

## **Fake Marriage 1461**

### **Chapter 1461: What Is Love (16)**

Gu Lingyin understood his expression. She pointed a finger at him and said directly, "I want 100 million! Give me 100 million and from now on, we won't owe anyone anything!"

A hundred million was enough for her to spend for the rest of her life. Five million was too little, too little!

Fu Siye laughed when he heard this. "A hundred million?"

She was really greedy!

"That's right, 100 million. Only with so much money will I not have to worry about anything for the rest of my life." Gu Lingyin paused for a moment. "A hundred million can make up for my life, and you have plenty of money. It's not a problem for you to take out that amount. So, give me 100 million! If you give me 100 million, I'll immediately disappear from your world and never appear in front of you again!"

Gu Lingyin knew that Fu Siye was very rich. A hundred million was nothing to him. He could definitely take out this money.

And she, as she had said, could make up for her life with 100 million.

"Gu Lingyin, there's a mirror behind you. Please take a look and see how disgusting your face is!" She really dared to say 100 million!

No matter how rich Fu Siye was, that money was earned through his hard work. It didn't come from a strong gust of wind. She actually dared to ask for 100 million.

For all the things that had happened in the past, Fu Siye giving Gu Lingyin five million was already the greatest limit he was willing to give her. Five million was money that many people could not earn in their lives. With this five million, she could live a carefree life. But she was so ambitious that she wanted a hundred million!

Did she really think that Fu Siye was stupid? That he would let her do whatever she wanted?

"It's not that I'm being disgusting, but you owe me this! If I give you 100 million and make Shangguan Yu unable to be a mother anymore, would you be willing?" Gu Lingyin felt that they had caused her to be unable to be a mother. No amount of money could make up for it.

Fu Siye already hated her to the extreme because of her greed. Now, she actually made such an assumption regarding Shangguan Yu, making Fu Siye's eyes turn even more ruthless. "I did use you a little back then, but the one who made you unable to be a mother was you! Do you really think I'm stupid? Do you think I'm a fool?"

Fu Siye knew very well what had happened back then. She had lost the child in her stomach because of his use, but the culprit was herself. If it weren't for her being greedy and wanting to marry him while bearing someone else's child, why would she be so afraid that his parents would send her for a checkup? For this, she didn't hesitate to fall on her own, causing her to have a miscarriage and bleed profusely so that she couldn't have another child.

“Fu Siye, 100 million isn’t a lot to you. Why do you have to be like this? Just give it to me and we’ll be quits in the future!” Gu Lingyin felt that Fu Siye was so rich that 100 million was nothing. If he gave it to her, she would be happy for the rest of her life. What was wrong with giving her 100 million?

Fu Siye didn’t want to say anything more to her. “Five million. If you want it, hurry up and leave. If not, I’ll get someone to carry you out!”

A hundred million was not much to him, but why would he give it to her? Which part of her was worth it?

“Fu Siye, you don’t want this option that I’m giving you. When the time comes, don’t regret it!” Gu Lingyin said with a sinister gaze.

As long as he gave her 100 million, they would be even. But he wouldn’t give it to her. Since that was the case, then he shouldn’t blame her!

“I don’t regret it, though?” Fu Siye sneered and asked someone to come in and throw Gu Lingyin out..

Chapter 1462: What Is Love (17)

Seeing that he was serious and really wanted to get someone to throw her out, Gu Lingyin immediately changed her attitude and said, “Alright, alright, I only want five million, alright?! You’re really heartless. You caused me to be like this, yet you’re only giving me five million!”

Men were too heartless!

Fu Siye didn’t want to say anything about her insatiable greed. He only wanted her to never appear in front of him again. “Take the money and get lost immediately. Don’t appear in front of me again, or you’ll bear the consequences!”

“Alright, I got it.” Gu Lingyin took the check from the table and turned to leave.

“This is really the last time,” Fu Siye said.

Her straightforwardness made him feel that she would come looking for him after spending the money, and he didn’t want to see her again.

Hence, it was best if she could realize that this was really the last time. Don’t think that she could ask for any again! If she did, he would really make her disappear completely!

Gu Lingyin turned around and mocked, “I’ve already seen your ruthlessness. Do you think I’ll be stupid enough to come again?”

“That’d better be the case!” Fu Siye said coldly.

Gu Lingyin sneered and turned to leave.

Gu Lingyin was a smart and self-aware person; she was indeed smart. She would always choose what was best for herself. Just like now, even if she wanted Fu Siye to die and felt that Fu Siye was insulting her by only giving her five million yuan, she still chose money and did not have it out with Fu Siye.

Even though she was so jealous and hated Fu Siye and Shangguan Yu, Gu Lingyin knew that she couldn't fight with them at all. Fu Siye could kill her with a finger.

She didn't even have the right to perish with them. Besides, she had never thought of dying with them.

As long as she had money, her future would be good. She would never want to die.

Also, if Fu Siye had really given her 100 million, no matter how much hatred she had in her heart, for the sake of her future good days, she would not have come looking for trouble with Fu Siye and Shangguan Yu again.

But!

Fu Siye didn't!

He actually didn't want to give it to her! He was so rich, and 100 million was just a drop in the ocean to him, but he actually didn't want to give it to her! He had caused her to never be happy again in her life! He had ruined her life, but he actually wouldn't even give her this bit of money!

She was given only five million yuan! What could a mere five million yuan do?

He was too much!

How could she let go of the hatred in her heart?

Since he didn't want her to have an easy life, then he couldn't either!

After Gu Lingyin walked out of Fu Siye's company, she looked at the cheque in her hand and snorted. Then, she took the cheque and went to the bank to cash out the money.

Even though Gu Lingyin despised this five million yuan, to someone like her who had had all her assets cheated, any amount of money was money!

Also, no matter what, it was difficult to do things without money. Only with money could she have the chance to do what she wanted.

Although Fu Siye could be ruthless when necessary, he was a little too loyal.

Back then, he did not realize that he liked Shangguan Yu. In order to avoid Shangguan Yu, he had deliberately dated Gu Lingyin and showed off his love for her to make Shangguan Yu give up. Later on, even when he learned that Gu Lingyin was not carrying his child, in order to not marry Shangguan Yu, he had used the child in Gu Lingyin's stomach as a shield.. He had wanted to use it as a reason to reject marrying Shangguan Yu.

Chapter 1463: What Is Love (18)

Although Gu Lingyin had lost her child and could no longer be a mother, she was greedy and thought that she could really let him be a father. She did not want her plan to fail.

However, he was the one who had sought out Gu Lingyin first. He felt that she was not bad and went to woo her. Hence, strictly speaking, it could be said that he had ruined her life. He was responsible for her, so he had always indulged Gu Lingyin.

He had thought of many ways to make Gu Lingyin happy for the rest of her life and had given her many opportunities. However, Gu Lingyin had always wanted too much and had been getting more and more greedy. This resulted in his guilt toward her being erased.

He didn't want to see her again, but he still gave her that last sum of money.

Fu Siye never thought that the money he gave Gu Lingyin would almost destroy his happiness...

No matter what, being kind to bad people was being ruthless to oneself.

...

After Shangguan Yu got pregnant, in order to let her get better care, Fu Siye brought her back to the Fu family's old residence.

Fu Siye's parents especially liked Shangguan Yu. They treated this daughter-in-law better than their own son. Hence, there was no problem with her in-laws at all. When she moved in to the Fu residence, all she got was more care and companionship.

After Gu Lingyin took out the money, she found out that Shangguan Yu had returned to the Fu family's residence. Hence, she bribed a servant from the Fu family. Though she had given her a lot of money, it wasn't like she wanted the other party to do anything scary. She just wanted her to pay attention to Shangguan Yu's movements and the reason why she had lost her memory. She wanted to see if her amnesia could be treated. This servant happened to be in need of money, so she was bribed. Every day, she reported Shangguan Yu's every move to Gu Lingyin. One day, through Fu Siye's parents' conversation, the servant vaguely guessed that Shangguan Yu had lost her memory not because of her injury but because of something else.

She told Gu Lingyin about her guess.

Gu Lingyin already felt that Shangguan Yu's memory loss was so coincidental. After all, who would lose their memory but only such a key part?

Now that she heard the servant say this, she felt even more that Shangguan Yu didn't lose her memory because she was injured.

If it wasn't a coincidence that she had lost her memory after being injured, then there was only hypnosis left.

In this case, she would never be able to wait for Shangguan Yu to regain her memory and dump Fu Siye.

This way, they would be happy for the rest of their lives.

She, Gu Lingyin, could no longer be a mother because of them. Her life was ruined, but the two of them could have a child and be happy and loving for the rest of their lives!

How unfair was this?!

How could she accept this?!

This indignation made Gu Lingyin pay close attention to Shangguan Yu, wanting to find a chance to destroy their current happiness.

However, because the first three months were considered unstable and the weather was cold, Shangguan Yu didn't want to go shopping. Hence, she stayed at home and basically didn't go out. This made Gu Lingyin unable to find a chance.

After waiting for another half a month, Gu Lingyin felt that she couldn't keep waiting like this. If she continued to wait, Shangguan Yu would become stable. With this child, it was impossible for them to separate. If they didn't separate, they would continue to be happy.

This was something she could not tolerate!

Hence, when she found out that Shangguan Yu was going to the hospital for a prenatal checkup, she went to that hospital in advance and hid in the dark, waiting for the opportunity.

Heaven did not let her down. Finally, she only had to wait until Shangguan Yu was alone!

"Hi.." Gu Lingyin walked forward and greeted Shangguan Yu.

Chapter 1464: What Is Love (19)

"Hi." Gu Lingyin walked forward and greeted Shangguan Yu.

When Shangguan Yu saw her, she instinctively took two steps back warily.

"I heard that you're pregnant, so I came to show my concern," Gu Lingyin said with a smile.

"Please put away your concern. I don't need it," Shangguan Yu said coldly.

"How can that do? I have to show some concern for you. After all, we're old friends."

Shangguan Yu couldn't be bothered with her. She turned around and wanted to leave.

"Shangguan Yu, it's such a pity that you lost your last child. You have to take good care of this child. You have to be careful!" Gu Lingyin looked at Shangguan Yu's stomach full of jealousy.

Heaven was really biased! He gave Shangguan Yu such a good family background and appearance, and he even gave her such good luck.

She had also fallen and had a miscarriage. She could no longer be a mother, but Shangguan Yu could get pregnant again and live such a happy life.

This was too unfair!

Gu Lingyin thought that although she couldn't deal with Fu Siye and Shangguan Yu, she could tell Shangguan Yu about the past! Telling her these would make her feel terrible. There would be stumbling blocks in her heart, making her unable to live happily ever after!

Previously, she had suffered a miscarriage because of her.

If she learned about the past, it was possible for her to become gloomy and unhappy. It was possible for her to have a miscarriage.

It would be best if she could be like her and never have children again!

At the thought that she could no longer be a mother, Gu Lingyin's eyes turned red with hatred.

Shangguan Yu originally didn't want to bother with Gu Lingyin, and she had never believed anything Gu Lingyin said. But this time, she didn't know why, but...

Her words shocked her so much that she couldn't move. She...

"What did you say? What do you mean it's such a pity that the last child was lost?" Why did she say that she had lost her child? What was this about the last child? Could it be that she'd had a child before?

For some reason, this thought made her heart tremble.

Then, she started to hurt.

"You forgot? You even forgot that you were pregnant?" Gu Lingyin said in disbelief.

Shangguan Yu did not speak and only clenched her fists involuntarily. She had once... Was she really pregnant? She...

"Last time, when you were pregnant, Siye was accompanying me in the hospital because I was feeling unwell. You were very angry when you heard this news. You were so angry that you accidentally misstepped on the stairs and fell, and you had a miscarriage. This time, you can't be so careless!" Gu Lingyin did not say anything else and directly spoke about the matter because she knew that she did not have much time.

Fu Siye would be here soon. If she delayed, she wouldn't be able to finish speaking.

"After that, because you lost your child and because you found out that it had always been Fu Siye who didn't want you to have a child, that that was why you didn't get pregnant even after being married for so many years, you were so upset that you wanted to divorce Fu Siye. This made me feel very guilty. Fortunately, the two of you have reconciled now and you're even pregnant!

"Shangguan Yu, it doesn't matter if you believe me or not. It's impossible between Fu Siye and me. You have to take good care of the baby and stop having thoughts about killing your child."

Gu Lingyin knew that after Shangguan Yu lost her child, she must have blamed herself for killing her child. Such self-reproach was difficult to get rid of. Hence, she directly said that Shangguan Yu had killed her child.

Indeed, her words made Shangguan Yu's face turn pale...

She clearly didn't remember such a thing. She clearly knew that Gu Lingyin's words couldn't even be trusted, but why?

## **Chapter 1465: What Is Love (20)**

She clearly didn't remember such a thing. She clearly knew that Gu Lingyin's words couldn't even be trusted, but why?

Why was her heart so upset? Why did it feel like something was being suppressed by her? It wanted to surge up, but she didn't know what it could be.

What was going on? Why did she feel this way? Why?

"Shangguan Yu, you might not believe me, but I still want to say this. I'm really happy that you're pregnant again. I hope you can give birth to a baby safely this time. Don't let your imagination run wild that you kill your child. It's impossible between Fu Siye and me! You really don't have to think too much!"

Gu Lingyin emphasized again that Shangguan Yu had let her imagination run wild and ended up killing her child, deepening her guilt.

She was also someone who had lost a child. She knew that it was difficult for a person to walk out of such self-blame. Hence, she wanted to deepen Shangguan Yu's guilt and make her unable to be happy again because of self-blame.

"It looks like you still don't believe me." Gu Lingyin looked at Shangguan Yu and sighed. "But whether you believe me or not, what I said is true. I really want you to be fine. Don't think too much and kill your child."

She said again, "Don't think too much and kill your child."

Shangguan Yu's face turned even paler. Although she really didn't believe Gu Lingyin's words, she didn't know why, but she felt that it was true...

Also, Gu Lingyin said that Shangguan Yu had miscarried because Fu Siye was not by her side at that time. She even said that Fu Siye did not want her to give birth before, which was why she had never gotten pregnant. She could not help but feel that this was true.

There was no reason, no reason at all! She just felt that what Gu Lingyin said was true.

What... what was wrong with her?

Why would she believe Gu Lingyin's words? She clearly had ulterior motives. She only said these things to make her suffer. Why... would she believe...

"Alright, I won't say anything else. I still have something on, so I'll take my leave first. Shangguan Yu, please don't think too much about it. Don't kill your child again. Don't be like me, who can't give birth anymore." Gu Lingyin could tell from Shangguan Yu's expression that even though she had lost her memory, she still felt something from what she had said.

She might even believe everything.

She thought that if she continued to think like this, she might be able to regain her memory and would be in so much pain that she would want to die.

A look of satisfaction flashed across Gu Lingyin's eyes. She wanted to say something else, but just then, she heard footsteps approaching them. Hence, she turned around and left without saying anything.

She disappeared after taking a turn.

Fu Siye brought a stack of test results over.

"Xiao Yu, the doctor said that our baby is very healthy..." Fu Siye's happy expression disappeared when he saw Shangguan Yu's pale face.

When he snapped back to his senses, he immediately strode forward and supported Shangguan Yu.

"Xiao Yu, what's wrong?"

Shangguan Yu looked at Fu Siye. She wanted to speak, but she couldn't open her mouth or make a sound. She didn't know what was wrong with her and why she was like this.

Clearly, Gu Lingyin's words could not be trusted at all! She...

She tried her best to open her mouth, wanting to tell Fu Siye about what Gu Lingyin had just done. She wanted him to tell her that this wasn't true. She couldn't have let her imagination run wild so much that she killed her child. This was impossible...

But...

She was still speechless..

### **Chapter 1466: What Is Love (21)**

"Xiao Yu, what's wrong?" Fu Siye looked at her and was very anxious. "Are you feeling uncomfortable?"

Shangguan Yu still couldn't speak. She couldn't help but wonder if she had had a baby before. She couldn't help but think like this, making her head hurt and her face turn even paler.

Seeing this, Fu Siye hurriedly picked her up and ran toward the doctor's office.

When he reached the doctor's office, Shangguan Yu had already fainted from the headache.

Fu Siye was so frightened that his legs went weak. Fortunately, this was the hospital, and the doctors here were the best.

When he heard the doctor say that Shangguan Yu had fainted because she was too agitated but that she was in good health, Fu Siye's tensed heart finally relaxed.

Only then did he regain her composure and think about why Shangguan Yu's emotions were fluctuating. Everything was clearly fine just now. He had only spoken a few words to the doctor in the office, and she suddenly became like this. Did she see someone or remember something?

At the thought of this, he immediately got someone to check the surveillance cameras in the hospital. He wanted to see who Shangguan Yu had met when he was talking to the doctor and why she suddenly became like this.

Then, he called Mu Huan and asked her to come over.

Although the doctor said that Shangguan Yu was fine, Fu Siye was still worried and wanted Mu Huan to come over to be safe.

He could not accept anything happening to his wife again.

After the call, the video surveillance also switched to the time he was in the doctor's office.

As there were no surveillance cameras at Shangguan Yu's spot, they were checking all the surveillance cameras around her.

In the surveillance footage, there were not many people walking toward Shangguan Yu. One of them was a woman in a cap. She was especially suspicious.

Fu Siye immediately got someone to magnify it.

Although the other party was wearing a cap and a mask, Fu Siye could still recognize that it was Gu Lingyin from her figure.

Only she could affect Shangguan Yu in such a short time.

Fu Siye looked at Gu Lingyin on the surveillance video, his gaze terrifying.

"Capture her immediately!" Had he been too kind? He actually made her feel that she could do something!

"Yes." His assistant immediately accepted the order.

After Mu Huan received Fu Siye's call, she quickly rushed to the hospital.

When she reached the hospital, Shangguan Yu had not woken up.

"What's going on? Why did she faint?" Fu Siye did not make it very clear over the phone. He only said that Shangguan Yu had fainted and asked her to come over quickly.

"Maybe Gu Lingyin said something to Xiao Yu, causing her emotions to fluctuate so much that she fainted," Fu Siye said with a dark expression.

Mu Huan's lips twitched. "You haven't dealt with that Gu Lingyin yet?"

"Last time, she came to me to get money. I thought that after she took the money, she would never come into contact with me again." After Fu Siye said that, he thought about the vicious words Gu Lingyin had said at that time and instantly regretted it so much that he wanted to kill himself at that time. Gu Lingyin had already said it so harshly, but he actually didn't believe her parting words. He gave her the money and asked her to leave! He was simply...

"Since when were you so naive?" Mu Huan's tone was a little mocking. In the end, he still had some feelings for Gu Lingyin. Even though she had done such things repeatedly, he still wanted to give her a chance and wanted her to be well.

That was why he trusted her so much.

Fu Siye did not speak further, but his expression darkened even more.

Mu Huan knew that he must be feeling so regretful that he wanted to die, so she did not say anything else..

### **Chapter 1467: What Is Love (22)**

Just then, Fu Siye's phone rang. It was his assistant.

"CEO, she's here."

"Alright." Fu Siye hung up the call and looked at Mu Huan. "I'll go out for a while. If Xiao Yu wakes up, inform me immediately."

"Okay."

Seeing him like this, Mu Huan could guess that he had caught Gu Lingyin. However, she did not ask much and knew he could deal with it. After this matter, Fu Siye knew what to do.

The assistant brought Gu Lingyin to an empty ward.

Gu Lingyin did not expect to be caught so quickly. She knew that after she left, Shangguan Yu would definitely say something to Fu Siye. At that time, Fu Siye would definitely not let her off easily. Hence, after saying that, she drove to the airport. Her plane was about to take off. By the time Fu Siye wanted to settle scores with her, she would have already flown overseas. It would be difficult to find her in the sea of people.

Unexpectedly...

The moment she reached the airport, she was caught by Fu Siye's men.

Damn it!

However, Fu Siye was in such a hurry to catch her. Did something happen to Shangguan Yu?

At the thought of this, Gu Lingyin was happy at first, but then she became afraid.

Given Fu Siye's current concern for Shangguan Yu, if something happened to her, then she... would...

Before Gu Lingyin could think about how miserable she would be...

Fu Siye walked in with a murderous aura.

This Fu Siye made Gu Lingyin shudder instinctively and subconsciously take a few steps back.

"What did you say to Xiao Yu?!" Fu Siye walked forward sinisterly.

As he approached, Gu Lingyin's body trembled uncontrollably. She had always known that Fu Siye was a scary person that she could not offend. However, the current him was even scarier than what she knew and imagined.

Now, she finally realized that Fu Siye had always been loyal to her. Otherwise, he would have made her die many times without a sound after what she had done to him.

Gu Lingyin was a smart and absolutely cowardly person.

Hence, at this moment...

Before Fu Siye could say or do anything, she regretted it so much that she wanted to die!

She couldn't understand why she was so stupid as to do such a thing and make Shangguan Yu unhappy. She would only feel happy for a while, but she wouldn't get any other benefits! Why would she do such a stupid thing?! She...

She forced herself to calm down and endured her immense fear. She went forward and grabbed Fu Siye's arm. "I'm sorry, Siye... I'm sorry... I lost my cool for a moment and did such a thing... I'm sorry... I'm sorry..."

Fu Siye shook her off forcefully. "What did you say to Xiao Yu?!"

"Will you let me off if I tell you?"

Fu Siye sneered. "Do you think you still have the right to negotiate with me now?"

Gu Lingyin looked at him and knew that she had no right. In the past, she could ask him for money because he felt guilty toward her. But now, he only wanted to kill her.

Between the two of them, one was heaven and the other was earth. It would be easy for him to kill her.

"I was just angry that you didn't give me 100 million, so I told her about the past. I didn't do anything else... If you had given me 100 million, I wouldn't have done that..."

Even when Gu Lingyin was so afraid, she still used a little trick to make Fu Siye feel guilty. She made him feel that it was because of him that she went to look for Shangguan Yu and made something happen to her..

### **Chapter 1468: What Is Love (23)**

Although she still didn't know what had happened to Shangguan Yu...

Before Fu Siye could say anything...

Gu Lingyin continued, "A hundred million is clearly a drop in the ocean to you. If you had given it to me, you won't have suffered any losses at all. However, this can make me live a carefree life. You destroyed my life like that. Don't you think you should compensate me for it? But you're so heartless... That won't affect your fortune at all. Since you didn't give it to me, I couldn't take it..."

Gu Lingyin really felt that Fu Siye was too much. So what if he gave her 100 million? He was so rich! That bit of money wouldn't affect his life at all. Why didn't he give it to her?

Did he think that he could bully her just because she was easy to bully?

Fu Siye didn't want to argue with Gu Lingyin. He only wanted to know what she had said to his wife that would make her end up like that. "Tell me in detail what you said! What did you say?!"

"You'd better repeat every word honestly. Otherwise, I'll make you suffer!"

Fu Siye's threat made Gu Lingyin not dare to lie no matter how much she wanted to play tricks. Seeing him like this, it mustn't have been a serious matter, whatever had happened to Shangguan Yu. Once she lied, Shangguan Yu would be able to confirm it. At that time, Gu Lingyin would die even more miserably.

Hence, she could only brace herself and repeat what she had said.

Gu Lingyin's words had been intended to deepen Shangguan Yu's guilt. She said that Shangguan Yu had killed the child, making Fu Siye really want to strangle Gu Lingyin to death, but...

She wasn't worth dirtying his hands.

He had thousands of ways to make her life a living hell.

Gu Lingyin felt that the hostility in him was getting stronger and stronger, making her feel suffocated. She felt that she might die in the next second.

"Siye, I know I was wrong. I know I deserve to die ten thousand times. I know... But on account of our past relationship... Siye... I beg you, please forgive me this time, alright? Siye..."

The past? On account of their past relationship, he had given her another chance, but what did she do? Fu Siye resisted the urge to strangle Gu Lingyin and turned to leave.

The chance he had given her was the last chance. Now, she had no chance!

Gu Lingyin was very afraid of Fu Siye now, but if Fu Siye wanted to leave, she became even more afraid!

If he were here, she might still have a way out if she pleaded with him. If he left her to be dealt with by his subordinates, then there was a possibility that she would not have a way out.

This made her stumble as she chased after him. "Siye, please, please forgive me this time. Siye..."

Just as she was about to catch up with Fu Siye, Fu Siye's assistant stopped her.

Gu Lingyin watched Fu Siye leave.

She thought that what awaited her might be a dead end.

Her legs suddenly went weak and she slumped to the ground...

After a while, she started wailing.

She didn't know why the heavens were so cruel to her! It was clearly them who had caused her to be unable to be a mother and ruined her life, but they didn't get any retribution. In the end, the one who was injured was still her!

Why?! Why was he treating her this way?!

All the bad people in this world didn't feel that they were bad. They felt that they were in the right. It was others who had let them down. It was God who had let her down.

She never thought that if it weren't for her bad intentions, she would never have come to this..

### **Chapter 1469: What Is Love (24)**

Back then, she was pregnant and didn't want that man. When she learned that Fu Siye didn't want to marry Shangguan Yu, she wanted to rely on Fu Siye and be used by him as a shield to marry into a wealthy family. When that time came, even if they got a divorce in the future, they would be able to get a huge amount of wealth. In the end, not only did things not turn out as she thought, but she even fell into this state step by step.

...

Fu Siye returned to Shangguan Yu's ward and was about to say something to Mu Huan when Shangguan Yu woke up.

Seeing that she had woken up, the two of them hurried forward.

"Xiao Yu!" Fu Siye grabbed Shangguan Yu's hand tightly. He was afraid... so afraid that his hand was trembling.

Without any warning, Shangguan Yu had found out what he didn't want her to know the most, and she had even fainted because of it.

He didn't know what would happen to Shangguan Yu after she woke up. Although Eisen's hypnosis was very strong and she wouldn't remember anything, she knew about that past. She definitely had to ask. She...

Fu Siye didn't dare to think... and didn't know how to face it.

However, no matter how much she didn't know, she still had to face what she had to face.

Shangguan Yu woke up. After a while, she suddenly sat up in shock.

Seeing this, Mu Huan hurriedly supported her and comforted her, "Sister Yu, don't be too agitated. Be careful of the baby in your stomach."

After being reminded by her, Shangguan Yu realized this. She hurriedly reached out to protect her stomach. Nothing must happen to her child! Nothing must happen!

"Sister Yu, don't be too nervous. Take a deep breath and relax." Mu Huan asked her to take a deep breath and not be too nervous. It was easy for something to happen if one was too nervous.

Shangguan Yu listened to Mu Huan and slowly took a deep breath...

After a while, she calmed down.

"Siye, I... was I really pregnant? We had a baby before?"

Fu Siye clenched his fists tightly and looked at Mu Huan, not knowing how to answer.

However, Mu Huan did not tell him what he should do.

He should make his own decision.

Fu Siye was silent for a while. "Xiao Yu, don't be agitated."

Shangguan Yu suppressed the panic in her heart and said calmly, "I know. I won't be agitated. Tell me."

Fu Siye clenched his other hand tightly. After a while, he said, "Yes, we had a baby once."

Shangguan Yu's face turned pale.

"But that's not your fault! Don't listen to Gu Lingyin's nonsense! It's not you who killed the baby. It's me! It's all my fault! It's all my fault!" Fu Siye said this not to comfort Shangguan Yu, but because he felt that everything was his fault.

It was all because of him that they lost that baby. Because of him, she was in so much pain...

It was all because of him! It was all his fault!

Shangguan Yu looked at Fu Siye. After a while...

"Was the situation like what Gu Lingyin had said..." Shangguan Yu could not help but grip the blanket.

Fu Siye was silent for a while. "Yes... I was a bastard at that time! I deserve to die!"

When Shangguan Yu heard this, she suddenly tightened her grip on the blanket. After a while, she said, "I haven't lost my memory due to being injured, right?"

She loved him so much. If she could reach the point where she wanted to divorce him, then...

Hence, it was impossible for her to have lost her memory because of her injuries.

Especially when he often looked at her like that, afraid and guilty..

Chapter 1470: What Is Love (25)

Fu Siye's body froze. Ever since he found out what Gu Lingyin had said to Shangguan Yu, he had been mentally prepared to tell her the truth.

But he did not expect her to suspect that she hadn't lost her memory.

Shangguan Yu thought of something and said, "Was I hypnotized like Xiao Huan was before?"

Fu Siye: "..."

"Look at you." Shangguan Yu had never been stupid. It was just that sometimes, even if she suspected something, she would not ask or think about it. But now, she had asked and thought about it.

"Xiao Yu..." Fu Siye looked at her and wanted to say something, but he couldn't think of anything to say for a long time.

Everything happened so suddenly that he didn't know what to say or do.

"Xiao Huan, can I regain my memory?" Shangguan Yu looked at Mu Huan.

Mu Huan: "..."

How was she going to answer this question?

"Xiao Yu, about the past..." He was about to say something.

"Siye, do you not want me to regain my memory?"

"I..."

"Are you afraid that I'll leave you after I regain my memory?" If what Gu Lingyin had said was true, then it meant that Si Ye had asked someone to hypnotize her. He couldn't get her back, so he had hypnotized her to make her forget. He didn't want her to regain her memory now because he was afraid that she would leave him after she regained her memory.

Fu Siye clenched his fists so tightly that the veins on the back of his hands bulged.

"Siye, you can't be too selfish..." Shangguan Yu looked at Fu Siye. This was the first time she had criticized him like this.

Fu Siye tightened his grip. "Xiao Yu, I..."

"I've already endured the pain of the past. If I recall the past, I'll definitely be fine. But if I can't remember the past, I'll keep thinking about it involuntarily. I'll think about what had happened in the past and what had happened to that child. If I can't control myself, my emotions will be volatile. I don't want to hurt my baby again..."

Shangguan Yu paused for a moment. "Xiao Huan, you've been hypnotized and lost your memory. You should know how I feel."

"Yes." Mu Huan did understand. It was really uncomfortable to have a blank mind. She really couldn't help but think about it.

"If my thoughts affect my baby because of the past, I..." Shangguan Yu became agitated as she spoke. Realizing that she had lost control of her emotions, she hurriedly took a deep breath to calm herself.

"I want to know the past! No matter what kind of past it is, I want to know! I don't want this!"

Fu Siye's hand bent the railing by the bed.

"I want to regain my memory! Xiao Huan!" Shangguan Yu looked at Mu Huan.

Mu Huan was about to say something when...

Fu Siye said, "Alright..."

No matter how scared he was that after she regained her memory, she would still insist on leaving him, he didn't want her to hurt the child in her stomach because of this. Even if he would lose her, he didn't want her to bear such pain again.

He couldn't bear such pain either.

Mu Huan and Shangguan Yu looked at him at the same time.

Fu Siye was silent for a while before reaching out to hold Shangguan Yu's hand. Then, he looked at Mu Huan and said, "Sister-in-law, can you go out for a while?"

He wanted to be alone with his wife for a while.

Perhaps this was the last time in his life that he could be so intimate with her.

He thought about how cold Shangguan Yu was before, how much she hated his approach, and how much she didn't want to forgive him.

Fu Siye's heart ached like he was having a heart attack.

He knew that one day, she would remember everything. He knew that such happiness was stolen. He knew...

But he did not expect this day to come so quickly.
