

## **Fake Marriage 1471**

### **Chapter 1471: What Is Love (26)**

He was caught off guard...

However, after calming down and thinking about it, he realized this might not be a bad thing. Since it had already happened, he didn't have to be so nervous, conflicted, hurt, and afraid.

Ever since he hypnotized Shangguan Yu, though this stolen happiness was still happiness, it also pressed down on Fu Siye like a mountain, making him feel like he couldn't breathe every day. Now that the mountain had shifted, although he was afraid, he couldn't help but heave a sigh of relief.

After Mu Huan left, the room instantly quietened down.

It was not only Shangguan Yu who felt that he was selfish, but he also felt that he was selfish...

From the moment he had decided to hypnotize Shangguan Yu, he had known that his behavior was very selfish. This method of his was not the correct method to resolve the matter. He was doing this for his own good, not for Shangguan Yu's own good, but...

He still did that.

Hence, he had always felt guilty and blamed himself. This guilt and self-blame had become that mountain, crushing him until he could not breathe.

After Mu Huan left, the room instantly quietened down. This silence made Fu Siye, who had involuntarily heaved a sigh of relief, unable to breathe again.

That self-reproach and guilt were so overwhelming that he couldn't breathe.

But he was even more afraid of losing her forever.

No matter what, he could not salvage her despair. It made him wish he was dead, making him not know how to live.

Now that he had stopped blaming himself and feeling guilty, this air made him suddenly sink into the fear he had felt before. He was afraid that this would make him lose her forever.

Shangguan Yu could feel his fear before, let alone now.

That strong fear made her heart ache.

She had known Fu Siye since she was born. Ever since she was young, no matter what happened, she had never seen him so scared.

"Siye..." She used her other hand to hold his hand.

Fu Siye looked at her. He had wanted to speak to her alone, but now, he still didn't know what to say.

“Siye, no matter what my attitude was in the past, now that we are having a child, my mentality will definitely be different from before. Hence, don’t be too afraid and don’t think too much.” The current Shangguan Yu couldn’t imagine that she would want to divorce Fu Siye.

Because she loved him so much. Even if he killed her with his own hands, she wouldn’t blame him or hate him.

Hence, she could not figure out why she had taken the initiative to divorce him and why he had pursued her so much later. Why she did not want to be with him anymore.

She really could not imagine it.

But it was precisely because of this that she knew that she must have suffered a blow that was tens of times worse than anything else in her life. That was why she had completely given up on him.

Hence, even though her heart ached for Fu Siye now and she wanted to say that she wouldn’t leave him even if she regained her memory, that he didn’t have to be so afraid...

She didn’t say anything.

She didn’t know how she would feel when she regained her memory.

She could only comfort Fu Siye like this first.

Her comfort worked.

Fu Siye was so afraid just now that he had completely forgotten that the current situation was different from before. Now, they had a child coming!

Previously, she had given up on him in such pain and despair because of the other child. Although she could not completely make up for that pain now that she was having another child, it was as she had said. Now that they had this child coming, her mentality would definitely change..

Chapter 1472: What Is Love (27)

Just like a person who had reached despair but had suddenly seen the light, her mental state would definitely be different.

Fu Siye did not speak and only hugged her tightly.

His nervousness and fear made Shangguan Yu involuntarily reach out and touch his back.

“Xiao Yu, I can’t live without you... Without you, I don’t even know how to live...” Fu Siye’s voice was trembling.

“I really know I was in the wrong. I was in the wrong, and I deserve to die. I know that no matter how much I apologize, it’s useless. So, let me use the rest of my life to pay you back, alright?” Let him use the rest of his life to compensate her.

“From now on, I’ll do whatever you want me to do. I’ll do whatever you want me to do!” Fu Siye had never pursued a girl before, so he didn’t know what sweet words to say. He only thought of such things.

When Shangguan Yu heard this, she didn't know what to say. At this moment, she couldn't make a decision for her future self.

Fu Siye hugged Shangguan Yu and said a lot. The more Shangguan Yu heard, the more her heart ached.

But even so, she still wanted to know everything about the past.

Because Shangguan Yu was very anxious and wanted to know immediately.

Hence, after confirming that night that there was nothing abnormal with her body, Mu Huan hypnotized her and undid the hypnotic command that Eisen had given her.

As Fu Siye would affect Mu Huan's hypnosis, he was invited outside.

Fu Siye looked at the closed door and walked around anxiously.

Seeing this, Bo Junyan stepped forward and handed him a cigarette.

Fu Siye took the cigarette, lit it, and took a deep puff. However, even nicotine could not calm the anxiety in his heart. He took a few more deep breaths, but it was still useless.

He thought of something and looked up at Bo Junyan. "Brother Bo, when Sister-in-law was going to remove the hypnosis and regain her memory, were you as anxious as me?"

"Yes, I was anxious and afraid, but it's not as serious as yours. Your situation is different from mine." Bo Junyan paused for a moment and said, "I'm an irresistible factor, and you're courting death. My wife hasn't given up on me. Xiao Yu has given up on you."

Fu Siye: "...!!"

Brother Bo, at the very least, we grew up together! Your brother is so anxious now. It's fine if you don't comfort me, but you even stabbed me in the heart!

Can we still be considered friends?!

Gong Zeye, who was standing by the side, walked forward and patted Fu Siye's shoulder. "Brother Fu, don't be too anxious. It's useless no matter how anxious you are."

Fu Siye looked at Gong Zeye, a little touched. This was at least a comforting sentence. He was about to say something when...

Gong Zeye continued, "However, Brother Fu, what Brother Bo said just now was especially right. You're really courting death! How much did we persuade you back then? But Brother Fu, how did you respond to us? You really have it coming. You deserve it..."

Fu Siye: "...!!"

What kind of fake brothers did he make?! All of them took the opportunity to stab him while he was down!

However...

Even he himself felt that his Brother Bo was right. He was really courting death!

Because of his pride and because of that matter, he had blinded his heart and made himself unable to see his love for Xiao Yu clearly. He had given her so much pain. He was really...!

The more Fu Siye thought about it, the more he couldn't take it anymore.. He took a deep puff of his cigarette and walked toward the window.

Chapter 1473: What Is Love (28)

Gong Zeye quickly grabbed him.

"Brother Fu, don't take things too hard!"

Fu Siye: "..."

He just wanted to stand by the window and smoke quietly to calm down. What was he thinking?

"Brother Fu, no matter how worried you are, Xiao Yu is still pregnant! You're having a child and have a common bond. It definitely won't be like before. You have to live well!" Gong Zeye saw his dark expression and thought that he was still thinking too much.

"I know. I just..." Fu Siye was about to say that he just wanted to find a place to smoke quietly.

Then Mu Huan walked out.

This made him immediately put out the cigarette in his hand and walk toward Mu Huan. "How is it?"

"So that Xiao Yu can rest well, she'll only wake up tomorrow morning. Don't wait too anxiously. Go in and sleep together. We'll see how it goes tomorrow morning," Mu Huan said.

Fu Siye: "..."

How could he sleep?

He was like a criminal waiting to be sentenced. He didn't know what kind of punishment he would be sentenced to. He was afraid, anxious, and uneasy.

"From the looks of it, you wouldn't be able to sleep. If you can't sleep, then don't force yourself to sleep. If you make yourself tired, anxious, and ashamed, the effects might be better," Mu Huan said.

Fu Siye: "..."

"Alright, be anxious, upset, and scared. We'll go back to sleep first. I'll come over tomorrow morning." With that, Mu Huan turned around and hugged Bo Junyan's arm. "Hubby, I missed you so much!"

Gong Zeye: "..."

How long had they been apart?! Did they have to torture others like this?!

Bo Junyan smiled and lowered his head to kiss her. Then, he picked her up and left without saying goodbye.

Gong Zeye looked at their backs and tsked for a while. "Brother Fu, you could have had that, but you ended up like this."

Fu Siye's lips twitched. "Aren't you the same?"

Gong Zeye: "...!!"

Indeed, he couldn't be too ruthless. Otherwise, he would suffer a backlash!

"Fine. Initially, I wanted to drink with you to help you pass your restless night. But now, I'm not drinking anymore. You can fret on your own!" Gong Zeye waved his hand and left.

Fu Siye did not ask him to stay. Even if Gong Zeye wanted to stay here to drink with him, he had no intention of drinking.

Right now, he only wanted to go in and quietly guard his wife.

After tonight, it would be an extravagant hope for him to protect her like this again.

At the thought of this, he clenched his fists tightly. He didn't dare to think, didn't dare to think of the worst outcome... Even though he knew that this outcome would be the greatest possibility...

Some people say that time was the only constant. No matter if you were happy or in pain, it would pass slowly.

Time was indeed the most constant in this world. No matter who it was, it walked at the same speed for them.

Hence, no matter how tough it was, Fu Siye endured it until Shangguan Yu woke up.

Before Shangguan Yu woke up, Fu Siye felt that the time was very unbearable. He was very afraid and nervous. He wanted to end this torture quickly, but... when he saw her moving as she was about to wake up...

He became even more afraid. He suddenly wanted her to sleep a little longer.

It was just like how a prisoner would be so anxious while waiting to be sentenced. He would want this torture to end quickly.. But when his crime was really about to be announced, he would be afraid that the next moment, he would be given the death sentence.

Chapter 1474: What Is Love (29)

But no matter how scared he was, no matter how much he wanted Shangguan Yu to sleep a little longer...

Shangguan Yu woke up.

When she woke up, she was in a daze for a while before her memory returned.

After regaining her memory, she lay there and stared at the ceiling in a daze.

This made Fu Siye afraid. He hurriedly took out his phone to call Mu Huan and ask her to come over quickly.

However, before he could call Mu Huan...

Mu Huan knocked on the door and walked in.

Her timing was just right.

When she heard knocking on the door and heard Mu Huan's voice, Shangguan Yu seemed to have just woken up from a dream. She turned to look at Mu Huan, and her vacant eyes finally focused.

"Xiao Yu..." Seeing that she had regained her senses, Fu Siye reached out to shake her hand excitedly.

However, Shangguan Yu, who was very dazed and slow just now, quickly retracted her hand. The confusion on her face turned cold.

Fu Siye's hand, which was in the air, was trembling.

"Xiao Yu..." His voice was trembling.

Shangguan Yu looked at him with a complex expression.

She looked at Fu Siye for a long time. "Go out first. I want to calm down."

"Xiao Yu..." Fu Siye was about to say something.

"Please get out." Shangguan Yu's expression became even more complex.

Fu Siye looked at her and had a lot to say, but in the end, he didn't say anything and stood up to leave.

Seeing this, Mu Huan also left. Back then, when she had just woken up after regaining her memories, she had wanted to stay alone for a while.

But who knew...

"Xiao Huan, don't go." Shangguan Yu's current feelings were very complicated. It was so complicated that she didn't know what to think or do. She wanted Mu Huan to stay here and help her.

Mu Huan stopped in her tracks and turned to look at Shangguan Yu.

Before Shangguan Yu could say anything, she understood what she was thinking.

She probably just didn't want to face Fu Siye at this moment, and she didn't know how to face him.

Hence, she turned around and walked toward Shangguan Yu.

Seeing this, Fu Siye looked at Mu Huan pleadingly.

Although he did not say anything, Mu Huan knew what he wanted. Hence, she nodded.

Seeing her nod, Fu Siye felt more at ease and then left reluctantly.

After he left...

Although Shangguan Yu had asked Mu Huan to stay, she did not say anything.

Mu Huan did not speak either. She knew that one needed to think quietly at this time.

Time passed.

Shangguan Yu finally spoke, but her voice was very dry. "Xiao Huan, I don't know what to do..."

Shangguan Yu, before she had been hypnotized and made to forget, had completely given up on Fu Siye.

However, during the time she was hypnotized, her heart had changed. She could not be as determined as before, especially since she was having a child now.

However, she couldn't let go of that pain.

Hence, she didn't know what to do.

He didn't know what she should do.

How should she treat Fu Siye and walk with him to their future?

"Choose the path you want to take the most." Mu Huan paused for a moment before continuing, "But you don't have to be in a hurry to make a choice. The most important thing for you now is to stabilize your emotions. Don't let this affect your body. No matter what, health is the most important." And since she was in the early stages of pregnancy, she shouldn't feel too much pressure.

Shangguan Yu understood what Mu Huan meant. She reached out to touch her stomach.. She would never let anything happen to her child again.

Chapter 1475: What Is Love? (30)

Shangguan Yu thought about it for a long time but still didn't know how to deal with her relationship with Fu Siye. Hence, she decided to listen to Mu Huan. She was no longer in a hurry to decide and give herself any pressure. The most important thing for her now was to adjust her mentality and take care of her body so that her child could grow up healthily.

She could not let her thoughts affect her child!

Actually, Gu Lingyin was right. She was the one who had killed her child. If it weren't for her losing control and letting the pain dominate her, she wouldn't have missed that step and wouldn't have lost her child.

As she thought of this, Shangguan Yu's heart tightened. She seemed to have returned to the pain of that night. That self-reproach and pain made her face turn paler.

"Sister Yu..." Mu Huan held Shangguan Yu's hand and pulled her out of the dark pain. "Sister Yu, the past is in the past. It's useless for you to think about it. The most important thing is the present."

"I know. I will stop." Shangguan Yu knew that she couldn't think too much about it now. She couldn't think about the past anymore. The past was in the past. No matter how guilty she felt, it was useless.

The most important thing now was that she couldn't lose this child again. She had to adjust her mentality!

"I'm fine. I just recalled those things after I regained my memory. It won't happen again." As she was recalling the past, it was as if she had just experienced it again. She couldn't help but think about it.

"Okay." Mu Huan did not say anything else.

After Shangguan Yu, who was fine, calmed down, she wanted to go home. She had never liked to come to the hospital, let alone stay here.

Because she had sent her parents, grandfather, and first child off in such a place...

...

When they heard that Shangguan Yu had been hospitalized and regained her memory, Fu Siye's parents came.

Shangguan Yu couldn't face Fu Siye. She didn't know how they should proceed from now on.

However, she could not reject her in-laws' expectant gaze.

They had treated her very well since she was young, as if she was their biological daughter. No matter what, they would always stand on her side. They were already old and looked forward to having a grandchild.

"Xiao Yu, if you don't want to go home with us, you don't have to force yourself. You just have to let the two of us follow you. If you don't want to see Siye in the future, we won't see him either!" Mrs. Fu had always felt that her son was in the wrong. Now that her daughter-in-law had regained her memory, she couldn't face her son. If she didn't want to see him, she wouldn't see him either. It was fine as long as she had a daughter-in-law and a grandchild!

Mr. Fu quickly added, "That's right! Just let the two of us follow you! We don't want Siye anymore!"

Shangguan Yu: "..."

Fu Siye: "..."

Was he being betrayed...

"Xiao Yu, we'll stay at your house with you. Let's stay away from him from now on! We won't see him! We'll ignore him!" Mrs. Fu said as she pushed Fu Siye to the side.

Shangguan Yu: "..."

She could not reject her in-laws to begin with. Now that they were like this, even more she could not reject them.

In the end, Shangguan Yu brought her in-laws back to her house.

And Fu Siye was rejected.

Shangguan Yu wanted to calm down for a while. She wanted to calm down for a while before thinking about how the two of them would proceed.

Fu Siye was afraid that it would affect Shangguan Yu's emotions, so he could only say nothing and watch them go in while he stood outside alone.

Chapter 1476: What Is Love (31)

Fu Siye was afraid that it would affect Shangguan Yu's emotions, so he could only say nothing and watch them go in while he stood outside alone.

Three months passed in the blink of an eye.

If it weren't for the fact that every pregnancy checkup was normal and she could still hear the fetal heart now, Shangguan Yu would have felt that she was pregnant with a fake pregnancy. This was because she didn't have any pregnancy reaction at all. Other people would vomit badly in the early stages of pregnancy, but she ate so well that she became much rounder.

She wasn't fat, but she had gained a few kilograms.

"I envy you, Sister Yu." Mu Huan looked at Shangguan Yu, who was eating all sorts of good food, enviously.

She was also pregnant, but her reaction was huge. She loved to eat so much, but now, she could only eat vegetables and porridge. If there was anything fishy, she would vomit non-stop.

She was so tired.

Shangguan Yu knew that Mu Huan was throwing up badly. She patted her shoulder sympathetically and said, "Bear with it. It'll pass soon."

"I'm only 40 days in. There's still a long time before I can get out of the morning sickness." Mu Huan felt that, given her situation, she would have to vomit for at least another month.

When she thought about how she could only eat bland food for the next month, especially how she couldn't eat the seafood she loved, she wanted to cry.

"It's actually quite good to vomit. Look at me. My tummy hasn't even shown yet, but I've already gained so much weight. In the end, I'll definitely be a fatty! Now that I've gained so much flesh, I don't like it. I can't think about the future." No matter what, women didn't like to become fat.

"I want to put on weight! I want to eat!" Mu Huan was a person who loved to eat. It was a huge torture for her to see all sorts of delicacies every day.

Shangguan Yu: "..."

This was fate...

As someone who had no interest in food, she didn't throw up. Why did she eat so well? Xiao Huan loved to eat, but she threw up after eating some meat...

When Bo Junyan, who was sitting by the side, heard Mu Huan's words, he reached out and pulled her into his embrace. "Let's have this one. After we give birth, we'll ignore them and eat whatever we want from then on!"

Every time he saw Mu Huan throwing up so badly, Bo Junyan didn't want this child. However, he didn't dare to say this. Not to mention his parents, but to his wife, this child had yet to mature and she already loved them so much. If he dared to say that he didn't want this child, she would immediately not want him!

He knew that they had a good life together. Once they had a child, they would steal his wife!

"What do you mean by ignoring them after giving birth?" Mu Huan looked at Bo Junyan with a dangerous gaze.

Bo Junyan: "..."

Look! He couldn't even say a word now! He only said that because he felt sorry for her!

"Hubby, you can't just ignore them after I've given birth. You have to think about loving the baby, understand?" Mu Huan said as she picked up his hand and placed it on her stomach.

Ever since they found out that she was pregnant, she had never seen her husband very happy.

Bo Junyan: "..."

"You have to love the baby obediently. Don't be jealous of those useless things. No matter how many babies we have in the future, the one I love the most is you, the big baby!" Mu Huan said as she caressed Bo Junyan's head.

Bo Junyan: "...!!"

It was a little embarrassing to be called a big baby.

However, his wife's love for him still made him happy.

He lowered his head and kissed her.

Shangguan Yu: "..."

It wasn't that she didn't like to seek out Mu Huan. But this time, she had been attacked by ten thousand tons of lovey-doveyness.. At present, she could basically be said to be a single mother. She really couldn't take it!

Chapter 1477: What Is Love (32)

Just then, Fu Siye walked in.

When he saw Shangguan Yu, his face was full of surprise.

Shangguan Yu: "..."

It had to be said that his acting skills were getting better and better. He clearly knew that she was here, and he had deliberately asked Mu Huan to invite her over. It was so that he could meet her but he could act as if he had really met her coincidentally and didn't know that she would be here.

She met Fu Siye's surprised and expectant eyes.

Shangguan Yu instinctively looked away. She knew what he was expecting, but... she had not thought about it yet.

The more she dragged it out, the more she didn't want to think about their problems. Hence, after three months, not only did Shangguan Yu not think about how she and Fu Siye should go on, but she also didn't want to think about it.

Although the current situation wasn't very good, she didn't want to make a decision either. This was because she couldn't be as determined as before. She couldn't love him firmly and be with him like she did when she lost her memory, and she couldn't be as determined as before to never interact with him again.

After losing her child, Shangguan Yu had completely given up on Fu Siye. For the past three years, no matter what he did, her heart had never wavered. She felt that it was completely impossible between him and her. That she would never be with him again in this life.

At that time, she was so determined.

But now, she was no longer as determined as before. Her mentality that she thought would never change had changed.

Sometimes, a person's mental state would change very suddenly. Even she didn't expect it. She didn't know that she could change.

But even if it had changed...

She had not returned to how she was when wanted to be with him so much.

Hence, she was stuck in a dilemma.

It was fine when she couldn't see Fu Siye and she could suppress her thoughts. Now that she saw him and met his expectant eyes, she couldn't help but think about what she should do and how they should go on.

However, she couldn't think of anything. Just thinking about it gave her a headache and made her feel terrible.

Hence...

She looked up at Fu Siye. "Are you leaving or am I leaving?"

Fu Siye's eyes, which were sparkling with anticipation, instantly darkened. He wanted to say something, but in the end, he said, "I'll leave."

In the past three years, he had said everything he could say and had done everything he could. There was actually nothing else he could say.

If she didn't want to see him, he could only disappear from her sight.

Shangguan Yu looked at his departing back and her heart suddenly ached.

She loved him so much...

Shangguan Yu had given up on Fu Siye and could no longer be with him, but it wasn't that she didn't love him anymore.

She still loved him. Her love for Fu Siye had long penetrated deep into her bones. Unless she died, that love would always be there.

Previously, she had given up and was so determined to divorce Fu Siye because she had lost her child. It made her hate herself, hate Fu Siye, hate herself so much that she couldn't make herself happy, and she couldn't be with Fu Siye anymore.

And now, because she had this child and because she had lost her memory after being hypnotized, her mental state had changed. She could not be as determined as before and force herself not to care about him.

Hence, her heart ached when she saw his lonely back. She even wanted to ask him to stay.

But in the end, she did not speak.

She thought that she still needed time, time to completely fade that pain.

Seeing this, Mu Huan and Bo Junyan did not say anything. They had to think this through themselves.

After Fu Siye left the main house, he did not leave the Bo family residence.

Chapter 1478: What Is Love (33)

Instead, he turned around and went to a hidden place. He sat there and looked at Shangguan Yu through the French window in the living room.

He was no longer as afraid as he was three months ago.

It wasn't that he felt that after having a child, the two of them would eventually be together.

Instead, after he had calmed down and settled down these past few days, he had become so crazy that he couldn't bear it anymore and let go of that greed.

He completely realized how selfish he was in the past. Although he realized that he loved her, he had never thought about her no matter what. All he thought about was that he couldn't lose her. No matter what, he had to have her and be with her!

If he couldn't be with her anymore, he couldn't live!

He had never thought about what she wanted and what kind of life would make her happier.

Now, he knew that he was wrong. Whether it was before or after he realized that he loved her, he was in the wrong.

If she would have lived a happier life without him, he should have let her be.

He shouldn't have wanted to be with her by hook or by crook.

Although he still hoped to be with her and live a happy family of three in the future...

He was also prepared. Just like this, he could only secretly pay attention to their lives for the rest of his life. As long as they were fine, he was prepared to watch from the side.

Hence, not only was he not anxious and afraid now, but he even felt that sitting far away and watching her be fine was also a very happy thing.

Although Fu Siye had already restrained the heat of his gaze, Shangguan Yu still felt his burning gaze.

She suddenly turned her head, making Fu Siye unable to look away in time, let alone stand up to avoid her.

Hence, Shangguan Yu saw him hiding outside.

Fu Siye was about to stand up and leave in fright...

However, Shangguan Yu did not say anything. Her eyes did not show any intention of asking him to leave. She only retracted her gaze and stopped looking at him.

This made Fu Siye stop in his tracks. He knew that if he was found out, he should leave. However, he couldn't bear to leave. She was usually locked at home. If he wanted to see her, he could only see her through the photos his parents had sent.

However, photos could not compare to people in the flesh. Hence, he had begged his Brother Bo to have Mu Huan ask her to come over.

He had created such a coincidental encounter to let her see and remember that there was someone like him. He wanted her to think about the possibility of being with him a little and to see her more.

He missed her so much... so much...

After Shangguan Yu got pregnant, Fu Siye went to read many pregnancy books. No matter which book, they stated that it was important to have a husband's company because pregnant women would become more sensitive.

Hence, he really wanted to be by her side and take care of her throughout her pregnancy.

However, he knew that he could only think about it.

Now, not only was he afraid that his pestering would make her agitated, but he also really did not dare to pester her.

All he could do now was wait.

In the past, Mu Huan really couldn't stand Fu Siye. She really wanted Shangguan Yu to dump him and find another one. But now that she saw Fu Siye's pitiful appearance, where he didn't dare to say anything and only dared to hide in the distance and peek, she couldn't help but want to say good things for him. However, she still didn't say anything.

Even she looked at Fu Siye pitifully, let alone Shangguan Yu.

Seeing his brother like this, Bo Junyan couldn't help but want to say something.. However, seeing that his wife wasn't going to say anything, he didn't say anything either.

### **Chapter 1479: What Is Love (34)**

After regaining her memory, although Shangguan Yu rarely saw Fu Siye, she could feel his change.

Previously, when she wanted to divorce him, he had used all sorts of methods to not divorce her. He even found someone to hypnotize her. No matter what he did, he was very tough and could not tolerate her rejection.

And now, if she said that she didn't want to see him, he wouldn't appear in front of her. Although she could feel how much he wanted to see her, he would at most create some so-called coincidental encounters and would never go overboard. There was no need for her to say anything.

She had known Fu Siye since she was born. She knew how domineering and strong he was, but now, he had become so...

"Xiao Yu, come and try this..." Mrs. Fu walked over with a plate of good food.

Shangguan Yu retracted her thoughts and looked at her mother-in-law. When she saw the things on her plate, she widened her eyes in surprise. "Mom, where did you get this? Didn't you not sell it for a long time?"

Mrs. Fu brought over a type of food that Shangguan Yu loved to eat when she was young, but this food was no longer being sold.

"This is from Siye..." Mrs. Fu suddenly stopped. "Don't worry about where it came from. Come and try it. Is it the food you remember?"

Although Mrs. Fu kept saying that she didn't want Fu Siye with Shangguan Yu anymore, he was her biological son and her only son. How could she really not want him? Every time Fu Siye did something for Shangguan Yu, she would pretend to say it inadvertently to let Shangguan Yu know that it was Fu Siye's doing.

Shangguan Yu knew Mrs. Fu's thoughts, but she had never said anything.

Her indulgence made Mrs. Fu show more in front of her.

After Shangguan Yu happily finished eating the food on the plate...

Mrs. Fu sighed.

Shangguan Yu asked concernedly, "What's wrong, Mom?"

"Last night, at around 2 am, I suddenly couldn't fall asleep, so I got up to take a breather outside. In the end, I saw Siye still standing on the balcony looking at your room. He was so lonesome... Although I know that what he did was very wrong and unforgivable, he was still born after I carried him for ten months. My heart couldn't help but ache..."

Mrs. Fu sighed again.

Shangguan Yu: "..."

Mrs. Fu was a smart person. She said that she felt sorry for her son, but she did not say much. Very quickly, her tone changed. "But thinking about it, he deserves it! Who asked him to do such things in the past?! Later on, he hypnotized you without your consent! You can't forgive such a person easily!

"Everything that happened today is because of him!"

No matter what Mrs. Fu said, Shangguan Yu did not speak.

However, even though she did not speak, Mrs. Fu could tell that her heart was gradually softening.

In the past, Bo Junyan had always been by Mu Huan's side. After Mu Huan got pregnant, he stayed by her side even more. He even handed over the company's matters to his father and asked him to come out of retirement while he focused on accompanying Mu Huan.

Mu Huan's stomach had yet to show, but Bo Junyan was so nervous that he didn't allow her to do this and that.

"I... I really can't take it. He was supposed to be a cold and aloof CEO husband, but now, he's changed..." Mu Huan looked at Bo Junyan, who was not far away, and shook her head. She didn't know what to say to him.

When she met Shangguan Yu, she was only at Shangguan Yu's house but he had still wanted to follow her.

It was fine if he followed her, but if she wasn't going out, he wanted her to stay where he could see her.

Seriously...

Chapter 1480: What Is Love? (35)

"Don't hate me for this, but you make many people want to die of envy! I don't even like seeing you anymore. Whenever I see you, I get stuffed with so much PDA that it makes me feel very uncomfortable!" Shangguan Yu was being sincere.

No matter how meticulous she was being taken care of by her in-laws, she could not tell her mother-in-law about the discomfort of her pregnancy, especially at night. Whenever she felt uncomfortable and had to get up to do something even if she did not want to move...

How should she put it...

In short... it was a long story.

"You can do the same. I think Fu Siye has changed a lot. As long as you're willing, he'll be absolutely loyal and clingy. He won't be inferior to my man," Mu Huan said with a smile.

Everyone saw Fu Siye's change. Whenever they saw him, they couldn't help but feel sorry for him.

Shangguan Yu lowered her eyes and did not speak.

Mu Huan did not continue this topic.

...

Very quickly, Shangguan Yu's stomach became bigger. After her stomach became bigger, it became inconvenient for her to move around. This was especially so since she could eat during her pregnancy. She had become much fatter. Now, the doctor had asked her to pay attention to her diet. It was best to eat less.

Seeing how big her stomach was, Mrs. Fu was afraid that she would be in trouble at night and wanted to sleep with her.

Although Shangguan Yu had a close relationship with her mother-in-law, her mother-in-law's health was not very good. Her mother-in-law was going to lose sleep. If she were to follow her with the mentality of taking care of her at night, she would not be able to sleep at night. Like this, her body would become worn out.

Hence, she rejected her offer and said that she would wait until the month she gave birth.

Although Mrs. Fu was worried about her, she did not force her to go along.

On this day, after Shangguan Yu had her dinner, she went for a walk in the garden. For some reason, her leg tilted and she fell forward.

This frightened her so much that her heart stopped beating!

Even though she instinctively reached out to support herself, the consequences if she fell like this... were unimaginable.

Just as she closed her eyes in despair and thought about death...

Suddenly, a strong hand grabbed her upper body and caught her firmly.

The despair she was expecting upon collapsing did not come.

Shangguan Yu, who had her eyes closed, slowly opened them.

Before she could regain her senses...

She was helped up straight and met Fu Siye's anxious and concerned face.

"Xiao Yu, how do you feel? Are you feeling uncomfortable anywhere?"

Shangguan Yu looked at Fu Siye, speechless.

This made Fu Siye even more anxious. He bent down and picked Shangguan Yu up before walking out quickly. "Don't be afraid. I'll send you to the hospital now. You'll be fine!"

Shangguan Yu looked at the anxious him for a while before saying, "I'm fine... You don't have to send me to the hospital..."

Apart from her racing heart, she did not feel any discomfort.

“Let’s still go to the hospital to have you looked at!” Even though Shangguan Yu said that she was fine, Fu Siye was still very afraid.

When he saw her almost falling earlier, he was so frightened that his heart stopped beating. Now, he was drenched in cold sweat. He didn’t dare to think about what would have happened if she had fallen. Just thinking about it made him want to go crazy!

Shangguan Yu had screamed when she was about to fall.

Her scream had attracted the attention of the Fu couple. They ran all the way over and were frightened when they saw Fu Siye carrying Shangguan Yu and running out.

“What... happened? What... happened?” Mrs. Fu stuttered in fear.

“Xiao Yu almost fell...” Fu Siye’s voice was trembling.
