

## **Fake Marriage 261**

### **Chapter 261: Use My Husband's Card**

But...

She didn't get the chance to speak at all after that.

Luckily, there were no lessons in the afternoon of the second day. She could sleep enough at home before going to school.

She had only one class in the afternoon. After they finished their lesson, Mu Huan and Li Meng left the school to meet up with Wu Xingye at the high-speed rail station.

The main reason why Mu Huan was going on a holiday was that they had taken up a task and the task required them to visit the Imperial Capital for two days.

After they had gotten on the high-speed rail, Mu Huan took a cute selfie with Li Meng and sent it to Bao Junyan.

"Hubby, we've boarded the high-speed rail. I will bring yummy food back for you!"

After a while, Bao Junyan replied, "Enjoy yourself."

Mu Huan then replied to him with a kiss.

"You're getting braver!" Li Meng held on to her shoulder and scoffed at her. Previously, she had used the excuse of staying at her house and she'd been so afraid when coming up with it. But now, she was so calm!

"What do you mean that I'm getting braver? I am going on a holiday right now, it's just that I'm earning some money on the way!" Mu Huan felt that as long as you adjust your way of thinking a little, a problem might not be one anymore. For example, she wasn't going on a mission right now, she was going on a holiday! It's just that she's earning some money while having fun. It's such a great thing!

"Fine. Since you're pretty, everything you say is right!"

"Of course!" Mu Huan looked proud.

"Actually, I think we can really take a tour of the Imperial Capital. I haven't really explored the place even though it's so close to us!" Li Meng said.

"We must have fun! We only have to complete our mission at night!" Since she had mentioned that she was coming out for a holiday, she must go out to have fun. If not, she wouldn't be able to answer when she gets back. She also wanted to survey the district she had laid her eyes on last time.

"Let me go check up on the delicacies. Let's eat first after we get off the car!" Li Meng took out her phone.

"You don't have to search, I have already arranged it. This time, we are staying in a five-star hotel for the whole trip and eat the tip-top delicacies!" Mu Huan said generously.

Li Meng widened her eyes in shock. "Did you make a fortune?"

“Use my husband’s card!” If she didn’t use his card when she goes out to have fun, he’s going to be angry again.

“Wah! Xiao Huan, I love you!” Li Meng hugged her in happiness.

Wu Xingye, who was in shades and was sitting beside them, had been acting as if he didn’t know them. But he couldn’t help but go forward and ask softly, “What about me?”

“You just have to meet us tonight to complete the mission!” Mu Huan waved her hand, signaling him to move farther away.

If she accidentally let it slip to her husband that she brought along Wu Xingye, a dude, while traveling, her husband would definitely be really angry!

Wu Xingye was speechless.

How could they do this?! They’re going to stay in a five-star hotel and eat good food during this whole trip, but there was to be no share for him!

“I don’t mind not staying in the five-star hotel, but you must bring me when you guys go and have good food! If you don’t bring me along, you will have to give me the chump change for this mission!” Wu Xingye snorted.

“Do you have to be so despicable?!” Both girls looked at him at the same time.

The reward for this project was so huge! The chump change for this mission for both of them would amount to more than 60,000!

“I’m that despicable!” There’s no problem even if he had to sleep on the overhead bridge, but they must bring him along to eat!

Mu Huan’s lip twitched and she said, “Ok, then. During that time, you have to say that you coincidentally met us when eating, and if you’re accidentally found out by Bao Junyan, you must say that you’re Xiao Meng’s boyfriend!”

Wu Xingye took a disgusted glance at Li Meng, but in the end, he agreed reluctantly for the food.

Li Meng: “...!!!”

Was there something wrong with him?! She didn’t even despise him yet he was hating on her!

Yun Cheng was really close to the Imperial Capital. It took them only one hour on the high-speed rail to reach it.

## **Chapter 262: There’ll Be Pain When There’s Comparison**

After they got off the train, Li Meng and Mu Huan proceeded to the five-star hotel that was closest to the location of their mission.

Wu Xingye had a father who needed a huge amount of medicine to survive, a mother who was sickly and weak, as well as two brothers who’d just entered junior high school. He’d need to spend a lot in the

future. Thus, even though he could get more than 30 million from this task, he couldn't bear to sleep in a hotel that cost more than two thousand yuan. Thus, he went to the budget hotel opposite them.

There's always pain when there's comparison, yet Li Meng still sent him the photographs of the deluxe room they were staying in. She even sent him pictures of delicious high-grade wine and desserts that looked really yummy just from the pictures.

Wu Xingye was so angry, he was clenching his teeth.

However, that teeth-clenched look of his gave off some love.

They went to check out the place for their mission that night.

The next day, Mu Huan and Li Meng went to check in online at the attraction sites to prove that they were there.

When they were touring the place, they also took a few pictures and sent them to Bao Junyan.

Seeing that they were having fun in the Imperial Capital, he recalled that he had work in the Imperial Capital and asked Assistant Wang to prepare. They then drove there.

As Wu Xingye was alone, there was nothing much for him to enjoy. Thus, he spent his whole day researching details in the hotel room.

Their mission had high rewards this time, but it was equally dangerous.

The person who tasked them this time was a boss that owned a hotel in Yun Cheng. His only daughter was working in the Imperial Capital and had a boyfriend. Alas, her boyfriend was a scum. After he'd had enough playing with her, he shamelessly videoed her and used it to threaten her. The girl couldn't take it and broke down. The hotel owner hoped that they would be able to get those video recordings.

This mission was dangerous as the hotel owner's daughter's boyfriend was the son of a family with a lot of influence!

After he found out the background of the boyfriend, he wanted to back out from this task. However, after Mu Huan and Li Meng saw how badly the girl was tortured, they had signed the contract with the boss immediately.

Their sense of justice always caused him to be worried and afraid. But since they had already accepted the mission, they had to complete it no matter what!

At night, Mu Huan and Li Meng brought back a lot of delicious food for Wu Xingye when they returned from their check in locations.

Wu Xingye's favorite past time was to eat. Thus, when he had food, he'd forget about everything else!

When he was eating, Mu Huan looked through all the information he had found.

It was easy to get the girl's video recording, but it was hard to video record the scum taking drugs!

Yesterday, when they went to the clubhouse the scum frequented, they tried all ways but were still unable to enter the VIP room of the clubhouse.

The security was really tight there. Even the one cleaning the room must be the auntie who had done it for years.

They weren't able to sneak in as a worker to set up pinhole cameras beforehand. Thus, they'd only be able to follow someone who was able to enter the room tonight to record the scene.

But as for taking drugs, those people wouldn't bring a stranger in easily!

"Why did the boss want us to record such a scene?" Li Meng didn't understand. "If he wanted to use this to take revenge on the scum for insulting his daughter, this has no meaning at all! Even if he was caught taking drugs, he'd be released in a few days. He's not even going to go through much!"

"Yes, I don't understand this either. Recording the scene of them taking drugs doesn't fulfill the point of taking revenge. It's more useful if he uses his daughter's video recordings to sue the scum instead!" Wu Xingye didn't understand it either.

### **Chapter 263: Are There Any Other Options?**

"If he were to use the video taken of his daughter being violated in a lawsuit against the scum, the scum would find a way to argue his way out of it. In the end, it could mean that not only would the scum escape punishment, it could also cause his own daughter even more unbearable humiliation. The client wanted a video of the drug gatherings organized by the scum, probably because he knew that the client's brother was campaigning for a key position in his company. With a video of a drug gathering, the client could conspire with the enemy of the scum's brother, and this would cause the scum greater damage!"

The enemy of your enemy is always, without fail, the weapon of choice against your enemy.

Li Meng and Wu Xingye both felt that this was most logical!

"The scum's brother is so capable and their family is so wealthy. If we're not careful, the consequences will be dire!" Li Meng suddenly thought.

Wu Xingye snorted and said, "Ha, now you understand how serious it is! Initially, I had told you we should reject this case, but you weren't agreeable and insisted on taking it on!"

Before the contract was signed, there had been others that could have taken it on if they had rejected it, and there would have been no penalty involved. But now that they had signed it, failure to complete the task or backing out would attract a penalty ten times the value — ten times of a million would be ten million. They couldn't afford it even if they sold all three of them!

"But we just couldn't get past it! A decent girl being defiled like this!" Li Meng said angrily.

"If we are unable to complete the mission and leave any tracks behind us, then the girl could end up being worse off!" Wu Xingye did not sound any less angry.

"Hence, we have to complete this mission successfully!" Mu Huan concluded.

"We can't even get into the VIP area, how are we going to do a recording?" Wu Xingye had spent all day thinking of how to get in but had arrived at no solution.

He had even studied the ventilation duct and found that it wouldn't work!

Mu Huan looked at Wu Xingye and said as she suddenly flashed him a flattering smile, "Big Brother Xingye..."

Wu Xingye shuddered involuntarily and replied, "I feel that what you're about to suggest would be something that I wouldn't like and wouldn't want to do. So please, don't call me that! And do not say what you want to say!"

"So then, are you prepared to pay up ten million? Even if we split that equally among us, each of us would have to shoulder over three million. I have a rich husband and I'm not afraid. Xiao Meng is my best friend, so I'll bear her portion. What about you?"

Wu Xingye: "...!!!"

She spoke like he wasn't her friend!

"Fine... fine, say it, then, say it!"

"Look at this page of information on the scum," Mu Huan said as she pointed at the document in her hand.

"What about it?" The information was collated by Wu Xingye and he knew what was on that page without having to look at it. However, he didn't know why she wanted him to have a look at it.

"Look at it carefully. You'll find that this page of information is prompting us that the scum is bisexual. He likes women, but he likes men too — and even more so, good-looking guys like you!"

Wu Xingye: "...!!!"

He knew it! Nothing good would come from her!

"I decline!"

"If you decline, then there are only the females like Xiao Meng and me to try to seduce him and get into the VIP private room. Seduction involves using the body, and being married, do you think I can do this? If not, are you going to let Xiao Meng do it? Let Xiao Meng be subjected to the scum?"

Wu Xingye: "...!!!"

"Big Brother Xingye, I'll not shortchange you. After the mission, we'll give you a fraction of our earnings!"

Li Meng quickly added, "And buy you a big meal!"

"Do I have any other options?" Wu Xingye looked at Mu Huan.

#### **Chapter 264: An Accident Has Happened (1)**

"Sure. If you are capable of the 72 Changes of the Monkey God and you can turn yourself into a mosquito and gain entry that way."

Wu Xingye: "..."

“Big Brother Xingye, I don’t want such a scum to touch me...” Li Meng put on a pitiful look and tried to act cute as she grabbed his arm.

Wu Xingye: “...!!!”

He must have owed them in his previous life to deserve this!

“Alright, let’s not waste time. Let’s start putting on our makeup! If we miss the timing, it would be useless even if you wanted to seduce him. If that happened, we’ll have to pay up a penalty of ten million!” As she said this, she pulled Wu Xingye along and made him sit down so that they could put on his makeup.

The most important thing in this mission was to ensure their own safety! Hence, it was necessary for them to be in disguise.

What else could Wu Xingye do apart from subjecting himself to her whim and fancy?

“Xiao Meng, you should disguise yourself as a boy too.” Mu Huan hurried Li Meng along as well.

“Why do I need to disguise myself as a male?”

“You are the ugly boy who tries to woo Xingye, the good-looking boy, so that the scum is made aware of Xingye’s sexual orientation. This will pave the way for us to close in.”

“I understand.”

After putting on their makeup, Mu Huan gave each of them a small spray bottle.

“What’s this?”

“It’s a newly-developed tranquilizer from my research department. Even one spray would knock out a cow. Keep it on you just in case. And Xingye, you have to drop this pill into the scum’s wine when he’s not paying attention. Upon drinking this, he will collapse as though drunk, and this will enable you to leave.

Wu Xingye carefully put away these items. It was always a good thing to be on a mission with Mu Huan as she was a meticulous thinker who was a safe and efficient worker.

An hour later, at the Prosperous Club...

As the Imperial Capital’s top club, its security was tight, especially around the VIP area. Besides the VIP members, there was no way anyone else could get in.

Mu Huan disguised herself as a service staff, but that would only allow her into the normal zone.

When she spotted their target person, Mu Huan immediately informed them, “The scum has made an appearance. Get ready, you only have one minute!”

Li Meng and Wu Xingye, who were waiting at the passageway that led to the VIP room, immediately got into their roles.

They heard approaching footsteps.

Wu Xingye reached out to sweep off Li Meng's hand, which was grabbing his arm. He said impatiently, "Don't touch me!"

"Xiao Qi, come home with me, don't be like this!"

"I will not go home with you!"

"Xiao Qi, you'll feel terrible at night if you don't come home with me. Whatever you need is at home..." Apart from making Wu Xingye pretend to be gay, Mu Huan also made him pretend to be a drug user to attract the scum's attention.

Sure enough, the scum turned to look in their direction.

Wu Xingye was a very good-looking boy to start with. With Mu Huan's meticulously-applied makeup, he now looked even more startlingly handsome. On the other hand, Li Meng made a short and ordinary-looking boy who came across really girly when he spoke. No matter which way one looked at this odd pair, one was simply too good for the other — it was a complete waste!

The scum was fascinated somewhat by Wu Xingye's good looks. And right at this point, Wu Xingye pushed Li Meng away forcefully and then stumbled back a few steps, falling back toward the scum.

That beautiful face looked even better up close, causing the scum to instinctively reach out to embrace Wu Xingye.

Wu Xingye: "...!!!"

The disgust and trauma that he felt! The two girls had better buy him lunch for at least a month each!

"Ah Qi, hurry up and come over here!" Li Meng reached out to grab him.

## **Chapter 265: An Accident Has Happened (2)**

However, she was stopped by one of the scum's lackeys.

Seeing this, Li Meng pretended to take a few steps back in fear, but she still spoke up. "Be a good boy, Ah Qi, come home with me. Otherwise, you'll really suffer at night. Come over here quickly."

Wu Xingye put on a troubled expression and finally decided to walk over to Li Meng. But just as he was about to do so, the scum locked his arm around the boy's waist and refused to let go.

"Don't go with that ugly monster. Whatever you want, I can provide. If you follow me, you can have as much of it as you want!" He'd never had such a good-looking boy, and it tempted him just to look at Wu Xingye.

Wu Xingye immediately felt violated by the scum's stare. His pure soul was greatly traumatized!

But he thought of the ten million and could only continue to endure it!

Finally, half-pushed along, Wu Xingye soon found himself in the VIP room.

All three of them sighed in relief. Being able to get into the room was half the job done. All that was left now was an escape.

Wu Xingye recorded the scene of the scum taking drugs, then tranquilized him, and then successfully left the VIP private room before informing the other two to leave.

According to their plan, they should have been able to make a smooth escape.

However, an accident happened. Li Meng had forgotten, when she went to the washroom, that she was disguised as a man. She had gone into the ladies' and, on her way out, ran into a woman who was entering the washroom. The woman shrieked in fright, and that attracted the attention of the security officer. The security officer thought that Li Meng was a pervert and detained her, but subsequently found out that she was female.

Prosperous Club was also the most popular club among celebrities in the Imperial Capital, and it often saw patronage from bigshot celebrities. For this reason, there were often reporters and such people milling around, trying to sniff out news. Now that a cross-dresser had made an appearance, they were convinced she was there to stir trouble. Hence, all the security officers in the club were activated.

Although Mu Huan had appeared in time to rescue Li Meng, the various entrances of the club were now sealed off by the security.

If they had to force-fight their way out, it wasn't a problem for Mu Huan.

But it would put Li Meng and Wu Xingye in danger. Besides, if they fought their way out, it would blow up the matter, and then it would become difficult to resolve.

Hence, Mu Huan created the false impression that they were making an escape and caused chaos. After doing this, she took them to the basement car park.

Her intention was to identify two impressive vehicles in which boots they could hide and, in that way, make their escape from the venue.

Because no matter how tight security was in this place, they wouldn't dare to search the guests' car boots.

Mu Huan was about to start prying open the boot of one of the cars...

Suddenly, a man in a low-brim hat and cleaner's uniform appeared.

Quickly, the three of them dived behind a large vehicle, holding their breaths. They saw the man walking toward one of the impressive cars they had elected, then he slipped himself under the car and did something to the undercarriage. After this, he walked away.

After the man left, Li Meng whispered, "What did the man do?"

"Where he was fiddling, it could be the brakes. It's possible that he has a beef with the car owner," Mu Huan whispered back.

"He fiddled with the brakes... Isn't that dangerous?" Wu Xingye was shocked. It could result in death if the brakes malfunctioned!

Mu Huan's expression darkened as she said, "The car that I had selected for Xingye earlier on is likely to be a companion to this one. Now that someone has fiddled with this car, we shouldn't get on the other one, then."

Mu Huan made a new selection and then pried open the boot of the newly-selected car. Seeing that the boot was clear, she decided that it would be unlikely that the car owner would open it before leaving. She let the two of them into the vehicle.

"Why is it Wu Xingye and me? Didn't we say earlier that I'd go with you and Xingye would take another car by himself?" Li Meng asked.

### **Chapter 266: I'm Here to Nab (1)**

"The two of you get in first to secure your safety. I have to warn that car's owner. Although I don't know who that is, if he drove that car and got into an accident, other people's lives may get involved." When Mu Huan considered this, she felt compelled to intervene.

Li Meng and Wu Xingye wanted to dissuade her from trying to mind other people's business as they themselves were in trouble and might not even be able to help themselves.

However, Mu Huan proceeded with shutting the boot.

Just as she was taking a lipstick out of her bag to write on the sabotaged car and warn the car owner that the vehicle's brakes had been tampered with, she suddenly heard footsteps.

She hid herself quickly.

As the group approached, Mu Huan's eyes widened!

Freaking hell! No way!

Bao Junyan! The man leading that group was her husband, Bao Junyan!

Wasn't he supposed to be in Yun Cheng? What was he doing here?!

What the...

When she saw that Bao Junyan was walking toward the sabotaged car, her heart almost jumped out of her mouth. She prayed silently, Please don't let it be that car, please don't let it...

The car plate belonged to Beijing and not Yun Cheng...

Surely that wasn't his car... It wasn't... For sure, it wasn't...

To her horror, the group stopped right in front of that car!

Mu Huan clutched her own head instantly, almost going insane!

Although she had now changed out of her disguise, she had not removed her makeup. With a heavily made-up face, how was she going to come out of hiding to tell Bao Junyan that the car had been sabotaged?

But if he didn't, was she going to just watch him get into trouble?

She couldn't even bring herself to think of the consequences!

Send him a text to tell him that the car was sabotaged? Would he believe her? Even if he believed it, he was going to question her! He'd ask her how she knew, and how was she going to answer that?

Tell him she had a dream? Even she couldn't convince herself!

What the hell!

Mu Huan was in such a plight right now, she felt herself going mad!

If she went out there, she'd be in trouble; if she didn't, he'd be in trouble!

Then, as she looked at PA Wang opening the car door and Bao Junyan getting in...

Mu Huan's heart stopped. That was it. Even if she died, she couldn't let Bao Junyan's life be at risk!

Furthermore, there was always a chance that she wouldn't get into trouble!

Hence, she dashed out from where she was hiding and shouted, "Hubby, don't get on that car!"

When Li Meng and Wu Xingye heard her shouting, from where they were in the car boot, they froze immediately.

Damn it! Bao Junyan! That was Bao Junyan's car!

Wasn't the world just a bit too small?!

Bao Junyan, who was getting into the car, turned around in shock when he heard her voice.

Then he saw a heavily made-up woman, whose features he couldn't quite make out, charge toward him.

That voice and that physique — they closely resembled his wife's.

And she called him Hubby.

He frowned.

"Hubby, I was hiding behind the other car there when I saw someone sliding under your car. I'm not sure what he did, but you must not get into the car!" Mu Huan came up next to him and grabbed his arm as she said this.

After confirming that this was indeed his own wife, Bao Junyan reached out and lifted her chin to look at her face. He was frowning so much that his eyebrows were almost knotted now. "What are you doing here and why are you made up like this?"

Mu Huan: "...!!!"

Shouldn't he be more concerned over who had sabotaged his car and going after his enemy right now?!

Why was he asking these questions at the first instance?!

"Hubby, aren't you going to check on your car first?" she reminded him.

Bao Junyan looked toward PA Wang, and the man immediately slid under the car to check.

Then, when he saw that the brake tubing had been destroyed, he broke out in a cold sweat!

Chapter 267: I'm Here to Nab (2)

The brakes wouldn't fail immediately even though the brake tubing had been destroyed. Hence, the driver wouldn't have detected any problem until the braking fluid had been drained. At this point, the brakes would fail and this would be very dangerous!

A mishap at that point could cause the car to be totally ruined — and the people in it to perish!

PA Wang came out from under the car and reported the situation. Bao Junyan's expression darkened. Then he turned to Mu Huan and asked, "Why are you in this place?"

Mu Huan: "...!!!"

Freaking hell! Can't you at least show some concern that you could have died?! Can't you?!

"Eh?" Bao Junyan reminded her. He was waiting for an answer.

Mu Huan lowered her head, knowing she wouldn't be able to avoid giving an answer. "Xiao Meng and I heard that the Best Actor awardee, Qin Changfeng, would be here today, so we were here to see our idol. But I remembered that you've forbidden me to come to places like this so I got Xiao Meng to help me with a disguise. So now, instead of our idol, we ran into you. What do men do in a place like this? Especially when doing it behind their wives' backs. So I thought you were here for some fun and wanted to catch you red-handed. Unexpectedly, we were barred from entering. And I thought, at some point, you'd leave so I came to the car park to hide and wait. As I did so, I saw a man in a cleaner's uniform come along and slide under the car. I don't know what he did but I had a fright!

"Then, when you appeared and wanted to get into the car, I suddenly recalled those scenes in movies. I was afraid that the moment you got into the car it would explode, so I quickly rushed out and asked you not to get in!"

After Mu Huan said this, she suddenly thought, she totally could be pre-emptive and gain control of the situation! Hence, she grabbed Bao Junyan's shirt, gave it a few hard sniffs, and said, "True enough, there's the smell of woman's perfume! You actually came to a place like this to have fun while I'm out on a trip! How could you do this to me?!"

Bao Junyan: "..."

When she smelled the woman's perfume on him, she realized it was possible that he had come to this place to have fun. Furious now, she took a few steps back and pointed at the man, warning him, "I didn't realize that you were like this! To think that I took the risk to tell you that there might be something wrong with your car!"

Bao Junyan said, "I was here to discuss business."

"Discuss business? You didn't even mention that you were coming to the Imperial Capital for a business trip! It's so late now, for sure you'll be spending the night here. Usually, when you spend the night out, you'd ask the butler to inform me, but that didn't happen this time around! You're here looking for women to have fun with!" Mu Huan found herself getting more furious. It wasn't just an act now.

When Bao Junyan saw how angry she was, he had wanted to take her into his embrace.

However, Mu Huan took a few more steps back and warned him, "Don't touch me with those hands that you had been touching other women with! It disgusts me!"

Bao Junyan's expression clouded over at once and he ordered, "Come over here!"

"No!" Mu Huan replied angrily.

PA Wang: "..."

This was the first time PA Wang had seen Madam so firm and livid!

So it seemed the internet articles were right. No matter how gentle and demure a woman was, she'd hit the roof if she found out that her own husband was having a fling outside of their marriage!

Bao Junyan should be angry at such a disagreeable Mu Huan, but on the contrary, he found himself oddly gleeful.

She was this angry because she had this conjecture that he was out looking for fun with other women.

Hence, the man, who would not normally try to explain anything to anyone, patiently said to her, "The air circulation in the private rooms is poor. I would get infused with other people's smells just by sitting there doing nothing."

Mu Huan looked at him with disbelief written all over her face.

### **Chapter 268: I'm Here to Nab (3)**

Observing how the situation was turning out, PA Wang quickly said, "Madam, it's true. I've been by the CEO's side all this while. I think you know that the CEO has an obsession with cleanliness. He will never let those women come near him!"

"Sheesh, who knows if the obsession is just an act! And as his lackey, you think your words count?" Mu Huan snorted icily.

PA Wang: "..."

Since when had he become a lackey!

He was a confidante!

"Stop the nonsense. Come over here." Bao Junyan reached out for her.

Mu Huan took another two steps back and said, "What do you mean, stop the nonsense? It's you..."

But before she could finish speaking, Bao Junyan had strode over to pull her into his embrace.

She wanted to wriggle free.

But he lowered his head so that his thin lips were now next to her ears, whispering, "If you don't believe me, we can get into the car and you can perform a check."

“How am I supposed to check?”

“Perform a full body check.”

Mu Huan turned scarlet at once. This shameless jerk!

Bao Junyan looked at her reddened face and, for once, thought that thick makeup wasn't bad, really. It made her look just as pretty.

“Hubby, you have to quickly figure out who is trying to harm you! When I saw you walking toward this car and getting in, I almost died of fright!”

Visit our comic site [Webnovel.live](http://Webnovel.live)

She wasn't exaggerating. At that point, she had really been afraid. She was terrified thinking, what if she weren't here and didn't see what had happened? Bao Junyan would have gotten into the car, and if an accident had happened...

Then...

Mu Huan couldn't help but shudder when she thought of the possible scenario. She instinctively reached out and held Bao Junyan. “Hubby, nothing bad must happen to you!”

“Nothing bad will happen to me.” Bao Junyan embraced her and comforted her quietly.

“Hurry up and think of who might be after your life!” Someone who wanted him dead would surely be an archenemy. It wouldn't be that hard to figure out.

“I'll find out, don't worry,” Bao Junyan said gently.

“You have to find out and crush him!”

“Uh-huh.”

“CEO, please get into this car. There's no problem with this one.” PA Wang pointed at the next car.

He had just performed a thorough check of the vehicle and ensured that there was no problem with it.

Mu Huan was right; these two cars were together. She made a smart guess because the two cars were similar models and looked about the same age. Usually, it would be very unlikely a matter of chance that luxury cars of similar models and similar age would be parked together like this. It would be more likely that one of the cars would be used by the boss and the other would be used by the bodyguards. And if any unexpected event were to occur, the two similar cars would be used to visually confuse the attacker.

She had thought of this.

Mu Huan said, “Hubby, this enemy of yours seems to know your movements very well! These two cars are similar, but he seems to know you are using this one and has only sabotaged this one! Furthermore, I didn't even know you have such a car, but he does!”

She had a good memory and remembered all the cars that Bao Junyan had ever driven. She had never seen this car.

Bao Junyan had always known that his wife was an intelligent girl. Hence, he wasn't surprised that she had arrived at this conclusion so quickly. He only grunted nonchalantly.

Observing his reaction, she understood that he knew what he needed to do. Since he didn't talk about it any further, she did not persist.

Just as Bao Junyan and Mu Huan were about to get into the car...

Suddenly, they heard a flurry of footsteps.

Mu Huan turned on reflex. When she saw that it was a group of the club's security officers, she immediately panicked. Among them were a few who had seen her earlier on!

If they came face to face, that would be the end of her!

### **Chapter 269: Ignorant**

Sensing the change in her mood, Bao Junyan lowered his head and looked toward her, asking, "What's the matter?"

"Is that group of men your enemy in disguise?" Mu Huan whispered as she buried her head in his embrace.

"No, they're not." Was this what worried her?

"No matter, let's just hurry and get into the car!" Mu Huan hurriedly scrambled into the vehicle.

Bao Junyan did not stop her.

Just after she had gotten into the car, the security team came up to them.

Bao Junyan's bodyguards stepped forward to stop them from coming any closer.

One look at Bao Junyan's car and the security officers understood that this was a distinguished guest. They did not dare to move closer but asked the bodyguards if they had seen two people — a service staff and a girl in male disguise.

The bodyguards said they had not. The security officers then left after looking around the car park and seeing that there was no one else around.

Mu Huan sighed in relief when she saw them leaving.

Realizing that the change in her expression might have been too obvious, she quickly said, "I was really worried that they were your enemies in disguise and that they'd start a big fight in the car park!"

Bao Junyan laughed and said, "You've watched too many movies."

"But someone did sabotage your car and wanted to harm you!" Mu Huan was still nervous as she thought back on it.

"They'll end up in a worse state." Bao Junyan did not want to sound too vicious in case it scared his little wife.

However, when he thought about how his little wife had hidden herself to ambush him here and, in the process, kept calm and hidden when she saw someone sabotaging the car, he realized, she wasn't timid at all.

"Uh-huh. We have to make sure they'll have never felt sorrier!" Mu Huan raised her fist aggressively as she said this.

Bao Junyan reached out to gently tousle her hair.

As they were leaving, Mu Huan stole a glance at the car with Wu Xingye and Li Meng in it. She hoped they would be able to make a successful getaway soon.

After the car had driven away, Wu Xingye and Li Meng, who had been feeling extremely tensed up, finally heaved a sigh of relief.

Now, without any external distractions and being shut in in a tiny and narrow space, the two of them started to feel slightly awkward.

The boot of the car was only this big, and Wu Xingye was a big and tall man who took up much space. Even if Li Meng tried to back herself against the car as much as possible, it still felt as though she was lying in his embrace.

"Keep your distance and don't you dare take advantage of your big sister here! Otherwise, I'll wallop you!" she threatened him.

"I should be the one warning you not to take advantage of me!" Wu Xingye said, his expression full of scorn.

"Freaking hell, what are you saying?! No matter what, I'm a youthful and peerlessly beautiful girl!"

"Besides youth, what have the other two traits got to do with you?"

"Damn you, Wu Xingye, are you looking for a beating?"

"And you think you're my match?" The man snorted coldly. Did she think she was like Mu Huan?

"You think I'm not your match? See if I don't pinch you to death!" Li Meng said as she reached across to pinch him, but the moment she turned around, she fell into his embrace. At once, the atmosphere turned from one that was argumentative to one that was awkwardly suggestive.

Li Meng's hand that was reaching out to pinch Wu Xingye now hung awkwardly in midair.

They looked at each other, suddenly realizing there were strange feelings that they couldn't quite place. Hurriedly, they looked away from each other.

After these feelings had passed, Li Meng made no move to pinch Wu Xingye again. Instead, she quickly turned so that her back was facing the man.

As he looked at the back of her head, he suddenly felt a dryness in his mouth and a tightness in his throat.

Li Meng's heart, on the other hand, was thumping like a drum. She had no idea what was going on with herself. Obviously, she and Wu Xingye were so familiar with each other that he had seen every unbecoming side of her. So why did she suddenly feel so tensed and why was her heart racing?

After some time, Wu Xingye finally spoke to break the awkward tension.

"I wonder when this car will be driving off. Could we possibly be spending the night here?"

### **Chapter 270: Leave Her Alone**

"Let's hope not, because I don't wish to spend the night with you here!" Li Meng said with disdain in her tone.

"You think I want to?" Wu Xingye snorted.

Just at this point, Li Meng received a text message from Mu Huan.

"Let me know once you've reached home safely. If in danger, inform me immediately!"

Although Mu Huan felt that Wu Xingye and Li Meng would be able to leave the club safely in this manner, she was still rather worried about them.

"We don't know how long it will be before the car leaves, but no matter, it shouldn't be too difficult for the two of us to deal with one car owner. Don't worry about us." Li Meng knew that Mu Huan could be in an even more dangerous situation than they were. She could be exposed if she weren't careful.

On getting her reply, Mu Huan was just thinking what to say next...

When PA Wang, who had just ended his conversation with Bao Junyan, looked toward her and asked, "Where's your friend Li Meng?"

Her hand tightened into a fist as she fumbled for an answer, "She... I had asked her to go home first."

Then, she added quickly, as though what she had just said wasn't enough, "I didn't want her to see my husband straying... so I asked her to go home..."

Bao Junyan: "..."

"Ask her out later on, and we'll have supper together." Initially, Bao Junyan had thought that since he was in the Imperial Capital, he was going to tell her this the following day, after he was done attending to his business, and take her out sightseeing. Hence, his schedule was tight today and he had not had dinner.

Mu Huan: "...!!"

How was she going to ask her out? She was still stuck in a car boot at the car park!

"What's the matter?"

"Xiao Meng is on a diet these days — she wouldn't want supper. Let's just go — the two of us." Mu Huan lowered her head, feeling somewhat guilty.

“Sure. In this case, let her know that she’ll be sleeping alone tonight.” So this was the real reason that he had invited her friend out for supper.

Mu Huan: “...”

It wasn’t a problem to tell Li Meng that she’d have to spend the night alone, but the point was that the two of them were still trapped, and if anything should happen, she would have to rush over to rescue them! If she spent the night with him, how was she going to do that?!

“What’s up?” Bao Junyan turned to look at her when he did not get a response.

“Hubby, I don’t think it’s a good idea... I took this trip with her. It would be like going back on my word if I left her alone...”

“You’re not really leaving her alone. I’m staying right next door to you.”

Mu Huan: “...!!!”

She felt like she was going mad! Why did he have to come to the Imperial Capital at this time!

“Hubby, it’s a rare chance for me to take a fun trip with a friend. It’s something that I’ve been longing for for a long time, and now it’s turning out like this...” Can’t he spend one night by himself? Can’t he?! He’s not a three-year-old child who needs company!

“The next time I go on a business trip, you can take a fun trip with her again.”

“It’s not like that, it’s...”

“You’re so unwilling to be with me?” Bao Junyan narrowed his eyes. All of a sudden, there was a sense of danger.

Mu Huan: “...”

What the...

Finally, she collapsed in his embrace as though exhausted and broken down. “It’s not that I don’t want to be with my Hubby, it’s just that I don’t like my plans being messed up...”

Bao Junyan also disliked his plans being messed up. For the first time in his life, he gave in and said, “Well then, I won’t go sightseeing with you tomorrow, so you can still be with your friend and have fun. Just stay with me tonight. It won’t affect the plans you’ve made for the trip.”

Mu Huan: “...!!!”

Have fun, my ass! She was worried sick that the two wouldn’t be able to make an escape!

But since he had already relented to this extent, what else could Mu Huan do?

She could only take the opportunity, when Bao Junyan had gone to the washroom at their supper venue, to send Li Meng a text message to ask about their situation. She told them not to contact her if things were fine, and if they were in trouble, they must get in touch with her.
