

Fake Marriage 1521

Chapter 1521: Not All Love Can Be Salvaged (5)

If one day, his boss suddenly realized who he loved only when it was too late, he would suffer for the rest of his life. That would be too sad!

He couldn't watch such a regretful thing happen to his family again!

Long Feilei: "..."

He really didn't know what kind of girl he liked.

"Look at you. You don't know what type you like."

Long Feilei: "..."

He was like a tick who wouldn't let go.

"How about this? Close your eyes."

"What are you doing?"

"If I ask you to close your eyes, then close them first."

Long Feilei frowned. "I'm the boss!"

He actually dared to use a commanding tone on him.

"I know you're the boss, my biological brother!" The second son of the Long family had a look on his face that said, I know you're the boss. Can you please close your eyes first?

Although Long Feilei was impatient, he still closed his eyes.

"Now, I want you to think about women. Who's the first woman you think of?" It was said that this test was very accurate.

Long Feilei: "..."

"It's Yuqi, right?"

Long Feilei: "..."

"The first woman you instinctively thought of was Yuqi. This means that you actually like Yuqi! You don't like her as a sister, but as a man and a woman!" the second son of the Long family said firmly.

"Stop talking nonsense. I instinctively thought of her because I'm most familiar with her!" Long Feilei knew that ever since Huo Yuqi decided she wanted to give up on him, there had been something wrong with him.

But if the woman he instinctively thought of upon closing his eyes was Huo Yuqi, did that mean that he liked her?

No matter what, she should be the closest to him, right?

After all, apart from matchmaking sessions, he had never interacted with any other women. He had long forgotten most of the women he had interacted with. Naturally, he would not think of them.

Furthermore, Huo Yuqi had been by his side since she was young and was most familiar with him. Naturally, the first person he thought of was her.

“Our mother is more familiar with you than Yuqi. Why did you think of Yuqi instead of our mother? Isn’t our mother a woman?” The second son of the Long family raised an eyebrow.

Long Feilei: “...”

What was this?!

“Brother, let me tell you...”

“Alright, stop talking nonsense here. There’s a lot of twisted logic!” Long Feilei interrupted him, not wanting to hear his useless words anymore.

The second son of the Long family grimaced. If this wasn’t his biological brother, he would have ignored him long ago!

“Brother, she’s about to get engaged, yet you still can’t figure out what you want. Why don’t you hurry up and figure it out? When she gets married, even if you think about it again, it’ll be too late!” If he wasn’t his biological brother, he wouldn’t waste his breath on him!

Just as he was about to say something else...

Long Feilei said, “Yes, I’ll think about it.”

The second son of the Long family was stunned. In the past, when he said such things, his boss would always say, “What are you thinking?! It’s impossible between me and Yuqi!”

Now, he actually said that he would think about it!

This change was huge!

There was hope! There was hope!

“Brother, think about it carefully! Let go of everything and think about it! From now on, you might as well not go to the company. It’s fine as long as Third Brother and I are there!” He had to settle his marriage first before anything else!

Long Feilei’s lips twitched. Did he have to be so exaggerated?!

“Brother, don’t think that it’s an exaggeration. Think about Feiting. If you don’t want to be as miserable as him, then hurry up! You still have a chance now!”

Long Feilei: “...”

When the second son of the Long family saw him like this, he wanted to say something more. However, he suddenly recalled that sometimes, when people urged him too much, he would not want to do anything even more.. Hence, in the end, he did not say anything.

Chapter 1522: Not All Love Can Be Salvaged (6)

Long Feilei wanted to think about it carefully, but sometimes, when you didn't want to touch on something, you wouldn't think about it no matter what. Even if there was a lot of time, you wouldn't want to think about it. Hence, though another month had passed after the Bo family's 100-day banquet, Long Feilei still didn't think about what he wanted.

One day, he read in the newspaper that Huo Yuqi and Qi Rui were getting married.

It was reported that they were getting engaged at the end of this month and getting married at the end of the year.

It was no exaggeration to say that Long Feilei was thunderstruck when he saw this news!

He was stunned!

By the time he snapped back to his senses, he was already standing in front of Huo Yuqi.

Huo Yuqi, who was about to leave, was stopped by him for a long time. Before he could say anything, she said, "I have something on. Please tell me whatever it is quickly. I have to go."

In the past, Huo Yuqi would have been secretly delighted because of his abnormal behavior. She would have wondered if he had realized something. But now, she wasn't. There was no follow-up to his abnormal behavior. She didn't want to look forward to it or be disappointed again. Now, she only wanted him to stay away from her.

If he didn't appear in front of her again, she would soon be able to completely let go and forget about him and be moved by another man. She really didn't want him to tease her heart from time to time.

With that, she walked around Long Feilei and was about to leave.

Seeing that she was about to leave, Long Feilei instinctively said, "Don't get engaged to Qi Rui! And don't marry him!"

Huo Yuqi was stunned for a moment before asking, "Why?"

Long Feilei: "..."

Why? Why? He was so shocked to see that they were getting engaged that he came to see her without even thinking. He...

Long Feilei knew that there was something wrong with his heart right now. He vaguely realized something, but he didn't dare to be sure. He couldn't be sure. He was afraid that because this wasn't a very sure feeling, it would only hurt Huo Yuqi.

After all, it was fine to move another woman only to let her down.

But not her.

He couldn't hurt her. What if his feelings were uncertain? What if he didn't love her or couldn't walk with her for the rest of his life?

Actually, Long Feilei had never been cruel to Huo Yuqi. He cherished this little girl too much and didn't want to hurt her. If he couldn't be sure, he couldn't give her a trace of hope.

"Why?" Huo Yuqi asked again.

Faced with her questioning, Long Feilei could only say, "He's not a good person! He's with you only for the inheritance!"

When Huo Yuqi heard this, she lowered her eyes and smiled bitterly. She was really... looking forward to something...

After a while, she said, "I know."

Long Feilei was stunned. "You know?"

"Yes."

"What do you know?" Don't tell him that though she knew that Qi Rui was with her for the inheritance, she was still with him!

"I know Qi Rui is with me for the inheritance."

Long Feilei: "...!!"

Then, he said angrily, "Are you stupid? You know that he is with you for the inheritance and for your power, yet you're still with him!"

"Yes, I'm stupid." Huo Yuqi nodded. Then, she said, "But even if I'm stupid, I'm willing, and I'm happy to be with him. This has nothing to do with you. My family knows too and they don't object, so you don't have to say anything! If you came looking for me over this, you can go back."

Long Feilei: "...!!"

"Did your rebellious period come late?" In the past, she would listen to whatever he said!

Chapter 1523: Not All Love Can Be Salvaged (7)

"It's not that my rebellious period came late. It's just that you don't have to worry about my matters. You're nothing to me. Please stay away from me from now on. If you can't appear in front of me, then don't!" Don't disturb her heart that had finally calmed down!

"What do you mean I'm nothing to you?! Who brought you up?!" The Huo family and the Long family were neighbors. The two families had a good relationship. When Long Feilei was young, he would go to the Huo family's house to play once he started school. He had wanted a sister since he was young, so he loved to hug Huo Yuqi.

"I was brought up by a nanny. What's wrong?"

"You..." Long Feilei felt that Huo Yuqi was really a heartless little thing. Even if they weren't a couple, they were childhood sweethearts who had grown up together. When they were young, she kept calling him brother. He was even closer to her than her biological brother. Now, she actually said that he had

nothing to do with her. That he had no right to say anything about her matters and wanted him to go as far away as possible!

Huo Yuqi did not want to say anything more to Long Feilei and left on her own. However, she had only taken a few steps when Long Feilei grabbed her.

“Long Feilei, what exactly do you want?! Let me tell you, you’d better leave me...” Before Huo Yuqi could finish speaking, her mouth was sealed.

Her eyes widened in shock.

Then, she met Long Feilei’s eyes.

She was stunned.

Long Feilei looked at her like this and could not regain his senses. He did not know what was wrong with him. First, he rushed in front of her without even thinking. Now, because he did not want to hear her tell him to stay away from her, he kissed her like this. He...

Was he crazy?

Was he crazy?!

When the Huo couple, who were about to leave the house, saw this scene, they were stunned.

“Wifey, am I seeing things? That man looks like the boss of the Long family!”

“Yes, you aren’t seeing wrongly.”

“Isn’t our daughter dating Qi Rui? Why is she kissing the Long family’s boss?”

“I don’t know,” Meng Yueying said as she walked to the side, bent down, picked up the stick at the door, and walked toward Long Feilei and her daughter.

“Wifey, where are you going?!”

“I’ll kill that Pigsy who dared to kiss our daughter!”

What did he, Long Feilei, take Meng Yueying’s daughter for? In the past, he had humiliated her daughter like that, made her lose face, and made her daughter tired after following him every day. As a mother, she wanted to cry. Now, he had actually kissed her daughter when her daughter already had a golden opportunity!

She would beat him to death!

“Wifey, don’t be rash!”

“I’m not being rash at all!” Meng Yueying said as she raised her stick and swung it down.

Mr. Huo widened his mouth in shock.

Fortunately, Long Feilei was a skilled person. Even though he was shocked, his body’s instincts still made him avoid that ruthless rod in time.

But right after that, Meng Yueying's rod swung at him again.

At this moment, Huo Yuqi and Long Feilei snapped back to their senses.

When Huo Yuqi saw her mother, who actually ignored her image and swung at Long Feilei with a stick like a lunatic, she shouted in shock, "Mom, what are you doing?!"

"I want to kill him!" Meng Yueying said fiercely.

In the past, no matter how much her daughter had suffered, she had never looked for Long Feilei to settle scores. At most, she would just say a few words to him when they bumped into each other. This was because her daughter had chosen to like him. Hence, no matter what, she should bear it.

A person's feelings could not be forced.. It was not his fault that Long Feilei did not like her daughter.

Chapter 1524: Not All Love Can Be Salvaged (8)

Hence, no matter how sad and heartbroken she was, she could only watch and wait for her daughter to let go.

It hadn't been easy for her to wait for the sun to rise. Now that her daughter had finally let go, it was time for her to be with another young man. But this bastard, he actually dared to cause trouble!

This was something she could not tolerate!

"Mom... Mom... what's wrong with you?" Huo Yuqi stuttered when she saw her mother hit him again.

"Didn't I say it already?! I'm going to beat this d*mn b*stard to death!" What the f*ck! Who did he think she was?!

After Meng Yueying said that, she swung the rod once more, but it missed again.

This made her even angrier. She turned to glare at her husband. "What are you waiting for?! Catch him! I'm going to beat him half to death today!"

Long Feilei: "...!!"

How did he provoke her majesty? Just before, she wanted to kill him, and now, she wanted to cripple him!

"Auntie Huo, what's wrong?"

"What's wrong?" Meng Yueying was so angry that she laughed. "You still have the cheek to ask me what's wrong?"

Long Feilei: "..."

Why was he receiving such a treatment... He clearly didn't do anything. He hadn't even seen her recently...

Suddenly, he thought of something.

He had kissed Huo Yuqi just now!

He...

While he was in a daze...

Meng Yueying took the opportunity to hit him hard on the back.

The hit was so strong that Long Feilei, a tall man, stumbled.

“Mom!” Huo Yuqi shouted in shock as she pounced on Meng Yueying and grabbed her hand tightly. No matter what, she couldn’t let her continue fighting.

“Go away! If I don’t cripple him today, he’ll think that my daughter is easy to bully!” Meng Yueying flung Huo Yuqi away forcefully.

Meng Yueying had doted on her children since they were young. She couldn’t bear to give her daughter any grievances and say anything about her. Long Feilei actually dared to come to the Huo residence to do such a thing after hurting her daughter!

Meng Yueying used to be so angry, but because her daughter liked him, she couldn’t do anything. She could only suppress the anger in her heart. Usually, the more she held it in, the more upset she would feel. Now, she was completely furious!

“Mom! Don’t be like this!” Huo Yuqi, who had been flung away, quickly hugged Meng Yueying again. She looked at Mr. Huo and said, “Dad, help me stop Mom!”

“Wifey, don’t be angry.”

As he spoke, he reached out for the stick in Meng Yueying’s hand.

Huo Yuqi heaved a sigh of relief.

But before she could completely heave a sigh of relief, she heard him speak again.

“It’s not worth it to ruin your body because of this kind of anger. Besides, you didn’t hit him hard enough. Give me the rod, I’ll do it!” Mr. Huo had been stunned by his wife’s sudden action at first, but he was also angry. His anger was greater than his wife’s. Hence, he had only stopped his wife verbally and hadn’t done anything.

Just now, when she saw that Meng Yueying could not hit Long Feilei, he had been so anxious that he wanted to have a go himself. Now, the opportunity had come.

Huo Yuqi: “...!”

Long Feilei: “...”

When Meng Yueying heard this, she was amused. She immediately handed the stick in her hand to her husband. “Beat him up until he’s crippled!”

If you end up killing him, you’ll have to pay with your life. Just cripple him!

She would compensate him later. After all, the Huo family had plenty of money!

“Mom... Dad! Don’t be like this!” Huo Yuqi let go of her mother and went to stop her father.

No matter what, they couldn’t hit someone like this...

Chapter 1525: Not All Love Can Be Salvaged (9)

Long Feilei: “...”

When he was young, the Huo couple had treated him very well. But ever since Huo Yuqi grew up and began to chase after him, the two of them had never liked him. However, that was only human nature. He did not take it seriously. He did not expect that the grievances in their hearts would become so strong that they’d want to cripple him...

Huo Yuqi could not stop her parents. She rushed over and hugged Long Feilei, using her body to protect him.

When she hugged Long Feilei, his entire body shuddered. He couldn’t tell what he was feeling right now. In short, his heart trembled violently.

“Dad, Mom, hit me if you want to hit someone!” Huo Yuqi shouted as she hugged Long Feilei.

Seeing this, Meng Yueying shouted angrily, “What are you doing? Come back!”

As she spoke, she reached out to grab Huo Yuqi. Why was she so protective of a man who didn’t want her?!

Huo Yuqi turned around and looked at Meng Yueying in a spoiled and helpless manner. “Mom...!”

Meng Yueying had always doted on her daughter. Although she only called her Mom, she also caught something else. After thinking about it, she couldn’t really cripple Long Feilei. Hence, she looked at Long Feilei and said ruthlessly, “Mr. Long, get lost immediately! From now on, you’re not allowed to come to my house again! And you’re not allowed to touch my daughter again! Otherwise, our two families will start a war!”

Long Feilei: “Auntie...”

“Don’t call me Auntie! I’m not that close to you. Get lost immediately!” Meng Yueying really couldn’t bear to see this person who had made her daughter suffer so much and become a joke.

Long Feilei wanted to say something again.

Huo Yuqi looked at him and pleaded, “Hurry up and leave!”

She had never seen her mother so angry that she disregarded her image.

Seeing the current situation, Long Feilei could not say much. He said, “Uncle Huo, Auntie Huo, I’ll take my leave first. I’ll treat you to a meal another day to apologize.”

“Is my family unable to afford food? Do I need your treat?! Scram!” Meng Yueying waved him away impatiently.

Long Feilei did not say anything else and turned to leave.

Huo Yuqi looked at his departing back and couldn't help but wonder why he had kissed her...

Why did he suddenly kiss her...

Why did her first kiss suddenly get taken?

Why did he do this? Why did he tease her? Her heart, which had finally calmed down, he...

Seriously...!

“You're not allowed to look at him! You're not allowed to think about him again! Just have a good relationship with Qi Rui!” Meng Yueying turned her daughter's face away. She was not allowed to look at Long Feilei again, and she was not allowed to think about that hooligan.

“Qi Rui treats you so well. With his personality, he'll definitely treat you well for the rest of his life! He's the only one. Don't be swayed and think too much!” There was no mother who didn't know her daughter best. Meng Yueying knew that her daughter had yet to truly let go.

But since she had decided to let go and develop a relationship with someone else, then she shouldn't turn back. If she continued to persist like this, she would soon be unable to completely let go of Long Feilei.

Between being in love and the one being loved, Meng Yueying wanted her daughter to be loved.

“Mom, Qi Rui and I aren't what you think. I...”

Before Huo Yuqi could finish speaking, Meng Yueying said, “You're about to get engaged to Qi Rui. Don't think too much. I can tell you directly that I won't allow you to have anything to do with the Long family!”

Meng Yueying knew what Huo Yuqi wanted to say. She also knew about their relationship, but she had always pretended not to know.. She wanted the two of them to become real.

Chapter 1526: Dreams Come True (1)

Every parent wanted their child to have only happiness.

Meng Yueying did not care what Long Feilei was thinking now. She did not want her daughter to have anything to do with Long Feilei anymore.

“Mom...” Huo Yuqi was about to say something...

“You said it yourself before. Since you gave up on Long Feilei that day, your marriage will be handed to me to decide!” Meng Yueying said forcefully.

In the past, she couldn't bear to stop her daughter forcefully and had allowed her to suffer so much grievance and humiliation. Now, she had to be tough!

"That's what I said in the past, but..." Huo Yuqi suddenly didn't know what to say. This was because she couldn't understand her own heart now. She didn't know what Long Feilei wanted to do or why he suddenly kissed her. There was no point in saying anything now.

Hence, she did not continue.

"Mom, Qi Rui and I have agreed to eat together. I'll go out first." She would talk to Long Feilei later.

"You really have an appointment with Qi Rui?" Meng Yueying looked at her suspiciously, afraid that she wanted to chase after Long Feilei.

Huo Yuqi's lips twitched. "If you don't believe me, give Qi Rui a call and ask!"

Meng Yueying did not call Qi Rui. She only said, "Yuqi, I don't want to force you to be with anyone. You know that I want you to be happy more than anyone else. I really can't see you being wronged by Long Feilei anymore."

Huo Yuqi lowered her eyes. "I know."

Meng Yueying reached out and gently caressed her head. "You're my heart. If you're in pain and upset, Mom will be in even more pain and discomfort. Don't be swayed by his uncertain actions and become like before..."

"I know." Huo Yuqi lowered her head. She knew that her parents had suffered all these years. Because of her, they had suffered a lot.

People had mocked their daughter for being a b*tch who didn't know how to love herself. She had been rejected so badly, yet she kept chasing after that person...

"It's good that you know. Go." Meng Yueying patted her shoulder.

The Long residence...

"Big Brother! Big Brother! I heard that you were beaten up for molesting Yuqi at the Huo residence!" The second son of the Long family rushed back when he heard this news.

Long Feilei glanced at him and did not speak.

"I heard that you kissed Yuqi! Brother, have you finally thought it through and understood your heart?" The Long family used to have a good relationship with the Huo family, so the servants of the two families were also very familiar with each other. Hence, even though the Huo couple had strictly forbidden the news of Long Feilei kissing Huo Yuqi from being spread, the second son of the Long family still found out.

Long Feilei did not speak because he did not know if he had figured it out or not. Even now, he did not know why he had acted rashly.

The second son of the Long family, who did not get a response from him, frowned. "No way, Big Brother. You've already kissed her, yet you still haven't seen your heart clearly?"

Long Feilei was silent for a while before saying, "I've known her since she was young. When she was just born, I even hugged her and always treated her like a sister. Tell me..."

If he liked Huo Yuqi, wouldn't he be a beast?

"Her surname is Huo, and our surname is Long. Why would you think that she's your sister?"

"Don't tell me you don't treat Yuqi as your sister?" Long Feilei asked.

The second son of the Long family: "..."

He really treated Huo Yuqi as his own sister.

However, he couldn't say this.

"I don't treat her as my sister. I've always treated her as my future sister-in-law!"

Chapter 1527: Dreams Come True (2)

"Ha..." Long Feilei sneered, indicating that he did not believe his nonsense.

In the end, the second son of the Long family said, "Yes. Previously, when I thought that you didn't have her in your heart, I treated her as a sister next door. But even after I saw the news that she might be getting engaged to Qi Rui, I didn't rashly run to her house to force a kiss..."

Long Feilei: "..."

After a moment of silence...

"So, am I a pervert?" He actually kissed his sister, whom he had seen growing up.

The second son of the Long family: "..."

How did his boss come to such a conclusion?

"Big Brother, why can't you think that you like Yuqi?"

"Would you have feelings for your sister?"

"She's not our biological sister! I only treat her as my sister because I don't like her that way. If I liked her, I would have kidnapped her long ago!" Don't tell him that his boss had always felt that Huo Yuqi was his sister and that's why he couldn't do anything to her. He would feel guilty if he did, which was why he had kept rejecting her!

This was too stupid!

He was so stupid that he was unwilling to admit that his brother was related to him by blood, lest others thought that he was also stupid.

Long Feilei did not speak further.

“Boss, you really can’t hesitate anymore. I heard that Qi Rui has really been planning to propose to Yuqi recently. After that, they’ll get engaged. After that, they’ll get married!”

Long Feilei remained silent.

“How about this, Boss? If it comes to that, will you be able to accept Yuqi being kissed by and sleeping with Qi Rui? Think about that scene. Will you be able to accept it?”

Long Feilei thought along with the second son of the Long family.

Then, he realized that he couldn’t even imagine such a scene! He was so agitated that he couldn’t help but punch the table!

“Look, isn’t that obvious...” The second son of the Long family had a look on his face. It was obvious that he liked her!

Long Feilei did not speak further, but his eyes darkened.

“Boss, think it through. If you’re sure, then hurry up and take action!”

The second son of the Long family asked Long Feilei to hurry up and take action. However, Long Feilei felt that he still needed to think about it and confirm it. After all, if he took action, he would have to be responsible for Huo Yuqi for the rest of his life.

He was still thinking about it when he received news that Huo Yuqi had accepted Qi Rui’s proposal that night.

The other party even kindly gave her a video of the proposal scene.

In the video, Huo Yuqi looked shy and touched as she accepted Qi Rui’s ring. After Qi Rui put the ring on her, the two of them hugged each other.

When he saw the two of them hugging each other tightly, Long Feilei suddenly crushed the phone screen.

“It looks like Yuqi really doesn’t like you anymore. You went to her house today and forced a kiss on her, but she had even arranged to have a meal with Qi Rui and agreed to his proposal.”

Then, the second son of the Long family shook his head and sighed. “Big Brother, I was wrong. You’d better not take action. Continue your matchmaking. You only treat her as a sister. You don’t like her!”

Long Feilei did not speak, but his hand tightened. For the first time in his life, he felt panic...

He realized that he was really going to lose her...

She would never be like before, surrounding him and looking only at him.

In the future, she would look only at Qi Rui. Not to mention hugging him, they would even kiss and do all sorts of things together...

And he couldn’t even accept their hug.

He...!!!

Just as the second son of the Long family was about to say something, Long Feilei turned around and ran.

The second son of the Long family raised an eyebrow and happily went to play games.

Chapter 1528: Dreams Come True (3)

Long Feilei ran all the way to the Huo residence. He wanted to enter through the front door, but when he thought about how the Huo couple had behaved during the day, he finally decided to climb over the wall.

When Long Feilei climbed over the wall to Huo Yuqi's room, Huo Yuqi had just come out of the shower.

She, who had just taken a shower, was as delicate as a lotus flower out of the water, making Long Feilei instantly forget his purpose in coming here.

Huo Yuqi, on the other hand, was so frightened by his sudden appearance that she wanted to scream.

Seeing that she was about to shout, Long Feilei hurriedly reached out to cover her mouth.

Huo Yuqi, who had her mouth covered, struggled.

"Be good and don't shout. If you don't shout, I'll let go of you," Long Feilei said.

The Huo couple had wanted to kill him during the day, let alone now.

Huo Yuqi immediately nodded.

Seeing her nod, Long Feilei let go of her.

The moment he released her, Huo Yuqi immediately took a few steps back to keep a distance from him.

Her actions made Long Feilei realize once again that she was really not the same person as before. He was really going to lose her.

This realization made Long Feilei's heart tighten. He strode forward and reached out to pull her into his embrace, hugging her tightly. From the strength, it was as if he wanted to merge her into his body. This way, he would never lose her.

"You... what are you doing...!!" Huo Yuqi was shocked by his sudden behavior.

He... why was he... so strange today?

First, he suddenly kissed her. Now, he suddenly appeared in her private room and hugged her!

“Yuqi, don’t marry him! The person you like is me. You have to be with me!” Long Feilei had never pursued a woman. In fact, before he came, he had not completely confirmed what was in his heart. Hence, he did not have any skills for speaking. All he could think of was how she liked him in the past and how she wanted to be with him.

He wanted to make her recall her love for him and salvage her heart.

“I’ve never liked you. I don’t want to be with you anymore!” Although that kiss in the morning had stirred Huo Yuqi’s calm heart, it wasn’t only her mother. Even she didn’t want to have anything to do with Long Feilei anymore. She didn’t want to love someone while not having any self-respect anymore. She didn’t want to return to the mud that she had finally walked out of.

When Long Feilei heard her words, the panic in his heart became even more serious. He hugged her even tighter. “No, you still like me! The person you love is still me! You said that you only want to be with me in this life!”

Ever since she was young, when people asked her who she liked the most, she would always say that she liked him the most. When she grew up, she would always tell him that she would always like him the most, love him the most, and only want to be with him for the rest of her life!

She had to like him!

“You also said that you wanted me to stay away from you. What are you doing now?” Huo Yuqi didn’t know what was wrong with him. Why was he suddenly like this?

After all, she had given up on him and was rumored to have been with Qi Rui for a year. If he really had feelings for her, why would he only have such a reaction only now?

“I’m trying to get you back now! In the past, I thought that my feelings for you were that of a sibling. Now, after seeing that you’ve agreed to someone else’s proposal and you really don’t want me anymore, I’ve realized that my feelings for you are not that of a brother for a sister. It’s a man’s feelings for a woman!” Long Feilei had never known and could not be sure of his heart. But at this moment, he said these words without thinking.

After saying this, he completely confirmed his heart.

Yes! He was very sure! His love for her was between a man and a woman, not for a sibling!

Chapter 1529: Dreams Come True (4)

At some point in time, he could no longer treat her as a sister-next-door. He did not know when, but he had developed a strange feeling toward her. This feeling made him afraid, and he tried his best to avoid her.

This was because he subconsciously couldn't accept that he actually had a strange feeling for a sister whom he had seen growing up. This made him unable to overcome the moral hurdle in his heart.

Hence, his subconsciousness did not want him to admit it and did not want him to fall in love. He only wanted to expand the Long family through marriage, go through all sorts of blind dates, and find a suitable partner. Then, he would feel that the person he found was not suitable and kept changing his mind...

Huo Yuqi was stunned...

After she gave up on Long Feilei, she could not help but look forward to the day when he would suddenly find her and tell her that he actually liked her. He...

In short, she had been looking forward to now. After he had lost her, he realized that he cherished her and that he liked her and wanted to get her back.

This had always been her favorite dream.

Now... such a beautiful dream and beautiful anticipation had suddenly been realized without warning.

She was stunned for a long time.

She didn't know how to describe her current feelings. She felt that all the words in the world added up couldn't describe her current feelings.

While she was in shock and didn't know what to think...

Long Feilei kissed her.

Although he did not have any dating experience, as a businessman, he knew that it was best to strike first.

Also, as long as she was willing to be kissed and touched by him...

Then he still had hope!

It was different from the light kiss from earlier.

This kiss...

Very...

Then, the atmosphere gradually changed.

Just as Long Feilei was about to take another step forward...

The door to the room was suddenly pushed open.

Meng Yueying walked in with a gift box. "Yuqi, look, I bought you something today..."

Her next words disappeared in her throat when she saw this scene.

After a while, she snapped back to her senses.

Then, she threw something at Long Feilei!

Long Feilei could have dodged it, but if he had, this thing would have hit Huo Yuqi. Hence, not only did he not dodge, but he even hugged Huo Yuqi tightly and protected her.

“Long Feilei! Do you want to die?!” Meng Yueying screamed. He... he was a bastard!

She actually dared to run into her daughter’s room at night, and she was so... disheveled!

“I don’t want to die. I want to live and marry Yuqi,” Long Feilei replied seriously.

Huo Yuqi: “...”

What... what did he say? He wanted to marry her?

He... he...

Although Huo Yuqi’s rationality told her that she didn’t want to return to the bitter love of the past, she had liked this person for so long. She had fantasized about such a beautiful dream for so many years. Now, it was about to come true. She...

Her heart overtook her rationality. Her brain could not control it.

Meng Yueying: “...!!”

He really dared to say that!

Marry her daughter!

“Who do you think my Yuqi is? When you don’t want her, you can humiliate her like that. When you want to marry her, you think you can just do it!” Could the Huo family’s daughter be so easily defiled by him?

“Auntie, I know I was in the wrong in the past. It’s useless no matter what I say. Please give me a chance to make it up to you.. I’ll definitely treat Yuqi well from now on! I’ll dote on her to the heavens. I can guarantee you that no matter if it’s Qi Rui or any other man, no one will treat Yuqi better than me!”

Chapter 1530: Dreams Come True (5)

Previously, when Long Feilei could not be sure, he would not say anything. Now that he was sure, he would dare to say anything and give any promise.

“I don’t need your compensation! Hurry up and get lost!” Meng Yueying pointed at the door, telling him to get lost.

What right did he have to guarantee that he would be better than Qi Rui?

“Auntie...” Long Feilei was about to say something...

“What’s going on?” Mr. Huo ran up when he heard the commotion.

“You came just in time. Beat him out! From now on, start a war with the Long family and kill him!” Meng Yueying pointed at Long Feilei.

Mr. Huo saw that Long Feilei was hugging Huo Yuqi. Huo Yuqi was wrapped only in a towel, and...

Instantly, he felt like killing someone.

He stepped forward and threw a punch at Long Feilei’s face.

Long Feilei could avoid it, but he did not. This was because his future father-in-law and mother-in-law were angry with him. He had to let them vent their anger. Otherwise, he would not be able to get a wife.

Besides, no matter what, accepting a beating like this was always a good plan. He had to be beaten up. No matter how hard they wanted to hit him, they could hit him as hard as they wanted. The more ruthless they were, the better!

Mr. Huo did not expect him to not dodge. When he saw Long Feilei bleeding from the corner of his mouth from his punch, he was stunned.

While he was in a daze, Long Feilei knelt down.

“Uncle Huo, hit me! Beat the stupid me to death! I shouldn’t have thought that we could only be siblings because I cherished and doted on Yuqi too much. I shouldn’t have been so stupid as to think that if I wanted Yuqi, I would be a beast and an immoral man. I shouldn’t have...”

No matter what, Long Feilei was a smart person. Not only did he take the opportunity to use the trick of taking a beating, but he also took the opportunity to tell her about his true feelings and why he had rejected Yuqi. He even said it so that it sounded like he cherished Huo Yuqi too much. That was why he rejected her and made her retreat.

He was such an indomitable man, yet he knelt down and let others beat and scold him.

Mr. Huo, who had wanted to kill him just now, suddenly couldn’t bear to do it. “Get lost, get out immediately!”

“Uncle Huo, hit me! Beat me half to death and get someone to carry me out.” Long Feilei looked up and begged.

Mr. Huo: “...!!”

The Huo family and the Long family were neighbors. Mr. Huo had watched Long Feilei grow up. He was a child who treated him like family. When he was so angry, he couldn’t even beat him half to death, let alone now.

“Beat you half to death and get someone to carry you out?” Meng Yueying sneered. “Alright, I’ll fulfill your wish!”

With that, she picked up the baseball bat in Huo Yuqi’s room and was about to hit Long Feilei.

Huo Yuqi quickly went up to stop her. “Mom, don’t be like this!”

Meng Yueying looked at her husband. "Take our daughter away! Today, I'm going to beat him half to death to fulfill his wish!"

Before Mr. Huo could say anything...

Long Feilei looked at Huo Yuqi and said, "Yuqi, don't stop me. Let Auntie hit me properly."

Huo Yuqi: "...!!"

Was he crazy?!

"Did you hear that? He's begging me to hit him! He's begging me to hit him, so if I don't hit him, I'll let him down!" As Meng Yueying spoke, she swung the baseball bat at Long Feilei's back.

Although Long Feilei's body swayed in pain, he still knelt there and straightened himself for Meng Yueying to hit.

He could take it, and Meng Yueying dared to fight, but Huo Yuqi could not.

She couldn't stop her mother, so she pounced forward and hugged Long Feilei. "Mom, stop fighting... please..."
