

The Days of Being in a Fake Marriage with the CEO

Chapter 31: Do You Need Me to Help You Remember?

Bao Junyan woke up at the same time as she did.

When Mu Huan sat up and looked at him, he was coincidentally turning to look at her. There was a spark between them when their eyes locked.

Every scene and every part of last night continuously flooded back into Mu Huan's mind.

She was momentarily dumbstruck, unsure of what to do.

*What the f*ck! Alcohol is truly poison to the organs! It is lethal! Lethal!*

What do I do? What do I do?

After thinking about it for a while and not coming up with an answer, she decided to just lie back down on the bed with a plop. She closed her eyes and pretended to be asleep, as if what she did earlier was just her sleepwalking.

Bao Junyan: "..."

Mu Huan turned around, hoping to go back to sleep and to not wake up until Bao Junyan had left the room.

However, her stomach couldn't take it any longer; it began to growl in hunger.

She hated it! She hated her disappointing stomach so much!

In the silent room, the rumbles of her stomach were louder than ever.

"If you're hungry, get up and eat." Bao Junyan let out a laugh.

Mu Huan pretended she couldn't hear him and that she didn't exist.

However, she was instantly picked up by Bao Junyan. "Do you need me to help you put on your clothes?"

Mu Huan: "..."

She knew that there was no way she could escape.

“Hubby... Last night, what happened? I don't remember... I think I was blackout drunk...”

Bao Junyan thought that his little wife was terrible at lying. She was obviously revealing what she had wanted to hide. “Do you need me to help you remember?”

Mu Huan: “...!!!”

Men! Why would you make things difficult for your obedient and beloved wife!

“Wake up and have breakfast.” Bao Junyan released her and got out of bed.

Mu Huan raised her head in astonishment. Was he letting her off just like that?

Why was he suddenly being so nice?

Bao Junyan stared at her stunned face before caressing her head. “Get up soon.”

With that, he left for the bathroom.

Mu Huan looked at his back in shock.

Last night, she...

When she thought about what she said last night, she lay back down and hid under the blankets. She should just suffocate herself to death!

At the entrance of the bathroom, Bao Junyan turned around at the sound, only to see her hiding. “Next time, you are not allowed to drink so much.”

Since it was her first time making such a mistake, he would let her off this time.

Hearing this, Mu Huan instantly replied, “I swear! I promise! I won't do this again anymore!”

Next time, she would never drink so much again even if she was beaten to death!

In the dining room.

Mu Huan could see the love in Butler Lee's eyes when he looked at her.

She couldn't really handle it.

When she thought about what she had done last night when she was drunk, she couldn't help but want to cover her face and find a place to hide.

"Aren't you hungry?" Bao Junyan asked as he saw how she wasn't eating.

"Hungry... Hungry..." Mu Huan hurriedly lowered her head and ate.

Bao Junyan had an important meeting this morning. Therefore, he left for the company without waiting for Mu Huan to finish breakfast.

When Mu Huan was done, she realized that something seemed off. She thought for a while before realizing what was odd. "Butler Lee, why didn't I see my little sister coming down for breakfast?"

Mu Kexin wanted to butter up to Bao Junyan so much and was such a shameless figure. She wouldn't have given a sh*t and missed this chance of eating with Bao Junyan after what Mu Huan had drunkenly said last night!

"Young Master sent her back."

"Sent her back? When was this?!" Mu Huan stood up in shock.

"Last night, when you were sleeping on Young Master's shoulder, Young Master had asked us to send her back," Butler Lee replied in a detailed manner.

Mu Huan: "..."

*D*mn it! D*mn it!*

Next time, she would chop her hand off if she was to ever drink again!

Chapter 32: Conflict

"Madam, please don't worry. Young Master has already told your family that it was he who sent her back." The hidden meaning behind Butler Lee's words was that she didn't have to worry as Bao Junyan was here to support her.

Mu Huan caught it, but...

Her temple began to throb in pain.

In the afternoon, Mu Huan received a call from the hospital, asking her to rush down.

Mu Huan immediately dashed to the hospital.

The Mu family operated hospitals, and the best one in Yun Cheng belonged to the Mu family. Mu Huan's granny was currently receiving treatment from this hospital.

When she had reached the hospital and saw her stepmother, Bai Xuexian, and Mu Kexin in her granny's hospital ward, her eyes darkened. She knew that they were here to settle scores with her over Mu Kexin being chased out.

Mu Kexin had her mother with her. Therefore, she was even more rampant. "Mu Huan, you b*tch! Let's see if I won't have you dead by today!"

With that, she raised her hand and tried to slap Mu Huan with it.

Mu Huan caught her wrist with a strong grip, causing Mu Kexin to scream in pain. "Mom! Mom, save me!"

However, Bai Xuexian did not berate Mu Huan and glared at Mu Kexin instead. Before Mu Huan arrived, she had already talked things out with her, yet she was still so impulsive at the sight of Mu Huan! If she didn't let her suffer a little pain, she wouldn't learn how to control herself!

"Mom..." Mu Kexin realized that she had been impulsive once again.

Seeing that she had figured out her mistake, Bai Xuexian stared at Mu Huan. "Xiao Huan, don't you want to check on Granny first?"

Mu Huan released Mu Kexin and looked at the hospital bed. It had a glass pane separating her from it. She saw her granny with tubes all over her body and a doctor standing by her side.

Right at this moment, Bai Xuexian gave a look to the doctor, who instantly removed one of the tubes from her granny's body. Her granny, who was lying peacefully on the bed, suddenly began to let out hurried breaths. The machines monitoring her began to let out emergency noises.

"Granny!" Mu Huan was desperate to rush inside, but the door was locked.

No matter how much she banged on the door, it didn't budge one bit.

Her eyes began to turn red as she turned around hurriedly, looking like a demon that just walked out of hell. "Bai Xuexian, I will make sure to bury all of you with my granny if anything were to happen to her! I will kill all of you! I will really kill all of you!"

She would really kill them! She would bring them all to hell!

"I know you would, and I know you are capable of making that happen. You could even kill me right now. But do you really want us to bury you and your granny? Are we really that worth it?" Bai Xuexian raised her eyebrows.

Right now, they were trying to see who could be more merciless. If Mu Huan was heartless enough, she would watch her granny die in front of her before taking her revenge on them.

But she wasn't. She would never want to see her granny pass away like that.

Mu Huan glared at Bai Xuexian. She suddenly had a thousand impulses inside of her. She wanted to dash forward and beat this malicious woman to death. However, she eventually controlled herself.

It was like Bai Xuexian said, she couldn't bear to see her granny die like that no matter what.

Especially since her granny had just undergone surgery. The experts from America said that the probability of her granny recovering was 90 percent.

Bai Xuexian smiled at her coldly, hinting to the doctor to attach the tube back in.

Mu Huan's granny's breathing quickly stabilized as she lay quietly on the bed. It seemed as if she was asleep and was about to wake up any time soon.

"Do you want that to happen again?" Bai Xuexian looked at Mu Huan.

Mu Huan clenched her fists tightly.
