

## **Fake Marriage 371**

### **Chapter 371: Punishment (2)**

“Seafood is not good for your skin’s recovery.”

*“I’m not allergic!” I’m not allowed to eat seafood only if I’m allergic!*

“It doesn’t matter if it’s an allergy or not. When there’s a skin problem, it’s not good to eat seafood proteins like seafood and food that are high in amine.”

Mu Huan: “...”

She glanced at the table full of delicacies and then looked pitifully at Bo Junyan.

However, Bo Junyan did not even look at her. He summoned a waiter over and asked the kitchen to prepare some light noodles.

Mu Huan: “...”

In the end, she could not hold back.

“If you didn’t want me to come out for good food, why did you take me out for supper? If you wanted me to eat a bowl of noodles, you could have just sent it to the room!” Making her go out just to look at others made her envious!

“Punishment,” he said lightly.

For randomly giving herself medicine.

Mu Huan became even more listless when she heard that Bo Junyan had brought her out on purpose.

Without another word, he picked up a huge crab leg and peeled it off.

Mu Huan looked at the white and tender crab meat, her appetite stirring.

However, the delicious-looking meat was delivered into his mouth.

Mu Huan: “...”

*My heart hurts! I don’t want to talk to him anymore!*

Just then, Gong Zeye asked, “Little Sister-in-law, why aren’t you eating? Don’t you like seafood?”

Mu Huan: “...”

“She’s allergic. She can’t eat seafood these next few days,” Bo Junyan said.

“That’s a pity. These were all freshly caught from the unpolluted and protected waters today,” Gong Zeye said with a look of pity.

Mu Huan: “...”

Very quickly, Mu Huan’s noodles were delivered to her. It was very light and very bland. There wasn’t even a pouch of eggs. There were only a few vegetables and a little salt.

She looked at the noodles in front of her, then looked at the table of lobsters, abalones, sea cucumbers, crabs, sea shrimps, big...

Mu Huan felt like crying.

Suddenly, she saw a barbecue.

“Hubby, I can eat barbecue!” *This won’t cause inflammation, right?!*

“You are not to eat spicy and greasy food.”

Mu Huan: “...”

She could not afford to offend her husband!

In the end, Mu Huan had no choice but to eat the bowl of noodles. Then, she realized that the bowl of noodles only looked bland and was actually not bad.

After a few bites...

“Hubby, these noodles are good. Give me six more bowls!” Mu Huan had always had a big appetite.

And these top-notch hotels made only a tiny serving of food that could be finished in a few bites.

Bo Junyan, who had long gotten used to her good appetite, did not bat an eyelid and instructed the waiter to prepare the noodles.

Gong Zeye and the rest were stunned.

The girls they came into contact with had very small appetites, and they’d always say they were full even though it didn’t seem like they had eaten.

“Little Sister-in-law has such a good appetite,” Gong Zeye praised after regaining his senses.

“I’ve had a good appetite since I was young. It smells good!” Other than money, what Mu Huan loved was to eat.

“That’s good. If you don’t like eating and can’t eat, then there’s no fun!” Han Chen was a foodie.

“Yes, yes, yes!” Mu Huan nodded repeatedly.

Afraid that Bo Junyan would continue to torture her like this tomorrow, Mu Huan waited patiently for him to eat. When she saw that he wanted to eat prawns, she quickly grabbed the prawns and peeled them off. Then, with a fawning look on her face, she said, “Hubby, look how cleanly I’ve peeled it. It’s nice and perfect.”

Bo Junyan lowered his head and glanced at her. Without saying anything else, he simply ate the prawn in her hand.

### **Chapter 372: A Woman Must Be Coaxed (1)**

“Hubby, what else do you want to eat? I’ll prepare it for you!” Mu Huan looked at him with a face full of admiration. *How obedient and virtuous I am!*

*Don't torture such a good wife. Just pamper her!*

Still, Bo Junyan did not respond to her. His expression remained aloof.

"Let's eat crabs, alright? I'll peel crabs too!" As she spoke, she picked up a crab and helped him peel it.

Her husband was so scary when he got angry!

Gong Zeye and the rest seemed to understand more and more why their usually cold-hearted Brother Bo doted on Mu Huan so much. They also felt that their cold-hearted Brother Bo was worthy of such a cute, adorable, and lively girl.

Entertainment city...

"What have you been doing recently?! Two such things happened within a week!" The blonde-haired and blue-eyed female manager flared up at the security manager.

Just as the security manager was about to say something, his cell phone rang. This cell phone was for emergency calls. If his subordinate had called this cell phone, the matter must be important.

His emergency phone was prepared by the company. Naturally, the female manager knew about it, so she gestured for him to pick up the call first.

After the security manager picked up the call, his expression turned increasingly ugly. In the end, it became frighteningly dark.

After he hung up, the female manager asked, "What's the matter?"

"The person who was caught today injured our brothers and escaped. The person from three days ago took the opportunity to escape as well."

"What? Are they all rice buckets? With so many people watching, they actually let such a skinny man escape!" The female manager was about to explode.

Mu Huan was about 1.6 meters tall and was skinny. She looked weak and frail when she disguised herself as a man. Hence, the female manager was furious. How could such a person injure so many security officers in their company and run away?!

"We lost the surveillance cameras at the scene." The security manager lowered his head. He did not know how such a thin man could still injure so many of their brothers and escape after being drugged.

"Investigate! Chase after him!" If this matter got out, they might as well quit this industry!

"Yes." The security manager immediately accepted the order.

The next day...

"Han Chen, you and Little Ye are going to discuss the contract with the Fei Sen Group today. Si Ye, go deal with the branch company's matters. I'll deal with securing the cooperation of the Nura family," Bo Junyan said at the meeting.

“What’s the matter, Brother Bo?” Gong Zeye looked at Bo Junyan. Their original plan was for him to discuss the contract with the Fei Sen Group, for Si Ye to handle the branch company, and for Han Chen to handle the collaboration with the Nura family.

Why did the arrangement suddenly change?

Han Chen and Fu Siye looked at Bo Junyan as well. The contract with the Fei Sen Group was the most important. If there was nothing more important, their Brother Bo would not have gone.

“I can’t come back in the afternoon to discuss the contract with the Fei Sen Group.”

“Is there something important at noon, Brother Bo?”

“Yes.”

“What’s the matter?” Gong Zeye asked curiously. What was so important that his Brother Bo had to push down the most important contract for this trip?

Just as the three brothers were thinking that it was an important matter...

They heard him speak.

“I want to apply medicine for your sister-in-law this afternoon.”

Gong Zeye: “...!”

Fu Siye: “...!”

Han Chen: “...”

When Brother Bo said that Sister-in-law was allergic to food yesterday, they were all concerned about her. They knew that she had goosebumps on her arms and legs.

### **Chapter 373: A Woman Must Be Coaxed (2)**

But since the goosebumps were in these body parts, their sister-in-law could totally apply medicine on her own! Their Brother Bo actually chose not to discuss the contract in person because of this!

Where was the workaholic they knew?!

Also, was Brother Bo treating their sister-in-law like a three-year-old child? Was he afraid that she wouldn’t apply any medicine?

“It’s settled, then.” As he spoke, he turned on his computer and started his video conference.

Everyone: “...”

It was too scary! Marriage was too scary! It could change a person’s character! It could affect even this person, who they thought would not change even if the heavens and the earth collapsed! It was really too scary!

...

When Bo Junyan returned to his room after the meeting, Mu Huan had just woken up.

Bo Junyan had carefully applied the medicine twice now, and the goosebumps on her body had already subsided a lot. This made her very happy.

“Hubby, look! Look at how amazing my medicine is! It’s only been two tries and it’s already gone!” She reached out to show him her arm.

“Yes.”

Bo Junyan’s coldness and Mu Huan’s excitement formed a strong contrast!

Mu Huan: “...”

Her husband really knew how to dampen her enthusiasm.

Her high spirits were instantly brought back down!

Just as she was about to say something else, Bo Junyan’s phone rang. When he was done, Mu Huan looked at him pitifully. “Hubby, can I have some good food today?”

“We’ll talk about it when you’ve fully recovered,” he said lightly.

Mu Huan: “...”

After a while.

“If you don’t let me eat something good, I won’t play with you! I’ll go find Xiao Meng!” *Then I’ll go and eat something good by myself!*

“Don’t eat anything when you go out. Otherwise, you’ll have to bear the consequences. Remember to come back at noon to have medicine applied.” With that, he went to change his clothes.

Mu Huan: “...”

She couldn’t even go out and eat her own good food!

After a while, Bo Junyan walked out and came up to Mu Huan. He bent down to look at her.

His sudden approach made Mu Huan’s heart skip a beat.

She could not help but stammer, “What... what are you doing...?”

“Do my tie.”

Mu Huan: “...”

“Don’t you know how to do your own necktie?” He was so close to her that she thought he was trying to do something. Her heart was racing, yet he only wanted her to put on a tie for him!

“Yes.”

“Why are you ordering me around all the time? Am I a servant you hired?” Mu Huan pouted. She was a strong-willed person, and she did not like to be ordered like this.

“You’re my wife.”

“Is this how you command your wife?”

As soon as Mu Huan said this, she immediately regretted it so much that she wanted to slap her mouth! He had been angry with her to begin with, so it wasn't enough for her to just please him. Now, he was only asking her to help him put on a tie. All she had to do was tie it, and yet she was blaming him for ordering her around!

Was she tired of living?

Bo Junyan frowned and was about to say something.

Mu Huan quickly reached out to help him do his tie and even tried to please him. “Hubby, I was just joking with you!”

Bo Junyan: “...”

He clearly liked her to be obedient and docile, but for some reason, now that she was smiling so obediently. However, for some baffling reason, he preferred how she was acting just now—more spoiled.

For the first time, a conflict arose in Bo Junyan's heart over something that he had never had a problem with. He did not know what was going on and why he was like this. He clearly wanted her to be obedient, a wife who would listen to his every word. But now, he suddenly felt that that was not a good thing.

Bo Junyan suddenly straightened his body, his expression cold.

### **Chapter 374:A Woman Must Be Coaxed (3)**

Mu Huan was much shorter than he was. When he stood up, she could not reach him and could not help him with his tie. “What's wrong, Hubby?”

Why did he suddenly stand up?!

“I'll do it myself,” Bo Junyan said as he started to do his tie.

Thinking that he was getting angrier, Mu Huan jumped onto him anxiously and climbed up using her legs. “Hubby, don't be angry. I was just joking with you!”

Bo Junyan did not say a word, but he instinctively reached out to hold her so that she would not need to put in so much effort.

“Hubby, don't be angry, okay? You're making me scared...” Mu Huan said in a tender voice as she hugged his neck.

“I'm not angry.” He was really not angry with her.

“Alright, you're not angry. I'll help you with your tie, alright?” Mu Huan said obsequiously.

Bo Junyan: “...”

Since he did not speak, Mu Huan took it that he had agreed. Hence, she quickly helped him to put on his tie.

After staring at her for a while, he asked, "Didn't you dislike me ordering you around?"

"I was just joking..." Mu Huan smiled even more fawningly.

Bo Junyan did not say a word, but his expression was one of disbelief. *Do you think I'm stupid? Do you think I can't tell that you're not joking?*

Mu Huan: "..."

"Alright, I wasn't joking. It's not just me. I feel that no one likes to be forcefully ordered around. Besides, I'm your wife. Earlier, I asked if you didn't know how to do your own tie. You could have just answered, 'I like it when you put on my tie for me.' I'll have immediately put on the tie for you, and happily, but instead you gave me such a tough order. Of course I'd be a little unhappy!

"However, this unhappiness cannot affect my love for you. Therefore, I still don't want you to be angry. And because I'm afraid that you'll be angry, I'll definitely coax you when you seemed so angry that you won't even let me put on your tie! But I'm a girl, and I have my pride, so I can only give myself a way out by saying that I was just joking." Mu Huan sounded a little aggrieved as she spoke.

They were husband and wife, and she was not his subordinate. There was no need for him to be so tough with her. In other words, this tie was a very happy and romantic matter!

Thinking that they were going to spend the rest of their lives together, Mu Huan felt that she should take the opportunity to give some suggestions. Hence, she added:

"Hubby, a woman is like a flower. It's easy to coax her, just think of it like you're watering a flower. You have to water the flowers regularly so that they can bloom beautifully. If you don't water it at all, she'll die very soon. This is to say, women are used to being coaxed; they do not like it when someone is being fierce with them. From now on, you can coax me whenever you want. I'll definitely do everything happily!"

With that, she carefully looked toward him.

However, she could not tell anything from Bo Junyan's profound expression. Just as she was about to climb down in frustration...

"I like it when you put on my tie for me."

Indeed, Bo Junyan liked the feeling of Mu Huan putting on a tie for him. The intimate feeling she gave him was indescribable. It could only be said that he really liked this feeling.

Mu Huan was stunned for a moment before she broke into a smile and wrapped her arms around his neck. "I also like to pun on a tie for my husband! I want to do his tie for him for the rest of my life!"

"Alright." Bo Junyan's gloomy mood just now was suddenly lifted to the extreme when he heard her words.

...

When Bo Junyan became busy, Mu Huan went to look for Li Meng and Wu Xingye.

**Chapter 375: What Is Kindness?**

“Xiao Huan, this medicine of yours is too amazing. My legs recovered so much in one night, and it didn’t hurt much last night!” Despite seeing that Mu Huan was trying to please him, Wu Xingye did find the effects of the medicine amazing. He made his expression exaggerated.

“You’re not in pain because I’ve applied painkillers on you.” Mu Huan checked his wound and said, “Your injury will take at least a week to recover.”

“I had an injury lighter than this in the past and it took me half a month to recover. Now, it’ll take only a week. Xiao Huan, you’re amazing!” Wu Xingye gave her a thumbs up.

“You don’t have to flatter me anymore. Forget about the past. As long as you don’t do it again, you’re still a good child.” Mu Huan patted his head.

Wu Xingye: “...”

What was wrong with this scene where she’s like a senior speaking to a junior? He was clearly three years older than her!

“By the way, Xiao Huan, how are the bumps on your body?”

“Almost gone.” Mu Huan rolled up her sleeves to let him take a look.

“Xiao Huan, you’ve sacrificed a lot for me this time. I’ll treat you to a meal for a month when we get back!”

“No, you’ll treat me for at least two months. It has to be a sumptuous spread!” Mu Huan said.

Li Meng quickly added, “Me too! I want two months too!”

Wu Xingye said, “Fine! Brother is rich now. Two months is two months!”

Since he didn’t have to cough up the money he’d won, he could be considered a little rich.

If he had known earlier, he would have won more money...

In this way...

Suddenly, his head was slapped hard.

“If you have such thoughts again, I’ll cripple you!”

Wu Xingye said, “Mu Huan, can you not be so awesome?! I’m only thinking about it yet you could still tell!”

“Heh...” Mu Huan sneered at him.

Wu Xingye pouted, feeling wronged. He thought of something and said, “Oh, right, K wants me to teach him some computer skills. I’ve agreed to it. He’ll be here in a while. With him around, I won’t need anyone to watch over me. You two can go out and play.”

“This computer technology isn’t something that can be learned in a day or two. Let him stay here to study at night too! This way, I won’t have to stay here to take care of you anymore. The room that God

Bo arranged for me is so luxurious, but I haven't had the chance to enjoy it yet!" Now that everything was fine, Li Meng was in the mood to enjoy it.

Wu Xingye: "..."

"I think it's fine. Let K take care of you for the time being! Xiao Meng and I will have fun. Call us if you need anything. If there's nothing else, you can go back after you've recovered!"

Wu Xingye: "..."

Mu Huan and the others were action-oriented. Hence, everything was decided in a snap.

After telling Wu Xingye how to use every bottle of medicine, Mu Huan and Li Meng were on their way to have fun happily.

When they were about to leave...

"Friends, I advise you to be kind. If you want to have fun, so be it. If you want to eat something good, then eat it. Don't post it on your WeChat Moments, and don't send me any messages. I'll thank you here and now!" Wu Xingye's legs were in a semi-healed state at present. He could not go out to have fun, and he had many things to be wary of. Hence, he was already very jealous of them being able to go out and have fun. He really did not want to be provoked by the photos they took.

"What is kindness?" Li Meng looked at Mu Huan.

Mu Huan shook her head. "I don't know."

Wu Xingye: "...!!!"

...

Mu Huan and Li Meng headed to T Country's most famous scenic spot.

"Wow! This place is so beautiful!" Li Meng could not help but close her eyes and take a deep breath.

"Uh-huh." Mu Huan nodded. The beautiful scenery here was indeed worthy of its reputation.

### **Chapter 376: Meeting the Idol (1)**

"Look! There's someone filming over there. Let's go take a look!" Li Meng had never seen a film shoot before and was especially curious. She pulled Mu Huan toward the scene.

When they got closer, they realized that their idol, Liu Changfeng, was the one filming!

"It's really the right decision to come out today!" Mu Huan was especially fond of Liu Changfeng's movies. Last time, when she was at the clubhouse, she wasn't just saying that she wanted to see Liu Changfeng. As she was a fan of his, she paid attention to his schedule and gave his presence there as an excuse when her husband turned up at the clubhouse that night.

"Wow..." Li Meng was so excited that she was speechless.

Just as the two of them were immersed in the excitement of seeing their idol, suddenly, an iron frame at the filming location fell toward the male lead, Liu Changfeng. Although he managed to dodge in time,

the sharp edges of the metal frame still cut his face, and fresh blood instantly flowed out. This shocked everyone present!

As the most handsome Best Actor in history, Liu Changfeng relied on his face. If his face got injured, it would be over if there was a scar! The scene instantly turned into a mess!

“Oh my god, what do we do now?! If my Fengfeng is disfigured, I won’t be able to live anymore!” As a person who liked good-looking people, Li Meng loved good-looking male celebrities deeply.

“Male idol, you must not be disfigured!” Mu Huan squeezed forward as she spoke, trying to force her way to Liu Changfeng’s side.

There was medicine in her bag that was prepared for Wu Xingye to prevent any scars. As long as the male idol applied this medicine within 24 hours of his injury, there would not be any scars.

However, there were too many people who cared about Liu Changfeng. Besides, once something happened, the filming location would be sealed by the staff. Mu Huan would not be able to squeeze in front of Liu Changfeng.

“We have medicine! We have medicine to prevent the wound from leaving scars and causing disfigurement. Please let us through!” Li Meng shouted loudly.

But no one paid attention to her words.

As the most handsome Best Actor in history, Liu Changfeng had a lot of crazy fans. They had found all sorts of excuses to get close to Liu Changfeng. In addition, there were a lot of paparazzi chasing after him. If he was injured, the paparazzi would definitely want to take photos, and they would find excuses. Hence, the staff would not let anyone get close to Liu Changfeng.

Liu Changfeng was also being protected by a group of bodyguards as he walked toward his car.

“What should we do?” Li Meng asked anxiously while grabbing Mu Huan’s arm. Her idol had such a perfect face! If it got scarred, she would really go crazy!

“Follow his car. Let’s see if he’s going to the hospital or something. Then, we’ll think of a way to get close to him,” Mu Huan said as she hailed a taxi that could follow Liu Changfeng’s car.

Liu Changfeng’s car went to the hospital.

After Mu Huan and Li Meng confirmed his ward, they disguised themselves as cleaners and entered Liu Changfeng’s ward.

When they entered...

Liu Changfeng’s manager was so worried that his hair was about to turn white. “Just now, Dr. Yoson said that your wound is very deep. No matter how you suture it, it will leave a scar.”

“Your wound is so long. If you’re left with such a long scar, how are you going to continue acting?!”

“I’ll transfer if there’s no chance.” Liu Changfeng was quite open-minded.

“That’s easier said than done. Why would you transfer to another company?! Also, what will happen to our company if you transfer to another one? You managed to get so many investors with your face recently, and you even signed so many endorsement deals. If your face is ruined, all these contracts will be considered breached. By then, you won’t even have enough and lose your entire fortune!

“How about this? I think you should take your time to take a mature path. Let’s take advantage of this injury and do a minor rectification! When it’s done, we can just say there’s a good reason for it. The fans should be able to accept it, and we can just give an explanation to the advertisers!”

### **Chapter 377: Meeting the Idol (2)**

When Li Meng heard this, she couldn’t help but say, “No! No! Please don’t do any minor plastic surgery! My Fengfeng’s face is perfect! It’s not flawed at all! Besides, plastic surgery is risky! If it’s not done well enough, his face will be ruined! Don’t try it!”

The manager and Liu Changfeng looked over at the same time.

“Don’t worry about the scar on Fengfeng’s face. We have medicine here. As long as we apply this on the wound within 24 hours, it won’t leave any scars!” Li Meng gestured for Mu Huan to quickly take out the medicine.

However, before Mu Huan could take out the medicine, Liu Changfeng’s manager’s expression changed. “Who are you?! How dare you pretend to be a cleaner?! Someone...”

Before the manager could finish speaking, Mu Huan covered his mouth and pressed him down.

“We don’t have any ill intentions. We just like Fengfeng’s movies. We’re fans, loyal fans. We saw him get injured, and we’re only here to show concern for him. We don’t want his face to have a scar. Please believe us. Don’t shout and I’ll let you go!”

The manager: “...”

This was the first time he had been pressed down by a girl, and he was unable to speak.

“I’ll let you go if you agree.”

The manager nodded.

Mu Huan let go of him.

The manager immediately said, “I don’t care who you are, you better get out now! Otherwise, I...”

“Brother Wang, let’s see what medicine they have first,” Liu Changfeng said to Mu Huan.

“No matter what medicine it is, you...” The manager wanted to say something, but he was so frightened by Liu Changfeng that he forgot what he wanted to say.

Although Liu Changfeng was harmless most of the time and he would listen to whatever his manager said, sometimes, his gaze was so terrifying that it made one shiver. It made the manager instinctively stop talking.

Seeing Liu Changfeng signaling her to come forward, Mu Huan immediately walked up to him and handed him the medicine in her hand. "My name is Mu Huan. This medicine is made from the Song family's secret medicine. If you apply this medicine within the first 24 hours, the wound will leave no trace. However, you have to apply it within this time period. The earlier you use the medicine within the next 24 hours, the better. If it's after 24 hours, your skin will already begin to naturally heal and this medicine will no longer have any effect."

Without waiting for Liu Changfeng to say anything, Mu Huan continued, "This is my identity card and my contact details. You can take a photo and save it. When the time comes, I'll take responsibility for any problems with this medicine!"

Mu Huan knew that actors who relied on their looks, especially Liu Changfeng, who was the most popular Best Actor in recent years, could not possibly use the medicine given by strangers. Hence, she used her real identity and contact information this time.

"You can check the Song family's secret medicine online. Country..."

"I know the Song family's secret medicine, but the secret medicine has long ceased production. Why do you have it?" Liu Changfeng looked at the medicine in his hand and looked up at Mu Huan.

"I am the successor of the Song family. The Song family's secret medicine will be listed soon and will return to the position of the country's honcho at pharmaceuticals! If you use it well, you can use your connections to promote it for me!"

Mu Huan had originally planned to wait until she graduated and had the ability to open her own pharmaceutical factory before promoting the Song family's secret medicine.

However, after hearing that Bo Junyan had acquired the top pharmaceutical company in Asia, she changed her mind. If her husband wanted to enter the pharmaceutical industry, she had to do her part. Hence, she decided to give the best-selling prescription for the Song family's secret medicine to Bo Junyan so that he could have a fighting chance in the pharmaceutical industry!

This was also one of the reasons why she had been chasing after Liu Changfeng to give him medicine. He was currently one of the biggest stars around, and if he used his fame well, he could help her to promote her reputation. Once she got listed, it would definitely be a hot topic!

After all, in life, everyone would have to go through many bumps, especially when it came to children. Although there were scars that could be treated with plastic surgery, that couldn't compare with having skin in its natural state. Hence, this kind of medicine was necessary!

"Mu Huan, the successor of the Song family?" Liu Changfeng's eyes darkened as he looked at Mu Huan.

### **Chapter 378: Good Luck, Bad Luck?**

"Yes! I'm the only successor! This medicine is absolutely authentic! Please believe me and don't make things difficult for your own face! Also, don't make things worse. Look at you now. You're at your best! At your most handsome!"

Liu Changfeng looked at her and laughed. That smile was very devastating!

It made Li Meng's heart race.

“Alright, you can leave the medicine behind. If it doesn’t leave any scars, I’ll cooperate with your Song family’s secret medicine for publicizing.”

Mu Huan’s eyes lit up in joy. No wonder this Liu Changfeng had been popular for so many years. He was really good at doing things! She had only asked him to help promote his reputation, but he had insisted on giving her a free endorsement!

When the manager heard Liu Changfeng’s words, he instinctively wanted to say something, but he was frightened by Liu Changfeng’s gaze and did not dare to speak.

“I’ll take a picture of your identity card and contact number. If there’s any problem with this medicine, then you’ll have a huge responsibility to bear!” As Liu Changfeng spoke, he took out his phone and took a picture of Mu Huan’s identity card and contact details.

“If there’s a problem, I will take full responsibility!”

“Alright.” After Liu Changfeng was done snapping, he returned Mu Huan’s ID card to her.

After Liu Changfeng was done, Li Meng walked up to him and said, “Fengfeng, I’m your most loyal fan. Can you please give me an autograph?”

“Where?” Liu Changfeng picked up the pen.

“Please sign an autograph for me too!” Mu Huan also wanted an autograph.

“Alright.” After Liu Changfeng signed his name, he took the initiative to ask, “Do you want a photo?”

“Yes! Yes!” Mu Huan and Li Meng said in unison.

“Your face is injured, you can’t take photos!” This time, the manager could no longer hold it in.

“Just block it,” Liu Changfeng said as he took out a red rose from the vase on the table to cover the wound on his face.

He smiled charmingly at them.

Mu Huan and Li Meng could not help but feel their hearts racing!

*My idol! My idol is so close to us and he’s smiling so charmingly at us! Oh my god! I feel like my heart is about to burst!*

When Liu Changfeng and Mu Huan took a photo together, his hand rested on her shoulder. Mu Huan was so happy that she did not notice.

...

Not only did they deliver the medicine, but they also received their idol’s autograph and photos. Mu Huan and Li Meng left happily.

As there were many reporters outside, they put on masks and lowered their heads as they pushed the cleaning cart out.

Upstairs, in the ward area of the Department of Internal Medicine.

After seeing the important client, PA Wang walked into the elevator. "CEO, you don't have anything scheduled for lunch. May I take two hours of leave for lunch?"

"Sure."

PA Wang was instantly overjoyed. "May I take my leave before we get in the car? I've arranged for Su Jun to send you back."

Bo Junyan looked up at him.

What urgent matter did he have?

"My favorite idol was injured and hospitalized. He's in this hospital. I'd like to ask him about it."

"Okay." He lowered his head to look at the report in his hand.

Just then, the elevator door opened and two cleaners walked in.

As the two of them had to lift the cleaner's cart slightly when they entered the elevator, they lowered their heads and did not notice who was inside.

After pressing the button for the elevator, Li Meng said eagerly, "Xiao Huan, we're really lucky today!"

"Yes, yes!" Mu Huan nodded. She had just gone out for a walk and coincidentally met her idol. Not only did she save his face, but she also got his autograph and had a photo taken with him. She even got his free endorsement. Her luck was really amazing!

### **Chapter 379: Caught**

The man's hand froze as he flipped through the report.

"When our idol took a photo with you, he hugged your shoulder, but he didn't hug me!" Li Meng pouted as she recalled what happened during the photo-taking.

Just as Mu Huan was about to say something, she suddenly sensed that something was amiss with the air. Hence, she instinctively lifted her head to take a look, only to see something that made her heart stop beating!

Crap!

Bo Junyan!

Why was he here?!

She was dressed like this! He had bumped into her...

*I'm dying! I'm dying! I'm really dying!*

*What a f\*cking luck! It wasn't very good, it was very bad!*

Seeing that Mu Huan seemed to have suddenly seen a ghost, Li Meng followed her line of sight and saw Bo Junyan's handsome face. However, his face was now a little black!

She was stunned!

Crap!

Just now, PA Wang was so happy that he could see his idol and did not pay attention to what the two cleaners were saying. Just as he was wondering what was going on in the elevator, the atmosphere suddenly changed.

Their CEO reached out to grab one cleaner's mask.

He widened his eyes in shock. What shocked him even more was that the cleaner turned out to be their CEO's wife!

PA Wang: "...!!!"

The world seemed to have stopped at this moment. The air suddenly became so quiet that even a pin drop could be heard!

Until the sound of the elevator door opening broke the silence.

"Xiao... Xiao Huan... I... I still have something on, so I'll take my leave first! You take care of business!" Li Meng then ran off.

Mu Huan: "..."

What kind of friend did she have?! Things had come to this and she was running so fast!

PA Wang looked at Li Meng's back and felt that it was a wise choice to run. Hence, he said, "CEO, please do your work!"

With that, he ran off as well.

Instantly, only Mu Huan and Bo Junyan were left in the elevator.

Mu Huan wanted to run as well, but she didn't dare...

"You took a photo with a male idol who hugged your shoulders? Are you dressed like this to see your male idol?" Bo Junyan sized her up and found that she even pretended to be a janitor. How thoughtful!

Mu Huan: "...!!!"

After a while, she said, "Hubby... let's... let's go out first."

Bo Junyan shot her a cold glance and strode out.

Just as Mu Huan was about to follow him, she suddenly realized that she had yet to return the cart to its original spot.

"Hubby, may I return this cleaning cart to its original spot first?"

Bo Junyan did not speak, but his gaze on her grew colder.

Mu Huan: "..."

Just then, a cleaner walked over.

Mu Huan hurriedly passed the cleaning cart to the other party.

The cleaner was dumbfounded. She didn't know when a young lady had joined their department, and she was even a foreigner.

At the thought of something, Mu Huan hurriedly took off her clothes. The cleaner's outfit she was wearing was borrowed from someone else.

Bo Junyan's expression darkened further when he saw her taking off her clothes in public! He reached out and grabbed her hand, not allowing her to take it off.

"Hubby, I have my clothes inside!" Mu Huan quickly said.

She was wearing her T-shirt and jeans.

Bo Junyan: "..."

When they got into the car, Bo Junyan did not speak, but his gaze had turned colder.

How could his wife spend so much effort to meet a man, take a picture with him, and even let him hug her?!

As he thought of this, Bo Junyan's aura suddenly became even more sinister.

Mu Huan couldn't help but shiver.

### **Chapter 380: The Only Prince Charming Forever**

She wasn't the only one. Su Jun, who was driving at the front, also felt the strong hostility. He sat up straight and didn't even dare to breathe.

As the hostility emanating from Bo Junyan grew stronger and stronger, Mu Huan wanted to smash the window and run away. However, as the saying goes, a monk can run, but his temple can't!

She could only brace herself and say, "Hubby, I'm sorry..."

"For what?"

"I... I..." Mu Huan was at a loss for words. "Anyway, I did something wrong!"

"Ha..." Bo Junyan sneered.

"Hubby..." Mu Huan coyly hugged his arm.

"Don't touch me," Bo Junyan said coldly.

Mu Huan was so frightened that she dared not touch him. After a while, she said, "Actually, I can explain what you saw and heard!"

"Speak." He gave her a chance to explain.

"Here's the thing. I went out to play with Xiao Meng today and saw that someone was filming. We've never seen anyone filming before, so we curiously went over to watch the show. Then, we saw that it was Xiao Meng's idol, Liu Changfeng, who was filming and he happened to get injured. Xiao Meng was very worried about him. I happen to have medicine here to prevent scars, right? Furthermore, after I found out that you wanted to enter the pharmaceutical industry, I decided to give all the Song family's

secret medicines to you so that you can make a name for yourself! Isn't this Liu Changfeng a super Best Actor?! If it worked well on him, that would be the best endorsement! I thought this was an opportunity, so Xiao Meng and I tried to sneak in to get Liu Changfeng to use my medicine to advertise for us!

"Liu Changfeng chose to believe me and decided to use my medicine. He promised to help us advertise for free when the secret drug was re-listed. Xiao Meng wanted an autograph, so of course I had to cooperate with her and also ask for an autograph. Later, Liu Changfeng said that he wanted to take a photo together. I couldn't reject him, so I agreed!

"About him hugging my shoulders! I didn't notice at that time because I was happy to receive a free endorsement. After I noticed it, I immediately shook him off!" As she spoke, she raised her hand. "I swear, I really threw him off the moment I realized it!"

He knew that she was lying.

But...

"Isn't the Song family's secret recipe forbidden to be shared with outsiders? Your maternal grandmother and your maternal grandfather have never shared it in their entire lives."

"Whoever has this secret recipe will have the final say! If it's in my hands, my secret recipe will be given to my husband! If you want to enter the pharmaceutical industry, I'll give my full support to you! I want you to score a victory the moment you make a move! I want you to be the boss of the pharmaceutical industry! Let all the investors admire you! And let's not talk about this secret medicine of the Song family. In the future, all the medicine I've developed will belong to you! Everything in my life is yours!"

As Mu Huan spoke, she turned to look at Bo Junyan. Her expression was one of "I'm willing to do anything for your sake. What I do is for your own good!"

As he looked at her in this state, the vicious air around him instantly vanished. He reached out and pulled her into his embrace. "Did you really put in so much effort just for me?"

"I have to do it for you, Hubby! Say, regardless of looks or anything else, is there any man in this world who can match up to you? Do I need to chase after stars and call another man 'god'? I don't need that at all! Hubby, you're my only prince charming, my only male god forever!"
