurry up and consummate your marriage with Bo Junyan. Give me a daughter like you. She has to look the same and have the same personality. I'll marry her when she grows up!"

This idea was from a movie that Long Feiting had watched after he got drunk. In the movie, a werewolf and a vampire were fighting over a woman, but the werewolf did not win against the vampire and ended up with his daughter instead.

He wanted to be like that werewolf! If he couldn't win his big love, he would steal a small love! He would anger Bo Junyan to death!

When Mu Huan and Bo Junyan heard his words, their faces darkened.

Chapter 1444: Walking Toward Happiness (19)

"Hubby, quickly, get someone to kill him! What the f*ck are you thinking about?!" He was the same age as her. Once her daughter could get married in her twenties, he would be over fifty-one years old. If he dared to think about her daughter, she would kill him now!

"Okay." Bo Junyan was very happy to carry out his wife's order.

However, before his men could move...

The three from the Long family rushed in.

“Uncle Bo, Auntie Bo, you don’t have to dirty your hands. We’ll drag him back and kill him!” Long Feilei said as he dragged Long Feiting out.

“I’m not leaving! I want to be a werewolf!” Long Feiting shouted as he struggled.

Although Long Feilei and the other two were also drunk, when the three of them heard that Bo Junyan wanted to kill their little brother, they immediately sobered up by more than half. The three of them each dragged an arm and a leg, and soon, Long Feiting was dragged away.

“At least he ran fast!” Mu Huan’s expression said that if he had run slow, she would have killed him.

Bo Junyan’s expression darkened when he saw how their wedding night had turned out.

From then on, Long Feiting paid a painful price for his actions today.

On the third day after the wedding, Bo Junyan and Mu Huan flew to an island for their honeymoon and their Western-style wedding ceremony.

Compared to the complex and grand Chinese wedding, this island wedding was very simple and heartwarming.

Except for Mu Huan’s wedding dress.

Although her wedding dress was not cumbersome, it was not simple at all. It was handmade by the most famous designer in the wedding dress world, taking them three months. The diamonds on it were sparkling, making Mu Huan feel like she was wearing a sky full of stars.

When she was wearing the Chinese wedding dress, she was delicate and dazzling, so dazzling that one could not take their eyes off of her. She was an outstanding beauty.

Wearing a white wedding dress, she had combed her hair into the shape of a flower fairy. With a garland around her, she looked like a fairy who had walked out of a field of flowers, elegant and dazzling.

“Son, you’ve really profited. Xiao Huan is so good-looking. She looks good in everything. No matter how you look at her, she looks good.” The more Meng Yueman looked at her daughter-in-law, the more she felt that when she had held the matchmaking banquet for her son back then, they had really picked the right one!

“Yes.” Bo Junyan felt that his greatest achievement in life was marrying his wife.

There were very few people attending the wedding this time. On Mu Huan’s side, there was only Li Meng and Wu Xingye.

On Bo Junyan’s side, there were his parents, his aunt’s family, and his few good brothers.

Mu Huan’s bridesmaids were still Li Meng and Huo Yuqi. This was a warm wedding, so there were no games to be played. There were only beautiful scenery, roses, and the most sincere promises.

She had been married to Bo Junyan for so long, and they had already held a wedding.

However, at this heartwarming wedding, Mu Huan was still so touched that her eyes turned red.

Mu Huan felt that her greatest achievement in life was to marry her husband.

Bo Junyan was the best existence in her life.

After the wedding, that night, Bo Junyan brought Mu Huan to an island that only had them. No one would disturb them here.

This night's wedding night made Bo Junyan feel like they were really having a wedding night.

...

When Mu Huan woke up, there was no one on the bed.

Being hungry, she woke up from her hunger, washed up, and went to the kitchen to look for food.

When she reached the kitchen, Bo Junyan was making breakfast.

Her husband was so beautiful that he didn't need to dress up. Even a simple white shirt looked good on him.

Chapter 1445: Walking Toward Happiness (20)

Not to mention, at this moment, there was the sea outside the window, and there was a beautiful blue sky with a comfortable natural wind blowing in.

Everything was so beautiful that it was intoxicating.

When he heard her footsteps coming down, Bo Junyan turned to look at her.

"Sit for a while. Breakfast will be ready soon."

Mu Huan obediently sat at the dining table. Then, she held her chin with both hands and looked at her husband.

Her husband was the most beautiful scenery in the world. She could not get tired of looking at him.

It didn't feel like she was waiting.

And Bo Junyan had always been fast.

Before Mu Huan could admire her husband's posture enough as he cooked for her, he came over with breakfast.

Please close your eyes and imagine the beautiful scene of a peerless handsome man making breakfast for you after you wake up.

That scene was what Mu Huan was enjoying right now.

Bo Junyan put down the breakfast. Seeing Mu Huan staring at him without moving, he smiled and asked, "What's wrong?"

"I'm stunned."

Bo Junyan raised an eyebrow. "I can cook. Are you stunned about that?"

“No.” Mu Huan shook her head.

“What is it, then?”

“Your figure and your gorgeous face.”

Bo Junyan: “...”

Should he be happy that his wife, who had always had eyes only for delicacies, could not even see delicacies when she saw him?

“Hubby, I can’t help but feel envious and jealous when I look at you.” Mu Huan couldn’t help but sigh.

Bo Junyan: “...”

After a while...

“Can you eat your fill just by looking at me?” She must be hungry now. Why wasn’t she eating?

“Haven’t you heard that beauty is a feast for the eyes?” Mu Huan asked.

“Alright, let’s not eat anymore. Let’s go back to our room.” Let her see enough.

“I’d better eat!” Mu Huan immediately lowered her head to eat.

“Wow! Hubby, you’re amazing! They look delicious!”

“Of course,” Bo Junyan said proudly.

Mu Huan took a bite of the delicious-looking food and had a subtle expression on her face.

“What’s wrong?” Bo Junyan, who was about to eat, asked when he saw her expression.

Mu Huan put down the knife and fork in her hand. “Eat it yourself.”

Bo Junyan glanced at her and did not speak. He lowered his head to eat the food on his plate. Then, he took a bite. His expression became as subtle as Mu Huan’s.

“Hubby, how are you so talented? You make it look so good, but it actually tastes so bad?” Mu Huan said in surprise. This genius was different from ordinary people!

This style of breakfast was made beautifully. It was neither burnt nor undercooked, and the smell was not bad. However, it did not taste so good!

Bo Junyan: “...”

“Indeed, no one is perfect! Seeing that you have flaws, I’m relieved.”

Bo Junyan: “...”

Just as Mu Huan stood up to prepare breakfast for the two of them, Bo Junyan suddenly stood up.

“What are you doing?”

“I want to be a husband with zero shortcomings!” His steak was so delicious previously, it was impossible for him to not be good at cooking!

“There’s no need to waste your energy. My food is so delicious. Let’s just complement each other!”

“Don’t you think it’s better to have someone serve you a table of delicacies where you don’t need to do anything whenever you want to eat good food?” Bo Junyan asked.

“Now that you mention it, it’s true.” Mu Huan thought about it. That would indeed be better than working hard to cook.

However, he had to slowly practice his culinary skills and she had to eat already. Hence, Mu Huan and Bo Junyan went into the kitchen to make breakfast today.

Bo Junyan was a serious person who did everything seriously, just like her.

Mu Huan looked at the man who was busy with work every day. At this moment, he was standing in the kitchen with an apron around him. He was so serious about learning to cook for her that a sense of happiness suddenly surged in her heart, drowning her.

She could not help but put down the things in her hand and reach out to hug Bo Junyan. “Hubby, I love you!”

For the rest of her life, she wanted to be with him and be happy forever.

“I love you.” Bo Junyan reached out and picked her up. He lowered his head and kissed her.

Chapter 1446: What Is Love (1)

When Long Feiting found out that Bo Junyan and Mu Huan were going to hold a Western-style wedding on an island, he had asked around and followed them. Long Feilei was worried about him, so he followed. However, when they arrived, two days had already passed since the wedding.

Long Feiting, who could not find her, hid in the hotel to drink in frustration.

Long Feilei, on the other hand, had arranged to meet someone to discuss something.

Long Feilei, who was sitting under a parasol and discussing business with someone, was very happy to see a man and a woman playing by the sea. The man looked a little familiar to him. He thought about it carefully and realized that he was one of the best men at Bo Junyan’s wedding. As for the woman...

Needless to say, she was very familiar to him just by looking at her back.

It was Huo Yuqi.

He saw how happy she was playing with a stranger in a bikini, and she even let that man get close to her and take advantage of her.

Long Feilei frowned. He felt that Huo Yuqi was too careless.

He couldn’t ignore the little girl he had seen growing up.

Hence, he stood up and walked toward Huo Yuqi.

The man who was discussing business with him was a little stunned to see him stand up and leave. After regaining his senses, he hurriedly shouted, "Mr. Long..."

It was only then that Long Feilei realized that he had left without taking his leave of anyone. "I saw an acquaintance. I'll just go greet her and come back."

With that, he turned around and walked toward Huo Yuqi.

Huo Yuqi preferred some exciting sports. For example, she was learning to surf now.

Previously, she had asked Bo Junyan to find a good man for her at his wedding. Although Bo Junyan did not say anything or respond to her, he was the most practical person. He had two groomsmen. One was Meng Lichuan, and the other was the elite Qi Rui that he had carefully selected to introduce to his cousin.

The man whom Bo Junyan had selected carefully was naturally a man who was outstanding in all aspects.

Bo Junyan felt that it was up to them if they wanted to have feelings for each other. Hence, he did not tell the two of them about this. He only told them to take care of each other. If they stayed together more, they could have more fun and develop more feelings.

If they didn't feel anything, it would save them the awkwardness.

In the past, Huo Yuqi might have been a spoiled and delicate girl. Although she was kind-hearted, she did things in a way that made people hate her. However, in the past three years, she had changed a lot. She liked to study, so she was also an outstanding girl.

Just as the second son of the Long family had said, one had to be youthful, beautiful, and have a good family background. One had to have an inner beauty.

The two of them were very outstanding and had good qualities. After being with each other for so many days, they naturally developed a good opinion of each other. However, they only admired each other and did not have any feelings.

"You..." Qi Rui grabbed Huo Yuqi's arm from behind as if he was hugging her. However, he was actually only teaching her the correct surfing posture.

Just as he felt that Huo Yuqi's posture was still not right and was about to correct her further...

He was suddenly pulled away by a strong force, and he almost fell.

Huo Yuqi was shocked at first. When she turned around and saw that it was Long Feilei, she was stunned.

"Are you a fool?" Long Feilei glared at Huo Yuqi. She was already being taken advantage of in someone's embrace, yet she still didn't realize it! Was she stupid?

Huo Yuqi snapped back to her senses. "You're the idiot!"

Why was he scolding her for no reason? Did she provoke him? She had not looked for him even once these past few days!

Long Feilei: "...!!"

This girl was too daring! She actually dared to call him an idiot!

Chapter 1447: What Is Love (2)

"Come back with me!" he said as he pulled Huo Yuqi back.

Just as he was about to grab Huo Yuqi, Qi Rui reached out to stop his hand. "Sir, who are you?"

Bo Junyan wanted him to take good care of Huo Yuqi. He would not let anyone bully her and take her away.

"Why do you care?! Move aside!" Long Feilei asked him to get lost. He didn't know what kind of eyes Bo Junyan had used to look. He had found such a person to be his best man. Huo Yuqi, this silly girl, must have felt that since this was her cousin's friend, she didn't need to be so unguarded against him!

"Long Feilei, be more polite. Did we provoke you when we're just having fun? Why are you here to be unreasonable?!" Huo Yuqi shouted in disdain.

"Shut up and come back with me." Long Feilei glared at her.

"Go back with you?" Huo Yuqi laughed. "Who are you? Like I'll go back with you!"

Who was he to her? He wanted her to go back with him? Were the two of them related? As if she would go back with him!

"Huo Yuqi!" Long Feilei's expression darkened.

Usually, when he called her with a darkened expression, Huo Yuqi would obediently listen to him.

But this time...

It was no longer like before.

Not only did Huo Yuqi not listen to him, but she even pulled Qi Rui away.

"Let's go over there and have fun. Don't bother yourself about him. He's probably going crazy because of his little brother." Huo Yuqi looked at Long Feilei disdainfully and turned to leave.

However, in the next second, Long Feilei grabbed her arm.

"What are you doing?" She turned around and looked at Long Feilei.

Was there something wrong with him? In the past, whenever she got close to him, he would feel like he was approaching a virus. A few days ago, because she wanted to give up on him, he was so happy that he released fireworks for the entire night. Why was he grabbing her now?

If she didn't know so clearly that he didn't like her at all, she would have misunderstood him!

"Come back to the hotel with me first." No matter what, this was a groomsman chosen by Bo Junyan. Long Feilei felt that he had to give him some face and couldn't say anything too harshly.

He would tell Huo Yuqi in private to be more careful.

“Are you crazy? Why would I go back to the hotel with you? What’s your relationship with me? Like I’ll go back with you!” Huo Yuqi shook him off forcefully. She didn’t know what was wrong with him today. He didn’t say anything and kept asking her to go back to the hotel with him.

Why would a man ask a woman to return to the hotel with him? It was easy for people to misunderstand him like this, alright? They clearly had nothing!

Long Feilei: “...!!”

Was this girl crazy? If he wanted her to go back with him, that was it. What was this now?!

Finally.

“Alright, forget that. Let’s go over there and have a chat.” Long Feilei pointed to the side.

Seeing that he really had something to say, Huo Yuqi looked at Qi Rui and said, “Wait for me. I’ll be back in a sec.”

“Okay.” Qi Rui could tell that the two of them had something on, so he did not say anything.

After walking to the side, Huo Yuqi looked at Long Feilei.

“Speak if you have anything to say. Someone’s waiting.” She couldn’t let Qi Rui wait too long.

The corners of Long Feilei’s lips twitched. No matter what, she used to like him so much. Now, she had given up just like that, and she even despised him so much. Seriously, a girl’s fondness was indeed unbelievable!

He did not say anything else. “Stay away from that man. Can’t you feel that he’s taking advantage of you?”

Huo Yuqi was stunned. Then, she asked, “That’s what you wanted to tell me?”

“Yes.”

Chapter 1448: What Is Love (3)

Huo Yuqi: “...”

If it weren’t for the fact that he really didn’t like her, she really wouldn’t have been able to help but think that he cared about her and felt that a man was taking advantage of her when he saw him approaching her.

“He’s teaching me how to surf. He isn’t taking advantage of me. He’s very gentlemanly.” Huo Yuqi wasn’t stupid. She’d know if he was taking advantage of her or not. Qi Rui was a very good person.

Besides, even if Long Feilei didn’t believe in her taste, he should believe in her cousin’s taste, alright? There was no way her cousin would let someone with an ulterior motive take care of her!

“Gentlemanly? Are you stupid? Do you think he’s a gentleman?!” Long Feilei had felt that there was something wrong with this child’s brain since she was young. Now, he felt even more that she was stupid.

“It’s not that I’m stupid, it’s just that you’re meddling in other people’s business. Not to mention that he’s really a gentleman, even if he’s not, what has this got to do with you?” Huo Yuqi, who had often been called stupid by him, was furious when she heard him call her stupid again.

“No matter what, I’ve watched you grow up. I can’t watch you suffer, no matter what...”

“Aiya, I really have to thank you for your kind intentions, but I don’t need them. To tell you the truth, he’s the boyfriend that my cousin has introduced to me. The two of us are exploring things. If we get along well, we’ll get married in the future. If we become a couple but don’t have any physical attraction and don’t want to do anything, can we still be together?”

Long Feilei: “...!!”

“You’re better off taking care of your younger brother and not letting him go crazy.” With that, Huo Yuqi turned around and left.

Long Feilei did not chase after her. She had already said that if she wanted to be a couple with that man, she had to have some physical attraction. To put it simply, even if that man took advantage of her, she was willing.

If a person was willing, why should he be a busybody?

The more he thought about it, the angrier Long Feilei became. He turned around and left angrily.

Huo Yuqi turned around and saw that he had left before walking toward Qi Rui. “I’m sorry to have kept you waiting.”

“I didn’t wait long.” Qi Rui smiled.

“I’ll go test out my surfing skills first.” Huo Yuqi took the surfboard and was about to go surf to see how well she had learned all morning.

“You like that man just now?”

Huo Yuqi’s hand, which was bent over to pick up the surfboard, froze. Was she being obvious? Even a stranger could tell.

She was the one who wanted to give up on Long Feilei!

At the thought of this, she took the surfboard and stood up. “I don’t like him anymore.”

Qi Rui smiled and did not speak. He picked up his surfboard and said, “Let’s go and see the results of our lessons.”

Although Long Feilei had turned around and left, he did not go far. He walked back under the umbrella to talk to someone. However, while he was talking, his eyes were fixed on Huo Yuqi, who was not far away. He saw that she was playing so happily with that man.

The two of them were about the same age. Although he was unwilling to admit it, that man did look like a good catch.

“CEO Long?” The man who did not get a response after exchanging a few words with him lightly patted Long Feilei’s shoulder.

Long Feilei snapped back to his senses.

“CEO Long seems to be in low spirits today. Let’s talk about this another day!” He was so distracted that there was no need to continue.

“I’m sorry.” Long Feilei knew that he was too distracted.

He didn’t know what was going on with him.

He clearly hated that girl. He clearly had his eyes on the woman he was going to marry. Why did he have such a strange feeling today?

The other party said a few polite words and left.

Chapter 1449: What Is Love (4)

At this moment, Huo Yuqi and Qi Rui were also tired from playing. They took their things and went to their seats to rest. The two of them were talking about something. Anyway, from Long Feilei’s perspective, they were chatting happily.

This was something that had never happened before.

Ever since she was young, as long as he was around, Huo Yuqi would always pester him.

He didn’t know if he was suddenly uncomfortable or something.

After all, this was similar to when one had always used a pair of glasses or something one had always been used to, and suddenly, it was not yours and became someone else’s. One wouldn’t like it and feel uncomfortable, and if one couldn’t figure out what was going on, one wouldn’t be able to move. They wouldn’t do anything else and just look at it.

The sky was blue, and the sea was blue. The seawater on this island was especially clear.

After attending Mu Huan and Bo Junyan’s warm Western-style wedding, Fu Siye and Shangguan Yu did not return. Instead, they stayed on this island, citing psychological reasons. Seeing that the scenery here was good, they wanted to stay and relax. Perhaps once they relaxed, the child would come.

“The water here is really clear...” Shangguan Yu took off her shoes and stepped into the water. The cool seawater was especially comfortable, making her so relaxed that she closed her eyes to enjoy it.

“Yes.” Fu Siye hummed, but he wasn’t looking at the water. He was looking at her.

Perhaps it was because he had always felt uneasy and was afraid of losing her, but he especially cherished every minute he spent with her. He really treated every day as the last day of the world.

Sensing his gaze, Shangguan Yu opened her eyes and looked at him.

“Siye, what are you afraid of?” Although she had never said it out loud, she could always feel his strong love for her. There was fear in that love.

She didn’t know what he was afraid of. She was clearly the one who was worried about gains and losses in their love.

Because she didn’t know what he was afraid of and why he was afraid, even if she had felt it before, she had always felt that it was her imagination. This was because he shouldn’t be afraid.

But today, that feeling was too strong, and she couldn’t help but ask.

Her sudden question stunned Fu Siye.

“You’re afraid, right?” Although Shangguan Yu’s words were a question, she was very sure.

Fu Siye looked at her and was silent for a while. “Yes, I’m afraid.”

“What are you afraid of? Don’t tell me you’re afraid that something will happen to me and you’ll lose me. I don’t think so.”

Fu Siye said that Shangguan Yu had lost her memory because something had happened. It was because something had happened to her and he almost lost her that he realized how much he loved her. That was why he had become so loving.

“I’m indeed afraid of losing you,” Fu Siye said.

“Are you afraid that I’ll die?” Shangguan Yu frowned. She clearly felt that this wasn’t the case. She couldn’t say anything specific, but she just felt that it wasn’t.

“No, I’m afraid of losing you. I’m afraid that you won’t love me anymore,” Fu Siye said with lowered eyes. Nothing had happened to her at all. He was lying to her.

“How could that be? You know how much I love you!” Shangguan Yu felt that this was the last thing he needed to be afraid of. She loved him so much. Only she was afraid that he wouldn’t love her. He didn’t need to be afraid that she wouldn’t love him!

“Even if the world is destroyed, I won’t stop loving you!”

Chapter 1450: What Is Love (5)

Because she had loved him since she was young, even though Shangguan Yu’s personality was a little introverted, she was never stingy. She would not be so shy that she could not express her love for him. Everyone knew that she loved him.

Fu Siye did not speak and only reached out to pull her into his embrace. She loved him so much. He could be afraid of anything except that she wouldn’t love him. Even if the world would be destroyed, she wouldn’t not love him.

Such love.

However, he had forcefully erased it. He had forced her, who loved him so much, to give up and let go of that love. No matter what, she could not live with him.

He...

Fu Siye couldn't think about it. The moment he thought about it, he wanted to return to the past. He wanted to stab that damn self of his to death and take his past self's place. He wanted to start loving her well from the start so that she wouldn't have to experience such pain and only have happiness in her life.

It would make it impossible for them to separate forever. They wouldn't have such despair and fear...

"Siye, what's wrong with you?" The current him was very different from the past him. She had always felt so uneasy. Apart from losing her memory, her life felt incomplete, and this was also because he suddenly loved her so much, cared about her so much, and...

He was like how she was in the past. He was worried about gains and losses, afraid of losing her, and he especially cherished her.

What exactly happened to make him like this?

He made her feel surreal because he used to hate her so much.

But he suddenly loved her so much and doted on her. He was afraid of losing her.

This made her feel like she was dreaming even though she had been awake for so long. She felt uneasy as she walked.

She was always afraid that one day, she'd wake up and realize that this was only a dream...

Because of this uneasiness, she really wanted a child.

She felt that only with a child would everything become real...

"I had a very, very real dream. That dream was as real as reality. In the dream, you didn't love me anymore. You wanted to divorce me. No matter what I did, you wouldn't forgive me. You insisted on divorcing me.

"That dream was really too real, too real... It was so real that I couldn't tell if it was a dream or if the happiness we are living in now is a dream. Hence, I am afraid, afraid that I would lose you, afraid that I would one day wake up from this beautiful dream. When I wake up, you would still be the you who didn't love me and wanted to divorce me...

"You'll never love me again. No matter what I do, you won't forgive me. You'd have to give up on me... If that happens, I don't know how I can continue living..."

Fu Siye hugged her tightly, as if he had suddenly fallen into the despair he had felt in the past three years. He had really done everything he could, but he still couldn't get her heart back. That despair made him want to walk toward destruction a few times. He couldn't lose her, couldn't...

"I know I was wrong. I really know I was wrong. I was too much of a bastard in the past. I couldn't see my heart clearly." He really knew that he was wrong. He really knew... Don't just abandon him like this and give up on him. In this relationship, it wasn't her who had the deeper feelings. It was him... It was just that he was too stupid in the past...

“Xiao Yu, I didn’t fall in love with you so suddenly. I’ve fallen in love with you since a long time ago. Think about it carefully and you’ll realize that every time you’re tired and wanted to give up on me, I’d hold on to you tightly.”
